*John R. Hickey*  
\_\_\_\_\_

BOARD OF SELECTMEN  
BRIDGEWATER, MASSACHUSETTS

A True Copy; Attest:

*Donald R. Adams*  
\_\_\_\_\_  
Town Clerk

## *In Memoriam*

### **ARTHUR W. BLANCHARD**

**Town Clerk**

**1972 - 1975**

For his diligence in office and his conduct as Town Clerk. For his capacity as doing so much for a great many people in Bridgewater. A genuine love for this community, and for the general welfare of the Commonwealth of Massachusetts. He always had a smile and a kind word for all who came into his office. A gentle man, a man the Town will not forget.

Died — May 7, 1976

## Selectmen

To the Citizens of Bridgewater:

The following Town Report is hereby submitted to the citizens of Bridgewater for the year 1980. It is the pleasure of this Board of Selectmen to present a brief synopsis of the activities in 1980. Due to Proposition 2½ all municipal spending must be reduced including Town Reports which will be much shorter than other years.

The Board of Selectmen held regular posted meetings every Monday evening at 7:30 p.m., in the Selectmen's office, as well as many other meetings, public hearings, and conferences as required during the year.

The following portion of this report will give the citizens some knowledge of the activities carried out by our Board this past year.

**Fire Department.** The Town replaced the 1948 Mack Forest Fire truck with a modern and well needed Forest Fire truck valued at \$23,620.00. In addition, the long awaited reality of a 100 foot ladder Maxim Fire truck was granted to our Town through State funding for the purpose of serving the State College and dormitories including service to our Town. Many thanks must go to our former State Representative Peter Y. Flynn and our Fire Chief Clarence A. Levy.

**Housing.** We worked very closely with the Housing Authority and its Executive Secretary, Mrs. Ellen Arabasz. The Board has approved housing applications for many families under Federal guidelines of Section 8 and Chapter 705 who needed housing assistance.

**Energy Conservation Grant.** An application for a \$61,576.00 Federal grant was prepared and submitted by Selectman David A. Canepa, the Town's Federal Grant Coordinator. \$31,550.00 would be expended on the Academy Building and \$29,824.00 on the Town Hall. The plans call for the installation of weatherstripping and insulation material, and storm windows at the town buildings. The first round went to the City of Brockton but the grant will be submitted for the second round for consideration. Due to the inflationary cost of fuel oil these energy improvements are vitally important to reduce the outrageous cost of fuel and light bills.

**New Construction.** The center of Town had a very rewarding face lift this past year with Cumberland Farms acquiring the old Bassett Garage property across the Bridgewater Savings Bank. Over \$150,000.00 was spent to purchase, tear down, and rebuild a new professional business complex. In addition to giving the Town a beautiful look, additional tax revenue is also being generated.

**Proposition 2½.** Fiscal belt tightening became a reality this past year with the overwhelming vote of Proposition 2½ at the November election. As the leaders of our Town we have the heavy and sometimes unpopular responsibility to put this referendum vote in action. There will be considerable cuts that will have to be made to reduce our fiscal 1982 budget spending down to \$5,722,000.00, which is over \$1,400,000.00 less in local revenue than this past year. It is the Board's position to minimize this reduction the best way we can, trying to retain our valuable and professional services to the best of our ability.

**Public Commuter Parking.** After much deliberation and many meetings our Town received approval of a State funding project amounting to \$51,000.00 for the renovation and reconstruction of a public parking facility to be located on the abandoned Pleasant Street near the State Department of Public Works facility across from Lake Nip. State grant co-ordinator, Selectman David A. Canepa, is overseeing this project and working towards the completion for calendar year 1981.

**Other Areas.** Committee appointments and reports have continuously been submitted this past year. A Computer Needs Study Committee was appointed and Selectman John R. Hickey serves as liaison from our Board with its report to be submitted in the future.

A final Audit Report was submitted to the Board and necessary changes and recommendations are being considered pertaining to the practices and procedures concerning the Accounting, Water & Sewer, and Treasurer Departments.

A Town Engineer's Study Committee was appointed with Selectman Donald C. Buron as liaison for our Board, and after several meetings the committee submitted a final report recommending that the Town Engineer's position be reduced to a possible part-time position.

According to State Statute Towns have to perambulate boundaries every five years with contiguous towns that surround them. Bridgewater has five towns that we have perambulated boundaries with.

Several meetings were held with the College Community officials and students to bring a better understanding and relationship between our Town and the College. The College Internship Program has had continuing success with student aides David Woods and Gerard Dumas, two college seniors majoring in Political Science who were assigned to the Selectmen's office.

The Board wishes to thank all Commissions, Boards, Committees, Departments, town employees, and all the citizens of the Town who have unselfishly given of their time and effort during this past year. Special thanks to our secretarial staff, Chief Clerk Frances K. Ticchi and Clerk-Stenographer Joan C. Leombruno, for their professionalism and efficiency in which they handle all of the daily and important matters including the everyday communication with our citizens.

In closing we wish to state as we have stated in the past, "That this Board shall work together to carry out the responsibilities which we were elected to do, and to this end we have tried to do our very best."

David A. Canepa, Chairman  
Donald C. Buron, Clerk  
John R. Hickey, Member

## Special Town Meeting

TUESDAY, FEBRUARY 19, 1980

UPPER TOWN HALL

The meeting was called to order by the Moderator at 7:00 P.M. The Town Clerk read the warrant. The article was read and moved by the Town Clerk.

**Article 1.** To see whether or not the Town will vote to accept Chapter 690, Section 106 of the Acts of 1977, whereby the Office of the Tree Warden for the Town of Bridgewater shall be an appointed position made by the Selectmen, or take any other action relative thereto.

After much discussion by Linda Nivica, Paul Lyons, Raymond Hamlen, Donald Sweetman, Donald Buron, John Hickey, David Canepa, Robert Doyle, Al Beninati and Pat Gracia the vote was taken.

A 2/3 vote needed—called for majority by Town Clerk—so moved. It was unanimous—Tree Warden shall remain an Elected position.

The meeting adjourned at 7:45 P.M.

Ronald R. Adams  
Town Clerk

*Article 3.* Voted that the Town accept the Annual Town Report as printed.

*Article 4.* Voted to accept the report of the Elementary School Building Committee, Space Needs Committee, Conant Trust Fund Committee Capital Outlay Committee, By-Laws Study Committee, et. ali. (June 2, 1980 reconsideration to continue Elementary School Building Comm.)

*Unanimous.*

*Article 5.* Voted to raise and appropriate the sum of \$20,000.00 for the Elementary School Building Needs Study Committee as created by Article 31 of the 1978 Annual Town Meeting for the purpose of contracting with a professional consulting organization to survey the present school buildings and to develop a long-range school facilities plan, and to make a full and detailed report at the Annual Fall Town Meeting 1980.

*Unanimous.*

*Article 5.* Voted that the Town raise and appropriate the sum of Twenty thousand (\$20,000.00) Dollars to be expended under the direction of the Elementary School Building Committee in retention of a professionally-accredited firm or firms to consult and conduct a study of the Bridgewater Public School, Grades K-8; such firm to specifically assist the Committee in compliance with the "Regulations Governing the School Building Assistance Act, Chapter 645, of the Acts of 1948, as Amended," and to assist the Committee in addressing questions raised in Items A through I of the above Regulation, Section 3.3.3, as they relate to enrollment, grade organization, size, occupational and special education programs, capacities of existing plant (s), conditions of existing plant (s), possibilities of remodeling, rehabilitation, reconstruction, modernization, addition, or future uses, studies of planning procedures with attention to cost effect, options relative to tuitional agreements, renting, and acquisition of existing structures, availability of space, and cost benefit analysis relating to the above. Such consulting firm to also assist the Committee in constructing educationally and financially sound long-range facilities plan as stipulated by the Regulation, and to work with the Committee in conducting a complete energy audit and in other related matters. Lastly, that the Elementary School Building Committee prepare a comprehensive report on the above and related matters and report back to the

Annual Fall Town Meeting, 1980, subject to subsequent TWO-THIRDS Majority Vote Authorizing an INCREASE of the APPROPRIATIONS LIMIT.

*Unanimous.*

*Article 6.* Voted to accept the provisions of Chapter 41, Section 97A, of the General Laws of the Commonwealth of Massachusetts.

A motion for reconsideration *Unanimous.*

*Article 7.* Voted that the Town raise and appropriate the sum of \$97,434.50 for the General Government Expenses, to be apportioned as listed under Items 1 through 52 in detailed report of the Advisory Committee, subject to subsequent TWO-THIRDS Majority Vote Authorizing an Increase of the Appropriation limit.

*Unanimous.*

<b>TOTAL</b>	<b>\$7,376.50</b>

*Unanimous.*

Article 16. Voted that the Town accept the provisions of Massachusetts General Laws, Chapter 148, Section 26C.

*Unanimous.*

Article 17. Voted that the Town accept the provisions of Massachusetts General Laws, Chapter 90, Section 7L.

*Unanimous.*

On a motion by Leo Bourque and duly seconded, the meeting was adjourned at 7:22 P.M.

Upper Town Hall  
 Ronald R. Adams  
 Town Clerk

## Adjourned Annual Town Meeting

MONDAY, JUNE 2, 1980

BRIDGEWATER-RAYNHAM REGIONAL  
HIGH SCHOOL DISTRICT

The Meeting was called to order at 7:30 P.M., by the Moderator, John E. Heslin, Jr. The posted notice of the adjournment from the Annual Town Meeting of May 5, 1980, was read. Counters were Alfred Cronin and Ronald R. Adams.

Article 20. Voted that the Town amend the Zoning By-Laws for the Town of Bridgewater by adding the following in 6.3 TABLE OF USE REGULATIONS PRINCIPAL USES:

	<i>Res. Res. Res. Res. Bus. Bus. Ind. Ind.</i>
A. Residential Uses	A B C D A B A B
Add Section 11	
Fraternity Houses	
& Lodging Houses	SP SP SP SP SP SP SP SP

*Unanimous.*

Article 21. Voted that the Town amend the By-Laws of the Town of Bridgewater by adding thereto the following: When a lot (s) of land is built upon, facing on an existing Town Way, and that section way contains existing drainage structures, (or in natural water runoff area) then the builder and/or owner shall resolve the drainage necessary by the Town Engineer and/or Highway Superintendent, before any building on the lot (s) is allowed.

*Unanimous.*

Article 22. Voted that the Town establish a Computer Needs Study Committee to consist of five (5) members who shall be knowledgeable in the field of computer operations, said members to be appointed by the Board of Selectmen and to report their findings at the Fall Town Meeting in November, 1980.

Unanimous.

Article 4. — RECONSIDERATION

On a motion by Alfred Cronin and duly seconded, that the report of the Elementary School Building Committee established under Article 31 of the Annual Town Meeting for the year 1978, be accepted as submitted (Article 4, May 5, 1980, Annual Town Meeting) and that said committee be continued and further directed to report its findings to the next annual town meeting for the year 1981, or at such times as ordered by an annual town meeting.

Unanimous.

Article 23. Voted that the Town amend the Zoning Map of the Town of Bridgewater on Bedford Street (Route 18) from its present classification of Industrial A to Business B, said district commencing 100 feet south of Cottage Street on the Westerly side of Bedford Street and extending 600 feet West of Bedford Street to a point 100 feet South of Winter Street, then Westerly to a distance 800 feet West of Bedford Street South to the Middleboro Town Line and again starting at the Middleboro Town Line 800 feet East of Bedford Street and running North to a point 250 feet South of Cottage Street on the East side of Bedford Street.

