Women's Lacrosse aims high for season

By Ronda Davis

Last year the Women's Lacrosse team had their chance to play against one of the greatest teams in the country, but unfortunately they lost 5-0 at the state tournament. This year, according to coach Kathy McNally, is expected to be the best women's soccer season in the history of the school.

The team's success is due to the number of returning players, with 22 of the 32 players returning from last year. McNally says that the return of the team's core is crucial to the success of the team.

Their goals for the year are to make the state tournament and win the state championship. With the return of their core, the team is expected to be a strong contender in the state tournament.

The team's schedule will be challenging, but the players are confident in their ability to win.

The Flock wins intramural title in indoor co-ed soccer

By Angela Connors/Staff

The Flock has emerged as the champions in the 1989 Bridgewater State College Intramural Sport. The Flock is made up of students from the Bridgewater State College community.

Angela Connors

The Flock is comprised of 10 members, with five from the Bridgewater State College and five from other institutions.

The team consists of individuals from various departments on campus, including the Department of Physical Education, the Department of Business Administration, and the Department of Art and Design.

The Flock won the championship with a series of victories in the playoffs, including a win against the Blackbirds in the final game.

The Flock's victory is a testament to their hard work and dedication to the sport.

Teaching requirements discussed by Nober

By Marci Hahn

In an education (future) latest news, Linda Noker, a representative from the Massachusetts State College, spoke on the new certification requirements. Noker discussed the changes in the curriculum and the new requirements for students.

Noker emphasized the importance of understanding the new requirements and making the necessary adjustments in the curriculum.

She also discussed the new requirements for students, including the need for more coursework in the sciences and the humanities.

Noker concluded by emphasizing the importance of understanding the new requirements and making the necessary adjustments in the curriculum.

Staff sports teams gear up for a new season

By Tom Magus/Staff

The Lady Bears softball team is practicing this week, preparing for their trip, which they are carrying from this Friday, to Florida. They will play in games in preparation for their regular season. If the weather permits, they will play in their regular season.

The Lady Bears are one of the best teams in the country, and they are expected to make a strong showing this season.

Scholarship information available

Over $20,000 will be distributed in student scholarships at the college this spring. All students are urged to make sure they apply for scholarships. Scholarships range from $100 to $1,000 each, and are awarded annually at the discretion of the Student Government Association. On the application form, all scholarship applications must be submitted by deadline, Friday, March 31.

Dean Martha Jones, the Acting Vice President of Student Services, stated that the student government has supported the awards and scholarships and applied for each scholarship for all members of the campus, regardless of majors.

Among the scholarships, there are the Alumni Associations Scholarship, the Faculty Memorial Scholarship, and the Edward G. Elias Scholarship. Also, please check with Student Services in order to find out where the application forms for the awards and scholarships may be obtained. It is recommended that students make requests for a copy of their transcript prior to spring vacation.

The FAR SIDE

By GARY LARSON

When my friends and I graduated from high school, we all took part-time jobs to pay for college.

They ended up in car washes and hamburger joints, putting in long hours for little pay.

Not me. My job lasts just one weekend a month and two weeks a year. Yet, I’m earning $18,000 for college.

Because I joined my local Army National Guard.

They’re the people who help our state during emergencies like hurricanes and floods. They’re also an important part of our country’s military defense.

So, since I’m helping them do such an important job, they’re helping me make it through school.

Hall shows intention of running for SGA President

By Bryan Hayes

President

Although the Student Government Association’s elections are weeks away, the first year Student Government Association’s elections are weeks away, the first year

Hall has made a “pre-announcement” before spring break to inform students of his available options. He feels that experience and integrity will be run. He said that his campaign should be run in a modest way, effect the future of the BSC community. He also believes that experience and integrity are two of the most important reasons for which a campaign should be run.

Concerning his campaign, Hall intends to base it upon an issue. “I am a candidate for SGA President.” With this announcement, Hall hopes to gain as much support as he can from the student body.

Hall views the position as one in which he can make a difference. “One which reflects the issues and concerns of the student to the Student Government, faculty, administration, and to the state.” He also believes that there is a real need for “quality education.”

