What Is A Student Trustee?

Open Letter to the Campus

Rob Holmes, '83, Student Trustee

"As a member of the Board of Trustees I join in the decision-making process with great concern for Bridgewater State College, its history and especially the future it holds, which in my opinion appears very bright."

WBIM: Training Ground for Broadcasters

By Brett Peruzzi

Experience. It's what counts in today's tight job market. Granted, some would say a college and a college degree are worth more than experience, but when it comes to broadcasting, most employers require both.

Today, employers in some fields are reluctant to hire people right out of college who have no practical experience. Professionals in the field feel broadcasting is one field where experience is a definite plus.

WBIM, BSC's own radio station located at 91.5 on the FM dial, is a fertile training ground for BSC students interested in careers in broadcasting. WBIM also maintains a non-commercial station with a range of 150 miles, WBIM-FM is non over- lapping in stereo at 105 watts, with a range of up to 30 miles and a potential listening audience in the hundreds of thousands.

For some of the student staffers who run WBIM, which has expanded its album-oriented rock format to include jazz, blues, funk, and classical music shows, the WBIM experience is one point for their professional careers. Program Director Peter George works part-time as a DJ at WMBE in Brockton, and DJ Laurel Bowman also works part-time at night as a DJ at WJY in Providence, R.I.

WBIM staffers are also working in television broadcasting. Public Relations Director Robert Flynn is working on Channel 915 TV, "The Wolf," while BSC's Director of Media Services, a demonstration video-tape of a show featuring several of BSC's professors. BSC's own college television channel is another prime example of what WBIM has to offer. Dr. Glenn Cook, BSC's Director of Media Services, demonstrated the video-tape of a show featuring several campus professors. This was done on a college campus and not in a professional TV studio.

There was also a very positive response from President Rondinelli and the Board of Trustees," said Dr. Krysanek, who serves as Director of Media Services. "Everybody was impressed by it, and I, quite honestly, was, too."

What started out as a magazine back in the fall of 1982,rlen in the hope of boosting the number of publications for the college, was tentatively titled "Bridgewater-Magazine," is doing a very good job. Readers are enthusiastic about the show's format, its lively content, and the idea of a magazine that is for the students, by the students, and about the students. A total of 375 pints were collected in a drive campaign whose slogan was "We're out for Blood" and included the distribution of balloons to those that donated. This shattered their earlier collection record of 225 pints.

Monthly meetings are held each month in the Student Union Council Chambers. The meetings are open to students, faculty, and administrators. I hope you will join us for the positive input from all of you.

Touzie Review Revealed

Mr. Trevor, in his letter to the Editor, is skeptical regarding the importance of Touzie's presence on campus. He questions the quality of the movie and the intentions of the Touzie producers. Mr. Trevor feels that the Touzie program is not as important as other campus events.

In this issue, Touzie has achieved the ability to provide a movie that is appealing to a wide audience. The Touzie staff has put in a lot of effort to make sure that the movie is entertaining and enjoyable for everyone.

We consider ourselves in the position to provide the campus with quality entertainment. We are committed to offering a diverse range of movies that cater to different tastes and preferences. Touzie is not just a movie program, but it is a community initiative that contributes to the overall campus experience.

We are grateful for Mr. Trevor's feedback. It has been instrumental in helping us to improve our programs and services. We are always open to constructive criticism and suggestions for improvement. Thank you for your input.

We must also clarify that Touzie's mission is to provide quality entertainment to the campus community. We strive to create an environment where everyone feels welcome and can enjoy their time.

Furthermore, we believe that entertainment plays a crucial role in shaping our identities and fostering meaningful connections. By providing a space for people to come together and share experiences, Touzie contributes to building a sense of community and belonging.

We appreciate Mr. Trevor's concern and hope that through continuing efforts, we can continue to provide a positive impact on the campus community.

The Editor

The Commentary

Incorporation is the process by which entities are recognized as separate legal entities. It is a legal step that allows businesses and individuals to establish a formal legal framework, under which they can operate independently from their owners.

Incorporation provides several benefits, including limited liability, perpetual existence, and the ability to raise capital through public offerings. These benefits make incorporation an attractive option for many businesses and individuals.

However, incorporation comes with certain obligations and responsibilities. Entities that are incorporated are subject to the same legal obligations as natural persons, and they must comply with state and federal laws.

Incorporation is a significant legal step, and it is important to consult with legal professionals to ensure that the process is handled correctly and that all necessary steps are taken. This will help protect the interests of the entity and its owners.

The Commentary

The Community

The Comment is a student-run magazine that is dedicated to providing a platform for student voices. It is a space where students can express their thoughts and ideas on various topics, including social, political, and cultural issues.

