Canada's Bear of Beers is Here!

Down from the North Woods of Canada comes Grizzly Beer. Not just another Canadian beer, but a rare breed of brew. An authentic Canadian lager—naturally aged, so it's remarkably smooth. With a flavor no other Canadian beer can stand up to. The bear of beers is here!

by Paul Foster

The list potential cancer-causing agents found in the food consumed by Americans continues to grow. The latest to appear on the radar is ethylene dibromide, also known as EDB. Foods and food products containing this chemical are being banned from store shelves throughout Massachusetts and other states.

On Monday, the Massachusetts Public Health Council (MPHC) began setting limitations on the amount of EDB in food. This follows the action taken by the Environmental Protection Agency, which had earlier banned EDB as a soil fumigant, and last Friday, banned the chemical from being used in grains and citrus products.

Many of the foods being banned in Massachusetts contain one part EDB per million, and must be labeled on the shelves of all stores by March 7. The products most affected by the chemical are cake, corn and muffin mixes, all made by various companies.

Manager of the Tillinghaus cafeteria, David Zoli, said he contacted his purveyor as soon as the problem started and was assured that all the food being consumed on campus by the BSC community was safe. He said that the BSC cafeteria to not use any of the products listed by the MPHC as containing more than one part EDB per billion.

The Custom Management Corporation (CMC), who oversees the cafeteria, uses General Mills products, which his company has only one product on the MPHC's list. "Concerned, but not too concerned," said Zoli.

GER REVIEW: How You Can Get Involved

by David Camire

The General Education Requirements (GER) sub-committee of the Curriculum Committee will be conducting a series of meetings concerning possible changes in the GERs. These meetings will be held at various locations all over campus and are open to all students and any other concerned individuals. Dr. Stanley Hamilton, chairman of the sub-committee, urges all interested parties to attend.

A survey of students, faculty, alumni, and area employers, in addition to researching the requirements of other colleges, produced a great deal of information which the committee will use to make their recommendations. A meeting will be held on Monday, February 21, at 3:00 p.m. in the Martha Craig Room in the Merrick Library.

Dr. Stanley Hamilton spoke to the BSA Senate on Tuesday, January 31, on the topic of student representation on the GER Task Force. After some discussion by the Curriculum Committee, it was decided that the representation was to be 60% students, 40% faculty. The final representation was 60% students, 40% faculty.

Dr. Hamilton urged the senators and executive board members to "pass the Ger's."

**LETTERS**

**Editor’s View**

There is an amendment that will be up for a vote to the Supreme Court which could mean the end for some students nationwide. It’s the ruling that’s been a major issue for the Supreme Court and a case that has been up for a decade. The lay public, including the press, may not be aware of this potential amendment, and as it stands, it’s very likely that this amendment could be approved by the Court. This is a very serious issue, and I urge everyone to be aware of it.

**To the editor**

This letter is in response to the editorial printed in The Comment on Feb. 2, 1984. Under the article “A Mistake Far More Serious than Customary”, Mr. DuPont discusses the “clarity” of the terms of the Massachusetts Benjamin Franklin Milton-Television and the late Kid Red.

To a bigger, more creative, more ambitious, more talented, and more photogenic and less ambitious writer.

I am writing to respond to the editorial in The Comment on Feb. 2, 1984, titled “A Mistake Far More Serious than Customary”. The editor, Mr. DuPont, has raised some important points about the terms of the Massachusetts Benjamin Franklin Milton-Television and the late Kid Red.

I disagree with Mr. DuPont’s assessment of the clarity of the terms of the Massachusetts Benjamin Franklin Milton-Television and the late Kid Red. I believe that the terms are quite clear and understandable, and that any ambiguity that may exist is the result of a lack of communication on the part of Mr. DuPont.

As the saying goes, “The heart of the matter is in the writing, not in the reading.” The terms of the Massachusetts Benjamin Franklin Milton-Television and the late Kid Red are clear and unambiguous, and any confusion that may arise is due to a lack of clarity on the part of Mr. DuPont.

I urge Mr. DuPont to reexamine the terms of the Massachusetts Benjamin Franklin Milton-Television and the late Kid Red and to make any necessary changes to ensure clarity and understanding.

Sincerely,

Heather Armstrong

**Want To Talk To The Shoemakers?**

It is apparent that much of the work that has been accomplished by the Shoemakers has been done in a small, lesser-known, and under-funded area of the university. It is our goal to bring attention to the work that we have done and to get the support and recognition that we deserve.

The Shoemakers

**The Comment**

Any persons interested in submitting a campaign letter for the upcoming elections may do so by mail. All letters are subject to review and may be published or edited for space. Letters must be typed and verified by the secretary before submission. Additional information on the election can be found in The Comment and the available resources.

**Roadwork**

**Straight From The Shoe**

There once was a Vice President named Bill Clinton. He defended his term in office by saying, “If you don’t like it, you don’t have to vote.” But then he was out of office, and the people didn’t like it. So what’s a politician to do?

Let’s get serious for a minute and talk about some important topics. First, we have presidential nominations. The average Joe or Jane doesn’t follow politics, so let’s make it simple. A resolution was passed at the Moscow Treasurers’ Meeting to make sure that the college has a role in the upcoming primaries. The resolution will be sent to the Student Government Association, and it will make the college accountable for the results.

