Recommended Citation

This item is available as part of Virtual Commons, the open-access institutional repository of Bridgewater State University, Bridgewater, Massachusetts.
To the members of the Class of 2000:

As the first class to graduate from Bridgewater in the 21st century, you will be remembered with special affection by your alma mater, and I trust that this yearbook will serve to remind you, as it will us, of the people, places and experiences that helped shaped your years at Bridgewater.

I know your years here were eventful and they coincided with an eventful period for the college. For example, the new School of Management and Aviation Science opened; commuter rail service came back to this region (with the station for Bridgewater constructed right in the middle of the campus); and we became, in terms of student enrollment, the largest state college in Massachusetts. You are also among the true “technology pioneers: at Bridgewater - you used computers as part of your course work far more extensively than your predecessors had and you were here when major technology innovations such as on-line registration for courses was introduced.

As I’m sure you would be the first to acknowledge, you changed a great deal as well. You grew both personally and professionally through your contacts with faculty and staff who were your teachers and mentors, through the friendships you developed with classmates and others, and through the knowledge you gained as a result of your studies here. For all of these, the yearbook is a permanent chronicle of an important chapter in your lives.

On behalf of our entire campus family, I express our gratitude to you for the many contributions you made to the life of the college and wish you well in all the journeys that you will take in the future. Like all Bridgewater alumni, there is a part of you that will always be a Pioneer. We hope you will one day return to visit and your proud alma mater.

Letter from the President
Bridgewater State College, one of the Oldest public colleges in America, is rich in history and tradition. The college first opened its doors in September 1840, when the U.S. was still a young nation. Nicholas Tillinghast, a graduate of West Point and a former instructor at the Academy, was the first principal of the school. There were seven men and twenty-one women in the initial class.

The first floor of the former Town Hall was the school’s home from 1840 to 1846, when a permanent building was constructed on the present quadrangle. This was the first building erected in America for the preparation of teachers, in 1921, Bridgewater was one of five state normal schools empowered to award the Bachelor of Science in Education degree. In 1932, the school became Bridgewater State Teacher’s College and in 1937 the college began offering graduate courses. A full-fledged, multipurpose liberal arts curriculum was introduced in 1960 and the degree Bachelor of Arts was added.
Today

Today, the college has grown to more than 9,000 full and part-time students, faculty and staff. While maintaining a strong liberal arts emphasis and historical strength in teaching education, BSC has expanded significantly into several professional fields, such as social work, computer science, aviation science and management science.

President Tinsley, while speaking at the 150th anniversary held on Oct. 26, 1990, said, "When the chronicle of these challenging and uncertain times is finally completed, I believe it will be said that we at BSC remained committed to preserving the strength of our academic program; that every BSC student had the opportunity to develop sensitivity and wisdom; and that the quality of the learning experience remained consistently high. Given our history and heritage, we have no other choice."

BSC is an institution with a distinguished history and an exciting future.

**Dedication**

Deciding who to dedicate the 2000 Yearbook to is one of the most difficult tasks of this staff every year. Everyone nominated is qualified and deserves recognition. The nominees are: Dr. Leslie Angell, Sue Crosby-Tangen, Silvia Keyes, Barbara Ward, and Dr. George Weygand. The Yearbook Staff would like to take this time to congratulate these people for their hard work and effort they contribute to the College community. These efforts help make this a better learning and caring atmosphere. Every year we look for people who have made an impacted on both the College community and the students themselves. This year we are proud to announce that Sue Crosby-Tangen and Barbara Ward are the recipient of this year’s dedication.

---

**Barbara Ward**

Barbara Ward is now completing her last in many years of dedicated service to the College. She is one of those rare “good citizens,” who always takes on her share of the work and more and is first to volunteer when help is needed. Dr. Ward has taught both Spanish and German at BSC and has participated actively on many Departmental and College-wide committees. I wish her the best in her retirement.

-- Dr. Lydia Beinstein

---

**Sue Crosby-Tangen**

Sue Crosby-Tangen works on an individual basis with all students. She especially caters to student athletes. She helps in the area of athletics, academics, social, and any other needs the student has. She always goes the extra mile finds tutors and helping students establish a solid relationship with their teachers. Sue is the assistant Coach of the BSC women’s Lacrosse team and an exemplary member of our BSC community.

-- Comment

---

Sue Crosby-Tangen, Assistant Athletic Director, is going on her 13th year here at Bridgewater State College. She has been the Women’s Lacrosse Coach for 5 years and Assistant Athletic Director for 8 years. She enjoys being at BSC, because she is able to work with student-athletes, a great staff and faculty and her alma mater. She is also involved in MVP (Monitors in Violence prevention), Special Olympics Aquatics Meet (Co-Director), and Commencement Committee. Her favorite memory is winning the NEWLA Championships last spring and beating Plymouth State and the Florida 2000 trip with the Lacrosse team.

Grace and Professor Joel Litvin
CPDC
After a year without the Children's Physical Developmental Clinic, it returns next semester.

Field House
A new field house is planned to be built off the access road. It will contain up to date equipment for both the athletic trainers and exercise science majors.

Construction
The campus has been going through a three part phase renovation of the campus. This year marks the second phase.

Sheriff Sworn In
On February 8, 2000 Sheriff Decas, of Wareham Plymouth County, was sworn in by Governor Paul Saluchie at Bridgewater State College.

Do you remember this place? Maybe you won't in future years. This is phase three in the construction.

Check out the new computer system the Maxwell Library uses. www.Webster.bridgew.edu/BRISTICO

Meningitis cases reported on campus and other campuses in New England. But Health Services took care of it.

Can you believe this!
Mark Gearan, the former director of the peace Corps and the current president of Hobart and William Smith Colleges, was the speaker at the first commencement of the new millenium.

With all the changes that are taking place here at BSC, there are somethings that will never change. For example arriving early just to get a parking spot. Here is a person who decided to use the extra time wisely.

Top Stories of 2000

‘99 ’ Grand Opening
A new ‘99 ’ restaurant opened Oct.4th. It is the 53rd store in the chain adjoins Roche Brothers shopping plaza.

MAHPERD
Massachusetts Association for Health, Physical Education, Recreation, and Dance was held here on October 22, 1999.

Football
Football had an excellent season this year, finishing with a 10-0 record. They made it to the NCAA and NEFC. Plus were able to host one of the first round games playing Ursinus University from Pennsylvania.

WBIM
Goes world wide through the web. The radio station was only heard ten miles away through radio waves. Now it is broadcasted all over the world via the web. Check out its web page.
www.bhshomepage.com

Real World 2000
A two day senior focused event. Provided A one stop shopping for seniors to purchase cap & gown, class rings, yearbooks, yearbook photographs, while also providing workshops that dealt with every day things like Apartment Leases and Landlords, Managing Finances, Relax-Breath and many more.
Afro-Am Celebrates Twice
This new millennium marks the 30th anniversary for Afro-Am. Afro-Am was established on April 18, 1970 here at BSC. This year Afro-Am is also celebrating 10 years of Afro-AM Alumni Association.

