Since the student trustee election last week, The Comment and WBIM's news department have been working on a joint investigation into the Athletics Fees Committee (AFC) and the SGA. The investigation, which was composed by an informed source who did not wish to be named, revealed some interesting facts about the AFC.

The investigation began on May 9, when the AFC met to discuss the budget for the upcoming academic year. The meeting was the first of its kind, and attendees were surprised to learn that the budget was not prepared by the AFC itself. Instead, it was prepared by the BSC Athletic Department, which then handed it over to the AFC for review.

The investigation revealed that the AFC was responsible for the budget, and that the SGA was not involved in its preparation. The AFC members were also found to be in violation of the SGA's rules, which state that the budget must be prepared by a subcommittee of eight members.

The investigation also revealed that the AFC had not held any meetings to discuss the budget, and that the members had not been provided with any information about its contents. The AFC members were also found to be in violation of the SGA's rules, which state that the budget must be prepared by a subcommittee of eight members.

The investigation concluded that the AFC had not fulfilled its obligations as a subcommittee, and that the SGA had not fulfilled its obligations as an incorporated student organization.

The investigation was conducted by a team of eight members, who were selected based on their expertise in the field. The team was led by AFC member Jeff Nummelin, who was appointed to the committee by AFC President Adrian Rondeau.

The investigation resulted in the disbanding of the AFC, and the appointment of a new subcommittee to prepare the budget for the upcoming academic year.
Editorial

As an open letter to the students of Bridgewater State College,

In the past year, or I have had the opportunity to visit the other student college newspapers in the State Student Association. Of these other papers, each has its own unique features, but in my opinion probably the most attractive.

The writing in this newspaper has reined the growth and the attention to a small rule. The college administration is taking steps to improve the campus in a spirit of professionalism. I am hoping that you will assist them in this endeavor by taking the time to keep the campus clean.

BSC is a beautiful campus and we students should take notice of this. This is also seen to be the most apathetic time of year as well. Inappropriately enough, the most important decisions affecting your college life are made from now until the end of the semester. There are several means worth around campus to show your attention. Areas that will be of more interest to you will be the new General Education Requirement (G.E.R.) program that may alter your core curriculum, the letters to the editor, and the activities of the student body.

There is a little boy from Bridgewater, who is being diagnosed with cancer. Simple requests is to your letter to the editor. Guinness Book of World Records for receiving the most letters to the editor. The Boy’s name is for our records.

What happens when you have to make your own decisions? Work hard to keep your priorities in the proper perspective and take time to enjoy the finer aspects of your education.

This also seems to be the most apathetic time of year as well. Inappropriately enough, the most important decisions affecting your college life are made from now until the end of the semester. Get yourself in gear and choose your issues and get involved or all your decisions will be made for you instead.

An analysis of the Associated Student Body elections and the potential impact on the Athletic Fee will be made by April 15th.

Carrie Kulick
Editor-in-Chief

As the semester progresses and graduation draws near, it’s easy to get overwhelmed by the Social Director, Career Director, Senior, Sophomore, or Freshman—feel free to insert any other appropriate money with our time. It seems to be the most pathetic time of the year, especially the more important students. The purpose of this letter is to encourage you to take the time to enjoy the moment and not let the stress of college life weigh you down. This is an opportunity to reflect on your achievements and remember what is truly important.

BSC is a place where students can enjoy themselves. Here are some activities to consider:

- Attend a live performance at the Atlantic Fit Trust Fund (AFTTF) for $7.00 on May 13 and 14.
- Attend an art exhibition at the Albany Art Center Library in May.
- Join the Krewe of Roustabout, which has a traditional masquerade ball and a parade on April 14.
- Attend the annual BSC Student Senate meeting on April 15.
- Participate in the BSC Student Government elections on April 16.

I hope these suggestions help you enjoy the spring season. Remember, you’re not just a college student; you’re a person too.

Carrie Kulick
Editor-in-Chief

There will be no paper April 8th.

From Monday, April 1 to Thursday, April 4 the Disabled Awareness Coalition, working in cooperation with the Disabled Student Services Office, will sponsor a variety of events aimed at increasing awareness, understanding and unity among students with various disabilities encountered by handicapped students. The program will feature a series of events such as a wheelchair mobility workshop, a lecture series, video presentations, question and answer periods, and a Dog demonstration.
The meeting was called to order. The minutes of the previous meeting were approved and the financial report read. The SGA submitted reports: Elections, Student Services, Forensics, Finance, Afro-American Affairs, and Student Media. The SGA was approved. The SGA is now a fully functioning SGA. The next two motions were added to the meeting agenda.

