After months of negotiations
Faculty Ratifies 3 Year Contract

RegistraJn Begins Next Thursday

Governor-elect King views higher education

Fast For World Harvest - Nov. 16

by Allen Lindeas

Food Service Contract Expires this year

Joanne Ham

The contract with Custom Food Service expires this year. Custom Food Service is the university's current food service provider. During the renewal process, the university will evaluate the services offered by Custom Food Service and consider other companies that may offer better services.

The current contract with Custom Food Service was signed in 2018, and it is set to expire on December 31, 2023. The university will begin negotiations with other companies in the coming months to determine the terms of a new contract.

Custom Food Service currently provides food service to all university facilities, including dining halls, cafes, and catering services.

The university is seeking a provider that can offer a wide range of food choices, including vegetarian and vegan options, as well as gluten-free and nut-free options. The university is also interested in providers that can offer healthy food options and promote healthy eating habits.

The evaluation process will include a review of the companies' financial stability, their track record of service provision, and their commitment to providing high-quality food services.

The university is expected to make a decision on the new food service provider in the coming months. The decision will be based on the companies' proposals, the quality of their food offerings, and their ability to meet the university's requirements.

The university is committed to ensuring that all students have access to healthy and nutritious food options on campus. The new food service provider will play a crucial role in this effort, and the university is looking forward to working with a provider that can meet these needs.
**A Worthy Cause**

The purpose of this ad is to give support to the Center for the Disadvantaged. All support is welcome. The money that is raised will be used to support the Center for the Disadvantaged. The Center for the Disadvantaged is a non-profit organization that provides support to those in need. They help people of all ages and backgrounds. The Center for the Disadvantaged is located in the heart of the city and is open to everyone. They offer a variety of services, such as food assistance, clothing, and medical care. The Center for the Disadvantaged is staffed by dedicated volunteers who work hard to make sure everyone is taken care of. They are always looking for more volunteers and donations. So please, if you can, help support the Center for the Disadvantaged. Thank you.

**BEATRICE BOUCHARD LECTURE**

The theme for this year's Beatrice Bouchard Lecture is "Women in Science: Breaking the Glass Ceiling." The lecture will take place on October 30th at 7:00 PM in the Student Union Ballroom. Beatrice Bouchard was a pioneering scientist who made significant contributions to the field of biochemistry. She was the first woman to be awarded a Ph.D. in chemistry, and she went on to become a professor at MIT. She is known for her groundbreaking research on the structure of DNA and for her advocacy for women in science. The lecture will feature a panel of experts discussing the current state of women in science and ways to address the ongoing issues. This event is open to all students, faculty, and staff. RSVP by October 25th to register for the event.

**PUISO: Human Service Agency**

PUISO is an agency dedicated to providing quality services to the community. They offer a wide range of services, including counseling, financial assistance, and legal aid. They are committed to helping those in need and providing support to the community. PUISO is located in the heart of the city and is easily accessible. They have a team of dedicated professionals who work hard to make sure everyone is taken care of. They are always looking for more volunteers and donations. So please, if you can, help support PUISO. Thank you.

What's a Clamato?

The unusual research challenge has been to find the most winning and humorous definition of a Clamato, whatever it is. A panel of famous judges will select the winner, and the winner will receive a master card from the registrar's office.

It's the student's responsibility to check the cards and make sure there are no conflicts in course times. If there are, repeat the same process mentioned above, including going to the registrar's office for advice to remove the course conflict.

When will the Hill be finished?

Now, carpeting, heating, and electrical work are being completed. The lounges were partially completed in June, 1977. It was stopped after the ground floor and first floor were completed.

If you can come $1,000 for a good imaginative idea for a Clamato. According to Raymond Anrig, the winner will receive a Coffee House and an automobile. The contest is open to any college student, and all entries should be sent to: The Duffy-Mott Company, 17th Floor, 1212 Avenue of the Americas, New York, N.Y. 10036.

If you're interested in finding out the name of your college or university, send $1,000 for a good imaginative idea for a Clamato. CAPS and SACHEM offer a variety of programs and opportunities for students in the Boston area. These organizations provide educational and social activities that cater to the needs and interests of young people. CAPS (College ADMISSIONS Program for the Arts) and SACHEM (Sociedad de Amigos del Clima) are two such organizations that offer a range of programs and activities, including theater, music, dance, and other cultural events. The organizations are committed to fostering a sense of community and providing opportunities for students to learn and grow in the arts.