Unanimous.

Article 24. Voted that the Town amend the Zoning By-Laws for the Town of Bridgewater Section 6: USE REGULATIONS, PRINCIPAL USES, to read as follows:

	Res.	Res.	Res.	Res.	Bus.	Bus.	Ind.	Ind.

Unanimous.

In all other respects said 6.3A shall remain the same except as hereby amended, contingent upon passage of Article 23.

Reconsideration by Robert Gabriel Unanimous.

Article 25. That Article 25 be tabled until submission of the report of Wage & Personnel Board, pursuant to statute and by-law, during the Annual Town Meeting of the Town of Bridgewater for the year, 1980, and any adjournments thereof.

Unanimous.

Article 26. That Article 26 be tabled until submission of the report of the Wage & Personnel Board, pursuant to statute and by-law, during the Annual Town Meeting of the Town of Bridgewater for the year, 1980, and any adjournments thereof.

Unanimous.

Article 27. Voted that the Town instruct the Town Clerk to submit corrective legislation to fix the terms of office for the Candidates to the Bridgewater Housing Authority in the years nineteen hundred and eighty-one, eighty-two, and eighty-three, for a period of four years, thus properly insuring the return of sequence order of the expiration of terms.

Unanimous.

Article 28. To see if the Town will vote to raise and appropriate the sum of \$999.00 which sum shall be used together with an addition to State Reimbursement of \$5,000.00 for purposes of the installation of a traffic warning beacon on Route 104 at Elm Street, so that the total cost therefor shall not exceed \$5,999.00 of which

the Town's share shall not exceed \$999.00 or take any other action relative thereto.

Voted that the Town take no action on Article 28. (Already voted in line item #221 on May 5, 1980).

*Unanimous*

*Article 29.* Voted that the Town raise and appropriate the sum of \$2,295.00 which shall be used in conjunction with State reimbursement for purposes for Radar purchase for the Police Department.

*Unanimous.*

*Article 30.* Voted that the Town establish a Committee to review the Retirement System for Town Employees consisting of five (5) members to be appointed by the Selectmen, and to make its report together with recommendations to the Fall Annual Town Meeting, 1980.

*Unanimous.*

*Article 31.* Voted that the Town raise and appropriate the sum of \$21.45 for payment of an Accounting Department bill incurred during the prior fiscal year 1979, subject to subsequent TWO-THIRDS Majority Vote authorizing an Increase of the appropriations limit.

*Unanimous.*

*Article 32.* Voted that the Town raise and appropriate the sum of \$2,500.00 to be expended under the direction of the Selectmen, for work to be done by CETA employees on various municipal projects, subject to subsequent TWO-THIRDS Majority Vote authorizing an Increase of the appropriations limit.

*Unanimous.*

*Article 33.* Voted that the Town raise and appropriate the sum of \$1,200.00 for the High School Work Study Program, subject to subsequent TWO-THIRDS Majority Vote authorizing an Increase of the appropriations limit.

*Unanimous.*

On a motion by Leo Bourque and duly seconded, the meeting was Recessed until June 23, 1980, Upper Town Hall, 7:30 P.M.

Ronald R. Adams  
Town Clerk

# Adjourned Annual Town Meeting

JUNE 26, 1980

UPPER TOWN HALL

The meeting was called to order by the Moderator at 7:30 P.M., then recessed for fifteen minutes, for the purpose of getting the motions distributed.

*Article 25.* On a motion by Kenneth Perry and duly seconded, it was voted: To take Article 25 from the table.

*Unanimous.*

*Article 25.* Voted that the Town amend the Wage & Personnel Board Classification and Compensation By-Law as presented by the Wage & Personnel Board at Public Hearings held on June 23 and June 26, 1980. Further, that the Fire Department wages be continued at the present salary rate as provided therein and that the Wage and Personnel Board be authorized to continue negotiations and enter into agreement with the Fire Department and Town Engineer, but in no event shall such subsequent negotiations as herein before authorized result in any payment by the Town in excess of \$27,500 of the sum as is voted in the next succeeding article.

*Unanimous.*

*Article 26.* On a motion by Leo Bourque and duly seconded, it was voted: To take Article 26 from the table.

*Unanimous.*

*Article 26.* Voted that the Town raise and appropriate the sum of \$2,106,914.07. That \$1,559,739.87 be charged to Revenue; That \$75,000.00 be transferred from Surplus Revenue and that \$71,996.49 be transferred from Reserve from Appropriation and \$244,000.00 be transferred from Revenue Sharing for (Police Salaries) and that \$156,177.71 be transferred from Water Receipts Reserved.

*Unanimous.*

*Article 7.* On a motion by Leo Bourque and duly seconded it was voted: That the Town move to reconsider Article 7.

*Unanimous.*

*Article 7.* Voted that in addition to the monies as previously voted the Town move to raise and appropriate the sum of \$1,050.00 from Revenue and \$500.00 from Water Receipts Reserved for the following Departments: (Licenses)

Forestry	\$200.00
Highway Dept.	350.00
Water Dept.	500.00
Sewer Dept.	500.00
Total	<u>\$1,550.00</u>

and that the Town move to raise and appropriate and transfer from Reserve for Appropriation \$27,500.00 to the Reserve Fund: Line Item 199 in the Advisory Committee's Annual recommendation.

*Unanimous.*

*Article 6.* Voted that the Town increase the appropriations limit established by Chapter 151 of the Acts of 1979 by \$135,010.02 so that the appropriations limit as so increased will be \$8,122,614.87.

2/3 vote required.

*Unanimous.*

*Article 7.* Voted that the Town increase the levy limit established by Chapter 151 of the Acts of 1979, by not more than \$200,000.00 so that the levy limit as so increased will not be more than \$8,364,325.00.

2/3 vote required.

*Unanimous.*

On a motion by Robert Clark: That the Capital Outlay Committee, created pursuant to the vote under Article 29 of the Annual Town Meeting for the year 1979-1980 be continued and that it be ordered to report in writing its doing at the next Annual Town Meeting, 1981.

On a motion by Frank Wallace and duly seconded: That the meeting be adjourned at 8:15 P.M.

# Town Meeting

BRIDGEWATER-RAYNHAM REGIONAL  
HIGH SCHOOL  
MT. PROSPECT STREET  
BRIDGEWATER, MA.

MONDAY, NOVEMBER 10, 1980

The meeting was called to order at 7:30 P.M. by the Moderator, John E. Heslin. The Town Clerk read the warrant.

On a motion by Paul Chuckran and duly seconded, it was voted to Table the following Articles 1, 2, 6, 8, 9, 10, 11, 12, 18, 19 and 20, until November 24, 1980 at Upper Town Hall at 7:30 P.M.

*Article 3.* Voted that the Town continue the Computer Needs Study Committee to the Annual Town Meeting in April 1981.

*Unanimous.*

*Article 4.* Voted that the Town continue the Retirement Study Committee to the Annual Town Meeting in April 1981.

*Unanimous.*

*Article 5.* Voted that the Town take no action on the report of the Elementary School Building Committee and it be charged to make its report at the Annual Town Meeting for the year 1981.

*Unanimous.*

*Article 7.* Voted that the Town accept the provisions of Section 8I of Chapter 40 of the General Laws; and to establish an Energy Resources Commission under the provisions of Section 8I, Chapter 40 of the General Laws of the Commonwealth of Massachusetts. The Committee shall consist of 5 members which shall be established within thirty (30) days of the within vote. When the commission is first established the members shall be appointed by the Selectmen as follows:

One member for one (1) year term; one member for a two (2) year term; one member for a three (3) year term; one member for a four (4) year term; and one member for a five (5) year term. A vacancy occurring otherwise than by expiration of term shall be filled for an unexpired term in the same manner as the original appointment.

The Commission at all time be subject to the provisions of Chapter 40 Section 8I of the General Laws of the Commonwealth as from time to time hereinafter amended.

*Unanimous.*

*Article 13.* Voted that the Town accept Pine Ridge Drive as a Town Way in a Westerly, easterly and southerly direction from Plain Street 2311.24 ft. up to Stations 23+11.24 and as laid out on a plan entitled "Definitive Subdivision Plan Pine Ridge Drive in Bridgewater, Massachusetts, Prepared for Holbrook Realty Trust, Russell A. Wheatley & Associates Land Surveyors & Engineer, 700 Bedford Street, Abington,

Massachusetts, August 1, 1974" and on file in the office of the Town Clerk.

*Unanimous.*

*Article 14.* Voted that the Town accept Alexander Drive as a Town Way in a southwesterly direction from Conant Street 957.99 ft. up to Station 9+57.99 at a cul-de-sac and as laid out on a plan entitled "Pine Tree Estates (Jolly Meadows Estates), Definitive Subdivision of land in Bridgewater, Massachusetts. Owner: Subdivider K & K Home Construction Co., Inc., 226 West Elm Street Brockton, Massachusetts. Scale as noted—15 December 1976, Revised 21 March 1977, Primmer Engineering, Inc., 147 Fairwood Drive, Pembroke, Massachusetts," and on file in the office of the Town Clerk.

*Unanimous.*

*Article 15.* Voted that the Town accept Bobwhite Lane as a Town Way in an easterly direction from Redwing Drive 727.47 ft. up to Station 7+27.47 at a cul-de-sac and as laid out on a plan entitled "Definitive Subdivision Plan of Vernon—Section I, Bridgewater, Massachusetts for Vernon Forge, Inc. Scale 1" = 40' May 16, 1977. Earth Services Corp., P.O. Box 196, Raynham, MA.

*Unanimous.*

*Article 16.* Voted that the Town vote to accept Redwing Drive as a Town Way in a southerly and easterly direction from Robin Road through to Forest Street 2191.028 ft. up to Station 21+91.028 and as laid out on a plan entitled "Definitive Subdivision Plan of Vernon—Section I, Bridgewater, Massachusetts, for Vernon Forge, Inc. Scale 1" = 40' May 16, 1977 Earth Services Corp., P.O. Box 196, Raynham, Massachusetts," and on file in the office of the Town Clerk.

*Unanimous.*

*Article 17.* Voted that the Town accept Robin Road as a Town Way in an easterly direction from Vernon Street 814.099 ft. up to Stations 8+14.099 at a cul-de-sac and as laid out on a plan entitled "Definitive Subdivision Plan of Vernon—Section I, Bridgewater, Massachusetts, for Vernon Forge, Inc. Scale 1" = 40' May 16, 1977 Earth Services Corp., P.O. Box 196, Raynham, Massachusetts," and on file in the office of the Town Clerk.

*Unanimous.*

On a motion by Thomas Flaherty and duly seconded, it was voted to adjourn to November 24, 1980, at the Upper Town Hall, Bridgewater, MA. at 7:30 P.M.

Meeting adjourned at 8:10 P.M.

# Adjourned Fall Session

MONDAY, NOVEMBER 24, 1980

UPPER TOWN HALL

The meeting was called to order by the Moderator, John E. Heslin, Jr. at 7:30 P.M. The Town Clerk motioned the following articles to be taken from the table from the fall session of town meeting of November 10, 1980. Articles 6, 8, 9, 10, 18 and 20.

*Article 6.* Voted that the Town appropriate, and transfer from Surplus Revenues, the sum of \$6,191.85 for Workmen's Compensation Insurance, \$6,041.00; and for Professional Liability Insurance \$150.85.