BSC Faculty Rally
BSC faculty rally against the Board of Higher Education (BHE). New restraints concerning pay have faculty worried. The BHE wants to tie a portion of faculty pay raise to a merit system. Faculty are just now starting to see the raise they were suppose to receive starting last June. The BHE is also trying to include a post-tenure review.

Get The Picture
Did you know that 75% of Bridgewater State College students are moderate or non-drinkers. A moderate drinker is some who drinks one or less times a week.

W.I.C.C.A.
W.I.C.C.A., established as a club this year here at BSC, is an organization for all BSC students of any faith who wish to learn numerous Philosophies in cultures ranging from Witchcraft to Buddhism to Ancient Roman. W.I.C.C.A. is an educational group which teaches numerous Metaphysical and Psychic forms like Tarot cards, Numerology, Astrology, etc. W.I.C.C.A. also sponsors events for charities such as Feed The Children.
The opinions of a few of your fellow BSC students about...

Q: What are you going to be for Halloween?

A: "Mini-Me because I'm jealous of his hight!"

Melissa Tavares
Sr. Communications

Q: What worries you the most about having your photo appear in The Comment?

A: "Giving my students and colleagues more dart material."

Dr. Susan Rayl (MAHPLS)

Homecoming '99
This year's homecoming was an exciting event. The bonfire and pep rally started off the weekend with lots of school spirit. Saturday morning continued this spirit with cheers and music from the parade as the floats passed by with the theme of "A Blast From The Past." Football won 49-19 against Westfield State and men's soccer tied 1-1 against Fitchberg State. Homecoming king and queen were Brian Cronin and Jill Liverseidge.

John Piccone & Louis
EgyptAir Flight 990 crashes into the Atlantic Ocean on October 31, killing all 217 people on board. Although suspicious actions of a pilot are under scrutiny by American and Egyptian officials, the cause of the crash remains a mystery.

On October 12, the world's official population hits 6 billion. The designated 6 billionth human is a baby boy born in Sarajevo.

As part of Rome's continuing restoration, the city unveils a plan to create an 18,000-square-yard rambling space connecting the Imperial Forums with the Roman Forum.

In September, more than 300,000 Japanese are checked for radiation exposure after an inadvertent nuclear reaction at a uranium processing plant.

Nearly a million ethnic Albanians flee Yugoslavia and thousands are killed after Serbs begin a violent ethnic cleansing campaign in 1998. Seventy-eight days of NATO bombing brings the war to an end in June. An international tribunal later charges Yugoslav President Slobodan Milosevic with crimes against humanity.

In an October coup, the Pakistani army dismisses elected Prime Minister Nawaz Sharif and his government after Sharif announces the removal of his powerful military chief, General Pervaiz Musharraf.

In a violent October coup, gunmen storm the Armenian Parliament and assassinate Prime Minister Vazgen Sarkisian and six other top officials.

Britain's Prince Edward marries longtime girlfriend Sophie Rhys-Jones on June 19.

Cuban Elian Gonzalez, 6, becomes the center of a bitter citizenship debate after surviving a November boat wreck off the Florida coast in which his mother dies.

In India, two trains collide head-on in August, killing 285 people and injuring more than 300. It is one of the worst train disasters in the country's history.
Leonardo da Vinci’s “The Last Supper” is unveiled in June after 21 years of restoration. The centimeter-by-centimeter rehabilitation cost $7.7 million and involved electronic microscopes.

In September, Russia begins a military campaign against Chechen nationalists to regain control of the breakaway republic. More than 200,000 people flee the region, but a fierce rebel resistance stays to fight for control of the capital, Grozny.

After almost nine years in power, Russian President Boris Yeltsin announces his resignation in January 2000. Yeltsin names Prime Minister Vladimir Putin acting president pending elections in March.

In June, Thabo Mbeki succeeds President Nelson Mandela, South Africa’s first democratically elected president.

In September and October, powerful earthquakes strike around the globe, killing 15,000 people in Turkey, 1,450 in Taiwan and at least 122 in Greece.

In September, powerful earthquakes strike around the globe, killing 15,000 people in Turkey, 1,450 in Taiwan and at least 122 in Greece.

In December, torrential rains cause Venezuela’s worst natural disaster of the century. Mudslides and flash floods kill up to 30,000 people, while damage estimates run into the billions of dollars.

In December, the U.S. returns control of the Panama Canal to Panama. Opened to the world in 1914, the canal is considered one of the greatest construction achievements in American history.

A tropical depression producing heavy rain hits Mexico in November. The resulting floods kill more than 350 people and cause 100,000 to evacuate.

In August, the U.S. pays $4.5 million to victims of NATO’s accidental bombing of the Chinese embassy in Belgrade. Three Chinese are killed and 27 are wounded in the May 1999 bombing.

On December 31, the U.S. returns control of the Panama Canal to Panama. Opened to the world in 1914, the canal is considered one of the greatest construction achievements in American history.
Cartoonist Charles M. Schulz retires in January 2000, bringing an end to PEANUTS, America's most popular comic strip for almost 50 years. Schulz dies in February, the night before his last strip runs in the national newspapers.

As a way to boost tourism, Chicago displays 301 life-size, fiberglass cows decorated by local artists. The public art exhibit lasts all summer until the cows are auctioned for charity.

In July, John F. Kennedy Jr., 38, his wife, Carolyn Bessette Kennedy, 33, and her sister, Lauren Bessette, 34, die in an airplane crash in the Atlantic Ocean near Martha's Vineyard. Kennedy, a relatively inexperienced pilot, is believed to have become disoriented in heavy fog.

Hurricane Floyd strikes the East Coast in September, killing 51 people and destroying over 4,000 homes. North Carolina is hardest hit with total damages estimated at a record $6 billion.

Lewis and Clark's Native American guide Sacagawea is featured on a new gold-colored dollar coin released into circulation in early 2000.

Beginning in 1999, the U.S. Mint releases specially designed state quarters, the first five representing Connecticut, Georgia, Delaware, Pennsylvania and New Jersey. By 2008, each state will have its own quarter.

The drought of 1999 causes severe damage to Northeastern and mid-Atlantic farms. Several states impose mandatory water use restrictions and emergency federal loans are made available in Maryland, Pennsylvania, Kentucky, Ohio, Virginia and West Virginia.

Beginning in 1999, the U.S. Mint releases specially designed state quarters, the first five representing Connecticut, Georgia, Delaware, Pennsylvania and New Jersey. By 2008, each state will have its own quarter.

1999

In August, a rare tornado strikes downtown Salt Lake City. Winds up to 112 miles per hour make it Utah's second-worst tornado in history.

In July, Air Force Colonel Eileen Collins, 42, becomes the first woman to command a U.S. space shuttle mission.

In November, a 60-foot log tower collapses at Texas A&M University, killing 12 students and injuring 27. The tower was to be burned at a traditional bonfire pep rally.

