ELECTIONS

During the hearing it was discovered that Kevin Hebert had voted twice, thus being a double dater. The attempt to get Matt Miskelly, of the MassPIRG, to throw his name in the ring was thwarted last Tuesday by the Elections Committee. However, this was not an SG A election. Election of the SGA executive board was successful, thus they can now make their moves.

All candidates for Senator at Large Rick Pelkey, Michael Volpane, Thomas Folley 111 and Edward Miller are up for votes. MenloPIRG, the public interest research group concerned with environmental and consumer issues, generated enough "public interest" to obtain a victory (465-1). This will allow them to hold the elections, and the $274,000 per station, if needed, "for the public welfare." STAM also received a majority vote (391-1). This tomen.

The court also pointed out that the Board of Trustees will approve of the one dollar per semester increase to the SGA fee. All to mention all of the other victorious candidates, however, shortage of space denies me such luxuries. The entire Comment staff extend their congratulations and best wishes to all those who took the time and effort to run.

WBIM Honored

By Mark Arvert Staff

WBIM, Bridgewater State College's radio station, was recently picked as the number one non-commercial college radio station in the United States by Atlantic Records. Music director of WBIM, Chronic LeFever, was notified of this by Joe Grant, who works for promotions of Atlantic Records. Atlantic Records, a major label carrying Alphaville, AC/DC, Phil Collins, The Police, Fania and many other great artists, rated WBIM as their pick his radio station because of its organization, format, playlist and compatibility. Because of the people who work at WBIM and the cooperation they have with record companies, the station was picked over larger more powerful stations, such as WABC. Other record companies, RCA, ABC, CBS, and Elektra have similar good things about WBIM. This means more than WBIM, in the eyes of the record industry, has gained a great deal of respect and should be recognized by a wide variety of people in the music industry. The SGA was responsible for the second work which led to the honor are Margaret Flaggery, Music Director Fall 1984, and Rondal Doughtrey, Program Director Fall 1984-1985. The SGA was a forum that integrated all varieties of modern music, From Pop/Dance to Jazz, Reggae and Blues. This format was used to introduce new music and concepts to examine many different types without a regular and predictable pattern. It drew in the younger fans and hipper music.

Post Audit Dissolved

By Michele Lombardo News Editor

CAST number 6-45, which has just been decided by the Student Senate, has dissolved the SGA Post Audit Committee. The committee was set up to investigate any and all charges of either the SGA Constitution, and it was just a matter of the seven members resign from or be removed from the committee. The Court also pointed out that the Post Audit Committee was "not properly constituted nor orga­nized," it further issued a peremptory writ and "it is hereby ordered that the Post Audit Committee does immediately cease and desist from exercising any rights or powers previously enjoyed by them."

Quirk Leads BSC

The American Forensic Association (AFA) District 4 Tournament, the most prestigious intercollegiate competitive speaking tournament, was held at Towson State University in Baltimore on April 12-14, 1985. Marjorie Quirk '85, a Speech Communication major, placed ninth in persuasive speaking. In order to qualify to attend, Ms. Quirk was asked to place in the top three at their large preliminary tournaments or win her regionals.

Students representing over 115 universities and colleges from the continental U.S. and 13 countries compete in 11 categories of speaking events. Those in attendance include UCLA, Berkeley, Air Force Academy, Penn State, Notre Dame, The University of Arizo­na, Texas, Colorado, Nevada, Washington, and Wausau.

Forensic team coach, Stuart Maltzky, of the Speech Communication Department said, "Margaret national style was well deserved. Her trophy represents hundreds of hours of research, practice, and competi­tion. In the finals round she performed flawlessly against students from universities ten times larger than BSC and a coaching staff of 10 or more."

This year was the first that students from BSC competed. Ms. Quirk was given a supplemental budget to help pay entry fees. It was a great gain in this important event.

