Mr. Meier Back At BTC After Year’s Absence

Mr. Frederick A. Meier, popular Dean of Men, has returned from a year’s absence during which he took advantage of a fellowship offered him, at the University of Indiana. Teaching six hours a week, studying twelve, he passed his final exams and completed his work for his Ph. D. in Health Education. He is now in the process of writing his thesis, hoping to complete it by February, when it is to be submitted to a committee of five Ph. D.’s for approval.

While at Indiana, Mr. Meier also studied under Nobel Prize winner in medicine and physiology, Dr. Herman J. Muller, one of the chief reasons Mr. Meier made this university his choice.

New Policy Followed In The Dining Room

Something new has been added to the dining room at Bridgewater. Something so completely new that students had to turn and take a second look before they finally convinced themselves that they were seeing correctly. Yes, it’s really true.

Campus Comment To Sponsor The Penthouse Party, Semi-Formal Dance

Sponsored by Campus Comment, The Penthouse Party, a semi-formal dance, will be held in the Albert Gardner Boyden Gymnasium, Saturday evening, October 30, from 8 until 12 o’clock.

The gym will be transformed into a glamorous penthouse for the evening and dancers will have the feeling they are walking high above Park Avenue as they look out and see a Manhattan skyline.

A popular orchestra will supply the music and couples should wear their most sophisticated attire if they are to feel at home amid the lush surroundings of one of New York’s most exclusive night spots.

Among the faculty guests who have been invited are Dr. and Mrs. John J. Kelly, Miss S. Elizabeth Pope, Mr. and Mrs. Frederick G. Meier, and Miss Olive H. Lovett.

Freshmen Claim 507 Yrs. Of Language Background

Five hundred and seven years of language is the total background of one hundred and eighteen freshmen according to a poll made by Miss Olive Lovett, English professor. This averages about four years per person. French, Latin, German, Portuguese, Greek, and Spanish comprise this huge total.

It is interesting to note that more students (21) have five years of language than just four (18). Nineteen students have a background of six years, twelve have seven years to their credit, while only three can claim eight years and two have taken nine years of foreign languages.

Latin and French take about equal honors in popularity, totaling 240% years to 241% years respectively. German is the most popular of the remaining languages.

One student, Mr. Charles McDonald, has the imposing record of twelve years of foreign languages. A resident of Stoughton, Charles is a graduate of Boston College High School, class of ’48. At this parochial high school, four years of Latin and three years of German are required. In their last two years, the students are given a choice between French and German and can take both. He participated in baseball and track and was on the staffs of the school.

INITIATIONS

A new college year always brings new freshmen to Bridgewater and the second week of the college year always brings these same freshmen out of hiding in horrible aspects. Is it really necessary? Must they be made to wear those supposedly original costumes around the college buildings and into the class rooms? Is not the real purpose of initiation being forgotten in an effort to be humorous?

The purpose of initiation is to make the new students feel that they are a part of the college and to aid them in making acquaintances. A sideline spectator thinks that this could be accomplished without all the spectral appearance of the traditional initiation. If some form of initiation could be devised whereby the freshmen would be easily recognized yet not be ludicrous, then everyone would know who was who. Last year the initiation period was cut to three days instead of a full week. Next year let's cut it to dormitory antics minus the atmosphere of getting even with the new freshmen for the way you were treated as a freshman. Let's grow up!

IT BEARS REPEATING

Last year the constitution of the Student Cooperative Association was amended to change the method of nominating and electing officers for the Student Council. This Council is the governing body of student affairs and all problems except administrative problems are brought to the Student Council through the division representatives. The decisions of the Council affect the life of every student and it is the duty of the student to take an interest in and support the Council.

Contacts with other colleges are made through the Council and the college participates in social and charitable work through the Council. One of the services of the Council at the present time is the support of students in foreign countries who are having a hungry time of it. Bridgewater Teachers College works in conjunction with CARE to send packages to specified students and this is paid for by the contributions of the students. Division representatives collect this money and it should not be necessary for you to be asked for it.

Remember, Student Council is you. Keep in touch with it through your division representatives.

are the benefits of the teaching profession?" One young lady, a senior at Bridgewater, is convinced that there is a great deal of anxiety in the Danis family was the winner of the Mystery Man contest over Radio Station W ALC on August 24th. Miss Danis was $1500 in prizes including an expensive trip to New York, and numerous electrical appliances in addition to a cash prize.

The most humorous item in the list and one which produced a great deal of interest was "The Woman Who Said She Was a Time Traveler." Miss Danis credited her ability to recognize the Mystery Man to her training in meeting people and her talent for observation of personal traits, both of which were developed at B.T.C.