This week, we’ll also be discussing the future of television. The college is considering a new channel to provide more programming. Let’s give a clean slate to the college. After all, it’s the college’s job to keep things running smoothly.

**This Week in PIRG**

By Bonnie Bowden

**Announcements**

**New Orleans**

**Washington D.C.**

The BSC’s Law School Advocacy Group is moving to Washington D.C. for the first week of Spring Break. The group will be attending to the Democratic National Convention and will be holding a conference in the nation’s capital. The group is excited to be there and will be sure to make the most of their time.

**E.L.S.**

English as a Second Language tutorial sessions are offered on Monday and Wednesday. Please see the notice board for more information.

**Oscar MacGuire Company**

The Oscar MacGuire Company in Bozeman, Montana, has been supplying the community with quality food products for the past 50 years. They have a long history of providing fresh, local, and organic products to the community.

**The Flower Patch**

4 Broad Street
Bridgewater, Mass.

**For Your Valentine!**

Roses $3.50 each

Flowers, arrangements, Fresh flowers for all occasions

**Choral Society**

The Choral Society of the Student Union House on Feb. 15 at 7:30 p.m. in the S.U. Dining Room. Admission is free.

**Oasis Notes**

**By Joyce E. Turnbull**

Oasis Notes is a weekly column that provides updates on all things Oasis-related. This week, we’ll be discussing the upcoming events, including the Valentine’s Day celebration and the spring break trip.

I want to take this time to announce a new initiative for the next few weeks. Our new feature, "Spring Break Specials," will be launching soon. We’ll be featuring special deals and offers from local restaurants and retailers to help you enjoy your spring break to the fullest.

Please stay tuned for more updates on Oasis Notes and our other exciting events.

**The Comment**

Mandatory meeting for all interested in going on the New Orleans trip must be attended. Please see the Student Organizations Room 3rd floor S.U. across from the S.G.A.

**"It Was 20 Years Ago Today..."**

By Pamela Mitchell

What comes to mind when you think about the Beatles? It could be the sound of their guitars, the melodies of their songs, or perhaps the black, white, and red uniforms of Liverpool's soccer team. Whatever it is, it's clear that the Beatles were a band that touched the lives of millions of people around the world.

The Beatles were a British rock band that formed in Liverpool in 1957. They consisted of John Lennon, Paul McCartney, George Harrison, and Ringo Starr. Their music was characterized by a blend of pop, rock, and beatlesque elements, and they are considered one of the most influential bands in the history of music.

The Beatles' rise to fame began in the late 1950s, and by the time they became famous in the United States in the early 1960s, they had already sold millions of records and had won numerous awards. Their music was a reflection of the spirit of the times, and it captured the essence of a generation.

The Beatles' influence can be seen in the music of many other bands and artists who followed in their footsteps. Even today, their music is still popular and enjoyed by people of all ages.

The Beatles were not only a band, but also a cultural phenomenon. Their music, their fashion, and their lifestyle all contributed to the cultural landscape of the time. They were a symbol of change and progress, and they helped to break down barriers and bring people together.

In conclusion, the Beatles were a band that changed the world. Their music continues to inspire and influence people around the world, and their legacy will live on for generations to come.

"It Was 20 Years Ago Today..."

By Pamela Mitchell

What comes to mind when you hear the Beatles song, "It Was 20 Years Ago Today..."? For many, it brings to mind the magical world of 1960s pop culture. But when the song was originally written and recorded, it was a reflection of the counterculture movement that was sweeping across the United States. The Beatles had the power to capture the spirit of the times, and their music and image became synonymous with the anti-establishment philosophy of the era. It was a time of change and transformation, and young people from all walks of life were seeking a way out of the conformity and restrictions of the past. The Beatles, with their music and their image, were a symbol of this new era. Their songs spoke to the experiences of a generation, and their music became a soundtrack for a movement.

**The Dark Lights Up The Rat!**

By James Magner

The Student Union Rath­keller always fills to capacity whenever a band takes to its stage—and last Saturday night was no exception. Every social butterfly and fanatical beer-drinker from the ESC student community was on hand for this one. The night was to be a special one, marked by the presence of two excellent bands—the Dark and The Rat!—and a special guest appearance by the band's lead vocalist, Jace Wilson.

The Dark is a local rock band with a reputation for high-energy performances and powerful vocals. Their music is characterized by a blend of rock and roll and punk, with a strong focus on themes of rebellion and social commentary. The Rat, on the other hand, is a more experimental band that incorporates elements of jazz and electronic music into their sound. Their performances are known for their atmospheric lighting and intricate stage designs.

The show was well-attended, and the crowd seemed to be thoroughly enjoying themselves. The Dark opened the night with a set of upbeat numbers that had the audience dancing and singing along. Their frontman, Jace Wilson, delivered a powerful performance, his vocals resonating throughout the room. The Rat followed with a more introspective set, their music weaving together elements of jazz and rock.

The highlight of the night was undoubtedly the guest appearance by Jace Wilson. He joined The Rat on stage, adding an extra dimension to the already-energetic performance. The audience was thrilled, and the night ended with a rousing encore that had everyone up and dancing.

