DEDICATION

The Board of Selectmen is very proud and honored to dedicate the 1982 Annual Town Report to the following men for their dedication and unselfish service to the citizens of Bridgewater.

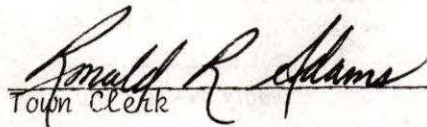

TOWN DOCTORS: Dr. Hector B. Douglass who retired in July, 1981 after 43 years of service to the Town, and

Dr. Leo Zalon who retired in September, 1982 after 45 years of serving the Town.

These men shall forever be remembered for their deep personal concern and excellence of professional expertise given to the care of their patients throughout the years.

Selectmen

TO THE CITIZENS OF BRIDGEWATER:

The following Town Report is hereby submitted for the year 1982. The past year has been a very busy one and we were faced with many challenges but feel much was accomplished.

The clean-up at Cannon's Engineering was a major accomplishment and one that we fought long and hard for. Jet Lines of Stoughton began removing the hazardous wastes from the plant in October after being awarded the contract by DEQE. We thank Representative Allan Chiocca, Senator Edward Kirby, Fire Chief Clarence Levy, Health Agent Nancy Oliveira and the ad hoc Hazardous Wastes Committee for their assistance in resolving the matter.

In November the final sections of I-495 were officially opened into Bridgewater and surrounding towns. The new road will attract much needed industry to the Town resulting in increased employment and tax revenue. Our intent is to carefully monitor the businesses coming into Town with the ultimate goal being to allow only the highest quality firms to base their operations in Bridgewater.

The Town was most fortunate this year in its receipt of grant awards. A Salt Storage Shed grant was awarded to the Highway Department in July, and is now under construction at the Highway Garage on Spring Street. A Revitalization Grant in the amount of \$293,000 was awarded by the Department of Construction and Transportation in September that will enable the Town to cold plane and resurface Broad Street. Also, to resurface the road around the Common, install granite curbing and concrete walkways.

The Board was recently informed that the construction of the new Park and Ride commuter lot in the Lake Nip area is scheduled to start in the early Spring of 1983. The facility will be funded 100% by Federal and State funds

and will be utilized by over a dozen area communities. Planning for the project began in December of 1979 and was faced with many obstacles, the final one being acquiring a parcel of land adjacent to the site owned by the Department of Natural Resources. A bill was filed and passed through legislature authorizing the Town to acquire the land thus the bids finally went out and the contract was awarded to T. L. Edwards of Avon at a price of \$75,000.

The Street Lighting Committee is still in effect. Although we have turned some lights back on due to safety factors, we are realizing a savings. The Town is in the process of converting sodium vapor lights for mercury vapor lights with an estimated savings of \$6,400, and Bridgewater State College has accepted the responsibility for seventeen street lights in the College area previously paid for by the Town, saving a substantial sum of money.

The Selectmen have maintained excellent communications with the College community. Town and Gown meetings are held throughout the year at which time many matters are discussed and resolved. A bill was passed through legislature in December to allow the Trustees of the College to spend up to \$200,000 for the reconstruction of Burrill Avenue which is the main access route to a major portion of the campus, therefore, as you can see the College has been most cooperative and helpful to the Town.

Student Government Day hosted by Bridgewater State College, Bridgewater-Raynham High School and Representative Chiocca is a highlight of the year to Town officials and employees. High school students take over Town Government for one morning in May and we find they are very aware and mature in the handling of Town affairs.

Although in the second year of Proposition 2½, we are proud to say we have succeeded in maintaining superior services within the Police, Fire and Highway Departments even though they are working with limited budgets and reduced manpower. We thank all Town employees for their dedication and loyalty to the Town in these difficult times. We did manage to acquire a new ambulance for the Fire Department which we feel will be an asset to the Town. Our ambulance service has proven time and time again to be one of the best in the area.

As usual in times of need Townspeople "pull" together and it was never more evident than in the past year. Our Christmas Lighting account was cut due to budget limitations. The Lions Club and Bridgewater Improvement Association offered their services and money to give the Town one of the finest Christmas displays in the area. They not only decorated the center of Town, but repainted and replaced many of the figures in the manger and on the Common.

On November 12th Jamie Fiske Day was proclaimed in the Town of Bridgewater. Jamie, the daughter of Charles and Marilyn Fiske, underwent a liver transplant operation at the University of Minneapolis Hospital. The Townspeople's hearts went out to this courageous family and

they offered their time, money, efforts and prayers to make Jamie Fiske Day a huge success. A miracle occurred, Jamie came through the operation with "flying colors" and is well on her way to a healthy and happy future, and we thank everyone in Bridgewater who helped Jamie in any way.

The Board of Selectmen hold regular posted meetings every Monday evening at 7:30 P.M. in the Selectmen's Office as well as many other meetings, public hearings, etc., as required throughout the year. Our office is open to the public during the day and we invite the residents of Bridgewater to come in if they have a request or complaint and they can be placed on the Selectmen's weekly agenda or meet with any one of the Selectmen during the day.

We thank our very capable secretarial staff, Joan Leombruno, Chief Clerk and Janet McElroy, Clerk-Stenographer who handle the daily functions of the office efficiently and assist the public in a professional and courteous manner.

Also, we are grateful to have dedicated employees, department heads, commissions, boards, and committees who have given their time and effort to provide excellent services to the citizens of the Town.

In closing, we would like to state that we have strived to do our best to carry out the responsibilities of the Board of Selectmen to make our Town a better place to live for all of us.

John R. Hickey, *Chairman*
Robert E. Wallace, *Clerk*
David A. Canepa, *Member*

Special Town Meeting

UPPER TOWN HALL

MONDAY, MARCH 15, 1982

7:00 P.M.

The meeting was called to order by the Moderator, Mr. John E. Heslin. The Warrant was read by the Town Clerk, Mr. Ronald R. Adams.

Article 1. On a motion by Mr. William Burns and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$1,700.00 to the Fire Department Fuel and Lights Account for the remainder of the fiscal year.

Unanimous

Article 2. On a motion by Mr. John Cabral and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$2,500.00 to the Academy Building Fuel and Lights Account for the remainder of the fiscal year.

Unanimous

Article 3. On a motion by Mrs. Pauline Jacintho and duly seconded, it was voted: That the Town vote to

appropriate and transfer from surplus revenue the sum of \$2,000.00 to the Town Hall Fuel and Lights Account for the remainder of the fiscal year.

Unanimous

Article 4. On a motion by Mr. Paul Chuckran and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$30,000.00 to the Highway Department Street Lighting Account for the remainder of the fiscal year.

Unanimous

Article 5. On a motion by Mrs. Avis Madan and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$2,106.00 for Blanket Insurance.

Unanimous

Article 6. On a motion by Mr. John Cabral and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$57.35 for Accounting Department secretarial chair.

Passed

Article 7. On a motion by Mrs. Pauline Jacintho and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$5,000.00 to the Highway Department Salt Calcium Chloride Gravel Account for the remainder of the fiscal year.

Unanimous

Article 8. On a motion by Mr. Michael Kent and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$5,000.00 to the Highway Department Snow & Ice Truck Hire Account for the remainder of the fiscal year.

Unanimous

Article 9. On a motion by Mrs. Avis Madan and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$1,500.00 to the Highway Department Equipment and Repairs—Road Machinery Expenses Account for the remainder of the fiscal year.

Unanimous

Article 10. On a motion by Mr. Joseph Kublicki and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$3,000.00 to the Highway Department Equipment and Repairs/Snow and Ice Account for the remainder of the fiscal year.

Unanimous

Article 11. On a motion by Mr. William Burns and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$1,800.00 to the Ambulance Billing Account for purposes of payment of expenses incurred incidental to ambulance purposes.

Unanimous

Article 12. On a motion by Mr. William Burns and duly seconded, it was voted: That the Town vote to transfer \$28,000.00 from funds allocated and appropriated for testing of hazardous materials at Cannons Engineering, and apply to the Curbside Rubbish Collection Account, to be expended for maintenance of the Transfer Station, for the balance of the current fiscal year.

Passed

Article 13. On a motion by Mr. Paul Chuckran and duly seconded, it was voted: That the Town vote to appropriate and transfer from surplus revenue the sum of \$9,804.00 under the provisions of Chapter 351, Acts of 1981, for fiscal year 1982, such sum to be in addition to the sum of \$42,688.00 voted at the October 14, 1981, Special Town Meeting, for work on State Aid Highways in the Town of Bridgewater as allocated by the Commonwealth of Massachusetts Department of Public Works, and that any amount received from the Commonwealth of Massachusetts in reimbursements thereof be returned to the treasury.

Unanimous

Item	Recommended 1982-83
245. Bristol Plymouth Vocational Expend.	3,719,314.00
- Estimated Receipts	1,949,316.00
Total Assessment	1,208,010.00
Bridgewater Assessment (.1465)	176,973.00

On a Motion by Dr. Edwin Denton and duly seconded, it was voted for a reconsideration on Line Items 1 through 214 and 230 through 274, in hopes it would not prevail.

So Voted

Article 16. It was voted that the Town raise and appropriate the sum of \$150,000.00 to be invested in the Stabilization Fund and that the sum of \$50,000.00 be transferred from Overlay Surplus and the sum of \$100,000.00 be raised from Revenue.

A Motion was made to take Articles 24 and 25 out of sequence.

So Voted

Article 24. It was voted that the Town amend the Wage and Personnel Board By-Laws as reported by the Wage & Personnel Board at a Public Hearing held on June 11, 1982, as read, including the amendments thereto.

Article 25. It was voted to Table this Article until June 21, 1982, Town Meeting.

At this time a Motion was made and seconded to adjourn the meeting. The meeting adjourned at 11:05 P.M. until Monday, June 21, 1982, at Bridgewater-Raynham Regional High School at 7:30 P.M.

Ronald R. Adams
Town Clerk

Adjourned Annual Town Meeting

MONDAY, JUNE 21, 1982

BRIDGEWATER-RAYNHAM REGIONAL HIGH SCHOOL

The Town Moderator called the meeting to order at 7:30 P.M., the Town Clerk read the notice of adjournment.

On a motion by John Noonan and duly seconded, to take Article 25 from the Table.

So Voted

Article 25. It was voted that the Town raise and appropriate the sum of \$2,148,153.85 for salaries of all employees under the jurisdiction of the Wage & Personnel Board; of said sum the sum of \$270,000.00 to be transferred from Revenue Sharing Funds, \$1,743,217.01 from Revenue, \$129,936.84 to be transferred from Water Receipts Reserved and \$5,000.00 transferred from Ambulance Fee Receipts apportioned and listed as Items 1 through 53, in the report of the Wage & Personnel Board.

Motion and duly seconded for Reconsideration on Article 24 and Article 25 in hopes it would fail.

Defeated

Article 17. It was voted that the Town will vote to raise and appropriate the sum of \$0 to be invested in the Unemployment Compensation Fund.

Article 18. It was voted that the Town vote to raise and appropriate the sum of \$62,714.00 to be used with the amounts allocated or to be allocated by the Commonwealth of Massachusetts, and Plymouth County, under the provisions of Chapter 351 of the Acts of 1981, and Chapter 732, Section 17(d) of the Acts of 1981, for resurfacing, improvement, construction and/or reconstruction of Bridgewater Streets as may be approved by the Board of Selectmen and Massachusetts Department of Public Works and that any amounts received from the Commonwealth of Massachusetts and/or Plymouth County in reimbursement therefor be returned to available funds in the Treasury.

Article 19. Previously voted upon at the June 14, 1982, adjourned Town Meeting under Line Item 191 - Miscellaneous Appropriations.

Article 20. It was voted that the Town vote to raise and appropriate the sum of \$5,000.00 for participation in the Brockton Area Association for Retarded Citizens, Inc. Programs.

Article 21. It was voted that the Town vote to raise and appropriate the sum of \$8,000.00 to be used to help defray the expenses for Supervisory Services of the Bridgewater Visiting Nurse Association, Inc.

Article 22. It was voted that the Town vote to raise and appropriate the sum of \$300.00 for the Community Gardens to be used to purchase seeds and plants for the Community Gardens at the land made available by the Commonwealth of Massachusetts on the MCI land.

Article 23. It was voted that the Town vote to raise and appropriate the sum of \$5,000.00 to be expended as Bridgewater's share for joining and sharing the operating costs of the Bridgewater, West Bridgewater and East Bridgewater Multi-Service Center for use by residents of the three Towns, the cost to be shared on a pro-rated basis.

Article 26. It was voted that the Town vote to apply for, receive and expend financial assistance to design and prepare construction documents for an upgrade of the Bridgewater Sewage Treatment Plant according to the accepted Step 1 Facilities Plan.

Article 27. It was voted in the event of the Approval by the Commonwealth of Massachusetts DEQE for upgrading of the Sewerage Treatment Plant as contemplated in Article 26, the Town vote to authorize the transfer of \$10,000.00 from remaining funds authorized under Article 13 of the Special Town Meeting for November 18, 1974, to the Water and Sewer Commissioners to defray such expenses as are not eligible for financial assistance in the upgrading of the Sewerage Treatment Plant.