The Comment is published by the Student Government Association of Bridgewater State College. It is an integral part of the college community, and it serves as a means of engaging students in discussions and debates.

The Comment welcomes contributions from all students, regardless of their background or perspective. It aims to foster a diverse and inclusive dialogue, where students can learn from each other and contribute to shaping the college community.

The Comment encourages students to submit their work, and it provides a platform for them to share their ideas and perspectives. It is a valuable resource for students who wish to engage in discussions and contribute to the college community.

Letters To The Editor

Women's Center Says Thank You

I would like to thank everyone who donated clothing, to our clothing drive last month. A wonderful donation was received from many people, which made the recipients quite happy.

Now I wish to thank theprinters for their hard work on this page. I am a student in the journalism program at Bridgewater State College and I am very grateful for the opportunity to see my name in print. I hope to continue to contribute to this newspaper in the future.

Sincerely,

[Signature]

To the Editor:

I would like to respond to the letter published in the February 3 issue of The Comment. The writer states that the collaboration between the Women's Center and the Bridgewater Student Association was a success and that future events will be organized in a similar manner.

While I agree that the event was successful, I believe that we can improve upon the planning and execution of future events. Specifically, I would like to suggest the following:

1. A more thorough planning process, including a clear timeline and specific roles for each member.
2. Clear communication with all participants, including updates and reminders.
3. A more structured and organized approach to the event itself.

By implementing these changes, I believe that we can ensure the success of future events and create a more positive experience for all involved.

Sincerely,

[Signature]
Anna Cannon - Tournay Women will be among the 10,000+ entrants of the National Student Council College Student Senate Women’s Basketball Championships, to be held at Central Michigan University on February 19, 2003. The tournament will feature 36 college women’s basketball teams from across the United States, including teams from the Ivy League, the Big Ten, and the Pac-10. The top four teams will advance to the national championship game, which will be held on March 1, 2003.
I am putting together a literature publication to be distributed at the University of New Hampshire this spring. We are making an effort to bring out American society, one of the unsatisfying stupidities and corruptions that emanate from our culture. I want your essays. Write about whatever aspect of life in the US that you feel inspired to playfully write about. The essays must be original, the number and quality of the pieces received. Invitations to submit have been sent to many major universities throughout the United States. A few suggestions for essay topics are:  

- A personal account of your college, high school, or work experience.  
- A series of four or five short essays on the political, social, and cultural aspects of your life.  
- A personal account of your family's history.  
- A series of ten or more short essays on the political, social, and cultural aspects of your life.  

Women in Law  

A free, day-long conference for women considering careers in law will be held at Western New England College of Law in Springfield on Saturday, February 19th. The morning session of the law school application process will conclude with a panel discussion on the law school experience led by women law students.  

Affy David Center Edmonds, former chair of the Massachusetts Commission Against Discrimination (MCAD), will address the question at 11:30 a.m. on the needs for women lawyers.  

Afternoon programs will include panel discussions on legal careers, balancing personal life and career, and working with a partner in the law. For more information contact Thomas Johnson at 983-9876 or 678-2889.  

American Women I  

By Liz Scroggins  

This is the first in a series of articles entitled intriguing women in American history. In 1607, Virginia Dare was born in Roanoke Island, North Carolina. She is thought to be the first European child to be born in the New World.  

By the age of 15, she would have known that women in American history have been successful in many fields. One of the most successful women was Lady Deborah, who was excommunicated by the Puritan church in Boston for her devotion to dancing. She was also one of the first women to be an elected official in the United States.  

The course is being taught by Bill Bishoff, who is a 3rd degree black belt in karate. The course will be offered every Thursday night at 7:30 to 9:30 for five weeks. The cost is $35 per person.  

By 1607, Elizabeth Poole was excommunicated by the Puritan church in Boston for challenging her religious dogmas. She believed that women, like men, deserved one vote as the freemen of the state. She is thought to be the first woman to be excommunicated by the Puritan church.

Saluting A Black Flag

By Brandy Forster

This is the first time we've ever gotten a band to play the closing set at the university's weekly Dating Game. I think you guys are pretty impressive. We were so pleased to have Black Flag's tapeless lead singer, his musical instrument, and words of encouragement which he's written and performed by the picture of his own hand. His dedication to this all-ages show is truly inspiring. We hope you come tomorrow.

**Observatory Schedule**

The winter sky offers some of the most rewarding astronomical viewing of the year. Star charts and constellations can be seen in winter as well as stars and other objects close by. If you have access to a telescope, you can look at any of the many beautiful star clusters and nebulas visible now.

