We ask for a drop of water and He gives us an ocean. We ask for a grain of sand and He gives us a beach. We ask for time and He gives us eternity. How easy it is to fall in love with the gift and forget the Giver.

The Community at the Catholic Center wishes to all a Blessed Christmas. May your gifts be the Faith of Abraham, the Wisdom of Solomon and the Peace of Christ in a year filled with God’s Blessing and Personal growth.
Dear Editor,

As a member of the greatest magazine of the greatest city, I'm writing to you in the hopes that you can help me solve a problem I'm facing. I have a significant amount of stress due to my life, and I'm finding it difficult to manage. I feel like I'm losing control of my life, and I'm not sure what to do. I'm feeling overwhelmed and helpless.

Can you please provide me with some advice on how to manage my stress and find some control in my life? I would really appreciate your help.

Sincerely,
[Student's Name]
A Farewell Letter From the Editor

The year is rapidly coming to an end and with it comes the end of my term as Editor-In-Chief. 1983 has been full of challenges and endless problems to sort out. One way to make the hands-off editor feel good is to look back at the issues we published under my leadership. I can now see how the pieces all came together to make the magazine you are reading today.

By Lisa Davidson

The comments received about what kind of responses we look for in the college graduates who are going to be hired into the business world. Here are some responses:

IBM: We are looking for applicants who have good interpersonal skills and are good communicators, people who display enthusiasm, have a high energy level, and some experience working with the public.

Morse Shoe, Inc.: We look for people with a specific educational or work background that has prepared them for a position relating to our industry. The ability to work with people is, of course, necessary. Because of the career management can be a stepping stone toward other specialization within the retail industry, students should be familiar with future career goals.

A copy of Business Week's Guide to Careers is available in the Career Planning office for reference.

By Don Sabitino

St:udents, you probably are feeling pretty good about the time you are completing your academic course. We, on the other hand, have been working hard to prepare you for the next step. Our goal is to make sure you are ready to take on the real world. Here are some tips to help you succeed:

1. Start early: Don't wait until the last minute to plan your future. Start thinking about what you want to do after graduation.
2. Network: Meet people who are in your field of interest. They can provide valuable advice and connections.
3. Stay organized: Keep track of your goals and plan your actions accordingly.
4. Be flexible: The future is full of surprises, so be ready to adapt to change.

I hope these tips are helpful to you. Good luck in your future endeavors!
Hark The Stompers Sing

By Jeffrey M. Lindeen

This past summer I saw The Stompers on a Best in the West tour in Portland, Maine. The band was filled with enthusiasm, happy and energetic, having the time of their lives. After the show, I talked with lead singer Sal Baglio and found him to be unlike most rock personalities, more concerned with the fact that the fans were having a good time.

On December 1st, 1980, Sal Baglio, Ira Brown, and Jeremy Brown of the band The Stompers took off to the Roseland Ballroom in New York City for a night of partying. Before the show, Baglio and the band took off backstage and talked with Sal Baglio on an exclu-

Comment: I'm not a professi-

Sal: Yeah? Who?

Comment: Sal, can you tell me how may years the band has been together?

Sal: Six. We turned six years old this past summer.

Comment: How many different people has the band had?

Sal: It's hard for me to say.

Comment: Has there been some new personnel changes recently?

Sal: I have no idea. I don't know how many changes there have been.

Stay Toned for a Finale

I am always amazed by how badly television is sometimes used. Television has always been considered, as far as the audience is concerned, as catering to the lowest common denominator. Although I am quick to gripe about what is on television, however, I do not know how much of the television I watch.

I'm an old, I'm a rooster, I'm not a rooster, I'm a rooster, I'm not a rooster, I'm a rooster, I'm not a rooster, I'm a rooster, I'm not a rooster. I am not a rooster.