*Unanimous.*

*Article 8.* Voted that the Town authorize the Board of Selectmen to be the authorizing officials of the Specialized Family Services Project of the Commonwealth of Massachusetts Committee on Criminal Justice to be implemented by Puosto, Inc., and, pursuant thereto that the Town accept a Federal Grant amounting to \$22,006.00 from the Juvenile Justice and Delinquency Prevention Act under Section 223 thereof.

*Unanimous.*

*Article 9.* Voted that the Town accept a Federal Transportation Grant in the amount of \$2,666.00 from the Department of Elder Affairs, Commonwealth of Massachusetts, and to authorize the expenditures of the same under the direction of the Council on Aging.

*Unanimous.*

*Article 10.* Voted that the Town accept a Federal Energy Grant in the amount of \$2,500.00 from the Department of Elder Affairs, Commonwealth of Massachusetts and to authorize the expenditures of the same, under the direction of the Council on Aging.

*Unanimous.*

*Article 18.* Voted that the Town amend its By-Laws by adding thereto the following new article:

## *Article XX*

### Water Department

*Section 1. Use of Water.* No person shall, without permission of the Commissioners of the Water Department of the Town of Bridgewater, make an opening in or connection with, or turn off or draw off water from, a water pipe, standpipe, well or reservoir owned by the Town, or accept in accordance with a written permit from the Commissioners in case of fire in the neighborhood, allowing water to be taken from the premises, or use the water from any purpose other than that for which he pays; or unscrew or open a hydrant attached to the water pipes of the Town; or, excepted in accordance with the regulations of the Commissioners discharge water through a hand held hose; nor shall any person interfere with the registering apparatus of

water meter put in by the Town or damage or injure such meter. Violations hereof upon conviction may be punished by a fine not exceeding two hundred (\$200.00) dollars.

*Section 2. Water Systems, Malicious Interference With.* If any person or persons shall wantonly, maliciously, intentionally or negligently divert the water, or any part thereof, of any of the water sources, used by the Town of Bridgewater for water supply purposes, or shall corrupt the same or render it impure, or destroy or injure any dam, aqueduct, well, standpipe, pipe, conduit, hydrant, machinery or other property, held, owned or used by the said Town, every such person or persons, shall forfeit and pay to the said Town, three times the amount of the damages that shall be assessed therefore, to be recovered by any proper action. And every such person may, on complaint and conviction of either of the wanton and malicious, negligent or intentional acts aforesaid, be punished by a fine, not exceeding two hundred (\$200.00) dollars.

*Unanimous.*

Amendment: On a motion by John Noonan and duly seconded. Any other Town department is excluded from Section 1 and 2 in the ordinary course of their duties upon a phone call notice to the Water Department Officers.

*Unanimous.*

*Article 20.* Voted that the Town appropriate or transfer from Surplus Revenue the sum of \$6,387.00 for departmental expenses of the Police Department as follows: new contractual item of physical examinations of police officers, \$3,045.00; and auto insurance for Police Department, \$3,342.00.

*Unanimous.*

On a motion by Bette Stewart to take article 19 from the table.

*Unanimous.*

On a motion by William H. Blackden that the Town take no action on Article 19.

After much debate the question was moved and defeated.

Bette Stewart then read Article 19.

*Article 19.* Voted that the Town appropriate or transfer from Surplus Revenue the sum of \$7,523.70 for Jr. Clerk-Typist in the office of the Coordinator of Elder Affairs. Passed.

On a motion by Ronald R. Adams, and duly seconded, meeting adjourned at 8:30 P.M.

# Special Town Meeting

UPPER TOWN HALL

MONDAY, DECEMBER 15, 1980

7:00 P.M.

The meeting was called to order at 7:00 P.M., the Town Clerk read the Warrant and the following articles were voted upon.

*Article 1.* Voted that the Town appropriate and transfer from Surplus Revenue the sum of \$23,609.00 to be allocated by the Commonwealth of Massachusetts Acts of 1980 for the construction, reconstruction and improvement projects on all approved public ways which qualify under State Aid Highway guidelines as may be approved by the Board of Selectmen and Massachusetts Department of Public Works and that any amounts received from the Commonwealth of Massachusetts and/or Plymouth County in reimbursement therefore be returned to available funds to the Treasury.

*Unanimous.*

*Article 2.* Voted that the Town appropriate and transfer from Surplus Revenue the sum of \$42,688.00 under the provisions of Chapter 329, Acts of 1980, for fiscal year 1981 for work on State Aid Highways in the Town of Bridgewater as allocated by the Commonwealth of Massachusetts Department of Public Works.

*Unanimous.*

*Article 3.* Voted that the Town appropriate and transfer from Surplus Revenue the sum of \$21,100.00 for interest on temporary loans.

*Unanimous.*

*Article 4.* Voted that the Town appropriate and transfer from Surplus Revenue the sum of \$2,022.00 for payment of increased premiums on Blanket Insurance Policy for the Town.

*Unanimous.*

*Article 5.* Voted that the Town appropriate and transfer from Surplus Revenue the sum of \$1,341.00 for Workmen's Compensation Insurance.

*Unanimous.*

On a motion by Ronald R. Adams, and duly seconded, meeting adjourned at 7:12 P.M.

Miscellaneous Licenses issued				\$445.00

Ronald R. Adams  
Town Clerk

# PROTECTION FOR THE PEOPLE

## Police Department

To the Honorable Board of Selectmen:

I hereby submit for your consideration my annual Town Report for 1980.

With proposition 2½ facing all town departments, I feel it is appropriate and important for you the taxpayers of Bridgewater to get an overview of some of the accomplishments we have made during the past four years. Statistically you should be as pleased as I am with just a few of the important categories. (Due to the limits of space)

	1976	1977	1978	1979	1980
Auto Theft	93	79	51	83	49
Breaking & Entering	286	204	197	152	143
Robberies	9	4	6	5	1
Accidents Investigated over \$200	436	256	316	262	300
Fatal Accidents	0	4	2	3	1
Traffic Citations Issued	306	903	1,450	1,935	5,299
Parking Tickets Issued	1,745	1,892	1,648	2,127	1,322
				No	Tickets
					part of
					year
Arrests	232	226	263	347	433
Protective Custody		216	275	248	170

Although the number of arrests has almost doubled in the past three years, it is not the result of an increase in crime, but a more effective Police Officer on the streets utilizing his talents to the fullest. The decrease in the number of house breaks in the past five years while other towns have shown an increase is due to a more effective police patrol and an active crime prevention program geared to house breaks.

### FINANCES

	1976	1977	1978	1979	1980
Monies returned to the Town through licenses, reports, etc.					
Fiscal year	\$2,247	4,453	3,773	3,664	3,762
Monies returned to the Town from Court fines, etc.	No court reform		19,500	43,000	34,000
Monies returned to the Town from Budget, Fiscal year			31,400	39,800	not complete

### GRANTS

Grants received from 1977 to present through Governors Highway Safety Programs.

1. (2) Radar Units	\$1,000.00 each	\$2,000.00
2. (1) Breathalyzer		1,000.00

3. (1) Road Striping machine for Highway Dept.	3,500.00
4. (1) Safety Education-Audio-Visual Grant	2,700.00
5. (1) Highway Safety Van Truck and Equipment	8,700.00
6. (1) Traffic Counter	800.00
7. (1) Sign making machine for Highway Dept.	5,000.00

For a total of \$23,700 acquired through the Police Departments application of Highway Safety Grants.

In addition the Police Department received the following donations for special projects and implemented the following programs.

1. Bridgewater Business men donated \$1,300.00 for a photography darkroom and related equipment.

2. Bridgewater Business men donated \$600.00 for materials to build a workout room in the basement of the police station with the police officers donating much of the equipment.

3. The workout room was built by students from the Bristol-Plymouth Regional Vocational School who also reventilated the police firing range at no cost for labor.

4. Completely remodeled the communications room adding the new Emergency (911) phone system utilizing CETA help for construction.

5. Established a model Crime Prevention program and a very successful safety education program.

6. Instituted Oral Board Interviews similar to those used by the Mass. State Police for all new Police Applicants in an effort to select the very best personnel.

7. Regained our authorized complement of Police Officers after having lost nine men through retirements, promotions and terminations.

8. Regained our authorized complement of Sergeants in addition to filling the newly created Lieutenants position.

9. Instituted Team Policing on all shifts and a form directed patrol for Traffic Enforcement.

10. Implemented a Special Weapons Team which was invited to the F.B.I. Academy at Quantico, Virginia for training.

11. Implemented a Photography Unit, a Rape investigation unit and trained Officers in the following specialized fields. Crime Scene Search, Arson Investigation, Auto Theft, Hostage Negotiations, Hazardous Materials, Investigative

Hypnosis, Breathalyzer Operation and more than 150 other police schools dealing with just about every phase of Law Enforcement. In addition, all staff personnel, Sergeants, Lieutenant and Chief successfully completed the Command Training School at Babson College in Wellesley, Mass. dealing with management and leadership in Law Enforcement.

Out of a complement of 26 full time personnel, three officers have at least one year of college and thirteen others have two or more years of college in a law enforcement field.

I do not want to lure you into a false sense of security due to the reduction in crime during the past couple of years. However these results were brought about through the efforts of a small group of dedicated policemen who maintained an aggressive patrol and followed through on investigations.

The crime rate goes up much easier than it comes down and any change in the work force can drastically effect this.

In comparison to other college communities of similar size and geographical make-up our department is under manned.

Last year the taxpayers at our annual town meeting voted to add another policeman to the department; however due to proposition 2½ I will not be able to fill the vacancy as this money will be needed to offset part of my budget reduction due to proposition 2½.

I do hope you the taxpayers and final decision makers at the annual town meeting will support your police department as you so often have done in the past.

In closing I would like to thank all of the members of the Police Department and those who are not; but contributed towards another fine year for the Police Department and its Town.

Respectfully submitted,

William P. Ferioli  
Chief of Police

### INCOME FOR 1980

284 copies to Insurance Co.	\$2,272.00
98 Permits to Carry	980.00

## Fire Department

To the Honorable Board of Selectmen:

I herewith submit the annual report of the Bridgewater Fire Department for the year ending December 31, 1980.

### PERSONNEL

The permanent personnel of the Department consists of the Fire Chief, Deputy Chief, Two Captains, Three Lieutenants, Nine Firefighters, Thirteen E.M.T. Firefighters, Call Firefighters and the Chief is also the Forest Warden for the Town.

### APPARATUS

Consists of Engine #1, a 1972 Maxim 1,000 G.P.M. Pumper, Engine #2, a 1967 Maxim 1,000 G.P.M. Pumper, Engine #3, a 1979 Maxim 1,000 G.P.M. Pumper, Ladder #1, a 1979 Maxim 100 ft., Aerial Ladder, Rescue #1, a 1963 Metro, a 1962 Boat with an outboard motor (for water rescue), the Chief's car, a 1977 Ford, Forest Fire #1, a 1965 Dodge (with 4 wheel drive), Forest Fire #2, a 1980 Ford (with 4 wheel drive), and a 1976 Chevrolet (Horton) ambulance.

## FIRE ALARM SYSTEM

The fire alarm system is a Gamswell closed circuit that has at present 79 fire alarm boxes, 27 of which are connected to the internal circuits of certain buildings. The central station panel is a 10 circuit unit with 7 circuits now in use. The system has a battery back-up system plus the emergency stand-by generator. About 90% of the fire alarm wiring is overhead on the Telephone Company's poles, the remaining 10% is underground. This past year on Circuit #5, we replaced approximately one mile of the old iron fire alarm wire with new wire. I hope to be able to continue replacing about one mile of wire each year until all of the old iron wire (now more than 50 years old) has been replaced. All boxes were tested, lubricated and necessary repairs were made. All circuits were patrolled regularly and corrections were made. The system was kept clear from all grounds.

