This freshman enrollment at BSC has mushroomed this year and the overall college enrollment has increased 12% over last fall's figures, defying statewide college enrollment declines.

The increase has been attributed to a wider variety of course offerings at the college and shifting area demographics, according to the new advisor for Continuing Education and Undergraduate Studies, Dr. Robert Dillum. "We weren't prepared," he said, "to receive all reports indicating continuing decline." The impact of this unexpected increase has been parking and traffic congestion, overcrowded classes and long lines at the bookstore.

According to Dillum, planning has begun to relieve some of these problems. One of the ideas being considered is the construction of two additional residence halls.

The possibility of an extended day (7:00-9:00) to the students' convenience housing is some of the possible solutions now being considered for long range planning as BSC expects a continued enrollment rate of at least 5% over this year

Meany Named Exec. V.P.

By Bill Balsaitis

The Board of Trustees approved President Adriaan Veach's recommendation Monday for Mr. Edward J. Meaney as Executive Vice-President for Business Affairs. Mr. Meaney has been at BSC since 1971, most recently as Dean of Graduate and Continuing Education and as Assistant on the Governor for Education. He will assume the position of Executive Vice-President at their August meeting. In separate actions they appointed Dr. Donald Morrell as Dean of Undergraduate Studies and Dr. Jacques Ducret as Dean of Graduate and Continuing Education. Mr. Meaney holds a Master's Degree from Northeastern University.

Pecuniary, Association, gave a few encouraging words to the several senior classmen.

Convocation 83

By Beth Ward

What is Convocation? In the words of Vice-President of Student Affairs, Dr. Donald Morrell, "Convocation is the time when the students will celebrate the academic year, the time for the students to take a look back at all that they have accomplished, to reflect on the year past and to prepare for the year to come."

Convocation ceremonies were held last Tuesday, September 20, at 11:00 a.m. in the Student Auditorium. Dr. Donald Morrell, Dean of Undergraduate Studies, delivered the opening address.

Parking Problem Explodes

"We're going to have a catastrophe"
Thanks to the hard work of a student official, we now have a music system in our living areas right here at Bridgewater State College. By a vote of the Student Government Association, the college's student newspaper The Comment, the radio is being brought in by a station other than WMJX, or "the station that no one listens to," as one student put it.

The students' decision to bring in music on their own is significant and noticeable change on campus. With a student enrollment of 5,000, 85% of them listen to the radio, according to the survey done by the SGA.

Radio was broadcast in the Bridgewater College dormitories, but due to budget cuts and other reasons, it hasn't been heard by many residents. The new station will be broadcast from the college's own premises and will offer a wider variety of music for students to listen to.

The station will be called "BSC Radio" and will be operated by students under the guidance of the college. The station will feature a variety of programming, including music, news, sports, and weather updates.

The college administration has given its support to the new station, and it is expected to be operational within the next few weeks. The station will be broadcast daily from 6 a.m. to 11 p.m., and will be available online and through the college's cable system.

The new station is a response to the student demands for better music options on campus. The college administration has also recognized the need for a student-run station, and has provided the necessary resources to make it happen.

The new station will not only provide entertainment for students but also offer an opportunity for students to develop their skills in broadcasting and production.

In conclusion, the new station is a welcome addition to the campus community, and it is expected to become a popular source of information and entertainment for students.
Thanks to the hard work of a student official, we now have a music system in the Tillignton Cafeteria. Once the system was installed, the music was no longer interfering with the conversation of those people who were trying to what they wanted to do. Thanks to the idea ofEC—P. P. Dvoren, we now have a music system in the Tillignton Cafeteria.

In the future, we hope to see more music systems installed in other areas of the campus, such as the library and the dormitories.

New Foreign Language Courses Offered at BSC

In the current semester, the BSC Spanish Department has added a new course to the curriculum. This course, titled "Introduction to French," will be offered in the spring semester. The course will be taught by Dr. Elizabeth Hamilton, and it will cover the basic structural patterns of the French language. Students will have the opportunity to practice speaking and listening skills in French, and they will also have the chance to explore French culture.

Important American Women

by Birgitt Sorensen

"The first Commission of the Status of Women was appointed by President John F. Kennedy in 1961. The Commission was established as a result of widespread public concern about women's issues. The Commission's work focused on identifying and addressing the needs of women, as well as advocating for policies and legislation that would improve their status.

The Commission's work led to the establishment of the President's Commission on the Observance of Women's Rights, which was established in 1975. The Commission's work has been influential in shaping policies and legislation that have improved the status of women in the United States.

Women’s Van Coming to BSC

by Liz Scroggs

On Saturday, October 22, 1983, the Women’s Van will be parked in front of the Student Union Building from 8:30 to 9:30 a.m. The Women’s Van is a program of the Junior League of Boston and is here to help those walkers who turn in their pledges. The Women’s Van will be available to discuss any questions and receive your pledges.

MS/BUD Light Bicycle Tour

By being part of Bridgewater State College’s ‘Freezewalk’ on Saturday, October 22, you have the opportunity to participate in one of the most exciting and challenging events in the United States. This unique event will be held at Brockton City Hall Plaza and will feature a tour of Brockton, including portions of Fields Park. Participation in the Freezewalk has been granted us by the city of Brockton.