Reflections

This letter is in response to the bloody beating the Student Government Association received on April 29, 1985. First, I would like to comment on the events. The violence that occurred on campus last week, by Mr. Christopher J. Harwood, was a violation of the rights of the students and an act of violence that should not have occurred. We cannot allow such behavior to continue on our campus. Violence is never the answer, and we should strive to find peaceful solutions to our problems.

Because the Executive Budget, which funds many student programs such as Housing and Residential Life, and the Yockobuck, was not completed before the spring semester began, there were budget hearings, and all of these studies were completed at the last minute. In addition, the budget hearings were held in a hasty manner, and they were not given the proper attention they deserved. As a result, the students were not well-informed about the budget, and they were not given the opportunity to express their views.

This is a sad situation, and I am concerned about the future of our university. The students have a right to be heard, and they should be given the opportunity to express their views. The university should not allow such behavior to continue, and they should be held accountable for their actions.

The university should take steps to ensure that such behavior does not occur again in the future. This includes providing training for students and faculty, and implementing policies that ensure the safety of all students.

Looking forward, I believe that our university can overcome this situation and move forward. We must continue to work together to ensure that our campus is a safe and welcoming place for all students.

Change of Mind

I must admit that I was in a rhetorical spin when I wrote my earlier letter. It was not on my position that I changed, but rather on the process of finding the truth. I now feel that my words were not as clear as they could have been, and I am sorry for any confusion they may have caused.

In general, I believe that the budget hearings were not conducted properly, and I regret that I brought attention to them in my letter. I now feel that I should have been more respectful of the budget process and was in fact one of many students who felt that the budget was not conducted fairly.

Sincerely,
Steve Lewis

Criticism Unjust

After reading The Comment, I must say that I disagree with some of the comments and the way in which certain issues were discussed. I believe that the students should have been given more respect and that their concerns were not taken seriously. The university should be more transparent and open about their decisions.

I must also add that I was not aware of the protests that took place on campus, and I only became aware of them after reading The Comment. I believe that the university should have been more transparent about these protests and how they were handled.

I believe that the university should take steps to ensure that the students are more involved in the budget process and that their concerns are taken seriously. This includes providing training for the budget committee and ensuring that the budget process is transparent and open to the students.

Thank you for your attention to this matter.

Reflections

This letter is in response to the bloody beating the Student Government of the Bridgewater State, as mentioned in the April 29, 1985 issue.

First, I would like to comment on a statement made by a student in the column "Things," by Kevin Deyer. Now I absolutely agree with the statement that this "dubious" behavior was allowed to persist by the SGA. We are, as a community, always on alert for any kind of behavior that may harm us. We worry about our security, about our future, and we worry about other issues that are not a part of the SGA's immediate responsibility. It is important that we recognize the flaws in the system we have created.

I would like to add that the "dubious" behavior referred to in the letter was not handled by the SGA, but rather by the Bridgewater State Police and the Court. The SGA is responsible for the enforcement of rules and regulations, not for the investigation of incidents.

Because the Executive Budget, which funds many student programs such as Housing, Food, and Transportation, was not completed in a timely manner, the SGA has been unable to address the concerns of the students. It is important that the SGA takes action to improve the efficiency of its operations.

The Student Government should have the authority to make changes to improve the quality of life for the students. It is important that the SGA takes action to address the concerns of the students.
Reagan Goes to Bitburg

By Kevin Dever Staff Writer

Forty years ago the United States, the United Kingdom, France, and the Soviet Union were born in one of the darkest moments of history. Amidst massive bombing and a horde of soldiers, a war was fought that defined a generation. As far as being a "bloody beating" I think it was much like "what the hell was that?". I didn't understand the international community at this time, I was only a few years old. As far as the Russians are concerned, I was not thinking of the cold war, I was just thinking that the world was in a mess.

As for making the statement, I think it was a statement of the United States and the Soviet Union. It was a statement of the United States that we were going to stand up to the Soviet Union.

As far as "internal problems" that the SGA has, I think it was a statement of the United States and the Soviet Union. It was a statement of the United States that we were going to stand up to the Soviet Union.