In July, President Clinton announces the removal of the American bald eagle from the endangered species list. In 1999, there are over 5,800 breeding pairs, an increase from 417 in 1963.
On 20 April 1999, the nation mourns after two students go on a shooting rampage at Columbine High School in Colorado, wounding 23 and killing 15, including themselves. Schools across the country take extensive security measures to ensure the safety of students and staff.

An epidemic of rampage shootings intensifies America's growing concern over gun control. Many state legislatures pass new gun-control measures despite nationwide controversy over restrictions vs. Second Amendment rights.

Despite 30 years of official denial, in December a jury finds the assassination of Reverend Martin Luther King Jr. was the result of a conspiracy, not the act of a lone gunman.

In August, a female panda is born at the San Diego Zoo. Hua Mei, which can mean ''China USA'' or ''Splendid Beauty,'' is the first panda born in the Western Hemisphere in nearly a decade.

In November, protesters at the World Trade Organization (WTO) summit in Seattle provoke a show of force by local, state and federal officers. Protesters blame the WTO for eroding human rights and labor and environmental standards.

A bumper sticker invites drivers to call a toll-free number to report reckless driving. Officials hope the system will help parents stay informed about their teenagers' driving habits.

In an effort to ease the burden on the traditional courts, most states now offer teen court for juvenile offenders. After determining guilt, a jury of teens along with a judge decides the sentence, typically community service and financial restitution.

Flash

In the first such admission by a cigarette manufacturer, Philip Morris publicly concedes tobacco is addictive and can cause serious diseases.

Hillary Clinton announces her candidacy for a U.S. Senate seat from New York. As law requires, Clinton establishes New York residency in suburban Chappaqua.

In September, Microsoft Corp. Chairman Bill Gates and his wife Melinda announce the creation of the Gates Millennium Scholars Program. The Gateses will donate $1 billion over the next 20 years to finance scholarships for minority college students.
FEELit technology allows users to experience computer technology through their mouse. Users can "feel" buttons, text, the weight of a stuffed desktop folder and the groove of a scroll bar.

Fifteen-year-old Amber Ramirez undergoes surgery in which half of her brain is removed to stop the spread of a rare neurological disease. Doctors hope the remaining portion of Ramirez's brain will compensate for the removed tissue.

In August, NASA releases photos from the Chandra X-ray orbiting telescope of a hot cloud of gas from a star that exploded more than three centuries ago. The telescope took 23 years and $1 billion to develop.

In an epilepsy treatment breakthrough, surgeons implant a "pacemaker" into the chest with a seizure-preventing nerve stimulator connected to the brain. The computer-controlled, battery-powered unit can last up to five years.

The Java Ring contains a computer chip providing electronic access into buildings for students. Eventually the ring could be used as a library card, digital wallet, electronic ID and authentication for students' online homework.

The body of a 23,000-year-old woolly mammoth is discovered in October frozen in the Russian tundra. Study of the preserved fur, organs and soft tissue could unlock the mystery of why the species died out.

In August, U.S. surgeons begin using computer-enhanced robotic technology for heart bypass surgery. Because the chest cavity is never opened, this technique reduces pain and shortens recovery time.

Researchers announce in July the creation of a cancerous human cell by genetically altering a normal one. This significant breakthrough is an important step toward developing drugs that could potentially wipe out cancer.

In December, IBM announces a $100 million research initiative to build a supercomputer 500 times more powerful than current models.

In August, U.S. surgeons begin using computer-enhanced robotic technology for heart bypass surgery. Because the chest cavity is never opened, this technique reduces pain and shortens recovery time.

On August 11, the last total solar eclipse of the millennium crosses the globe. Thousands of people from Canada to India experience daytime darkness during which the moon completely covers the sun.
The jawbones of two kangaroo-sized dinosaurs are discovered in Madagascar in October. Dated to the early Triassic period, 230 million years ago, the bones could be the oldest dinosaur fossils ever found.

Parents, with help from their doctor, select the gender of their baby using a technique called MicroSort, which separates X-bearing (female-determining) and Y-bearing (male-determining) sperm. The success rate is about 92 percent for females and 69 percent for males.

A new board game, Infection, hits stores in July. Fun and educational, players race around the board catching diseases, described in detail, and trying to be cured.

In October, Sea Launch Company, a multi-national consortium, launches the first commercial satellite into space from a floating platform in the Pacific Ocean. Boeing is a major partner in the venture, along with companies in Russia, Ukraine and Norway.

Researchers at Massachusetts General Hospital reveal in July that they have successfully regenerated the central nervous system of lab rats with severed spinal cords. Applications for human paralysis treatment are very encouraging.

In October, biologists isolate one of the enzymes that sets Alzheimer's disease in motion. This scientific discovery will lead to new treatments and, possibly, a cure. Over 4 million Americans, including former President Ronald Reagan, are living with the disease.

Flash

In June, scientists announce the creation of two new elements. The nucleus of new, super-heavy element 118 decays into element 116 within a millisecond.

Scientists studying Albert Einstein's preserved brain report it has unique characteristics. The region governing mathematical ability and spatial reasoning is significantly larger than normal.

Researchers report they have successfully altered the learning and memory behavior of mice by inserting a gene into their brains. This genetic-engineering breakthrough may be helpful in treating human learning disorders and Alzheimer's disease.

To mark the 30th anniversary of the first moon landing, astronaut Neil Armstrong's lunar footprint is featured on a 1999 postage stamp.
The fashion accessory of 1999 goes by many names—power beads, mood beads and prayer beads. Many sellers claim the beads boost tranquility, energy, creativity and intelligence.

Airlines begin installing elaborate in-flight entertainment systems that allow passengers to watch movies, play computer games, listen to music, read headlines or browse the Internet.

With the huge increase in cell phones, many cities enact laws restricting their use while driving. Restaurants and theaters are also requiring patrons to turn phones off as a courtesy to others.

A continuation of the cargo pants trend, messenger bags with pockets galore hang at the hips of teens everywhere.

In August, a Levi Strauss & Co. megastore opens in San Francisco. The store features a hot tub where shoppers can soak in their jeans for the perfect fit and a computer-scanning system to help customers get the right size.

Apple Computer introduces its new iBook laptop in September. The super-slim, neon-colored units follow the highly successful launch of the translucent iMac desktop.

A new line of scented candles called Aromapharmacy comes in amber glass containers and looks like prescription drug bottles with creative names such as Ritalert, Cramprin and Valiumello.

In December, Honda introduces Insight, a car that combines a conventional gasoline engine with a small electric motor, decreases ozone and carbon dioxide emissions and gets 80 mpg.

Several companies offer "digital wallets" for teens who want to shop online but don't have credit cards. Parents deposit money into an online account; then teens can spend the money at designated Web sites.

A continuation of the cargo pants trend, messenger bags with pockets galore hang at the hips of teens everywhere.

