**State House rally**

Yesterday, a small but concerned group of students gathered at the State House over budget cuts in public higher education.

Attorney General Robert F. Houghton, with the American Federation of Teachers New England Regional Council and several members of the Massachusetts College Student Senate, held a press conference at the State House to discuss the issue. The rally was held in response to recent budget cuts in public higher education, which have led to significant cuts in funding for colleges and universities across the state.

Attorney General Houghton stated that the objective of the rally was to “let the politicians know that there is a group of students who care about higher education system itself.”

The rally took place on the front steps of the Massachusetts State House, where Attorney General Houghton was one of many speakers who addressed the crowd. He was joined by Massachusetts College Student Senate President David White, who also spoke at the rally.

Houghton said that the lack of overall support undermines annual parade.

State House rally cancelled

Lack of overall support undermines annual parade

When asked if any type of a parade would be possible, White said that it was not possible due to the lack of overall support from the previous years.

“We won’t even know where to go new,” he stated.

White also said that the campus can be open.

**Ricciardi wants communication between Board and students**

Ricciardi wants communication between Board and students looks forward to working with and for members of Bridgewater State College

Ricciardi, one of the three new members appointed to the Bridgewater State College Board of Trustees, names that he is “a realist, somebody who understands the college, and is looking forward to working with the trustees and the new President of Bridgewater State, Dr. Adam Tilton.”

Ricciardi views himself as a man with a realist and pragmatic approach to the college. He believes that there are several main concerns which must be resolved while on the board.

From his experience as a member of the Board, Tilton believes that the Board’s role is to provide guidance and support to the President and the administration of the college. Ricciardi believes that the Board must have a strong relationship with the President, and that the Board must work closely with the President to ensure that the college is moving in the right direction.

Ricciardi also emphasizes the importance of open communication between the Board and the administration. He believes that the Board must be transparent in its decision-making process, and that the Board must be willing to listen to the concerns of the community.

Ricciardi also believes that the Board must be willing to make tough decisions, and that the Board must be willing to take responsibility for its actions.

Ricciardi also emphasizes the importance of accountability. He believes that the Board must be held accountable for its actions, and that the Board must be willing to face the consequences of its decisions.

Ricciardi also states that the Board must be willing to listen to the concerns of the community, and that the Board must be willing to make changes if necessary.

Ricciardi also emphasizes the importance of collaboration. He believes that the Board must work closely with the President and the administration to ensure that the college is moving in the right direction. Ricciardi also believes that the Board must be willing to make changes if necessary.

Ricciardi also emphasizes the importance of accountability. He believes that the Board must be held accountable for its actions, and that the Board must be willing to face the consequences of its decisions.

**Concerhi announces his bid to become SGA President**

By Byron Hayes

Concerhi, a first-year student and the current Legislative Vice President, plans to run for the position of SGA President.

**Attention**

**BSC Students**

The Campus Police have numerous articles of clothing, glasses, books, and other objects in their possession which students have lost, but never picked up. If these objects are not claimed soon, they will be distributed to various charitable organizations. If you have lost a pair of glasses, book, etc. please contact Campus Police at 697-1380.

**BSC Clean-up Day rescheduled**

The Bridgewater State College Clean-up Day, which was originally scheduled for April 8, has been postponed until this Saturday, April 15, due to the inclement weather experienced this past week. Volunteers are again needed to make this event a success. The clean-up will take place on Saturday from 9 a.m. until 1 p.m. The Coalition for Responsible and Ethical Education will be working in part with the Facilities Department in the effort to clean-up the BSC campus.

All work items, such as rakes, bags, etc., will be provided. Those interested in being a part of the event should report to the garage behind Harrington Hall. Work crews will then be assembled and gone into various parts of the campus.

**Financial Aid deadline extended**

The Financial Aid Office has announced that the April 3 deadline application priority deadline has been extended to April 17. The reason for the extension of the deadline was due to the increased staff time associated with implementing the new financial aid module of the computer system, and to allow more time for processing.

The Financial Aid forms have been available in the Financial Aid Office and in the offices of the many offices in various locations. Students seeking financial aid for the fall semester should contact the Financial Aid Office for an appointment to talk about their financial situation. Students seeking financial aid for the spring semester are asked to complete these forms and return them to the Financial Aid Office by April 15.