Article 28. It was voted that the Town vote to raise and appropriate the sum of \$10,000.00 for rebuilding of the larger soccer field (old football field) at Legion Field.

Article 29. Previously voted upon at the June 14, 1982, adjourned Town Meeting under Line Item 187 - Miscellaneous Appropriations.

(These changes were made upon typographical errors.)

A motion by John Noonan, member of the Advisory Committee returning to Article 25. The corrected sums that were given to the house and voted by the Town Meeting a few moments ago, acquire one additional correction - *Line Item 48* as presented to you in the written copy, reads \$109,781.82 that figure should be corrected to \$132,793.16 which accounts for the difference in the total which we gave you earlier. Robert G. Clark, III. Town Counsel then spoke: For the record and I am just going over a couple of these motions that have been made just so that the Accountant and the Bureau of Accounts can have those amendments that were made on the floor, on the record.

In the first instance and although this has been reconsidered, the total is not going to change.

Under *Protection of Persons and Property* and I think Mr. Noonan made the motion and rightfully so, but I would like for the record to show that \$4,500.00 for Ambulance Billing was inserted in *Line Item 76* instead of it being

Crime Prevention Expense, and *Line Item 226* was brought forward into that motion, replacing *Line Item 85* which read in the Advisory Committee Report - Forest Fire Truck - so that instead of Forest Fire Truck, was the Ambulance for \$32,250.00.

Health and Sanitation - The next change or correction for the record will be under the Health and Sanitation Expenses - It is to be indicated on the record that these funds for *Line Items 100 through 107* are by vote non-segregated, but for the purpose of the Advisory Committee only \$20,000.00 was inserted as Salaries for Health Agent in *Line Item 103*, again repeating the entire sum of \$94,809.00 is non-segregated.

Highway Department - The total vote was \$293,056.00, under *Line Item 142* this is not changing, however *Line Item 142* was increased by vote of the town from \$1,485.00 to \$2,500.00.

Mr. Noonan then spoke - *Line Item 127* did not come out on the print of the Advisory Board's report, the sum that was voted and included in the bottom line is \$10,332.00.

Robert Clark - That is also a correction that \$10,332.00 Type I. Mix - *Line Item 127*.

Public Library - Total amount appropriated \$67,150.43 and there was a typographical error however because the figures after that do not add up and the sum of \$56,599.43 to be raised from Revenue should have been, (to come to the total of \$67,150.43) \$58,549.43 so that rather than \$56,599.43 being raised from Revenue, \$58,549.43 is raised from Revenue.

Recreation - Another typographical error rather than, and this was well stated, the sum of \$11,910.00 that appeared on the Advisory Report, the sum should read \$12,110.00.

Miscellaneous - As to Miscellaneous Expenses, the total of \$340,679.25 was appropriated, however, *Line Item 195* reflected on it only \$8,527.00, it should have read \$8,527.25.

Water and Water Commissions - Total appropriation \$364,629.35 to come to that figure *Item 251* should have been decreased from \$80,000.00 to \$67,992.57, again we are not changing total appropriations.

School Department - With respect to the School Department, I would make a motion that though not reflected on the Advisory Committee's report, that *Items 230 through 241* be segregated as set forth in the budget of the School Superintendent submitted to the Advisory Board and as now set forth on the document presented to me by the Chairman, they are all segregated.

		Recommended 1982-83

\$1,438,869.10 is appropriated and as reflected in the amended Advisory Committee's report, the supplementary sheet that was distributed at the time of Town Meeting last week (June 14, 1982).

Article 16. With respect to Article 16, and this which was not Reconsidered, the sum of \$150,000.00 was appropriated for the Stabilization Fund of which \$100,000.00 was raised by Revenue and \$50,000.00 was transferred from Overlay Surplus, I have had an occasion to determine whether or not it is appropriate to transfer from Overlay Surplus for this purpose and have come to the conclusion that it is not. Therefore, up to Town Meeting and one to make a motion to amend Article 16 by deleting from it the sum of \$50,000.00 as transferred from Overlay Surplus and inserting therein the sum of \$50,000.00 to be raised by taxation, so that the sum of \$150,000.00 is voted to be transferred to the stabilization fund of which \$150,000.00 is raised.

Voted as Amended

Motion for Reconsideration of Article 16.

Voted

Motion that all corrections read into the record by Robert G. Clark, Town Counsel be ratified and affirmed.

Voted

At this time a motion was made and seconded, to adjourn the meeting. The meeting adjourned at 8:10 P.M.

Town Clerk

Special Town Meeting

MONDAY, AUGUST 16, 1982

UPPER TOWN HALL, CENTRAL SQUARE
BRIDGEWATER, MASSACHUSETTS

7:00 P.M.

In pursuance of the published Warrant, the meeting was called to order at 7:00 p.m. by Town Moderator, John E. Heslin, Jr. The Town Clerk read the preamble to the Warrant and the Justice of Peace return.

Article 1. On a Motion by Michael Kent, it was voted that the Town take no action on Article 1 to re-classify and/or re-segregate expense accounts and expenses for

the Police, Fire and Highway Departments but not increase or decrease the total amounts of monies as voted by the Annual Town Meeting for the year 1982 for the Fiscal Year 1982-1983.

Article 2. It was voted that the Town authorize the transfer of \$7,000.00 from the Water Revenue Receipts Account to the Water Department Water Exploration 1982-1983 Account.

Article 3. It was voted to amend Article 3 by adding the words "or Water Revenue Receipts Account" after the word "Account". It was then voted that the Town transfer the sum of \$1,500.00 from the Water Receipts Reserve Account or Water Revenue Receipts Account for repair and restoration of service due to an emergency condition by reason of the rupture or explosion of a water main feeding the Nitrate Plant.

Article 4. It was voted that the Town authorize the transfer of \$3,500.00 from the Water Revenue Receipts Account to the High Street Treatment Plant Account to pay for professional services rendered for examination of financial statements of the Town of Bridgewater in conjunction with application for a construction grant pursuant to the Commonwealth of Massachusetts Water Facility Construction Act of 1978, which is 50% reimbursable.

The Meeting was adjourned at 7:26 p.m. upon a Motion made and seconded.

Fall Town Meeting

MONDAY, NOVEMBER 8, 1982

BRIDGEWATER-RAYNHAM REGIONAL HIGH SCHOOL

7:30 P.M.

The meeting was called to order at 7:30 P.M. by the Moderator. The Town Clerk, Ronald R. Adams, read the Warrant and the Constable's return.

Article 1. Voted that the Town appropriate and transfer from available funds the sum of \$1,000.00 to the Police Department Cruiser Account to provide the additional funds required for the purchase of a cruiser.

Article 2. Voted that the Town authorize the Board of Selectmen to petition the Legislature to enact an amendment to Chapter 449 of the Acts of 1979 by striking therefrom in Section 3, the words "five years".

Article 3. Voted that the Town appropriate and transfer from available funds the sum of \$3,500.00 to the Highway Department Expense Account for the purchase and installation of an alarm system at the Highway Garage.

Article 4. Voted that the Town appropriate and transfer from available funds the sum of \$6,200.00 to the Selectmen's Town Audit Account for the additional monies needed to complete the auditing of the Town Books.

Article 5. Voted that the Town appropriate and transfer from available funds the sum of \$31.25 to pay the invoice rendered by the Bridgewater News Co., Inc. for subscription for the daily and Sunday New York Times to June 30, 1982.

Article 6. Voted that the Town amend its Protective Zoning By-Laws as follows:

That the Town amend the Zoning By-Laws for the Town of Bridgewater by adding to, striking from and inserting in SECTION 6: USE REGULATIONS. 6.3 TABLE OF USE REGULATIONS PRINCIPAL USES as follows:

1. By adding to 6.3.E.1 after the words, "drug Store", the words "book store, magazine and periodical store, novelty store, stores providing electronic displays of pictures or movies whether coin operated or otherwise, film store, video tape stores";

2. By changing in 6.3.E.2 the word "or" where it appears after the word "sale" to "of";

3. By striking in 6.3.E.1 the letter "Y" where it appears under "BUS.A." and "BUS.B" and inserting therein as to each "BUS.A" and "BUS.B" the letters "SP";

4. By striking in 6.3.E.2 the letter "Y" where it appears under "BUS.B" the letter "Y" and inserting therein the letters "SP";

So that the TOWN OF BRIDGEWATER, PROTECTIVE ZONING BY-LAW SECTION 6: USE REGULATIONS. 6-3 TABLE OF USE REGULATIONS PRINCIPAL USES E. 1 and 2 shall be as follows:

E. Retail Business and Consumer Service Establishments

1. Store serving local retail business needs of residents of vicinity including but not limited to bakery, grocery, meat market, fruit store, hardware or paint store, florist, news and/or tobacco store, drug store, book store, magazine and periodical store, novelty store, stores providing electronic displays of pictures or movies whether coin operated or otherwise, film store, video tape stores, provided gross floor area of each establishment is under 4,000 sq. ft. and further provided all display, storage and sales of materials are conducted within a building and provided there be no manufacturing or assembly on the premises.

Res.	Res.	Res.	Res.	Bus.	Bus.	Ind.	Ind.
A	B	C	D	A	B	A	B

N N N N SP SP N N

Res.	Res.	Res.	Res.	Bus.	Bus.	Ind.	Ind.
A	B	C	D	A	B	A	B

2. Store for retail sale of merchandise provided all display, storage and sale of materials are conducted within a building and provided there be no manufacturing or assembly on the premises.

N N N N N SP N N

2/3 Majority Vote: 102 Yes, 11 No.

Article 7. Voted that the Town amend the Protective Zoning By-Laws as follows:

That SECTION 6: USE REGULATIONS. 6.3 TABLE OF USE REGULATIONS PRINCIPAL USES A. Residential uses 3. be altered or amended by striking therefrom under BRIDGEWATER ZONING DISTRICTS RES. C and RES. D the letter "Y" as to each and inserting therein the letter "N" as to each, so that said Subsection 6.3.A.3 thereafter reads as follows:

Res.	Res.	Res.	Res.	Bus.	Bus.	Ind.	Ind.
A	B	C	D	A	B	A	B
N	N	N	N	N	N	N	N

2/3 Majority Voted - Unanimous.

Article 8. Voted that the Town appropriate and transfer from available funds the sum of \$4,579.00 to the Workmen's Compensation Insurance Policy Account for the purpose of paying the increased premium cost.

Article 9. Voted that the Town appropriate and transfer from available funds the sum of \$514.08 to the Salary Account of the Board of Health for reimbursement to that fund money owed to Mrs. Virginia Matusen, the Clerk.

Article 10. That the Town vote to appropriate and/or transfer from available funds the sum of \$18,484.00 to be used with the sum of \$55,452.00 allocated or to be allocated by the Commonwealth of Massachusetts under the provisions of Chapter 191 of the Acts of 1982.

Voted - To Take No Action

Article 11. Voted that the Town appropriate and transfer from available funds the sum of \$1,503.00 for the purchase of a generator for the Highway Department and that such money be expended under the direction of the Selectmen.

Article 12. Voted that the Town appropriate and transfer from available funds the sum of \$15,300.00 to be expended under a direction of the School Committee for the purpose of employing a professional architect to survey and evaluate the roof of the Williams Junior High School and the windows in the Williams Elementary School and to obtain recommendations for the repair or replacement of the roof and windows and the preparation of bid documents.

Article 13. Voted that the Town appropriate and transfer from available funds the sum of \$1,800.00 for the purpose of paying for the computation of estimated tax bills for the current fiscal year as incurred by the Board of Assessors.

Article 14. Voted that the Town authorize the balance of the sum remaining in the account designated Engineer Salary Account be transferred to an account entitled Engineer Expense Account and that such balance be expended for the purpose of Engineer Expenses incurred by the Town of Bridgewater under the direction of the Board of Selectmen.

Article 15. Voted that the Town appropriate and transfer from available funds the sum of \$8,962.00 to acquire a "so called" Law Enforcement Officers Professional Liability Insurance Policy with limits of 1 million dollars per person, one million dollars per claim and with a \$2,500.00 deductible, including provisions in any claim for punitive damages.

Article 16. Voted that the Town appropriate and transfer from available funds the sum of \$1,892.97 to the Forestry Department Expense Account for the purchase of equipment for said department.

Article 17. Voted that the Town amend its By-Laws by adding to Article 11, a new section as follows:

Section 13. At any Town Meeting, whether Special or Annual, no motion to reconsider any article providing for the expenditure of monies, funds, or credits of the Town shall be entertained by the Moderator or presented to the Town Meeting for its consideration until such time as all money articles have been voted upon by the Town Meeting at any meetings or adjournment thereof.

Article 18. Voted that the Town appropriate and transfer from available funds the sum of \$1,500.00 to the Highway Department Expense Account for the repairs to the Highway Garage.

Article 19. Voted that the Town appropriate and transfer from available funds the sum of \$1,000.00 to be expended under the direction of the Council on Aging for the Council on Aging to be used for matching monies for future Title III. Grant applications for fiscal year 1982-1983.

Voted - To Take No Action

On a motion by David A. Canepa and duly seconded, the meeting adjourned at 10:00 P.M.