Bridgewater State College Observatory is open every clear Tuesday evening from 8:00 p.m. to whenever observing conditions permit. During the next month we will observe the following objects:

- December 21: The constellation Orion rises in the east by about 8:00 p.m., so it will be completely visible by 9:00 p.m.
- December 25: Look for the constellation Cygnus, which is also visible in the evening sky.
- December 31: The constellation Cassiopeia rises in the north by about 8:00 p.m., so it will be completely visible by 9:00 p.m.

CONTACT:

I am excited to announce the opportunity to participate in an observational study of children and youth with physical, mental, and/or emotional disabilities. The Bridgewater State College program in the greater Boston area is designed to enhance the physical, motor, and social developmental needs of children and youth with physical, mental, and/or emotional disabilities.

The Children’s Physical Developmental Clinic of Bridgewater State College offers an annual series of training and educational seminars related to children in the Bridgewater State College program and related to the care, treatment, rehabilitation and education of children and youth with special needs. The lectures are given at weekly seminars which are conducted 8:00-9:00 am on Saturday mornings.

### Sports

#### Business's Bears

by Mike Storuy

The Kelly Gym is buzzing this week over the outstanding records of the Men's and Women's basketball teams.

**Basketball**

The Men's team (13-3) is currently ranked #8 in New England and lead the Mass. State League standings. They are second in the league in scoring with New Hampshire. The Lady Bears (22-7) are also doing well, currently ranked #13 in New England. They have the best defense in the league with a 70-point record. The Bears suffered a tough defeat to number 1 BSC (33-6) on Tuesday. It was a very intense game as the Bears came back from an 18-point deficit to hold the lead with less than 2 minutes left. 

Next Tuesday is the first game of the season for the Men's and Women's teams. Both teams will be playing in the Kelly Gym. The Men's B team (10-5) is the team to watch. Last year, they played most of the overtime games and came out on top. **The Kelly Gym is buzzing this week over the outstanding records of the Men's and Women's basketball teams.**

#### Women's Figures: Dangerous When Wet

by Flipper Canton

The women's swim team is off to a great start with the 40,000-student crowd cheering them on. The Lady Bears competed against the St. Peter's College last Friday (79-48). The team was strong against MIT with a score of 106-88. They are second in the league in scoring with New Hampshire. Mike Storuy, a member of the BCS basketball team, was also a part of the swimming team.

The Women's gymnastics team is in 2nd place against the Coog Guard Academy this week. The team's performance was outstanding, with Debbie Barlow (3 events), and Andrea Kung (1 event) both hitting first place on Balance Beam, Floor, and Vault, respectively. The Lady Bears' vault program is scoring 15 points. The Women's team is leading the event, with Debbie Barlow (Balance Beam) taking 3rd place in the event.

### LACROSSE

Tracey has participated in a variety of programs and has been a member of the Lady Bears for the past two years. She has been practicing at least three times a week and has been leading the team in their training under the direction of her coach, Tracey Canton.

**Women's Figures: Dangerous When Wet**

The Women's basketball team is off to a great start. They have beaten some tough teams, including Eastern Nazarene. The Lady Bears have won 28 games and are currently ranked 13th in the nation. The Lady Bears' vault program is scoring 15 points. The Women's team is leading the event, with Debbie Barlow (Balance Beam) taking 3rd place in the event.

The Bears Salt Pool Coast Guard Academy

by Kelly Canton

The Bridgewater State Gymnastics team is off to a great start. They have won their first four meets, including the New England Championship. The Bears are currently ranked 13th in the nation.

- The Women's Basketball Team shows why they're second in New England in NCAA Div. III.
- There was a synchronized swimming club right here on campus. .. of fact, we are looking for new members. You don't have to be a synchronized swimmer, just have to like to swim. If you're interested, see Linda Parlee. The team is coached by Maureen Cavanaugh. We all hope to see you at the first home gymnastics meet against Westminster on February 9th at 7:30 PM.
- We miss you, Robin! It's a sight to see! The Kelly Gym is buzzing this week over the outstanding records of the Men's and Women's basketball teams.
Bears’ Women’s Basketball

The Women’s Basketball team showed why they’re second in New England and eighth in the country in NCAA Div. III.