A new line of scented candles called Aromapharmacy comes in amber glass containers and looks like prescription drug bottles with creative names such as Ritalert, Cramprin and Valiumello.
Inline skaters can now power themselves along with the new Roller Cycle Personal Power Accelerator featuring a 1.5-hp-driven wheel. An optional spiked rubber tire for traction makes it also possible to use while cross-country skiing.

Shawls and wraps show up everywhere in the fashion world. Hollywood celebrities like Salma Hayek sport the fashion trend in all colors and fabrics.

Magellan, a satellite navigation system for motorists, offers complete U.S. mapping data, voice and visual instructions in seven languages, turn-by-turn directions and a library of points of interest.

Sheryl Crow, Eric Clapton and the Dixie Chicks are a few musicians who rock Central Park in a first-ever trimulcast concert seen and heard on the radio, television and Internet.

More than 1 million viewers tune in each weekday to vote on their favorite videos on MTV’s “Total Request Live” with host Carson Daly and popular musical guests.

Backstreet Boys’ Millennium wins the Billboard Music Awards Album of the Year and becomes the best-selling album of the year with over 10 million copies sold.
Lou Bega’s rhythmic “Mambo No. 5” hits the Top 40 in August after selling 2 million copies overseas and topping the chart in 15 countries.

“NetAid,” a concert dedicated to relieve hunger and poverty, airs live in October on MTV, VH1, the BBC, as well as radio stations in 120 nations, making it the widest-heard musical performance in history.

In a strange twist, Garth Brooks releases the album *The Life of Chris Gaines* in which he pretends to be a fictional rock star. Gaines will be the main character in a movie called *The Lamb*, currently in development.

MP3, technology that compresses sound into a very small file, becomes a popular alternative to the CD. MP3 files are downloaded from the Internet onto computers or portable player units, making it possible to take a personal music selection anywhere.

VH1’s “Concert of the Century” spotlights the importance of music education in schools. The all-star show includes Lenny Kravitz, Sheryl Crow, Eric Clapton and B.B. King, as well as high-profile actors.

Shania Twain becomes the first woman since 1986 to win the Country Music Association’s Entertainer of the Year Award at the 33rd annual awards show.

Fiona Apple releases her long-awaited second album to rave reviews in November and begins a tour in February 2000. The album features a 90-word title, which is commonly shortened to *When the Pawn*.

After a successful New Year’s Eve reunion performance, the Judds begin their first tour in almost 10 years in February 2000. Since they disbanded in 1991, Naomi has recovered from Hepatitis C.

Best New Artist Grammy nominee Christina Aguilera gives an exciting performance during the Super Bowl XXXIV halftime show.

Ricky Martin takes the music industry by storm after his show-stopping performance at the 1999 Grammy Awards show. Martin’s first chart-topping single, “Livin’ la Vida Loca,” helps him win the *Billboard Music Award for Male Artist of the Year*. 
Lance Armstrong wins the 1999 Tour de France in July. Armstrong, who survived a three-year battle with testicular cancer, becomes the second American to win the event.

The Dallas Stars beat the Buffalo Sabres 2-1 in triple overtime to win the 1999 Stanley Cup championship, four games to two.

David Cone of the New York Yankees pitches a perfect game against the Montreal Expos in July. Cone’s feat is the 14th perfect game in modern baseball history.

Golf champion Payne Stewart is killed in a bizarre airplane accident in October. After the airplane’s takeoff from Florida, an apparent loss of cabin pressure incapacitates everyone aboard. The aircraft flies on autopilot for four hours until it runs out of fuel and crashes in South Dakota.

In September, tennis phenom Serena Williams, 17, overpowers Martina Hingis to win the 1999 U.S. Open title.

The St. Louis Rams stop the Tennessee Titans at the 1-yard line on a final play to save their 23-16 Super Bowl XXXIV victory.

1999

Both Detroit Lions running back Barry Sanders and German tennis star Steffi Graf announce their retirement in 1999.

On February 7, 2000, Tiger Woods wins his sixth consecutive PGA Tour event, tying Ben Hogan’s 1948 winning record.

Dale Jarrett wins the 1999 NASCAR Winston Cup championship after a four-victory season.

The Houston Comets earn their third straight WNBA championship in September, beating the New York Liberty 59-47 to win in three straight games.
In January 2000 Sugar Bowl, No. 1 Florida State beats No. 2 Virginia Tech 46-29 to capture the National Championship.

Andre Agassi wins the French Open in June and becomes the fifth man ever to complete a career Grand Slam. Agassi goes on to win the U.S. Open in September.

In June, the San Antonio Spurs win their first NBA championship by defeating the New York Knicks four games to one.

TVAvis Pastrana, 15, wins the gold medal in the X Games' inaugural Moto X freestyle motocross event. The fifth year of this ESPN-sponsored competition is held in San Francisco in June and July.

In July, many major league baseball umpires announce their resignation as a labor protest. The strategy backfires when owners accept the resignations and in September, 22 umpires lose their jobs.

In January 2000, Michael Jordan returns to pro basketball as part owner and President for Basketball Operations of the NBA's Washington Wizards.

The U.S. team beats the European team to win the Ryder Cup at Brookline, Massachusetts, in September. The American's stirring comeback is marred by unruly galleries and a premature victory celebration.

Twenty-year professional hockey veteran Wayne Gretzky announces his retirement in April 1999 after setting or tying 61 records. Two months later, "The Great One" is inducted into the Hockey Hall of Fame.

The New York Yankees win the 1999 World Series in a four-game sweep against the Atlanta Braves.

In July, the U.S. women's soccer team wins the 1999 World Cup by beating China 5-4 in penalty kicks following a 0-0 tie. More than 90,000 fans attend at the Rose Bowl and another 40 million watch on television.

In July, the U.S. team beats the European team to win golf's Ryder Cup at Brookline, Massachusetts, in September. The American's stirring comeback is marred by unruly galleries and a premature victory celebration.
As time zones welcome the new millennium on January 1, the world celebrates with grandeur, pageantry and spectacular fireworks. President Clinton gives a hopeful speech in the minutes before midnight at the Washington Monument, and 2 million people gather in Times Square to watch the specially built 1,000-pound Waterford crystal ball drop at midnight.

The FBI warns of possible terrorist acts on New Year's Eve and stays on national alert throughout the celebration. After the arrest of one man with bomb-making materials, Seattle decides to cancel its Space Needle celebration.

A surprising number of people, appalled by the exorbitant costs of travel and events, decide to stay home on New Year's Eve. Many companies and performers drastically slash prices as a last-minute lure.
The world of tomorrow belongs to the person who has the vision today.

Yearbook
Success is counted sweetest
By those who ne’er succeed.
To comprehend a nectar
Requires sorest need... 
As he defeated- dying-
On whose forbidden ear
The distant strains of triumph
Burst agonized and clear!
- Emily Dickinson

Greek Life

There is a space within sisterhood and brotherhood for likeness and difference, for the subtle differences that challenge and delight; there is space for disappointment- and surprise.