A true record.

PROTECTION FOR THE PEOPLE

Police Department

To the Honorable Board of Selectmen and Citizens of the Town of Bridgewater:

1982 was an exceptional year for the Police Department despite the second year of Proposition 2½.

Our Budget constraints were not as stringent as those of the first year and we were able to fill a vacancy in the Permanent Patrolmens ranks with the addition of Officer Robert Gray.

Our Crime statistics showed a significant decrease in almost all areas of major crimes especially the crimes of Burglary, Auto Theft and Assault and Battery. On the other hand there was a dramatic rise in the number of arrests for Operating a Motor Vehicle while under the influence and overall arrests for crimes climbed to an all time high.

The total number of automobile accidents investigated remained about the same as that of 1981.

In the area of Police Schools, Training and Education, the Sergeants and Patrolmen received advanced training in the fields of Crime Scene Search, Defensive Driving, Breathalyzer operation, Identi-kit, Interviews and Interrogation techniques and Principles of Management. In advanced education, Lt. George K. Gurley received his

Masters Degree in Education and Sergeant Kevin Chiocca received his Associates Degree in Law Enforcement. As Department Head, I completed courses in Organizational Behavior, Budget Preparation and Presentation and an Introductory Computer Course.

Once again through the generosity of two Banking Institutions and several businessmen the Police Department received over \$2,000.00 worth of Video Recording equipment.

In October of 1982, Officer John P. McGinn retired due to a job related injury and disability, we wish him the best. His retirement leaves the department strength at 19 Patrolmen, 4 Sergeants, 1 Lieutenant and a Chief, with vacancies for one full time Patrolman and five part timers which cannot be filled until the Civil Service list becomes certified.

Our future plans include the filling of all positions, the implementation of an investigator and plans for some type of combination Safety/Drug program for the schools.

My sincere thanks and appreciation is extended to all of those with whom I work in striving to maintain the Bridgewater Police Department as one of the finest departments around.

Respectfully submitted,
William P. Ferioli
Chief of Police

I herewith submit the annual report of the Bridgewater Fire Department for the year ending December 31, 1982.

PERSONNEL

The permanent personnel of the Department consists of the Fire Chief, Deputy Chief, One Captain, Three Lieutenants, Twenty-three Firefighters (sixteen of the Firefighters are also EMTs), one secretary, and Call Firefighters. The Chief is also the Forest Warden for the Town.

APPARATUS

Consists of Engine #1, a 1972 Maxim 1,000 G.P.M. Pumper, Engine #2, a 1967 Maxim 1,000 G.P.M. Pumper, Engine #3, a 1979 Maxim 1,000 G.P.M. Pumper, Ladder #1, a 1979 Maxim 100 ft. Aerial Ladder, Rescue #1, a 1963 Metro, a 1962 Boat with an outboard motor (for water rescue), the Chief's car, a 1977 Ford, Forest Fire #1, a 1965 Dodge (with 4 wheel drive), Forest Fire #2, a 1980 Ford (with 4 wheel drive), and a 1976 Chevrolet (Horton) ambulance. A new 1983 Ford (Wheeled Coach) ambulance has been ordered to replace the 1976 one. Delivery date is scheduled for the first week of January, 1983.

RECORD OF ALARMS

The Department responded to 744 calls for fires, 859 calls for the ambulance, and 272 service calls for a combined total of 1,875 runs for the calendar year 1982. A more detailed breakdown is as follows:

FIRE

Motor Vehicle

Accidents	130	Grass-Leaves Fire	27

FEES COLLECTED

Fees collected for ambulance transportation totalled \$36,017.55.

Fees collected for fire alarm inspections under Chapter 148, Section 26F totalled \$1,150.00.

INSPECTIONS AND FIRE PREVENTION

Burning permits issued from January 1, 1982 to April 30, 1982 totalled 774.

There were 92 wood burning stove inspections and permits issued. All new homes prior to occupancy were inspected for fire alarms and oil burner installations as required by law.

Chapter 148, Section 26C of the General Laws mandates owners of existing apartment houses, boarding houses, rooming houses, hotels, motels, and/or any other dwelling with six or more units to install heat and smoke detectors throughout said building with the proper bells and controls to warn tenants in case of fire.

This law requires that these systems to be installed, is the responsibility of the property owner.

A new State-wide Smoke Detector law concerning the sale or transfer of certain residential properties became effective January 1, 1982.

According to State Law, the requirements apply to buildings or structures used in whole or in part for residential purposes. The responsibility of equipping the property with smoke detectors belongs to the seller.

It is important for residents to contact the Fire Department before installing detectors for proper locations. Applications for Certificate of Compliance of Chapter 148, Section 26F, of Massachusetts General Laws are available at the Chiefs' office.

Chapter 148, Section 26C through 26F have been approved by Town Meeting Vote, this vote making it mandatory to comply to these regulations.

For additional information, homeowners may call Chief Levy at the station on the business line.

Many other inspections were made in conjunction with Mr. Walter Zaverucha, the Town Building Inspector and Ms. Nancy Oliveira, the Board of Health agent. Their cooperation and that of their respective departments is herewith acknowledged.

In conclusion, I wish to thank your Board, the various Town Departments, the townspeople and the officers and men of the Fire Department for their loyal support during the past year.

Respectfully submitted,
Clarence A. Levy
Chief

Inspector of Buildings

To the Honorable Board of Selectmen:

I herewith submit my Annual Report for the year ending December 31, 1982:

TOTAL PERMITS ISSUED: 404

	Total Fees
241 Building Permits	\$7,785.00
31 Occupancy Permits	310.00
37 Certificates of Inspection	1,300.00
95 Stove Permits	no charge
TOTAL FEES SUBMITTED	\$9,395.00

Building Permits

41 Single Family Dwellings	\$1,772,000.00
1 Attached Single Family Dwelling (4 units)	180,000.00
1 Mobile Home	12,000.00
77 Additions & Alterations (Res.)	485,795.00
12 Garages (Res.)	53,800.00
35 Swimming Pools (Res.)	146,940.00
2 Cabanas	1,700.00

16 Chimneys	12,525.00
2 Solar Energy Systems	11,700.00
26 Sheds	20,525.00
3 Barns & Stables	5,000.00
2 New Commercial Buildings	140,000.00
1 Commercial Accessory Building	10,000.00
10 Additions & Alterations (Comm. & Non-Res.)	295,700.00
6 Signs	1,550.00
1 Pool/Bathhouse	130,000.00
1 Amateur Radio Tower	800.00
4 Demolition	—
241 Total Cost of Construction listed on permits	\$3,280,035.00

ESTIMATED VALUE OF NEW CONSTRUCTION

\$4,100,000.00

Individual single-family dwelling construction was on the upswing with 41 permits issued in 1982, an increase of four over 1981. There is every indication that residential construction activity will continue at this pace for some time.

This past year also included construction of the first building of 4-unit attached single-family dwellings at Willow Ridge Drive, the approved seven-lot subdivision off South Street.

In conjunction with the lower interest rates, we have received an increasing number of inquiries from individuals, realtors, and attorneys concerning existing dwellings, zoning, non-conforming uses, etc. This past year, I referred 44 cases to the Zoning Appeals Board for variances and/or special permits. My office assists these applicants with the paperwork involved in requesting such hearings.

The demand for wood and coal stove permits appears to be lessening as most residents who needed permits had obtained them in previous years. Stove permits are issued at no charge following inspection by the Building Inspector and Fire Department; they need to be re-issued only when the stove, its installation, or its location is changed.

As I have stated many times, the most difficult tasks I face are the interpretation and enforcement of the Zoning By-law which is, in many instances, ambiguous and vague. It is my considered opinion that an in-depth study and revamping of the Zoning By-law should be done to help it keep pace with the changing times and a growing town.

I would like to thank the Board of Selectmen and all other Town boards and departments for their continued cooperation. I give special thanks to my secretary, Diane Sears, for her assistance with the ever-increasing workload. Finally, I would like to express my appreciation to the people of Bridgewater for their courtesy and cooperation with the Building Department.

Respectfully submitted,
Walter J. Zaverucha
Building Inspector

Wiring Inspector

To the Honorable Board of Selectmen:

I respectfully submit my annual report as the Inspector of Wires for the year 1982.

Albert M. Greiner
Inspector of Wires

Civil Defense

The Honorable Board of Selectmen:

Fiscal year 1982 was a rewarding as well as a busy period.

Many items were acquired from the surplus depot. Among them, was a large diesel generator. This unit was acquired to create emergency power for the Highway Department.

Summer Laborers at the Highway Department

Seminars, meetings and drills were attended and conducted to better train and prepare all Civil Defense personnel in preparedness for any nuclear incidents that might happen at Pilgrim One.

Civil Defense personnel aided at the tragic incident last winter at the "Nip" and to them many thanks.

Auxiliary Police are active under Captain Ronald Pagels.

To all Town departments and their personnel we extend our thanks.

Sincerely,
Donald & Patricia Ford
Civil Defense Directors

Dog Officer

Honorable Board of Selectmen
and Citizens of Bridgewater:

I hereby submit my report as Dog Officer for the Town of Bridgewater for the year ending December 31, 1982.

I would like to express my appreciation to the Town Clerk, Bridgewater Police Department and your office for the assistance given me.

Results of Investigation:

Complaints of dogs creating a nuisance	367
Strays picked up	290
Dogs claimed by owners	82

Bombardier Sidewalk Plow on Center Street

FACILITIES FOR THE PEOPLE

Highway Department

To the Honorable Board of Selectmen and Citizens:

I hereby submit my Annual Town Report of the Bridgewater Highway Department for the year ending December 31, 1982.

The year 1982 has been a trying time for your Highway Department.

The month of February started with a Laborer out of work because of a severe injury to his hand, the resignation of our Mechanic in November due to illness, plus the layoff of one man left your Highway Department quite short handed.

The implementation of Proposition 2½ cut our budget over twenty four percent (24%) thus causing us to discontinue a few of our services to our townspeople, however, despite loss of personnel, a severe cut in our budget, we did not cut the quality of our work to its citizens.

In Fiscal Year 1983-1984, I am hoping that monies will become available for Drainage. There are still several problem areas throughout the town where drainage should be installed.

The following is a brief summary of the work performed by the men of the Highway Department this past year.

Drainage:

FISKE DRIVE - Approximately 200' of 12" aluminum drain pipe laid out. One catch basin installed; Loamed, raked, and seeded area.

ROWAYNE PARK - At House #142 - Severe water problem at this site. Upon excavating drain line we found several drain pipes that had been crushed. Replaced with 40' - 12" aluminum drain pipe. A drop inlet was installed to alleviate a water problem in the surrounding area.

EAST STREET PIT - Installed 40' of 18" aluminum drain pipe - erected header.

BRIDGE STREET - Removed 24' tree that was being uprooted and destroying road; filled bank with gravel; cut out and repaired road with mix.

CONANT STREET - Washout - repaired side of culvert; filled with gravel and patched.

PLYMOUTH STREET - At rear of Bridgewater Ice and Coal - cleaned main line; opened up swail and repaired catch basin.

Berms: Cross Trenches: Driveway Aprons: Laid out approximately 2510' of Berms, Driveway Aprons, etc.

Repairs of Berms: Water Cross Trenches: Etc. - Applying Type 1 Mix - Mix in water trenches; mix around

manholes; sidewalk mix around hydrants. Many more small ones too numerous to mention.

Reconstruction: Mary Lane - Chapter 329 - State Share - 75% - Town Share - 25%

Total Expended	\$17,983.89
State Reimbursed (75%)	13,487.92
Municipal Share (25%)	4,495.97

Scope of Work: Excavating 400' undesirable materials; 18" Gravel; Adjust manholes and catch basins; Crack Sealing; 4" Binder; Loaming, Seeding, and grading.

Resurfacing: Total Length of Project 1800' Class 1 Bituminous Concrete - 1½" top course.

Reconstruction: Plymouth Street - Chapter 351 - State Share - 100% reimbursable (continued from prior year.)

Plymouth Street (Section 1)	\$29,200.25
Plymouth Street (Section 2)	24,522.24
Total Expended to date	53,722.49

Scope of Work: Adjust manholes and catch basins; Gravel and Loam; Seed Shoulder; Reshaping Drainage - channels and side slopes; Driveway Aprons; Type 1 Mix; Berms; Cement Post.

Resurfacing: Work consisted of construction of Class 1 Bituminous Concrete; top course of 1½" over previously constructed base and binder course. Total Length 2800' (Wood Street to Walnut Street)

Road Resurfacing: After weeks of preparation, the following roads were then resurfaced with Bituminous Concrete: Arrowhead Drive, Vernon Street, Oak Street.

Road Sealing Process: After being patched the following two roads were oiled, Chip Sealed and rolled: Spring Street, and Burrill Avenue. Chip Sealing may cost a little more, however, I recommend it over Sand Sealing, not only for its lack of dust, but for its durability. The life span of Sand Sealing is approximately three to four years, while the life span of Chip Sealing is approximately six to seven years, which in my opinion offsets the additional cost.

