Bridgewater State College
Pipes Pose Problem:
by Sue Asci

Contaminated with a chemical of New England water tends to cause cancer. The chemical has been used in the drinking water for many years. The pipes which were made in the 1930's were used to coat the inside of water pipes because the chemical composition was thought to be the best. The chemical was used in the water pipes to prevent rusting. However, the chemical was later found to be toxic. The chemical, which is known as TCE, or trichloroethylene, was used in the water pipes because it was thought to be effective in preventing rusting. However, it was later found that the chemical was toxic and could cause cancer.

Letters to the Editor

“not offended”

Dear Editor,

I put on my new outfit for the first time, and went to church because I knew it. However, unlike Ms. Burke, I was offended by the article in the national paper, “The Jewish Daily Bulletin.” I have always been a member of the Jewish faith, and I was shocked by the negative portrayal of the Jewish people in the article. I believe that we should all have the right to practice our religion without being judged or discriminated against. 

Sincerely,

[Signature]

MassPIRG Committee Says Thank You

Last Monday, the MassPIRG Student Organizing Committee handed out about twenty five hundred flyers to students at Bridgewater as part of their ongoing campaign to support the School of the American People’s efforts to bring a B.S.C. student to the conference. The flyers were distributed on the steps of the Administration Building, the student center, and in the student union. The students who received the flyers were asked to sign a petition which they could then take to the administration building to show their support for the student organizing committee’s efforts.

MassPIRG also plans to distribute flyers at the Massachusetts Institute of Technology and at Harvard University next week. The goal of the campaign is to raise awareness about the issues facing the B.S.C. student community and to encourage students to get involved in the struggle for a better education system.

Letters

“The manifestation of racial hatred”

Dear Editor,

I was disturbed by the recent incident at the Associated Students of the American People’s (ASAP) meeting. At the meeting, a member of ASAP made derogatory comments about Mexican Americans. This type of behavior is unacceptable and cannot be tolerated in our community.

Sincerely,

[Signature]

MassPIRG Organizing Coordinator

“OUR Machine”

Dear Editor,

We are writing this letter to the students of Bridgewater College to express our concerns about the situation on campus. We believe that there is a lack of communication and cooperation among students and faculty. As members of the MassPIRG Organizing Committee, we have been working hard to improve the situation on campus. However, we feel that more needs to be done.

Sincerely,

[Signature]

MassPIRG Organizing Coordinator

Letters (cont’d)

“Thank you, Jim”

James McLaughlin, Night Manager

Class of 1981 would like to take this opportunity to express his thanks to all of the people who have helped him during his time at Bridgewater. He would especially like to thank Mr. Wiltshire, the Resident Advisor in the dormitory where he lives, for his assistance and guidance during his time at Bridgewater.

Sincerely,

[Signature]

WHALE WATCH TRIPS UPDATE

The whole watch trips for May 19th and 20th have been rescheduled. We will take on two new dates for the watch trips, May 22nd and 23rd. The watch trips will still be on the same location, Nantucket Island, and will consist of a boat ride to watch for whales. The boat will depart from the Nantucket Harbor at 8:00 AM and will return at 5:00 PM.

APPLIANCES AVAILABLE

For Sale: Bostons, Frigidaire, and General Electric refrigerators, and Kenmore washing machines. The appliances are in good condition and are priced to sell quickly. The prices are negotiable and can be viewed in person. All appliances are located in the basement of the administration building.

ATTENTION PHYSICAL EDUCATION MAJORS—DATES FOR SPRING MAJOR EXAMS

The Spring Major Exams will be held on April 15th and 16th. The exams will cover the topics of sports and fitness. Please make sure to study for the exams and come prepared.

Announcements

FINANCIAL AID AVAILABLE

For students who are currently enrolled in the college, financial aid is available. The application process is simple and can be completed online. Please visit the Financial Aid Office to learn more about the available options.

Letters to the Editor

“not offended”

Dear Editor,

I must say I am very disappointed in the caliber of “Modern Hardship” and the writer’s attitude in the Oct. 17 column. I agree that the cost of living has increased, but there are many who have been able to maintain a standard of living similar to those of

J. D. Robert

“manifestation of racial hatred”

Dear Editor,

I can only imagine what these people are thinking when they write such things. I have no idea what they are trying to say, but it is certainly not about me or people like me. I believe it is time to stop this kind of behavior and start treating each other with respect and understanding.

Kara Marin

MassPIRG Committee Says Thank You

Last Monday, the MassPIRG Committee of Students held a Water Conservation Fair with over twenty booths set up outside the Student Union and over two hundred people in attendance. The committee distributed over 1500 flyers, which contained tips on water conservation. The fair included a variety of workshops on topics such as making a shower curtain, building a “rain barrel,” and making a composting bin. The committee also distributed over 2500 t-shirts to students who signed up for the “T-shirt for Water Conservation” program.

Dear Editor,

I am writing this letter to express my appreciation for the work that MassPIRG has done. The committee has been doing a great job of raising awareness about water conservation and encouraging people to take action to reduce their water usage. I am proud to be a member of the committee and look forward to continuing our work in the future.

Sincerely yours,

Kira B. Kendall

WHALE WATCH TRIPS UPDATE

The whole watch trips to May 15th and 16th have sold out. However, the watch trips to May 22nd and 23rd are still available. You can purchase tickets for the watch trips by contacting the Office of Student Affairs at ext. 317 or by calling Dr. Fitzgerald at ext. 314.

