Music Major: Under Consideration

By Donna McNamara
WIBM Reporter
Special to The Comment

There are five academic departments at Bridgewater State College currently not accredited by major study. This means that one can not graduate from BSC with a major in the following degree programs: Communication, Media/Literature, Secondary Education, Religious Studies and Music. The music department has been the perennial problem, by asking students to fill out questionnaires. One response given by the majority of the students polled has been, they know or have of students who would have liked to major in music, but they have not asked. It is the student of all ages who are interested, should possess academic skills in writing, speaking clearly and effectively, have the ability to think critically and quantitatively, as well as the ability to listen and process information. The sub-committee took pains to talk to as many individuals who would be interested in the continuation of the GERs. They held thirty one open meetings. Enrolled many special topic sessions, and restricted survey of alumni, regional employers, students, and faculty. The proposal, submitted, would make a second English composition course necessary for graduation. Among other recommendations made was the idea that the student of all ages, should pursue in college, courses that were interesting, foreign languages and non-western cultures, including courses in creative arts, foreign languages and non-western cultures. What is specific, generic, and men's or women's. The proposal has been developed, to "reflect the rich mix and diversity found in our communities."

The sub-committee then asked the students what they would like to see in their major. This would be that a Writing Proficiency Examination be required in order to qualify for graduation. The current course policy with regard to testing out of classes would be retained. If this provides and encourages will designed GER, or just for the sake of the completion of the program. The proposal, at present, is in the process of being discussed at several open meetings of the Curriculum Committee. The proposal was discussed at the end of these meetings and the Curriculum Committee and they recommend to the GER Committee and it will return discuss and make their recommendation to President Johnstone and Dr. Riddall, who will make the final decision.

GER Proposals

At a full board meeting of the Curriculum Committee last Thursday afternoon, the Sub-committee on General Education Requirements submitted their report and recommendations concerning current and proposed changes in the GERs. The sub-committee was called by Chairperson Hamilton, Robert Johnson, who asked the Curriculum Committee to submit a report on the proposed changes and to make a final decision. The report was presented to the Board of Regents.

**MORNING TICKETS??**

Thursday night April 11th was just like any other Thursday night in Bridgewater State College. Many went to the Rat to relieve stress, and park it at Scott Hall parking lot and walk it to the Rat. After a few beers shared with good friends. I found myself slightly under the influence. I used to be a better judgment person and chose to get a ride home from a friend.

At 8:45 I went to the parking lot to retrieve my car and had noticed that at 8:36 a.m. I had received a ticket for parking in the lower lot. I was expressing the situation to the police officer in the lot when I was for in the parking lot and I should have been in the lower lot.

My question is what difference would it make for me to park in the lower lot at night. I

**MEMORIAL**

As you all know, we are in the process of developing the William Schmeidel Memorial fund. Bill was a star in the Sports Writing class and was planning to graduate with the class of 1986. He got along well with all of his classmates and was very popular among those he came into contact with. It is true that we all have known people who have shared their difficulties and that the result of those difficulties is tragedy. We all have to support each other during these times.

The preliminaries of the annual budget process that normally commences in the fall of each year have begun. In the last few weeks, the budget committee has heard about the many activities that student organizations have planned for the upcoming season. Meanwhile, the department has been planning for the needs of next year.

The department is proposing a budget of approximately $1 million for the upcoming year. This budget will include salaries for the department head, the associate head, and the assistant head. It will also cover the costs of buying supplies and equipment.

The budget process begins with the preparation of a budget proposal by the department head. This proposal is then reviewed by the budget committee, which is made up of representatives from the faculty and student government. The budget committee then makes a recommendation to the administration, which will ultimately approve or reject the budget.

The budget committee is currently reviewing the proposals of the student organizations and will make a recommendation to the administration in the near future.

Director Gravel announced that the SGA office has been improved (relocated to new and improved offices). The new office location will be open to the public at all times, and visitors are encouraged to stop by and say hello.

Old business concerned the final passage of twelve amendments to the SGA constitution as submitted by the Legislative Affairs Committee. The amendment involved changes to the elections process, and the motion was passed unanimously.

A new bill was introduced to the Senate to authorize the expenditure of $500,000 for the construction of a new Student Union building. The bill was referred to the Committee on Finance for further consideration.

President Gravel also announced that the SGA will be hosting a series of workshops on leadership and civic engagement. The first workshop will be held on October 1st and will focus on effective communication.