Reconstruction: The Bridgewater Improvement Association donated to the Town of Bridgewater three benches for the Common. The men of the Highway Department put in a sand base, laid out paving brick for the base of the benches, and secured them with 4 ft. securing bolts. We sincerely thank them for enhancing the beauty of our Common.

Roadside Maintenance: Mowing; fertilizing; liming of the towns abandoned cemeteries, and Alden Square; replacing Granite Posts in the Common; trash pickup from the roadsides and Common Area; weekly sweeping of the Common Area and other Town Roads; mowing the sides

of the road; loaming and seeding road shoulders; graveled and graded Birch Hill Road; Forest Street Cutoff; Cherry Street; Oliver Place; Wendell Avenue; and Brick Kiln Road. Drainage systems were kept in proper working order with the continual cleaning of our catch basin cleaner. The month of November the men and machines cleaned the sidewalks and gutters of leaves. Keeping our many catch basins free of any debris helps alleviate future flooding problems.

Grants Applied For and Received: (State)

1. Work Zone Protection Kit - (Governor's Highway Safety Program)
2. Salt Shed Program (Chapter 356) (1977-1982) - This building is now under construction.

Signs: The continual replacement of street and regulatory signs because of excessive vandalism, and traffic accidents, have become acutely expensive to this department due to the spiraling cost of materials. Warning devices and other equipment have also been damaged or missing when left overnight on construction sites.

Snow and Ice: Sanding and plowing operations were carried on very diligently by the men to insure the safety of our roads for the general public. During the year 1982 the Highway men sanded the roads 30 times spreading approximately 9,000 tons of sand, with an approximate 10% salt mixture. The Plows were called out seven times during this time. All of our sand is screened from gravel hauled from our pit.

Seminars: Several seminars were attended by the men of the Highway Department to keep them up to date on maintenance, Sanding and salting operations, plus a course on First Aid, Asphalt Design, and Trench Restoration.

Mechanic's Report: The repairs to our equipment have proven to be quite costly to this department. Prior to Proposition 2½ we had started a program for replacing equipment, however, this had to be curtailed because of the implementation of 2½. Hopefully, we can resume this program and eliminate some of these costly repairs to the town.

The following is a list of some of the repairs performed by my mechanic throughout the year:

- #66 International - Main shaft of Sander broken - repaired.
- #67 International - Installed new master cylinder and new brake shoes.
- #68 International - Replaced carburetor, repair right front spring.
- #69 International - Repair right rear springs and tires, replace exhaust system.
- #74 Ford Dump - replace left and right rear springs; replace left front spring.
- #75 Ford Dump - replace exhaust system.
- #78 International Dump - repair left front spring; replace Maxi Brake Chamber (r.s.)
- #74 Dodge Dump - repair two rear springs.

#77 Ford Pickup - repair transmission; replace front brakes and turned rotor.

#80 Ford Dump - repair left rear spring and tires.

#81 Ford Dump - install Maxi Brake on right rear wheel; repair right rear spring; replace camshaft and pin to back brakes.

International Sweeper - install new foot brake valve.

Springfield Roller - replace clutch and T.O. bearing sleeve.

#6 Mack - repair left rear spring and U Bolts; replace king pins in front end; repair transmission.

Roadside Mower - replace clutch.

Conclusion: It was with deep regret that we had to accept the resignation of Joseph Francoeur, Mechanic, because of ill health. We were fortunate to have had such a loyal, dedicated employee working for the Town of Bridgewater these past few years. We all wish him happiness and good health.

We wish Roger Rose, Light/Equipment Operator, who sustained a severe injury to his hand a speedy recovery, and we're looking forward to having him back on our team, in the very near future.

My sincere thanks to the Board of Selectmen, Town Boards, and all departments for their cooperation during the past year.

Finally, my sincere appreciation to the employees of my department for their cooperation and fine work throughout the year.

Respectfully submitted,
Albert Beninati
Superintendent of Streets

Water Department

The year 1982 was a busy year for the Water Department, starting in January with a number of frozen mains and service lines.

We had several main line breaks, with a number of new service installations, renewals of old services and a number of renewals and repairs of hydrants.

The heavy rainfall we had in the New England area for 1982, filled our aquifers with an adequate supply of water.

The Nitrate Treatment Plant on High Street has been on line as of July, 1980, with few problems.

The addition of Well #6 at High Street, on line for a full year, has increased our pumping capacity.

As a result of testing for wells in the Lake Nippenicket area, indications are that there is an adequate supply of water, to be developed if necessary. The high iron bacteria in that supply would require treatment before introduction into the Town system.

The Board of Water Commissioners would like to thank the various Town Departments and Boards for their cooperation and assistance during the year with special thanks for the diligence and hard work of the Water Department employees.

Respectfully submitted,
BOARD OF WATER COMMISSIONERS
Charles J. Kane, *Chairman*
Alvah S. Tolivaisa, *Clerk*
Edward J. Bevis, *Member*

Sewer Department

This year, 1982, the Wastewater Treatment Plant has not operated as efficiently as in previous years, due to numerous breakdowns. Some of these included the vacuum filter being out of commission on two different occasions and a breakdown of the comminutor.

In May, two thirds of the plant was underwater because of heavy rains and a rising river. There was extensive infiltration throughout the system.

During the summer, a main sewerage pump was overhauled and replaced with a more efficient mechanical seal.

Also this past summer, several times there were breaking and entering incidents at the plant resulting in larceny and damage to buildings and equipment.

The Sewer Rehabilitation Program has been completed inasmuch as the sewer mains have been inspected, cleaned and reconstructed. The inspection was done with television cameras. This preliminary work had to be completed before upgrading of the sewer plant could commence. Application has been made for a Federal Grant for this project.

We would like to express our sincere appreciation for the remarkable job our Treatment Plant operators have accomplished in keeping an old facility functioning.

Respectfully submitted,
BOARD OF SEWER COMMISSIONERS
Charles J. Kane, *Chairman*
Alvah S. Tolivaisa, *Clerk*
Edward J. Bevis, *Member*

Plumbing & Gas Inspector

To the Honorable Board of Selectmen:

I herewith submit my annual report for the year ending December 31, 1982.

During this past year, the Plumbing & Gas Department issued 174 plumbing permits and 135 gas permits. The number of plumbing permits was approximately the same as in 1981 while the number of gas permits increased by 31%.

To insure that all work conforms to applicable Massachusetts codes, each project is inspected by the Plumbing & Gas Inspector. All work must be performed by licensed plumbers and gas fitters, who must file their applications for permits at the office of the Building Inspector. At the present time, hours are 8:00 a.m. to 1:00 p.m. Monday through Friday.

Since jurisdiction over plumbing and gas work in Bridgewater's numerous state-owned buildings was passed from the State Plumbing & Gas Inspectors to the local Plumbing & Gas Inspector as of January 1983, I anticipate a very busy year ahead.

I wish to thank Building Inspector Walter Zaverucha and our secretary Diane Sears for their cooperation and assistance during the past year.

Respectfully submitted,
Edward F. Cruz
Plumbing & Gas Inspector

Library Trustees

The Centennial Celebration of the Bridgewater Public Library, which opened in May, 1982, and will close in May, 1983, drew attention to the first Board of Trustees' determination to build a free and public library. Later boards were committed to continue that noble plan. During this century, generations of citizens and Mr. and Mrs. Walter L. Little, benefactors of the present building which opened in 1972, have allowed Boards of Trustees to provide increased and quality Library services. The present Board gratefully acknowledges townspeople's action in granting the Library its share of Bridgewater's wealth, thereby helping to satisfy the community's growing Library demands.

As the Library enters its second century, the Trustees aim to follow the first Board's idea of a Library according to Bridgewater's current population. And so, today's Board stresses the needs for increased space and handicapped benefits. Furthermore, the Trustees are pledged to act upon the conclusions of the Library's Community Analysis in shaping the future of the Bridgewater Public Library.

Respectfully submitted,
Mary L. Jarvis, *Chairman*
PUBLIC LIBRARY TRUSTEES

Library Director

Year in Review

1982 was a year of rebuilding and growth as well as planning for the future. In its Centennial Anniversary year, the library celebrated its past achievements and took steps to insure effective and efficient library services for the future. Trustees, staff and local citizens formed a

Centennial Planning Committee to sponsor a series of programs, festivities and exhibits which highlighted the Centennial year.

The library was able to recover from the effects of the budget cuts suffered the previous year. The reappointment of a children's librarian significantly affected activity in the children's room. Children's services showed a steady growth pattern in early 1982 and by the end of the year the circulation and program attendance surpassed that of 1981. With the reinstatement by Town Meeting in June of the part-time staff hours lost the year before, the library resumed its previous schedule and was able to open again on Mondays. Adult circulation for 1982 showed a 10% increase over 1981 and for the last six months of 1982 was the highest recorded by the library. The continually growing demand for library services was demonstrated by an increase in circulation, program attendance and reference questions asked.

The achievements of 1982 were made possible through the efforts of a creative and hard working staff, the library's most valuable resource. The library is indebted to the volunteers who assist staff behind the scenes, to the Friends of the Library for their continued financial support and hard work, to the Centennial Planning Committee and to the many organizations, businesses and citizens for their donations of funds.

Centennial Celebration

The overriding highlight of 1982 was the Centennial Celebration to commemorate the 100th Anniversary of the library. The Centennial Planning Committee with the assistance of many dedicated volunteers and countless donations from local residents, organizations and businesses planned a year long celebration which began with a series of events in May. The Board of Selectmen declared the period of May 14 to 23 as Bridgewater Public Library Week. The opening events of the Centennial were a reception to honor the library, a book fair sponsored by the Friends of the Library, a band concert on the Common performed by the Bridgewater-Raynham Regional High School Band and Chorus, a local artist's show and reception, an author's night with mystery writer Robert Parker, an all-day Children's Festival and a reception for local authors. Other programs sponsored by the library during the year included investment, bicycle repair and maintenance, karate, Sweet Adelines, a Christmas concert, a woodwind concert by the New England Conservatory of Music and monthly films.

Library/Community Analysis

It was especially significant that during the library's Centennial year a federal grant was received to conduct an intensive 10 month study to document the library needs of Bridgewater's citizens and the library's performance in meeting these needs. This project is funded through the Mass. Board of Library Commissioners with Title I funds of LSCA (Library Services and Construction Act), a federal source of library funding. The library applied for funds to conduct this study to insure that community needs are being met in the most efficient and effective

way. From this study will come recommendations for new or revised services and internal improvements. The findings of the study will provide the basis for a planning document for the Board of Trustees in determining future library services.

Children's Activities

Activities for children included pre-school story hours, toddler visits, school visits, summer animal adventure reading program, and weekly films. Special programs included magic and clowning, finger weaving, library games, photograms, a dramatization by "Molly Pitcher," rabbit raising, horseback riding, dog training, a stuffed animal contest, exotic birds, yoga, a Halloween party, making monster masks, a storytelling and folk-singing festival, Christmas storytelling, two Christmas events, and the Children's Festival with a puppet show, storybook costume parade, yo-yo demonstration and party.

New to the children's room was a monthly newsletter for children written by the Children's Librarian with information on coming programs, book reviews, jokes, puzzles, games and cartoons. Puppets to borrow were purchased by the Friends of the Library and proved overwhelmingly popular with the children. Brightly colored fabric prints were added to make the room visually appealing to children.

Publications

To keep residents better informed of library events and services, the format of the library newsletter was revised to allow an increase in the frequency of distribution from quarterly to monthly. The library is very grateful to the Friends of the Library for financing the printing of the newsletter, PREVIEWS.

The 1982-1983 edition of the library's Referral Directory compiled by the Friends of the Library and staff was again funded by local businesses and made available to the public.

Exhibits

The Art Advisory Committee planned several exhibits for the Flora T. Little Gallery including an arts and crafts display from an elementary education class at the

Interior of Bridgewater Public Library

Bridgewater State College, color posterization, the 5th Annual Area Artists Show, and a one woman artist painting show. Other exhibits included samples from the Adult Education classes at Bridgewater-Raynham Regional High School, a basic photography show from Bridgewater State College and photographs of early Bridgewater and the library's Centennial Celebration.

Friends of the Library

The Friends of the Library were very active in 1982. They sponsored programs on hypnotism, antique dolls, sailing, travelogues, baseball, historic Bridgewater and the Vikings in America. Through the generosity of the Friends, the library was able to purchase a free family pass to the New England Aquarium in August which was borrowed by residents 71 times between August and December.

The Years Ahead

Data for the library community analysis will be collected during 1983 with a final report published in September 1983. Recommendations from this study will determine future library objectives and further the library's commitment to serve the needs of Bridgewater citizens. Increasing responsiveness to the public's needs and increasing the library's cost effectiveness in these tight economic times remain two primary goals.

Respectfully submitted,
Maryellen Remmert
Director

Trustees for Plymouth County Cooperative Extension Service

The Plymouth County Cooperative Extension Service's office is located on High Street, Hanson, and can be reached by calling 293-3541, 447-5946 or 746-0053.

STAFF:

Our staff is comprised of a Director, two Regional Agricultural Specialists, a Community Development Specialist, two Home Economists, three 4-H Agents, one part-time 4-H & Home Horticultural Agent and four clerical staff.