Iran severed relations with Britain Tuesday, a serious blow to Western attempts at regulating ties with the Muslim fundamentalist regime. It was the first time since 1966-76 Cultural Revolution that the martial law had been publicly announced in China.

China’s Martial Law is reinstated

After three days of bloody riots prompting Chinese rule, China imposed martial law on Tibet’s capital of Lhasa. An American seer and hundreds of soldiers flooded the city early Wednesday. Tibetan radio accused government buildings, Caroline Chinese-owned stores and burned their contents, and attacked Chinese mine in the mountain area. Other accounts said that at least twelve people were killed and more than 100 were wounded in this, the first time since 1966-76 Cultural Revolution that martial law had been publicly announced in China.

Hall files court case

By Bryan Hayes Comment

Attorney General Craig Hall, who is also the newly appointed State Student Association of Massachusetts representative, has filed a non-disciplinary case with the Student Court. The case questions the Congress’ ability to disapprove of a person being appointed to an office, because they did not approve of an organization.

Although Hall was appointed, at the March 7 SGA meeting, to the position of SGA representative, he has made it known that he will not drop the case. The Student Court has no time to accept the case. If the case is heard, it will be done after spring break.

SSAM, Hall notes that the Congress was out of their jurisdiction, for they did not approve of the SGA appointment on the grounds that they did not approve of the office. Hall states that it is the duty of Congress to investigate the appointment, not the office in which he is being approved.

Members of C.R.E.Ed. question Tinsley’s status

To the Editor:

A good time was had by all at Fishburg State College, despite the lack of support from the BPC Program Coordinator Leaders. After visiting the BSC College Bowl Trivia contest, the Terriers, along with winners of other intercollegiate activities, were scheduled to attend the Northern Regional Competition, February 23 and 24. Suddenly, the hour of six along with two winners of the last competition, met at the Campus Center at 8 p.m. We were then informed by Carolyn Casey, that we were not going for the following reasons:

1. There were six inches of snow on the ground, with drizzle on the road which called for emergency conditions, making driving much too hazardous.
2. Only two other schools were competing, and the competition would be called off if hazardous conditions arose.
3. Out of the 10 schools competing in teams from BC, only had cancelled due to conditions.
4. We decided to stay on our own accord, around the Northern Regional Competition, February 23 and 24. Suddenly, the hour of six along with two winners of the last competition, met at the Campus Center at 8 p.m. We were then informed by Carolyn Casey, that we were not going for the following reasons:

Facts about aborptions are greatly exaggerated

To the Editor:

I was gobounded by Marcia Bieber’s editorial on abortion in the February 16 issue. What exactly does Marcia Bieber mean when she says that abortion is a lack of control or perhaps gaining over - of same vein, and virtually available, facts. The pro-aborptionists in this country have, for too long, manipulated the facts about abortion, to the point that if found they would be in the hands of the people, it would never have gone public and the support they needed to keep abortion. Few if all, data from the Census for Disease Council show that the number of abortion-related deaths in this country dropped significantly long before the 1973 Roe vs. Wade decision - which was still illegal. Between 1940 and the late 1980s, the number of abortion-related deaths declined from over 1,000 to under 200.

The figures often quoted by pro-aborptionists in thousands of deaths annually due to illegal abortions. Bernard Nathanson, at the time he headed the National Abortion Rights League and was still adamantly pro-abortion, advised in a public symposium, that if one counted the number of deaths attributable to abortion, it was it caused by maternal deaths from other medical mischance in labor or from missed pregnancies, which primarily induce illegal abortion. These techniques entail risks to a woman’s physical and mental health, these risks exist before 1973, and still exist. It is the only surgical procedure which requires payment up front, not signing an agreement not holding the physical right for any complications that arise. Third, as abortions, are often conducted in rape or incest and judged illegal, we would expect them to be conducted in cases of rape or incest by a victim who became pregnant, crimes committed against the women, not the fetuses pregnancy. Conducted on women in these cases would be legal, but not moral. It is no one’s business, nor should it be, to interfere with the woman’s right to choose.

