Graduating seniors... get the credit you deserve at BayBanks.

Soon you’ll be graduating, and BayBanks would like to get you started with your first auto loan.

The First-Time Borrowers Program. BayBanks has created a First-Time Borrowers Program, a convenient way to establish credit and buy something you really need — a car.

Under this program, BayBanks has developed special credit criteria that make it easier for you to obtain an auto loan.

Qualifying for Easy. Just answer the following questions:

Are you a graduating college senior who has accepted a full-time position in New England?

Can you provide written verification from your future employer that you will begin work within 60 days of the date you purchase the car?

If you answer “yes” to both of these questions, you may qualify as a First-Time Borrower.

The Smart Way to Borrow. In addition to being a great way to establish credit, a BayBanks First-Time Borrowers loan is an intelligent way for you to honor. You will find our interest rates competitive. You can select terms that will help your personal financial situation, and you can choose your own payment dates, which makes your budgeting easier. And, as a First-Time Borrower, you can delay your first payment for up to 90 days from the date you purchase the car.

Applying is Easy. To apply, just call the BayBanks Loan Line, dial yourself as a First-Time Borrower, and provide the information requested. You’ll know if you’re approved.

If your future employment plans are unset-tled, call your BayBanks Loan Number, listed below, and apply when you accept a job.

Banking Convenience. In addition to providing auto loans, BayBanks can service all your personal financial needs. We now have over 200 full-service offices and over 700 24 Hour automated tellers located throughout the state for your banking convenience.

Call the BayBanks Loan Office for details and a convenient appointment on BayBanks services.

What is the BSC SGA?

The Student Government Association at Bridgewater State College consists of thirty-nine full-time elected students who work on issues that concern the students. Each and every full-time student that attends BSU pays a fee of over twenty dollars to the SGA Trust Fund. This is the only student fee that we as students have a say in, as to its spending, through our SGA representatives. The SGA consists of an elected Student Government Assembly, elected Executive Officers, and an appointed Student Court.

The SGA has both the duty and the privilege to serve the students and oversee all student clubs on campus. The SGA General Assembly meets weekly during the academic year to discuss issues that concern students and plan events for the whole BSC community to enjoy.

During the past year, the SGC has worked with the Community Club to sponsor a variety of events on campus. The SGA is a group of students who strive to bring the students to the best of their ability. SGA only works if students get involved. You can play a part of the SGA. Look for announcements regarding nominations and elections in the Comment in September.

What is the BSC SGA?

The Student Government Association at Bridgewater State College consists of thirty-six democratically elected students who work on issues that concern the students. Each and every full-time student that attends B.S.C. pays a fee of twenty dollars to the SGA Trust Fund. This is the only student fee that we as students have a say in, to do in spending, through our SGA representatives. The SGA consists of an elected Student General Assembly, elected Executive Officers, and an appointed Student Court.

The SGA has both the duty and the privilege to serve the students and oversee the student clubs on campus. The SGA General Assembly meets weekly every Tuesday night in the third floor council chambers in the ARCC to discuss issues that concern students and plan events for the whole BSC community to enjoy.

During the past year, the BSC SGA, under the leadership of President John J. Beaton Jr., sponsored and organized a successful voter registration drive and also took action to improve student safety and security on campus. Following a number of resignations, including that of President Beaton, at the close of the fall semester, a new SGA President, Dilip DeSilva, was elected. During President DelSilva's term of office, the SGA sought solutions to continue parking problems and found new revenue sources such as可用于提高学生的观感。

WBIM 85.5’s own radio station

This music, news and production staff at Bridgewater State College’s own radio station, WBIM, would like to make this opportunity to introduce you to the station and invite you to join our team. WBIM is a student run radio station at FM 85.5 on the dial, which features new and progressive music. We also have a news team, a sports department, and the highly acclaimed Sunday talk show It Must Be Sunday hosted by Chris Cline. In the past we have sent representatives to national conferences on the field of media, and we are always ready with tickets given away to clubs and concerts to keep us all up on the newest music.

WBIM offers you an excellent opportunity to get the real experience of becoming a DJ or the back room experience of dozens of media jobs. Whether it’s writing a music station, you can get actual hands-on training in music for a professional career. WBIM broadcasts every day during the school year, its format is keyed to progressive music coupled with exciting specialty shows. WBIM airs a variety of shows, including newscasts, talk shows, music, and specialty shows.