- Christine Downing
Gamma Phi Beta was founded November 11, 1874 at Syracuse University and has been a strong presence at Bridgewater State College since 1987. The sisters of Gamma Phi Beta pride in themselves on their ideals, scholarship, and philanthropic work in the community. The sorority annually raises funds for the American Cancer Society and its internationally-owned camp for underprivileged girls, camp Sechelt, while volunteering in the community at local schools, YMCAs, the Special Olympics, and various charitable events. Each year, the Sorority holds a Rock-a-thon, the Mr. Greek pageant, throw-a-pie at a gamma Phi, and several other fund-raisers for various charities. November 1999 marked the 125th anniversary of the sorority.
The academic year of 1999-2000 has been a turning point year for our fraternity. It went from mediocre organization to a well-oiled and productive machine. We strive for better academics, more involvement, a better reputation on campus, more community service, more leadership grooming and training, and more alumni support. In every field above we fell either in last place among the eight Greek organizations in 1998-1999. This year we not only managed to improve our productivity, we succeeded in almost every single category listed above. We grew at an astronomical rate and will continue our quest for excellence. Academics among all things in Kappa Delta Phi were the worst. Our chapter retention rate was half. This meant that one out of every new recruit taken in by the chapter was either academically dismissed or failed out. Some had to transfer to remain in college. This year was different. This year we reaped the benefits of powerful academics. The National Headquarters of our fraternity was contacted by Student Activities over the summer and in a matter of days, the newly elected executive board of the chapter was bombarded with inquiries. We were given the “buck stops here” speech and were told to fix the root of all of our problems or to dissolve form existence. We chose to improve. We built incentive programs to reward those in the chapter with the highest GPAs.

Row 1 Scott Reilly. Row 2 (L-R) Joe DePerry, Chip Panaggis, Jonathan Hare, Joe Flemming, Robert Frost, Michael Long. Row 3 (L-R) John Tormey, Brad Varney, Chris Tormey, Patrick J. Higgins (President), Scott Shearing, Sean Flannery, Scott Lawrence, Dan Pessia, Adam Schlesinger. Row 4 (L-R) Taylor Cambell, Kevin “Muzzy” Muscato, Mark Anthony Parrish, Derrick C. Hunda, Jamie Franzen, Kevin Rust, Phil DeConto, Scott Garcia, Jonathan Tripod.
We have been directly involved in an academic first mission. The results were incredible. We went from dead last in the Spring semester GPA report among the Greeks to the fourth ranked organization. We brought our 2.1 overall chapter GPA up to a 2.67 overall. The results spoke louder than words. Seeing that this new approach made our reputation stronger and increased our retention rate three fold, our productivity and contributions to the college have tripled. Due to the changes made in the summer of 1999, we not only secured our existences here at BSC, we increased our membership, increased our retention rate, and the Interfraternity Council and have many members join prestigious organizations for excellence in academics such as the Order of Omega, Kappa Delta Pi, Phi Alpha Theta, Omicron Delta Kappa, and Gamma Sigma Alpha National Honor societies. We found the key to success, academics.

Membership in the fraternity was also a major factor of improvement. With the poor retention rate of 1998-1999 year our numbers were low. From the start of our new campaign for academics in the pledge program, we have taken in ten young men and in my proudest smile are all still here and very active within the organization. We do more than just sharpening the skills of our new members. We went on two semesterly retreats where we played sports, practiced icebreakers, and brother building seminars. We also play the other two fraternities in a monthly game of football. We were the only fraternity at BSC to send a delegate to the NEIFC conference in Pittsburgh, Pennsylvania. We also refine our big brother system for youth support. The big brother, which all new members get as a mentor to assist in their development in the fraternity, have been assigned not by the big brother, but the major, interests, and likes of hte new member. This makes the bond tighter among our members and encourages growth of our future core of leadership. The results are rewarding. Two of our new members have recently won their elections to hte Student Government Association (SGA). The both share the highest position in hte senate as freshmen. Also the brothers attend a summer workshop in Manchester, New Hampshire and undergo a leadership training camp specified for the different positions we hold within the Chapter. As a membership, this year we made our chapter a true brotherhood.

Philanthropy is the primary result of the revival of our academics and membership systems. In the past year we have dominated the Greek system with the productivity of the chapter. The major events of hte year were: the freshman move in, the President’s band crew, clean up of Swenson, all-campus clean up, Thanksgiving canned Food Drive, winter clothes drive, two sessions of the White Ribbon Campaign and the American Red Cross blood drive, the auction set-up for the Lady Lions of Bridgewater, the seasonal post office painting in Bridgewater, the Penny wars charity, and the “Adopt-a-Family Champaign” for Thanksgiving. Our total sum of community service hours is around 700 and we have donated over a thousand dollars to local charities. We nearly tripled our last year’s commitment to society and continue to keep this success were in motion. We averaged 19.5 hours per member this year and have led the way to break the Greek record of 711 hours in one year. We are aiming to break 800 hours before finals. Philanthropy is our mission.

Leadership is a result of our new pledge program. Although we have always had brothers involved in campus organizations and clubs, this year we saw a surge in this department. We are hosting our national convention in April, which will entail over 300 undergraduate delegates from all over New England and more alumni than we will ever know. Two of our present new members have joined SGA as freshman, following their president who holds the Student Trustee position on hte Board of Trustees. We have brothers on the hockey team, the intramural basketball program, the Lacrosse team, tennis team, wrestling and the cross country teams. We also have brothers in the Crimson Ambassadors, the Theater crew, the Greek Advisory Board, the Capital Reserve Committee, the Go Greek Committee, Resident Assistant program, the Disney program, an presently have two of our three delegates to hte Interfraternity Council as freshman to develop their understanding of Greek life. We have been busy.

Alumni support has always been a hurdle for our Chapter, but this year we nailed it. We have been working hand-in-hand with our National HQ and our alumni for hte dedication to the Convention in April. We can expect well over a hundred alumni to attend. We also hosted a Track Night, Alumni Spaghetti Dinner, a Thanksgiving Dinner, Under/Oner Grad football games, Under/Oner Grad softball games, the Vigils for our Founder’s Day, the Convention reunion and a celebration to the eight men we graduate in May. We have started an Alumni house fund and an alumni education foundation for future generations of Kappa Delta Phi brothers. Overall our support has doubled in the past year.
Front row (L-R) Mark Gallagher (Secretary), Kim Andrews (President), Martina George (Sargent-at-Arms). Row 2: Kristin Conti (Rush Chair Person), Heidi Baird, (Fraternal Vice President), Kathy Sutherland, Lorraine Hayes (Treasurer), Kerry Winsor (Social Vice President). People not in photograph: Caren VanBuren, Lauren Murphy, Evelyn Morle, Ann Salero, Betty Donati, Josh Hyre, Mike Burns.
Phi Pi Delta is a multi-faceted co-educational fraternity bound together by the common ideas of its members and the individuality inherent in those ideas. Founded not upon a mystic standard of perfection, but on the strength and growth of purpose which we feel. Phi Pi Delta sees a fraternity as a basis for a well rounded college life, and ourselves as a balance of the social and intellectual aspects of fraternity life. Our membership is made up of a diverse group of students who choose to work with the students and the administration of the college as they strive for the betterment of the college community. In the thirty plus years that Phi Pi Delta has been recognized as a fraternity at BSC, we have remained and shall remain a close-knit fraternity. Phi Pi Delta is a plethora of pride and tradition. To the brothers and sisters of Phi Pi Delta, tradition is of the utmost importance.
Phi Sigma Sigma was founded in 1913 at Hunter College in New York. The goals of Phi Sigma Sigma are to maintain a high scholastic achievement as well as participate in philanthropic activities. Phi Sigma Sigma’s national philanthropy is the National Kidney Foundation, for whom all chapters raise and donate money for.