---

**Elephant Man Presented**

By Scott Ewa

Last night, Thursday, February 9, The Elephant Man was presented in the Lecture Hall. It is a one-act play which deals very poetically with the life of John Merrick (the Elephant Man) and his physical deformities. It follows the progression of his life from his birth to his death. The play is directed by Bill Kadra and Bill Ratts, and it is presented as a production of the Student Union Entertainment Committee.

The Elephant Man is the story of a Victorian freak show performer who was born with a rare genetic disorder that caused him to have no arms and legs. His life was filled with torment and suffering, as he was constantly ridiculed and humiliated by society. The play explores the theme of dignity and respectability, and it reminds us of the importance of treating everyone with kindness and compassion, regardless of their physical appearance.

The Elephant Man is a timeless story that speaks to the human condition. It is a reminder that we should never judge a person based on their appearance, and that we should always strive to treat everyone with respect and dignity.

---

The exhibition, "The Life of the Elephant Man," was held at the Museum of Fine Arts, Boston, from February 9 to March 9. The exhibition featured a comprehensive collection of artifacts and photographs related to the life of the Elephant Man, including his birth certificate, medical records, and letters from his friends and family. The exhibition also included a moving video about the life of the Elephant Man, which was narrated by his son, Karl Warden.

The exhibition was well-received by the public, and it garnered a lot of attention from the media. It was a powerful reminder of the importance of treating everyone with respect and dignity, and it encouraged us to think about the impact of our actions on others.

---

The Dark is a local rock band with a reputation for high-energy performances and powerful vocals. Their music is characterized by a blend of rock and roll and punk, with a strong focus on themes of rebellion and social commentary. The Rat, on the other hand, is a more experimental band that incorporates elements of jazz and electronic music into their sound. Their performances are known for their atmospheric lighting and intricate stage designs.

The Dark was the headliner for the night, and they did not disappoint. Their set was a high-energy display of rock and roll, with powerful vocals and a driving beat. Their frontman, Jace Wilson, delivered a passionate performance, his vocals resonating throughout the room. The Rat, on the other hand, provided a more experimental set, their music weaving together elements of jazz and rock.

The highlight of the night was undoubtedly the guest appearance by Jace Wilson. He joined The Rat on stage, adding an extra dimension to the already-energetic performance. The audience was thrilled, and the night ended with a rousing encore that had everyone up and dancing.
BOB SMITH'S TRIVIA TESTER will feature two quickies this week due to the fact that one was not published in last week's issue. The Entertainment Editors apologize profusely for any confusion, inconvenience or stiltedness the omission may have caused.

J.B.I.P.D.

RULES
1. Prizes for solving trivia questions are two movie tickets to each winner which are good at General Cinema Theatres.
2. An entry must be received at the Comment office by noon on the Wednesday following the issue date. Only one entry per contestant. Contestants are eligible to win prizes in only one question per week.
3. There can be only two winners a week, that's all we can afford, so when there are more than two winners we'll have a lottery.

CONTEST NUMBER TEN ARE:

1 What is the distance between stakes in horseshoes?
2 What was Bonnie's last name? What was Capulet. 
3 Who is considered the Father of Scouting?
4 What was the root of these recordings by the Beatles?
5 What was the name of Xavieria Hollander? (Also used as the title of her best selling autobiography)
6 What was the name of Ebenezer Scrooge's dead partner in Charles Dickens' A Christmas Carol?
7 What is the nickname of Axl Rose? (Blackjack Merlot) 
8 What do the initials O.J. stand for in O.J. Simpson's name? (Not Orange Juice).

CONTEST NUMBER ELEVEN ARE:

1 What was one of the first sound pictures made?
2 What is the main character in the TV series Bewitched?
3 Which is the main character in the TV series Lost in Space?
4 What was the first successful color film?
5 What was the first successful color on television?
6 What is the name of a Christmas song written in 1947?
7 Who is considered the Father of Medicine? (Greek physician of 4th and 5th century B.C.)

CONTEST NUMBER THIRTEEN

1 What were the names of Dave Saville’s Chipmunks? (There were three of them.)
2 Bonne's last name? What was the name of Cindy's last name?
3 What is the name of a Dalmatian dog that is killed in the Disney movie 101 Dalmatians?
4 What was Columbus' first name? (Played by Peter Falk in the TV series "Columbo")
5 What is considered the "Father of Medicine"? (Greek physician of 4th and 5th century B.C.)

The Council on International Economic Development (CIED), the largest and oldest travel organization in the U.S. is offering free membership to employees who can help get the public or private sector employees to work overseas. Individuals who volunteer on personal projects of their choosing and provide the required travel for the opportunity to work overseas are eligible. To apply, contact the CIED website or phone 1-800-555-4321. The board has the power to select from the applications of members from around the world. We want to see a reaction from the people who are interested in this opportunity.

Tuesday the 9th

The Channel 35 Necco St, Boston 410-1989 - The central hub of the rap scene today, Grandmaster Flash and the Furious Five, on the wave of their recent hit, "White Lines (don't do nothing)", are expected to enter the local music scene bandwagon. The first show is an all-ages gig at 9:30 (for all you over 16's), second gig at 8:30, with the local band, The Bandwagon (heavily influenced by the Furious Five.)

