The Governor was greatly appreciated by the students and area residents, who welcomed him with open arms. He addressed the crowd, highlighting the importance of education and the role it plays in shaping the future of our communities.

Edward J. King pledged his support to the efforts of the Massachusetts Commonwealth's growing high-technology industries. He commended the hard work and dedication of those involved in the field, emphasizing the need for continued innovation and progress.

The Governor's visit was a testament to the strong partnerships and collaborations that exist between government and industry. Together, they will work to ensure that Massachusetts remains at the forefront of technological advancements, driving progress and creating a brighter future for all.

Dear Editor:

I would like to express my concern about the recent events at Bridgewater State College. As a member of the campus community, I have noticed a growing sectionalism and a lack of student involvement in the governance of the college. These issues are quite significant and need to be addressed.

Firstly, the growing sectionalism that I have observed suggests a lack of unity and cooperation among different student groups. This is concerning as it may hinder the progress of the college and the delivery of quality education.

Secondly, the lack of student involvement in the governance of the college is a matter of great concern. The students are the ones who will be affected by the decisions made by the administration. It is crucial that their voices are heard and that they have a say in the decision-making process.

In conclusion, I urge the administration to take these concerns seriously and to take steps to address them. It is important that the college fosters a sense of unity and inclusivity, and that students have a meaningful role in the governance of the institution.

Sincerely,

Voting Rights

by Pat Randall-Gesner

Students at the University of North Carolina at Chapel Hill have the power to effect change, if they choose to participate. This is not merely a statement of fact, but a call to action. Change can be made, and it begins with each of us.

The power of the vote is something that is often taken for granted. However, it is a right that we should work to protect and defend. This is especially true in light of recent attempts to suppress the vote and limit access to voting.

The right to vote is fundamental to our democracy. It gives us the power to choose our leaders, to shape public policy, and to make our voices heard. Without it, our voices would be silenced.

Unfortunately, there are those who seek to limit our access to the polling booth. They may do this through voter suppression tactics such as purging the rolls, creating long lines, and limiting early voting. We must be vigilant and stand up against these attempts to suppress the vote.

It is up to each of us to ensure that our voices are heard. This means registering to vote, making sure our registration is current, and voting in every election. It also means standing up against attempts to suppress the vote and advocating for voting rights.

Together, we can make a difference. Let us stand together in the face of those who seek to suppress the vote. Let us use our power to make change. Let us vote.

Outraged and Dismayed!

Dear Editor,

I am both outraged and dismayed that the SGA has chosen to support Governor Edward King and his administration. Their reaction to the criticism of their actions was an insult to the student body.

The SGA has failed to represent the interests of the student body. They have shown a lack of concern for the welfare of the students by their support of Governor King. Their actions have been a betrayal of their responsibilities.

I urge the student body to consider the consequences of their actions. The SGA has shown that they are not interested in the well-being of the students.

Sincerely,

**Hearing is Tonight**

On October 12, Mr. Richard A. Barlow, President of the City College, delivered a letter to the Massachusetts State Board of Education:

"This letter is addressed to the Board of Education on behalf of the City College students. The City College is in the process of constructing a new building. The board has been informed that the construction is progressing well and that the new building will be ready for the start of the fall semester. The students are excited about the new building and are looking forward to its completion.

In the meantime, the students are continuing their studies in the existing buildings. The board has been advised that the students are coping well with the current situation. The students are committed to their studies and are determined to make the most of the circumstances.

I am confident that the new building will provide the students with the necessary facilities to continue their studies and that the students will be able to achieve their goals.

Sincerely,

Bears Beat Plymouth State

By Ted Conley

Despite a strong start by both teams, the BSC Bears, behind a great performance by quarterback Mark Flynn, defeated the Plymouth State Panthers, 21-14, in last Saturday's New England Conference, along with 2 other conference rivals, to wrap up the regular season and record their third win of the year. The win was the first time the Bears had defeated Plymouth State, and it marked an historic moment for the BSC Bears, who had never before defeated the Panthers.

The Bears took the opening kickoff but were held at their own 35-yard line. Facing a strong wind, punter Dave Hickey's kick went out of bounds, giving Plymouth State the ball at the Bears' 25-yard line. The Bears' defense held strong, however, and the Plymouth State Panthers had only eleven yards and the Plymouth State Bears simply ran the ball at the 8-yard line of Bridgewater. It was here that the Bears stiffened and turned the ball over to the 10-yard line. From here Hooper scored again, following some great blocking, to bring the ball down to the 4-yard line. Hickey kicked his 3rd point after to give the Bears a 14-7 lead at 9:56 of the 3rd quarter.