The Mystery Man was a prominent fall River resident who was described on the broadcast by several clues. Miss Danis instantly recognized Dr. Daniel Galloway, a fall River physician.

S.C.A. Sponsors Acquaintance Social

"Lots of fun!" "Mmm. Free food!" "Did you meet this freshman?" These are just some of the comments heard at the Acquaintance Social. S.C.A. sponsored, held Friday evening, September 24, in the Albert Gardner Borden Gymnasium.

Irene Bouley's unique rendition of "Shimmy 'Bread" was enjoyed, as were also Peggy Kctwick's piano-playing and the singing of Mildred Fantini and Fred Girms for Thursdays.

General Chairman, Marie Vincent, Vice-President of S.C.A., was assisted by Mary Minerva, Gertrude Cardoso, in charge of Refreshments; Marion Higgins, Hospitality; Phyllis Schneider, Publicity; Betty Olney, and Veronica Apps, Equipment; Barbara Gullick, Clean-Up.

W.A.A. Welcomes Freshmen

Every girl attending College is a member of W.A.A. Why not be an active participant in the program offered by your organization? W.A.A., under the able leadership of Anne Venuti, has devised a full and adequate schedule.

The varied program contains activities which should appeal to the interest of all. The major team sport offered this quarter is field hockey. Those for who enjoy a fast, vigorous game, hockey is tops. Beginners are instructed in the rudiments of the game every Tuesday afternoon. Midge Knight directs the play and has scheduled the intramural games for Thursdays.

The popularity enjoyed by tennis demands that it be offered in the fall, as well as in the spring. "Piff" holds sessions for tennis enthusiasts who are eager to learn.

Other sports include: volley ball, badminton, archery, and hiking. If you are a nature lover, earn your credits in hiking while you commune with the great outdoors. In a less rigorous vein, Barbara McNel offers tennis; Margaret Pattison, archery; and Virginia Smith, and the students at Friday chapel. "In College faculty addressed the delegates on Thursday evening at an acquaintanceship luncheon. In the fall, delegates represent our eight sister colleges were welcomed by the Conference of State Teachers Colleges of Massachusetts was held on our campus, October 7-9. Delegates representing our eight sister colleges were welcomed Thursday evening at an acquaintanceship reception in the recreation room of Woodward Hall.

Dr. Dorothy Ainsworth of the Smith College faculty addressed the delegates and the students at Friday chapel. "International Relations in Physical Education" was the topic discussed by Dr. Ainsworth. The visitors then attended panel discussions of mutual problems. Workshop, featuring a demonstration of sports, was held Friday afternoon.

In the evening a Jubilee Dinner Dance was held in the Boyden Gymnasium. Included in the program was a style show exhibiting the sport fashions of today in contrast with the vogue in sportswear of yesterday. The dance was open to the entire student body and many of the students swelled themselves of the opportunity.

Pleasant weather greeted the delegates on the last morning of the Conference. The energetic hiked, the meditated, and the lazy rode, but all arrived at East Bridgewater in time for the out-door breakfast. Chief Chef, Claire Danis, displayed her culinary aptitude, and no one died, as yet. The playday of sports commenced at 11:00 a.m. and continued until 2:00 p.m. Mixed teams competed in tennis, archery, field hockey, and volleyball. The conference concluded with a community sing on lower campus.

Representing the local W.A.A. board were Anne Venuti, Irene Bouley, Peggy O'Neill, Rita Loughlin and Virginia Smith.

Student Fellowship Opens Season With Supper Hike

This season's activities of Student Fellowship started September 26 with a supper hike. New and old members hiked to Oliver J. Lyman's property on a Gingko tree leaf to a horse hair. The lollipop prizes went to the hunting boys at Fair 18. They almost took the prize for the fire song as well, and an extra round of applause greeted the cute dirty of Fire 5 and they copped the coveted prize-more lollipops.

A special word of appreciation is certainly in order for Peggy O'Neill. She did an exceptionally fine job, not only in directing the hunt but also in all the fun and frolic which followed the supper. Margie Cummings' songs and Ethel Water's monologue were excellent but the gym virtually burst open with the laughter and applause which greeted the skit presented by the sophomore Phys Ed A.

The supper was wonderful— who likes roasted weenies anyway? The work of the committee members overcame the lack of atmosphere and pushed the Supper-Hike way up and over the top. Mary Tarlton, general chairman, was assisted by Peggy O'Neil, entertainment; Elinor Lennox, food; Barbara Gullick, organization; Elaine Decoutte, first (P); Noreen Dunn, clean up; and Ann Stratton, hospitality.