When my friends and I graduated from high school, we all took part-time jobs to pay for college. They ended up in car washes and hamburger joints, putting in long hours for little pay.

Not to mention my monthly Army Guard paychecks. They add up to more than $11,000 over the six years I’m in the Guard.

And if I take out a college loan, the Guard will help me pay it back — up to $1,500 a year, plus interest.

It all adds up to $18,000 — or more — for college just a little of my time. And that’s a heck of a better deal than any car wash will give you.

Some years ago, there was a very popular radio and television show in the United States called "This Is Your Life." Its host, the amiable and popular Ralph Edwards, and the theme of the show was quite unique: an audience member would be surprised by an audience member with someone's life story. The audience was usually a family member, or a close friend, or a relative, or a long-lost brother, sister, etc., and on and on. The audience was usually a father, mother, brother, sister, or close friend of the person. Who, in some way, had influenced or had been influenced by the host, and his story was usually surprising to his life. It is my understanding that currently, the show is among the top three network shows in Great Britain.

If I were to describe the field of Psychology and its many and varied activities, the Psychology Club of Caldwell State College, it would be to suggest that you that "This Is Your Life." It is your life in various and many respects. The work, the education, the people, the friends, the parents, the family, the partners, the children, the friends, the relatives, the relatives, the friends, the relatives, and on and on. Who has influenced or has been influenced by the host, and his story was usually surprising to his life. Not me. My job takes just one weekend a month and two weeks a year. Yet, I’m earning $18,000 for college.

Because I joined my local Army National Guard.

They’re the people who help our state during emergencies like hurricanes and floods. They’re also an important part of our country’s military defense.

So, since I’m helping them do such an important job, they’re helping me make it through school.
Opportunities abound around the Yearbook

You’ve finally made it. You’re a senior in high school and a pretty big man (or woman) on campus. You’re a problem here and the man captains, probably involved in student government, and in your spare time you manage to make the honor roll. There’s more, too. You’re one of the seniors off the kids’ list, and she likes you because you’re pretty good with a camera. You know everybody at your school, and more importantly, they know you.

Soon, you graduate. Then, in the fall, you’ll be attending Bridgewater State College and everything in your life will be turned upside down. Some of your friends will be there, of course, but something isn’t the same. You’re about to meet people from all over the country, people who talk about their experiences, people who share their dreams.

One place you may not expect to be welcomed is the Yearbook Office. You may acquire a new role of English and Communication Major or find yourself working for a publication. It’s a bit of a change, but somehow it won’t be the same.

There will be so many other people in all those classes—it really can’t be enjoyed. Your friends will be there, of course, but everybody at your school is new. In the fall, you will know everybody at your school, and you will have a great summer!

The intercollegiate varsity sports program at Bridgewater State College encompasses a wide range of twenty different sports for men and women. This program has been developed to meet the needs, interests and capabilities of all students at Bridgewater. It is a vital part of the total collegiate experience.

The teams compete under the umbrella of the National Collegiate Athletic Association (NCAA). In addition to folding teams in Division III of the NCAA, Bridgewater State College is a member of the Eastern Collegiate Athletic Conference (ECAC), and the Massachusetts State College Athletic Conference (MASCAC).

Student Services to help commuters

As the school has grown over the last twenty years, commuter problems have also grown. The administration has done its best to deal with commuter issues, but it is a difficult process.

The Office of Student Services has announced plans to deal with commuter problems and issues.

At the present time, Milbrick is working on plans to "open up commuters to meet the students who have to offer them.

"There definitely are problems," said Milbrick. "and we must deal with them. We're looking for the input of all commuters, both the new class, and those people returning in the fall.

Over the next few weeks, Milbrick hopes to establish a Commuter Student Association, which would meet as a group to discuss various problems and what can be done about them, and to possibly set up programs aimed specifically at the 4,000 commuters who travel BSC.

Milbrick would also like to create a commuter newsletter desig- nated to communicate to students what services are offered to them, and to disseminate other information pertinent to commuters.

Further, Milbrick is committed to developing a commuter organization.

"They would be someone commuters could identify with," said Milbrick.

The incoming class is the target of this program, and Milbrick hopes that by the time they graduate, the program will be fully established. If you have any comments, questions or suggestions, Mr. Milbrick can be reached in his office in BayBanks.