In addition to our County Staff, we administer a Nutritional Educational Program for limited-income families in Plymouth County. EFNEP, staffed by one nutritionist and nine nutrition assistants, is located at 32 Belmont Street, Brockton. This program is funded by Federal Nutrition Funds, through the University of Massachusetts, our Land-Grant College. A monthly nutrition newsletter can be sent to you by calling the Brockton Office at 583-2545 or 583-2598. Presently, 59 subscribe from your town.

In our traditional 4-H Program, we have 1,132 members with 22,944 other youth participating in our short-term and school programs. The 1980 population of Plymouth County schools was 86,443. This means that 26.5% of the Plymouth County youth have been involved in our programs this year.

In your town, Bridgewater, there were 496 youth that participated in these programs.

The Home Economics Department has a monthly newsletter, Extension Post, with 1,300 subscribers. Call the Extension Service to be placed on the mailing list.

In addition, free bulletins on food preservation, vegetable gardening, nutrition, insect problems, community resource listings and many more are available by calling, writing or stopping by the Plymouth County Extension Service at High Street, Hanson. We continue to test soil, free of charge, for Plymouth County residents. Our Home Economist will also check your pressure cooker gauge.

Contact your Town Director, John R. Hickey, for the County Cooperative Extension Service with any suggestions or requests.

Mary M. McBrady,
Director

BOARDS AND COMMISSIONS

Zoning Appeals Board

To the Honorable Board of Selectmen:

The Zoning Appeals Board respectfully submits for your information, scrutiny and action, as is required by statute, its report for the calendar year 1982.

The Board of Zoning Appeals had approximately the same number of appeals and petitions (50) as in previous years and due to present conditions, will not attempt to identify them by numbers in each category as has been the custom in the past. For the most part, the petitions dealt with extension of lots, frontages, lot line restrictions, etc. There were no appeals of an extraordinary nature.

The Board recommends consideration be given to present economic conditions and at the same time to the shortage of housing at all levels, and suggests it may be appropriate to amend the By-Law to permit conversion of single family units and duplex units and, as has been done in several communities, to permit so-called "mother-in-law" apartments in all districts.

The Board notes that the disposal problem is still with us, although progress is being made by the study committee. The Board respectfully suggests that the merits of the Town acquiring an adequate site to be used as a disposal area, by whatever means considered to be in the best interests of the town, be investigated and that the site be designated as a disposal area by the Board of Health and any necessary state and federal agencies. The site should be used by the Town of Bridgewater as a municipal use, thus permitting its restriction to persons, householders and businesses within the confines of the Town of Bridgewater. This can only be accomplished if the site is designated as a "municipal use."

With the expansion, enlargement and construction of the interchanges and of Routes 24, 25 and 495 in the Scotland area, the commercial and industrial districts have been substantially depleted and minimized and a substantial portion of the available land in proximity to these highways, having been taken by the Commonwealth, it is respectfully suggested that consideration be given to the expansion of the commercial and industrial districts beyond the limits of the now 1500 feet from the base line of Route 24 on the easterly side of Route 24; that is, it could well be advisable to extend the boundaries beyond the present 1500 foot limit. The area on the westerly side of Route 24 is already under consideration by various groups and departments.

It has been voted by the Board that as the Board, in the course of its hearings, becomes aware of conflicts in the By-Laws or the advisability of considering changes, modifications, amendments, or any other action to strengthen or improve the By-Law, the Board will notify the Board of Selectmen, Planning Board and other

interested groups of the problems as perceived by the Zoning Appeals Board together with the Board's suggestions for improvement. The Board may feel that those matters should simply be brought to the attention of all interested parties and said reports should not imply or be considered in any way as an indication that the Board is in favor or against any particular change, modification, or amendment.

The Board would like to thank its secretary, Barbara Tufts, for her cooperation and dedication to the Board this past year.

Respectfully submitted,
Philip W. Silva, Chairman
ZONING APPEALS BOARD

Conservation Commission

The year 1982 proved to be rather routine with the main orders of business involving the policing of the so-called Wetlands Act. Although no official request was made for a determination, the Great Hill Estates occupied much of our time in the summer and ultimately the Department of Environmental Quality Engineering came to our aid. Further Activity in the wet area of the "big bend" on Plymouth Street was halted. It will now be necessary for the owners to file a "Notice of Intent."

Hearings of note included the plans of Robert Wood to construct a transfer station on the State Farm Road, the plans of Raymond Ferrone to build condominiums on Comfort Street, and Anthony Altieri plans to put in an access road to a back lot off Tami Court off North Street.

We were especially disheartened this year when Kay Mulligan submitted her resignation after many years of service. She has been a constant joy to the commission with her Yankee philosophy (although born and bred in Brooklyn) and ready wit. She was always first to volunteer for the undesirable tasks and being an "old timer" was ready to bring in old cases to answer new problems. We will miss her presence, but hope her absence will mean more time for tennis and golf.

Lawrence B. Mish, *Chairman*
Lawrence W. Tufts

Dennis Jolicoeur
Dr. Ralph Bates
Henry F. Anderson
CONSERVATION COMMISSION

Industrial Development Commission

The year 1982 has been an active and productive year for the Industrial Development Commission. Several diverse industries have sought information on the availability of industrial land. The completion of route 495 is expected to result in extensive industrial and economic development for Bridgewater and neighboring communities.

The 90-acre proposed Indian Mound Park, owned by Pilgrim Properties, located adjacent to routes 104, 24 and 495 has received considerable interest from future tenants. The Old Colony Planning Council has prepared a thorough study of the area with each phase presented by the Industrial Development Commission and interested townspeople.

Henry & Frick Company, located in the Scotland Industrial Park, will soon be joined by a warehouse, a pharmaceutical company and also a branch office of a local bank.

Several other small areas within route 18 are being targeted for development.

Respectfully submitted,
Albert J. Chavaree, *Chairman*
INDUSTRIAL DEVELOPMENT COMMISSION

Herbert K. Pratt Fund

To the Honorable Board of Selectmen:

Following is the report of the Herbert K. Pratt Fund for the Bridgewater Fire Department for the year ending December 31, 1982.

The Herbert K. Pratt Fund is outlined in the will as follows:

"To the Board of Trustees, consisting of the Chairman of the Board of Selectmen of the Town of Bridgewater, the Town Treasurer, the Chief of the Bridgewater Fire Department, all serving ex officio, and four members of the Bridgewater Fire Department, who shall be elected by the members of the Department at each annual meeting, the sum of Twenty-five Hundred Dollars (\$2500.00), to be invested and reinvested and the income therefrom accumulated as a part of the fund, said fund to be used for the relief of any permanent or call members of the Bridgewater Fire Department who may be injured or killed in the performance of their duties as such, and their families."

The following members of the Fire Department were elected to serve as trustees for the year:

David T. Fazio Jackie D. Johnson
Scott D. MacKinnon Roderick K. Walsh

At a meeting of the Board of Trustees, the following officers were elected:

President Clarence A. Levy
Secretary David T. Fazio
Treasurer Albert Lanzikos

Fund Total as of January 1, 1982:

On Deposit - Bridgewater Savings Bank	\$9,868.14
Interest	<u>1,492.64</u>
Balance December 31, 1982	\$11,360.78
Reconciliation	
Bridgewater Savings Bank Term Deposit	\$9,469.62
Bridgewater Savings Bank Money Market	<u>1,891.16</u>
	\$11,360.78

Respectfully submitted,
Clarence A. Levy Jackie D. Johnson
David T. Fazio Scott D. MacKinnon
Albert Lanzikos Roderick K. Walsh
John Hickey BOARD OF TRUSTEES

Veterans Council

To the Honorable Board of Selectmen:

Memorial Day exercises and parade were held honoring values of God-Country-Family; given to us by those we memorialize and the importance of our responsibilities to maintain them.

The Tri-Town Veterans' Day parade, hosted by East Bridgewater, included the Bridgewater Division assembled with: Selectmen, State Representative, Fire & Police Depts., V.F.W., 101st Combat Engineer Battalion, Girl & Boy Scouts, a Jamie Fiske interest group, Olde Bridgewater Minutemen, British 64th Regiment of Foot, and the Confederate Army which saw its Standard, the "Stars & Bars" aflame when wind blew it in line of fire with musketry discharge.

The Veterans Council extends appreciation to all active participants and observers who took their time to make these important events a traditional success.

Submitted accordingly,
William M. Northrop
Chairman

Historical Commission

To the Honorable Board of Selectmen:

The Bridgewater Historical Commission in 1982 underwent a number of changes: new personnel came on the Commission, monthly meetings were instituted, more liaison took place with the Massachusetts Historical Commission, and a closer look was taken at the long range objectives and plans of the Bridgewater Historical Commission.

Respectfully submitted,
Ralph S. Bates
Chairman

Old Colony Planning Council

To the Residents of Bridgewater:

As your representative to the Old Colony Planning Council we are pleased to present this report of the Council's activities for 1982.

During the year, the Council was involved in a wide range of activities that were important to insuring its future effectiveness and its ability to serve its member communities. On the national level, the goal of the administration was to shift the emphasis and responsibility for dealing with many socio-economic problems to the state and local communities. In this regard, the administration was only partially successful and several programs that the council has been involved in for many years and had expected to be reduced or terminated were continued. The Council's Economic Development Program activities which are supported by Economic Development Administration program funds is a prime example of the attempt to reduce federal involvement but which was not successful. However, the off again-on again signals from Washington, D.C. played havoc with the Council's program in this important area of activity at a time when the area's economy is in need of positive direction.

The uncertainty at the federal level in authorizing funds also impacted the Council's Area Agency on Aging activities. In this role the Council administers the Older American's Act funding for a twenty-three community region that includes the regular Council district plus ten additional communities. Because of the way funding decisions were made it was not until midway through the program year that the exact amount of funds that would be available to the Area Agency was determined. As a result funding commitments and program starts were delayed for certain subgrantees beyond what were considered to be appropriate starting dates. Several OCPC communities benefited from subgrants made by the Council; they included Avon, Bridgewater, Brockton, Easton, Hanson, Pembroke, Plymouth, Stoughton and West Bridgewater. OCPC also funded areawide programs of benefit to elders such as the Senior Law Project; Catholic Charities, Home Health Aide and Hospice Program; and, the Elderly Nutrition Program administered by Old Colony Elderly Services.

The Council's transportation program was again an important area of involvement during 1982 with the Council facilitating several traffic and transportation improvements of benefit to the area's communities and residents. The Council serves as the planning arm of the Brockton Area Transit Authority and advises on routes and service. In 1982 several traffic improvements were scheduled and accomplished. They included traffic and street improvements in downtown Brockton; a commuter parking lot in Bridgewater; reconstruction of Chestnut Street in Abington; improvements to Route 3A in Plymouth; and, the Plymouth Tourist Information Center.

The Council was also instrumental in obtaining state transportation-economic development grants for Bridge-

water, Avon and Hanson. The Council staff provided those communities with technical assistance in preparing the grant applications which were awarded in September.

Other activities of note included the Council's involvement in developing alternative solutions to the area's septage disposal problems. The Council was awarded a grant from the State Department of Environmental Quality Engineering which will enable the Council to work with its member communities in septage management and to examine possible alternatives that may be available.

In 1982, Richard H. Chase of Easton became the fourth President of the Council succeeding Gerard Dempsey of Pembroke who served for three years. A. Stanley Littlefield of Abington is Council Secretary and Gregory Collins of Plymouth serves as Council Treasurer.

The Council gratefully acknowledges the generous support and cooperation of its member communities, the local boards and commissions and the many governmental agencies, public and private institutions and individuals who have assisted the Council in its work.

Respectfully submitted,
Anthony P. Anacki, *Delegate*
OLD COLONY PLANNING COUNCIL

Planning Board

To the Residents of the Town of Bridgewater:

The year 1982 proved to be a more active year than had been anticipated in light of the present condition of our economy. An upsurge in new subdivision, coupled with the monitoring of existing developments and the continuing work on older subdivisions, occupied a great deal of the Board's time.

Thirty-four Form A plans were submitted to the Board and signed.

Ongoing subdivisions and subdivisions nearing completion requiring the Board's attention throughout the year were as follows: Deerfield Drive, Woodland Acres, Snow Brook Estates, Tami Court, Scotland Industrial Park and Willow Ridge Drive (Quadriplexes). The Board also addressed Industrial Development in the Lake Nip area.

It is clear from current and new subdivisions and the Industrial site proposal at Lake Nip that 1983 will be a very busy year.

The rapid increase in the filing of plans for Duplexes, Quadriplexes and single family homes shows the serious need for the Planning Board to reassess and revise the master plan to accommodate potential growth.

The need for the continuation of water exploration, upgrading school facilities, fire and police protection are

needs the Town must face with existing and planned subdivisions now before us. Industrial development is needed at present to assist the taxpayers of Bridgewater by increasing the tax base.

The Board submitted zoning proposals to define Bookstores at the fall session of Town Meeting. The Board also voted unanimously to support rezoning land across from Lake Nip for Industrial development. In addition to those zoning changes, the Rules and Regulations under subdivision control were updated.

