LEGISLATURE MOVES TO GIVE SEPARATE TRUSTEES TO MASS. STATE COLLEGES

State Senate Majority Leader Kevin R. Harrington (L, Salem) has introduced a bill which would provide separate Boards of Trustees for Boston and Salem State Colleges. A similar bill has been introduced into the House to provide separate Boards to Westfield, Lowell, and Bridgewater. Currently the eleven Massachusetts State Colleges (Bridgewater, Boston, Salem, Lowell, Fitchburg, Framingham, Worcester, Westfield, North Adams, the College of Radio Broadcasting, and the Maritime Academy) are under the general governance of the Board of Trustees of State Colleges, which in turn operates and controls the Board of Higher Education which coordinates the State Colleges, the Community College Districts, the Massachusetts Community Colleges and the University. This structure, particularly the Board of Trustees for the State Colleges, is a result of the former Willie-Harrington Education Act passed and put into effect in the past five years.

Before that time, the State Colleges were under the direct control of the Board of Higher Education, with the period being characterized by an almost anarchical period during which the various colleges engaged in to obtain every dollar they could. The Legislature, it is generally noted that the Legislature greatly expected providing new buildings for its State College system during this period, and that it was only after reorganization and only under the single control of the Board of Trustees that the colleges moved into its current sharp upswing.

In an article printed in the Boston GLOBE (February 15th), Sen. Harrington explains this apparent process by which the recommendation in the Willie-Harrington Report to unite the colleges under a single Board and its current influence by the Senate Education Committee, to grant separate Boards to Boston and Salem and his amendment being reported on the floor of the Senate, he has no intention of the encroachment by this Board. In fact, the vote indicates that state colleges have a right to representation by students, not only by others.

One eastern Massachusetts state college president admitted as much a few weeks before he observed that if Negro students on his campus took over a building "I'd be more concerned for the protection of blacks from the white students."
Some time in the past six weeks, the last of their tents and disappeared into the night. The extreme consterna­tion which these heavy-handed characters have caused in all financial
representatives of the Auditor of the Commonwealth to descend upon this
place. When told that the last of the State Auditors who were
engaged in the yearly study of the student and college accounts folded the
tent upon becoming permanent fixtures in the Plymouth County Room. They
left a high point of business for the Bookstore, Pursue good book-
keeping practice, and everyone in the college became hearse.

Let us hope that these gentlemen have the intelligence to engage in their
next audit as soon after July 1, 1969 as possible - when they tie up the
assets of the college and the students for another ridiculous length of
time.

STATEMENT OF PURPOSE
CAMPUS COMMENT is a student newspaper, its organization, production, and
distribution by students of the State College of Bridgewater for the purpose of
keeping the students informed of what is happening. The newspaper must at-
tempt to inform the students of the happenings on campus in a non-partisan,
curial manner. The newspaper must resist violently any attempt to infringe
upon freedom of the press so matter how it turns, Whether it be subtle or
obscene, it is still the press. The newspaper should report the truth regardless
of the party or group involved, whether on campus or elsewhere.

The CAMPUS COMMENT is not a toy. Those connected with it realize that
it is a service which cannot be taken lightly. The newspaper is a tool
which can - if it chooses - be a powerful public figure speaking for black
people. If it were that powerful figure, its name would be all right. If
you said the "nigger" or the "Negro" or the "Negroes", you would sound
like a well-public figure speaking for black people. The term "nigger"
means only terminology to you, not you say any longer now. The word
"Negro"! friends "nigger" or just, "Negro"? friends "nigger" or just
the national. What you are doing is infringing upon the freedom of the
students involved. You are lowering their moral standards. If you want to
refuse the auditors, you are far from alone. The auditors themselves
would have reflected upon the entire financial structure of the college
if this wasn't a racist set

Then you said that the term "nigger"
means nothing to you, because you
are white. You are wrong. The term "nigger"
means something to you. It means the
same to you as the word "nigger"
means to black people. You,n
are white and you can never
say "nigger". I don't know how
you say no you shall not tell
me, but tell me how much good
will you really realize by using
this word. You can have too much because just till now you didn't know
that "Negro" is a term which has a
meanings. The word "Negro" is
defined as "black man". The word
"black" is not wrong. The word "black"
is only terminology to you, not
you mean — you mean...-

It seeks to end discrimination and segregation based on race, ethnicity, and other factors. The movement includes various efforts, such as peaceful protests, legal challenges, and community organizing. It has its roots in the Civil Rights Movement of the 1950s and 1960s, and continues to this day with various organizations and activists working towards these goals.