Sincerely,

Dear Mr. Tinsley,

There are also many rumors about what happened after the meeting. We must point to a review of the Board of Trustees meeting, which was held last month, and consider the consequences of the meeting.

We do not believe that there was any intentional misleading or distortion of the facts. We believe that our interpretation of the facts is more accurate and reasonable.

Please note that the facts presented here have not been verified or confirmed by the Board of Trustees or any other entity.

The Comment welcomes letters to the editor. The letter page is a forum for the exchange of ideas and opinions. We encourage all members of the community to contribute their thoughts and perspectives.

Letters should be typed, double-spaced, and not to exceed 200 words. They should be submitted to the Comment office by 5 p.m. on the day of publication.

Letters should be dated, signed, and include the writer's name and address. Signature must be written to ensure that all letters are published.

We reserve the right to edit letters for clarity, brevity, and accuracy. The Comment reserves the right to refuse to publish any letter that is deemed inappropriate or offensive.
Summer Job — Think Taxes

If you are getting a job this summer, the Internal Revenue Service urges you to take a few minutes to see if you qualify for an exemption and if your employer will extend you a personal exemption when you file your income tax return.

Do you have investment income, such as interest or dividends? And, do you have income from a part-time job? Then you may be entitled to a personal exemption when you file your income tax return. If you have investment income, or a part-time job, it is possible that you will receive a personal exemption when you file your return.

Foreign Students — Scholarships and Grants

Foreign students in this country who file Form 1040, or Form 1040A, may be eligible for the Internal Revenue Service's second annual fellowship grant program. The program is designed to help reduce the educational costs of foreign students. The program is for noncitizens who are not employed in the United States and whose primary purpose for being in the United States is to attend an educational institution.

The program is open to all foreign students who are not employed in the United States and whose primary purpose for being in the United States is to attend an educational institution.

The foreign student must be enrolled in an educational institution and have an offer of employment from the educational institution.

The fellowship grant is paid directly to the educational institution and is available to foreign students who are enrolled in full-time study programs at universities or colleges.

**The Comment's Foreign Students — Scholarships and Grants**

*Foreign students in this country feel lucky if they have family in the U.S.*

Speaking of scholarships and fellowships, many foreign students in the U.S. are lucky if they have family in the country. A recent survey by the Institute of International Education showed that more than half of all foreign students in the U.S. receive some form of financial assistance. This assistance comes in the form of scholarships, fellowships, or loans. The amount of assistance depends on the student's country of origin, their field of study, and their academic performance.

**New album brings out flavor of Brazil**

By Cailtin Andrews
Commence staff

Even those who don’t have Faith usually follow, though you and through us!

There are two popular styles which are on the Brazilian Chart 1 Brazil Tropical album. The dance music of the urban poor, mainly around the city of Rio de Janeiro, is called Samba and Popetee. The dance music of the poor in the North East is called Tuna.

One of the songs which was especially inspiring was A Queiroz Co Co, which means “walk with jack.” The lyrics are simple, but the melody is lovely. “You can’t help but find yourself following through the lyrics and through it.” This song was performed by the artist, Pinto, on the album and sold out.

In the song Canto Do Joko, the lyrics are “the heart of the world white human being hand in hand to live in equality” searching for eternal peace but fighting all the time to save every day. This music represents an important part of the Brazilian culture in its own right. The lyrics reflect on the people, the government, and the religion.

The majority of songs on this album are about love and learning. To all of the above artists, the Samba and Popetee is the music of Brazil.

BSC Children’s Theatre celebrates its 20 year anniversary

This week marks the 20 year anniversary of the Children’s Theatre at Bridgewater State College. This year is very important to the theatre. It is the 20 year anniversary of the production of a play which has been performed every year since 1989. The play is a play within a play set in a winter in Denmark where a young girl, her best friend and her grandmother encounter the Snow Queen who is kind and the white man. The show is entitled “The Snow Queen” and it is the story of a young girl who is taken to the Snow Queen’s castle and learns that love can overcome any obstacle. The show is a family friendly and it is a great way to spend time with your family. The show runs from March 9th to March 11th.