We would like to thank Walter Zaverucha, the Building Inspector, Diane Sears, Building Dept. Secretary, Charles Herbert, Interim Town Engineer and those Town Departments who supported and assisted us throughout the year.

A special thanks to Les Dorr, Secretary to the Planning Board, for her continued efforts in helping the Board function effectively.

Respectfully submitted,
Victor Auglis, *Chairman*
Ronald Adams, *Vice Chairman*
Raymond Ajemian, *Clerk*
Gerard Provost
John McDow

Industrial Financing Authority

Whereas the Bridgewater Industrial Financing Authority is called upon only to meet under specific outlines for specific applications for low interest mortgages backed by state bonds, we met only when called upon to investigate and study plans and proposals of those companies interested in locating in the Town of Bridgewater.

Of the four applications submitted, three have been approved and the owners and/or developers are, at the close of the year, working with the banks to complete their financing arrangements prior to building.

At this time, we extend our well wishes and thanks to Frank Burrill for the many years that he has served on this Authority as he retired this year due to illness. We also want to thank Wayne Clark for the many years he served as Chairman of this Authority. Mr. Clark has now retired from the banking business and is preparing to move out-of-town so has also resigned from this Authority.

The two new members appointed to fill their vacancies are, Thomas Phelan of the Bridgewater Savings Bank and Robert King of the Bridgewater Credit Union.

Respectfully submitted,
Ed Hogan, *Chairman*

RECREATION

Recreation Commission

To the Honorable Board of Selectmen and the Citizens of Bridgewater:

Membership of our Commission remained the same as last year. Gina Guasconi was reelected to a five-year term, while Dennis Bicknell was elected to complete an unexpired term, a position he has held since being appointed by the Board of Selectmen and the Recreation Commission in 1981. Our Commission met faithfully every Monday (or following Tuesday, in the case of a Monday holiday) of the month at 7:30 P.M. in the Upper Town Hall. Residents of Bridgewater were encouraged to attend our open meetings, and many individuals and organizations took advantage of this opportunity.

The highlight of our year was the successful passage of an article in the Town Warrant authorizing the Recreation Commission to spend \$10,000.00 toward the much needed renovation of the Soccer Field (old Football Field) at Legion Field. Detailed specifications were drawn up, and the contract was awarded to Romani Landscaping of Raynham. The Commission would like to thank Joseph

Lazaro, our Field Superintendent, and Charles Herbert, the Town Engineer, for their invaluable assistance with this project. After a few seasons of "turf-hardening," Bridgewater will have one of the finest olympic-sized soccer fields in the area.

Legion and Scotland Fields continue to be used to their fullest extent. From April to November, the fields were used daily by the Youth Soccer, Little League, Cranberry League, American Legion, and Play Ball Training Camp. The Bridgewater Slo-Pitch had its third successful season at Scotland Field.

Unfortunately, the Recreation Commission was unable to hold the Summer Program for children aged 5-12 due to budget cuts. Hopefully, this program, which has proven so successful in the past, can be reinstituted in 1983.

As indicated in previous annual reports, the commuter parking lot at the "Nip" is being pursued, and there have been many meetings between the Selectmen, the Bureau of Transportation, the District 6 Highway, and others during the year. It would appear that this project will be successfully completed in the near future.

The Summer Swim Program conducted at the College pool, under the direction of Mr. Harry Lehmann, had

another successful year. Further details of this program can be found in Mr. Lehmann's report.

In closing, we would like to thank the Board of Selectmen and other town officials who have assisted us during the year.

Respectfully submitted,

David E. Cox, *Chairman*

Andrew Fruzzetti

Robert F. Blakely, *Vice Chairman*

Dennis Bicknell

Gina M. Guasconi, *Clerk*

Arts Council

The Bridgewater Arts Council has continued to meet though lottery revenues were not distributed by the Massachusetts Arts Lottery Council during 1982.

The function of the Arts Council is to distribute funds in the Town of Bridgewater to artistic programs and projects through grants.

The grant applications for programs and projects are made available to Bridgewater residents at the Town Library.

Respectfully submitted,

Marie A. Jennings, *Secretary*
BRIDGEWATER ARTS COUNCIL

1982 Summer Swimming Program

Approximately 1,000 children and adults participated in the 1982 Bridgewater Summer Swimming Program conducted at the Bridgewater State College pool from June 17th to August 6th.

A total of 108 American Red Cross certificates were earned during the season in the following classifications: 56 beginners, 22 advanced beginners, 14 intermediates, seven swimmers, one advanced swimmer, three in basic rescue and water safety, and five in advanced life saving.

Special activities included synchronized swimming and competitive swimming. Special events conducted during the season included a synchronized swimming workshop, a series of inter-town swimming meets, the annual Jaycees swimming meet, a synchronized swimming festival, the annual water show, and the synchronized swimming show.

Bridgewater took top team honors in the Jaycees meet and finished second in the synchronized festival.

Respectfully submitted,
Harry Lehmann, *Director*

HUMAN RESOURCES

Coordinator of Elder Affairs

To the Honorable Board of Selectmen and All Bridgewater Citizens:

In 1982 we were faced with a year of great challenges, changes and budget cutbacks but the Coordinator's Office managed to survive. Volunteers played a major role in our survival.

The Senior population in Bridgewater in 1976 was 1,400. The Senior population in 1982 was over 2,000. Elderly people are living longer today. The increase in elderly population is recognized across the whole country.

Evidence has shown that elders prefer to remain in their own homes where they are familiar with sounds, neighborhoods, neighbors, friends, traffic, and local government operations. However, property taxes raise havoc with many Senior Citizens existing on limited incomes. Small abatements do not attract elderly people on the whole. Questionnaires frighten many older people and expose them publicly they feel.

Medical expenses are often a hardship, therefore, ill seniors refuse to seek proper medical treatments (often until too late).

Local governments will be expected to become better acquainted with the "needs" of the elderly, to understand the services required by them and most of all to begin to include this important segment of our society into present and long-range Town planning.

The Coordinator's Office and the Council on Aging have serious goals to meet in the near future. The goals mentioned include a first floor location for the Coordinator's Office, proper staffing for a growing business, medical transportation, a Senior Center building and a second hot meal site.

Presently Bridgewater ranks 20th in the 23 area towns serving the elderly. Think about that fact...

Volunteers carry out various duties in and out of the office. They deliver hot meals five days a week, drive Senior Citizens to medical appointments (receiving 25¢ per mile through our Area Agency on Aging), answer the telephone when the coordinator must be outside the office doing field work, fold monthly newsletters, make special gifts for shut-ins, help on the telephone-pal line, shovel snow, file assorted clippings, etc. Several organizations in town visit the elderly taking homemade gifts, food and clothing to their homes. A cheery smile and a willing ear produce astounding results.

44 volunteers gave 2200 hours of service to the elderly this year amounting to \$8200+, if paid for their services.

1,939 people visited the Coordinator's Office.

3,474 elderly cases were handled by the Coordinator.

798 elders were visited by the Coordinator.

4,005 calls came into the Coordinator's Office.

3,513 calls were made out of the Coordinator's Office.

3,410 miles were traveled by the Coordinator.

14,766 Newsletters were mailed to Seniors.

9,396 hot meals were served at Hemlock Drive in a 104 day period or 10 month span. Meals are served only when school is in session.

To the many, many kind volunteers and friends of the Coordinator's Office who have helped to make the workload a little lighter and the life of a Senior Citizen a little brighter THANK YOU.

Respectfully submitted,
Florence C. Henrickson
Coordinator of Elder Affairs

Council on Aging

The Council on Aging was established on August 24, 1970 by a vote of a Special Town Meeting. The Council has a nine member board and has been active since 1970, opening the Coordinator's Office November 1, 1977.

In 1982 it was necessary to "trim" the Council budget in order to meet the required budget adjustments under the present economic situations and at the request of the Board of Selectmen.

One of the most successful activities is the Annual Senior Citizens Day celebration usually held at the Bridgewater-Raynham High School. A delicious luncheon is served following an afternoon of professional entertainment all made possible through the efforts of the Council Committee, the school cafeteria personnel and many volunteers.

The Consultant who plans programs for Senior Citizens was instrumental in arranging trips to Heritage Plantation in Sandwich; Edaville Railroad in Carver and LaSalette Shrine in Attleboro. A second person was hired as a Community Development Consultant working six months in the Coordinator's Office assisting in the preparation of coordinating community programs available in this area. Both Consultants were working under grants leaving their positions in August and November, 1982.

Very recently the Council received a grant for the purpose of purchasing an address-o-graph machine to better control the circulation of the monthly Newsletter. The Newsletter is an important contact between the Council, the Coordinator and the Senior public.

Respectfully submitted,
Edwin S. Ditchett, *Chairman*
COUNCIL ON AGING

Housing Authority

To the Citizens of Bridgewater:

The year 1982 was a very busy year for the Bridgewater Housing Authority.

The Bristol-Plymouth Regional Vocational Technical School started work on the Chaffee Farm early in October under the supervision of Adrian Angers who is the Carpentry Department Head at the Vocational School located in Taunton. At this writing the house has been completely taken apart, a new roof has been replaced on the back side, and insulation and windows on one side have been replaced. The foundation has been repaired, the chimneys removed and the house completely stripped. Our sincere thanks to the students at the Vocational School who have done an outstanding job.

In the year 1982 the Housing Authority acquired the property of Mrs. Margaret Boutilier at 295 Main Street under the 705 program consisting of one house and 9½ acres of land which will be used in the future for the building of more elderly housing which is badly needed in the Town of Bridgewater.

At Hemlock Drive new lights have been installed giving more illumination at night. Many energy savers have been implemented at the Housing Authority to keep in line with the guidelines of the Executive Office of Communities & Development.

Mr. Robert Stone left the employ of the Authority in August of 1982 and was replaced as a part-time maintenance man by Mr. Gerald Pinault.

A grant to the U.S. Department of Housing & Urban Development was filed by the Housing Authority for a Turnkey Project consisting of 80 units of elderly in April of 1982. This grant will remain in the pipeline until funds become available. Additional Section 8 units were also applied for from the Department of Housing & Urban Development (HUD) but funding was quite limited and the B.H.A. was not successful in obtaining funds this time around.

The Board wishes to thank the Board of Selectmen for their cooperation with the Housing Authority for the various grants which the B.H.A. has applied for in 1982. Special thanks to the Highway Department, Tree Department, Fire Department, and School Department for their help with the Chaffee Farm. We also wish to thank the Visiting Nurse Association for their continued support throughout the year.

It has been a pleasure to serve our senior citizens and to be associated with the aforementioned departments in the Town of Bridgewater.

Respectfully submitted,
Joyce C. Marcus, *Chairperson*
Stephen Bonfiglioli
Russell MaDan
Marie Perry
Matthew Striggles

Veterans' Services

To the Honorable Board of Selectmen:

As noted in our 1983-1984 budget estimates, the downward trend for over a decade in the expense for veterans benefits finally came to a halt during the past summer. The reversal toward higher expense continues and the fluctuation in the requirements for benefits can only be attributed to the sporadic nature of the operation.

Meanwhile, requests for assistance with problems involving the Veterans Administration continue to be met. This assistance relative to pensions, income questionnaires, Veterans Administration hospitalization and the like require only a small administrative expense and also quite often result in savings or reimbursements by taking advantage of collateral services and resources.

In this respect we encourage our veterans to make use of our contacts with the Veterans Administration. While we are helping the veterans with their problems, we are quite often helping to hold the line on budget.

James A. Baker
Veterans' Agent

Veterans' Graves Officer

To the Honorable Board of Selectmen:

I herewith submit my report of the year 1982.

Markers and flags have been placed on the following graves:

	WWI	
William I. McLluraith		Garrett Hooper (WWI-WWII)
	WWII	
Henry M. Chamberlain		John A. MacCullum
Leon J. DaSilva		John Wager
Alfred Hall		Vincent Bumpus
Augustine Grover Jr.		Clifton Keith
Henry Chouinard		Arthur Eklund
Roland LaChance		Raleigh Pratti

Respectfully submitted,
Mario J. Ricci
Veterans' Graves Officer

Self Help, Incorporated

Report to the Town of Bridgewater

Self Help, Inc., is greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families, and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1982, Self Help, Inc., received a total funding of \$10,294,302 and provided 351,835 direct services to the area's limited-income individuals and families.

Bridgewater residents received 1,634 direct services totaling \$202,280 during our program year.

The total funding of \$10 million does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional \$787,298 of other community resources such as CETA, Commonwealth Service Corps, and local City and Town contributions as well as volunteers. The gross volume of Self Help, Inc., during the past program year was \$11.1 million.

Self Help currently employs 203 individuals, many of whom are limited-income and minorities.

We feel that the program year 10/1/81 to 9/30/82 was a successful one for Self Help, Inc., and very helpful to our limited-income population. We thank the area's Board of Selectmen, town volunteers and the Selectmen's representative, Charles Baker, to our Board of Directors for helping to make our program a success.

Respectfully submitted,
Ulysses G. Shelton, Jr.
Executive Director

Bridgewaters Counseling Center

To the Honorable Board of Selectmen and Citizens of Bridgewater:

The Bridgewaters Counseling Center is a satellite program of Brockton Area Multi-Services, Inc. During 1982, it provided counseling, training, and educational services to the Bridgewater community.