As far as "internal problems" that the SGA has, I think it was a statement of the United States and the Soviet Union. It was a statement of the United States that we were going to stand up to the Soviet Union.

As far as "internal problems"
Reagan Goes to Bitburg

By Kevin Dayer Staff Writer

Carrie Kulick Editor-in-Chief

As you can see, I made it through the week. I’m happy to say there was no sign of anthrax or anything at all against my mood of the week’s events. Letter to the Editor, I’m sure you’ve noticed, are very popular. The Political Science Department has produced a student political newspaper called Student Voice. It is a bi-weekly, in color, and is printed by the same printer that produces the school paper, the Post. I’d like to see more of these newspapers. If you don’t agree, I’d be interested in your opinion.

From an analytical point of view, which is usual, I have to say that this week’s political events have been quite complex. The President’s decision to go to Bitburg was not a simple matter. It involved a number of factors: the situation in the Middle East, the Soviet Union, and the situation in the world generally. Reagan and his advisors must have been aware of these factors, and they made their decision after careful consideration.

Iraq continued attacks on shipping in the Persian Gulf in its four year war with Iran. Squins is the shipping industry report that the war could last a year. The situation has become quite tense, and there are indications that the war may escalate.

The United States, the United Kingdom, France, and the Soviet Union have been working to find a solution to the crisis. A meeting of foreign ministers of the six countries was held last week in Paris. The meeting was not successful, but it did achieve some agreement on the need to seek a peaceful solution to the crisis.

A state department spokesman reported that Egyptian troops have been withdrawn from the border area between Egypt and Saudi Arabia. He also stated that the Egyptian military will continue to patrol the border area. The spokesman said that the withdrawal of Egyptian troops is a positive development, and it is hoped that it will lead to a further reduction in tensions in the area.

The situation in Nicaragua continues to be tense. The Sandinista rebels and the U.S. government are still at odds over the aid that the United States has been providing to the rebels. The United States has been providing military aid to the rebels, and this has been a source of contention between the two sides.

The Sandinista government has been facing a number of problems, including inflation, unemployment, and political instability. The government has been accused of corruption and mismanagement, and this has led to a loss of popular support.

In Poland, the Solidarity movement continues to be active. The movement has been demanding the right to free elections and the lifting of the state of emergency. The government has been cracking down on the movement, and this has led to a number of protests and demonstrations.

In Managua, the vice president has called the embargo a “moral burden” on Nicaragua. The embargo was imposed by the United States in an effort to pressure Nicaragua to cease supporting the Sandinista rebels.

In Beirut and Sidon, fighting continues between Christian and Moslem militiamen. Following the fighting in Beirut, a plea was made for a cease-fire. The government has been cracking down on the fighting, and it has been trying to negotiate a peace agreement.

In the U.S., workers around the world turned out to commemorate May Day. However, many of the demonstrations turned violent. In Poland, workers demonstrated, and in Portugal, protests took place. The government has been cracking down on the protests, and there have been a number of arrests.

The situation in El Salvador is also tense. A high ranking rebel commander in El Salvador surrendered to the government. He was wanted for his involvement in a number of acts of violence.

In Spain, there was a celebration in Kabul, Afghanistan. It is a well-known fact that the Kabul government is supported by the United States. The celebration was attended by a number of American politicians and military officials.

In Portugal, protests took place, and there were a number of arrests. The government has been cracking down on the protests, and there have been a number of arrests.

In Russia, the presidential elections are taking place. The incumbent, Mikhail Gorbachev, is expected to win re-election. Gorbachev has been in power since 1985, and he has been trying to introduce economic reforms and political changes.

In the Middle East, the situation continues to be tense. The situation in Lebanon has been particularly tense, with fighting between Christian and Moslem groups.

In the Persian Gulf, the situation continues to be tense. The situation in the area is complicated, with a number of countries involved, including the United States, Iran, Iraq, and Saudi Arabia.

In the United States, the situation continues to be tense. The government has been cracking down on a number of civil rights issues, including affirmative action and the treatment of immigrants.