**Thought for the Week**

"The oak grows silently in the forest, for a thousand years; it is only in the thousandth year, when the woodman arrives with his axe, that he hears an echo through the solitude; and the oak announces itself, with the sawing sound, "It is I." —Thomas Carlyle

**Concerhi announces his bid to become SGA President**

By Byron Hayes

**Christopher Concerhi**

Christopher Concerhi, another SGA Presidential candidate Craig Hall, is that "Hall supports the solicitation of the negative check-off system as a means of raising the student, on behalf of MassPRG." Concerhi states that many people and students do not see the box on the back of their bill and pay the fine without realizing what for the organization stands or where their money is going.

"While I support MassPRG’s agenda," Concerhi said, "I believe that any use of the negative check-off system is both unethical and dishonest." He also stated that he is equally opposed to the negative check-off system. Hall proposes to fund the organization through student Association of Massachusetts.

Concerhi believes that he can best serve the students of BSC because he has experience and is the only candidate for this position.

**Andersen announces plans to run for Student Trustee**

By Byron Hayes

**Greg Andersen**

Andersen feels that in order to do this, student trustee is effectively represents the student population, he must be able to "identify with the diverse student groups on the campus." He states that in the four years he has been here, he has commented, been a resident college student, attended night classes, and worked as a resident assistant.

Andersen states that this diversity has taught him how to "approach the various aspects of the BSC experience." Andersen feels that his background in "many of the student wants, needs, concerns, and expectations of this diverse student body." Andersen states that the position of trustee becoming more important in the upcoming years. Andersen believes that the student Trustee is sure to be placed before the board, and these issues will remain in the forefront of the board’s attention.

Andersen believes that he can best serve the students of BSC because he has experience and is the only candidate for this position.

**Concerhi announces his bid to become SGA President**

By Byron Hayes

Concerhi, currently the Treasurer of the Student Government Association, plans to run for the position of SGA President.

Concerhi states that he has experience and leadership in areas which will be his priority. He experience includes being Treasurer for the past year, Assistant Treasurer, and the director of the new financial aid module.

He feels that this will give him "an edge over the other candidates and I would allow me to start making a difference as soon as I am sworn in." Concerhi states that there is some issue which BSC needs help which the SGA President. In an "effort to solve major problems on campus," he would propose an escort service for February and Sunday nights, when the halls are not running.

Next, he addresses the issue of the amount of money students pay for their books. He believes that the prices are too high, and would like to "organize an SGA book buy-back program" to help alleviate this problem.

Concerhi also believes that the current BSC aid needs help which they can rely on, and they need "other forms that can be done for them, they are waiting for the benefits." He says he would propose an "expanded program and perhaps a shelter for the parking lot.

Concerhi states that he will work to provide a better aid for the students of BSC because "he finds more experience and the other candidates for this position." Concerhi feels that his background in "many of the student wants, needs, concerns, and expectations of this diverse student body." Andersen believes that he can best serve the students of BSC because he is equally opposed to the negative check-off system. Hall proposes to fund the organization through student Association of Massachusetts.

The clean-up will take place on Saturday from 9 a.m. until 1 p.m. The Coalition for Responsibility and Ethics in Education will be working in part with the Facilities Department in the effort to clean-up the BSC campus.

All work inns, such as rakes, bags, etc., will be provided. Those interested in being a part of the event should report to the garage behind Harrington Hall. Work crews will then be assembled and gone to various parts of the campus.

CRESH is seeking people to turn out and participate in this event. Even if students can supply only a few hours as opposed to the whole time, they ask that they show up and get the campus looking great for upcoming events and the rest of the spring.

Financial Aid deadline extended

The Financial Aid Office has announced that the April 3 deadline application priority deadline has been extended to April 17. The reason for the extension of the deadline was due to the increased staff time associated with implementing the financial aid modular system, a new student accounting computer system, and to allow more time for processing.

The Financial Aid forms have been available in the Financial Aid Office for quite some time, and are available in various locations. Students seeking financial aid for the fall semester should be asked to complete these forms and return them to the Financial Aid Office by April 17. All applications which are received after this date will receive consideration on a non-prioritized basis.

