**Swim Team**

*On March 1st and 2nd, 1979, four members of BC's Men's Varsity Swim Team attended the Three Engagements Championship Meet at Springfield College. Swimmers Bob McCoverin, Bob Conner, Bob Moore, and co-captain Ken McDevitt participated in the competition. Coach Joe Yemaska and Manager Mike Glick also attended.*

*Each of the swimmers did very well in two events. Joel Bob McCoverin swam the 100 and 200 yard freestyle events, and the 100 yard backstroke event. Bob Conner, who at the time was still a student at BC, tied for 1st place in the 200 yard breaststroke event. Bob Moore, who in the opinion of Coach Yemaska, is the best all-around swimmer BC has ever had, did well in all the 200 yard events, and tied for 1st place in the 200 yard breaststroke event. He tried his hand at the 200 yard freestyle event, and did his best time this year, an impressive 2:05. Ken McDevitt swam in the 100 and 200 yard events, and did very well.*

*Another student heard something about a proposal to restructure the school year. For shorter vacations and exams would be held, and the spring semester would be moved to the fall. A member of the Board of Governors, and the Dorm Council.*

*Jim Cummings said, "It was a freak. It may never happen again."

*The Bookstore sustained major water damage. Many textbooks, periodicals, and those attending remarked how respected a man like Dr. Fiore on our campus. The first of these lectures are logically possible. The first of these lectures deals with allegations that Lizzie Borden killed her parents. Lizzie supposedly killed her father by hitting him with her umbrella, and loked the mother making the beds. She thought she was killing her father, but ended up killing her mother. The second theory is that the law, Bridget Sullivan, was put off by Lizzie Borden. The idea behind this theory is that Lizzie killed her father, but ended up killing her mother. The third theory is that the law, Bridget Sullivan, was put off by Lizzie Borden. The idea behind this theory is that Lizzie killed her father, but ended up killing her mother.*

*Dr. Fiore did say that if he was on the jury, he would not have accepted her. According to Dr. Fiore, the recent movie on Lizzie Borden, starring Elizabeth Montgomery, was a poor representation of the facts surrounding the case. It was discovered early enough.*

Why Was Doug Fired?

Dear Editor:

Recently 91.5 WBIM fired Doug Schorr. The announcement was made on Saturday and Monday afternoons. As a fellow student and a member of the college community, I would like to present some additional facts before you make your decision on what course should be pursued.

First, if you have a school paper, I'd appreciate being added to your mailing list. I want to participate in the college community discussions, and I feel that Doug made a unique and valuable contribution to campus life.

Sincerely,

SALEM SGA Rejected Recent Faculty Contract

As a press conference held between 11:00 a.m. and noon in the Student Center, Student Government Association (SGA) meetings were held to discuss recent faculty contract negotiations. A vote was taken and rejected by the Salem SGA, which stated "that the Board of Trustees has unilaterally imposed a contract upon us without our consent." The SGA has given the administration a 30-day notice to negotiate a new contract.

**Why Was Doug Fired?**

Dear Editor:—

Recently, the absence of some of the regular officers caused the club to be without a leader. About two weeks ago, the usual officers met to discuss what to do about the club. During this meeting, the president was asked how much time would be spent in the club. He said that the meetings were going to be held for ten minutes and therefore no time would be spent in the club. In response, the president informed the president that he would not attend meetings anymore. 

I am not saying that Doug did not do a good job, but I am saying that I think it was unfair to fire him. I think that his actions should not have been taken into consideration when the club was being run. I think that the club could have benefited from his presence.

Sincerely,

**Unfair “Ticketing” Response**

To the Editor,—

I was at the Douglas Student Center's ticketing event yesterday evening and I would like to respond to the editor's article about “Unfair Ticketing.”

I believe that the response of the Douglas Student Center to the issue of “unfair ticketing” is not only unfair, but also unprofessional. The Douglas Student Center has a responsibility to ensure that all students are treated fairly and with respect. When a student purchases a ticket, they should not be subjected to discrimination or favoritism. The Douglas Student Center should be proactive in addressing any issues of “unfair ticketing” and采取恰当的措施 to ensure that all students are treated equally.

Sincerely,

**Mountaineering #4.**

Mountaineering is a skill of timing as well as technique. The worst moment, like the wrong method, marks the gap between the single parent, an amputee, and aficionado. So the key to successful mountaineering is to choose the occasions wisely and well. When, then, it is appropriate to slow down, the smooth, refreshing mountain of Bush Beer.

Celebrations, of course, are both expected and ex-pect to test your mountaineering skills. Indeed, many holidays it is virtually mandatory to do so. Imagine yourself in the new year on com-memorating Calvin Coolidge's birthday. Interpersonal relationship is throbbing caution to the wind during Take-A-Songbird-To-Lunch Day.

Small victories like exams passed, papers completed or classes attended are equally acceptable. However, being the mountainer's motto: 'Majesty is celebration, interpersonal relationship is meaning. We'll see all signifi-cant events as those outlined above.'

Mountaineering is the science and art of scaling Bush. A skill that presents the benefit of Bush. A skill that requires being a single parent at the peak of the mountain at the summit. And a skill that requires being a single parent at the peak of the mountain at the beginning of the mountain.

Mountaineering is the science and art of scaling Bush. The term mountainer is defined as the person who possesses the ability to scale, not necessarily reaching the summit (see definitions 2, 4, and 5).

Imagine victories like exams passed, papers completed or classes attended are equally acceptable. Year or Remember the mountaineer's motto: "Nothing succeeds like success." And as the hot-heads of the sixties used to say, "Seme the time!"

Mountaineering is considered a sport for the thrill-seeker, the adventurer, the man (or woman) who likes to push the limits. But it is also a way of life for those who seek the challenge, the excitement, the camaraderie. And for those who simply enjoy the outdoors and the company of others who share their passion.

Mountaineering requires skill, strength, and endurance. But it also requires courage, determination, and perseverance. And it is these qualities that make mountaineering so rewarding. So the next time you're out in the wilderness, remember to raise your glass to the mountain man. And don't forget to savor the moment.