PASS-FAIL GRADING SYSTEM PART II: 'THE HOW OF PASS-FAIL' by J. Robert Merriam

The Social Activities Committee, in its first concert of the second semester, presents the BROOKLYN BRIDGE and ORPHEUS in concert on Thursday evening, February 27. BROOKLYN BRIDGE, an eleven member group, recently had the number one record in Boston. They have given several concerts all over New England and show and put on a very professional performance.

ORPHEUS, a Boston-based group, specializes in vocal and choral music. They have given several major concerts at all colleges through­out the area.

Both BROOKLYN BRIDGE and ORPHEUS are proud to present this free Gynmarnist on February 27 at 7:30 p.m. The concert will feature a special tribute to the celebrities of the world of entertainment in honor of the late Ed Sullivan.

One of the main highlights of the concert will be the appearance of the world-renowned quartet, the BRIDGE and ORPHEUS in concert, who will perform a medley of their most popular hits, including "Roots and Wings" and "Walk on the Wild Side."

The students problem becomes particularly obvious in the current situation where the student not only has to deal with the pressures of college life, but also has to make important decisions about his future. Professor Sachs stated that the problem is not unique to this institution but is widespread in the academic world.

The course in question is "Introduction to the Study of Religion," and it is offered at several universities. Professor Sachs stated that the course is not the only one where the problem exists, but that it is a particularly important one because the course is taken by a large number of students.

The course is designed to give students an understanding of the major religious traditions and to help them to develop their own beliefs. However, Professor Sachs stated that the course is also a way for students to express their own ideas and to challenge the authority of the professor.

The students, however, are not always satisfied with the quality of the teaching. They feel that the professor is too authoritarian and that the course is not an open forum for discussion.

Professor Sachs defended his teaching methods, stating that they are necessary to maintain the integrity of the course. He stated that the course is not a place for free expression, but rather a place for students to learn and to grow.

The problem of how to limit the number of Pass-Fail students in a course is a common one in many universities. Professor Sachs stated that the problem is not unique to this institution but is widespread in the academic world.

**FESTIVAL OF ARTS APPROACHES**

There has been an atmosphere of excitement in the Visual Arts Club for the past few weeks as planning for the Festival of Arts has been under way. The students are looking forward to a memorable demonstration of the fine and performing arts. The Festival is scheduled for Tuesday, March 30th, with gates opening at 6:30 p.m., and will continue until 11:00 p.m. The main events will include demonstrations of tapestry weaving, enameling and ceramics by Mr. Jan U. 3. L. Derricoll, President of SMTI and Dean Mead refused to consider the students' demands. The students called for a mediated solution in order to prevent further confrontations.

**TEUTONIC DAY AND KNIGHTS**

Cut out in Gothenburg
I had a Nils and kissed the sun, I stood there motionless, enshrouded in pure light, Cleansed and bronzed and brown and black and white.

Clean and healthy, I met friends with a foul odor;
Filled with peace, I sung with the birds.
Light, I am the one, all are dead and I am the one
And breathed the smells of life, I am the one.

But when I stopped by a patch of white little ones,
O God, they ripped off their hooded heads and tried
To suffocate me.

The Satan - Satan they came to me!
Arms and body in a white crucifix.

**FOOTBALL FUNDS DELAY**

Funds for the proposed football facility have not been allocated by the state legislature. At the present time, appropriation is first on the list of the Board of Regents. The funds have been allocated, planning and construction will begin.