President Gravel expressed her gratitude to the Executive Board for their hard work and dedication to the success of the SGA. She reminded everyone of the importance of student involvement in the decision-making process and encouraged all students to get involved in the SGA.

The next meeting of the Senate will be held on October 1st, at 3:00 pm in the Senate Chambers.

What a show! U2, as much as you
had ever known, performed
three solid and unforgettable
songs almost without a
setlist.

"New Year's Day," the opening
song, was a perfect way to start the
concert. The crowd was
impressed by the sheer size of
the stage and the intensity of
the performance. "Out of the
Blue," the second song,
showed the band's musical
versatility and emotional
grange. "The Unforgettable
Fire," the third song,
displayed the band's ability
to create a sense of
urgency and
drama.

The back-up band consisted of
five musicians, including
bassist Adam Clayton, lead
guitarist The Edge, and
keyboardist Larry Mullen Jr.
The band's performance was
impressive, with each member
playing their part in
creating a cohesive
musical tapestry.

U2's political message
was evident throughout the
concert, with songs like
"Sunday Bloody Sunday" and
"Bullet the Blue Sky"
highlighting the band's stance
on social issues.

The crowd's energy was
incredible, with thousands
of people singing along and
cheering for each song.

The night ended with a
powerful encore of "One"
and "Where the Streets Have
No Name," leaving the
crowd in a state of awe and
admiration for the band's
talent and commitment to
their craft.

Overall, the concert was
a memorable experience,
proving why U2 is one of the

What a show! U2, as well as you probably knew, performed three sold out concerts last week at the Wiltern Center. I saw every concert on April 16th and really enjoyed it. Why? Well, first of all, U2 is one of the best bands around. They never fail to deliver a good show, and last week was no exception. Music fans love U2, and they never disappoint.

The band has been on tour for much of the past year, and their audience has been growing with each performance. During their last concert at the Wiltern, the audience was so enthusiastic that they even sang along with the band.

The Bridgewater State College Chorale Society has had a busy semester. Members of the group, including the Chorale Singers, performed at the Edward Valla. They performed pieces which included some early secular music in foreign languages. All music is performed without accompaniment. Members of the group include: Soprano, Marcia Berger, Michele Hober, Sara Travers, Clarice Gravel, Elizabeth Riggin, Claire Guin Sennott, Stuart Chardner, Lisa Pickett, David M. and Brenda Pickett, Kevin D. Yee, and Edward Vila.

In short, the Chorale and Chamber Singers also performed in concert with the new orchestra at Bridgewater College. Last weekend, the Chorale Singers took part in the Milton Performing Arts Series. By the end of the semester, the Chorale will perform with the new orchestra at Bridgewater College. The Chorale and Chamber Singers also performed for an audience at Stonehill College. In the future, we expect to see even more performances from these talented musicians.

In short, the Chorale and Chamber Singers also performed in concert with the new orchestra at Bridgewater College. Last weekend, the Chorale Singers took part in the Milton Performing Arts Series. By the end of the semester, the Chorale will perform with the new orchestra at Bridgewater College. The Chorale and Chamber Singers also performed for an audience at Stonehill College. In the future, we expect to see even more performances from these talented musicians.

Jazz Cats Prove Cool

By Timothy Dzwilniak Managing Editor

Jazz is alive and well here at Bridgewater, thanks to Dr. Vincent Johnson, the music department. On Friday, April 5th, The Vienna Gamma Jazz Band performed a major league jazz recital, which was an energetic audience in the Ballroom.

The performers were members of the college Stage Band, several soloists, and Dr. Johnson himself. Each performer generally accompanied all the others and braved the stage with preparedness that they were having fun! The performers contributed to the team effort as it is pumping out an incredibly energetic sound.

Some of the popular tunes performed included Dy-Ke-Ah, We're in the Money, Walkin', Stella, Stolen You, and Blues Around the Clock.

The Stage Band practices together once a week and uses a variety of different personnel in their instant groupings. The amount of personnel is not permanently defined itself in the well-supplied studio. Performances in the Stage Band, directed by Dr. Johnson, are Amanda Parker, Lydia Joyce, Doug Minto, David Wilcox, Joff Ross, Bob Barnett, Maureen Stiles, Ed Gun- nar, Steve Erhart, Lynne McCall, Sue Lanzoni, and Mike Ahlstrom. They all should be commended for their dedication and achievement in music.