## RECORD OF ALARMS

The Department responded to 929 calls for the ambulance, 877 calls for fires and 117 service calls for a combined total of 1,923 runs for the calendar year 1980. A more detailed breakdown is as follows:

Fires	13
Smoke	12
Appliances	18
Gas Odor	9
Oil Burner Problems	12
Wiring	4
Hanging or arcing wires	6
Chimney Fires	29
Wood Stove Fires	9
Food on Stove	12
Grease Fire	8
Electrical Fires	3
Wastepaper basket fires	2
Window Curtain Fire	1
Short Circuit	2
Motor Vehicle Fires	
(including vans, trucks)	40
Motor Vehicle Accidents	65
Washdowns (gas, oil)	17
Arson	9

Halifax		1
	12	23

## INSPECTIONS

Inspections as required by State Law were made of schools, public buildings, the Massachusetts Correctional Institution, nursing homes, college and other specified establishments. Fire drills were held and observed at all schools.

There were 301 wood burning stove inspections and permits issued. All new homes prior to occupancy were inspected for fire alarms and oil burner installations as required by law. Many other inspections were made in conjunction with Mr. Walter Zaverucha, the Town Building Inspector, Mr. Charles Herbert, the Town Engineer, and Ms. Nancy Oliveira, the Board of Health Agent. Their cooperation and that of their respective departments is herewith acknowledged.

## FIRE PREVENTION

Fire prevention programs were held at the local schools and at the Public Library, along with the film "Learn Not to Burn" and Smokey the Bear as added attraction in presenting the program again this year.

All complaints of violations of fire prevention rules and regulations were investigated.

During the year the officers and men have attended fire related and E.M.S. seminars. They have also attended schools offered by the Massachusetts Firefighting Academy. Five men have been enrolled in the Fire Science Program at the college level. All firefighters are first responders and have been recertified in C.P.R. as mandated by State Law. The E.M.T.'s are continually working toward their recertification as required by law.

Donald Buck and James Wood attended many hours of school to become E.M.T.s (Emergency Medical Technicians). They passed the National Registry exams on May 31, 1980, and were certified as E.M.T.s.

## BUDGET REQUESTS

I have again recommended and requested funds in the fiscal year budget for 1981-1982 to have the fire alarm extended from Box 48 at Winthrop Avenue to the Scotland Store area. In light of the anticipated growth of the Scotland area which includes the Industrial Park, the new Route 495 and the housing developments, I feel that the alarm system would be a vital safety factor. I have also requested funds to replace the 1976 ambulance. Funds are also being requested for pages for the men.

## SPECIAL NOTES

On Oct. 31, 1980, the new Forest Fire truck was delivered. This is a Ford 4 wheel drive built by the Continental Fire Apparatus Co. in Hopkinton, Mass.

During the year of 1980, I collected and turned over to the Town Treasurer the sum of nine thousand eight hundred and seventy dollars (\$9,870.00). This money was collected for some of the false alarms that we responded to during the year.

In conclusion, I wish to thank your Board, the various Town Departments, the townspeople and the officers and men of the Fire Department for their loyal support during the past year.

Respectfully submitted,

Clarence A. Levy  
Chief

## Building Inspector

To the Honorable Board of Selectmen:

I herewith submit my annual report for the year ending December 31, 1980.

A total of 308 Building Permits were issued with a total estimated construction cost of \$1,986,406.00. It is my considered opinion that this sum does not represent the true assessable value of new construction in 1980 since actual costs tend to exceed estimated costs by a substantial amount. I feel that at least \$2,500,000.00 would be a more accurate estimate of the value of new construction.

A total sum of \$7,385.00 was submitted to the Town Treasurer as follows:

TOTAL PERMITS ISSUED:		656
	<b>TOTAL FEES</b>	
308 Building Permits		\$5,625.00
51 Occupancy Permits		510.00
46 Certificates of Inspection		1,250.00
251 Stove Permits		N/C
Total fees submitted		\$7,385.00
Single Dwellings	31	\$1,157,200.00
Duplex Dwellings	1	40,000.00
Additions & Alts. (Res.)	86	321,103.00
Garages	16	79,600.00

Swimming Pools	33	96,725.00
Chimneys	72	36,375.00
Storage Sheds	23	7,090.00
Cabanas	2	1,000.00
Screenhouses	2	1,200.00
Trailers—temporary	1	8,000.00
Solar Energy Systems	6	11,870.00
Agricultural Buildings	3	4,750.00
Commercial Bldgs. (new)	2	145,000.00
Commercial Additions & Alt.	6	62,000.00
Snack Bars	1	3,000.00
Signs	11	3,493.00
Demolition	12	8,000.00
	308	

Total Estimated Cost of Construction \$1,986,406.00  
 Estimated Assessable Valuation of Construction \$2,500,000.00

Despite the decrease in the number of new single-family dwellings permits issued in 1980, there was a substantial increase in the number of permits for additions and alterations as well as increases in the number of permits issued for chimneys, storage sheds, solar energy systems, agricultural buildings new commercial buildings, commercial additions and alterations and signs. With the anticipated completion of Route 495, I foresee a steady increase in construction activity in the forthcoming years. Coal and wood stoves were popular again in 1980. Hundreds of preliminary inspections were made to issue stove permits jointly with the Fire Department. Stove inspections and permits are provided free of charge.

My deep appreciation is extended to all boards for the continued cooperation received. A special thanks to Frances Ring and Diane Sears for their secretarial help.

Respectfully submitted,  
 Walter J. Zaverucha  
 Building Inspector

## Sealer of Weights and Measures

To the Honorable Board of Selectmen:

### Scales and Balances

Over 10,000 pounds	7 Sealed
5,000 to 10,000 pounds	2 Sealed
100 to 5,000 pounds	9 Sealed
More than 10 and less than 100 pounds	28 Sealed
	2 Adjusted
10 pounds or less	9 Sealed

### Weights

Avoirdupois	13 Sealed
Metric	30 Sealed
Apothecary	16 Sealed

### Capacity Measures

Liquid Measures—1 Gallon or less 5 Sealed

### Liquid Measuring Meters

Inlet one inch or less Gasoline 81 Sealed  
 10 Adjusted  
 8 Sealed

### Oil and Grease

Inlet more than one inch & not more than four inches Vehicle Tank 10 Sealed  
 Yark Stick 1 Sealed

### Fees & Charges

Sealing Fees \$867.00  
 Fees Paid 842.00  
 Fees Unpaid 25.00

(Figures as of December 31, 1980)

Albert W. Hamlen  
 Sealer of Weights & Measures

## Dog Officer Report

Honorable Board of Selectmen and Citizens of Bridgewater

I hereby submit my report as Dog Officer for the Town of Bridgewater for the year ending December 31, 1980.

### Results of Investigation:

Complaints of dogs creating a nuisance	652
Strays picked up	360
Dogs claimed by owners	104
Fines paid	\$520.00
Dogs put to sleep, sold or new homes found	256
Persons' bitten by dogs	49
Livestock killed by dogs:	
Chickens	24
Rabbits	18
Goats	3
Pigs (small)	3
Calf	1
Total livestock killed	49

Respectfully submitted,

Wilfred Prouty  
 Dog Officer

## Wiring Inspector

To the Honorable Board of Selectmen:

I respectfully submit my annual report as the Inspector of Wires for the year 1980. A total of 292 permits were issued for a total of \$817.00. The latest edition of the Massachusetts Electrical Code was used as a basis for all inspections.

I appreciate the cooperation received by the Selectmen's secretarial staff who handle the permits.

Respectfully submitted,

Albert Greiner  
 Inspector of Wires

# FACILITIES FOR THE PEOPLE

## Highway Department

To the Honorable Board of Selectmen and Citizens:

The Highway Department is pleased to submit its annual report for the year ending December 31, 1980.

Our goal throughout the year has been to fulfill the needs of the citizens of Bridgewater. The numerous calls received by my office to assist the taxpayers were attended to as quickly as possible, however, I would like to add that without the cooperation afforded by my men to myself and to the general public, this could not have been accomplished. At this time I wish to acknowledge and express my thanks to my men for their untiring efforts throughout the year.

The workload for the year was as follows:

**DRAINAGE:** Complete or partial systems were installed on the following roads:

Forest Street—Phase I of a drainage project has been completed on the following road—(from Forest Street cutoff to Vernon Street) where 13 catch basins and 11 manholes were installed with approximately 1200' of various drain pipe.

Vernon Street—(from Beach Street to Crosby's)—Phase II was completed this Spring and Summer where three additional manholes, eight catch basins, and two headers were installed with approximately 930' of 12" pipe laid out. Drainage and Cross Trenches in these areas were filled with Bituminous Concrete in preparation for resurfacing next year. In the vicinity of 411 Laurel Street two catch basins were installed with approximately 100' of 12" pipe thus alleviating a water problem that had been predominant in this local. At 54 Flag Street a sluiceway was prepared by the men. At Summer and Laurel Street (by the railroad tracks) one manhole was installed with approximately 20' of 12" pipe. On High Street two catch basins were installed with approximately 60' of 12" pipe. Throughout the year our drainage systems are kept in proper working order with the continual cleaning by men and machines.

**ROAD RESURFACING:** After weeks of preparation, and utilizing a new process of crack filling, the following roads were then resurfaced with Type I surface material:

Marianne Drive, Green Street, Vernon Street, Fruit Street, Carver Drive, Atkinson Drive, Forest Street, Plymouth Street (Chapter 90), Crapo Street, Darlene Drive, Laurel Drive (Water to Auburn Street), Water Street (Flynn's Pond to Laurel Street).

Many tons of mix were used to lay berms along many of the Town roads, and the newly resurfaced areas.

Also, the Infrared Heater Method was utilized in the following areas:

East Street, Vernon Street, Main Street, Spring Street, Spruce Street (1 driveway), Plymouth Street, Park Avenue Area.

**ROAD SEALING PROCESS:** A number of roads had to be sealed. Whenever we are unable to use Type I Mix, we supplement with this process, which helps hold the existing road surface together, until such time as monies are allocated for Bituminous Concrete. Having sprayed the road edges and gutters with herbicides the following streets were then patched, oiled, sanded, and rolled:

Depot Street, Water Street, Auburn St. Bridge, Cherry Street, Oak Street, Conant Street, Winter Street, Forest Street, Green Place, Cross Street, Hayward Place, Alden Square, Sylvan Terrace, Plymouth Street Extension.

**ROADSIDE MAINTENANCE:** A finish top of Bituminous Concrete was laid on the following sidewalks:

Burrill Avenue, Fiske Drive, Douglas Drive, Arrowhead Drive, Marianne Drive, Broad Street (from K. of C. Hall to railroad tracks) & Main Street (from Hemlock Drive to the Square). The sidewalk on School Street was repaired and a cement finish was applied.

Other maintenance work that was done by the Highway Department included the following: laying of curbing at the curve at Plymouth and Mill Street (Chapter 90); mowing; fertilizing; liming of the Towns seven abandoned cemeteries, and Alden Square; trash pickup from the roadsides and Common area; weekly sweeping of the Common Area and other Town Roads; mowing the sides of the road, loaming and seeding road shoulders. Also, during the month of November the men and machines of the department cleaned the sidewalks and gutters of leaves and picked up all bagged leaves throughout the precincts on a rotating system.