VARIOUS FROSH BASKETBALL EXPERIENCE SETBACKS

The Bears of Bridgewater State have failed to gain the respect of other teams since the last issue of the CAMPUS COMMENT, which puts the season record at 3-14. Their first loss was to Quinnipiac in a game played at Connecticut. The Bears were unable to rebound against the superior team, and the Chicls won by 20 points, in a game played at the Municipal High School in Windham, Conn. The Bears suffered a 40 point setback due largely to the early loss of Barry Fitzpatrick, who had been severely hurt quite severely. A full court press helped Eastern Conn. roll to an easy performance by Tom Morris, the Bears who just cannot make headway with only 6 players, including 3 starters—Denis Moltmern, Steve Harris and Mike Southworth. Thus, with only 6 players—Tom Steele, Steve Chase, Gary Farrel, Art Oliver, Kevin Lyman and Kenny Richburg, Tom Morris turned his team into a J. V., club, the first acquisition of 2 good workers, John Powers and Tim Macmillan, the club became a team that could not be taken lightly.

Facing a tough schedule, the freshmen have shone good hope. Two of their losses were close game against Dartmouth (70-75) and Boston University (93-91). Our Freshman basketball team has suffered four successive losses, and their record is 0-10. Nonetheless, their skills have improved, and a bright sight for the run-down team, Mr. Donald Cotter is doing his best. Despite academic problems, the team has an outside chance of breaking even this season. Their team is always in there fighting, their lack of height and experience has greatly hampered their efforts. Perhaps some student support for the team could spur them on to victory.

BRIDGEWATER REMEMBERS MARTY RIZZO

Marty Rizzo has been dead for five years now. It is fitting that we stop for a moment on the fifth anniversary of his death, and consider the ideals which he personified both in his living and his death.

THF ALPHA for 1963, the year before he was to have graduated, put up those ideals in their memoriam, and Martin Rizzo is not going to be the only one buying into these ideas.

THE COMMENT pays its respect.

Martin T. Rizzo

• The cold, rainy day of November 9, 1963, will be forever embed­ded in our minds and hearts. On that day, in an effort to spring a death, Marty Rizzo leaned his shoulders and threw a free block and, as a result, fell to the ground seriously injured. For one week, Marty prayed silently, he lay on the floor on November 11, 1963. His foremost concern for success was to give of himself one more time and incorporate. It was exactly that on the gridiron and from his hospital bed. His victory was that of a lasting spirit.

Marty’s life of his, aggressive attitude, and his pleasant ways on the field of play. It was a few of his enmities left for his younger students to understand. His knowledges of teamwork, and classroom will always recall the quality of leadership, the will to win, and the desire to do the best in the final rounds of his life. Marty exemplified an ideal. He never knew what it was to stop.

**EDITORIAL**

"A DISPOSITION OF THE PROBLEM"

At present we have been informed that the strippers have been removed from the campus. This is a praiseworthy position. However, whether this is on permanent basis or not is unknown. If they are to continue to be removed, the students, coaches, and players should welcome this change. We also feel that the hockey faculty should be informed of their situation, that they should have the opportunity to discuss the situation.

**SKATERS DOWN STONEHILL**

By Jim Doody

The Bridgewater Hockey Club scored quickly, gunned to a convincing victory over rival Stonehill before a small, but enthusiastic crowd at the Stonehill Rink on Feb. 13. The Bears scored in the first period, twice in the second period, and once in the third period for a total of 3 goals. Although the game was played in the Stonehill Rink, the Bears dominated the game.

**HOCKEY CLUB SPEAKS RAGS**

"IN RESPONSE" by Dick Brown & Jim Rosa

First, on behalf of the Campbell Community, we would like to clarify our understanding of the term "non-B.S.C. STUDENTS INVADE HOCKEY TEAM." We believe that the term refers to an invasion of the hockey team by non-B.S.C. students.

The hockey team was invaded by two non-B.S.C. students, Mike Saggese and Frank Cullen, who were not members of the hockey club. The team was not satisfied with the presence of these students and expressed their dissatisfaction in writing the article.
