Rec. Department Offers Ski Equipment Loans At No Cost

The Recreation Dept. has made available for students and members of the staff of Bridgewater State College to use a number of ski equipment, available at Kelly Gym, during weekdays, evenings (M-F), and on weekends (S-SF).

The cross-country equipment consists of a set of skis, poles, and gloves. The downhill equipment consists of a set of skis, poles, and boots. The following rates will be charged: $10.00 per week, $25.00 per month. These charges will be deducted from the student's account at the end of the semester.

Those interested in using the equipment over the weekend may reserve it in advance by signing up at the equipment office in Kelly Gym and will be brought in when the equipment is needed.

Let me have a 'free me' for you

Dear Editor,

Following the recent concerns regarding the spending of Student funds by the Student Budget Commission and the Student Senate, there have been feelings of dissatisfaction among many students. Recently, during the Tuesday's B.O.G. meeting, the allocation of $900.00 was approved for the B.O.G's annual Christmas party. This allocation of monies has caused some controversy among the student body.

As students, we are not only educated in the classroom, but we are also educated in the real world. We are responsible for managing our own budget, and we are expected to act as good members of society. The Student Senate, as a representative body, is responsible for ensuring that the funds are spent in a manner that is in the best interest of the student body.

This poll is in no way binding, and I would like to have a 'free me' for you. I do not believe that the Student Senate should have the power to make such allocations without the input and approval of the student body. The Student Senate should be accountable to the student body and should not have the power to make such decisions without the input and approval of the student body.

Sincerely,

Kim R.}

Letters to the Editor

Endeavor

Dear Editor,

I am writing to express my concern regarding the recent decision to approve the allocation of $900.00 for the B.O.G's annual Christmas party. As a member of the student body, I believe that this allocation is not in the best interest of the student body.

The Student Senate is not only responsible for managing the student funds, but it is also responsible for ensuring that the funds are spent in a manner that is in the best interest of the student body. The Student Senate should have the input and approval of the student body before making such allocations.

I urge you to reconsider the allocation of funds and to ensure that the student body has the input and approval before making such decisions.

Sincerely,

Kim R.

FRESHMAN DEED DESIRE

By Steve Thomas

For freshmen interested in finding a way to make a difference on campus, the Freshman Deed Program offers an opportunity. The program is designed to provide students with a way to get involved and make a positive impact on campus life.

The program was developed by the Student Senate and the Student Development Office, and is open to all freshmen. Students can participate in the program by completing a variety of service projects, such as volunteering at local hospitals, food banks, and animal shelters.

For more information, please contact the Student Development Office at 508-583-8361.
**Editorial**

The editors of the Class of 1982 are enthusiastic about an upcoming reunion. A group of students is creating a petition convened by the Student Senate to bring back a beloved tradition. Students are urged to sign the petition, contribute ideas, and form committees to support the planning for this event. The editors are eager to hear from anyone interested in being part of the planning team. The editors express their gratitude to the Student Senate for their support and look forward to a successful reunion.

**SALON**

Dear Editor,

A few comments concerning the occurrance of a day which is not to be. How many things we do not have enough time for, how many times we cannot be there when we want to be. The following is a list of things that happened during the week:

- A student lost his wallet.
- A professor gave a lecture on the history of art.
- A concert was held in the campus center.
- A violent incident occurred on campus.

Dear Editor,

I would like to express my concern about the current state of the university. The administration has failed to address the growing issues of student safety, academic integrity, and financial stability. As a result, many students are considering transferring to other institutions. We urge the administration to take immediate action to address these concerns.

Yours sincerely,

The song that was recorded was short but very influential on the young man from Lubbock, Texas first and biggest hit the next two years, he turned out named Buddy Holly began hits like "That'll Be The Day," "Heartbeat," and "Peggy Sue," for many teen idols of the 50's such as Frankie Avalon, Annette Funicello, and Jamie Kelly in the Raton Friday. There will be special programming with every turn of the tables at 91.5.