**SIGNS:** The Vacuum Applicator (sign machine) which was acquired through the Governor's Highway Safety Program, has proven itself to be invaluable to the Highway Department. To date we have made up approximately 250 street and regulatory signs. However, this continuous replacement of signs, because of excessive vandalism, and traffic accidents, have become acutely expensive to this department due to the spiraling cost of material.

**SNOW AND ICE:** Despite having had an extremely mild winter during the first three months in 1980, the Highway Department had sanded the roads 22 times. This would be approximately 4,384 tons of sand with a 20% salt mixture. Plows were called out only three times during the same three months. The last months had little or no accumulative amounts of snow, however, because of rainfall, coupled with freezing temperatures at night, our sanding crews were out much more often.

**PLANNED SUBDIVISIONS:** Many inspections were conducted by Town Engineer, Charles Herbert, and myself due to uncompleted items in the subdivisions. Minimal work still has to be completed before acceptance of these roads can become finalized. The Planning Board is withholding funds to cover completion work. I have attended many meetings of the Planning Board and have made myself readily available to assist the Board whenever needed, with suggestions and recommendations in reference to subdivisions.

I have worked in conjunction with Town Engineer on various easements and drainage problems throughout the Town. I have attended many meetings with State and County officials on programs for the benefit of the Town of Bridgewater.

**MECHANIC:** Our mechanic has worked diligently throughout the year overhauling and doing preventative maintenance on our trucks and equipment, thereby keeping them in excellent operable condition. He has proven himself to be a great asset to the Highway Department.

**CONCLUSION:** In conclusion I express my profound appreciation for the support afforded me by the Board of Selectmen, Boards, Commissions, Department Heads, all Town Departments and Town Employees for their cooperation and assistance during the year 1980.

Lastly, in reference to Proposition 2½ it will be very difficult to continue all the services and requests which we have been able to fulfill in the past, but we will do our utmost to give the services that the citizens are accustomed to with the greatest emphasis for the welfare and safety of the public.

Respectfully submitted,  
Albert Beninati  
Superintendent of Streets

## Water Department

The year 1980 was unusually busy for the Water Department. Service crews worked diligently to repair the many leaks which developed. There were several major line breaks during 1980 where department personnel worked around the clock to repair damages. The water ban was finally lifted in July upon completion of the Nitrate Removal Plant at High Street. The removal process has allowed the Town to return to service its largest producing well which was closed several years ago due to the concentration of Nitrates.

Although our water supplies have remained adequate, the Water Department in conjunction with its consulting engineers is continuously searching for new sources of supply for the future. Currently the search has brought us to Lake Nippenicket, more commonly called the "Nip." The well drilling company has located a new well field in the "Nip" area. Tests are now being

conducted to determine the quality of the water. In response to the lifting of the ban, there have been numerous requests for new domestic service installations and renewals. The lifting ban also allowed the Water Department to initiate a flushing program to try to alleviate "rusty" water conditions in several areas of Town. The Department has been unable to flush for many, many years due to inadequate water supplied. With the ever increasing demands on the need for water, and with the high cost of maintenance and development of new well fields, the Board of Water Commissioners would like to stress the need for water conservation in the Town of Bridgewater. Our proposal for new water rates reflects this belief.

At this time, the Board of Water Commissioners would like to thank its employees and the many Town Departments and Boards for their cooperation and help during the year.

Edward J. Bevis, Chairman  
Alvah S. Tolivaisa, Clerk  
Charles J. Kane  
Board of Water Commissioners

## Town Engineer

To the Honorable Board of Selectmen:

During the year of 1980, although actual housing starts declined due to high interest rates, and additions and alterations increased, there was a very steady and health activity in the subdivisions through the Town.

Aside from the predictable number of gravel removal renewal requests, involving investigations and reports to the Board of Selectmen by both the Town Engineer and the Building Inspector, there was considerable activity in several other categories that necessitated investigatory procedures, plans, and written reports. We are continuing to pursue the status of our previous applications to the State DPW on the renewal and reconstruction of certain Town bridges under the State-Federal Bridge Replacement Program.

Other special projects for the Selectmen included an energy audit of town-owned buildings; Jon Ridder property on Cross Street for the developing a pond for fishing, skating, etc.; study of land off Roberts Road; Chaffe Farm; Scotland Industrial Park; Traffic and Parking Commission regarding Central Square; and meetings with Old Colony Planning Council pertaining to Flood Plain Districts.

Meetings were held with Planning Board, Board of Health, Highway Department and Building Inspector involving subdivision plans, septic systems, Cannons, drainage easements.

It has been a pleasure serving as Town Engineer with all Town boards and personnel.

Respectfully submitted,  
Charles R. Herbert, Town Engineer

# Sewer Department

This past year, 1980, has been one of numerous breakdowns and problems due to usage and to age of equipment. There was a breakdown with the mixing motor for the vacuum filter, which made the filter inoperable for three months, due to waiting period for the parts. With a breakdown of the Moyno-pump, the Stator support had to be replaced. Numerous problems arose with a 30 year old Carter piston pump. These problems have caused a sludge overload at the treatment plant that will be carried over into 1981.

The department also was required to replace comminutor screens, which work as shredders for incoming raw sewage. Painting and maintenance of the plant structure were also completed, but, due to the age, an overhaul of some of this equipment is in the foreseeable future. All tests required by Environmental Protection Agency and Water Pollution Control were performed, as were the daily chores and operation that are required to operate the plant.

This year more sludge is being died per day than in the past years. It is believed that this is due to an increase in solids coming into the plant, although the incoming flow has not increased considerably. This increase has meant operating the vacuum filter for longer periods of time. One improvement at the plant has been an addition of a chlorine alarm system. When completely installed, this system will notify the department if a chlorine leak occurs. This proves to be a precautionary safety feature for the plant. In addition to these duties at the plant, some of the plant personnel have assisted the Water Department in water line breaks, sewer plugups, water service leaks, etc.

In spite of the numerous mechanical problems and operating problems this past year, we were still able to maintain the plant in acceptable working order to meet the discharge permit requirements, as stated by the Environmental Protection Agency and the Water Pollution Control.

Edward J. Bevis, Chairman  
Alvah S. Tolivaisa, Clerk  
Charles J. Kane  
Board of Sewer Commissioners

# Plumbing & Gas Inspector

To the Honorable Board of Selectmen:

During the 1980, 153 Plumbing Permits and 122 Gas Permits were issued. While the number of plumbing permits showed a slight decrease over 1979 figures, the number of gas permits increased more than 50%.

All applications were filed in the Building Inspector's Office by licensed plumbers and licensed gas fitters and are inspected by the Plumbing & Gas Inspector to insure that all work conforms with the Massachusetts Code for Installation.

Respectfully submitted,  
Plumbing & Gas Inspector

Respectfully submitted,  
Edward F. Cruz  
Plumbing & Gas Inspector

# Library Trustees

If you are the kind of person who takes a careful look at statistics, you would see from one look at the 1980 library statistics that the Bridgewater Public Library is serving an ever increasing number of townspeople in every increasing ways. Registration figures are up, the attendance at programs has increased and the number of materials circulating continues to soar.

Library programs have been popular sources of free entertainment. The film program was well attended and the travelogues always attracted a good crowd. The Mickey Cochrane program was a fine salute to a local hero and the Italian program honored our Italian community. Next year for our fourth annual ethnic program we plan to center the program around the Irish.

The Friends of the Library deserve a special thank you for the continued excellence of the programs they provide and for their other contributions to the library.

We are fortunate to have an excellent staff at the library and an active Board of Library Trustees. Each member of the Trustees has contributed a considerable amount of his time to the library by attending special committee meetings, regular Trustee meetings and being on call to sign vouchers, etc. The members of the Board are Mary Jarvis, chairman; Thomas Chew, vice-chairman; Marcia Dinneen, secretary; J. John Buckley, Lorraine Daley, George Demers, Dorothy Dunn, Judith Gabriel and Grace Millet.

The Trustees are aware that a public service institution such as the library must work even harder to serve the increasing demands of the community. We urge *all* the citizens of Bridgewater to use this library and to discover for themselves what this fine library can do for them.

Respectfully submitted,  
Marcia Dinneen  
Secretary

# Report of the Library Director

1980 marks the beginning of a decade of scarcity of resources. This period will be a challenge for every institution. Management must be creative and innovative to operate efficiently. The public library, as a center for the sharing of information and materials, is becoming even more valuable to the community. As demands for library must look ahead to greater cooperation with other libraries and institutions to meet the informational needs of this community. (A complete edition of this report is available at the library).

**PROGRAMS.** In continuing the effort to not only be a center of information, but a place for recreation, the library sponsored many programs of significance during the year. Of special interest in the spring was an exhibition of photographs, clippings and other memorabilia honoring the late baseball star Gordon "Mickey" Cochrane. His life in Bridgewater and his baseball career were recalled in a program "Memories for Mickey Cochrane" presented by Harold Goodnough, noted baseball promoter and former Bridgewater resident. The third in our successful series of ethnic programs was also held in the spring. This year, the Italian-American community was honored. Selectmen David Canepa and Chief of Police Willian Ferioli reminisced about the Italian Community of Bridgewater; and the OSIA dancers performed the Tarantella and Quadrille. Another program of note was a special guest appearance by Amy Sue Linder, the reigning "Miss Massachusetts."

The 1980 edition of the library's Referral Directory funded by local banks, was made available to the community. It has also become necessary for the library to take stronger methods to insure that additional tax dollars not be expended to replace long overdue library materials. With the assistance of the Bridgewater Police Department and the Clerk of the Brockton District Court, the library has successfully retrieved many long overdue materials from delinquent borrowers.

**CHILDRENS ROOM ACTIVITIES.** Programming for preschool children included weekly story and toddler hours, as well as bedtime and holiday story hours. School age children enjoyed the many other special activities. Other continuing programs this year were school visits, story hours, Friday afternoon films and programs for nursery and special needs classes.

**FRIENDS OF THE LIBRARY.** Funds raised from the book fair were used to purchase equipment for the Childrens room. The Friends also funded the publication of the library's newsletter "Common Knowledge." Other projects of the Friends included the updating of the Master Calendar of town events and helping with the revision of the Referral Directory for 1980. Jean Novotny was elected president of the Friends for 1980; and elected to serve with her were Christina Ajemian, vice-president; Marion Phaneuf, recording secretary;

Carolyn Meaney, corresponding secretary; and Joyce Leung, treasurer.

**GIFTS AND ACKNOWLEDGEMENTS.** We would like to extend our thanks to the Ousamequin Club, the Garden Club and the CETA program. Quality library service is not possible without a concerned dedicated staff. Many thanks to Lucille Bousquet, Assistant Librarian; Elizabeth L. Gregg, Reference Librarian; and Diane L. Dugal, Technical Services; Mary Ann Albertine, Childrens Librarian. Also many thanks to Dorothy M. Poland, Clerk; Ralph Saunders Custodian and to our valuable Library assistants including Beth Baker, Frances Fanning, Ruth Gamson, Nancy Kranes, Betty Levesque, Marie Plouffe, Bonnie Prophet, Emily Scroggs and Patricia Venio; and to all the other staff members who worked for us.

G. Matthew Sperber, Director

## PUOSTO (A Place to Stand)

To the Honorable Board of Selectmen,  
and Citizens of Bridgewater:

Reviewing the basic goals and philosophy of Puosto during the past year brings light upon the fact that we have continued to follow in the same spirit as those community members who founded PUOSTO eight years ago. We have remained dedicated toward involving community members in all facets of our programs so that we are able to provide the services needed in Bridgewater.

