Whole number in attendance during the term, 77.

STATE NORMAL SCHOOL,

BRIDGEWATER, MASS.

This Institution was established by the State, for the direct preparation of teachers, of both sexes, to instruct in the public schools of the Commonwealth. It is under the direction of the State Board of Education. The first class was received on the ninth of September, 1840, and the whole number of students has been fifteen hundred and sixty-two; of these, nine hundred and eighty-seven have completed the prescribed course of study, and received certificates or diplomas.

TERMS AND VACATIONS.

THE SCHOOL-YEAR is divided into two Terms, — each containing twenty weeks of study, with a week's recess near the middle of the Term. The Fall Term is preceded by a vacation of eight weeks, and the Spring Term by a vacation of two weeks.

The next **FALL TERM** will commence **TUESDAY**, September 10, 1867; and close **TUESDAY**, February 4, 1868.

A **PUBLIC EXAMINATION** is held at the close of each Term, under the direction of the Board of Visitors. The School is at all times open to visitors, and the friends of education are invited to visit it at their convenience.

[The present Term will close with exercises of Examination and Graduation,]
[on **TUESDAY**, July 16th.]

CONDITIONS OF ADMISSION.

Gentlemen applying for admission must be at least seventeen years of age; ladies, at least sixteen. They must make an explicit declaration of their intention to become teachers in the Schools of Massachusetts;* must present a satisfactory certificate of good moral character; must declare their full intention of faithfully observing the regulations of the School while members of it; and must pass a satisfactory examination in Reading, Spelling, Writing, Arithmetic, Geography, the History of the United States, and English Grammar. A greater age than is here prescribed, with some experience in teaching, will make the course of instruction in the School much more valuable to the pupil.

* Persons intending to teach in other States, or in Private Schools, may be admitted by paying fifteen dollars a term for tuition.

The examination for admission takes place on **TUESDAY**, the first day of each Term, beginning at 9 o'clock, A.M. Except in extraordinary cases, no one will be examined later in the Term.

STUDIES.

The regular course of study includes the following branches. They are given without reference to the order in which they are pursued, or the length of time devoted to them:—

FIRST.—English Grammar and Analysis; Arithmetic; Geography, Physical and Political, with use of Globes, and Map-drawing; History of United States; Algebra; Vocal Music; Drawing; Physiology and Hygiene; which are prescribed by law for all the Public Schools of the State.

SECOND.—Geometry, Natural Philosophy, Chemistry, Astronomy, Botany, Geology, Book-keeping, the Civil Polity of Massachusetts and the United States, Rhetoric, and English Literature; which, with the exception of the last, are prescribed by law for the High Schools of the State; and a knowledge of their elements, at least, is deemed essential to a competent preparation for teaching in all the Public Schools.

THIRD.—Mental and Moral Science, Theory and Art of Teaching, including Principles and Methods of Instruction, School Organization and Government, School Laws of Massachusetts, and Teaching Exercises.

Reading, Writing, Orthography, Etymology, Composition, Vocal Music, and Gymnastics, extend through the whole course.

The Latin and French languages may be pursued as optional studies, but not to the neglect of the English course.

The primary object of the course of instruction is to secure a thorough investigation of the principles of the studies pursued, and of the best modes of teaching them. All the exercises of the school are conducted with constant regard to preparation for the work of instruction in the Public Schools.

Pupils who have successfully completed the prescribed course of study, receive the regular Diploma of the Institution.

The prescribed course of study extends through two years; but pupils may enter in advance, whenever their examination shows that they can do this advantageously.

There will be an Advanced Class, in which the Graduates of the School may continue their studies beyond the prescribed course.

The Graduates of the School readily find employment in teaching. The number of applications for teachers received the past year is more than four times the number of graduates. A large number of these applications have been for "Graduates of successful experience," to take charge of Annual Schools, with a good salary.

LIBRARY, APPARATUS, AND CABINET.

The Institution has, besides the supply of text-books upon the different branches of the course of study, a valuable **LIBRARY** of works for general reference and reading, to which the pupils have access without charge. It is also supplied with

APPARATUS for the illustration of the more important principles in Natural Philosophy, Chemistry, Astronomy, and Physiology; and has the foundation of a good CABINET of minerals and geological specimens.

Valuable donations, from various sources, have been received during the past year. Further additions, of books for the Library, of chemical and philosophical apparatus, of minerals, plants, animals, and other specimens of natural history, will be made as frequently as the funds of the school, or the donations of its friends, will permit.

EXPENSES.

TUITION IS FREE to all who comply with the condition of teaching in the Schools of Massachusetts, wherever they may have previously resided. Pupils who fail to comply with this condition are charged a reasonable sum for tuition. A fee of \$2.00 is paid by each pupil, at the beginning of the Term, to meet incidental expenses.

BOARDING. Board is obtained in private families. The price, the present term, is \$4.00 a week; washing, fuel, and lights are a separate charge.

A Club is established which enables Gentlemen to board at cost; at present the cost of the table is \$2.50 a week.

Students also board themselves. The rent of rooms in private houses is \$1.00 a week, which, in some instances, includes furniture and bedding; in others, only furniture. The average expense for room rent, fuel and lights, is \$0.80 a week for the school-year, estimated on the supposition that two students occupy the same room.

TEXT-BOOKS. Most of the text-books required are furnished to the student, without charge, from the School Library. Each pupil will need a Bible. It is also recommended that the pupils should bring with them, for the purpose of reference, such text-books as they may have.

PECUNIARY AID.

For the assistance of those students who are unable to meet the expenses of a course of instruction in the School, the Commonwealth makes an annual appropriation of one thousand dollars. One-half of this sum is distributed, at the close of each Term, among deserving pupils from Massachusetts. This aid is not furnished during the first thirteen weeks of attendance, unless the pupil enters prepared to complete the prescribed course of study in less than two years. After that time, those who reside not more than twenty miles from the School, receive fifty cents per week; those residing between twenty and thirty miles, one dollar per week; and those more than thirty miles, one dollar and fifty cents per week.

Applications for this aid are required to be made to the Principal, in writing, stating the reason, and giving good reference.

BRIDGEWATER, June, 1867.

ANNOUNCEMENT.

The next term of the State Normal School, at Bridgewater, Mass., will commence with an Examination of Candidates for Admission, on TUESDAY, September 10, 1867.

This institution is open to young ladies not less than sixteen years of age, and young men not less than seventeen (wherever they may have previously resided), who may desire to pursue a Course of Study in preparation for the work of Teaching in Public Schools. TUITION IS FREE to all who intend to teach in the Schools of Massachusetts. Text-books are mostly furnished from the School Library.

From the State appropriation, \$1,000 is annually distributed to deserving pupils.

For further information, address the Principal.