The Bears took the opening kickoff and marched down to the 38-yard line. Greg Kasabian iced the victory with a field goal to make the score 21-7 at 12:36 of the 3rd quarter. On the next series of downs, the Plymouth State Panthers were forced to punt, and the Bears took over at their own 20-yard line. On their first play, the Bears ran the ball for a 50-yard carry to put BSC down to the Panther twenty-six as the Plymouth State Panthers were forced to punt again. The Bears turned the ball over to the 4-yard line, and Jeff Hawkins scored from there to make the score 21-14 with 6:02 left in the 3rd quarter.

The Bears were up 7-0 at the half and held the Plymouth State Panthers to only 14 points in the second half. The Bears' defense held strong throughout the game, allowing only 7 points in the first half and 14 points in the second half. The Bears' offense was led by quarterback Mark Flynn, who had a great game, completing 18 of 28 passes for 280 yards and 2 touchdowns. Flynn also ran for 147 yards on 31 rushes, helping the Bears to a 2-2-1 record.

The win over Plymouth State gives the Bears a first and goal at the five-yard line. From here Hooper scored again, following some great blocking, to bring the ball down to the 4-yard line. Hickey kicked his 3rd point after to give the Bears a 14-7 lead at 9:56 of the 3rd quarter.

**Bears Beat Plymouth State**

By Tony Cuscito

Despite a nagging left hall which prevented playing any role in the game, the BSC Bears, behind a great performance by halfback Peter Pomeroy, rallied in the second half to defeat Plymouth State 21-16.

Both teams battled for the lead early in the first quarter. Plymouth State led 6-0 after one period, but the Bears moved ahead in the second quarter. The Bears took the lead early in the third quarter and then held off a Plymouth State comeback attempt in the fourth quarter.

Bridgewater State's Cross-Country team went Bridgewater 21, Team Airhead 13. Tom Cash (22:49) and Eastern Nazarene's Newkirk had better times than the previous record, which proves just how quick these runners really are. Mike Borges and Scott Buhler with a time of 24:01.

Tom Cash of Mass Maritime won the meet with 56 points while his teammate, Richard Croteau with 2 goals and Lisa Merlin scoring also, was the Bears' Cross-Country head coach. The Bears next meet will be held at Field Hockey.

**Runners Head For Top**

On Tuesday, October 23rd the Bridgewater State College Cross-Country team again meet the record that was set by Eastern Nazarene College and Mass Maritime. The team that defeated Eastern Nazarene was Bridgewater (7), E.N.C. (4) and Mass Maritime (5).

The Running Bears, also known to Coach Larry Laverty as the "Bears" and "Plymouth," were the team that started the race at 8:50 by McD. The Bears were the first back, Bridgewater (35:04), Eastern Nazarene (35:07) and Mass Maritime (35:12).

**Ice Hockey**

Bridgewater's Tom Rogers of Plymouth State was the leading scorer in the recent Mass. State Hockey tournament. The Bears won the meet with 56 points while their teammates, Newkirk and Cash had better times than the previous record, which proves just how quick these runners really are.

Mike Borges and Scott Buhler with a time of 24:01.

My favorite story about the NHL is about the late King of Hammers, Eddie McGill. Before games, Eddie McGill would spend hours in the locker room, getting his body and mind in shape for the game. One day, before a big game, Eddie McGill asked his coach, "Why are you so nervous, Coach?" The coach replied, "I'm nervous because I know we're going to win." Eddie McGill said, "But if we lose, I'll be nervous too." The coach said, "But you don't have to be nervous, Eddie, because I'll always be nervous for you."

Eddie McGill, one of the greatest hockey players of all time, passed away on November 23, 1979. His legacy lives on through the memories of those who knew him and through the stories of those who didn't. Eddie McGill, the King of Hammers, will always be remembered for his talent, his heart, and his love of the game.

Bridgewater State College

By Susan Leary

"More than the children are of normal intelligence and normal ability and have no remedial-mental pathology, they also have an awareness of the consequences of their actions. They understand that they can create and they can destroy. They are capable of making decisions and taking responsibility for their actions." - Dr. Gilbert said.

Dr. Gilbert concluded that most girls in the children's development clinic learn the difference between right and wrong. "They learn to distinguish between what is good and what is bad," Dr. Gilbert said. "They learn to distinguish between what they should do and what they should not do."

Bridgewater State College offers a program that helps children with physical, neurological, and emotional disabilities to overcome their challenges and develop their potential. The program focuses on cognitive and social development, as well as on the acquisition of basic skills. Children are encouraged to participate in various activities and exercises that help them to improve their fine and gross motor skills, as well as their language and communication abilities. The program also provides a supportive and nurturing environment for children and their families, which helps them to build self-esteem and confidence.

For more information on the children's development clinic, please visit the Bridgewater State College website or contact the program director directly.
