A scruffle at the half, but the Bears go on to win 23-0 page 10

社al welfare minor announced

By Mona McNealy

Upon returning to BSC this fall, students found that many changes took place over the summer. Three changes included additions to required minors. What does this mean to students? It means that the department of Social Work is assessing a minor in Social Work. This is a minor for all majors; it is in place to promote a clear understanding of the human services field and how one functions in it. Social Work has been an independent major since 1977. However, there has been a part of the Department of Sociology that could not, however, provide any information about the book on the door.

Other maintenance personnel aware of the damage stated that the book was falling apart after a few days. They said that it was a routine thing. Pettit will be shipping the Dallas book to BSC for them to get the yearbook complete.

Congress losses four; gains one

On Thursday, November 19, the United States celebrates its own harvest, the Thanksgiving meal, and the international organization Oxfam America celebrates its annual day of "Fast for a World Harvest." This event, held on November 19, every member of the community is invited to fast for one meal in order to help combat world hunger. This year, the event will be held on November 19, and will be sponsored by the United States Department of Agriculture and the World Food Program.

The event will include a symbolic meal, in which participants will be asked to donate the cost of their meal to those in need. The money raised will be used to purchase food for those in need, and will be distributed to those in need through local food banks.

The event will be held on November 19, and is open to all members of the community. Those interested in participating should contact the United States Department of Agriculture or the World Food Program for more information.

The event is open to all members of the community, and is a great way to help those in need. Please consider participating in this important event.

**Meal - less meal planned**

On Thursday, November 19, 1987, the American celebration is annual day of “Fast for a World Without Hunger.” This well known organization is an international agency that funds food and development projects and disaster relief. The American Farm Act for a World Without Hunger was part of the struggle of the poor and hungry around the world. Fast for a World Harvest is held on Thursday before Thanksgiving, a time when people in the United States traditionally celebrate with family and friends.

Carson Taylor was not pleased with the mailings of the problems with the codes. “The flight time of the services we needed and wasn’t race, and the feasibility of its targets and decoys to confuse the computer programmer can do lines of ‘perfect’ work in a computer system is vulnerable to disaster in the sense that SDI’s Star Wars plan has numerous flaws. Black 17 million dollars and anti-satellite defense plan which depends solely on computers. The Comment Thursday, November 19. The food service will donate the cost of the meal to Oxfam. Editorial:

Every week, a year twice, Bridgewater students face the challenge of registration. This semester, registration began Monday, November 9 and was made available online on November 5, which was actually a day earlier than usual. It was a situation available for planning, but only for students who, five days before the start of classes, really couldn’t afford any problems with their class schedule, it could be a nightmare. These students, filling up all the available spots, had to rely on their speed and luck to resolve their problem for all students, but for members of the class of 1988, who really can’t afford any problems with their last semester schedule, it could be a nightmare. These students, filling up all the available spots, had to rely on their speed and luck to resolve their problem.

GEA’s statement, that one course can’t go without a five-word description, is a student supported and operated weekly newspaper classified advertisements, all materials submitted become the property of the student, and all other written materials are subject to the editing director’s discretion. Within this registration period to have space in your ads, all materials submitted for space in your ads, all materials are subject to the editing director’s discretion. (saying that the course name is among them, work out alternative schedules, fill all the necessary papers, and fill them out, in all due time until the week before. Before then to find out how much additional space that time, the Ads Department has been advised to submit work sheets to the publisher. [Their] deadlines before meeting with their advisors. If you have questions that need to be answered, they are to arrange to meet and work together before registering for the course and what about those new Management Science majors.

By Bill Bidalas

In accordance with the new Bridgewater State College Catalog, the BSC bookstores will be expanding in March of this year. As a separate gift shop and self-service photo kiosk area. The way this will be accomplished is by purchasing the building into what is now the Comment and yearbook offices. When this happens, The Comment will move into the new space the Comment will be in.

In accordance with the new Bridgewater State College Hours Policy, the BSC bookstore will be expanding its March hours to include Saturday hours. Students will no longer need to wait until Monday to get their textbooks and other supplies.

Some of the items that will be available on Saturdays include textbooks, stationery, and general supplies. The store will be open from 9 a.m. to 5 p.m. on Saturdays, except on holidays.

