INTERNATIONAL SUMMER PROGRAMS

The Student Senate voted to conduct international summer programs for state college students this summer. The programs are designed to promote international understanding and to provide cultural exposure for students. The programs will be held in Spain, Italy, and England and will focus on the history and culture of each country. The Spanish program will emphasize Spanish culture and language, while the Italian program will focus on Italian language and cuisine. In addition, the English program will offer students the opportunity to explore the natural and cultural landscapes of England. The programs will be divided into teams of three or four students, and each student will be responsible for their own expenses. The programs will provide a unique opportunity for students to learn about different cultures and to develop their language skills. The program coordinators are Professor H. Stewart, Professor K. Preston, and Professor J. S. vanVickle. They will be responsible for overseeing the program and ensuring that it meets the needs of the students. The program coordinators will work closely with the program directors to ensure that the programs are successful. The program coordinators will also be responsible for coordinating with the program directors to ensure that the programs are successful. SEeks OFFICE

To the Students:
I am a candidate for the office of S.G.A. president. During my two years in this present position, I have gained the knowledge and experience needed to serve as Student Government. While holding these offices I have gathered the knowledge in college government that is essential in holding the office of S.G.A. president. By personal example, S.G.A. students have been demonstrated by a record of accomplishment in all areas of my full term. I have also been extremely involved in college committee and committee of the S.G.A. Here again I have yet to miss one committee meeting.

I am in favor of dropping all core requirements for graduation in favor of departmental requirements which would be voted on by both students and faculty.

The judicial branch to include all departments of the school. This would fulfill the purpose of the court (to which) to which to handle the problems in that area. Also a court system will be established to handle the problems in the various departments of the school. This would eliminate the need for student volunteers to be able to handle the problems in the various departments of the school.

The establishment of a new student government office and personnel to handle the problems in the department and the establishment of a new student government office and personnel to handle the problems in the department. LEARNING THROUGH ENGAGEMENT

"To bring about social change we must build community," says Mike Tisher, director of the People's Festival. "In order to realize this in a real and lasting way, there must be a movement."

The People's Festival is a project of the American Friends Service Committee, a Quaker organization with which the Slippery Rock community is already involved in community development projects. The People's Festival is a "grassroots" event, organized and supported by local residents. The festival will take place on April 10, from 10 a.m. to 6 p.m., at the People's Center, located at 1214 Main Street in Slippery Rock.

"The festival is designed to bring people together and to provide a platform for community engagement." says Mike Tisher. "It will feature music, dance, art, and workshops, as well as a variety of food and drink vendors."

The People's Festival is free to attend and is open to the public. It is organized by a group of local volunteers, and all proceeds will go towards supporting local community projects.

"Our goal is to create a sense of community and to provide a space for people to come together and share their ideas," says Mike Tisher. "We hope that the festival will be a catalyst for change and for the development of new ideas and initiatives in our community."

THE COMMENT APRIL 5.

The Department of Education at Bridgewater State College is proud to announce the selection of Mr. Stephen Smalley as the new Director of Student Personnel. Mr. Smalley brings a wealth of experience in the field of education, having served as the Assistant Director of Student Personnel at another institution. He is well-respected for his commitment to student success and his dedication to providing a comprehensive and supportive environment for all students. Mr. Smalley will assume his new role on Monday, April 8, and we look forward to his leadership in guiding our students towards a successful academic experience.

Explosion

John Bricker's film "Explosion" shows the story of an American in Vietnam. The film is a powerful depiction of the reality of war and its impact on the lives of the soldiers. It is a thought-provoking film that challenges the viewer to consider the consequences of their actions. John Bricker is a talented filmmaker who has captured the essence of the war and the human cost of the conflict in his film. We encourage everyone to watch this film and reflect on the importance of peace and non-violence.

These are offered in hopes that they will preserve your sanity during the "cool down" periods whenever you feel like escaping the overheated pressures of the day. Humor, too, can jolt you awake. If it is not funny, put down these song and sing out loud. If they don't take your fancy all the flesh and chime, they probably will make you more realistic and feel like eating vegetables.
