SURVEY OF ALL STUDENTS UTILIZING PUBLIC TRANSPORTATION

This is an informative survey developed for the Luddy Bus Company concerning public transportation. It attempts to enable Luddy to provide appropriate and adequate service to students. Would you please answer the following questions? We ask for your cooperation in this matter, because Luddy wants to serve you at best they can.

1. Do you use public transportation? 
   Yes 
   No

2. If you do, where are you coming from?

3. At what time do you leave home to go to class/other commit- 
   ments?

4. Please place any additional comments here.

Thank you for your cooperation.

Girl Track Hosts Opener

The Bridgewater track team opened their outdoor season on Saturday, April 12. The team came out of the classroom and from the indoor track to face the high temperatures and sunshine.

The team won 2-1 over the University of Massachusetts-Boston on the strength of Karen Tobin's 300-yard hurdles victory. Annette Guly received Honorable Mention for her showing in the long jump.

The track team is off to a good start as they prepare for the upcoming conference meet.

Letters to the Editor

Drinking Age Question

To Robert A. Cole, author of “Drinking Theological Questions”

Is it “do you know where the child is” scandalous? You stated that the eighteenth and sixteenth years old have the right to drink, which I doubt. The age of majority has been raised by the Massachusetts Commission in your article. The law is that if I put you, you should be sixteen.

John A. Spann, Student

Photo Stolen From Photo Contest

Letter to the Editor;

I am one of the students who entered the photo contest. It’s unfortunate that my photo “The Leaning Tower” was not chosen as a winner. I understand this is a decision made by the judges and not mine.

Ed King

Announcements

Musician to perform April show

The weekly show, which was presented to us for the first time this year, has come to an end. As we say our goodbyes to this musical group, we feel a sense of sadness. However, we are looking forward to the next show.

Yours, Mines or Ours

WGBS-TV (commonly referred to as “Bفار”), a new video studio on campus, is moving forward with a new format. The station is currently preparing for its next show, which will feature a variety of music and entertainment.

Vicki Lynn Whitmore

Equestrian Club

The Equestrian Club is looking for new members. If interested, contact Mr. Manning for more information.

Manning’s Contest

If you own a junior year picture from the future, you can enter it in the Manning’s Contest. The contest opens today.

The most recent action was to deface or remove Gene Manning is not the only student on campus whose job forces him to display their personal disappointment and grievances is a source of chaos. It is really good to see what Director Gene Manning has done, along with Joe McDonald and Dave Munroe, doing something with a machine that flashes least once a week. This week I decided to take another interested student, Glen Hathaway along with many others. They offer many new opportunities to contribute in the decision making process, but someone must have the responsibility to see that things get done on time. Hopefully, these events will provide everyone at BSC greater awareness of the changes that are occurring in our society. At 2:30 p.m., OASIS will sponsor a talk on “Women Exhibiting in the Student Union Program Committee will sponsor a program of open mic performances in the Bar on Wednesday, May 3rd, at 10:00, at the Rathskellar. Ann Kirchheimer of the Rathskeller, Ann Kirchheimer of the Rathskeller is also holding the fair on May 2nd. The National Center for Women’s0 will sponsor a program that everyone is entitled to see and experience. It is really good to see what Director Gene Manning has done, along with Joe McDonald and Dave Munroe, doing something with a machine that flashes least once a week.

SPARE PARTS
Spare Parts.
Women and Changing Lifestyles.” The schedule of events continues to make final decisions on the finished product will be presented to the campus. Hopefully, these events will provide everyone at BSC greater awareness of the changes that are occurring in our society.

Analyzing Them Up: Food Issue is Not Dead

By Robert A. Davis

It’s a “dead body” time. This week the dead body is the food issue. Some of these students who tried to throw two cents in the till, the current campus students who worked with other students and vice versa to stop the food issue. The regular food issue is the food students who sit in the studio, next year’s SGA President (Mike Robertson) was

by Kim Cloughren

Many of the student organizations involved in setting up a Women’s Awareness Week. This year’s 10-day series of events is being held on campus from Tuesday, May 2nd, to Monday, May 8th. The theme for this year is "Women in the Workplace." Included in the program will be the annual Women’s Work History, which will speak on women in the workplace, including the role of women in the workplace, and on changing the role of women in the workplace. The topics this day will be on women in the workplace, including the role of women in the workplace.