One thousand, six hundred and fifty six Bridgewater residents have availed themselves of the various services, at the Center, over the past year. Ages 18 to 60 comprised the most significant percentage of resident contacts with other age groups making up one-seventh of the Center's population.

Services provided are: individual, couples, family and group therapy and supportive counseling as well as seminars on stress management, parenting, substance abuse, and career planning.

The Center also has been available to the School Department. A staff Clinical Social Worker has worked on an on-going basis with the Headstart Program for purposes of consultation and training.

Bridgewaters Counseling Center is in the process of recruiting a licensed psychologist with expertise in diagnostic testing of children. This will further enlarge the range of services offered by the Center.

Our Center is open for appointments Monday to Thursday, 9:00 AM to 9:00 PM; Friday, 9:00 AM to 5:00 PM.

Respectfully submitted,
John T. McEnaney, LICSW
Program Director

EDUCATION

School Committee

To the Citizens of Bridgewater:

At the regular meeting of the School Committee held on February 1, 1983, the Annual Report of the Superintendent of Schools for 1982 was received and approved.

This report together with appended data is the Annual Report of the School Committee for 1982.

Respectfully submitted,
Robert J. Gentile
William A. McArthur, Jr.
Carolyn A. Hambly
Ellen J. Arabasz
Eleanor J. Kairit
Paul L. Chouinard
Alfred W. Cronin
School Committee

Superintendent of Schools

To the Members of the School Committee:

Mr. Robert J. Gentile, *Chairman*
Mr. William A. McArthur, Jr., *Vice-Chairman*
Mrs. Carolyn A. Hambly, *Secretary*
Mrs. Ellen J. Arabasz
Mrs. Eleanor J. Kairit
Mr. Paul L. Chouinard
Mr. Alfred W. Cronin

In accordance with your policy and the requirements of town regulation, I submit for your consideration the Annual Report "of the conditions" of the Bridgewater Public Schools for calendar year 1982. This report, which is my seventh as your Superintendent of Schools, was compiled from the reports of the administrators and their respective staffs and from a detailed review of the Committee minutes for this past year. Because of limited space available in the town report, I call to your attention the more detailed administrative reports and the minutes which are on file in my office. These source documents are incorporated herewith as part of the annual School Department report.

This past calendar year could well be described as the year we started to "bounce back" from the budgetary restrictions imposed by "Proposition 2½." Some of the original concerns continue to be a reality. It is still true that we now have fewer teachers and supportive staff. Class size is generally larger and all special subjects such as art, music, shop and home economics continue to remain eliminated from our program. Our library program remains curtailed as well as all extra curricular programs

and services. However, many of the potential problems that could have resulted have been resolved by the tremendous dedication and support of the staff, parents, community and you the School Committee. The commitment to a first-rate public education here in the Town of Bridgewater has not been stifled. The support given to the children of the Bridgewater Public Schools by the School Committee, the Advisory Board, the Selectmen and the citizens of our town through their votes at town meetings was most gratifying. Last year continued to reaffirm my pride and conviction in the personnel of our school system and the people of this community, both of whom rose to the challenge of "2½."

A brief sample of some of the activities and accomplishments are outlined as follows:

1. The building and equipping of the Williams Elementary Playground.
2. The complete revision of the telephone system.
3. The Drug Awareness Program.
4. The establishment of a building use policy.
5. The successful conclusion of collective bargaining negotiations with all personnel.
6. The completion of the preliminary draft of the School Committee policy manual.
7. The adoption of a home education policy.
8. The establishment of a dialogue process with area school committees and legislators.
9. The continued success of Basic Skills Test Results.
10. The continued parenting in-service program through Chapter I (formerly Title I).
11. The review and update of goals and objectives for the School Committee.
12. The approval at town meeting and subsequent initiation of the roof and window engineering survey.
13. The continued success of the School Lunch Program at no additional cost to the taxpayers.
14. The initiation of a formal revision of the science and social studies curriculum.
15. The computer literacy program.
16. The increased participation and support in all activities by the Parent Advisory Councils.

The School Committee met twenty-five times as a whole and on more than thirty occasions in various subcommittees. The Bridgewater School Committee continues to provide the policy direction and support so necessary for a quality public school education for the

youngsters of Bridgewater. I continue to hope that the School Committee and the citizens of the town will recognize the need for realistic financial support. All other town departments and their administrators remain cooperative with us.

I am very thankful for the performance and support of our entire staff. This past year was, in a nutshell, the year of "doing more with less."

May we continue to make the best of a difficult situation. May we all join together and cooperate to make our school system and our town healthy and viable.

Respectfully submitted,
Stephen J. Childs
Superintendent of Schools

NO SCHOOL SIGNALS

Because State law now requires that all schools, including elementary conduct sessions for a minimum of 180 days each year, the no-school signal will be used only when absolutely necessary. Schools will, therefore, be in session on most stormy days. Parents will have to decide on such days whether or not younger children should attend school.

1. The signal for no school will be sounded by the Fire Department at:

7:00 a.m. Grades K to 8
6:45 a.m. High School

2. No-school announcements will be given on Stations WBET and WCAV-Brockton, WBZ-Boston, WHDH-Boston and WPLM-Plymouth; also, WATD (fm 96)-Marshfield, and WBIM (fm 91.5)-Bridgewater State College.

3. PLEASE:

a. **DO NOT** seek no-school information the night before the day in question; a decision is not reached until roads are checked out early in the morning.

b. **DO NOT** call the Police or Fire Departments; jammed lines could prevent an emergency call from reaching either department.

DISMISSAL POLICY

Parents are alerted to the fact that occasionally because of severe weather or other emergency conditions, school may be dismissed during the day.

It is impossible for the School Department to notify the parents of over 2,000 children prior to any emergency dismissal. Therefore, we suggest that parents work out plans with friends or relatives to care for their children in anticipation of such emergency dismissals.

Report of the Superintendent Bridgewater-Raynham Regional School District

To the School Committee of the Bridgewater-Raynham Regional School District:

I am submitting for your consideration my report for 1982. The report was compiled by reviewing the minutes of the School Committee for the period from January 11, 1982 to and including January 3, 1983. Reviewed also were the annual reports as submitted by the Headmaster, Assistant Headmasters, Administrator of Pupil Services, and Department Heads. All reports are available for review in the office of the Superintendent.

This my eleventh report as Superintendent of the Bridgewater-Raynham Regional School District.

The Bridgewater-Raynham Regional High School has continued the quest for excellence. During 1982 programs in computer science were presented to the School Committee for review and final acceptance. In September of 1982 courses were offered to seniors. A computer teaching station was equipped with ten new Apple II computers. The goal is to increase the number of students having access to the computers and make them available in other classrooms for simulation and computer-assisted instruction. Department heads and administrators attended a computer workshop at Wentworth Institute of Technology and in October, 1982, 24 teachers, administrators, and secretaries participated in a computer "hands on" workshop at the Regional High School. The school district recognizes and accepts its responsibility to remain current in the field of educational technology and to do what is necessary to benefit and educate the pupils under its charge.

Students gained the approval of the School Committee to organize a cycling club. The object of the club is to promote bicycles (an efficient, non-polluting, alternative means of transportation) and bicycling (an enjoyable, healthful, leisure activity) that can be practiced by most everyone throughout their life.

Another student activity was established when the School Committee granted permission to conduct an Alateen program once each week during the evening at the school. The leader of the program is an adult member of Alcoholics Anonymous.

Several major policy decisions were achieved by the School Committee during the past year. In February of 1982, the Committee determined that an audit of all the books be performed every year in accordance with the General Laws of Massachusetts. At a later meeting the School Committee adopted a new policy under which the Regional School District accepts the responsibility, fiscal and otherwise, for special education pupils who have attained the age of fifteen. The third major policy implemented by the School Committee occurred in September, 1982. The school district adopted a policy which placed a greater responsibility for pupil attendance

upon the parent and the pupil. This policy was prompted by the fact that as a direct result of Proposition 2½ the position of Supervisor of Pupil Attendance had been abolished. This policy change will be carefully monitored.

In October of 1982, an enrollment of 1,427 pupils was reported at the Bridgewater-Raynham Regional High School. This figure was down slightly from the previous year's enrollment of 1,470 pupils.

Three hundred and thirty-nine members of the senior class participated in the June, 1982 graduation exercises. Sixty-eight percent of the class continued their education beyond high school. Two members of the class were finalists in the National Merit Program, June Sherry and Frank Verhoorn. Two other members were accepted to the United States Military Academy at West Point, continuing a tradition of acceptance to this institution since 1974 of at least one member of the graduating class. The two students were Albert Beninati and Shawn Schum. In all, seventeen B-R students have been accepted at this institution since 1963.

A banquet was held for the championship team in wrestling and this past fall the boys' soccer team and the girls' soccer team each won the Old Colony League Championship. The boys' team went on to win the Eastern Massachusetts State Championship Title.

The school district was informed in October of 1982, that sixteen members of our current senior class had achieved commended student status in the 1983 National Merit Scholarship Program. Two additional students had also attained commended status in the 1983 National Achievement Scholarship for Outstanding Negro Students. A total of eighteen students, presently seniors, have achieved national academic recognition.

Academic and athletic recognition gained by B-R students was matched in the field of drama. The B-R Drama Club entered The Boston Globe Massachusetts Drama Festival and won the regional competition. Individual acting awards were also received by Mary Ellen Danahey, Rachel Garshick and Cathy Montana.

In October of 1982, an open house was held for citizens of our two communities. This consisted of a slide-sound presentation and tour of the building.

A major activity currently underway at the Bridgewater-Raynham Regional School District commenced in October of 1982, and was highlighted in the report of the Headmaster as follows: "A major focus for the 1982-83 school year has been the self-evaluation carried on by the staff in preparation for the March 13 through 16, 1983 visitation by a team of educators from The New England Association of Secondary Schools and Colleges. Release time has been granted by the School Committee for this preparation which is proceeding on schedule as of this date."

During the past year, we were all saddened by the death of Dr. Richard Tsoumas, a member of our faculty. Dr. Tsoumas also served as an advisor to the school newspaper and was a popular teacher among all his colleagues and students.

Several others retired from their positions. They include: Thomas Burdin, math teacher; John Pearson, science teacher and baseball coach; Joan Heintz, teacher and head of the mathematics department; and Paul Anacki, groundsman. We wish them well.

B-R students excelled in many areas including academic, athletics and drama during 1982. The opportunity has been provided for them to do so by many devoted people including the School Committee, faculty, and others. The success of B-R's endeavors is directly proportional to the support it has received from the communities of Raynham and Bridgewater. We appreciate and need your continued support. Your investment does and will continue to pay dividends for you have invested in the product called people.

This annual report does not include specific statements or highlights from the reports of some others of our school district. I urge people to avail themselves of these reports which are informative and thoughtful. They are available at the Superintendent's office.

My sincere thanks and appreciation is extended to those with whom I work with on a daily basis in striving to maintain the Bridgewater-Raynham Regional School District as one of highest quality.

Parents, School Committee members, municipal officers, students and faculty all share in developing our school into what it is and what it will become.

Respectfully submitted,
Edwin Denton, D.Ed.
Superintendent

Bristol-Plymouth Regional Technical School

I hereby submit my Sixth Annual Report to the citizens of Bristol-Plymouth Regional School District. The School Committee representing the District is comprised of the following people:

Mr. Richard T. Vincent, Chairman	Taunton
Mrs. Jean A. Carter	Berkley
Mr. Robert S. Stone	Bridgewater.
Mr. Richard A. Ray	Middleborough
Dr. Carmine A. Carucci	Raynham
Mr. Brian Cornell	Taunton

The apportionment of net appropriation to member communities was as follows: Berkley - \$54,844; Bridgewater - \$176,973; Middleborough - \$202,825; Raynham - \$140,371; and Taunton - \$632,997. The per pupil assessment to be charged to each community is \$1,525.27.

September of 1982 began on a more optimistic note than the previous year.

Due to the efforts of local Representatives and the School Committee in particular, sufficient monies were allocated to the school to fund basic educational programs.

Morton Hospital should be commended for fully funding the Licensed Practical Nursing program. Mr. Lawrence Ross, Administrator at Morton worked untiringly with school officials to ensure that this vital community resource program be ongoing. Bristol-Plymouth received special recognition for being the second highest of twenty-eight rated Schools of Nursing in the Commonwealth. Mrs. Barbara Shaw should be commended for this exercise in excellence.

The High School enrollment and attendance statistics continue to be excellent. Due to a policy adopted by the School Committee, daily attendance averaged above ninety-six percent.

Employment statistics continue to be impressive. Mr. Ralph Sprague was appointed Administrator of Cooperative Education. Student work, Cooperative Educational Experience and job employment prospects remain encouraging, despite the economic problems evident in the locality and nation. Ninety-three percent of the past graduating class are gainfully employed, attending schools of higher education or serving their country.

The Guidance Department of the school continues to provide a solid contribution to the community.

Mr. Barry Motta, Director of Pupil Personnel serves as a valuable school resource and dedicated advisor to the Superintendent.