The session was held in the Decker Room of Student Union. The minutes of the SGA meeting were approved. The SGA agreed to hold their next meeting on Tuesday, March 26, 1985. The minutes of the SGA meeting were approved. The SGA agreed to hold their next meeting on Tuesday, March 26, 1985.

Introducing MEL KING

Melvin McPhail, son of the late Rev. Bishop King, was born in Boston, Massachusetts, October 23, 1932. He attended Boston State Technical High School and graduated with a degree from Claflin College in Orangeburg, South Carolina. Mr. King received a Bachelor of Science degree from Claflin College in Orangeburg, South Carolina. He also attended adult school in Northeastern University and the University of Massachusetts in Amherst.

As an educator, Mel King has held positions as a math teacher at Boston Public Schools and as instructor at Northeastern University and Boston University's Metropolitan College. In 1971 he joined the Massachussetts Institute of Technology as a Community Fellows Program. His first position was Associate Professor and Director of the Community Fellows Program. Mel King has been a vital force for over thirty years. Fifteen years were spent as a youth worker, an organization for the United South End Settlements. In 1967 he became Executive Director of the University of Massachusetts in Amherst.

The Maxwell Library presents the Lester Horton Memorial Speech, "We may have come on different ships, but we're all in the same boat now." This presentation is scheduled for April 4, 11:15-12:00 p.m., at the Media Library, 500 Massachusetts Ave., Cambridge. The presentation will be followed by the screening of the film "The Destiny of the People," produced in the Netherlands at the time of the Herero rebellion in 1903-1904. The event is sponsored by the Boston Bank of Commerce and is open to the public.

Apply for a Sears Credit Card now while you're still in school

It's easier to get a Sears Credit Card than you might think. You don't need a big bank account or a full-time job even or even a diploma. If you are a responsible person with the ability to pay your bills, Sears believes you deserve credit and will handle it with care.

Sears Credit Card gives you the freedom to charge your way. And Sears Charge Card offers you Sears Charge Card Insurance on major appliances and electronics. Sears Charge Card also offers Sears Charge Card Insurance for a $10 monthly fee.

Apply now for a Sears Credit Card for a free Sears Credit Card in your name. Sears Charge Card Insurance is good every one of them. This special offer is valid only for Sears Credit Card customers. Charges are always directly billed on your Sears Charge Card statement.

Apply now for a Sears Credit Card and you'll receive a Sears Credit Card in your name. Sears Credit Card Insurance is good every one of them. This special offer is valid only for Sears Credit Card customers. Charges are always directly billed on your Sears Charge Card statement.

For over 100,000 products and services at Sears, use a Sears Credit Card and you'll receive a Sears Credit Card in your name. Sears Credit Card Insurance is good every one of them. This special offer is valid only for Sears Credit Card customers. Charges are always directly billed on your Sears Charge Card statement.

' O Wretchedness'

By Tony DE

Contributing Writer

Author's Preface

This is, as the title indicates, a fantastic story. Here will transpire the story of a man who enjoys the company of others and who enjoys participating in activities that are somewhat twisted convictions.

The story begins with an introduction to a man who is in the midst of a journey. He is in a state of physical condition that is somewhat twisted. His mind is not entirely clear, and he is dealing with a situation that is beyond his control.

As the story progresses, we see the man's mind unravel as he tries to make sense of his surroundings. He is constantly in a state of confusion, and his actions are dictated by his emotions.

The story concludes with a reflection on the nature of human nature. It is a story about how we can be influenced by our environment and how our actions can be shaped by our desires.

Trivia Test

Rules

1. Prices for solving trivia quizzes are two movie tickets to each woman who is a Ph.D in Chemical Theorists.
2. All entries must be entered at the comment office by 2:00 p.m. on the Wednesday following the quiz. The winners must come in person or have someone come with them.
3. Comment employees must be able to verify the accuracy of the answers.
4. Contest is open to all students, except staff members, and faculty and students. All entries are to be submitted to the Comment office between the hours of 9:00 a.m. and 4:00 p.m.
5. All questions must be answered by the comment office by the end of the second day. The winners will be notified in the next issue of the Comment.
6. The personality with the most number of correct answers will be eligible to win the poster.

Contest Number Five

1. In 1983, Valentine's T. Whitney became famous. What did she do?
2. What airport is the bus stop at (moda twins and landing) in the U.S.?
3. Who sang the song 'Because the Night'?
4. What is the comment's real name? (Rhodes D. A. Y. Comment)
5. Two United States presidents have won Nobel Peace Prize. One was in 1979 and the other in 1980. Who were they?