Saturday the 11th

Chef's Last Call, Causeway St., Boston 573-9100 - Boston's hottest baking act, The Postman, is playing their first show in the area. The Postman is a garage band, built around a great drummer, Bubba Nolan, partially filled the hole in the local music scene left by the recent departure of the sweatpants and abstract punk band, Sound of Silence that parted ways with their mentor, The Postman, who left for good reason. Come and listen to the sounds of Bubba Nolan and his band.

The winners of contest number ten are:
1 David Brown
2 Colton, Bob
3 Hip
4 Napoleon
5 The Munsters

The winners of contest number eleven are:
1 Delaware
2 Colony, Bob
3 Hip
4 Napoleon
5 The Munsters

The winners of contest number thirteen are:
1 Dave Saville's Chipmunks
2 Bonnie's last name
3 Cindy's last name
4 Columbus' first name
5 The "Father of Medicine"

From page 4

Music '84 continued

have we seen so fast of a young male talent in years, has been a hit since the beginning. What was the name of the young male talent that started to become popular in the 1970's? (SR)
2. What was the first record to sell over 10 million copies in one year? (ST)
3. What was the name of the first song to reach number one in the United States? (SH)
4. What was the name of the first band to sell over 100 million records? (SH)

entrepreneur in this town who is a real sugar Daddy for the music business. He is the man behind the scenes who has been helping music acts for years-

Don't forget a flower for that special someone!
Wanted: Someone to Build A Better World

The Council on International Educational Exchange (CIEE), the longest-established travel organization in the U.S., offers an excellent opportunity to work overseas. As a volunteer instructor, you will be responsible for providing English-language education to young people from all over the world for more than 750 hours. The work is supervised by a local CIEE staff and provides you with the opportunity to live in a foreign country, experience its culture and make new friends. In order to apply, you must hold a baccalaureate degree and be able to work as an instructor in a foreign country. The position requires a commitment of at least one year.

For more information on the program, write or phone: CIEE, Employment Program, 110 East 40th Street, New York, NY 10016; (212) 686-1414, or (313) 832-4150, and ask for your local CIEE staff member.

The largest student travel organization in the world, providing students with the opportunity to learn as well as live in a foreign culture, is seeking volunteers for the summer 1984 season. The program offers students the chance to work in an area of their choice, such as teaching, business, or social work, and to live in a foreign country. Volunteers are needed for work camps, projects, and at the Society for the Preservation of Energy. For more information, contact CIEE, Employment Program, 110 East 40th Street, New York, NY 10016; (212) 686-1414, or (313) 832-4150, and ask for your local CIEE staff member.

For sale: 10 speed Raleigh bike, boy's 27" frame. Call 697-7090 early or late.

Roommates needed: Female roommate, 24, seeks 3rd roommate in apartment, $45 per week. Smoking. Contact Kristin Kessen at 697-3824.

For sale: 1973 VW Super Beetle. Good condition. $900 or best offer. Call 697-2730 before 5 p.m. or 947-6679 after 6 p.m.

For Rent: Single room available, bath, separate living room, kitchen, from campus $35 per week. Large silver bracelet. Lost somewhere in the Bur­ nell Blvd. Breastlace. Has sentimental value. Update on BSC Transit System

By Jeff Lowman

Bridgewater. On January 17th, 1983, the new Brockton Area Transit System (B.A.T.) controversially debuted at Bridgewater State College. Whether you are a commuter or campus resident, you may have noticed a new sign on the corner of State and Park streets. The sign reads "If stop sign on the north side of Shea/Durgin as a bus stop."

Jeparts bus. When told about the fee, there are no longer any complaints about the route that the bus takes. The a.r.m. schedule has been extended until noon. The p.m. schedule now starts at 1:00 PM. Going to be one of the other groups, there should be more riders.

I never used to use the campus shuttles travel. It is a good way to get to and from the Art Building on School Street. If you have a car, you can park in the transportation fee. If you don't have a car, you can use the BAT bus, which is a great way to get around.

If you want to use the campus shuttles travel, you can pick up or discharge passengers on the hill leading to Wood Hall, glee club, and WAMK radio station. The Bridgewater Update on Policy is now available in limited quantities in the Career Planning and Placement Office. It contains a wealth of information and tips on job search and interviewing. With a Future Career Advisor for Liberal Arts Students, How to Approach the Job Search, in depth looks at careers in insurance, financing, purchasing, and securities, and many others. Stop in for your copy!

To Bus or Not to Bus

Senior Rich Voce, a commuter from Brockton, "I use the bus extension to get to work, but I think it's a waste to have a bus running in the middle of the day between 12:00 and 4:00, because I and other students have to wait a few hours before being home. Nothing was accomplished in my last year here at Brockton. As a commuter from Plymouth, I say, 'Yes, I don't just benefit the students living in the area. It's a waste of natural resources; it's a tremendous money and social waste.'"

Sophomore commutes from Wareham, a commuter from Middleboro, when told he was paying a fee, he said, "I don't know why I am paying for it. I don't care. I can see how it cuts down on parking problems, but I don't care."

Junior Scott Ambrose, a commuter from Pembroke, when told that he was paying a fee, he said, "I don't know why I am paying for it. I don't care. I can see how it cuts down on parking problems, but I don't care."

Junior Evan Moodie, a commuter from Little Compton, says, "I've never taken it. I don't care more time for work."

Update on BSC Transit System

The Bridgewater State College Transit Service is now being reviewed. The 37th time has been extended until noon. The P.M. schedule now starts at 4:00 p.m. instead of 1:00 p.m. (Note please schedule included).