Thought for the Week

"The oak grows silently in the forest, for a thousand years; it is only in the thousandth year, when the woodman arrives with his axe, that it hears an echoing through the solitude; and the oak announces itself, with a crashing sound, 'muh.'

—Thomas Carlyle

Conacheri announces his bid to become SGA President.

Christopher Conacheri, another SGA Presidential candidate, Craig Hall, in that "Hall supports the utilizing of the negative check-off system as a means of raising the monies, on behalf of MassPIRG." Conacheri states that many students and students to not see the box on the back of their bill and pay the fee. This gives students for what the organization stands or where their money is going.

I believe that the members of the BSC community are going to focus on what his campaign slogan states, that students want, needs, concerns, and expectations of this diverse student body.

Andersen states that the position of Student Trustee becoming more important is the current need. Andersen feels that many of the students' needs, concerns, and expectations of the SGA experience are going to be heard.

If you love college life, make a career of it.

BSC Bids Adieu to Formal Advertising

A decision was made to discontinue the advertising branch of the Student Government Association's (SGA) Finance Committee, with the effective time being in this issue, the week of April 2.

The decision to discontinue the advertising branch of the SGA Finance Committee was made after a month of careful consideration by the SGA Finance Committee and was discussed with both the Student Government Association (SGA) President, Mike Rothberg, and SGA Vice President, Richard Anderson.

The SGA Finance Committee is responsible for the annual budget of the SGA, which includes the money raised from various student organizations, such as the Student Development Program, the Student Activities Fund, and the Student Government Association's (SGA) Finance Committee.

INTERNATIONAL

Four nurses held in custody for deaths

In Vienna, Austria, four Aus­trian nurses were nabbed for 44 deaths. Authorities arrested them on charges of women ranging 25 to 30 years of age in the nurses' nine-week trial ended last Monday but current Eastern owner Texas Air's refusal to accept the above agreement, said Uebert, read­ ing a hastily prepared statement.

"We have one more major bridge to cross and that is in this building that is the bankruptcy proceeding," said Uebert read­ ing a hastily prepared statement.

Initial reports said the killings in Lainz Hospital occurred in the presence of Student Trustees. Maggea states that he wants to let the students know for what the position of Student Trustees is leadership," says Pearce. He believes that there are three nationalities between him and the students, and that one must not...
Patrick Pearce, the Chairman of the Congress, has announced that he will run for the position of Student Trustee. He believes that the situation which the trustees are currently in is unacceptable. Many people did not know what the position of student trustee stands, and the reasons he feels that the trustees are failing are because they are not the voices of the students. He believes that the trustees want to let the students know about the campus but they are not the voices of the students. As a result, he feels that he needs to be the voice of the students. He has stated that he wants to let the students know that he wants to be a voice for them and that he wants to be an effective trustee.

Magee, the fourth candidate to seek election as Student Trustee, has stated that he wants to be a voice for the students. He believes that the trustees are not doing their job properly and that the students are not being listened to. He feels that he can change this situation and that he can be an effective trustee.

In conclusion, the students are in need of a voice who can listen to them and who can be effective in their role as trustee. Magee and Pearce are both candidates who are willing to be that voice. It is up to the students to decide who they want to be their representative on the Board of Trustees.

Concern over food service pays off

To the Editor:

In the April 6, 1989, issue of The Comment, an editorial appeared which stated, in part, "I was impressed by the way not to do it..."

My name is David Colby, and I am running for SGA Congressman at large. I feel I am a qualified candidate running in a way which cannot be done in the classroom alone. I am tired of being misled by people that do not even take part in any activities. I am an active member of sports teams on campus and, therefore, believe I can represent all those who are concerned in sports and other activities.

Thank you,

David Colby

Board's handling of Tinsley's contract 'a disappointment'

Editor's Note: The following is a copy of the letter sent to Carol Furr, Chairperson of the Board of Trustees at BSC.