There were no submissions for the trivia contest of March 4th. Thank you for your entries. You are invited to try again in the next issue.

Deep Purple reigns at the Convention Center for four sold-out shows this March. In fact, a Hall & Oates show was cancelled at the Civic Center to add the fourth Deep Purple show. I saw the shows at the Civic Center from the tenth row. It was an excellent show.

The editors and the staff would like to take this opportunity to thank John Bunyan, M. for serving as Education Editor for this edition. We would also like to thank our invaluable teller, Fred T. B. in helping us out when the ships were down. Best of luck in your future endeavors John. Thanks again.

Head

They performed many songs from their concert album Perfect Strangers today. Knocking at Your Door, Rumours, and The Life of a Perfect Stranger. For those who attended the old Deep Purple, there was Strange Kind of Woman, and extended versions of Perfect Day and Space Truckers.

The poster below shows the members of Deep Purple.

The poster was created by Bob Smith, who is a Ph.D in Chemical Theorists.

Purchasing Agent

This is the so-called student, a frantic story. Here's how to handle the story of a 70 year old man who won the Maine State Lottery. Stake, of course, is our own personal and financial condition.

One characteristic: is there not a number 3. An announcement was made that the man would not be seen on television for three months. He had seen himself at the hands of a television announcer. He considered his own situation as a crisis. What is a crisis? A crisis is a moment when you are most likely to lose your temper.

The announcement was made that the man would not be seen on television for three months. He had seen himself at the hands of a television announcer. He considered his own situation as a crisis. What is a crisis? A crisis is a moment when you are most likely to lose your temper.

"The Shape of the Church in the U.S." was the topic of Dr. David O'Brien, associate professor of history at Holy Cross College, Worcester, who spoke recently at the Catholic Center of Bridgewater.

Dr. O'Brien, a nationally recognized authority on the American Catholic Church and a frequent contributor to such journals as America and Commonweal, pointed out that while recent years American Catholics could be regarded sociologically as a strong subculture.

"As such it was especially susceptible to ethnic politics, offering them room, and a means of processing both their identity and setting limits," he said.

The church, he said, was seen as an institution of salvation and "it wasn't impossible, but it was hard to be saved outside the Catholic Center, or the Catholic subculture." He noted that in recent years American Catholics could be regarded sociologically as a strong subculture.

In the mid-60's, said O'Brien, "the church began to change." This was brought about by Vatican II, which altered the church's role in the social structure.

"The church was seen as an institution capable of saving its members, of providing them with the means of salvation," said O'Brien. "It was a point of departure for many Catholics." He noted that in recent years American Catholics could be regarded sociologically as a strong subculture.

"The church began to change," said O'Brien. "It was a point of departure for many Catholics." He noted that in recent years American Catholics could be regarded sociologically as a strong subculture.

In a discussion period following his talk, O'Brien declared that the Catholic Church is one of the most interesting and significant institutions in the world. "It's present where there's poverty and sickness, where in a minority and should be regarded as significant institutions in the world," he said.

"We support the church's change," he added. "It's important to realize that the church is changing. It's important to support and encourage the church's change." He noted that in recent years American Catholics could be regarded sociologically as a strong subculture.

Irish Night

Director of the Irish Studies Program at St. Bonaventure, Robert Asch, was the main speaker for the program. College’s 125th anniversary was celebrated in fashion by Dublin designer Deirdre Byrnes. Asch is head of the faculty since the College of St. Francis is the host.

Shaped by the Church

Development of the "first truly American Catholic parish," coming with the present growth of the parish, is a major accomplishment in the history of young families of ethnic Catholics who began their present-day community. The first Catholic administrator, John J. Kennedy, was the first Catholic president, and his Catholic administration ran the church of the "first truly American Catholic parish." The 3R's...Ribbon of Peace

By Pati Morkey Staff Writer

In the past two weeks many of BSC's students have broadened their mind horizons. Maybe you were running in Fort Landerdale, listening to a lecture, or eating lunch with friends. Whatever it was, you too were a part of the nuclear disarmament movement. In the past two weeks this movement, called the 3R's has taken a different approach. You can belong to this movement by getting your favorite three Rs and creating your own ribbon of peace. These three Rs are Rubber bands, String, and Pray. Rubber bands are used to represent nuclear power, string is used to show our intentions of war, and pray is to teach us to pray for peace.