The parents of Bristol-Plymouth should be recognized for their untiring efforts to aid the students of the school.

They, the Advisory Board, and interested citizens of the community make Bristol-Plymouth the excellent educational institution that its founders intended it to be.

Respectfully submitted,
Daniel J. Saunders
Superintendent-Director

Student Government Fire Chief Kim Nicholson, with Fire Chief Clarence A. Levy.

Bridgewater State College

Bridgewater State College in 1982 enjoyed a most successful year, our 142 consecutive year of service to the area, the Southeastern Massachusetts region, and the State of Massachusetts.

Among the many highlights was a record full-time undergraduate enrollment in September, 1982. Approximately 4,600 students began classes in September, an increase of more than 150 from the previous year.

1982 also saw the College's new major in Management Science introduced, and this new program has proven to be extremely popular with students. We expect the emphasis of this new major will help Bridgewater State

College to be a great resource for business and industry throughout our Region.

We at the College have a strong sense of community pride, and we are pleased that this was yet another year of warm and friendly relations marked by a spirit of cooperation between the College and the Town of Bridgewater. College personnel and Town officials enjoy frequent contact on a number of issues of mutual interest, which helps foster and maintain our close relationship.

Very cordially,
Adrian Rondileau
President

HEALTH

Board of Health

To the Citizens of Bridgewater:

During 1982, the Board of Health met twice monthly, with perfect attendance at all meetings by the current Board members. Until the April election, the Board was chaired by Roger Provost; in May, the Board re-organized, electing John Colford, Chairman, Patrick Lynch, Clerk and John Sharland, Member. Nancy Oliveira continues to serve as Health Agent and Virginia Matusen as secretary.

One of the major problems confronting the Board this year and for the past several years was the conditions on site at Cannon's Engineering. Weekly inspections of the site were conducted by the Health Agent, Fire Chief and DEQE representatives. In July and September, leaking storage tanks were discovered requiring immediate remedial response by the State to alleviate and clean up the spillage. On October 15th, Jet Lines Inc. was awarded the State contract for removal and disposition of all wastes from the site, with the cleanup operations being completed on January 7, 1983. On November 22nd, the Board of Health was able to conduct a public hearing relative to the site assignment granted to Cannon's Engineering under M.G.L. Chapter 111, Section 150A, following the dismissal of the injunction against the Board of Health by the courts. On December 8th, the Board of Health voted to rescind the site assignment as the evidence presented at the November 22nd hearing documented that the operation and maintenance of the facility has resulted in a nuisance and danger to public health.

Following public hearings and comprehensive research by the Board and Agent, the Board of Health amended the Town of Bridgewater's Rules and Regulations relative to Subsurface Sewage Disposal. Amendments to these

regulations included perc testing shut-off for June, July, August and September, new acceptable perc rates limits, and the requirement of each building having a separate septic system located on the same lot as the building it serves. The Board also established new regulations regarding Flood Plain Zoning and Massage Parlor/Health Spa Regulations, and updated the existing Board of Health fee schedule.

In November, the Board of Health voted to grant a site assignment for a period of 90 days commencing with the receipt of DEQE approval to Jenkins Products, Inc., High Street. The assignment, which is nontransferable and expires after the designated 90 day period, is for the burial of non-hazardous sludge on site in an effort to eliminate the chronic odor problem that has troubled residents of the area for some time. Work is scheduled to commence immediately upon the receipt of the approval by the State.

As in past years, the problems dealt with by the Board of Health and its Agent have been numerous and varied. Perculation testing, septic system design approval and inspections, housing code enforcement, lead paint testing, restaurant inspection, the Senior Citizen Flu Clinic, Rabies Clinic, illegal dumping, and miscellaneous complaints are but a few of the services and duties performed by our office on a day to day basis. The Board of Health would like to thank Dr. Douglas and the VNA for volunteering their services for our Senior Citizen Flu Clinic and the various town officials, boards and committees for their help and cooperation in improving and protecting the health and environment for the residents of Bridgewater.

Respectfully submitted,

John J. Colford, *Chairman*
Patrick Lynch, *Clerk*
John R. Sharland, *Member*
Nancy Oliveira, *Agent*

Bridgewater Visiting Nurse Association, Inc.

To the Honorable Board of Selectmen:

"Growth" is a one word description of the Bridgewater Visiting Nurse Association during the 1982 fiscal year. Our annual report reflects this growth which has resulted in an expanded staff, an increased case load and an escalating budget.

The early discharge of patients, increasing hospital costs and the therapeutic value of the home setting have contributed to our growth. Staff expansion includes an additional full time Registered Professional Nurse, two Home Health Aides and by contract a Registered Physical Therapist in addition to our regular staff.

Comparison of home health care services for 1981 and 1982 show the following:

	1981	1982
Nursing visits	2883	3044
Physical therapy visits	300	673
Speech therapy visits	67	11
Occupational therapy visits	41	7
Medical social worker visits	7	7
SCOPE - OT	0	4
Home Health Aide hours	3329½	3802

Monthly health conferences are held for senior citizens at Hemlock Drive and the Parish Center and for the 18 to 60 year old group and those who cannot attend daytime conferences an evening health conference is held at the Headquarters, Bridgewater Visiting Nurse Association. The average attendance at the senior conferences is 48 and the evening conference is showing a slow growth.

Clinics—the professional staff and volunteers from the Board of Directors have assisted with the health conferences and clinics for hypertension, lead poisoning, diabetes, glaucoma, influenza and TB Mantoux testing.

Community service—has included participation in the Fuel Assistance Program.

Contracts—have been made with Brockton Homemaker, Easter Seal, Catholic Charities, SCOPE (Brockton Area Multi Service) for therapists and home health aides; with Johnson Rents for sick room equipment and supplies and with Stephen Snow, registered physical therapist.

Accreditation—the agency is fully certified by the Commonwealth of Massachusetts, Department of Public Health.

Administration—there is a volunteer Board of Directors (24) and a volunteer Group of Professional Personnel, representing local business and professional men and women and consumers.

Professional staff—includes Ann Kirkpatrick, BSN, supervisor; Margaret Evers, BSN, alternate supervisor; and the following registered professional nurses; Jane Deubler, BSN; Hilary Hamilton, BSN; Jeannette Irving,

RN,BS; Sharon Bowdren, BSN; Patricia Urban, RN; and Phyllis Rose, secretary-clerk and Phillip Casey, billing clerk.

Home Health Aides—are Mary Cuniff and Joanne Johnson.

Respectfully submitted,
Eleanore D. MacCurdy
President

Ad Hoc Committee to Study the Removal of Hazardous Wastes

To the Citizens of Bridgewater:

Just about one year ago, I was appointed Chairman of the Selectmen's Ad Hoc Committee to Study the Removal of the Hazardous Wastes at Cannon's Engineering.

As you well know, this committee went ahead with its work and was making significant progress when the State finally recognized its duty and announced that it would pay for the clean-up. The site is now completely cleaned of hazardous wastes. It is for that reason I have recommended that the Ad Hoc committee be disbanded.

I would like to thank the members of the committee individually here so that they might be publicly recognized for the work they did.

Murray Sennott—for his willingness to take risks and for his hard work in obtaining bids for the eventual removal work.

Town Counsel Robert Clark—for his wisdom and sense of timing.

Nancy Oliveira—for her willingness to take risks and her general all round hard work as the clerk of the committee.

Fire Chief Levy—for his willingness to provide on site fire protection during sample taking and other procedures involving significant flammable liquid fire exposures.

Past Selectmen Donald Buron—for having the insight to form the committee.

Selectmen John Hickey and David Canepa.

It was indeed an honor to be chosen as Chairman of this committee and to serve the Town of Bridgewater on this important Ad Hoc Committee.

Very truly yours,
John Sharland, *Chairman*
Ad Hoc Committee to Study
The Removal of Hazardous Waste
At Cannon's Engineering

Inspector of Animals

To the Honorable Board of Selectmen:

I herewith submit my Annual Report as Inspector of Animals for the year 1982.

A total of 3,753 animals were inspected. 3229 cows and heifers, 101 bulls, 35 beef cattle, 78 horses, 29 ponies, 5 sheep, 15 goats, 261 swine, 102 barns were inspected, 22 instate inspections, 44 dog quarantines, 2 cat quarantines, 1 rabbit bite, 1 chipmunk bite, 1 gerbil bite, and 12 complaints.

Respectfully submitted,
Francis R. Copeland
Inspector of Animals

Plymouth County Mosquito Control Project

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report for 1982.

The Project is comprised of 21 Plymouth County Towns, the City of Brockton, and the town of Cohasset (Norfolk County). In all, approximately 350,000 people in an area of 621 square miles are served through an integrated, multi-faceted approach to mosquito control. The sweeping revisions in the program, begun in 1982, are nearly complete, and are resulting in safer and more effective control despite the lack of inflationary increases in funding for six years.

1982 was relatively wet, and mosquito populations were higher in many areas than in 1981. To provide relief, 289,000 acres were treated by truck-mounted Ultra-low

volume aerosol sprayers. Standing water that could be reached on foot was treated to control breeding. 2,459 man hours were expended checking and treating such areas. In addition, 4,094 storm sewer catch basins were treated in areas where they hold water.

During August of 1982, the Project acquired a small airplane for spraying large mosquito breeding areas that cannot be reached on foot. This acquisition will be a most significant factor in improving mosquito control while decreasing the already low hazard to humans. Only insecticides classified by the EPA as "relatively non-toxic" will be used, and then only over swamps, marshes, and other wet breeding areas—not over residences.

During the cold months, field crews removed obstructions from 142,000 linear feet of ditches and streams to prevent backups and the resultant mosquito breeding pools. Very little excavation work was performed by hydraulic backhoe during 1982 to divert funds to the purchase of a new backhoe unit and a truck to transport the tractor. Backhoe work will resume during the spring of 1983. Due to the large number of requests received for such work, future projects must be evaluated solely on the basis of efficacy in controlling mosquitos.

To an increasing extent, use of chemicals in controlling mosquitos will be based on hard numerical data received through various surveillance methods carried out by our fieldmen, entomologists, and local volunteers. The result will be more selective, judicious, and timely treatments. An increase in "larvaciding" will mean a decrease in "fogging" of residential areas. Finally, the Project is planning to develop its own arbovirus surveillance program in light of recent outbreaks of Eastern Equine Encephalitis.

We wish to thank the citizens and personnel of our member municipalities for their cooperation during the past year.

Commissioners
PLYMOUTH COUNTY MOSQUITO
CONTROL PROJECT

First Cemetery.

I would like to express my gratitude to the Board of Selectmen and all other Departments for their cooperation, and to Mrs. Sylvia Shaw, Mrs. Jo-Ann Whittemore, and to Mrs. Martha Acquisto for their assistance and support during the year.

Respectfully,
George A. Belcher
Town Accountant

Report of the Assessors

The Town of Bridgewater is in the process of Revaluation in compliance with Chapter 797 of the Acts of 1979, known as the Classification Act, which means that all the towns and cities have to categorize all property into four classes and value those properties at full and fair cash value.

Bridgewater had a deadline of fiscal 1983. Therefore, to accomplish the revaluation, an appropriation of \$120,000 was made at the annual Town Meeting, May 1981. The revaluation company hired is Appraisal Consultants of New England (ACONE), from Taunton, Mass. ACONE started the interior, exterior inspection of all real property in October, 1981, and finished in November, 1982. The Assessors received the values and applied to the Bureau of Local Assessment for certification review, and were then notified that our schedule dates were March 23-25, 1983. Subsequently, we were then notified by telephone that our date was moved up to January 27, 1983. This is where we are now.

The projected procedure now is the Commissioner will determine that our assessments represent full and fair cash value. At this point impact notices will be sent out to all real property owners with their new values, and an estimated tax rate based on that value. Hearings will be held for owners who feel there should be clarification of their assessment. The next step is that the appraisal firm and the Assessors will determine the usage classification of each property and submit it to the Commissioner who will certify the total taxable valuation in each class, and then determine our minimum Residential Factor. A public hearing must be held within 30 days by the Board of Selectmen. It is then decided by the Board of Selectmen what percentage of the tax levy must be borne by each class or whether the town will stay with one tax rate.

When all these requirements have been met, the Property Tax Bureau will then approve a tax rate, providing all the laws have been satisfied.

Legislation was passed to allow towns who would be certified for fiscal year 1982 to send estimated bills. The Assessors elected to send estimated bills to save the Town Treasurer from having to borrow money to operate the town until actual bills are sent.

The Assessors are looking to a date late in April for the actual bills to be sent.

Exemptions under Clauses 41, 41A, 37, 22, and 17 will have 90 days from date of mailing to file with Assessors. Farmers and landowners will have 30 days from date of mailing to file to be classified under 61A and 61B.

The Board of Assessors wish to express their appreciation to Mrs. Rose J. Bevis, Chief Clerk, and Vincent M. Damon, Assessors Clerk, as well as to all other departments who have been of assistance during the past year.

Respectfully submitted,
John L. Revil, Jr., *Chairman*
Anthony P. Anacki, *Clerk*
Rose J. Bevis, *Member*
