To The Reader:

I am pleased to present to you the second annual report of the Office of Institutional Research, Selected Institutional Characteristics.

The College will continue in its development of a strategic plan this coming year. To do so demands the ability to review our recent history in several important areas. The Office of Institutional Research is charged with this responsibility; this document is one of the ways in which that office accomplishes its mission.

The Director of the Office of Institutional Research, Dr. Ronald Maggiore, has incorporated the changes you've suggested concerning the content and format of last year's report into this edition. If you have additional information needs about Bridgewater State College that are not contained in this report, please do not hesitate to let him know.

Sincerely,

Adrian Tinsley
President

PREFACE AND ACKNOWLEDGEMENTS

This is the second issue of our annual fact book, *Selected Institutional Characteristics*. It is designed to profile trends in student, staff, and financial data for use in planning efforts, as well as to inform the College community of the characteristics of and changes in our student and staff populations.

It is my hope that you will help us make the information more useful with each publication. In this regard, I have incorporated your suggestions for improvements and have appreciated your comments regarding items which you have found to be particularly useful. Special thanks go out to Grace Healy for her thoughtful review of last year's edition.

I have received a number of comments regarding the selection of the document's title, "Selected Institutional Characteristics". This title was used to emphasize the fact that the data shown represent a small sample of possible presentations. The charts and tables were designed on the basis of this author's review of fact books from around the country. This Office has, and will continue to, respond to specific data inquiries that are not represented here.

This work is published as a service to the College community. As in the past, you can help us serve you better by providing constructive comments regarding its content and format.