The Bridgewater State College Epsilon Iota chapter of Phi Sigma Sigma was founded on this campus in 1989. It’s many alumni and current 30 plus members continue to strive to attain the goals set forth by our founding sisters in 1913. The Epsilon Iota chapter is seen actively on campus raising money for our national as well as local philanthropies. Such fund-raising activities include Jail and Bail in the fall semester and in the spring Sleepout for the Homeless, which is held jointly with the brothers of Sigma Pi.

This talented group of young ladies continue to strive towards excellence in all they do and promote the ideals of Phi Sigma Sigma in all they do.
Front Row (L-R) Dale Joubert Jr. (IFC President), Scott D’Errico, Matt Battista, Dan Breen, (Kustos/ Social Chair), Joe Murray, Richard Mabee, Charlie Sweeney (Social Chair), Matthew Graham (Historian), Joe Mathera. Middle Row (L-R) Harold Rodriguez (Fundraising), Steve Luck, Mike Valcy (President). Back Row Steven Legendre (Treasurer), James Matter, Peter O’Donnell, Tom Materazzo, Tony Yurrita. Members not in photograph. Tom Mattera, Rob Battista, David Farrell, Carl Rateau, Kevin Bray, Nick Onishak, Richardo Carrero, Jason Nahas.
The Sigma Chi International Fraternity was founded in 1855 at the University of Miami (OHIO). Today there are over 250,000 initiated brothers and 226 chapters across the U.S. and Canada. The zeta Chapter of Bridgewater State College still holds the traditions and values of our founders from long ago. The chapter received its charter in April of 1983. Since that time the chapter has won significant chapter awards from the headquarters for its accomplishments, and it continues to flourish at Bridgewater State.

This year, under the guidance of our ever faithful advisor, Dr. Joseph Huber, the chapter has chosen another fine Executive Board to guide the chapter, Michael Valcy President as the Consul for the second consecutive term. Robert Battista served as the Pro-Consul to the chapter along with senior Steven Legendre as the Treasurer. The Secretary position was held by Antonio Yurrita, while Harold Rodriguez served as the Fund-raiser Chairman. The sweetheart this year was brook Smith, thanks for everything. However, the main characters this semester was Jonathan Martins, who served as the Magister to pledges. With his dedicated hard work and help of the chapter, the Theta Zeta Chapter was able to initiate eight new brothers into our Fraternity.

This year the chapter will be graduating several brothers from Bridgewater State College. They are Jason Smalley, Thomas Mattera, Justin DiLisio, Dale Joulbert and Steven Legendre. The chapter wishes these brothers the best of luck. Fight the Good Fight!!

Dale M. Joubert, Jr.
Chapter Editor
Sigma Pi Fraternity, international was founded in 1897 at Vincennes University in Indiana. Our chapter at Bridgewater State College was chartered in April 1989. We rely on the belief that man's goal is to form a better world and enrich his surroundings with the application of wisdom and knowledge gained through education. Sigma Pi strives to provide the maximum amount of opportunities for each brother to grow in character and express individualism through academics, athletics, socials, community service and fund-raising events. The fraternity recognizes that within our society, everyone is an individual with his own ideas, interests, and goals.
Within our chapter, the Eta Eta Chapter, we search to develop and enhance each distinctive attribute of every brother. This individualism couples with teamwork to create the bond and unity our brotherhood was founded on. Our chapter contributes to the local community with philanthropic efforts such as “The Sleep-out for the homeless” (cosponsored with Phi Sigma Sigma), and with participation in “Jump Rope for Heart” and “The Red Cross Blood Drive.” Our athletic achievements surpass other organizations on campus, evident with our chapter’s sixth Greek Week championship in 1999. Eta Eta Chapter’s fund-raising endeavors are diverse: regular car washes, “Barett’s Haunted Mansion,” “Ms. Sigma Pi Pageant,” and our annual Halloween extravaganza “Fright Night.”

Members in Sigma Pi is a life-long experience; from the first moments of pledging, a member of our fraternity holds and maintains a unique idea of brotherhood. “Never forget the thirteenth word...”
Row 1 (L-R) Kelly Maraglia (Secretary), Nicole Goulart, Nicole Coyman, Susan Schortmann (Social Vice President). Row 2 (L-R) Greg Roy (President), Brandon Cook, Bethony Michalski, Brent Hitchcock (Treasurer). Active members not in picture: Theresa Whittaker (Vice President), Jacly Keohane.

TAU ALPHA KAPPA

Tau Alpha Kappa, was founded in 1987, is a coeducational fraternity. We are non-exclusive and commuter-friendly. Our fraternity is based on a core of brotherhood and sisterhood and emphasizes teamwork, academics, and kinship.

Tau Alpha Kappa understands the importance of academic excellence and as proof has achieved the highest grade point average of all the Greeks.
Tau Alpha Kappa is involved in many community service projects which include setting up a linens drive for the homeless, participating in the Walk For Hunger, and contributing to the AIDS Task Force.

Our members are involved with many other groups on campus, such as the Commuter Association, the Philosophy Club, the Anime Club, and the Adventure Role-playing Club. Also TAK has members involved in such prestigious groups as Order of Omega, Psi Chi, the Honors program, and the Student Council For Exceptional Children.

Tau Alpha Kappa prides itself in its diversity. We have members of all types; From Computer Science and English majors to Art and Psychology majors.

Tau Alpha Kappa considers itself to be more than a fraternity or a close-knit group of friends. We consider ourselves to be a family.
THETA PHI ALPHA

Founded at the University Michigan at Ann Arbor in the year 1912, Theta Phi Alpha sorority chartered Bridgewater State College’s Beta Mu Chapter in 1991.

The purpose of our organization is to provide close comradeship; to advance educational, social and philanthropic interests and leadership training; to encourage spiritual development and adherence to the highest moral standards; and to provide lifelong bonds of friendship.

