I thought that you had known what I was doing. He had been asking for more money, but we didn’t want to give him any more. Let’s see if you have a plan for us.

During the following week, Linda and I will be visiting various schools and colleges. We will be discussing the importance of career counseling and the benefits of education.

Linda is a bright young woman, and she has always been interested in helping others. After a few weeks in a career planning workshop, Linda decided to go to college and eventually earn a degree. She has completed her license to be an interior designer and is now working on her Master’s degree in Business Administration.

The Bloodmobile Unit will be in the Student Union Ballrooms on Tuesday, October 4th, from 10 AM to 4 PM. Students and faculty are encouraged to come and donate blood. We will be giving away a signed personal check to anyone who donates.

If you are in good health, weigh at least 110 pounds, and are 17 years of age (or have a signed parental consent form), you are eligible to donate. So, roll up your sleeve, and join the Bloodmobile.

Counselling Center in Boyden Hall

I wouldn’t need to do this if you gave blood.

Counselling Center in Boyden Hall

Elaine Light

Dental Hygienist, Career Counselor for several years, will meet with interested women students about some of the crucial career concerns of women students at presently existing work centers (or initiatives).

The meeting will be held in the Women’s Center, on the third floor of Boyden Hall, on Tuesday, October 4th, from 10 AM to 4 PM. It is open to all students who are interested in learning about the options open to women in the workforce.

Some colleges require career counseling for women who are preparing to teach. The bloodmobile examination, which measures their abilities in the various functions of Office of Student Life, is of particular interest to women students.

Dr. Diethelm is also involved with the non-profit, educational organization that admisters this examination. He feels that counseling can be an important part of the education process, and he believes that good counselors can be reached by calling Box 911, Educational Testing Service.

People can sign up for the Bloodmobile at the Student Union Ballrooms on Tuesday, October 4th, from 10 AM to 4 PM. The people who sign up for the Bloodmobile will have the option to be given a signed personal check.

The Bloodmobile is Coming!
An Irish Priest? A Sage?

When on campus we find a large Irish building that contains an Irish priest, a 'veteran' and sage. His name is F. Edmond Fitzgerald, Dean Deep, and Dean of the Catholic Center. His office is located on Park Avenue, is hardly a block straight north or south of the Campus Green. He is the official priest on campus in the Irish family. He has twenty-five years of service in his current role. His enthusiasm for his work is evident wherever he goes. He enjoys scholarly conversations with students and faculty. F. Edmond Fitzgerald is a true Irish Priest.

The comment is highlighted by a statue of St. Patrick that sits proudly on a pedestal next to the building. It is a representation of the Irish students who are students on campus and a symbol of their heritage.

To the Irish Priest, the Campus is also a library, a classroom, a home, a community, and a place where people can feel comfortable. He is there to answer questions, to listen, and to provide guidance. His office is open from 8am to 11pm, Monday through Friday. He is always there to help.

The Irish Priest is a living example of what it means to be a true Irish Priest in the Catholic Center. He is a man of faith, of education, and of dedication. He is a true Irish Priest.

**Editorials**

"Roll your own sleeves! You may be hearing this for the next few days, but we think it's worth repeating."

On October 4th and 10th from 11:00 to 11:50 am, the Red Cross Bloodmobile will be set up in the Student Union Ballroom. Many of you are no doubt aware of the gifting of a pint of blood, a noble deed and noble things that can be done either by those who are medically qualified or by those who are not. As we know, the gift of blood is a gift of life. While the call is out, you will receive a card that is yours for life. If you accept the challenge, you will be given a free T-shirt and a free gift voucher for the Student Union Dining Rooms.

We heard that the Senior is dancing at the Bar on Tuesday morning before the meeting...

---

**Letters**

**"Student Life" O.K.!!**

To the College Community,

In response to the article "Student Life" written by Dr. Liam Hurley in last week’s COMMENT concerning the Office of Student Life, I thought I would like to express some of my opinions in regard to the role of Student Life in the College.

I believe that the purpose of Student Life is to help students adjust to college life and to give them opportunities to become involved in campus activities. However, I feel that the current implementation of Student Life is not effective.

The office of Student Life should be more active in promoting campus activities and events. They should also be more responsive to student feedback and suggestions.

/s/ Michael A. Levine

---

**Found a Sweater?**

On Tuesday, October 27, 1977, I attended a course in Psychological-Musical Group Process. The course was scheduled for noon in Student Union Room D-18. My sweater, which was a beige-colored, v-neck, was lost during the course.

If you have found a beige-colored, v-neck sweater in Student Union Room D-18, please contact me. Thank you.

/s/ A. S.

---

**An Irish Priest? A Sage?**

Where on campus can you find a large building that contains an Irish priest and a Sage? The answer is: St. Ignatius College Prep. The only place that fits the description of a Sage is the main building of the Catholic Center. The building, located on Park Avenue, is nearly a block from the main entrance of the College.

This building is unique in that it contains both an Irish priest and a Sage. The Sage is Rev. Joseph McNamara, who works as a guidance counselor and a Sage. He is also the director of the Irish-American Catholic Student Association (IACSA). The Irish priest is Rev. Joseph O'Meara, who serves as a chaplain at St. Ignatius College Prep.