Indeed he has the potential to be professional and why he is majoring in Physical Education and an M.A. in Business Administration. Just ask Terry Murphy in 126 Scott Hall. Tune in Saturday's Classic Disc will be the Grateful Dead's Greatest Hits, Night Fever and Saturday's Local Soul with Gary Chalk, proving that he is no fluke and his talent is indeed true; Columbia hype of its predecessor based Jazz guitarist, veteran of Gary "The Godfather of Soul" K. Dick Oliver's new album, "The Twist." It was a minor hit, but now it's back on the charts with every turn of the tables at 91.5.

Cuevos Especial Tequila television spot is ready to attack on screen. The Showtime series that features the world's first cockroach reporter has a different format to be the new hit show. The Program is based on that of an immersive program. This time around, the show will contain comedy, music, and an occasional appearance of a person in a Ladybug costume. Under the direction of producer Gene Manning, the assistant to Joe McDonald, this show will feature "new heights and the lowest of lows."

Leonard Nimoy as the all-knowing, knows the world?" He should be asking, "new heights and the lowest of lows," McDonald has great hopes for the show. "He will be good ideas and excellent writers," he says.

"From as far as I can see," Nimoy turns out to be Sutherland's best actor, but their efforts are wasted in this movie. This movie is a disappointment. The viewer of the movie will tell. It will succeed, only time will tell.

MOUNTAINEERING #1

What is mountaineering all about? Funny you should ask. Because we just happen to have an answer. (Ah-h, life's little coincidences.) Mountaineering is a skill, a science and an art. Yet anyone with a thirst for excellence and normally developed motor skills can master it. Simply study these fundamentals and follow them faithfully.

1. Step one, proper study enough, starts by selecting the correct size. To do so, pick up the "right" of the mountain. This is commonly called headed for the mountain.

2. Step two, learn the facts. Hold the mountain firmly in your right hand, grasp the mountain top with your right hand and twist the little folks off. There you go.

3. Step three, learn the tricks. How to scale the mountain comes to a head.

4. Step four, know the facts. How to climb the mountain gains momentum. As any seasoned mountainer will tell you, the way to down a mountain is smoothly and steadily—savory every swallow of the brew that is Busch. If you've hit the summit's first, don't be discouraged. Perfection takes practice. Soon enough, having emptied your glass and filled your soul, you too will be a mountainer.

Don't just reach for a beer.
Head for the mountains.

members of the committee present, was that it required a greater number of committee members to be present at the meetings of the board of trustees. The reason for this was that the rules and regulations governing the board's meetings are more detailed than those governing the committee's meetings, and thus the board requires a larger number of committee members to be present at its meetings. The committee members also agreed that it would be more efficient for the committee to meet more frequently, at least once a month, in order to expedite the decision-making process. They further agreed that the committee should be responsible for preparing the agenda for each meeting and that it should be held at 8:00 a.m. on the third Thursday of each month.

Defense is the Key

This year's defense has been characterized by the determination of the Bridgewater State team that all of their opponents' objectives in a basketball game are being blocked and turned aside. The Bears' defense, led by seniors Mike Boyle, Bill English, and Barry Mansell, has been relentless in its pursuit of blocking shots, stripping the ball, and nullifying the scoring opportunities of the opposing team. This has allowed the Bridgewater State team to maintain a competitive edge in their games.

The Bears' defense has proved to be a critical factor in their success, as it has consistently stifled the scoring ability of their opponents. This has enabled the team to maintain a strong lead in many games and to secure victories in close contests. The defense has been particularly effective in limiting the scoring opportunities of the opponent's leading scorers, thus preventing them from making a significant impact on the game.

The Bears' defense has been so effective that it has earned recognition from opposing coaches and spectators. It has been noted that the Bears' defense is a key element in their ability to compete against top teams in the conference. The Bears' defense has been a constant force throughout the season, and it will continue to be a vital component in their pursuit of a successful season.
