Bridgewater's seniors have voted five games since the advent of the spring season. What was 8-0 in March turned 2-3 in April.

Returning to the Christmas tournament is a Dr. Pepper, a championship game against the Chelmsford High School boys hockey team. The annual meeting will be played on Saturday, February 5. The game will begin at 1:15 p.m. and admission will be $2.00.

The Bridgewater State College basketball team is up to 5-0 in the NECC basketball playoffs. The team advanced to the second round of the competition with a 62-49 win over the University of Massachusetts at Amherst.

The second weekend of the season turned to be a gothic day for the Bears as they faced the domain of the NESCAC. The Bears ended the season with a 62-49 win over the University of Massachusetts at Amherst.

The Bears' offensive game was supported by a strong defensive effort. The team played well, preventing the other team from scoring. The Bears' clinical defense and strong offensive game resulted in a win.

The Bears' next game will be against the University of Vermont. The team is looking forward to the challenge and is ready to continue their winning streak.

Dear Editor:

In my letter of January 24, I expressed my opinion about the proposal of a new media center on campus. In defense of this proposal, I feel that students need to be more involved in the planning and designing of this center.

First of all, the fact that students are involved in the planning process will make the project a success. Students will have a say in the final design, and this will ensure that the center will meet the needs of the student body.

Secondly, involving students in the planning process will also help to ensure that the center will be used by students. If students are involved in the planning process, they will be more likely to use the center.

Finally, involving students in the planning process will also help to ensure that the center will be well received by students. Students will have a say in the final design, and this will ensure that the center will meet the needs of the student body.

I believe that involving students in the planning process is a crucial part of the success of this project. I urge the university to consider my suggestion and involve students in the planning process.

Sincerely,

DearEditor,

I wish there were some readers here to which I could write. Where is the respect for the basic property and safety of libraries in this community? Surely the editors policing this magazine could do better.

The 1979 college year has reached its midpoint with a new crop of college students in town and the old faces running the student unions. All the events are happening in the new year, but a look back at the first semester will show that the 1979 college year has been a quiet one.

Several campus events during the first semester have been noticed and praised. While the events have been noted, the contents of the events are often not discussed. The Women's Chorus of Berklee College and the Men's Chorus of Boston University are pleased to announce the Second Annual Choral Festival to be held in January 29, 1980.

Auditions were set to be held throughout the United States in December. The Festival is open to all collegiate choirs, and interested choirs are invited to submit applications for participation.

The Festival will consist of a two-day event, featuring performances by outstanding collegiate choirs from across the country.

In addition, there will be a panel discussion and a reception for the choirs and their sponsors.

A Little Romance

by Jeff Lurie

January 24, 1980

Many millions of dollars (not all 46,000,000) were made into the making of A Little Romance.

The producers searched long and hard for the perfect male lead, and finally settled on Christopher Reeve. The producers were impressed with his sensitivity to the subject of the film. In particular, the producer's (Robert Benton) approach to the subject was sensitive and touching. With so many events, there is a real need for a film that brings out real life feelings and real life decisions and how these people react.

The whole idea sounds selfish but it is not. The film is about a mother and child. This movie is not only going to be enjoyable, it is also going to be educational. The audience will see just how difficult that can be to the end one can feel all the feelings of being trapped.

This year's President Carter has asked for a boycott of the 1980 Summer Olympics Games, which are to be held in Moscow. The President is asking for the boycott to protest the Soviet invasion of Afghanistan. The sad part of this is that the U.S. Olympic Committee is a private organization that is not funded by the government at all. This is why they can ask the athletes to boycott the games. The President should try for a change of sight. I'm sure he would get the support of the American people and the athletes.

When the U.S. Olympic Committee was formed in the early 1900's, it was to be an entity independent of the United States Government, meaning that its every decision should be made in the best interest of the athletes themselves and the committee involved. As such, the committee should not be asked to make a political decision. The motto of the Olympic Games is "Friendship, Excellence, Respect." It is a symbol of the world coming together and enjoying a peaceful competition.

Mr. Carter's proposal is unfair to the athletes and those Americans who fund the U.S. Olympic team. Poltic have no place in the Olympic Games. Mr. Carter's proposal is unfair to the athletes and their representative countries. A transfer of Games to a politically neutral country to avoid differences between the countries seems to be the fairest option.

I don't agree with the boycott of the 1980 Summer Olympics. I agree with Senator Edward Kennedy when he says it's merely a symbol and not a policy. The Olympics are a way for the world to come together and enjoy a peaceful competition. The President should try for a change of sight. I'm sure he would get the support of the American people and the athletes.

I firmly believe that the Olympic Games should be moved to a neutral country. This would prevent the government from interfering with the games. The important thing in the Olympic Games is not the winning but the fact that people from different countries come together and enjoy a peaceful competition. The President should try for a change of sight. I'm sure he would get the support of the American people and the athletes.

The Comment of the Month is from the American Idol. The international meet will be held in Moscow, but no branch of the government should or can interfere with the Olympic Games. Bilateral relations are a branch of foreign policy, not something that can be regulated by the government. The President should try for a change of sight. The President should try for a change of sight. I'm sure he would get the support of the American people and the athletes.

When the U.S. Olympic Committee was formed in the early 1900's, it was to be an entity independent of the United States Government, meaning that its every decision should be made in the best interest of the athletes themselves and the committee involved. As such, the committee should not be asked to make a political decision. The motto of the Olympic Games is "Friendship, Excellence, Respect." It is a symbol of the world coming together and enjoying a peaceful competition.

Mr. Carter's proposal is unfair to the athletes and those Americans who fund the U.S. Olympic team. Poltic have no place in the Olympic Games. Mr. Carter's proposal is unfair to the athletes and their representative countries. A transfer of Games to a politically neutral country to avoid differences between the countries seems to be the fairest option.

I don't agree with the boycott of the 1980 Summer Olympics. I agree with Senator Edward Kennedy when he says it's merely a symbol and not a policy. The Olympics are a way for the world to come together and enjoy a peaceful competition. The President should try for a change of sight. I'm sure he would get the support of the American people and the athletes.

I firmly believe that the Olympic Games should be moved to a neutral country. This would prevent the government from interfering with the games. The Olympics are a way for the world to come together and enjoy a peaceful competition. The President should try for a change of sight. I'm sure he would get the support of the American people and the athletes.

The important thing in the Olympic Games is not the winning but the fact that people from different countries come together and enjoy a peaceful competition. The President should try for a change of sight. I'm sure he would get the support of the American people and the athletes.

Current Art Exhibit

by Sue Asa

"Mandy" is the title of a new art exhibit which will be on display on Monday in the Art Gallery of the B.S.C. Art Building. Works will be displayed by artists from Rhode Island School of Design and other schools.

The display will be on display for the first day. Further, the works will be displayed for the next six weeks. Some of the works will be for sale, while others will be for viewing.

The display will be completed at the end of the week.

This exhibit will be on display in the Art Gallery for two weeks.
Defensively the Bears were slow. The Bears were quick to retaliate. Bill Blaisdell gave Bryant its first point of the game at the 15:39 mark of the second period. Blaisdell’s goal was calculated to end the meeting as the Bears down 1-6. For the first time since 1975 the Bears entered the hibernation as a result of the 53 bridge to 21 unsuccessful attempts.
