The Third Circle
Mephistophiles

The Earth Sciences majors and dogs are responsible for all ex-
cavations on campus. October 21 was a switch. The bomb scare was in Warren Hall, and the false alarm was in the science building.

Proper identification must be shown to preserve innocent souls. If Dr. Nichols does not check on class attendance, he will surely send the dogs. How many homemade runs are there in this room.

Wine is to be served at the next symposium; it is custom that each student pours for a greater percentage of students will participate.

Lady Bird Johnson ordered a fence post around her keeping the highway beautification program. When the compass of student solicitations, be a good chap and assist, the Kelly parties are beginning to see that even the state police want to come.

On Friday, October 19, the girls impeded their activities to behold the boys in the Women's Commons. Prior to this, the presentation of Dr. Preston and the亲自 singer, Elizabeth, has been the past fifteen years one of the most important activities in Switzerland. Besides "Ground Breaking" and "Jesus Messiah," the "Firebirds" has written the newly named song, as well as "The Chalice Wall," etc., and "Dazed, Uninformed" and "It's Just Us," plays in which he has displayed unqualified theatrical conventions.

Mass. Heritage Day Observed

Twenty-one history majors and members of the Heisman Club, a campus history organization, participated in the annual Heritage Day celebrated by the students. The Heritage Day is held to honor the students' achievements and to celebrate the rich history of the college.

Under the supervision of Mr. Jeffery, the group of students prepared for the Heritage Day event. The students were instructed to create a presentation that would educate the audience about the history of the college and its significant events. The presentation was to be delivered in a format that would engage the audience and encourage them to learn more about the college's history.

The students presented their research on various aspects of the college's history, including the founding of the college, its growth and development, and its contributions to the local community. The presentation was well-received by the audience, and the students were commended for their hard work and dedication.

The Heritage Day event not only served to honor the students' achievements but also provided an opportunity for the college to celebrate its rich history and its role in the community. The students were proud to be part of such an event, and they were grateful for the opportunity to share their knowledge with others.

The College's historic building, the Library, was highlighted during the event, with the students explaining the history and significance of the building. The presentation ended with a Q&A session, where the students answered questions from the audience about the college and its history.

The Heritage Day event was a success, with the students and faculty alike expressing their satisfaction with the event. The students were proud to have been a part of such an event, and they were grateful for the opportunity to share their knowledge and passion for the college's history.

The students were encouraged to continue to research and explore the history of the college, and to share their findings with others. The Heritage Day event was a great success, and it was clear that the students were enthusiastic about their college and its history.

**.500 SEASON FOR HARRIERS**

By KEVIN FARRELL

The Bears Cross-Country team wound up its most successful season in its four year history last Saturday. Competing in the New England State College Cross-Country Championship at Franklin Park in Boston, Bridge­water, entering a minimum number of men and receiving no coaching during the season, placed on the top five.

Capt. Bob David, finishing fifth amidst a strong and experienced field of competitors, received a trophy for his fine performance. Boston State's Meagher and Segel placed first and second respectively, Meagher's time for the 4.1 mile course was 21:22. The Boston State squad won the cham­pionship for the second year in succession. Success here should also be attributed to the excellent coaching Boston's team has received from Mr. Sprague of Arlington.

Finishing with a 4-4 record, BSC missed breaking the .500 mark by losing a point decision to Assumption College on October 23rd. Despite the fact that the team had no coach this year, Capt. David and his squad formally wish to thank Mr. Swenson, Mr. Lehmann, and Mr. Carr for their help in completing the schedule. Special recognition goes to Bob Berwood, who has been a mainstay in track and cross country for his 4 years at BSC.

EHUD BROMAN

Freshman Richard Bailey was top runner for the Bears this year. Bailey also turned in the best time - 24:00 - by a BSC runner on the home course this season.

Last year's course record of 23:48 was established this season, when Pat­tersson of Nichols College rounded the course in 22:58.

**Basketball Season Opens**

Hoosiers Host Fitchburg Dec. 3

By KEVIN FARRELL

So with the finishing of football, the BSC fans will be cheering indoors now. And the BSC hoosiers are vigorously working out in the gym now. Getting ready for the big season, 12 games. Planning to give the fans some real thrills and excitement for a while. On the court this year the Bears' followers will see the usual desire and scrap as the BSC quintet takes on some really tough opponents from New Haven district, and, of course, rival teams.

Mr. Charles Carr, new on the faculty this year, will be assisting Coach Dohr. Mr. Carr played on Boston College's basketball team during his undergraduate days.

Charles this year are lettermen Paul FairbankS and Ken Brennan. Both Fairbanks and Brennan can be remembered for their fine performances last year.

Other returning lettermen include Paul Loschi, Dan Pavlin and John Warren. Sophomore Steve Anderson is back again and may be starting this season.

Newcomers freshmen will be depended upon. So far Ron Broman and Al Petitpas have impressed the coaches. Broman is tall and controls the boards; Petitpas' ball-handling shows promise.

Every squad doesn't break that .500 mark last season, if they can function better as a team, it won't be difficult. There's some real potential on this team, and with some breaks, the season will be good.

Coach Dohr, somewhat disappointed with last year's turnouts, hopes to see the #1 picked fall with fans this season.

Fitchburg travels to BSC to take on the Bears December 3rd. Until that time.

**Danish Gymnasts**

A Danish gymnastic tour group consisting of 12 men and 12 women performers have been selected from the most skillful gymnasts in Denmark. Most of them are 20 years old or younger.

November 4th marked the second meeting of PEM club this year. The program was a panel discussion on professional appearance presented by the water members, Mr. Ogilvie, Mr. Hals, Mr. Lehmann, and Mr. Carr for their help in completing the schedule. Special recognition goes to Bob Berwood, who has been a mainstay in track and cross country for his 4 years at BSC. Freshman Richard Bailey was top runner for the Bears this year. Bailey also turned in the best time - 24:00 - by a BSC runner on the home course this season.

**NEWSBRIEFS**

**Gymnasts Include Bridgewater On American Tour**

The Danish Gymnastic Team will perform at Bridgewater. Tuesday, November 30, 1965. Sponsored by the Health and Physical Education Department, the team is visiting BSC as part of its seventh tour of the United States.

The program, to be held at the Gymnasium at P.T.S., will include a variety of modern, Danish gymnastics for both men and women emphasizing grace, rhythm, flexibility, and coordination as well as body development and strength. A selection of Danish folk dances and colorful native costumes is also included. American leaders in physical education have praised the Danish Gym­nastic Touring Team for its prais­icition and beauty of movement, the super-physical development of each performer, and the inspiration and new ideas derived from the demonstra­tions.

The group is directed by Mr. Eric Finlayson-Jensen. In 1961 they visited the United States. The team which began touring in 1939 is be­ginning a personal tour that will take them around the world over a ten month period. The 12 men and 12 women performers have been selected from the most skilled gym­nasts in Denmark. Most of them are 20 years old or younger.

Mary Lou Thurnbull, of the Phys­ical Education Department may be contacted for tickets.