Help fight local hunger

To the Editor:

I worked two jobs to cover the gap between my bill and my financial aid award. It was also said that with such a large amount of replication being processed, it is sometimes hard to tell exactly where the money was going. I walked out of the office upset. How could I tell that the financial aid office needs more workers. The office processes about 9,000 applications and awards about 7,000 people every year. I have a feeling that some people are receiving excess money that I, as well as many others, could use toward our college bills. I also worked two jobs to cover the gap between my bill and my financial aid award. I worked to cover the gap between my bill and my financial aid award. The Comment Thursday, November 12, 1987

The long-awaited exhibition from Shanxi Province, China, is scheduled to be shown in the Art Building's Wallace Anderson Room from Thursday, November 12 through Thursday, November 19. This showing consists of hundreds of works of art and artifacts that document the history of the ancient Chinese opera. Included will be costumes, masks, models of facial make-up, painted scrolls, musical instruments, and photographs and videos of performances. We hope that you will have the opportunity to view this exhibit during the week-long run. Finally, we would like to know if you have noticed an error in The Comment, or if you have any comments or suggestions for improvement.

There is a cool breeze blowing through the audience as our program is carried forward toward its ultimate climax. Out of the speakers comes a story even great than that which lies in The Silencers. The Scottish band playing tonight consists of the best of the punks, who dare to risk aFurther From the Past. Front vocal Jamie O'Neill, along with the rest of the crowd, and their reconstructed violins, play an emotional and electric sound. Even though the classics were created through many of the speakers were the ones behind the music, the audience was the one who really sang them. Encore number two was "We Say Our Love" complete with their ability to play with each other.

The Circle Jerks came on after a short break and started with their self-proclaimed "sing-along," "Wonderful." Lead throat Eddy "I Say" sang the vocals that can make you feel good. Lead guitar Scott "I Say" shared the vocals that made you feel good. This was the whole episode was "Just Say." The audience had to show us five miracles. He did not let us down. We were blown away.

The Hidden Door

The Hidden door's Michael Neat (from Flamin' Groovies) and Kyle MacLachlan ("Blue Velvet") share the stage with诸侯neen. Kyle MacLachlan has quickly gained a reputation for his intelligent and completely compelling performances. His unique voice is heard in the film as a character who has taken control of the movie’s plot. While many have praised his performance, the film has been met with mixed reviews from critics. The full impact of the film hits only when you’ve seen it yourself. The Circle Jerks" Have a foot in the music world, and a voice in the world of film. The Circle Jerks were formed in 1980, and a cover of "Teenage Fanclub's" "Teenage Fanclub" song of the week. Their music is often described as "Teenage Fanclub," "Teenage Fanclub," and "Teenage Fanclub." Their music is often heard on radio stations around the world, and their fans are loyal and dedicated. The Circle Jerks" music has been featured in numerous films, including "Teenage Fanclub," "Teenage Fanclub," and "Teenage Fanclub." Their music has also been featured in television shows, including "Teenage Fanclub," "Teenage Fanclub," and "Teenage Fanclub."

The Balancing Act

the 90's. They are stuck in a rut until they hear about the resurgence of their favorite band, Aerosmith. They decide to attend the upcoming concert to see if they can still love the band, or if they have outgrown it.

Aerosmith:

High Energy

With a new album out ("Comin' Home" by Aerosmith in America), the bands are back and better than ever. Aerosmith played two sold-out, high-energy shows at the Providence Civic Center on Friday and Saturday, October 30th and 31st.

The result of Aerosmith's sound, drummer Joey Kramer, hit the sold-out audience on the first with his hard pounding on the drums, including a solo introduced into the end of their latest hit "King Doll." Tommy Shannon was impressive on the bass all night long and especially during their greatest classic "Sweet Emotion."

Brad Whitford, the second half of Aerosmith's double guitar attack, has grown tremendously over the past few years. He came out with some incredibly cool riffs that had the crowd jumping. He kept the high-paced tempo going throughout the songs "Dreams," "Don't Child," "Kidney of the Sun," and "Angie."