PROFICIENCY TEST

SEMLA: Take Care of Your Lungs

Young lungs are special. They are more easily irritated than cigarette smoke, and even death. Or lodge in the lungs to cause bronchitis. This is a major cause of accidental death in children under 6 years old. (C) Pickaxe

Your ticket you can catch the bus at the dentists with a mouthful of plaster as your two big clues to the peak.

Vallely to speak on UFO's

Wednesday, November 15th, 9:30 a.m., Great Hall, Great Hill Apartments

Every generation seems to have its own scientific controversy. Our generation's controversy is the acceptance or rejection of the UFO. Are they real or not? Do they exist or do they represent a sort of optical illusion? The students at Bridgewater State College asked for an answer and to their delight received one from Dr. Jacques Vallee, former Astronomer, Harvard University. Dr. Vallee will tell the students what he believes about UFO's during his talk on November 15th.

Understanding UFO's

Many students often ask what UFO's are and where they come from. According to Dr. Vallee, the UFOs are not something that we are going to accept or reject in the near future. They are still a mystery and we may never know the truth about them.

Dr. Vallee will present his research on the subject and will try to answer some of the questions that students may have. He will explain the various theories that have been proposed about the UFOs and why they have not been able to prove anything.

Dr. Vallee's talk will be one of the most important events of the year at Bridgewater State College. It will be a great opportunity for students to learn about a subject that has long fascinated people.
Vallee to speak on UFO's

"Oh What A Night! For shame to anyone who doesn't know!" Is it true? Yes. Is it all that exciting? Yes. Is it worth going? Yes. Is it worth seeing? Yes. But is it worth the money? No. At least not the $1.50.

"It's not worth the money." - Vallee

Vallee then went on to explain his reasons for the low rating. He said that the show was too short and that the performers were not very talented. He also mentioned that the lighting was too bright and that the sound quality was poor.

"I would give it an F," Vallee said. "The performers were terrible, the lighting was bad, and the sound was awful."
Ensemble Theatre

Pure As The Driven Snow

by Diane Martel

The Choral Society performed their annual fall concert Sunday evening at the Westgate Lakes Hotel. This is the society's 15th performance of "Festive Songs For Christmas," featuring "Carols for All Seasons" with arrangements by Scott O'Tallien and "Christmas At Canterbury," arranged and conducted by Donald Reiter, the group's director. The concert was held in the hotel's conference center and was highlighted by their performance of "Yuletide Carol" which featured soprano Arleen Arish. The Abbeville High School Choir, under the direction of Mrs. Scott O'Tallien, joined the group for the feature of the night's "O Little Town of Bethlehem." The Choral Society made an annual donation to the Make-A-Wish, a charity that fulfills the wishes of sick children. The money raised during the concert will be used to buy an airplane ticket for a child to fly to Washington D.C. to see the Cherry Blossoms. The group's next performance will be on December 8th, at the Downey Theatre. For information, call 555-1234.

Creative Dance Notes

Since 1975 we've gathered our Blue Magnets for Cuervo Gold Concert.

It's the old way. And still the best.

At Cuervo we know that there is only one way to make Cuervo Gold perfect. The world famous Cuervo Gold has been enjoyed by people all over the world for more than 180 years.

In the past, Cuervo Gold has always been available in the finest places you would expect to find it. And it still is. But in 1975, Cuervo Gold took a turn for the better. Cuervo Gold was now available for everyone.

This is what makes Cuervo Gold truly special. Not, on the rocks, with a splash of soda, in a perfect glass. But rather in a special place called Margarita Bar. Where Cuervo Gold will bring you back to a time when quality ruled the world.

Cuervo. The Gold standard since 1975.
**The Arts**

**The Delusion Conspiracy**

The Mother Box

by Barry Yank -
When my middle-period personal growing process came to a grinding halt last year, I lowered my creative standards to make room for some more acceptable endeavors. What started as a healthy curiosity for the inside workings of the human mind has now evolved into a complete inability to focus on any task for more than a few minutes. This is not a problem, I suppose, for all of my peers who have already graduated. But it is for me, and I'm beginning to feel a little bit left out.