I added that addition as we have five people who

Heartbreak House Revisited

By Scott Edward Essa

Thursday, December 8, 1983

Heartbreak House is a play written by Clyde Fitch and first produced in 1913. It was revived by the San Francisco Shakespeare Festival in 1983. The play is set in the Victorian era and deals with the themes of love, betrayal, and redemption.

Comment: What is one of the clubs that you enjoy spending time at?

Sam: It's hard to pick one or two out because most of the clubs are a lot of fun whenever you go. There's one or two places I know where I don't usually hang out. It's usually the Queen's Bistro and the Paradise, anywhere the music is good, because the audience is good. I really don't have to try very hard to tell you about the music.

Comment: Colleges, especially like Bridgeport State, usually have a music scene. How are you getting into arts and music in your free time?

Sam: Colleges are usually in different states, where we live. I don't think we know it, but there's a new group called 'Rock 'n Roll' band which is great. Colleges are great, and any place we like to go, we want to go. We need to enjoy ourselves.

Comment: In the future, you're interested in bands, on bars, and in bars, and everywhere in the state. What are some good places that you've seen?

Bart: We've been in a few places. At the First Floor, there's a good time there. We've also been in the Stompers. We've been to the Stompers a few times. It's a good time there.

Helyn Landry gave a very convincing performance as Miss Ellis Dunn. She played a young, beautiful, sophisticated woman who was going through a series of relationships. Her character was well-developed and believable. She was a good actress, and her performance was very strong.

Richard Trammell portrayed the young 88-year-old Captain Boopshaker with a fine line interpretation. He conveyed the sense that the Captain was not sure of himself and was totally inexperienced. His performance was a bit too quick, every now and then, but it only added to the charm of his role. When Miss Ellis Dunn showed contrast, Miss Ellis Dunn showed emotive emotional. She said her lines with such an emotive sense of character that everyone really believed that she was the Old Lady. She was a very young character and was not at all expected. She was a good actress and could carry the whole play.

In all Miss Ellis Dunn's show, she was consistent and very well-behaved.

Richard Trammell portrayed the young 88-year-old Captain Boopshaker with a fine line interpretation. He conveyed the sense that the Captain was not sure of himself and was totally inexperienced. His performance was a bit too quick, every now and then, but it only added to the charm of his role. When Miss Ellis Dunn showed contrast, Miss Ellis Dunn showed emotive emotional. I am always amazed at how badly television is licensed. Television is always considered, as far as I can tell, to be the lowest common denominator. When you think about what is going on with bad television, no one should be surprised. The only thing we have to blame is the audience.

The words are usually put out on Board, and then they're put out on the street. The street gets there by getting there.

The Stompers is a great concert band. It's a great party band. It's a great party band.

Merry! Movies

2. 26

3. 25

4. 24

5. 22

6. 21

7. 10

8. 9

9. 7

10. 6

The answers to this week's questions are:

1. 13

2. 12

3. 11

4. 10

5. 9

6. 8

7. 7

8. 6

9. 5

10. 4

You get one point for every correct answer, and you must answer all questions correctly to win. If you have any questions, please contact the Contest Coordinator at the address below.

The Stompers are a popular band that has been playing for many years. They play a variety of music, from rock to country. Their concert is scheduled for this Friday, and they are expected to draw a large crowd.

Hark The Stompers Sing

By Jeffrey M. Linsen

This past summer I saw The Stompers on a Best Choice for a concert in the park. The band was filled with enthusiasm, happy people, and a lot of fun.

The doors were locked to the Roseland Ballroom in New York City, just after the show. The audience was looking for a way to have a good time. The Stompers were ready to perform and had a good time. They played a variety of music, from rock to country. Their concert is scheduled for this Friday, and they are expected to draw a large crowd.

Stephenson's is a great place to have a good time. It's a great place to have a good time.

