Special thanks to:

First and foremost, I would like to thank my guitar instructor Dr. Jerome Mouffe. You have been the largest source of inspiration and motivation in my time practicing of anyone, and I couldn’t ask for a better mentor or friend. I would like to give special thanks to both Dylan Mowry and Terry Doyon for working with me on two duets that have become among some of my favorite pieces I have ever played. It has been a very enriching experience playing with both of you, and I really appreciate the work that you guys put into making my recital and one of my last semesters here at BSU much better than it may have otherwise been. The faculty of the BSU music department and philosophy department also deserves special thanks, because you have also remained a constant source of inspiration and support to me in my time here, where I had little in other parts of my life. Lastly, I would like to thank all of my friends here at BSU, you guys all make being here better even on some of the worst days; and the laughs I have had both with you, and at your expense, are not quantifiable. Thank you all so much.

-Tim

I would like to thank my friends and Family for being a huge influence and support in both my life, and encouraging me with my passion for music. Thanks to my fellow Classmates who have made the journey all the more worthwhile. I would also like to thank everyone in the BSU music department, the professors and staff who have inspired me to push myself further in both my studies and my talents as a musician. I also extend a special thank you to Dr. Jerome Mouffe, who not only has been a great teacher to me, but has also been a constant source of encouragement and has gone above and beyond in his support.