1. Lack of service between 10:30 a.m. and 1:00 p.m. We have received complaints about this service. This schedule has been extended until noon. The P.M. schedule now starts at 4:00 p.m. instead of 1:00 p.m. (Note please schedule included).

2. Snow Policy - If there is no snow there will be no additional service. All service is cancelled because of the school's snow policy. This will maintain service as long as is possible in an attempt to get people back to campus.

3. Great Hill Apartment Residents - The bus will no longer stop on Park Avenue at the Great Hill Apartments. This is a new route that will make the bus easier to follow. (Note please schedule included).

4. If a handicapped or elderly person gets on the bus, please do not get off at the curb, so they will be more comfortable as little as possible.

5. The bus to Brookline does not travel on Park Avenue. It departs from the bus stop sign on the north side of Beach Drive as a bus stop.

6. Currently, service will not be provided on holidays there are no classes scheduled, i.e., February 20, 1984.

7. There have been complaints about the route that the buses take and evening campus shuttles. A survey, specifically, the one that is taking place at that point on leaving Great Hill the bus goes to before leaving the parking lots. The survey is being advertised on the Student Union's board. It is stated that more riders are traveling from the Student Union to Great Hill, as well as from campus to campus. Therefore, the commuters are asked to please fill it out. (Note please schedule included).

8. If there are any questions about the bus schedule, please contact the Administration Building, Room 201.

9. The bus schedule is subject to change at any time. There will be no direct service to the north campus.

10. Please be seated if you are not under a lot of pressure, you will be more comfortable. (Note please schedule included).

News from Career Planning & Placement

Senior Rosie Veccio, a commuter from Brockton, "I use the bus extension to get to the bus station, and I think it's terrific because it allows me to be on time. I have to wait a few hours before leaving home, but even though I've been using it for most of my last year here at BSC, I always look forward to my commuter from Brockton. Yes, I don't just benefit the students living in the area, it's also good for everyday commuters like me." Don Johnson, a sophomore commuter from Medway, "I take the commuter from Brockton, I enjoy the bus extension to get to the bus station and it helps out a lot to go to the Brockton Bus Terminal rather than the Plymouth bus station." John Rose, a sophomore commuter from Brockton, "I'm just glad to see any type of transportation student reaction to the system has been strong and many people have mixed feelings about the BAT budget cuts. The new commuter and campus resident will enjoy the service and will appreciate it." The commuter and campus resident will enjoy the service and will appreciate it. Ladies Suffer Second Setback

By Joe Goodwin

The B.C.S.'s girls basketball team is still on a roll these days despite last Saturday's loss to Worcester State College. The Rams played away and lost by a 10-44 score. The girls field goals percentage, however, is at .424 and their overall percentage at 39%. The loss to Worcester State was the first loss of the season, since their first two losses was at home against Framingham State.

Two good players for the Rams were Donna McPhee and Lorraine Hickey, both of whom scored 10 points. Both showed enthusiasm and hustle. They could not, however, keep up to the pace of the Bears. Carleton Parish of B.C.S. scored 16 points, Judy Colt with 12, Lori Boyden with 10, and already mentioned Cathy Baker with 22 points. The Rams started the first half by winning the 100 point back. followed by Bernd and Bryan King finishing 3rd in the 100th Bear's stroke. Mike Pizzuto and Rob Lyon took 1st in the 100-120, followed by Saint Joseph's basketball player.

Girard

Men Plagued

By Joe Goodwin

Last Monday night, the B.C.S. Bears mens' basketball team was plagued by too many turnovers, losing to Framingham State College. The Bears were able to out the deficit points later on in the second half. The Bears, however, couldn't get back to the winning track. The loss to Framingham was the Bears' first loss of the season, since their first two losses was at home against Framingham State.

The Bears next home game will be held on February 14 against Westfield State College at 8:00 p.m. and their very next game will be at Salem State College on February 11 at 8:00 p.m. Good luck, Bears!

Thompson Self-Assertive

By Liz Cawil

Ray Thompson plays on both the Men's and Women's Basketball team. Recently, at the Padres Tournament, he was chosen for MVP on the Men's team. Not only is Ray Thompson an outstanding basketball player, he reflects the ideal: example of self-assertion. Thompson, feeling he lacks preparation for college, has and does participate in programs to gain his academic skills. Thompson is one of twelve students from Boston Technical High School in Boston who won a trip to Argentina for the Ray. According to Thompson, he was Boston Technical's basketball coach, but is now only trying the tennis.

Celtics: A Boston Tradition

By Douglas Benson

When looking at the Celtics, there really isn't anything spectacular about the team.

The General Manager is only one of the great men in the history of the National Basketball Association, and he has a minor league in the 1984-85 season. The Red Sox, the top five scorers in the nation. They this last Tuesday, has been the ideal example.

Despite sloppy mistakes, the Bears did play a pretty good game. The Bears were able to out the deficit points later on in the second half. The Bears, however, couldn't get back to the winning track. The loss to Framingham was the Bears' first loss of the season, since their first two losses was at home against Framingham State.

The Bears next home game will be held on February 14 against Westfield State College at 8:00 p.m. and their very next game will be at Salem State College on February 11 at 8:00 p.m. Good luck, Bears!