Bears sail past Coast Guard Academy

by Al Beane

The Bridgewater State Bears’ women’s basketball team went on to a great start Tuesday night, they wrapped up another scene meet against the Coast Guard Academy. This makes BSU’s record 3-1. Debbie Barlow took 1st place in three events, scoring 1.65 on the Uneven Bars, 2-2.6 on the Floor Exv. event, and as 8.6 on vault. Bridge- water went on to win the beam event with Andrea, scoring a 7.4. The team also captured 2nd & 3rd place events. Mary Lou Morgan- ton, practicing a vaulting event, with Andrea scoring a 7.6 and scoring a 7.4. The Uneven Parallel Bars. Mau- rie Monahan took 2nd place with 3rd going to Cathy Far- nea. On the Balance Beam, Gina Gallina took 2nd place with Maureen Caruana wrapping up 3rd. And on the Floor, Exercise, Chris Andrews took 2nd place, with 3rd place to Cindy Parise. The team is coached by Maria Smith, we all hope you to you at first home Gymnastics meet against Mount Holyoke College.

Women’s Figures: Dangerous When Wet

by Flipper Canton

The women’s swim team is back on the blocks again with a win over Westfield State College 98-57. The girls placed first in all events but one and each hit at least one person best time. The team consists of five dedicated and hardworking -aner, one trainer, and a team coach. They have been practicing at least three times a week since the beginning of October and have been under astrict weight program. Coach Joy “DJ” is to the over- whelmed in their time drops seen by all swimmers. She is looking forward to seeing some fine performances in the New England Champion- ships in March.

The team is led by Senior7. Rosalind Lorig who has already qualified in an outstanding seven weeks for the 1982-83 Bridgewater State field hockey team. Tracy will be graduating in May of this year and plans to pursue her career in Recreation.

Tracy has all the questions about the rules of the game, for persons or intramurals, please feel free to contact Tracy at ext. 25 or come down to Mike Storry’s office in the Kiny Gymnasium.

LACROSSE: There will be a meeting for all members, or those who wish to be, of the Men’s Lacrosse Club, in the Kiny at 2:00 P.M. today at 3:30 P.M. Please try to attend if you are interested. We will cover paybooks, uniforms, fund-raising and schedules. See you there.

On Tuesday, February 5 at 11:00 A.M., during free time, at the Kelly Main Gym, all BSU students, faculty, and staff are invited to participate in a free throw contest. There will be two divisions, Men’s and Women’s, and the team with the lowest combined number of points will win the trophy.

Thursday, February 3, 1983

Open Letter to the Campus

Rob Holmes, '83, Student Trustee

"As a member of the Board of Trustees, I join in the decision-making process with great concern for Bridgewater State College, its history and especially the future it holds, which in my opinion appears very bright."

WBIM: Training Ground for Broadcasters

By Brett Peruzzi

Experience. It's what counts in today's tight job market. Granted, assuming a part-time, on-campus, four-hour-a-week door-opener to most professional stations is not always enough. Fortunately, there are a few fields that are relatively open to those with little experience in the field. One of these fields is broadcasting. Those with the desire to pursue a career in this field can benefit from many opportunities.

WBIM, BSC's own radio station located at 89.3 on the FM dial, is a terrific training ground for students interested in careers in broadcasting. WBIM has a student-operated studio and a full-time faculty member who is also the instructor for the broadcasting course. Students can work on-air and off-air, and gain experience in all aspects of the industry.

And remember, there are other stations. While WBIM is the main training ground, there are other stations, both on and off-campus, that offer opportunities for students to gain experience.

By Robert Flynn

BSC freshman, Phil DiPetta, broke all previous records for the collection of blood donations last week in the Student Union. A total of 387 pints were collected in a drive campaign, whose slogan was "We're out for Blood," and included the distribution of balloons to those who donated. This shattered their earlier collection record of 325 pints. Dean Deep, the Vice President of Student Services, congratulated Phil DiPetta for winning the "true Blood Drive For Frat" award. The entire fraternity was involved with the organization of the drive. Boudreau added that special thanks must be given to Ray Merton and Kathy Russell for the great deal of help that they provided in order to make the drive such an overwhelming success.

BSC May Join Cable TV Boom

By Brett Peruzzi

and Robert Flynn

What started out as a magazine article featuring several campus professors was projected onto a television screen last fall as part of a cable television series. The idea for the series was conceived as a way to introduce the concepts of science, technology, and education to the general public. The series was a success and the university is now considering joining the cable television boom.

The idea for the series was conceived by Dr. Glenn Cook, BSC's Director of Media Services. The series features interviews with various professors and includes segments on science, technology, and education. The series is currently being broadcast on several cable television networks, and the university is considering joining the cable television boom in order to reach a larger audience.

The university is also considering joining the cable television boom in order to reach a larger audience. The idea for the series was conceived by Dr. Glenn Cook, BSC's Director of Media Services. The series features interviews with various professors and includes segments on science, technology, and education. The series is currently being broadcast on several cable television networks, and the university is considering joining the cable television boom in order to reach a larger audience.