During the course of the year our agency employed 15 staff persons, including a coordinator/family counselor; female youth counselor; youth counselor; two youth workers; hotline coordinator; hotline worker and other office workers. PUOSTO's Board of Trustees are made up of six local community members. We have also been fortunate to recruit 50 hotline volunteers during the course of the year. The volunteers came to us from the Bridgewater and college communities. We have also received two student interns from the local colleges.

The services provided by PUOSTO includes a general hotline, family and youth counseling, and a community education program. The primary focus of our counseling and educational program is the prevention and intervention of substance abuse. Our records show that the following has been recorded in this office in 1980:

Number of Hotline Calls	2,758
Number of Clients seen in Counseling	210
Followup	210
Number of Community Education Projects	25

PUOSTO will be continuing to provide these services in 1981, and it will also be available to respond to community concerns as they may arise.

Marcy Tannenbaum  
Coordinator/Counselor of PUOSTO, Inc.

# **BOARDS AND COMMISSIONS**

## **The Zoning Appeals Board**

To the Honorable Board of Selectmen and the Citizens and Taxpayers of the Town of Bridgewater:

The Zoning Appeals Board had approximately the same number and type of appeals for the calendar year 1980 as it did for the year 1979.

During the year 1980, the General Court passed, and the governor approved, the so called "Hazardous Waste Disposal Act," whereby a person, if all of the necessary permits have been granted as proscribed by the new act of the legislature, is entitled to a permit for the disposal of hazardous waste as a matter of law.

There is a question whether or not a zoning by-law is applicable and whether a zoning by-law can be amended requiring a special permit after a hearing by the Zoning Board of Appeals.;

The Board, therefore, strongly suggests the Selectmen appoint an ad hoc committee to study and report back whether or not this law is subject to local zoning ordinances, and, if so, to submit the necessary article requiring a special permit to issue by the Board of Zoning Appeals with necessary conditions and restrictions spelled out in detail by the amendment.

The Board suggests a Special Permit due to the fact that the question of "hazardous waste" is under the control of the state is a new statute and cannot be completely prohibited.

The Board further suggests the said ad hoc committee be composed of a member from the Selectmen, Planning Board, Board of Health, Conservation Commission, Industrial Development Commission, and four other members representing the geographical areas of the Town.

Respectfully submitted,  
Harold G. Peters, Chairman  
Philip W. Silva, Clerk  
Frederick H. Balboni  
Richard B. Pickett  
Paul H. Lyons  
Barbara Peddie, Secretary

## **Conservation Commission**

To the Honorable Board of Selectmen:

1980 was another exciting year for the Conservation Commission, In addition to having regular monthly meetings, there were numerous wetlands hearings and some complaints from Town Citizens.

We were most fortunate to have Mr. Jon Ridder propose the conversion of his sand pits off Vernon and Cross Streets into conservation areas. After meeting with Mr. Ridder, the Selectmen, Recreation Commission, Highway Department, Town Engineer, and Building Inspector, many thoughts were pooled and plans made for the acceptance of Mr. Ridder's offer. Mr. Charles Herbert, Town Engineer, prepared a detailed contour map showing the proposed twin ponds with a brook running between. At the present time, it seems that the most advantageous plan would be for conservation and passive recreation, with the option of developing the land later for active recreation.

In other exciting events cited, we have held hearings on the alteration of wetlands for Mr. Robert Gabriel and his industrial land at the old fireworks site on Bedford Street, and Milebrook Estates off North Street.

We have been asked to look into wetlands matters on the corner of Plymouth and Orange Street, Wood Street, Vernon Street, Old Forge Road, MacDonald's Landfill in Halifax, bordering on Bridgewater, and rare and endangered species at Lake Nippenicket.

Respectfully submitted.  
Lawrence B. Mish, Chairman

## Planning Board

To the Citizens of Bridgewater:

Due to the temporary slow-down of housing starts, inflationary trends and high interest rates, most of 1980 was spent monitoring the progress of some already approved subdivisions and the completion of others for acceptance at the Town Meeting.

A zoning change on Bedford Street to assist in future development and to correct several nonconforming establishments was submitted and approved by Town Meeting.

New subdivision proposals are coming before the Board on an occasional basis. These proposals are primarily for the continuation of existing subdivisions. This type of development requires our continued attention. The availability of numerous residential acres available for development within our community, along with the completion of Route 495, scheduled for next year, presents the Board with interesting if not difficult challenges.

Respectfully submitted,  
Bridgewater Planning Board  
Douglas H. Dorr, Chairman  
Richard Benton, Clerk  
William McArthur  
Victor Auglis  
Gerard Provost

## Historical Commission

To the Honorable Board of Selectmen:

During the year the Historical Commission continued its survey of the historical assets of the Town of Bridgewater, concentrating particularly at this time on the listing of old homes for the state inventory.

Toward the end of the year, discussions were conducted with the State Archaeologist and members of the staff of the Massachusetts Historical Commission concerning new federal regulations relative to the eligibility of properties for the National Register and their application to Bridgewater, especially to the Titicut Indian Site. Written instructions from the Boston office have been promised for the near future.

Respectfully submitted,  
Ralph S. Bates, Chairman  
Historical Commission

## Veterans Council

To the Honorable Board of Selectmen:

Memorial Day and Tri-Town Veterans Day Parades were held in a traditional manner, the latter hosted by the Town of West Bridgewater. We extend sincere appreciation to all who participated in making these traditional occasions a success. At this time we want to mention two Veterans who passed away, Basil Warren and Charles Hooper, Sr. These two distinguished gentlemen walked with other Veterans on Memorial Day and Veterans Day and we will miss them.

Again, as in past reports, we recommend a flag flying from the Town Hall, the town's official administration building.

Respectfully submitted,  
Clement LeClair, Chairman

## Herbert K. Pratt Fund

To the Honorable Board of Selectmen:

Following is the report of the Herbert K. Pratt Fund for the Bridgewater Fire Department for the year ending December 31, 1980.

The following members of the Fire Department were re-elected to serve as trustees for the year.

Robert Stone  
Robert Bumpus

James Levy  
Andrew Randall

Officers of the Board are:

President  
Secretary  
Treasurer

Clarence A. Levy  
Robert S. Stone  
Albert Lanzikos

Fund Total as of January 1, 1980	\$8,807.97
Interest	631.28
Total December 31, 1980	\$8,939.25

Respectfully submitted,  
Robert S. Stone  
Secretary

# HUMAN RESOURCES

## Coordinator of Elder Affairs

The Coordinator of Elder Affairs is located on the second floor of the Town Hall, and the hours are 9:00 a.m. to 5:00 p.m., Monday through Friday. Knowing the elderly population needs and trying to fill these needs is our goal and no problem is unimportant. We are able to reach our elderly through the monthly Newsletter, telephone calls, visitations, reassurance calls, outreach work, interviews, referrals, and personal contact. We offer assistance through our brochure, craft classes, health programs, crisis intervention, provider service agencies, information and referral work. Also available are recreational and seasonal bus trips. Seniors may partake of hot meals at Hemlock Drive three days a week when school is in session for luncheon meals. Home delivered meals are provided for the homebound. Elderly may seek help through our job bank, legal services and a telephone pal line.

We have a Senior Men's Group, Senior clothing Exchange Room, and a Project Room. This past year our "Friends of the Council on Aging" organization was started. The primary function of this group is to raise monies to be used in helping Seniors. The Council On Aging cannot raise money because they are a branch of town government, receiving funds as voted at the Town Meeting.

A variety of workshops are set up in this area to stimulate interest and to educate our Senior population in an effort to permit independent living for as long as possible.

The Coordinator applied for and received a grant in the amount of \$9,000.00 from the Department of Elder Affairs for a Coordinator's Aide.

### *Statistics:*

Visitations	663
Cases Handled	2,021
Incoming Calls	3,228
Hot Meals delivered	960
Volunteer Hours	1,597
Mileage	4,301.6
Visitors	1,862
Outgoing Calls	2,567
Volunteers	25

I wish to thank all the people who have helped me to achieve a fantastic year of service for the Bridgewater Senior Citizens. Volunteers played a very important part in this office and we encourage anyone who is interested to serve.

Respectfully submitted,  
Florence Collett

## Housing Authority

To the Citizens of Bridgewater:

Although the State has had another round of funding for Fiscal Year 1980, the Bridgewater Housing Authority was unsuccessful in their efforts to secure more housing for the elderly. The Federal Government, Department of Housing and Urban Development funded the Housing Authority thirteen additional Section 8 units, bringing the total to 39 units under the supervision of the Bridgewater Housing Authority. This program funds some elderly, but is mostly geared towards families of low income, which meet the federal guidelines. The Bridgewater Housing Authority will continue their efforts this spring to secure more elderly in the next round of funding.

Although funds for reconstructing the walks and curbs have not come through as yet, some detectors have been installed in all the apartments at Hemlock Drive as well as the 705 family housing.

The Bridgewater Housing Authority sincerely thanks the Selectmen for all their cooperation in helping the Bridgewater Housing Authority secure funds for housing, whether it be for elderly or low income, for without their cooperation it would be impossible. For this we are sincerely grateful. Our thanks also to the many departments for their help, including Mr. Beninati of the Highway Department, Mr. Zaverucha, our Town Inspector, Miss Nancy Oliviera, of the Board of Health, the Police and Fire Departments and to the excellent ambulance service who certainly had a very busy year.

Thank you all for your cooperation.

Respectfully submitted,

Matthew Striggles, Chairman

Stephen Bonfiglioli

Russell Madan

Joyce Marcus

Marie Perry

Ellen Arabasz, Executive Director

## Council on Aging

The Council on Aging was established by vote of a special town meeting on August 24, 1970. Since that time more than 50 people have served as volunteer members of the Council.

The COA has had to curtail some of its recreational activities during 1980 due to the increased costs and limited budget. Because of the high cost of transportation it was necessary to eliminate the fall foliage trip but a very successful holiday trip was held with a visit to LaSalette Shrine. The fall barbecue was not held in 1980 because of budget restrictions and it was decided to make Senior Citizens Day in the spring the major event for this fiscal year. The Council will continue to provide whatever recreational and educational programs the budget permits and will strive for maximum participation. However, seniors, like all other age groups, have differing needs and many simply do not wish to be involved in group activities. Special efforts are made regularly to interest new seniors in activities sponsored by the Council.

For all seniors, the information and referral service is always available to help with problems with social security, welfare, medical and many other areas where some assistance is needed or direction is required.

Our thanks to the Board of Selectmen and other boards and individuals in the town, as well as our many volunteers, for their continued cooperation in our efforts.

Respectfully,  
Joel Litvin, Chairman

## Veterans Services

To the Honorable Board of Selectmen:

The low unemployment figure ending at 4.7% had a somewhat ameliorating effect on expenses in 1980, although this is not generally a significant factor in Bridgewater, disability and illness being the predominant reasons for seeking benefits.

The cost of the program is only part of the total expended on behalf of local veterans. This cost is kept at the current level by the continuous pursuit of funds from supplementary sources such as Social Security, Supplementary Security Income, Medicare, Medicaid, fuel assistance and the placement of non-disabled veterans in CETA and the Division of Employment Security.

One of the larger contributory sources which tends to reduce our expenses involves grants from the Veterans Administration. These include compensation, pensions, hospitalization and medical and psychiatric treatment. The monetary benefit to the Town gained by taking advantage of these V.A. services exceeds our total expense.