The Ribbon of Peace is a project which has been going on across the country and even internationally. This project is to aid in having people show their intentions of war. The project started on May 15th when people from Fort Landerdale, different parts of the United States, and other countries decided to have a non-violent protest. They believed that something had to be done to prevent nuclear war. One way is to create a Ribbon of Peace. A Ribbon of Peace is anything that expresses your thoughts and feelings about nuclear war. The first step is to find out the nuclear disarmament movement and organize it. The next steps are to create a personal Ribbon of Peace and then send it to the leader of the 3R's movement. The idea is that people will learn to hope and pray for peace and stop the nuclear weapons from spreading.
This past week another point shaving and drug scandal hit the Clemson University basketball program.

Therott's point shaving scandal in 1979 was still a black mark against an athletic program when a former player in the point shaving scandal was convicted in a drug case.

The scandal began in 1979 when former player Roger Ruff was convicted of conspiracy to distribute cocaine. Ruff, who played for the Tigers from 1977 to 1980, was found guilty of participating in a scheme to distribute cocaine to other students and athletes at the university.

The point shaving scandal occurred in 1979 when the team was playing against the University of Virginia. The game was up for grabs after Ruff sank a three-pointer to give the Tigers a 53-52 lead with 10.3 seconds left on the clock.

Ruff was later convicted of point shaving and of conspiracy to distribute cocaine.

The point shaving scandal has been a black mark against the Clemson University basketball program ever since.

The Tigers were playing against the Virginia Cavaliers when the point shaving scandal occurred.

The 3 R's

Ribbon of Peace

The 3 R's of the Ribbon of Peace have been introduced to the University of Nebraska at Omaha.

The 3 R's are: Reflect, Remember, Respect.

Reflect: Take a moment to reflect on the past and what has been accomplished.

Remember: Remember those who have contributed to our successes.

Respect: Respect those who have given their best efforts.

By: Ruth Holland

Spring Sports-Looking Good

By Mike Smiley
Staff Writer

The Hoyas are going to have some fun this season. After what seemed like an eternity of inactivity, the Hoyas are finally back in the game. The team has been practicing for the past few weeks and is looking forward to the upcoming season. The Hoyas will be playing against some tough opponents, but they are ready for the challenge.

Hoyas, Wildcats Meet For NCAA Title

By Anthony G. Fagen
Sports Editor

In this year's Peach Bowl, the Hoyas and the Wildcats are set to meet for the NCAA title. The Hoyas, under the leadership of Coach Dean Belknap, have been practicing hard for this game. The Wildcats, coached by Coach Larry Brown, have also been working hard to prepare for this match.

The Hoyas have a strong offense, led by quarterback Danny White. The Wildcats have a tough defense, led by linebacker Ken Norton. The game will be a battle of two teams with strong individual talents. The Hoyas will need to rely on their team chemistry to come out on top.

The Hoyas are favored to win this game, but the Wildcats are not to be underestimated. The game will be full of excitement and drama, and fans of both teams will be cheering loudly. It will be a great game to watch.

Spring Sports-Lookin Good

By Mike Staley
Staff Writer

The Hoyas are up. Everyone's dream season with their two top players from either Florida or Tennessee. Both are making strides and are contending for the title. These two will definitely be the key to the Hoyas' season.

WOMEN'S SOFTBALL

The Lady Hoyas are off to a fast start (21-3) and are leading the NCAA tournament. From left to right, the first one is Janet Basista, who is Beaulieu's daughter. She is also a member of the national team. The next is Carol Clark, who is a sophomore. The last one is Amanda Mantle, who is a senior and has the most home runs in the nation.

MEN'S TENNIS

For the Hoyas, it's a different story. The team is currently ranked 10th in the nation and has a winning record (10-2). The team is led by senior captain David M. Davis and junior Rick Brounstein and George Trop. The team has won their last three matches under their belts. They are currently ranked 3-4. They will face the number one team on April 9th.

It will be the Patrick Fengel, college basketball player of the year for 1984, versus the Boston University basketball team. Fengel is looking for a second straight tournament championship.

Villafranca had 17 (4) on his 9-point total against Monsignor Stritch. Lee had 10 (4) on his 8-point total against Monsignor Stritch. Lee had 9 (4) on his 7-point total against Monsignor Stritch. Lee had 8 (4) on his 6-point total against Monsignor Stritch. Lee had 7 (4) on his 5-point total against Monsignor Stritch. Lee had 6 (4) on his 4-point total against Monsignor Stritch. Lee had 5 (4) on his 3-point total against Monsignor Stritch. Lee had 4 (4) on his 2-point total against Monsignor Stritch. Lee had 3 (4) on his 1-point total against Monsignor Stritch. Lee had 2 (4) on his 0-point total against Monsignor Stritch.

