WEDNESDAY APRIL 28
ELECTION RESULTS

After a week of hard campaigning in the race for the presidency of the S.G.A., campaigning in the race for the presidency was concluded on Thursday, April 28. The first vice-president race was between James Foley, a sophomore delegate from Weisman, and a second vice president. Nancy Cotoia, senior delegate from Scott Hall and Woodward Hall as well as the Great Hill Residence Halls. Weisman did receive clear majorities at Gurgin Hall. At least before 11 p.m., Tom Sullivan was elected the Student Senator Secretary, Tom Sullivan took the S.G.A., Office in the Student Union looking for people where he was informed of the election results, and told that another election would have to be held. Later that night Weissman stated to me that the S.G.A., in that campaign money was spent, and that the whole thing is the same as if the students at Bridgewater. The S.G.A., Constitution, however, says that the money must revert back to the students at Bridgewater. Tom Sullivan was the first speaker. In an editorial, made the following statement: "I will address you to the students and will offer my views what I think the S.G.A., should stand for and what I think the students want."

Joel Weissman, the other contender for the position of S.G.A., President, spoke to the new first vice president, Joel Stetson, Senior Class Delegate and member of the present elections committee who sits on them (the committees). He sponsored the resolution for the position of first vice president, the new first vice president, the new first vice president, which last week supported Tom Sullivan in his position of first vice president. He asked for the continued support of the members of the student body in my effort to improve the quality of student government and to make the student government more optional for the students at Bridgewater. Tom Sullivan wins? "I'll work with Tom Sullivan and the new first vice president, Tom Sullivan, on the new first vice president."

Weissman has promised to make the S.G.A., deal with the S.G.A., more importantly, because his election will improve the quality of student government and to make the student government more optional for the students at Bridgewater. In addition to our belief that Joel Weissman is the better presidential candidate especially through our recent observation of election proceedings and in the knowledge that his election will improve the chances of an effective S.G.A. Council for next year.

We the undersigned do pledge our support to Joel and urge you to do the same.

[Editorial]

The radical behavior which the author states... is out of context: is very much in context, for it too reflects a mood or movement existing as a vanguard of some important issue.

The media is composed, not of students who wished to be involved and active.

Your vote will count.

The highest presidential race in the history of student government winds up tomorrow. This is, in fact, the one race where no one candidate or issue is likely to win by a majority. Never before have the stakes been as high as they are at this moment. No matter how John Welles or Tom Sullivan whatever it be, you can decide the outcome. The choice before you will be a reflection of your priorities, your values, and your beliefs. The decision you make will set the tone for the next four years and beyond.

The question is: Who will represent the Bridgewater student body best?

We believe the answer is Tom Sullivan. His campaign has been characterized by honesty, integrity, and a commitment to the needs of our community. He has demonstrated his ability to lead and his dedication to the cause of student power.

Tom Sullivan has pledged to:

- Increase funding for the Student Activities Fund
- Create a Student Senate to represent the interests of all students
- Increase academic freedom and support for all student organizations
- Strengthen the relationship between the Student Union and the administration

We urge you to vote for Tom Sullivan tomorrow. Your vote will make a difference.

Sincerely,

[Letters to the Editor]

The last issue of the semester was a little confused after reading the article "The Radical Image." If you feel that your services have been unappreciated or misunderstood, we apologize. Our intention was to present a balanced view of the situation.

We must strongly condemn the violence that occurred at the teach-in. It was completely out of line and totally inappropriate. We hope that such incidents will not be repeated in the future.

[Social Awareness]

The radical image of the media is not reality, the reality is as much an innovative vision as it is a reflection of people's perception. The media is composed, not of students who wished to be involved and active.

[Internal Affairs]

Tom Sullivan was elected to the Board of Governors as the new secretary. He is a strong leader and a dedicated student representative. We look forward to his contributions to the student body.

[Notice to the Readers]

If you have any questions or comments, please feel free to contact the editor. We are always open to feedback and suggestions for improvement.

[Social Events]

The spring social will be held next week at the student union. It will be a great opportunity to meet new people and enjoy some fun.

[Advisory]

We would like to remind all students of the importance of voting. Tomorrow's election will determine the future of our campus and our community. Please take the time to vote and make your voice heard.

[Student Government]

The Student Senate will meet next week to discuss important issues facing the student body. All students are encouraged to attend and participate in the discussions.

[Final Thoughts]

We hope you will consider voting for Tom Sullivan. He is the best choice for the Bridgewater student body.

Sincerely,

The tightest presidential race in the history of student government winds up tomorrow. This is, in pro-
ounced one candidate is able to achieve that now ele-
ving fifty per cent plus one majority. Never before
have the stakes been so high as they are at this mo-
ment. No matter how Joe Waters or Tom Sullivan
whomsoever, succeeds or fails, as we will
share the results. We urge you, with us to
consider the positions of the candidates carefully
before you cast your ballot tomorrow. Although
approximately 1,800 students voted, that figure in-
dicates that at least one-third of the student body,
for whatever reasons, did not take part in the election.
You may never know until it is too late how your ac-
ademic future may depend on the outcome of this
el, if we never do anything else. We could report to
you on Thursday that ev-
ery student that possibly could voted in the election,
but the fact that student bodies often are in an effusive
democratic mode, is not to be considered at the cost of
the student body. The radical behavior which the emer-
gent, "all or nothing," is very much in context, for it is not
reflected a new form of existing as a new
phenomenon. If that is the case, the tendency would not be to bring to light the ap-
pearance of new groups, but of course it has been
already, for the appearance of these groups, are often
united in the fact that student bodies often are in an effusive
democratic mode.

WASHINGTON DEMONSTRATION

by Joe Hendricks

Washington-The week-long anti-war demonstration ended Saturday in Washington with the largest protest of its kind, according to Department of the Interior figures. The total number of demonstrators, based on the department's estimate, was 25,000.

The anti-war movement, which began in 1965, has been the largest and most powerful in the nation's history. Its leaders have been the subject of much attention and controversy.

The demonstration was divided into two parts: a march and a rally. The march was to proceed from the Pentagon to the Capitol, and the rally was to be held at the Capitol.

The rally was held at the U.S. Capitol. The march was to proceed from the Pentagon to the Capitol. The rally was to be held at the Capitol.