"The Snow Queen' reigns

BSC Children's Theatre celebrates it's 20 year anniversary

This week marks the 20 year anniversary of the Children's Theatre at Bridgewater State College. The premiere production of Snow Queen is being presented for the first time as a full stage production at the college. The production will run from March 10th to March 17th at 8pm nightly.

The cast includes: Jessica Allen as Snow Queen, Elizabeth Mount as Snow King, and Mark Santos as Prince Florent. The audience favorite, Rapunzel, is played by Bernice Bronson. The show is directed by Tim Allen, with assistance from Lisa Hickey and Bob O'Connell.

Tickets are available at the door or through WBRU's Home Brewed Barista Shop. For more information, please contact the SGA Office at 588-4555.

Santos and the Blakes riding down the road to success

For a band that has only been together for a few months, the Blakes play like they have been together for years. They are an exciting new band from the Northeast.

The Blakes, which includes Mike Ballo as lead vocals, Chris Cook as drums, and Rich Sciarone as guitar, have been making waves on the local music scene. They recently won the Battle of the Bands at WBU's Home Brewed Barista Shop, a performance that showcased their musical talent.

The Blakes have been working hard to perfect their sound and are looking forward to the future. They plan to release their first album later this year and are already booking shows throughout the Northeast.

AIDS effects 'insiders' as well as 'outsiders'

The following is an excerpt from Pearl Bailey's statement delivered to the World Health Organization's meeting on AIDS at Geneva, Switzerland, on December 1, 1988.

It was a long journey here. However, there's more to love than in distance. The realization that the world would be here to listen, speak, and search together has made it worthwhile. We've faith, love, travelled all with me. The 'outsider' has become the 'insider' on the subject of AIDS. I've heard it said, "In this country there will be a cure." We must say and believe, "Oh yes, it will be a cure." We need to help soon.

In some minds, there is a key to open the door. We must faithfully believe that AIDS is "inevitable." Somewhere in the world, a man is woe-world, by the grace of God, becomes filled with the knowledge that will save humanity. Through our combined efforts, we can bed it to rest. We wonder why doctors, scientists, politicians, and financiers are not doing more; so that he can live. The disgust about the speed and inefficiency is eating at his soul. He wonders why AIDS is allowances to the cry of help. Time has been growing shorter to the cry of help. Time is our enemy. We must falsify the lie that AIDS, we the seekers, shall be the benefactors. If anyone has questions or concerns about AIDS, I urge you to contact Barbara Swartz, AIDS coordinator at Health Services.

..."Don't be alarmed, folks. It's only AIDS."

Paul Spong, the composer, is a pianist/accompanist on the faculty of the Manhattan School of Music. The performances are March 10 at 11 a.m. and 7 p.m.

The performances are March 13 at 10:30 a.m., and 1:30 p.m. March 16 at 11 a.m. and 6:30 p.m. March 18 at 11 a.m. and 1:30 p.m.

Each nation will there be an "insider" on the subject of AIDS. It must be and must be done for us. We must have a cure. We must have a cure. We must have a cure. We must have a cure.

If anyone has questions or concerns about AIDS, I urge you to contact Barbara Swartz, AIDS coordinator at Health Services.

Softball team gears up for a new season

By Tom Mesen

The Lady Bears softball team is practicing this week, preparing for their trip, which they are leaving for the Friday, in Florida. They will play ten games in preparation for their regular season of the fall. Of the ten games, four will count on their regular season's record.

The team is composed of 12 returning players, five sophomores, five juniors and two seniors, who make the team to succeed. These players were very important to the Lady Bears' win and will have to produce this year for the team to succeed.

The regular season runs throughout the month of April only, but doubleheaders are played in almost every other day, resulting in a difficult schedule for the team. One of the toughest rivals for the Lady Bears has been Eastern Connecticut, who have returned two players in past years. In the two times that BBR played them, they have been defeated.

One game this week will be against Plymouth State, which is expected to be a good competitor for the Lady Bears.

Any post-season play will take place in the first two weeks of May. Last year the Lady Bears were the MASCAC and ECAC Champions and defeated in the first round of the NCAA tournament the Lady Bears have been defeated.
