B.T.C.'s Winning Streak
Shattered By Becker, 40-37
In one of the closest battles ever fought in the Bay State gymnasium against Becker College, the Bay State men turned back Becker on the first half, 17-16, and went on to win by a score of 37-17. This was the last home game for the B.T.C. team, and the bridge building had a crowded audience for the game. The Bay State men were able to take the first quarter, 17-16, and then Becker came back in the second, 10-9. The third period closed on a B.T.C. lead, 20-20. The fourth period closed on a B.T.C. lead, 37-17.

Beauties And The Bust
This is one of the many groups who are to be featured artists at the annual social event. The students in this photo, all of whom are seniors, are, left to right: Barbara Allan, Rachel Emery, Mary Reposa, Marion Sherman, and Beatrice Trulson.

$25,000 For Centennial
To Be Goal Of Alumni
Says Charles J. Fox
"Every great thing in life is the result of a sum of smaller things," declared Charles J. Fox, chairman of theBay State Centennial Finance Committee, at the chapel program on Friday, February 10. Using this as his theme, Mr. Fox traced the development of Bay State from a two-room school to a college with five large brick buildings. He pointed out that in 1840 Bay State had only twenty-eight pupils and one principal instructor, Nicholas Tillinghast. Mr. Fox discussed the developments and improvements made by Marshall M. Collier, Dr. Arthur Clarke Boyden, Dr. Albert Gardner Boyden, and Dr. Zenos E. Scott, and he pointed out that at present the college has over six hundred students and a faculty of forty-two members.

Mr. "Kelly," he said, "is a man like both Drs. Boyden, who rose from the faculty to the presidency. Mr. Kelly, because of his fundamental knowledge of the college and its affairs, is well-fitted for his post."

The speaker declared that he, as chairman of the Finance Committee for the Centennial, aimed to raise $25,000 for the centenary celebration, and he appealed for the support of the students present. A plan by which students may participate in the drive will be presented in the near future.

Culture Fund To Present
Noted Geographer
On Tuesday, February 28, the Culture Fund Committee will present Samuel Van Valkenburg, professor of climatology and regional geography at Clark University. The speaker's subject will be "The Geographical History of Central Europe," a subject which should interest the student body at this time particularly, when affairs of the European countries are being explained and discussed from every conceivable angle.

Professor Van Valkenburg is an authority on geography should assure us of an authentic picture of Europe's appearance from the geographer's point of view.

B. T. C. A. A. Semi-Formal
Is Highly Successful
Despite Bad Weather
In the face of heavy rain and bad driving conditions due to icy roads, the annual dance sponsored by B. T. C. A. A. was held at the Albert Gardner Boyden gymnasium on Friday evening, February 10. A colorful dance was created by this semi-formal to the decorations which consisted of banners and streamers from innumerable colleges.

Almost one hundred couples attended and took advantage of the orchestra's smooth rhythms all evening.

In deference to members of the athletic organization who were to play basketball against Becker College the following evening, this dance lasted from 8 to 12 o'clock. Refreshments were served at the intermission. The following was the dance:

Mr. Gottschalk, a graduate of Bridge water High School in the class of 1938, was the conductor of the Schubert Or chestra in this town and has won an en viable reputation in this section. He is attending Julliard Conservatory in New York as a scholarship student, and has studied with Albert Spalding, world fam ous violinist.

The a cappella group, under the direction of Miss Frida Rand, has prepared a group of four selections. These include:

The program will undoubtedly lead to the re-establishment of the Men's Glee Club as an annual social event.

The officers of the Men's Glee Club are: James DiNardo, president; Elwood Jenness, vice-president; Nicholas Megas, secretary; and Lee Fleming, librarian.

The committee in charge of the concert is: Loring Felch, Robert Read, William Skulley, Philip Farnham, and Free man Smith.

Jordan D. Fiore, Loring Felch, and William Perkins are in charge of the distribution of tickets.

This was the last time the local boys Will ever play against the Commuters since the bridge building closed. The game ended in a 17-16 score. The third period started with Bridgewater holding a 14-12 lead, but the aggressive Becker team rallied again and the second period ended with the Commuters in the lead.

Then the aggressive Becker team rallied and the second period started with Bridgewater ahead, 14-12. The third period closed on a B.T.C. lead, 20-20. The fourth period closed on a B.T.C. lead, 37-17.
LIBERALITY IN EDUCATION

A school system which is "liberal" believes in human freedom. It believes in human beings. It changes for individuals and groups to grant liberty in freedom of conscience and in freedom of action. It limits this freedom only to voluntarily relinquishing liberty to force will. It lightens the burden of retention. An enormous counter revolution. In other words, it stimulates the human possibilities. In a world of miracles, man is without reality by visually presenting to our pupils belief its riches and authority. People in America can appreciate of progress and liberty and the use of a car. Some types of work were waitress, salesgirl, nursemaid, waitresses, handymen, errand-boy, and kitchen helper. In the summer employment Question 114 were employed, 104 not employed. Compensations per hour were from $.14 to $.75, or $2.00 or more. Other compensations received were room and board, lunch, tips, and the use of a car. Some types of work were waitress, salesgirl, Campbell, office worker and playground in-

Change In Point System

Student Council Effects
Change In Point System

There has been a recent revision of the point system here at B. T. C. It has been brought about chiefly to limit extra-curricular activities and to spread them out over a greater number of students. This revision was discussed and accepted by Student Government and will go into effect immediately. The scholarship committee, formed last year to attempt to improve the scholastic standing of the students, with Walter Harding of the Registrar's office, has been reinstated. The members thought that the best way to do this was to have a revision upward, giving more points for activities. Formerly, the greatest number of points a student could have was twelve points. The new system gives more points for activities, not only the works of others but also the student's own work. The new system also recognizes the importance of attendance and participation in extracurricular activities. The new system is designed to encourage students to participate in a variety of activities, not just in athletics. Survey Reveals Wide Range In Off-Campus Activities

From a group of 218 students who answered the survey of part-time work and leisure activities last March the following summary has been made. In answer to the question, "Are you employed during weekends or at any time of school for which you receive money, other than N. Y. A.?", 48 answered "yes." They worked for from $1.50 to $10.00 an hour and the time range was 1 1/4 to 27 hours a week. Some of the types of work were: salesgirl, nurserymaid, waitresses, clerical work, and tutoring. Thirty people were employed in outside work for which they received room and board. They worked from 22 to 48 hours a week and the work included waitresses, handymen, errand-boy, and kitchen helper. In the summer employment Question 114 were employed, 104 not employed. Compensations per hour were from $.14 to $.75, or $2.00 or more. CAMPUS CONVERSATIONS

"Bud" defined, "...a fiction of imaginary people, etc."

"Sink" with its attendant atmosphere, and although a few sentimental moments, a point worth noting since many a good silk stocking has made its longest run using one of these chairs for a starting point.

The most interesting and worthwhile aspect of this redecoration project will be a mural depicting certain phases of college life; it has not been definitely decided as yet. This mural will be done by the art classes under Miss Nye’s supervision. Later the social room will be redecorated and it is hoped that a mural may be added there also.