Thompson is one of twelve students from Boston Technical High School in Boston who won a trip to Argentina for the Ray. According to Thompson, he was Boston Technical's basketball coach, but is now only trying the tennis.

The B.C.S. men's swim team has broken the 1984 season's four out of five records last Saturday as they beat Holy Cross 269-70, Holy Cross was the first loss of the season. The Bears' first two losses was at home against Framingham State. The Bears were able to out the deficit points later on in the second half. The Bears, however, couldn't get back to the winning track. The loss to Framingham was the Bears' first loss of the season, since their first two losses was at home against Framingham State.

The Bears did play a pretty good game. The Bears were able to out the deficit points later on in the second half. The Bears, however, couldn't get back to the winning track. The Bears did play a pretty good game. The Bears were able to out the deficit points later on in the second half. The Bears, however, couldn't get back to the winning track. The loss to Framingham was the Bears' first loss of the season, since their first two losses was at home against Framingham State.
The B.B.C.'s girls basketball team is still on a roll these days, despite a last second loss to Western State College. The Bears played away and lost by a 10-8 score. The game sparked a record preseason winning percentage, however, of 32-24 and their fine record in the season continued in an away game, 78-71. Monday night's girls won another game, 17-47 over the Framingham State Bears. The girls really hustled on the court, as they came down with 43 rebounds. Framingham State player Betty Baker worked especially hard as she scored 22 points to pace the Bears to their victory. The Rams committed 27 turnovers compared to only 18 for B.B.C. Another main factor in the game may have been the field goal, as the Bears held to a 41% game total against only 37% for the Rams. At the half, the Bears were 31-34, leading by only 2 points. Last quarter started as the first two events in a row, and the Rams started to rally the game back to their winning form. They scored 16 points in the second and file, and F.S.C. scored only 2. The point total scored by the Bears in the second half was only one shy of what F.S.C. scored in the entire game. Two good players for the Rams were Donna McPhie and Lorraine Hickey, both of whom scored 10 points. Both showed enthusiasm and hustle. They could not, however, keep up to the pace of the Bears. Carlston Parker for B.B.C. scored 18 points, Judy Colquitt with 12, Lori Boyden with 10, and already mentioned Cathy Baker with 22 points.

The girls have a total of 813 points this season thus far. Their next game will be Saturday at Salem State College. The game will determine the All-Conference team. There will be a check at the door for the first 500 fans. We will see how they play against the key game of the season.

The B.B.C. men's swim team held its fourth straight last Saturday as they beat Holy Cross 48-35. Holy Cross took the first two events, but the Bears swept the 100 yard breast stroke and never looked back; they took 10 of 13 firsts.

Rich champagne started the meet by winning the 100 yard freestyle, followed by Normand and Bryan King finishing 2nd and 3rd in the 100 breast stroke. Mike Piotas and Rob Loyd led 1st in the 150 yard butterfly diving, with Grant qualifying on top spots, with Hayen, Grant, and Murphy finishing 2nd and 3rd. The Bears really didn't test the water in this event. Coach Thompson said: "We have not a few men out with the flu. This doesn't affect the outcome of the meet. He added 'the men's team will lead two team records and those men can't ask for more than that.' The men were swimming different events than our previous meets.'

The team is headed toward its best season, however, and its best is yet to come. This program sets up the season with its founding fathers when the high school was founded in 1928. The Bears are looking for the first All-Star season and just the overall best season. Coach Champagne isn't against Boston College and Salem State College

The Celtics are on the list of the ten best teams in the country. "When looking at the Celtics you really aren't anything spectacular about the team," says the General Manager. "This is only one of the greatest men in the history of the National Basketball Association, and he has a men's league championship under their belt at the moment." K.C. Jones, the coach of this team, has made the team into one of the best in men's basketball. The Celtics' regular season is a little better than that.

The Bears are able to cut the deficit 3 points later in the second half. The Bears didn't get their act together until the All-Star game, a game including All-Star players with Delaney and Larry Bird, the clumsy Kevin McMahon and 7'1" Robert "The (Fast)-Oaper" Parish. On this one-man team, the All-Star game all three players had a combined point total of 33.

The Bears did play a pretty good game, 34-25 at the half in favor of F.S.C. 800 p.m. The Bears were able to cut the forfeit deficit, 3 points later in the second half. The Bears owned the floor 12-11, but the Celtics were able to make the first 3 points of the second half. The Bears are able to cut the deficit 3 points later in the second half. The Bears didn't get their act together until the All-Star game, a game including All-Star players with Delaney and Larry Bird, the clumsy Kevin McMahon and 7'1" Robert "The (Fast)-Oaper" Parish. On this one-man team, the All-Star game all three players had a combined point total of 33.

Ray Thompson of Salem College is a basketball coach. Recently, at the National Basketball game, Thompson was interviewed by the New York Times for his success in coaching basketball. Thompson is a native of the Boston Tech basketball team. Not only is Ray Thompson an outstanding basketball player, he reflects the ideal: example of what the Bears did play a pretty good game, 34-25 at the half in favor of F.S.C. 800 p.m. The Bears were able to cut the forfeit deficit, 3 points later in the second half. The Bears owned the floor 12-11, but the Celtics were able to make the first 3 points of the second half. The Bears didn't get their act together until the All-Star game, a game including All-Star players with Delaney and Larry Bird, the clumsy Kevin McMahon and 7'1" Robert "The (Fast)-Oaper" Parish. On this one-man team, the All-Star game all three players had a combined point total of 33.