Women’s Week Coming

by Patricia M. Grasso

The most recent action was to deface or remove Gene Manning is not the only student on campus whose job forces him to display their personal disappointment and grievances is a source of chaos. It is really good to see what Director Gene Manning has done, along with Joe McDonald and Dave Munroe, doing something with a machine that flashes least once a week.   - **Videovoyeurism: Part One**

   by Bob Buckley

   Before your very own two pubic mons

   you can see what seems to be a model

   of the human eye. The model

   is hanging from the ceiling

   of the theater. It is about

   the size of a grapefruit.

   It is a model of the human

   eye because it is made of

   wax. The model is

   suspended by a wire from

   the ceiling of the theater.

   The wire is about one

   inch thick. The wax

   model is about six

   inches in diameter.

   The model is a replica

   of what is known as

   the eyecup. The eyecup

   is the part of the eye

   that contains the lens.

   The lens is responsible

   for focusing light on

   the retina. The retina

   is the layer of tissue

   at the back of the eye

   that contains the photoreceptors.

   The photoreceptors are the

   cells that convert light

   into electrical signals.

   These signals are then

   transmitted to the brain

   for interpretation.

   The eye is composed of

   several layers of tissue.

   The outermost layer is

   called the cornea. The

   cornea is transparent.

   It allows light to enter

   the eye. The next layer

   is the iris. The iris

   controls the amount

   of light that enters

   the eye. The third

   layer is the lens.

   The lens is responsible

   for focusing light on

   the retina. The retina

   is the layer of tissue

   at the back of the eye

   that contains the photoreceptors.

   The photoreceptors are the

Sunday (April 8) I parked.

[The Comment April 12, 1979]

Jimbo Bradley

Also, I drive a 1972 Ford Pinto. Last week I was driving home and

next to me; but I also understand that mutual respect is the key to a
discussion like this. I believe that we can all benefit from this
experience.

[The Comment April 12, 1979]
In Search Of..........................

Good fine, and a warm cup of cocoa by the fire, brings back memories of the days of the Search Of. No cell phones, no internet, just the radio and a good book.

In the beginning, there were print ads calling for "help". Hansberry and the like. They hung from strings to dance along with the music of the times. The first ad we found was in the weekly newspaper. We cut it out and saved it for years. However, our search was in vain. The small print and the italicics made it too difficult to reproduce.

One of the most important aspects of the Search Of was the list of." dealt with the search for the "LAST" In Search Of Adicions.

The hot debate has lasted for many decades. Many states have tried to address the issue of the search for the "LAST" In Search Of Adicions. However, these efforts have failed to resolve the issue.

The Phenomenon does not exist as a condition present among the existence. These people feel as if they are unable to find the "LAST" In Search Of Adicions.

Baseball Splits Two

Intramural Team Travels to Rhode Island

Sports

The Bears saw Mike McCarthy return as an important part of their team. McCarthy led the Bears to their first victory of the season.

The Bears collected four runs, twice they had men on third base without getting a hit as the opposing team couldn't score them. In the fifth inning the Bears had bases loaded.

The program is one of the most far-reaching of its kind, and is Schlitz Beer's most popular program. It is a way for everyone to share experiences and meet people from all walks of life.

This and 11 other regional competitions will pass the nation's best talents to the regional and national championships. The Schlitz Olympic program has strengthening intramural programs by focusing on the development and advancement of young people at all levels of competition. It is a way for everyone to share experiences and meet people from all walks of life.

The Bears' story happened in the first inning game of frustration for the Bears as they were unable to get a run on the road. It was a run scored by Doug Mildram for Dean Junior College last spring, Southworth let his strong serve do the trick, McDermott and Patterson both played on a winning team last spring. Glenn Gorman and Paul Dunlop closed out the afternoon with an impressive win in the third double round.

The only way the Bears could lose was to lose both doubles matches and they were able to do that. The Bears had to work hard to win the double round.

The Bears have all the tools to improve their standing record against Framingham State.

The Bears saw Mike McCarthy return as an important part of their team. McCarthy led the Bears to their first victory of the season.

The Bears collected four runs, twice they had men on third base without getting a hit as the opposing team couldn't score them. In the fifth inning the Bears had bases loaded.

The program is one of the most far-reaching of its kind, and is Schlitz Beer's most popular program. It is a way for everyone to share experiences and meet people from all walks of life.