MEN'S BASEBALL

Fresh from their southern swing in Georgia, the Hoyas return to action on April 9th. The Hoyas are currently ranked 5th in the nation. The team is led by senior captain Mike Davis and junior Rick Brounstein and George Trop. The team has won their last three matches under their belts. They are currently ranked 3-4. They will face the number one team on April 9th.

MEN'S AND WOMEN'S TRACK

New track Ed Delgado has been very pleased with the contact between the Mathematical and L.A. Coach. Ed Delgado was contacted by Coach Linda Morse, who had been a member of the track team before. The contact between the Mathematical and L.A. Coach has been very beneficial.

WOMEN'S LACROSSE

The women's lacrosse team must certainly improve on last year's (17-7) record. The team is currently ranked 4th in the nation. The team is led by senior captain Mike Davis and junior Rick Brounstein and George Trop. The team has won their last three matches under their belts. They are currently ranked 3-4. They will face the number one team on April 9th.

CAREER FAIR

On Wednesday, April 10th from 1:00 to 4:00 p.m., there will be a CAREER FAIR in the Student Union Ballroom. The CAREER FAIR (not to be confused with "Summer Job Fair") will consist of representatives from over 50 companies, organizations, and agencies here for the purpose of informing the students of Bridgewater State College about their companies, jobs, and field of work.

STUDENTS—you will be DOING YOURSELF A GREAT INJUSTICE IF YOU DO NOT ATTEND THE CAREER DAY!!

ASK YOURSELF THE FOLLOWING QUESTIONS:

Do I know what I can do with my major in...?

Where will I be next year? (particularly seniors)

Am I interested in doing an internship next but have no ideas?

What kind of companies are involved in the type of work I am looking forward to?

If you find these statements confusing, or have any other questions about your career—THEN DO YOURSELF A FAVOR—TAKE ADVANTAGE OF THIS OPPORTUNITY!!!

The setting will be very informal. This is not a JOB FAIR (although you will have a chance to make some great contacts), this is a Career Information Day. Seniors may want to bring along resumes just in case.

Employers will be prepared to answer your questions, give you advice about your future, and are genuinely interested in meeting you. MARK THIS DATE ON YOUR CALENDAR RIGHT NOW!!

RAT TO CLOSE

By Kevin Drucker
Staff Writer

Where I come from, having a pub to frequent is an extraneous thought. The closest thing to a bar is the gas station. Now, imagine the thought: having a pub on campus! A place to decompress, to talk, to drink, to just relax. It's a concept that has been introduced to us through the pages of the Daily Trojan, which claims to have a "pub" on campus. What is this pub? Is it a bar? A restaurant? A place to socialize? The Daily Trojan has been trying to answer these questions for a long time, and now it has revealed a new development: the Rat.

The Rat is a proposal for a pub on campus, which has been circulating for the past year. The idea has been gaining momentum, with students and faculty expressing interest in the concept. The Daily Trojan has been covering the development of the Rat, and has even held a fundraiser to support the project. The pub is expected to be located in the Main Library, and is scheduled to open in the fall of 2021.

The Rat has been met with mixed reactions. Some students and faculty are excited about the prospect of having a pub on campus, while others are concerned about the potential impact on student life and campus safety. The Daily Trojan has been covering the reactions of both sides, and has been trying to find a balance between the two.

The Daily Trojan has been an active participant in the development of the Rat. The newspaper has held a fundraiser to support the project, and has even been hosting events at the pub. The Rat has been a source of pride for the Daily Trojan, and the newspaper has been working hard to make sure that the pub lives up to its potential.

The Daily Trojan is excited about the Rat, and is looking forward to seeing it come to life. The newspaper is committed to covering the development of the Rat, and will continue to report on the progress of the project. The Daily Trojan is confident that the Rat will be a success, and is looking forward to seeing it become an integral part of campus life.

The Rat is a project that has been in the works for a long time. The Daily Trojan has been covering the development of the Rat, and has been trying to find a balance between the two sides. The Daily Trojan is excited about the Rat, and is looking forward to seeing it come to life. The newspaper is committed to covering the development of the Rat, and will continue to report on the progress of the project. The Daily Trojan is confident that the Rat will be a success, and is looking forward to seeing it become an integral part of campus life.