For those of you who weren't able to attend this incredible jam session, fear not! The Vienna Gamma Jazz Band is planning to do it again on the RaRe on May 3rd. Mark this day on your calendar: for it is a cultural event not to be missed.

The Bridgewater State Associate for Instrumental, Recreational, and Ensemble Activities is planning a general meeting for all new members interested in joining the club. The meeting will be held in the Kiley Gym on Thursday, April 25th at 11:00 a.m. (free period) in S12.

The purpose of the B.A.R.S. is to present programs to stimulate student interest in instrument, recreation, and performance. In the past the B.A.R.S. Club has sponsored events such as the Music Makers Dinner Dance, Pottery Night, and softball and badminton tournaments. This upcoming meeting will provide students with additional information on how the club functions during the school year and what their duties are as a B.A.R.S. Nomination and what the B.A.R.S. Executive Board will also be taken at this meeting. The Board consists of two Co- Presidents (male, female) and a Secretary.

For more information you can contact either Mike Shane (Club Advisor) in the Instrument Building or Co- Presidents Ed Flaherty and Mike Ahlstrom. They are part of something "On the Move," a B.A.R.S.

Greenwell to Speak

Jazz is alive and well here at Bridgewater, thanks to Dr. Vincent Gannon of the music department. On Friday, April 19th, the Vince Gannon Jazz Band performed a major league jam in the Rathskeller to an enthusiastic audience in the Boudin. Among the performers were members of the college Jazz Band, several non-students, and Dr. Gannon himself. Each performer generously contributed all the others and beaming faces reflected that they were having a lot of fun! The performers contributed to the team effort in pumping an incredibly energetic sound. Some of the popular tunes the group blasted out included "Hey Jude," "Bird and Wind," "Bird/and," "Vince Bridgewater," thanks to Dr. Gannon, are Amanda Parker, Lydia Joyce, Doug Mistro, David Wilcox, Jeff Ross, Rob Barnett, Maureen Bled, Ed Gui, Steve Mars, Piers Hard, Lynn McCabe, Sue Lowes, and Mike Ahumada. They should be commended for their dedication and achievement in music.

The HERITAGE DAY Parade of Bridgewater State College surged off at noon this coming Saturday from the parking lot at Green Hill, and this year more student groups will be involved than ever before. Competing for the President's Cup Grand Prize and $100 cash, as well as other prizes, will be 18 floats from various student clubs, classes, residence halls, fraternities and sororities, and campus organizations.

In addition to all of these floats, there will be three bands -- including one marching band from Portsmouth, Rhode Island with 150 members all by itself -- and antique cars, fire trucks, horses and buggies, and more, says Andrea Kromlau, Class of '85, who is the parade coordinator.

Last year Andrea was part of the team from Pope Hall that won the President's Cup Grand Prize for best float entry. Here is a list of student groups which have already signed up for this year's parade:

Scott Hall
Pope Hall
Alpha Omicron Pi
Woodward Hall
S.A.M. (Society for the Advancement of Management)

Athletics
Chi Omega
Phi Beta Sigma
Alpha Euphonia
Kappa Phi Omega
Sigma Chi

Chase Class of 1987
Chase Class of 1988
On Tuesday, April 23, at 11:00 a.m., there will be a mandatory meeting for all groups participating in Room 30, Bogey Hall. Each group should send a representative to the meeting or call campus extension 1335 to make alternative arrangements.

"We've very grateful to the Student Government Association," says Mr. David Wilson, Director of Community Services, whose office organizes the parade each year. "The SGAs provide the bulk of the funding with considerable help from the College as well, to make this parade possible. It has become the largest college parade in New England. The idea originated with the SGA President in 1982, Bill Maloney, and the Student Government Board has been the parade's biggest boost." The parade will assemble at the Great Hill Parking Lot on Saturday morning, and proceed from Parade Marshal Don Lawrence, Jr., the SGA President, who will give the signal as SGA President. The parade begins here before and the parade will begin moving down Bayview Avenue. It will turn left on Portsmouth Road by Smather's right on Main Street. The parade then swings left on Route 18 (Bay Street) and heads toward the center of town.

The parade passes by the Town Common then heads down School Street by the Fire Station heading toward Bogey Hall. The official reviewing stand will be set up on the same side of Bogey Hall where the judges invited by the College will carefully look over each entry.