Despite all these efforts to keep the bill down, the cities and towns still are charged with half the cost. How will the problem be handled in view of 2½? It is inconceivable that the veterans undergoing extreme hardship and who are not eligible for the above programs will be left with but a small hope in the future as the only salve to their suffering.j

To date, the State office has given us no information as to probable future procedure and it is unlikely that the department or any other State authority knows what the future will bring.

Possibly some change in Chapter 115 which governs the dispensing of services to veterans will help the situation.

Respectfully submitted,  
James A. Baker  
Veterans Agent

## Veterans Graves Officer

To the Honorable Board of Selectmen:

I herewith submit my report of the year 1980.

Markers and flags have been placed on the following graves.

### WWI

Reginald D. Leach  
Robert Doyle  
Basil Warren

### WWII

Bernard Schneider  
John V. Franz  
Maurice Stigh  
Lee Harrington  
Francis Waldron  
Stephen J. Hopkins  
Maurice Hall  
Jesse Munise  
Frank F. Lesnik

Frederick Sgro  
Edward J. Enos  
Francis B. Maloney  
John F. Higgins, Sr.  
Hollis B. Smart  
Adelbert E. Pollard  
Edwin H. Fitzgerald  
William Livingstone  
Milton Skillings

Respectfully submitted,  
Mario J. Ricci  
Veterans Graves Officer

# EDUCATION

## Bridgewater Public Schools

Bridgewater, Massachusetts

### NO-SCHOOL SIGNALS

Because State law now requires that all schools including elementary conduct sessions for a minimum of 180 days each year, the no-school signal will be used only when absolutely necessary. Schools will, therefore, be in session on most stormy days. Parents will have to decide on such days whether or not younger children should attend school.

1. The signal for no school will be sounded by the Fire Department at:

7:00 a.m. Grades K to 8  
6:45 a.m. High School

2. No-school announcements will be given on Stations WBET and WCAV-Brockton, WBZ-Boston, WHDH-Boston and WPLM-Plymouth; also, WCVB-TV 5, WATD (fm 96)-Marshfield and WBIM (fm 91.5)-Bridgewater State College.

3. Please:

a. *DO NOT* seek no-school information the night before the day in question; a decision is not reached until roads are checked out early in the morning.

b. *DO NOT* call the Police or Fire Departments; jammed lines could prevent an emergency call from reaching either department.

### DISMISSAL POLICY

Parents are alerted to the fact that occasionally because of severe weather or other emergency conditions school may be dismissed during the day.

It is impossible for the School Department to notify the parents of over 2,100 children prior to any emergency dismissal. Therefore, we suggest that parents work out plans with friends or relatives to care for their children in anticipation of such emergency dismissals.

### TOTAL MEMBERSHIP IN PUBLIC SCHOOLS, OCTOBER 1, 1980

# School Committee

To the Citizens of Bridgewater:

At a special meeting of the School Committee held on January 28, 1981 the Annual Report of the Superintendent of Schools for 1980 was received and approved.

This report together with appended data is the Annual Report of the School Committee for 1980.

Respectfully submitted,

Alfred W. Cronin  
Kevin J. Dalton  
Robert J. Gentile  
Arthur N. Wyman  
Eleanor J. Kairit  
Paul L. Chouinard  
Ellen J. Arabasz  
School Committee

# Superintendent of Schools

To the School Committee:

I submit for your consideration the Annual Report "of the conditions" of the Bridgewater Public Schools for calendar year 1980. This report is based on information gathered from the reports of the principals, supervisors and the director of pupil personnel services which are on file and available for your inspection. In addition, the School Committee minutes were reviewed in order to provide an accurate reflection of all activities. It should be noted that the Board of Selectmen requested a brief report from all town departments so that printing costs could be kept to a minimum. I, therefore, commend to the attention of the Committee and the citizens of the town the detailed reports of the administrators and supervisors which are incorporated herewith as a part of the annual school report.

This past year witnessed the continuation of the curriculum development programs initiated several years ago in the Reading and Mathematics content areas. The process of refining our curriculum objectives is a time-consuming and never-ending process. It is, however, an effort that must be undertaken in all curriculum areas. The committee on Basic Skills completed its task and submitted a plan for implementation which was approved by the Department of Education. Because of the fiscal situation, the quarterly elective subject program in grades seven and eight was significantly curtailed which resulted in the elimination of four teaching positions. In addition, Industrial Arts and Home Economics were dropped from the program in grades five and six. Grade five was reorganized into self-contained units at the Middle School.

With the opening of the new school year in September, an additional one hundred and seventy-five pupils were accommodated at the Burnell School thus returning the library at the Middle School back to its primary purpose. Enrollment dropped off slightly but is not dropping at significant rates as is the experience of neighboring communities. The maintenance department, augmented by the additional help in the summer, continued its excellent work in keeping the school buildings and grounds in good repair and appearance. The major project, the complete replacement of the gym floor in the Middle School Addition, was finished to the satisfaction of the physical education teachers.

I am continually impressed by the dedication of all the employees of the School Department. The degree of success that the schools have had has been due to the interaction, communication and cooperation between the staff and the community.

Because of the brevity of this report, it would be impossible for me to express the gratitude and appreciation to all of those individuals who contributed to the successful operation of the public schools. However, I would be remiss if I did not recognize the retirements of Mrs. Cora-lou Root, Mrs. Mary Chambers and Mrs. Nina Auglis. They had a significant impact on the lives of countless numbers of students and colleagues.

In conclusion, may I remind the citizens of Bridgewater of the many hours that the School Committee has spent in its deliberations over budgets and the policy-making concerns related to the Committee's responsibilities. The communication between the staff, the School Committee and the citizens has been healthy and productive. We will continue to pledge ourselves to providing an educational program that is of the same quality as in the past.

Respectfully submitted,  
Stephen J. Childs  
Superintendent of Schools

# Annual Report of the Bridgewater-Raynham Regional School Committee

This is the first annual report that a Bridgewater-Raynham Regional School Committee has written since the founding of the school. It has traditionally been the superintendent who has reported to the public. We write now because of the challenge of the

implementation of Proposition 2½, and, as of this writing, the unknown full effect upon the excellence of education that Raynham and Bridgewater have enjoyed. The people of both communities voted in favor of this proposition, and it is, therefore, the intention of this committee to meet this obligation, hopefully, without destroying either the academic disciplines, or the varied activities and sports programs, both of which have resulted in recognition for our students. The three superintendents have been meeting to coordinate their efforts and provide an articulated program K-12 for our students. More than ever, the need exists for cooperation at all levels: from School Committees, administration, teachers and the citizens of the two communities.

Soaring property taxes caused this revolt. Yet the primary cause of this rise has been the failure of the state government to fund fully the mandated educational programs and the formulas for reimbursement so painstakingly established. Chapter 70, which reimburses towns and cities for their educational costs, has been revamped, but the resulting effect has been to punish the small towns who are making a Herculean effort to sustain their educational systems. In addition, regional school districts have had to fight to receive full reimbursements for Chapter 492 and transportation, the past five years. We are now anticipating only 92% of the first and 53% of the second this year. At the same time, in the middle of this fiscal year, substantial tuition increases permitted by the state, have been announced for student placements under Chapter 766. This account has increased from \$18,500 to \$63,000 this present year.

The School Committee proudly notes the achievements of many of its pupils. The Wrestling, Girls' Soccer, Boys' Soccer and Baseball teams have all won League Championships. Our Cheerleaders have been successful in their competitions, both at camp and locally. Our Newspaper, The Regional Sound, won the Boston University Competition and received the Highest Achievement Award in Writing and Publishing in 1978-79 and again in 1979-80. Seven of our seniors received Service Academy nominations last June. Of our present senior class, David W. Cornwall is a semi-finalist in the National Achievement Scholarship Program for Outstanding Negro Students, and ten others have been commended. They include: Thomas A. Gallagher, Alexander D. Gray, Vera Hoffman, Mark D. Iafrati, Meri B. McIntyre, Christine F. Park, Kathleen M. Rocha, Jonathan M. Rubin, George W. Skogstrom. Three of our students were elevated to Eagle Scout rank: David McCabe, Andrew Niles and Frank Verhoorn III. Six of our students were selected to play in 1980 for All-State Music organizations: three for the orchestra, two for the band and one for the jazz ensemble. Thirteen students

successfully auditioned and participated in the Southeastern Massachusetts Music Educators' Association District Festival. Mary Vacher was selected to represent the state of Massachusetts as a member of the clarinet section of the 1981 All Eastern High School Band. Others of our student body took part in the New England Science and Humanities Symposium at the University of Massachusetts and the Presidential Classroom in Washington.

We can also point to community involvement in many areas. The dedication of the Cassiani Field House of the Edward F. Cameron Athletic Complex took place in November 8 in recognition of the family's contribution to our Region. This event was under Chairman James Dupont, Jr. and George Gurley. Parental concern focused upon proposed athletic policies and resulted in a two-community committee, augmented by administrators, coaches and students to review the athletic policies of the school, the coaches, the Old Colony League and to report to the School Committee in March. The Energy Audit Committee composed of chairman Arthur Wyman from the committee and several citizens from the two communities, in particular, Daniel Rumrill and John Dolan, recommended the services of Alonzo B. Read, Inc. The study cost \$10,000 and will result eventually in a savings of \$46,000 per year. We have been awarded a grant of \$48,633 to put the study into effect and are now eligible for further funding.

Recognizing that the computer is and will continue to grow as an all-important tool of our modern, technological society, a committee was formed under the chairmanship of Clifford Bettencourt, the superintendent and Dolores A. Trautman to solicit proposals for an analysis of Bridgewater-Raynham's needs in the matter of pupil literacy, department, central office, and business affairs usage. Price Waterhouse and Company was selected. They have provided the committee with a five-year phase-in program to provide the student body with a basic computer literacy, either to facilitate the students' entry to the job market or to prepare them for related post-secondary education; and, two, to realize the potential management improvements through computerization of certain school district administrative and business functions. The cost of the study was \$13,500 for the EDP Requirements Definition and \$11,500 for the EDP Systems Evaluation. We have delayed the implementation of the report because of the cost. Bridgewater-Raynham at the moment spends \$23,000 for computer services. This line item will probably increase.

The administrators and School Committee have agreed upon objectives for this year. They include among others: better public relations and the implementation of the energy report. The

administrators have been available to our citizens two Thursday evenings per week from 7-9. An Open House will be conducted in the spring with Parent-Teacher Conferences.

The one great objective of your School Committee is to preserve as much as we can, the programs which have gained Bridgewater-Raynham Regional School District its reputation these past 18 years. To do this, we need continued help and support from you, the public. We are now in crisis.

Respectfully submitted,  
Shoshanah Garshick  
Clerk

During the past eighteen years the Bridgewater-Raynham Regional School Committee has normally accepted the report of its superintendent to the member towns as the annual report of the school district. The School Committee has submitted a report this year directly from it to the member towns. The report from the School Committee is timely, concise and speaks to the issues. I concur with it and feel no need to elaborate or detract from it, and, therefore, respectfully submit this statement as an addendum to the Bridgewater-Raynham Regional School Committee's report.

I will at the conclusion of this academic year submit a Superintendent's Report directly to the School Committee for its consideration.

Respectfully submitted,  
Edwin Denton  
Superintendent

## Bridgewater State College

During 1980 Bridgewater State College observed the 140th anniversary of its founding with a number of special activities, including a week-long series of events in October which were shared by many of our friends and neighbors in the Town of Bridgewater. The interest and support of the people of Bridgewater in the life of the College has always been and will continue to be of great importance to us, and the College Community is grateful and appreciative to the citizens and officials of the Town.