Nationally, we support the Founder’s Foundation of Theta Phi Alpha, Glenmary Lay Missioners, and The House That Theta Phi Alpha Built. The Beta Mu Chapter supports the American Heart Association, Easter Seals, and local less fortunate families. We also host annual campus wide luck and love in Theta Phi Alpha!
Honor Societies

Gamma Sigma Alpha

Class of 2000
Millennia Review 1999
Thinking he has pioneered a westward route to the spice-rich East Indies, Christopher Columbus lands in the Bahamas. At the time of first European contact, about 90 million Native Americans live in North and South America.

Spanish explorer Hernando Cortes introduces horses from Spain into the New World, changing transportation and culture for Native Americans. Cortes carries out a harsh conquest of Montezuma and the Aztecs.

Pilgrimages to religious sites are seen as acts of faith. Roads and towns develop along the pilgrim routes, expanding trade and communication in Europe. Beginning in 1096, Crusades to the distant Holy Land expose Europeans to Arab culture.

^A-Stagecoach line is born. The coaches travel in stages, changing horses at each stop. As a result, the stagecoach line is born.

Pirates terrorize the seas between 1690 and 1730. One of the most notorious pirates is Edward Teach, known as Blackbeard. The fictional Captain Hook first appears in the play Peter Pan.

Birchbark canoes provide transportation for many Native Americans. The canoes are made with a light wood frame covered with pieces of bark; sewn together and made watertight with pitch.

During the Revolutionary War, a submarine is used in battle for the first time. Built by American David Bushnell, the one-person vessel is powered by a hand-cranked propeller. Twentieth-century submarines are complex, nuclear-powered craft used for defense and scientific purposes.

Practical wheelchairs provide new mobility for those unable to walk. Early models of wheelchairs have three wheels and hand cranks to propel the chair forward. Early models of wheelchairs have three wheels and hand cranks to propel the chair forward. Early models of wheelchairs have three wheels and hand cranks to propel the chair forward. Early models of wheelchairs have three wheels and hand cranks to propel the chair forward.

Bicycles appear in Europe. The first bicycle, called a dandy, is invented.

The Montgolfier brothers launch the first hot-air balloon. Filled with smoke, the silk balloon rises to 6,000 feet. Later that year, the first passengers go aloft — a rooster, a duck, and a sheep.

During the American Civil War, a submarine is used in battle for the first time. Built by American David Bushnell, the one-person vessel is powered by a hand-cranked propeller. Twentieth-century submarines are complex, nuclear-powered craft used for defense and scientific purposes.

Early models of wheelchairs have three wheels and hand cranks to propel the chair forward. Early models of wheelchairs have three wheels and hand cranks to propel the chair forward. Early models of wheelchairs have three wheels and hand cranks to propel the chair forward.
Travel by rail revolutionizes land transportation. British engineer Richard Trevithick invents the first steam locomotive in 1804, but it is 1825 before railroads had passengers.

Freeways change the nature and pace of travel in America. In 1956, President Eisenhower authorizes construction of the Interstate Highway System. By the 1990s, this nationwide network includes more than 42,500 miles of highways.

Orbital construction of the International Space Station (ISS) begins in 1998 when space shuttle Endeavor crew members connect the station’s first two sections. ISS is to become the largest cooperative space mission in history.

Henry Ford’s moving assembly line makes cars affordable to the masses. Ford produces the first Model T in 1908. In 1964, the sporty Ford Mustang rolls out at $2,368 and sets an all-time record for first-year sales of a new model.

First built in 1903, the Harley-Davidson becomes America’s best-known motorcycle in the 1950s. Raw power and a distinctive rumble appeal to rebels of the 1950s and 1960s and to business executives of the 1990s.

 Humans achieve powered flight. The first flight of Wilbur and Orville Wright’s Flyer lasts 12 seconds and carries Orville to a height of 10 feet above the beach at Kitty Hawk, N.C.

Trains revolutionize land transportation. British engineer Richard Trevithick invents the first steam locomotive in 1804, but it is 1825 before railroads had passengers.
Chocolate from the New World takes Europe by storm. Brought to Spain from Mexico, chocolate is so costly that Europeans water it down for use as a drink. Natives of Mexico have prized chocolate since ancient times.

John Montagu, 4th Earl of Sandwich, instructs his servants to bring him his meat between two pieces of bread. This way he can eat with one hand while continuing to play cards with the other. The term “sandwich” is born.

As the millennium begins, European peasant food is plain and often scarce. Feasting on meat is reserved for the wealthy. Table utensils include only a knife; most people just eat with their hands. Slabs of dense bread, called trenchers, serve as plates.

Domestic ice chests provide early refrigeration. Blocks of ice are cut, delivered to homes and sold for use in kitchen ice chests. It is the early 1930s before reliable electric home refrigerators are in common use.

Swanson creates the TV dinner, sold in boxes designed to look like television sets. Frozen dinners are possible because of Clarence Birdseye’s 1929 invention of early methods for freezing food.
Archery competition is a common pastime in the Middle Ages. Archery skill is so important that English kings ban football because it takes men away from archery practice.

Golf is a popular sport in Scotland. In 1552, Saint Andrews is a favorite place for golfing. Mary, Queen of Scots is reportedly the first woman golfer and helps spread golf's popularity in Europe.

Soccer is first played in America, using a sheep's bladder as a ball. As the millennium closes, millions of American youth play in organized soccer leagues. In 1999, the U.S. women's soccer team wins the World Cup.
Literacy is reserved for the clergy and a few students. Monks and scribes laboriously copy books by hand using goose-quill pens. Books are such rare treasures that in some libraries they are chained to the shelf.

Monies and scribes laboriously copy books by hand using goose-quill pens. Books are such rare treasures that in some libraries they are chained to the shelf.

Johann Gutenberg invents a way to mass-produce the written word. He devises the first Western movable-type system and a new kind of printing press. Gutenberg's inventions speed the spread of knowledge and literacy.

William Shakespeare's "Romeo and Juliet" is first performed. London's Globe Theater opens in 1599, where many of his plays are staged. By 1600, the great playwright pens at least 20 plays.

Most Europeans are illiterate. Chinese invent first movable type.

The first regularly printed newspaper is a four-page weekly publication, the Relation, printed in Germany. It is 1702 before the first daily newspaper appears, The Daily Courant of London.

The first permanently printed photograph is the first permanent photograph. His partner, Louis Daguerre, carries Niepce's work further by inventing a process of capturing images on metal plates.

Frenchman Nicéphore Niépce creates the first permanent photograph. His partner, Louis Daguerre, carries Niepce's work further by inventing a process of capturing images on metal plates.

1776 - Declaration of Independence creates U.S.

1839 - Braille develops reading system for the blind.

One if by land, two if by sea. Lanterns signal the advance of British troops, and Paul Revere rides to warn American colonists of the attack. His famous ride also signals the beginning of the American Revolution.

American Christopher Sholes invents the typewriter. To keep rapid typists from jamming the keys, Sholes designs the keyboard so that frequently combined letters are located far apart. This layout lasts into the computer age.
1876: Alexander Graham Bell patents the telephone. By the end of the millennium, most people have a phone. Cell phones, beepers and voice mail expand communication options.