Here's What Greenberg Knows

We open this year by extending our heartfelt welcome to Mr. Frederick Meier, who has returned to resume his duties as Dean of Men, Director of Athletics, and science professor here at B.T.C., after a sabbatical leave at the University of Indiana.

Some of the lads who received their initiation into the game of soccer at practice sessions, are wondering how long it will be before their heads resemble that of the Neanderthal man. This clearly illustrates the policy of the college in regards to using one's head for something other than a hat rack.

Football isn't an organized sport at Teachers College, but from the looks of the school crowds at the Town Team games, it seems that many of our undergraduates have adopted that stunted array.

Congratulations go to Ricky Sargent, Al Walsh, Ray Lennox, Mike Sullivan, and Tom Devine, not only for their fine play, but also for the community spirit they display by playing for the Town Team, which is sponsored by the civic-minded Veteran's Association.

Our general policy forbids advertising, but, won't someone please volunteer for the attractive "jack of all trader" position offered by our popular math professor?—Hold it! The grapevine just reported that the job was obtained by J. K. (If in doubt about who possesses the initials, see either of the editors).

Despite schedule difficulties, our soccer team should give a good account of itself against a tough eight-game slate, with its first game played against Fitchburg. The aim of the team is to stimulate the school crowds at the Town Team games, it seems that many of our undergraduates have adopted that stunted array.

M.A.A. Discusses Plans for Season

The Men's Athletic Association, with President Marsh Lafoft at the wheel, called all the men together to formulate plans for a bigger and better year.

Secretary Walter Morrison reported the findings of a preliminary board meeting with Dean Meier earlier in the week. The items included an eight-game soccer schedule, an official varsity intramural basketball program to be instituted in November.

Amidst enthusiastic discussion, the traditional all-male "girllie" show, "Young Howard of 1949," advanced a step nearer reality, when a group led by Treasurer Harry Nickerson began plans for selecting directors and laying the foundations for the greatest show yet.

A committee was also set up under Vice President Jim Fox to plan for a joint M.A.A. and W.A.A. Barn Dance for November.

Men's Club Plans Four Socials

Under President Jim Fox, Vice President Bob Driscoll, Secretary Bob Firing, and Treasurer Will Alden, the Men's Club plans to sponsor its most active social program ever.

For the first time, four socials will be given, breaking the old rule of only two. The Club has already given its traditional spaghetti supper, and one gay dance and two more suppers are coming our way.

Besides making sure the men are well taken care of in the way of good times, the organization acts as an able representative of the men in assuring them that their voice is heard and answered. The group also works in conjunction with M.A.A. in supporting the show of the year—yet, you guessed it—Young Howard.

For the first time in the history of the Men's Club, they have an executive board; it is composed of Ed Wells, senior; John Hughes, junior; Brad Pierce, sophomore; and Bill Sullivan, freshman; all who capably represent their respective classes.

Men's Club Has Spaghetti Supper

Men's Club, under the leadership of President Jim Fox, sponsored a spaghetti supper to help the men of the college and faculty members to get acquainted.

The men congregated outside the doors of the commuter's room on Wednesday, October 6, anxious to get their share of the spaghetti, apple pie, ice cream, and coffee. When 6:30 p.m. rolled around, 100 men eagerly rushed in, with that hungry look on their countenances.

After digging into plenty of vittles, they were prepared for anything, and it came, when the faculty members made their after-dinner speeches. To the delight of the audience, the brief speeches were interesting and incited gay chuckles, laughter, and applause throughout. Among the "oncers" were President Kelly, Dean Meier, Mr. Durgin, Mr. Fisher, and Mr. Tyndall. Other faculty notables were Mr. Kelly, Dr. McMullen, and Mr. Ruckner. (By the way, the last three mentioned were brave enough to sit with the men at the individual tables.)

After the crowd adjourned to the auditorium for movies on sports, and a technicolor movie on Cuba, which were shown by Fred Gustafson.

Credit should be given to the officers of the Men's Club and to the following committee volunteers: Paul Salley, Ed Wells, George Gregory, Marshal Douthart, Harry Ohan, Bill Vaughn, Frank Hennessy, Warren Cooke, Bernie Miller, Howie Solomon, Ricky Sargent, Jack Berry, Al Coats, Ralph Desjardins, Ed Wells, Fred Nolan, Cene Margozzi, and any others who may have been mistakenly omitted.

Campus Sing, Party

For The Freshmen

A welcome for freshmen in the form of a campus sing, a dormitory party, and a "big little sister" party in the gymnasium, the "Hag Hoodlum" Hop, was presented on September 13, 14 and 17.