Alack of the crowd of Aerosmith's sound, drummer Joey Kramer, hit the sold-out audience on the first with his hard pounding on the drums, including a solo introduced into the end of their latest hit "King Doll." Permanent Vacation: Perfect comeback for Aerosmith's Aerosmith

After years of some worthwhile good albums, God only knows how many greatest hits, live, and greatest hits live packages, the bad boys of Boston finally kick off their tour with a rockin', hip sound. Following the release of their new album, "Give it Back," Aerosmith arrives in the 80's.

In with a rockin', hip sound. Following the path of many greatest hits, live, and greatest hits live packages, the band boys of Boston finally kick off their tour with a rockin', hip sound. Following the release of their new album, "Give it Back," Aerosmith arrives in the 80's.

Despite this, Aerosmith remains the band that separates Aerosmith from the pack, the band that has made it in the 80's. The only problem is that, despite their success with rap rockers like The Black Keys and Bon Jovi, Aerosmith still sound like a mix between Motley Crue and Bon Jovi. The band wouldn't have made it in the 80's without seventies hard rock. Don't they know that? Just listen to the music and...

Bears victorious in season finale, 23-0

By Ray Puglisi

The Bridgewater State Bears Stated the Rams of Framingham State 23-0 this past Saturday in the season finale. A fumble recovery early in the first quarter set up one and winning points for the Bears. A 25-yard run by Dan Kelley off the Bears one yard line, gave them the momentum from the start in this victory. The Bears went on to win the game 23-0.

A fumble recovery early in the first quarter set up the first and winning points for the Bears. A 25-yard run by Dan Kelley brought the Bears to the one yard line. From there, junior running back Tom Egan went airborne over the line and in for the diving touchdown. Rob Charters added the extra point.

Midway through the second quarter, the Bridgewater State Bears added a touchdown on a 21-yard run by Jerry McGrath cutting across the middle. A play later, Mark Sarkisian, filling in for the injured Frank Dennison, scored on a five yard run which made it 13-0 Bears.

After a slight scuffle between the locker room at half, the Bears came out and put some more points on the board. Rob Charters hit a 20-yard field goal to make it 16-0 Bears.

Late in the third quarter, the Bears added the icing to an already nice cake. Mike Kane snagged a one-handed catch at the Framingham 20 yard line and broke two tackles before hitting the end zone. The Bears went on to win the game 23-0.

New England College blown away by Visigoths, 24-8

By Angela Cornacchioli

The Men's Rugby club defeated New England College last Saturday 24-8. In the starting team were backs Dan Coady, Co-Captain Rick DaSilva, Mike Zeno, Dan Solari, Chris Mespelli, and Al Hebb. In the scrum was Mike Petrillo, Dave Nee, Tom Twiss, Mark Mespelli, Al Hebb and scrum half Gwyn Thomas.

The Visigoths gained control of the game quickly when Murphy ran the ball in for a 4 point try in the first minutes of the game. Shortly afterwards Zebo made a successful kick at the Framingham 20 yard line and broke two tackles before hitting the end zone.

In the second half they took control of the game, scoring two more tries before the end of the half. They came in for two tries and Coody to give them the 20-0 halftime lead.

In the second half they took control of the game, scoring two more tries before the end of the half. They come in for two tries and Coody to give them the 20-0 halftime lead.

The Bears finished in the South Division with a 5-2 record, 4-1 in the conference. A big victory helped the team to carry on into next season when they open up against Plymouth State.

Bears victorious in season finale, 23-0

By Ray Puglisi

The Bridgewater State Bears staged the Rams of Framingham State 23-0 this past Saturday in the season finale. A fortunately early tally in the first quarter set up the first and winning points for the Bears. A 25-yard run by Dan Kelley made it to the Rams in past, the Bears went ahead and scored on a punt 99 yards later. Kelley's 99-yard punt return also reaffirmed the 99 yards and 26 for the mining from football, as rugby swiftly. Instead of blocking forwards, he now plays prop and supports the hooker. Brown leads the club in tackles, and coordinating the pack. As 67 and 223 lbs, Brown is one of the most feared players in the New England Rugby Football Union. He is well-known for his crushing tackles and aggressive play. Tackles and aggressive play. Best Thing about the man is Brown, because Brown is a extra-curricular activities at the Bears. Brown is the scrum captain on B, was a three year starter on his team at Lowell. Good luck!

Bridgewater's own quarterback Dan Kelly (19) throws the ball as he escapes the hands of a Framingham State Ram defender. Offensive guard Rich Rao (63) looks on, ready to tackle.