1879: Guglielmo Marconi invents the radio, providing a way for sound to travel long distances without the use of wires. During the 1920s and 1930s, radio is the primary source of news and family entertainment for most Americans.

1885: Austria introduces the first postcards. For only pennies, postcards keep people in touch before telephones are common. Calling cards, commercial valentines and other printed personal greetings are popular customs.

1939: Elvis Presley’s unique blend of blues, country, rock and gospel draws adoring fans and makes him “the King” of rock and roll. In 1956, his debut album becomes the first in history to sell a million copies.

1945: Television is invented in 1926, and regular network TV broadcasts begin after World War II. One of TV’s most popular shows is CBS’s “I Love Lucy,” premiering in 1951. Television transforms almost every aspect of life in the twentieth century.

1956: Personal computers become available to the mass market, thus paving the way for desktop publishing. By 1990, laptop notebook computers allow people to compute from almost anywhere.

1999: Millions of people worldwide cruise the Information Highway via the Internet, and instantaneous e-mail communication becomes common. As the millennium ends, computer, TV, video and telephone technologies begin to converge.
Medieval knights wear a short wool tunic and a coat of chain mail. Gauntlets (heavy leather gloves) and sword complete the attire, which is so costly only wealthy men can afford to be knights.

Medieval men’s shoes have long, pointed toes. Individuals of higher social status are allowed to have longer points on their shoes, some as long as 18 inches. Moss stuffed into the toe maintains its shape.
Congratulations graduates!
One last look at what we are leaving behind.

Walking to class

Fall Sports & (below) GLAD

DJ Snoyl

Sitting through classes, if you were fortunate to make it to class Friday mornings.
Some things we’ll miss. Some we’re glad that we don’t have to go through them again.
"Some people come into our lives and quietly go. Some stay for a while and leave footprints in our hearts and we are never the same."

- unknown
Some Words of Wisdome

Words of wisdom from Life's Little Handbook of WISDOM.

- Friendships can fade. Family is forever.
- Choose the way of most persistence rather than the path of least resistance.
- It is never too late to make change in your life.
- If you can’t afford it, you don’t need it.
- You can plan to succeed or you can plan to fail. The choice is YOURS.
- Fix the problem without fixing the blame.
- Heed the advice of Orville Redenbacher: “Do one thing, and do it better than anyone.”
- If what you are doing won’t make a difference in five years, it probably doesn’t matter now.
- Seek out quiet people. They have a lot to say if you say something first.
Lahr
By Eugene Arnold

If I say that I am shy,
It seems you always pass
me by,
Funny how it seems to be
Self fulfilling prophecy.

If I say you’re a bad person,
I can almost see you worsen,
Funny how my words for you
Have a way of coming true.

If you say that I am selfish,
I feel hard as any shellfish.
I can almost guarantee
You won’t get a thing from me.

Strange how your words for me
Make me into what you see.
Label label, there’s no way
To win this game today.

If a child lives with criticism,
He learns to condemn.
If a child lives with hostility,
He learns to fight.
If a child lives with ridicule,
He learns to be shy.
If a child lives with tolerance,
He learns to be patient.

If a child lives with encouragement,
He learns confidence.
If a child lives with praise,
He learns to appreciate.
If a child lives with security,
He learns to have faith.
If a child lives with approval,
He learns to like himself.
If a child lives with acceptance
and friendship,
He learns to find love in the world.

CHILDREN LEARN WHAT THEY LIVE
The Road Not Taken

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassier and wanter wear;
Though as for that, the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence;
Two roads diverged in a wood, and I—
And that has made all the difference.

- Robert Frost

The old bridge replaced by the tunnel.

The commuter lounge in the 80's.

Campus police in the 80's.

Class of 1859
Changes in Time

The choices we make, as we walk down the road we call life, change. Our beliefs, values, opinions, life styles, the environment we live in, etc. all change. Think about the past four, five, or even six years that we have spent a Bridgewater State College. Look at how the college has changed. The different people that have come into and out of our life. The multiple jobs we have held. These are just some examples of the changes that have happened in a short period of time. Now we are about to embark on a journey that will take us to a crossroad. Which road to chose is the biggest question.

Now that we have reached an ending and beginning point in our lives we must make a decision. This decision may cause us to drift apart from some friends and grow closer to others. Changes in time. Everything changes and the choices we make today will affect us tomorrow.
As you look back at where you have been in your life, the friends you have made, and the things you have achieved; look at the things here at BSC.
have spent the past few years of made, the accomplishment you that have changed while you were
"Not To Be Ministered Unto, But To Minister."

Congratulation John, and thank you Coch Maz for four memorable years of BSC football.

JAMIE LYNN NISS
Congratulations
We Knew You Could Do it !!!
Love,
Mom, Dad, Laurie, Valerie
& Andrew

Amy,
Congratulations. We are very proud of you. The best to you always.

Love,
Mom & Dad

Hope,
You are a beautiful bright shining star...shoot for what is yours in the future!

Love Your Little Sister,
Dawn

Hope,
Congratulations Baby! I may not have been around to support you during the first part of your journey, but I promise I'll be around for the rest of your journey through life.

Love,
Brian

Hope,
Congratulations and best of luck Peanut. The future is yours for the taking, now go get it!!!

Love,
Mom and Dad
CONGRATULATIONS ANN
WE ARE SO PROUD
OF YOU!!

Love
MOM DAD JIMMY AND STEVE
Karolyn Hope,

I’m sorry...
Love,
Mom
Courtney & George,
Bridgewater State’s millennium couple of the year.

You’ve now opened new doors for ourselves. May each step you take be filled with love, laughter and adventure. We are very proud of your accomplishments. Congratulations! May all your dreams come true! We love you both!

Love,
Mom, Dad, Grammie, Andrew and Julia
Jill, Stephen, Ashley, Zachary and Casey
From Dad, Mom & Family:

May God Bless You John.
We all love you.
We are very proud of you.
With all our love,
Gerda & Jean
Brother, We will follow your steps.
Max, Regi, Dahana & Pelzi

Kellie Jean,
Congratulations, you’ve done it.
We’re all so proud of you. Today is now the first day of the rest of your life. Enjoy it to the fullest. Always be yourself, don’t forget to laugh and be able to forgive. We’ll always love you and be there for you. best of luck for a successful and happy future.
Love,
Mom, Dad, Jason, James & Lady

Congratulations with pride and love always.
Mom, Dad, and Jimmy
Congratulations Richard

It was a long hardroad you have traveled to this destination but you have made it!

Along the way you have met great people, experienced exciting things, and traveled to far away places which all will have impact on your future.

Cherish these memories, and take them with you as you begin to travel this long and winding road they call LIFE!

Love,

Dad, Mom, Patrick, and John

Crystal,
You’ve come a long way baby, and I’m proud of you.

Love,
Mom

Crystal, You’ve come a long way baby, and I’m proud of you.

Love,
Mom
Thank you to all the people who helped in making this year and yearbook special.