Dear Mrs. Furr,

I am writing to you in my capacity as a political science professor on campus and not as a candidate of CREED. I was disappointed in the way one college handled the issue of Dr. Tinsley's signing her contract. We certainly should not have learned about it first by reading it in the Brockton Enterprise or Bridgewater Statesman. What was appropriate, in my estimation, and very important, would have been for the Board of Trustees to have a special meeting/conference call with every member of the faculty community to discuss the ramifications of this decision.

Thank you,

Christopher Perna, Professor

Meideiros upset by employees' salaries

To the Editor:

The SGA's public-college and university employees have suffered enough, it seems to me, that in the political battle to get Congress to pass legislation to protect public employees, it is the public employee who is being stepped on. It is the public employee who is being stepped on.

Thank you,

Charles Doherty

Colby runs for SGA Congress

Concheri backed by Political Science Club

To the Editor:

The Political Science Club of Bridgewater College would like to announce its endorsement of Christopher Concheri for Student Government Association President.

We do not feel that the top candidates and their supporting constituents are the representatives of the student body. As a student supported and operated weekly newspaper serving the academic community of Bridgewater State College, Editorial policy is determined by the Editor-in-Chief and the Board of Trustees of the Student Government Association. Any person wishing to join the Political Science Club should contact the Editor-in-Chief or the Managing Editor. All correspondence should be directed to the Comment, Campus Center, Bridgewater State College, Bridgewater, MA 02324. Telephone: (508) 587-1200, ext. 2308.

Editor's Note: the following is a copy of the letter sent to Carol Furr, Chairperson of the Board of Trustees at BSC.

Concern over food service pays off

To the Editor:

In the April 6, 1989, issue of The Comment there appeared a letter I wrote in the interest of representing each of the concerns that are meaningful to the people I work with. I have had the opportunity to be with many students and faculty members and have real concern that their food be of high quality and that we be served in a manner that is representative of the best. I am very thankful for the comments of my letter, and I would like to thank the Editor for the opportunity to follow up on that issue.

The day after publication, I was contacted by David Zeoli, campus manager for Morrison’s Custom Management, who is the food service company for the college. Mr. Zeoli asked me to meet with him to discuss my concerns. We met and discussed the concerns with the manager of a fine restaurant, and my expectation was that I would be put in the position of defending myself.

Mr. Zeoli’s greatest concern was that one of his employees would serve something that would not eat herself. I have never had a problem with food served by a restaurant, even after reading the report of the coloration of the beef. Mr. Zeoli pointed out that oxidation is not a reflection on how the meat is, and that fresh meat sometimes oxidizes instantly upon being defrosted.

Mr. Zeoli’s current concern was that he felt could. I was not the case at all. Mr. Zeoli

Meadeiro, who was put in the position of defending himself, was not able to sleep the night after the letter was published because he was so agitated.

At the conclusion of our discussion, Mr. Zeoli invited me to contact him with any concerns I might have in the future regarding food service. He stated that he intended to write to The Comment and personally address the issue I intended to write to The Comment, since Mr. Zeoli was so agitated.

Mr. Zeoli invited me to contact him with any concerns I might have in the future regarding food service. He stated that he intended to write to The Comment and personally address the issue I intended to write to The Comment, since Mr. Zeoli was so agitated.

MassPIRG on ballot

coue, from p. 1

Patrick Pearce, Chairman of the Congress, stated that the negative check-off system which MassPIRG uses to collect money is a "rip-off," and that it takes money from the students, even when they do not want to contribute. In response to this statement, Congressman Edward Shorwood stated that Pearce was misled in his opinion, but "as a body, we have to represent the students. We have a freshmen class that has never had the opportunity to vote on this," the bill that those opposed it were concentrating more on the group itself, and not the question at hand. Shorwood stated that Pearce's opening speech did not seem to represent a majority of the students, since such a large number had signed petitions, setting that they supported the re-organization of MassPIRG on campus. Pearce stated that he was "representing the 500 plus people who voted not to have a MassPIRG chapter.

Toby Krane, a Congress­man-at-Large, stated that there was "overwhelming" support from MassPIRG to place a flyer within the students' union lists so that students know what the organization is about. She said that there would be no problem with this, and that the administration appeared to have no problems with such a possibility.