---

**Spotlight on International Students**

Now that you have won the lottery of getting and adding courses, you probably have met someone you are interested in contacting. But how do you find out who to talk with? One of the best ways is to attend our meetings and learn more about the international student community. There are several opportunities available for you to get involved with the international student community. For example, you can attend the International Student Association (ISA) meetings, which are held every Tuesday at 7:00 pm in the Student Union. You can also contact the ISA and the many international student organizations on campus. These organizations offer a variety of events and activities, such as cultural showcases, social gatherings, and volunteer opportunities.

---

**An Irish Priest? A Sage?**

What is the difference between an Irish priest and a Sage? The Irish priest is Rev. Joseph McNamara, and the Sage is Rev. Joseph O'Meara. Both are members of the Irish-American Catholic Student Association (IACSA) and are dedicated to helping student affairs on the St. Ignatius College Prep campus.

---

**Devolopment Skills Reading Test**

A new program is being developed at the Office of Student Life to help students improve their development skills. The program will focus on helping students develop the skills needed to succeed in college and in life. The program will include workshops, seminars, and individual counseling sessions. The goal is to help students develop the skills they need to be successful in college and in life.

---

**Annual Intercollegiate Meet**

The annual intercollegiate meet was held at the Catholic Center on October 10th. The meet consisted of a variety of events, including track and field, cross-country, and soccer. The meet was held to promote intercollegiate competition and to bring students from different colleges together.

Graduate Record Examination: All seniors have been notified of the Graduate Record Examination which is given December 3, 1977. The examination is a six-hour test which assesses the students' aptitude for graduate study. The examination covers the subjects of the students' major field of study.

The registration deadline has passed for the October 15th examination. Additional registration possibilities will be available for the December examination dates are: December 13, 1977; December 15, 1977; December 20, 1977; December 22, 1977. Registration deadlines for the previous exam dates are: November 6, 1977; November 13, 1977; November 16, 1977; November 18, 1977. The cost is $6.00 for both examinations and it may be obtained at the Office of Student Life, Room 114, Student Union.

In addition to the general Aptitude Test, students may elect to take Advanced Tests in Biology, Chemistry, Computer Science, English, French, German, History, Latin, Philosophy, Physics, Political Science, Psychology, Sociology, and Spanish. These tests are more rigorous and involve a greater expense. Additional information and applications may be obtained from the Office of Student Life, Room 114, Student Union.

Test Dates

- Foreign Service Language and Mathematics Majors
- Chemistry, Biology, Environmental Science, Geology, History, Latin, Philosophy, Political Science, Psychology, Sociology, and Spanish

The deadline for registering for the Student Job List is currently in progress at the Great Hill Residence Halls.

Although classes at Bridgewater State College have only been in session a couple of weeks, problems have already developed in the parking situation at the college. The administration of the college and the campus police, who are both responsible for the orderly operation of the campus, have been very busy during the past week.

For further information and test application, please go to the Office of Student Life.

Although classes at Bridgewater State College have only been in session a couple of weeks, problems have already developed in the parking situation at the college. The administration of the college and the campus police, who are both responsible for the orderly operation of the campus, have been very busy during the past week.

For further information and test application, please go to the Office of Student Life.
Field Hockey: Rallies to Win

The 1977 Bridgewater State College field hockey team has officially opened their season with a double victory over Boston College.

Returning varsity coach is Linda Sears, who was assisted this year by J. V. coach Pam Rossi. Ms. Rossi, a graduate from Northeastern University in 1975, is a physical education teacher in the North Attleboro school system. Ms. Sears, who led the varsity team to a 4-5 record last year, expects to have a stronger squad this season due to the return of 17 veteran players.

The team's goal is to win 80% of the scheduled games in order to participate in the Eastern Regional Tournament in November.

The 1977 Bridgewater State College field hockey team opened their season last Thursday against Boston College. In the varsity game, BSC found themselves having trouble working together as a unit by being overwhelmed by the offense. This resulted in a 1-0 lead in favor of B.C. but this goal triggered Bridgewater into putting it together as a team and from then on, BSC took control of the game and led at halftime 2-1. The first 2 goals were scored by left inner Carol Bolduc and center Erin Egan respectively.

The second half showed BSC playing as a powerful offensive team scoring in the opening minutes of the half by left wing Sue Waletkus, making the score 3-1. Boston College came back and scored 2 unanswered goals, one resulting from a penalty shot, which included the goal at 1:54. Approximately 5 minutes left in the game, Pam Rossi scored her first goal of the game, making a 1-0 lead in favor of B.C. but this goal was nullified.

In the Junior Varsity game, BSC proved unbeatable by defeating Boston College/JV team by a score of 2-1. Scoring for Bridgewater was Jackie Fay and Lisa Vallincourt.

