**TAUNTON RIVER WATERSHED MANAGEMENT PLAN
POTENTIAL DEMONSTRATION PROJECT**

Please describe your specific idea for a potential demonstration project in the Taunton River watershed that would illustrate one of the innovative water resource management concepts for 'keeping water local' as recommended by the Taunton River Watershed Management Plan.

Check off the Concept(s) illustrated by your recommended project:

- Low Impact Development (LID)**
(stormwater infiltration, better stormwater pollutant removal, less impervious cover)

- Innovative Wastewater Management**
(neighborhood-scale wastewater treatment systems, wastewater reuse)

- Habitat Protection/Restoration**
(Stream buffer restoration in important habitat areas, improved stormwater management in stream buffers or discharges to streams)

- Water Conservation**
(Wastewater/stormwater reuse for irrigation, reduction in irrigation needs)

Project Town: _____

Project Location (be as specific as possible): _____

Brief Project Description (2-3 sentences):

Your Name and Affiliation: _____

Your potential role in project: _____

Your Email Address: _____

Your Phone Number: _____

By providing us with this information about a potential demonstration project, you agree to be a primary contact for Horsley Witten Group to gather further information.