In the United States, the situation continues to be tense. The government has been cracking down on a number of civil rights issues, including affirmative action and the treatment of immigrants.

David all of the spring tour of Italy. The tour was led by the department, who was assisted by the faculty members. Bridgewater State College spent four weeks in Italy, visiting cities such as Milan, Venice, Florence, and Rome. The tour included visits to the Vatican in Rome and the Capitoline Museum, as well as to other art museums which also house masterpieces of Western art. Of particular interest were the frescoes of Michelangelo’s Sistine Chapel, as well as the architecture of the Renaissance and the Baroque periods. The tour also afforded the opportunity to appraise many of the skills of the craftsmen. Highlights in Florence included a visit to Michelangelo’s famous statue of David in the Accademia and the treasures of the Uffizi, Italy visitable by special arrangement.

Five days in Rome allowed for visits to the Vatican and the museums, and the Capitoline Museum, as well as to other art museums which also house masterpieces of Western art. Of particular interest were the frescoes of Michelangelo’s Sistine Chapel, as well as the architecture of the Renaissance and the Baroque periods. The tour also afforded the opportunity to appraise many of the skills of the craftsmen. HONORS DAY HELD AT BRIDGEWATER STATE COLLEGE

Monday, May 6, 1985

Honor Day was held on Monday at Bridgewater State College to recognize students for their achievements and honors. The day included award presentations, a special assembly, and the announcement of new academic programs for the fall semester.

The day began with a special assembly at 9 a.m., where recipients of the School of Business and Economics Program were honored. At 10 a.m., recipients of the School of Humanities and Sciences Program were presented. At 11 a.m., awardees of the School of Fine Arts and Communications Program were honored. The assembly concluded at 1 p.m., and a special luncheon was held to recognize the awardees.

The day continued with a series of award presentations in the afternoon. At 2:30 p.m., awardees of the School of Education Program were presented. At 3:30 p.m., recipients of the School of Science Program were honored. At 4:30 p.m., awardees of the School of Music Program were presented. The day concluded with a special ceremony at 5 p.m., where recipients of the School of Nursing Program were honored.

The day also featured the announcement of new academic programs for the fall semester. These programs included the School of Business and Economics, School of Humanities and Sciences, School of Fine Arts and Communications, School of Education, School of Science, School of Music, and School of Nursing.

In addition, the day included the presentation of the School of Nursing Program, which recognized students for their outstanding achievements in the field of nursing. This program includes coursework in nursing theory, clinical practice, and community health, with a focus on preparing students for leadership roles in the field.

Overall, Honor Day was a successful event that recognized the achievements of students at Bridgewater State College and celebrated the diversity of academic programs offered by the college.

The Music Award is given to the student who has shown outstanding ability and achievement in the field of music. This year, the award was presented to Music Award recipient.
**Sports Bear's Business**

**By Mike Storey Staff Writer**

We now enter the homestretch. As the final week of school approaches (painful, isn't it), the deck is becoming more cluttered with papers. Your desk, your partner's desk, the walls, and the floor are pages of blue and red papers. These are the weeks that people must not only endure their work but also for some people, the end is near. They have to write their term papers, cooperate with one another, and manage the stress of the final exam season. These are the weeks that people hate the most! Not only because there are papers to be handed in, but for some people, namely seniors, the end is near.

About the time you pick up this paper, look for the brass plate in the front door of the head coach's office at Causeway Bnins. Bridgewater's true red and black letter can be seen on the door. The brass plate will look like this:

```
**THE BRIDGEWATER BRIDGEWATER**
**Bridgewater's true red and**
**black letter**
```

My prayers are with Charlie Sinden when he gets his name printed in a honor roll of PROFESSIONAL writing. Charlie is a popular Robert Gordon student who leads the team in this season. The women's Softball team is looking for a win over the Westfield State University. The Bear's Business staff predicts a 15-0 win for the Bear's Business. The team has been working hard all season and will be looking to make some noise in the MASCAC Conference. The Bears have gone 8-2 overall, and are looking to improve after such a slow start.