On Saturday, October 22, an estimated 500 cyclists will participate in the Freezewalk. The event is divided into three categories: 1983. This is a major fundraising event in support of the Southeast Mass. Freeze

We invite you to join with members of the Bridgewater Area for Nuclear Disarmament and hundreds of other organizations nationwide to participate in a "freezewalk" on Saturday, October 22, 1983. This freezewalk will be a major fundraising event in support of a bilateral weapons freeze in Europe, a goal that has been endorsed by a wide range of political and religious leaders.

The event begins with a rally at Brockton City Hall Plaza and proceeds through the streets of Brockton, including portions of Fields Park. Permission for holding the Freezewalk has been granted us by the city of Brockton. The event will be followed by the festivities.

SGA: What's Happening?

Continued from page 2

At the first SGA meeting of this semester, a motion was made and passed to appoint the following people to the All College Committee: Carrie Kistler, Alfi v Modabara, Altrica Lane, Matt Donahue, and Kelly Sullivan. However, Faculty Contract, Article VI, Section A, Subsection B, entitled "Selection of Student Representatives," states that the procedure to make these appointments is subject to the action of the Academic Council which must act in the interest of the college. This is the reason that the SGA went ahead and made these appointments. The Academic Council, on March 15, 1983, just 6 days into the semester, then voted to abolish the Academic Council. During an interview with this reporter, SGA President Paul DiCarlo said that although he had "covered himself legally" with respect to the previous mention of the All College Committee appointments, in fact, he did not.

Are we to assume that now the appointments are void, and that the new openings will be posted for the interested? Also, there is the problem of time before any appointments are made?

**New Athletic Dept. Created**

By Gregory Mathie

The Bridgewater State Col­
lege's new athletic department opened its doors last week. The department, which was previously directed by the Physical Education Department, is now under the direction of Student Services. Along with this reorganization, the new athletic department has been restructured.

The new department has been divided into three major positions: Director of Athletics, Director of Sports Information, and Interuniversity Competition. These three positions are being filled by Ron Ruggiero, Bob Hachey, and Alf Storey, respectively.

Ron Ruggiero is the first per­
son appointed to the position of Director of Athletics. The previous
director of the Bridgewater State College's athletic program was Dr. John McDaniel, who held the position for 20 years. Dr. McDaniel will continue to serve as Provost and Executive Vice President of the college.

Bob Hachey is the associate athletic director and head coach of football. Hachey is a former player and coach at Bridgewater State College, and has won numerous awards for his coaching ability. He is also a member of the New England Football Hall of Fame.

Alf Storey is the assistant athletic director and head coach of basketball. Storey has been associated with Bridgewater State College for over 30 years, and has won numerous awards for his coaching ability.

**Fall Athletic Schedule 1983**

By Mike Storey

Welcome back to another exciting fall season of athletic events. Once again the Kelly Gym will be the place to be in 83-84. All kinds of athletic and social events with the Bears happening this fall for you to enjoy. The season has been so much happening in the Kelly Gym this fall, so much more information is available at the Bears' table. If you go by the table you'll find a great deal of information about the season.

Biggest news of the fall sports season was the exciting home from behind victory of the Bridgewater State Foot­
ball Bears over arch rival Mass. Maritime (19-4-1) in the 56th annual Cranberry Bowl. The victory gave the Bears the first team in Division III to win the Cranberry Bowl. The Bears have won three of the last four games against the Bears, but this year's win was a huge accomplishment for the Bears.

The Bears opened their season this past Tuesday at Clark on the short end of a 2-0 match. This year's team, under new head coach Kevin Cobban, looks to be a lot more talented than the Bears had been in previous years. Hachey led the Bears to a 5-8 record last year, but this year's team is expected to be much better.

### New Athletic Dept. Created

By Gregory Mathis

The Bridgewater State College has created a new Athletic Department. This department, which was previously handled by the physical Education Department, is now being handled by the Department of Student Services. Along with the creation of this department, all athletic fields have been renovated.

### B.A.I.R.S.

The Bridgewater Association for Intramurals, Recreation and Sports is a non-profit, educational student organization designed to sponsor and promote athletic programs through the three areas of Intramurals, Recreation, and Sport. Goals of this organization are to provide athletic opportunities for students, to promote healthy lifestyles of students, and to provide a competitive atmosphere for intramural, recreation, and sport activities.

"We weren't prepared..."

By Robert Flynn

This freshman enrollment at BSC was 30% higher this year and the overall college enrollment has already increased over last fall's figures, defying nationwide enrollment declines.

The increase has been attributed to a wide variety of factors, including the school's new co-curricular activities program, according to the Vice President of Academic Affairs, Dr. Robert Dillman.

"We weren't prepared, we couldn't be, at reaps indicated continuing decline," Dillman said. "The impact of this unexpected increase has been felt in the college's budget and in the enrollment process, overcrowded classes and long lines at the bookstore.