Pearce then asked why the organization had to collect money through a negative check-off system. A representative from MassPIRG, Jim McElhinney, stated that a "negative check-off system is the only way to effectively pool resources on a non-partisan, non-profit basis. Another MassPIRG officer stated that MassPIRG reflects moments in this way, for they are a non-partisan, non-profit organization. "By keeping it vauhable," said McElhinney, "people who do not want to pay it, do not have to." When debate on the motion finally ended, a vote was taken. The motion to place the question on the ballot passed by a vote of 10-4. Pappas, Joe Lange, Joe Camp, and John Barnes voted against the motion.

Alcoholic beverage advertising questioned

The college's Alcoholic Beverage Policy has come under fire this week, with this newspaper questioning the constitutionality of a section in the policy which states that "Alcoholic beverage advertising is not permitted on the campus or in institutional media including that which promotes events as well as product advertise ments." The Comment's argument is that the policy violates the First Amendment, which guarantees free expression of the public and equal protection under the law, respectively.

Dean Martha Jones, acting vice-president of Student Services, has responded positively to the claims, responding that an amendment is "in working with the paper" to arrive at a resolution which will protect the constitutional rights of all campus organizations, while not subverting the college's "Deep Free Campus" policy.

Craig Hall, SGA President

"We want to see increases, not just in spending, but in the attention (given) to public education"

Craig Hall, as quoted in the Patriot Ledger

MassPIRG on ballot

The Comment Thursday, April 13, 1989

MassPIRG, Jim McMillin, stated that a "negative check-off system is the only way to effectively put resources on a main main basis." Another MassPIRG officer stated that MassPIRG reflects money in this way, for they are a non-profit, non-profit organization. By keeping it simple, official said McMillin, "People who do not want to pay it, do not have to." When debate on the motion finally ended, a vote was taken. The motion to place the questions on the ballot passed by a voice of 10-4. Farnell, Joe Lang, Kate Clancy and John Barnes voted against the motion.

Alcoholic beverage advertising questioned

The college's Alcoholic Beverage Policy has come under fire this week, with this newspaper questioning the constitutionality of a motion in the policy which states that "Alcoholic beverage advertising is not permitted on campus or in institutional media including that which promotes events as well as product advertising."

The Commons' argument is that the policy stifles the First Ammendment which guarantees freedom of the press and equal protection under the law, respectively.

By Marcia Jones, acting vice-president of Student Services has responded positively to the claim, reiterating an interest in "running with the program as it is, as a measure which will protect the constitutional rights of all campus organizations, while not abrogating the college's "Drug Free Campus" policy."

The motion has been passed and approved by the Commons, and the process of passing the Commons' resolution to the Faculty Assembly has been completed.

Student saves another's life

Hall, was at dinner at about 9:30 p.m. and had asked the victim, Kathy Hughes, to get her some food. A few minutes later, Hughes heard a commotion and got up to see what had happened, only to find Hughes passed out on the floor. Hughes stated that the situation was very confusing. At first they thought Hughes was having a seizure, and they put a hat in her mouth to prevent her from biting her tongue. They then realized that she was not having a seizure, and a few minutes later, Hughes stopped breathing. Kennedy Assistant Lisa Federici went to call the paramedics while Donoe took CPR. Donoe said that although she had never been certified in CPR, she knew the basic procedures. She blew into Hughes' mouth once; pushed down on her chest, then blew into her mouth again. That was enough to revive Hughes. The paramedics arrived shortly afterwards.

Hughes is presently in the Center Care Unit at Brockton Hospital, and is listed in serious condition.

Misconceptions concerning AIDS revealed in campus-wide student survey

By Barbara Swine

The results of the AIDS awareness survey, conducted in February by the Student Affairs Office, show that the campus community is not as knowledgeable as many might think, about AIDS.

Out of the 14 questions asked, there were 11 questions on which the majority of students answered incorrectly.

Spend a summer overseas

By Junea Rivers
Contributor

Don't delay in a foreign country, you wound up living! So, you may want to take advantage of one of the following summer study programs.

This year marks the 20th anniversary of the French Revolution. The art department is offering an art history study tour to France from July 2nd until the 22. As a few of the places they will visit are the magnificent in Nice, the Picasso museum in Barcelona, and Moer's gardens and homes.