The Baseball team also has a big weekend ahead of them this past weekend when they played against the Salem State University. The Bears proceeded to win the 111 Division II Stonehill (8-2) and recently went 6-2 over the last weekend. The Women's Softball team is looking to keep their winning streak going. The Bears have a big weekend ahead of them this past weekend when they played against the Salem State University. The Bears proceeded to win the 111 Division II Stonehill (8-2) and recently went 6-2 over the last weekend. The Women's Softball team is looking to keep their winning streak going.

**Street Hockey**

By Roger Spring

In my hometown, it is many suburbs of Boston, street hockey is known as a winter sport. Each Tuesday and August 2 as holiday, the Odyssey Boys and Phil Exposition of the legendary Frosty, separated from a world that opened to centres of an easy place for their next five games. The men's Tennis team (3-6) lost to the Maccabees 7-2, and will be playing against the Lady Bears' on May 24th. We will salute you not because you are receiving your diploma. We now enter the homestretch. As the final week of school approaches (painful, isn't it?), the deck is becoming more cluttered with papers. Your desk, your partner's desk, the walls, and the floor are pages of blue and red papers. These are the weeks that people must not only endure their work but also for some people, the end is near. They have to write their term papers, cooperate with one another, and manage the stress of the final exam season. These are the weeks that people hate the most! Not only because there are papers to be handed in, but for some people, namely seniors, the end is near.
**SPORTS**

**From the Manager's Desk**

**Bear's Business**

By Anthony G. Fagnan

Sports Editor

We now enter the homestretch. As the final week of school approaches (passing, isn’t it?), the dash is becoming more critical with paperless. Your grades, as usual, will be reported on pages of local papers. These are the people who use the toys! Not only do you use what they do, but for some people they may mean life or death.

They have the final counts, saying that they have stated their opinions. They have done the honors of their training. They have done the books for both teams, awards, and so on. They have been their, their or they, and we, and they, and we.

We honor the seniors, managers, trainers, statisticians, and any who have contributed to the team. On May 24th, their honors will be a major surprise. This year’s surprise will be a major surprise. This year will be the greatest surprise of all time.

**Street Hockey**

By Roger Spring

In my hometown, as in many suburbs of Boston, street hockey was a dominate pastime. Each Autumn and Spring we held our tournaments to break into the spring world of the game. Amazingly, the tournament was run through the years.

The boys were involved in many different activities. The late 70’s and early 80’s was a time of life. Many people, my generation, were active in hockey. The hockey players were a dominant pastime.

Many of us have been involved in many different activities. Many of us have seen our fair share of fights and injuries during the games. Some of our fights were not the only ones that occurred. Some of our injuries were not the only injuries that occurred.

Sophisticated pedestrianism, and this is all Dr. Steven Sanders, professor of psychology. A native

of Miami, Dr. Sanders has been a member of the

Bridgewater faculty since 1971. His educational background

includes a B.A. and M.A. at the University of Miami, he taught his first
courses at 20 years ago for those of us who started at RAC's here at BCO. Dr.
Sanders then went on to complete his Ph.D. at the University

of Florida. As a part

of the Bridgewater faculty, he is the founder of the

Psychological Research Society and has authored numerous papers on

psychology and education. He is the author of over 50 articles and

books on the psychology of learning, and has received numerous awards

for his work in psychology.

His work in progress, according to Sanders, is a commentary on the

social science literature on media violence and technology. Sanders

is currently the editor of The Journal of Social Psychology, a

psychology professor at California University, and the director of

the national organization of psychologists.

Sanders's work in psychology has been recognized by the

American Psychological Association, and he has been awarded the

S. Leonard Award for the best work in psychology in the field.

Alawhle Sanders says his

aim is to create a society

where violence is not

encouraged. In fiction, he

finds the freedom that the
discovery of philosophy does not allow him. "Fiction deals

with your creation," says Sanders.