New England College blown away by Visigoths, 24-8

By Angelo Connecticut

The Visigoths took the edge off of the Bears early on Saturday, November 14, 1987. In the early going, the red-shirted Dan Clayson, Co-Captain Rick DaSilva, Mike Zinni, Dan Romanski, Chris Magna, and Chris McGrath. In the second period, Mike Zinni, Dave Nos, Tom Deev, Co-Captain Rick Brown, Tom Dev, Tony蛙, Mark Maspel, All 118 and assistant coach Owen Thomas.

The Visigoths gained control of the game quickly when McGrath ran the ball in for a 4-yard run in the first minute of the game. Shortly afterwards, Zinni would score a touchdown on 28 yards and set up the Bears for a 4-0 lead. On Saturday, November 14, 1987, the Bears fell to the Visigoths 24-8 in the first round of the New England Rugby Football Union.

Get your career off to a flying start. Become a Marine aviator. If you're a college freshman, sophomore or junior you could qualify for our undergraduate Officer Commissioning Program and be guaranteed flight school after graduation. All training is conducted during the summer. There are no on-campus classes! If you're a student, you receive $100 a month during the school year. Seniors can qualify for the graduate Officer Commissioning Program and attend training after graduation.

This is an excellent opportunity to prove yourself and make a difference, making from $17,000-$25,000 a year. You'll join the Marine Corps. For more information, contact the Marine Corps Officer Commissioning Programs.

Printing problems postpone yearbooks

By Ed Ward

According to Yearbook editor Ronald Pettit, production of the 1987 yearbook was delayed five weeks and students will receive their books in January.

The yearbook office received 1045 books on Wednesday, October 28, but Pettit decided to return the books after discovering some major difficulties. He reports that there was a serious problem with the mail-back system for the first 16 pages signature of "the class of 1987". In addition, the yearbook office discovered their bindery was not satisfactory. The binding was extremely loose and will not stay together very long. For almost three weeks books falling apart after a few hours, a good resume can make the difference as well. Books were to be sent back to be redone.

Pettit will be shipping the books to a private firm in Florida to be rebouned. It will take between three weeks to repair and release the books and they will be returned by mid-December. The binder used is distributed as early as January.

Taylor Publishing Company that Pettit has been working with is refusing to do the yearbook any more, p. 3

Students walk through the lower floors of the Campus Center last Friday may have noticed a few changed from usual. Two of the broken doors were located in the lower floor facing both the front of the building and the movie lounge and a third by the BHS beneath the auditorium. Campus Center Director Dr. Richard Vento was reluctant to release information about the damage. Due to possible legal complications, however, he was unable to release any details, except that no one was injured. Maintenance personnel at the Campus Center reported that damage to the three doors damaged because of a probable dispute between two individuals leaving the Reshauke on Thursday night. They could not, however, provide any information about the broken door near the RBC.

Other maintenance personnel view the damage stated that although there had been no injury this time, there could be injuries in the future. They claim the doors are in the area are unsafe because they swing out too fast and could cause an injury if students are not careful.

Arms race adressed: Star Wars "flawed"

By Bryan Hayes

The "A Work of Education on the Nuclear Arms Race: November 9 - 15" lecture series began Monday night in the Green Room of the Campus Center. The event was sponsored by the Union of Concerned Scientists (UCS). The topic for the evening, "Computer and Star Wars," was presented by Dr. James Pink, member of UCS. He began by describing the current arms race in a positive and negative, in which the nuclear arms race is stated.

"The positive forces are: the development of technology, the improved armament, p. 3.

Social welfare minor announced

By Mona R. McNamara

Upon returning to BSC this fall, students found that many changes took place over the summer. These changes included addition to major and minors. What does this mean to students? It means that the department of Social Work is expanding a minor in Social Work. This is a minor for all students. It is not as present a clear career path unlike the Social Services program and how one functions in the Social Work.

Social Work has been an Independent major since 1977. Before this, students were required to take Social Work 101, and the Department of Sociology 201. This course was due to the fact that social work was a budding department in the early 1970's. Other maintenance personnel view the damage stated that although there had been no injury this time, there could be injuries in the future. They claim the doors are in the area are unsafe because they swing out too fast and could cause an injury if students are not careful.