In this year of anniversary and celebration it was especially fitting that the College and the Town could cooperate in a project of immense value to each. Through the combined efforts of students and faculty and townspeople, more than 500 households in the Town of Bridgewater received low-cost, no-cost energy savings ideas through "B.E.S.T."—"Bridgewater Energy Savings Task."

"B.E.S.T." was initiated in November by Bridgewater State College students William G. Mullen II and Keith Benoit. The project, based on similar successful programs in other communities in New England, was designed to acquaint people with various ways to reduce heating costs and conserve energy. The plan won the enthusiastic backing and support of Town officials and community leaders, who lent their efforts to help organize a total of sixteen workshops in Bridgewater which ultimately involved approximately 3,500 townspeople. This was a true success story in the long and amiable history of College-Town relations that now

It is with considerable pride that we point also to the fifteenth anniversary of the Town-College Committee. On a regular basis throughout the year Town officers and representatives of neighborhood organizations meet with faculty, students, and administrators of the College to share information, exchange ideas, and discuss matters of mutual interest. These meetings provide all of us with important insights and perspectives which, in turn, help maintain and foster the genuine spirit of cooperation that we enjoy.

We look forward to 1981 assured of the continued confidence and support of the citizens of Bridgewater.

Very cordially,  
Adrian Rondileau  
President

# HEALTH

## Board of Health

To the Citizens of Bridgewater:

The year 1980 has been a year of changes in the Health Department. Mr. John J. Colford became a member of the Board of Health in April, replacing Mr. John Meadows who did not seek re-election. Mrs. Margaret McGinn retired in November after thirteen years of dedicated service as Board of Health secretary and was replaced by Mrs. Virginia Matusen.

The past year has been a busy one for the Board of Health. A total of 47 applications for on-site disposal were issued by our office. Restaurant inspections have been conducted and will continue on a regular basis. Housing inspections have doubled over 1979 and has necessitated in a larger portion of the Board of Health's time being devoted to Housing Code enforcement.

In June, the Board of Health, along with DEQE representatives, held an informational hearing to discuss problems and complaints regarding Cannon's Engineering. Local residents and townspeople voiced serious concerns regarding the status of the operation which was placed under the direction of a court appointed receiver. The Board of Health has kept in close contact with state officials and will continue to monitor the activities of the operation in the future.

In conclusion, the Board of Health would like to express appreciation to all Board and Departments for their cooperation during the year.

Respectfully submitted,  
 Richard P. Ghelfi, Chairman  
 John J. Colford, Clerk  
 Roger P. Provost, Member  
 Nancy Oliveira, Agent

To the Board of Health:

The following is a summary of all clinics held during 1980 as well as other matters pertaining to public health:

Preschool Diphtheria-Tetanus-Pertussis Booster	5
Measles, Mumps, Rubella Vaccine	
Elementary Schools	5
Middle School	10
High School	3

Polio Vaccine	
Preschool	3
Elementary Schools	16
Middle School	50
High School	5
Tetanus-Diphtheria Booster	
Elementary Schools	46
Middle School	86
High School	128
Mantoux Clinics	
High School Seniors	30
Bridgewater residents and employees	180
Influenza Clinic	142
Lead poisoning screenings	112
Rabies Clinic (dogs)	325
Premature babies	10

Mantoux testing for Bridgewater residents and employees, lead poisoning testing for children one to six, and containers for bacteriological examinations are available in the Board of Health office.

According to Chapter III Section 6 of the General Laws, all contagious or infectious diseases are required to be reported to the Board of Health office.

Animal Bites	19
Chickenpox	3
Gonorrhea	(male) 10

Animal Bites	19
Chickenpox	3
Gonorrhea (male)	10
(female)	3
Hepatitis	2
Measles	1
Meningitis	1
Salmonella	3
Streptococcal Infections	34
Syphilis (male)	2
(female)	1
Whooping Cough	1

Follow-up is done on all reported diseases when indicated. House visits are made when advisable.

Respectfully submitted,  
 Mary A Fazio, R.N.  
 Public Health Nurse

# Visiting Nurse Association, Inc.

To the Honorable Board of Selectmen:

Statistics for the fiscal year of 1980 show a utilization of the services of the Bridgewater Visiting Nurse Association by 1.1% of the population. In 1979 the utilization was .6% showing an increase of .5%. Bridgewater is growing in population and the BVNA growth is shown in this utilization of services, the expanded hours of service and our community programs.

Comparison of home health care services for 1979 and 1980 shows the following:

	1979	1980
Nursing visits	2340	2673
Physiotherapy visits	208	178
Speech therapy visits	22	55
Occupational therapy visits	2	6
Home Health Aide hours	2751	3000½

For three years the Bridgewater Visiting Nurse Association has discussed merger with other area agencies but by August 1980 only two of the twelve original agencies remained actively working on merger. One agency served a population of over 100,000 and

Bridgewater serves a population base of about 20,000. The problems inherent in such dissimilar agencies resulted in the Board of Directors voting in January 1981 to withdraw from the merger program at this time. The agency will continue to seek a broader based home health care program.

Respectfully submitted,  
Eleanore D. MacCurdy  
President

## Inspector of Animals

To the Honorable Board of Selectmen:

I herewith submit my annual report as Inspector of Animals for the year 1980:

A total of 2,934 animals were inspected: 2,145 cows and heifers; 48 bulls; 205 beef cattle; 94 horses; 38 ponies; 3 sheep; 20 goats; 375 swine; 108 barns were inspected; 26 instate inspections; and 32 dog quarantines.

Respectfully submitted,  
Francis R. Copeland  
Inspector of Animals

# RECREATION

## Recreation Commission

To the Honorable Board of Selectmen and the Citizens of Bridgewater:

Two new members were elected to our commission in 1980. Miss Gena Guasconi, who was appointed clerk, and Mr. William Kairit, who will work on the development of natural resources recreational projects.

Legion Field now has an outfield fence on the big baseball diamond to make this field a true "Big League" field. The quality of this baseball field is attested to by the out of town teams that play here, looking forward to returning.

We had an excellent Summer Program, under the direction of Miss Ann Costa, assisted by Misses Jane Fournier and Sally Dooley. Over 350 families had children registered in the 5 to 12 age group. The daily average attendance was 85 children participating in many activities including arts and crafts, games, sports and story hours.

The Bridgewater Slo Pitch Softball League had its first season at Scotland Field and it was most successful. A tournament was held in September in conjunction with Scotland Days and it also was a success.

The commuter parking lot at the "Nip" is being pursued through the state and we have been assured that it will be a reality by the summer of 1981.

We would like to thank the Board of Selectmen and all other Town officials and departments who have helped us give the townspeople the best of recreational facilities.

Respectfully submitted,  
Andrew Fruzzetti, Chairman  
Robert Blakeley, Vice Chairman  
Gina Guasconi, Clerk  
Leonard Wood  
William Kairit

## 1980 Summer Swimming Program

To the Recreation Commission:

Approximately 1,000 children and adults participated in the 1980 Bridgewater Summer Swimming Program conducted at the Bridgewater State College pool from June 12 through August 8th.

A total of 128 American Red Cross certificates were earned during the season in the following classifications: 82 beginners, 16 advanced beginners, 14 intermediates, nine swimmers, two in basic rescue and water safety, and five in advanced life saving.

Special activities included synchronized swimming and competitive swimming. Special events conducted included a synchronized swimming workshop, a series of inter-town competitive swimming meets, the annual Jaycees swimming meet, a relay carnival, a synchronized swimming festival, the annual water shown and the synchronized swimming show.

Respectfully submitted,  
Harry Lehmann, Director  
Bridgewater Summer Swimming Program

## Bridgewater Arts Council

Since House Bill #6861, signed into law by Gov. King on November 15, 1979, established a new lottery whose benefits would go to the cities and towns for the support of various arts disciplines (visual, performing and literary), communities without an established group or council, were required to appoint one by April 30, 1980. The council would consist of at least five persons, no-salaried, and appointed for a term of two years, renewable twice.

We applied and were appointed. Since our appointment, we have held eight meetings in 1980, starting July 30, 1980. We meet approximately every two weeks on Thursday evenings from 7-9:00 p.m.

Letters requesting input and defining our purpose were sent out to local schools and every group listed in the Town Referral Directory prepared by the Public Library. We also distributed a survey form in the Library and College Library. As we have no operating budget, this required personal expenditure from the Committee members.

Funds which we will get from the State Arts Lottery will be used for local cultural projects based on application to the Committee, audition or portfolio, and curriculum vitae of the person or group making the application.

We plan to continue on the same schedule and with the same goals. We welcome attendance at our meetings by interested citizens of Bridgewater.

Robert Barnett, Chairman  
Ann Ford  
Ellen Scopa  
Beth Silvercloud  
Ina Mish, Secretary

I would like to express my gratitude to the Board of Selectmen and all other Departments for their cooperation, and to Mrs. Lily Gutauskas, Mrs. Mildred Carrigan and to Mrs. Jo-Ann Whittemore for their assistance and support during the year.

Respectfully,  
George A. Belcher  
Town Accountant

## Assessors Report

The Town now has a valuation of \$154,344,241. The increase in the Tax Rate is due to the increase in the amount to be raised over last year of \$283,141.82 which amounts to about \$1.83 on the tax rate. The Assessors picked up \$4,067,156.00 in new valuation which amounted to a \$1.13 drop in the Tax Rate. The \$1.83 minus the \$1.13 picked up by the Assessors accounts for the \$.70 raise in the Tax Rate of \$44.00.

This past year we issued 108 abatements for persons over 70 years of age; 144 Veterans; 6 Clause 17; 8 Clause 18; 2 Clause 22A; 8 Clause 22E; 2 Clause 22A; 8 Clause 37, and 2 Clause 41A. This year we will inspect and assess 308 permits that were issued by the Building Inspector. These permits are for new houses, garages, additions, sheds, swimming pools, etc. We also have many partials from last year that have to be assessed.

With the enactment of legislation, better known as "Proposition 2½," property taxes levied by local government units will be limited beginning in fiscal 1982. Chapter 580 requires the limitation to be measured against a community's full and fair cash value; and since its provisions will first be effective with the fiscal 1982 tax bills, the determination of value will be made as of the assessment date of January 1, 1981.

The preliminary full and fair cash valuation of each city and town as of January 1, 1981 has been determined by using its final 1980 Equalized Valuation updated to January 1, 1981 by a uniform inflation factor of thirteen (13%) percent except in those communities where an approved revaluation program has or will be completed for fiscal 1981 or fiscal 1982, in which case those new certified full and fair cash value figures will be substituted for the preliminary numbers.

After eighteen years of dedicated service to the Town, both as Assessor and Selectman, Henry L. Cormier retired December 31, 1980. During his years of service to the Town, Mr. Cormier was well respected for his abilities, dedication and fairness. He will be missed by his associates and office staff. Upon his retirement, John L. Revil was voted by the Board of Assessors to Chairman of the Board and full time Assessor. Mrs. Rose J. Bevis, Chief Clerk in the Assessors Office was appointed Assessor to fill the vacancy created in the Board.

Mr. Revil, Mr. Anacki, and retired assessor, Henry L. Cormier, wish to express their appreciation to Mrs. Rose J. Bevis, Chief clerk, and Vincent Damon, Assessors Clerk, as well as to all others who have in any way been of assistance in the Assessors Department during the past year.

Respectfully submitted,  
John L. Revil, Jr. Chairman  
Anthony P. Anacki, Clerk  
Rose J. Bevis, Member