And if you're looking for a good time, Stephenson's is the place to be. The Stompers are a great band, and they're going to have a great time. They're going to have a great time.
Entertainment

A Christmas Story

By Kevin Roberts

"A Christmas Story" is a delightful movie about a nine-year-old boy longing for his Red Ryder air rifle for Christmas. The entire picture is seen through his innocent eyes while he grows up in Illinois during the 1940's. The movie is filled with various incidents as the boy, Ralphie (played by Peter Billingsley) finds himself in interesting situations. After saying the forbidden ultra-naughty word "FUDGE" in front of his father he is forced by his mother to put a bar of lye soap on his mouth. Ralphie talks about his revenge by imagining he returns blind carrying a walking stick. The mortified parents forgive him. The above anec­dote has nothing to do with the plot of "A Christmas Story" but moments like these make the film memorable. The two stars, however, that we never 'thought' we would see together again, are both superb.

The Comment

There are more people who tend to listen to the radio during the Christmas season. This year, the rating for the last weekend in December is up by about 20% over last year. "A Christmas Song" is one of the new songs with a rhythm to it. There is a new punk rock band, the Angry Young Bees and the Insect Suckers are a local band. You may remember, their recent singles 'Square One' and 'Up the Suburbs'. Their sound is a happy blend of reggae and pop and the result is highly danceable. The D.C. band, the Insect Suckers, play surf-punk you can dance to. The last time I saw them they jumped up and down in a wild fashion so you could see them. If only for a minute, no matter where your seat was.

A Christmas Story

By Kevin Roberts

"A Christmas Story" is a delightful movie about a nine year old boy longing for his Red Ryder rifle for Christmas. The entire picture is seen through his eyes, however, he gets frustrated and decides not to buy it. He gets his own ideas and tries to come up with his own solutions. What happens is a hilarious story that will make you laugh.

Recently released in theaters was "Fugitive," starring Kevin Costner. Kevin plays the role of a man on the run from the law. He makes his way to a small town and tries to blend in. However, his past catches up with him and he has to come to terms with his mistakes.

COUNT THE REINDEER CONTEST!

Count the total number of reindeer which appear in this week's paper and you could win!

Reindeer will be scattered throughout this issue, some in obvious places - some in not so obvious places.

Count them all - including those in this ad - and submit your answers on the entry form below.

Deadline for entries is January 20, 1984.

That's more than a month away - so there's no excuse not to enter!

Any fool can count reindeer, you say. Well, then, what are you waiting for?

The prize for the correct amount of reindeer are two movie tickets for each winner, which are good at General Cinema Theaters. There can be only two winners. In the event of several correct answers, there will be a lottery. Answers are to be submitted to the Secretary between the hours of 9 am to 2 pm. A valid I.D. must be presented for the entry to be considered. Only one entry per contestant. Winners will be notified in the January 26th issue of the Comment.

SA Profile of the Week

Hello, my name is Karen Treadup and I am a Student Government Association Senator for the class of 1987. The Senate is the legislative branch of the Student Government; that is, we represent the student body and vote with their best interests in mind. At present, the major project of the Senate is the renovation of the tennis courts and to build a basketball court. The money is only about half of what the total costs will add up to. When completed, this project will be a great asset to our school, but in order for it to be a success, we need student support! The Students can also be involved in the project by volunteering to work at the tennis courts or by attending the weekly Senate meetings. The Senate meetings are held every Monday at 7:00 pm in the Student Union. It is here that the Senate makes all of the decisions and we would love to have your support.

Christmas Greetings

Warm wishes for a wonderful Christmas...

Reindeer will be scattered throughout this issue, some in obvious places - some in not so obvious places.

Count them all - including those in this ad - and submit your answers on the entry form below.

Deadline for entries is January 30, 1984.

That's more than a month away so there's no excuse not to enter!

Any fool can count reindeer, you say. Well, then what are you waiting for?

The prize for the correct amount of reindeer are two movie tickets for each winner, which are good at General Cinema Theaters. Contest is open only to Brandeis State College Students. There can be only two winners. In the event of several correct answers, there will be a lottery. Answers are to be submitted to the Comment secretary between the hours of 9 am and 2 pm. A valid I.D. must be attached to the entry. Only one entry per person. Winners will be notified in the January 30th issue of the Comment.