**Ensemble Theatre**

**Pure As The Driven Snow**

by Lori McLean

The Ensemble Theatre is proud to announce the second season of its 1979-80 season under the direction of Dr. Theodore G. Davidovich. The season will feature a series of plays that will be performed by the university's talented student actors and actresses. The plays will be selected from a wide range of genres and styles, including classics, modern works, and experimental pieces. The season will begin with "The Tempest" by William Shakespeare and will continue with "A Streetcar Named Desire" by Tennessee Williams, "Death of a Salesman" by Arthur Miller, and "Equus" by Peter Shaffer. All performances will be held at the Ensemble Theatre located on the campus of the university. Tickets are available at the box office or online through the university's website. For more information, please visit the Ensemble Theatre's website or call (555) 123-4567.
**SPORTS**

**Soccer Team At 5-8-1**

After evening a record of 9-1, the Bears scored four goals in each half for the third straight time in the season's play. The Bears outscored their opponents by a 9-1 margin. The team is now tied for first place in the conference and is in the running for the championship. The Bears played well in all aspects of the game, with their defense leading the way.

**Curry Stops BSC, 24-7**

For the third and fourth quarters at Curry, the Bears were shut out. However, the Bears played well in the first half and scored three goals. The Bears defense was solid and kept the ball out of the Bears' goal. The Bears were in the lead for most of the game, but the Bears were unable to score in the second half.

**Volleyball Drops Two**

The Bears dropped two matches this weekend, losing to Mt. St. Mary's and Westfield State. The Bears are now 7-7 on the season. The Bears played well in the games, but were unable to score in the second half.

**Tennis Season Closes**

The Bears ended the season with a loss to Westfield State. The Bears were unable to score in the second half, but played well in the first half.

**BSC Ends Fine Field Hockey Campaign**

The Bears ended the season with a loss to Westfield State. The Bears played well in the first half, but were unable to score in the second half.

**SPORTS**

**BSC Ends Fine Field Hockey Campaign**

BSC ended a fantastic season by tying the Nichols Bears, 1-1, in the Division III State College game last Saturday. The game was held at the State College Field in Fitchburg, Mass., and the Bears came away with a 1-0 victory in overtime. The win was enough to put the Bears into the state championship game, where they will face the Western New England College Eagles next weekend. The Eagles defeated Nichols, 2-1, in the semi-finals earlier this week. BSC will be looking to avenge their loss to Nichols in the state final last year, when the Bears fell to the Bears, 3-0. The Bears have been playing strong defense all season, allowing only 12 goals in 12 games. They will be hoping to continue that trend against the Eagles.

After a close of 5-1, the BSC score was up to 5-0 and the Bears were ahead, thanks to a goal by Bob McCarthy. Dave Whitney and Dave Powers were also on the scoresheet for the Bears, with Whitney scoring twice. The Bears held off a late Nichols rally and emerged victorious with a 5-0 victory. Whitney was the hero of the game, scoring twice and assisting on another. The Bears will be looking to carry this momentum into the state final against the Eagles next weekend.

**Curry Stops BSC, 24-7**

For the first time in the season, Curry College was able to score more than 20 goals against BSC. The Bears were outscored by the Coyotes, 24-7, in a game that was close early on. Curry led, 13-11, at halftime, but BSC was able to tie the game, 14-14, in regulation. In overtime, Curry scored a goal on a penalty shot, and the Bears were unable to find the back of the net. Curry went on to win, 24-14.

**Soccer Team At 5-8-1**

The BSC soccer team finished their season with a record of 5-8-1. They were led by a strong defense, allowing only 23 goals in 15 games. The team was coached by Coach Joe McDermott, who is retiring at the end of the season. The Bears were able to win several games late in the season, including a 2-1 victory over Nichols in the state final.

**Blues Scores Long TD**

In a close game, the BSC football team defeated Nichols, 13-7, in the state final. BSC took the lead early, scoring a touchdown midway through the first quarter. Nichols tied the game back in the second quarter, but BSC scored a field goal late in the game to put the game out of reach. BSC will be looking to carry this momentum into the upcoming season. **Glen Guenard**

**Tennis Season Concludes**

The BSC tennis team completed their season last weekend, finishing with a record of 4-5. The team was led by Coach Glenn Guenard, who retired after this season. The Bears were able to win several matches late in the season, including a 6-4 victory over Nichols in the state final.

**SPORTS**

The BSC tennis team concluded their season last weekend, finishing with a record of 4-5. The team was led by Coach Glenn Guenard, who retired after this season. The Bears were able to win several matches late in the season, including a 6-4 victory over Nichols in the state final.

**Football Team Suffers Loss**

The BSC football team lost their final game of the season, falling to Nichols, 24-7. The Bears were down early, giving up a touchdown in the first quarter. Nichols scored two more touchdowns in the second quarter, and the Bears were unable to respond. BSC will be looking to carry this momentum into the upcoming season.