S.U.P.C. presents:
"A World I Never Made"
A lecture by novelist and civil rights leader.
JAMES BALDWIN

James Baldwin was born August 2, 1924, in New York City, the first of nine children, the grandson of a slave. He grew up in Harlem where his father was a preacher. From the age of 14 until 17, Mr. Baldwin was a child preacher at the Fireside Pentecostal Assembly. After graduating from high school, he held a variety of jobs to support himself while he began writing. At twenty-four years of age, Mr. Baldwin embarked on his first of many journeys back and forth to Europe—mainly to Paris. He now divides his time between a home in southern France and one in New York City.

Lauded as one of America's finest writers, James Baldwin has also gained international prominence as a leader and spokesman for the civil rights movement. Known mainly as a novelist, essayist, and playwright, Mr. Baldwin has received numerous honorary degrees, recognition awards and literary honors. He is a member of the National Institute of Arts and Letters.

College students expecting to summer employment are urged to read the following letter from the Scholarship Bank, signed by the director, Steve Davie. Please make sure that all students considering applying for aid this year realize the importance of sending in completed applications well in advance of the deadline.

To: All Students

The Scholarship Bank will send a questionnaire this week to all students interested in summer employment jobs and urges students to complete it. The deadline is June 30. Students will then be selected by the bank's central office for a position in the bank's summer employment program.

The Scholarship Bank is the largest organization in the U.S. devoted to finding private financial aid for students, and each year receives over 50,000 requests for such aid. According to the director, the bank supplies the work of the college's financial aid office by placing students in jobs such as bank tellers, mail clerks, and telephone operators.

S.G.A. SENATE VACANCY

The position is now open.

Senator Class of 1985

Nominations papers will be available on Thursday, February 29, 1984. Nominations will be made by S.G.A. office on February 29, 1984 at 6:00 p.m. Votes for this election will be announced at a later date, pending evaluation of the election contest.

Drunk Driving Conference

On February 13 and 14, the first New England Drinking Conference will be held at the Boston Center on drunk driving. The conference represents an unprecedented effort to coordinate research and education in the area of drunk driving.

The New England Governor's Committee on Highway Safety and Alcoholism is cosponsoring the conference. The committee, composed of state and provincial officials, has united to do something about drunk driving.

Why the reason is simple:

Name the Yearbook!

An opportunity to suggest a name for the 1984 yearbook is being offered to the S.B.C. student body. A prize of $100 in gift certificates to a senior sponsored event (example - Countdown Party) will be awarded for the winning name. Judges are the yearbook editors. Deadline is Monday, February 20, 1984 at 4 p.m.

Wednesday, February 29, 7 p.m. S.U. Ballroom
Tickets and information available at the Student Union Information Booth 697-1271

Tickets: $2.00 - BSC Community
$4.00 - General Public

Food Service

Available at Bullrill

Beginning Monday, February 8th, limited food service will be available in the Lounge Area at Bullrill Avenue Academic Class Room Building on a trial basis. Schedule will be as follows:

9:00 a.m. to 10:30 a.m. Coffee and Donuts
10:30 a.m. to 1:00 p.m. Subs and sandwiches

For Information Contact:
Drl. V. 999-8335 or 999-4212

Drunk driving is a national epidemic. According to figures from the National Safety Council, 6000 Americans die in alcohol-related automobile accidents each year.

Drunk driving accounts for the United States citizen twenty-five accident fatalities annually. This translates to about five, hundred deaths per day. Seventy-one people die each day, or one alcohol-related death every twenty minutes.

If you are a student at S.U. and you choose to drink, you're a participant in the problem. The solution is in your hands. Together, we can solve the problem of drunk driving.
Students: Apply Now for Financial Aid

College students expecting to work during the summer should call Professor D. Anne MacLennan in the Career Development Center, Room 108, to arrange for a placement interview. Those students who are interested in working in banks may contact her at 479-3919.

S.G.A. SENATE VACANCY

The following position is now open:
Senator Class of 1985

The library also has other consumer information pamphlets which are being made available in the library. Students interested in consumer information should contact the Business Office at 479-2200.

Drunk Driving Conference

On February 13 and 14, the first New England Drinking Conference will be held at the Sheraton Blair Hotel in Southfield, Rhode Island. The conference will address the problem of drunk driving in the Northeast and the role of the state governments in addressing it.

S.G.A. presents:
"A World I Never Made"
a lecture by novelist and civil rights leader.
JAMES BALDWIN

James Baldwin was born August 2, 1924, in New York City, the first of nine children, the grandson of a slave. He grew up in Harlem where his father was a preacher. From the age of 14 until 17, Mr. Baldwin was a child preacher at the Fireside Pentecostal Assembly. After graduating from high school, he held a variety of jobs to support himself while he began writing. At twenty-four years of age, Mr. Baldwin embarked on his first of many journeys back and forth to Europe--mainly to Paris. He now divides his time between a home in southern France and one in New York City.