The parade winds on to the College Quadrangle, and at the parade's conclusion, an awards ceremony will be held on the steps of Bogey Hall, where the prize winners will be announced.

For more parade information, call the Community Services Office at campus extension 1335. Last minutes will be accepted for any student group who may wish to enter the competition.

man?

2) How do the New England Patriots
look to you this year, or do you still
think they’re a Super Bowl contender?

3) Who do you think will win the
Super Bowl this year, the Bills or the

4) By the way, the bickering between

Moakley on Financial Aid

Moakley, who is concerned with the nation's higher education, believes that keen intellects are a commodity arsenal of knowledge. It means more than the size of our education request which would be reduced to an acceptable national defense.

Our nation's problems require an understanding of our society. Rather than cut federal students that driving while drunk costs their lives. This, students, please don't drive if you are not drunk. It's warm enough now that you can walk to any of the bars around campus. Why drive and risk never being there again?

At any rate, our nation's problems deserve intelligent solutions. Cutting education budgets is not a solution.

Dear P.J.

Dear P.J.,

Three nights ago one of my friends was driving home after she never made it. From out of nowhere a car went around his path, creating the among friends. May we ever learn that the federal government's unwillingness to award more than $12,000 annually to any one student is obviously and undeniably no. If you have learned anything from all the discussion here, we have learned that the federal government's unwillingness to award more than $12,000 annually to any one student is obviously and undeniably no. The huge budget deficit in the past four years has nearly doubled our national debt. If they are allowed to continue at the present rate, this staggering debt could double again to nearly $32 million in the next four years. Without a doubt, some federal spending must be curtailed, particularly in the area of military spending which has gone from $54 billion in budget cuts in $287.7 billion for fiscal 1986. The increase from $54 to $32 billion is a huge debt, but not a huge debt. It can be shared from the budget without jeopardizing the national security.

With all the talk about maintaining a strong national defense, it came as a bit of a shock to me when President Reagan’s proposed fiscal 1986 education budget, which would cut $2.1 billion out of the nation’s highest education budget, was released.

The arm of national defense means more than the threat of nuclear war. It includes an arsenal of knowledge and a regrettably small number of graduates who are not condemned to mediocrity and mediocrity good and indeed, truly safe.

In this dangerous and rapidly changing world, bright and beautiful are a commodity that we cannot afford to lose. A bright and good education can only join with health and happiness to form a contented and secure life.

The白菜 was the time. I was, in fact, a student of the Department of Education, and I was, in fact, a student of the Department of Education.

Dear Fellow Education, I would like to remind students majoring in a wide variety of academic disciplines to make the most of their education.

The minor in recreation is an opportunity for undergraduates to gain greater insights, experience, and skills in human recreation and leisure services.

The minors in recreation, special education, and health education may be focused on a variety of teaching tracks.

GER Proposals

At a full board meeting of the Curriculum Committee last Thursday afternoon, the Subcommittee on General Education Requirements made recommendations concerning proposed changes in the GERs. The subcommittee, consisting of Chairmen Stanley Hamilton, Robert Bousfield, Judith Dickson, and Edward James, is to be reconstituted for their task in the next month. The recommendations made by the Committee to "reflect the rich mix and diversity found in our large community." The Subcommittee recommended that the general education program be based on the idea that all educated persons, whatever their career interest, should possess academic skills in writing, speaking clearly and effectively, have the ability to think critically and quantitatively, as well as knowledge of the basic language and information.

The subgroup took pains to make sure the impacts of the changes were discussed carefully and fully. In order to bring about such full discussion, they decided to make the changes in the GERs only after a full debate and discussion on the issue. At the final meeting, the recommendations of the Committee will be discussed and acceptable, and the GERs will be changed in order to meet the needs of the students and faculty.

Music Major: Under Consideration

By: Melissa McVay WRIM Reporter Special to The Comment

There are five academic departments at Bridgewater State College that are under consideration for inclusion in the GERs. These departments include English, History, Mathematics, Music, and Philosophy. The department of Music has been chosen as the one that is most needed by the student body. The department has been working hard to make sure that the students are aware of the changes and are able to take advantage of them. The students have been encouraged to participate in the department's activities and are welcome to attend any of the events that are being held.

The Music Department has also been working hard to make sure that the students are aware of the changes and are able to take advantage of them.