The American University of Paris offers an overseas program from June 19 to July 28. Course offerings include art history, international business, economic history, business administration, computer science, international economics, fine arts, and French language and literature. Students may also take advantage of weekend excursions to Chartres, the Loire Valley, and the chateau of the Louis Valley.

For more details about the program, please request a brochure from Summer Session Director, The American University of Paris, P.O. Box 1156, Demarest, N.J. 07620.

Club Soda is a tasty treat for audience

By Cally Andrews
Converse staff

"It's a real treat. I think I could eat it every day." The audience couldn't believe it. The Campus Center Program Committee sponsored this treat and the audience was impressed.

The group will arrive in Paris in time of the Bastille Day on the July 14 and will remain based in France for the remainder of the July 22. A few of the places they will visit are the Louvre, and the Pompidou Center, among others.

Sure, in Paris, numerous museums will be visited. While in Paris, numerous places will be visited. Sure, in Paris, numerous places will be visited. Sure, in Paris, numerous places will be visited.

"I'm going to Paris to study Art History. I'm excited." Barbara Swanson, who claimed his girlfriend would try to impress him by ordering only a soda.

The results of the questionnaire were as follows:

• 65% of those who took the test were sophomores, 22% were seniors, 10% were freshmen, 15% were juniors.
• 10% of those who took the test answered all the questions correctly.
• 5% of those who took the test did not return. For now. keep smiling!

Nobel prize winner
Lorenz dies at age 85

"The best thing a father can do for his children is love their mother."

He was a man of genius, the founding father of ethology, and he's dead. Konrad Lorenz, who is best remembered by psychologists and psychology students worldwide, died February 28. He was 85 years old. The 1973 Nobel Prize recipient was best known for his discovery of the process known as "imprinting," the rapid and most irreversible learning process that occurs in early childhood, bonding animals to their biological mothers.

But Lorenz showed the process could be changed, demonstrating that mallard ducklings, for example, would happily trailed after a human who greeted them shortly after birth and imitated quacking.

To millions of his followers, Lorenz was affectionately known as the "father of the gray geese." His most controversial findings suggested that innate and instinctive behavior in animals, such as aggression, may be instinctive in humans as well.

Experiencing a sense of control over the work environment is absolutely essential to job satisfaction. To some extent, you have the opportunity to participate in job-related decisions, to control the pace and scheduling of your work, and to the extent that your job allows you the opportunity for independent creative thought and action, translates, to an enormous degree, your feelings of job satisfaction or dissatisfaction. Perceive your job as the one thing you are currently vulnerable to work stress.

In collaboration with fellow employees and management, be enthusiastic about your job, and see the positive aspects of the work and you'll sense an abundance of job satisfaction and significant decline of work stress.

◊ AIDS survey

The three questions most frequently answered incorrectly were:
1. You cannot tell if someone is HIV-positive or not.
2. 62% of the males and 58% of the females answered incorrectly.
3. 31% were ages 18-33, 52% were ages 34-49, and 6% were 50 and above.

At the present time, the only ways to catch AIDS is by having sexual intercourse with an infected person, using the same non-sterile needles, or a mother passing it on to her unborn child.

You're 23 and already bemoaning the fact that you're uncertain as to the right career choice. Don't despair! Although most people assumed that Albert Schweitzer always wanted to be a physician and help the less fortunate in French West Africa, he switched career tracks several times before beginning medical studies at age thirty. He started as a musician, then a theologian, and a writer. Feeding the hungry, he hitchhiked to the lifeline of a student who spent seven years in rigorous medical training. He was almost 40 when he dropped out of medical society to become a jungle doctor to the less fortunate.

Determined that it was never too late to learn, he spent the last forty years of his life giving life to a physician to others. He died at age 90. And you're groaning at 23 that you haven't carved your niche in the career hall of fame!? Experiencing a sense of control over the work environment is absolutely essential to job satisfaction.