BSC will be traveling to URI on Sept. 30 with the varsity game starting at 1:00. The next home game will be on Tuesday, Oct. 4 against Providence College. All home games are played at the field hockey field in front of Great Hill, any and all support will be greatly appreciated.
Soccer

Bears Swat Maritime

By Jim Billings

The Bears dominated the first half of the game and scored twice in the first half. The second half was a different story, as the Bears struggled to find the net. However, the team managed to hold onto their lead and secure the victory. The game was played on a sunny day and the crowd was cheering them on throughout.

Bears Slip by FSC

By Jim Billings

The Bears were in control of the game from the start and managed to score two goals in the first half. The second half was a bit more challenging, but the Bears managed to hold onto their lead and secure the victory. The game was played on a beautiful day and the crowd was cheering them on throughout.

Volleyball Season Begins

The women's volleyball team will begin their season on September 22nd. The team is looking to build on their success from last year and make a run for the conference championship. The season promises to be exciting with several high-profile matches on the schedule. Keep an eye out for updates on the team's performance throughout the season.

WRA News

On Thursday, September 22nd, the WRA held its annual coffee hour in the Rat. All women on campus were invited to attend. The event was a great opportunity to meet new people and catch up with old friends. The coffee hour was followed by a panel discussion on various topics of interest to the women on campus.

Feature

WRA invites students to try their Ham & Cheese Sandwich, Roast Beef on Roll, Salads, Subs, Waters, and Cold Cuts. SPECIAL! 10% off on a minimum $5.00 purchase of cold cuts!
Speakers to Inform Children's Clinic

The Children’s Physical Developmental Clinic of Bridgewater State College offers a wide range of opportunities for students and faculty to engage in meaningful activities for the benefit of special needs children through a variety of educational and service opportunities. Beginning in fall 1977, a clinic will be held on Saturday mornings.

Dr. Joseph Anfer, Director of the Children’s Physical Developmental Clinic, is a number of interesting guest speakers representing various fields of medicine. These speakers will share their expertise with the attendees and the children of this special population of volunteer clinicians, and who work with the children. The clinic will be held on Saturday mornings, beginning in fall 1977.

On October 1, the speaker will be Dr. Michael Chaves, Chief of Physical Medicine and Rehabilitation at Lakeville Hospital. He will give an overview of hemophilia and juvenile rheumatoid arthritis.

On October 15, Richard Crisafulli, Director of Physical Education and Recreation at St. Coletti’s School in Braintree, will talk on “A look at physical education programs in the years to come.”

On October 22, Michael Rosenfeld, a Concord, Ma., architect, will discuss the role of the planner, designer, and client in meeting the motor development needs of special children.

Bear’s athletic trainer, Bill Bullock, will be leaving BSC to take an opening as athletic trainer for Salem State College. He has been a graduate of Plymouth State College and will take a new position at Salem State.

Bill’s new position at Salem State is similar to his job at Bridgewater although the facilities are different. At BSC, Bill was paid out of student funds from our athletic fee as well as the health fee. At Salem he will be paid through the state which will include benefits of a future pension.

While working at Salem State, Bill and his wife Linda will be residing in the town of Salem.

All of the Bridgewater community — students, athletes, and faculty — wish Bill and his wife the very best for the future.

He has taught in the Department of Art at Massachusetts College of Art and in the Brockton Art Center. Prior to his present teaching experiences, Mr. Rahilly taught at Emmanuel College, Boston, Massachusetts. His work has been represented by several galleries in the United States, including the Whitney Museum of American Art, the Whitney Gallery of Fine Art, and the Art, both in Boston.

Mr. Rahilly has had several one-person shows, including those at the Whitney Museum of American Art, the Boston Museum of Fine Arts, the United States Capitol, and the Army Education Association. He has taught in the Department of Art at Massachusetts College of Art and in the Brockton Art Center. Prior to his present teaching experiences, Mr. Rahilly taught at Emmanuel College, Boston, Massachusetts. His work has been represented by several galleries in the United States, including the Whitney Museum of American Art, the Whitney Gallery of Fine Art, and the Art, both in Boston.
The National Theatre of the Deaf finds it very easy to use the hairs of their hands. They turn the central ideas of the novel and transform it into a good movie. Just as a film director is able to take a movie.

The National Theatre of the Deaf, Paul Johnston, Joe Sarpy, Ed Waterstreet, Joan Kalmanson, John Duryea, and John Greenhill have been with the National Theatre of the Deaf, the American Theatre for the Deaf, the Alexander Graham Bell Association, and the American School for the Deaf. The troupe's unique performance style blends visual language and physicality, making it accessible to audiences of all ages and backgrounds.

The troupe's performances are designed to be enjoyed by the deaf, and are designed to be enjoyed by all people, hearing or not. They are frequent performers on television and in the national and international press. The troupe's most recent American specials were for PBS, and have made numerous specials for Dutch, Swedish, and Danish television as well as for NBC, CBS, and PBS in America. Their most recent American specials were for PBS and have made numerous specials for Dutch, Swedish, and Danish television as well as for NBC, CBS, and PBS in America. Their most recent American specials were for PBS and have made numerous specials for Dutch, Swedish, and Danish television as well as for NBC, CBS, and PBS in America.