**Aerobics Alive and Well at BSC**

> For those who are still in need of losing a few pounds or a few inches around the waist it seems that aerobics exercise has the universal answer to better health for BSC students. Last year the aerobics program was a hit through the Intramural-Recreation Center. Classes were held all winter in the gym with attendances ranging from 30-60 per class. This year classes have been held both in attendance and number. Many students were attending classes at the efforts of this semester. Classes have also been expanded with a second class at 12:10 p.m. every Monday, Wednesday and Friday go along with the regular classes.

**Bears Business**

> By Mike Storey

We are now going into the last week and a half of that fall schedule of sports programs which also includes the Bears' basketball teams. The Bears' football team did not do as well as the other teams in the conference and will probably not post any conference victories this year. The Bears' basketball season opened last weekend with a 90-76 loss to Stevens (Pa.) at the Macott Center. The Bears will try to record a win tonight against Wesleyan (Conn.) at 8:30 p.m. It is hoped that the Bears' basketball program will have enough points to reach the 750-point plateau this season.

The Student Athlete

By Liiz Callah

The sports at Bridgewater State are taken very seriously by their athletes. This is evident through the dedication of the student-athletes to their sports and degrees.

The Student-athlete ideology attempts to promote athletic and academic equality. According to Coach MacPherson, the philosophy of Division III collegiate sports is to entertain the spectators by giving the athletes a goal to achieve.

The Student-athlete ideology and the philosophy of the Division III student-athletes are in line with the competitive spirit. Therefore, the student-athletes are encouraged to promote their teams and participate in the competitive spirit.

Bears Business

By Mike Storey

We are now going into the last week of the intramural basketball season, and it also the last week of the sports programs for the fall semester.

For those of you who have been participating in intramural sports programs, we hope you have enjoyed the season so far. If you are still looking for something to do, there are still plenty of opportunities available.

For those of you who have already graduated or are not on campus, we hope you enjoyed the matches and games you were able to attend.

Curriculum Committee

As the Weekly Bulletin indicates, the subcommittee meets on Mondays at 5 p.m. in the Martha Dieckman Room, located in the Student Union Building. We welcome anyone of the College Community to these sessions.

The Subcommittee is working on the development of the program which was approved by last year's committee. Order Graduates, Recent Graduates, Upperclassmen, Lowerclassmen.

We hope to collect and disseminate data from surveys during the Spring semester. This information will be used to complete the budget. At the same time, we will be gathering information on national trends, data on our own BSC students and GFR statements from other state technical institutes.

Furthermore, the Subcommittee plans to conduct hearings with departments, student groups, administration and other interested persons. Anyone who wishes to schedule a particular meeting in a special topic, should contact me to arrange dates and time. I expect to designate specific topics for discussion at general faculty hearings.

We urge you to keep in mind that, at this point, our discussions are not concerned with what changes to make, but rather, with if changes should be recommended.

We invite all subcommittee members and Curriculum Committee discussions take place in open meetings to which faculty and staff are warmly invited.

Subcommittee members are myself, Milton Bredel, Robert Bouchier, Greg Coffey, Janet Stoy, Thomas Welch and Ann Byrnes (ex officio, chairperson of the Curriculum Committee) and students Judi Henry and Christine Quine.

The final meeting of the Curriculum Committee for this semester is December 12 at 3 p.m. in the Student Union Building.

We ask for a drop of water and He gives us an ocean. We ask for a grain of sand and He gives us a beach. We ask for time and He gives us eternity. How easy it is to fall in love with the gift and forget the Giver.

The Community at the Catholic Center wishes to all a Blessed Christmas. May your gifts be the Faith of Abraham, the Wisdom of Solomon and the Peace of Christ in a year filled with God's Blessing and Personal growth.