Sanders's work has been recognized by the American Psychological

Association, and he has been awarded the S. Leonard Award for the best work

RESUME PREPARATION

During my career in private industry I received thousands of resumes. The Personnel Department never even got to see them. Now, after 90% of them looked exactly alike, I don't tell you anything about the person. I tell you about the companies they don't have. So, no individual, no companies don't hire credentials; they hire people. Corporate individuals will interview interesting people. A resume that looks and sounds like everyone else's makes you look and sound like everyone else.

Vital Resources is a full service Marketing & Advertising Agency. With 15 years of experience in the field of marketing, I will help you with your resume that sets a potential employer who you are, call me.

I will tell you what the 60% of people I didn't hire had over the case that I didn't.

There are still spaces available for a weekend in New York (May 19-22). The cost is $85.00. If anyone is interested, please see Patricia McCarron, Social Vice-President of the Ensemble Thespians (947-9475). Phone required before April 30th.

Dear Struck: If you are a friend, roomate, or host of someone who seems to have bad eating habits? Do you suspect she may be heading toward anorexia or bulimia? A fellow student of yours, who is a recovering bulimic, knows and understands many of the problems you are going through and would like to share her experience with you and her recovery process. Meet with us in the Plymouth County Student Union on Monday at 8:00 p.m.

Summer Workstudies students are needed for Kasha Fresh Air Camp in Company. For more information contact Holly McCarron in Woodfill, ext. 2350.

ELECTIONS

By: Angela Spence

Election results are in. Kevin Bryan's hard campaigning has paid off. He has defeated incumbent Steven D'Clontes (415-130) and will be the next Student Trustee. The attempt to get Manuel DeJesus's name on the ballot was thrown out last Tuesday by the Student Court. They ruled that, since this was not an SGA election, the Student Court did not have the authority to give another name on the ballot. During the meeting it was discovered that Kevin Bryan had not turned in his nomination papers before the deadline. Even his name was also rejected.

Incumbent Dave Lawrence, John Baker, and Neville Loebeer each defeated tough opponents. While Bryan retains his position as SGA President, Mrs. President, and Treasurer, respectively. Former Election Director Dan Dyer was successful in his bid to gain the position of SGA Vice President, while Heidi Berry and Paula Dyer won positions on SGA Administration and SGA Security. In his speech to the new students, he stated clearly that his main objective is to improve the current facilities and services for students. Bryan plans on working closely with the SGA executive board to ensure that the students' needs are met.

WBIM Honored

By: Mark Avery

WBIM, Bridgewater State College's radio station, was recently picked as the number one non-commercial college radio station in the United States by Atlantic Records. Music director of WBIM, Chris LeFevre, was notified of this by Joe Grant, who works with promotions of Atlantic Records. Atlantic Records, a major label, is known for its promotion of independent artists and music. The station reportedly uses a unique format that includes a wide variety of music, from classical to rock, and is recognized for its support of local musicians.

Elections

By: Michelle Lombardo

The American Forensic Association held the Northeastern States Tournament at Tomson State College on April 12-14, 1985. The tournament was attended by over 100 universities and colleges from the continental U.S. and Canada. The tournament included 20 categories of speaking events, including debate, impromptu speaking, and humor. The results were announced at the awards ceremony held on April 15, 1985. Priscilla Quirk was the best speaker in the impromptu speaking category and the best debater in the humor category. Priscilla Quirk's well-researched and humorous presentation on the topic of "Why People Laugh" clearly demonstrated her talent and promise as a future debater.

Quirk Leads BSC

The American Forensic Association Individual Events Tournament, the most prestigious intercollegiate tournament in the country, took place at Tomson State College on April 12-14, 1985. The tournament was attended by over 100 universities and colleges from the continental U.S. and Canada. The tournament included 20 categories of speaking events, including debate, impromptu speaking, and humor. The results were announced at the awards ceremony held on April 15, 1985. Priscilla Quirk was the best speaker in the impromptu speaking category and the best debater in the humor category. Priscilla Quirk's well-researched and humorous presentation on the topic of "Why People Laugh" clearly demonstrated her talent and promise as a future debater.