APPLICATIONS AVAILABLE

Pre-registration for anyone interested in attending the 1980 Fall Session of the New College is now available. Application forms can be obtained at the Office of Student Affairs or from any member of the Staff. Pre-registrations are due by May 15th. For more information, please call ext. 317 or visit Room S114 of the Science Building.

ATTENTION PHYSICAL EDUCATION MAJORS—DATES FOR REGISTRATION

The Student Union Program Committee is sponsoring a weekend trip to the National Park in June. The trip will include a visit to the National Park and a tour of the surrounding area. The cost of the trip is $22 per person, and registrations must be made by May 15th. For more information, please call ext. 317 or visit Room S114 of the Science Building.

CHILDREN’S CLINIC APPLICATIONS AVAILABLE

Applications are now available for medical, dental, and social services for the fall session of 1980. The clinic will be open on Monday, Wednesday, and Friday from 9:00 a.m. to 5:00 p.m. For more information, please call ext. 317 or visit Room S114 of the Science Building.

RECOMMENDATIONS

For more information or assistance with registration, please call ext. 317 or visit Room S114 of the Science Building.

Dear Jim,

I hope this letter finds you well. I wanted to express my gratitude for your continued support and assistance during my time at the university. Your guidance and mentorship have been invaluable to me, and I will always be grateful for your guidance.

Sincerely yours,

[Your Name]

Big Business Attacked

Dear Editor,

I am writing this letter in response to the column called “The Politicized Classroom” in the Oct. 17 issue. I believe that the author’s views are misguided and that they fail to understand the importance of a free and open classroom environment.

Sincerely yours,

[Your Name]

Snow White Grows Up!
**Call us!**

Has anyone been curious about the small group of students singing songs such as "Tommorow" and "Happy Birthday" in the commuter singing messages to special friends from a secret admirer? The group is singing telegram and cake service here on campus.

Why not drop a line and let them know. It's easy! All you have to do is get in touch with you. It's free. Just fill in the telegram as well as the name, address, and occasion of the person who is supposed to get the message. Drop us a line and let them know. It's easy! All you have to do is get in touch with you.

The Thayer Public Library is presenting Jon Monaghan and Friends, and the library's auditorium will be turned into a coffee house, featuring the talented Jim Monaghan, a graduate of Bridgewater State, as well as performances by the college. There is no cover charge.

**Snow White Grows Up!**

As a result of the success of the hit Broadway musical "Snow White," the Wicked Queen (Beinga) is about to open on Broadway in the spring of 1995. The musical is a modern interpretation of the classic fairy tale, with songs and dances that capture the spirit of the original story.

**Night Light**

WHERE THE BUFFALO ROAM

"I have to advocate weird chemicals, alcohol, violence or insanity, but they've always worked for me!"

**Quck Up!**

David Bradley, Cindy Clay, Arthur Fitzsimons, Kevin Kelly, Chuck Kronen, Elizabeth Frey, A. Pacioli, Raidy, Mary Smith, and Tim Considine all joined the cast of the hit musical "Snow White." The show has been widely praised for its innovative use of technology and its creative interpretation of the classic fairy tale.

**SPORTS CHAT**

Sunny days finally arrived here at B.S.C. and with them came several of the Bears spring sports onto the active scene.

The baseball team, under the direction of head coach Fred Brown, is off to a good start. The fish were jumping out of the water for the Wiscasset- Confederates in a big game on April 8th.

The basketball team, an exciting and competitive one, is working hard. There is new hope for the basketball fans of B.S.C. This year's team is off to a strong start, as they won their first five games. The team is led by their captain, Mark Connors, who is a senior forward.

The B.S.C. women's softball team, like the baseball team, is enjoying early success. The team is off to a good start, and is expected to do well this season.

**Certification Changes**

The Department of High School and School of Education announces that Bridgewater State College will soon start to use the N.C.E. Program. The College has been approved by the National Collegiate Athletic Association to offer the Certification Program for high school teachers.

Some changes are required in the newly approved regulations for the Certification Program. These changes are as follows:

1. Eligibility: Students must be enrolled undergraduate students at Bridgewater State College.
2. Certification: Students must complete all the requirements for certification.
3. Field Experience: Students must complete a minimum of 120 hours of field experience.
4. Exam: Students must pass the N.C.E. examination.

The College has been approved to offer the Certification Program and the students must complete all the requirements for certification. The College has also been approved to offer the Certification Program for high school teachers.

**B.A.I.R.S.**

**ANNOUNCEMENT A NEW網絡**

B.A.I.R.S.'s website is now available for students. The website includes information about the College, its programs, and events. The website is easy to use and provides all the necessary information.

**Budweiser, KING OF BEERS. ATHLETE OF THE WEEK**

**VIVAN MARX**

Vivan Marx, a senior here at B.S.C., has been the participant in the annual North Atlantic Conference (NAC) track meet. Vivan has shown his best performance in the 880 meter run. He set a new record in the event.

**Boyden Renovations Update**

**by John Costello**

The renovations taking place at Boyden Hall will be complete by the end of May. The renovations include new windows and doors, new plumbing, and new electrical systems.

The renovations will also include new heating and cooling systems. The College is working hard to complete the renovations as soon as possible.

The renovations are expected to be completed by the end of May. The College is working hard to complete the renovations as soon as possible.