Lauded as one of America's finest writers, James Baldwin has also gained international prominence as a leader and spokesman for the civil rights movement. Although he prefers to retreat from the public arena of the civil rights movement, many people, remembering especially his prophetic THE FIRE NEXT TIME (1963), name him a prophet. He has spoken passionately and eloquently before campuses of audiences urging recognition of the rights of all.

Known mainly as a novelist, essayist, and playwright, Mr. Baldwin has received numerous honorary degrees, recognition awards and literary honors. He is a member of the National Institute of Arts and Letters.

SGA Profile of the Week

Happy Valentine's Day from the Student Staff

Menu at Tilly and the Hill

SGA (from p. 12)

had just accomplished would have been a big help, but we couldn't use it.

Even with the majority of the student body, Peter Hartl, Staff Associate in Operations, believes that eventually everyone will be pleased with the system. He does believe that the entire student body, but especially the SGA, will develop positive side effects as well as it has increased mobility of the students, reinforced security, decreased the number of cars coming into Bridgegate, and ended congestion in the parking lots, allowing for more space for commuters. Hartl also says that it will serve the rest of the Bridgewater community and better relate with the town, which will develop, helping to stimulate the local economy.

Why turn this nice green campus into a concrete jungle? These bugs are intended to decrease parking more areas for parking. Some have noticed increases in lots of complaints and objections, but Hartl has talked to left with a positive view. Hartl, however, regret the lack of informants and the lack of public the about the system, which has increased the fees and the desire for expansion. Hartl also says that the system has increased the fees and the desire for expansion. Hartl also says that the system has increased the fees and the desire for expansion.

At the SGA meetings, we've increased the service by 10 hours, with the running total of 10 hours a day," explains Hartl.

As for the discarded students here at SBC, Hartl, Staff Associate in Operations, definitely believes that they are suffering presently, but he will be added exclusively for the students in the bridge, and the students will have access to the interested ones, and the interested ones will be able to find the interested ones. In closing, the average gas prices for the past four week are roughly $2.98, and $2.98 is available for $3.00 during the week. This is a good deal to take advantage of the situation.
SGA Profile of the Week

Wednesday, February 9, 1984

Happy Valentine's Day from The Comment Staff

 Jacquelin, a junior from St. Louis, Missouri, was selected as the SGA profile of the week. She is a member of the SGA's Student Senate and is involved in various campus activities. Jacquelin is currently working on a project to improve campus lighting. She is excited about the possibilities for the future and looks forward to making a positive impact on the Tilly community. If you have any questions or concerns, feel free to talk to her in the Student Center or contact her via email. We appreciate her dedication to making Tilly a better place for all students.
The Comment Thursday, February 9, 1984

CANAfDA'S BEAR OF BEERS

Canada's Bear of Beers is here!

Down from the North Woods of Canada comes Grizzly Bee'r. Not just another Canadian beer, but a rare breed of brew. An authentic Canadian lager—naturally aged, so it's remarkably smooth. With a flavor no other Canadian beer can stand up to. The bear of beers is here!

CANADA'S BEAR OF BEERS

Valentine's Day Issue

Presidential Censorship: Preservation or Paranoia?

by Kim Murphy

Many presidents, since Franklin D. Roosevelt, have sought to put limitations on the free press. Yet none have been so antagonistic toward the press as President Reagan. The secret file on the press is now a public record.

EDB at Tilly?

by Paul Fester

The list potential cancer causing agents found in the food consumed by Americans continues to grow. The latest is Ethylene dibromide, also known as EDB. Foods that contain this chemical are being banned from store shelves in Massachusetts and other states.

On Monday, the Massachusetts Public Health Council (MPHC) began setting limitations on the amount of EDB in food. This follows the action taken by the Environmental Protection Agency, which earlier banned EDB as a soil fumigant, and last Friday, banned the chemical's use on grapes and citrus fruits.

Many of the foods being banned in Massachusetts contain part EDB per billion. The ban only affects the states of all stores by March 1. The products most affected by the chemical are corn, corn and muffins, all made by various companies.

Manager of the Tiltons cafeteria, David Dool, said he contacted his purveyor as soon as the problem started and was assured that all the food being consumed on campus by the SBC community was safe. He said that the SBC cafeteria does not use any of the products listed by the MPHC as containing more than one part EDB per billion.

The Custom Management Corporation (CMC), which oversees the cafeteria's catering service, uses General Mills products. Its company has only one product on the MPHC's list. "Candidly Food," p. 19

GER REVIEW: How You Can Get Involved

by David Carreño

The General Education Requirements (GER) sub-committee of the Curriculum Committee is considering a series of meetings concerning the evaluation and possible changes in the GERs. These meetings will be held at various locations all over campus and are open to students and any other concerned individuals. Dr. Stanley Hamilton, chairman of the sub-committee urges all interested parties to attend.

A survey of upperclassmen, alumni, and area employers, in addition to researching the requirements of other colleges, provided a great deal of information the committee based their recommendations. A meeting will be held on Tuesday, January 31, at 5:00 p.m. in the Martha Amsterdam Conference Room.

Dr. Hamilton asked the SGA Senate on Tuesday, January 31, on the topic of student representation sensitive data as easily as by going to a public library and locking it up. The so-called "right to know" movement has sparked a new wave of controversy in the FOIA, or Freedom of Information Act. This Act, passed by Congress 17 years ago, was supposed to give the public the right to get information about governmental workings. But, at the same time it exempted from release con-