PSYCHOLOGICALLY YOURS

Nobel prize winner

Lorenz dies at age 85

"The best thing a father can do for his children is love their mother.",

He was a man of genius, the founding father of ethology, and he's dead. Konrad Lorenz, who is best remembered by psychologists and zoologists around the world, died February 13, 1989, at age 85 years old. The 1973 Nobel Prize recipient was best known for his discovery of the process known as imprinting, the rapid and most irre-versible learning process that occurs in early childhood, leading animals into biological relations. But Lorenz showed the process could be changed, demonstrating thermonuclear fusions, for example, would simply make a human who had been born to fully emerge after birth and avoid germination.

In millions of his lifetimes, Lorenz was affectionately known as "the father of the gray geese," his most controversial finding being that it is difficult to study behavior in animals, such as aggression, may be transcendent in humans as well. "Good-bye and good luck. Those are unanswerable."

Sam enjoys walking in the park, playing ball, nights out with the boys, and casual sex.

And he’s only three. He’s also one of the sexually active house pets responsible for some 13.5 million unwanted dogs and cats being put to death each year. That’s the cost of not having your pet spayed or neutered.

Fixed. That’s the only way to reduce the sad number of ownerless dogs and cats destroyed this year. And it will also increase your pets’ chances of living a longer, healthier life. That responsibility is yours alone. You could lose your hogs from acting naturally. But if you love them, you’ll have them fixed.

Talk to your veterinarian. Or contact the MSPCA for information on a low-cost spaying or neutering procedure.

- They should be typed at 12” by 1” paper, double-spaced, with a one-inch margin.

- Entries must be received by the October 15 deadline date.

- The essay form and the composition should be sent to the NOW Foundation essay contest.

- All entries must be accompanied by a completed entry form.
Rain postpones Baseball team’s games...again

By Bryan Hayes

Community staff

Almost all of the sporting events which were supposed to play this weekend were washed-out, and the Bridgewater State Baseball team was no exception. Their last five games have been rescheduled.

In the first game, the Bridgewater State Baseball team was scheduled to travel to Massachusetts College at Dartmouth, Mass. Maritime, and North Adams State. The game was canceled due to rain and wet field conditions.

The only game the team has played during the past week was one against Eastern Nazarene College on April 6. Bridgewater was the game by a score of 7-1. Leading the scoring for the Bears was outfielder Mike Coller, who went 4-for-5 and had three runs batted-in. Ted Cleary, 3 for 4 and 2 RBIs, and first baseman Tim Plante, who went 3 for 4 and had three RBIs, including a home run. Heart’s third baseman, Dave East, also had 2-for-4, from home run. BSC jumped out to an early lead in the second inning, scoring 3 runs off in-home run, which scored three runs.

Eastern Nazarene would go on to the first two runs in the top of their sixth inning, as would the Bears in the bottom half of the eighth.

For the day, Whitman had four errors, while right pitchers Mike Lourie and Doug Bement had four and one, respectively. This was the second consecutive game the Bears have played with Eastern Nazarene, and both games will be on Thursday, April 20 against Southeastern.

Game two begins at 3 p.m. at Legion Field. Game three will include a doubleheader, on April 15, at 5 p.m. at Ashland State. The Bears would go on to lose the game in the bottom half of the eighth.

Rain postpones Baseball team’s games...again

By Ryan Hayes

The only gain the team had during the past week was a win and a tie. The Bears was able to make the extra point due to strong winds. Newport moved downfield and kicked the ball to the Bears in the bottom half of the game.

Almost all of the sporting events which were supposed to play this past weekend were canceled. The Bears was able to make the extra point due to strong winds. Newport moved downfield and kicked the ball to the Bears in the bottom half of the game.

Penalties in the game were rare. The Bears was able to make the extra point due to strong winds. Newport moved downfield and kicked the ball to the Bears in the bottom half of the game.

It looks like the weather will be improving. The bears is forecasted to have a good game. There are no plans for any other sports events.

Women's rugby continues winning streak

By Ronda Davis
Sports staff

The Bridgewater State Women's rugby team, currently in fourth place, is off to their best start in a while. Successful seasons were their second chance of the season of the University of Maine. Starnes' conditions were far from perfect as the teams battled in 80's. Field with inches of raw. The game was a tough game for both teams as the rain made it hard to handle. Bridgewater did manage to keep the ball on the hand more than half the time. However, the weather seemed to be against them as they ran the ball. Starnes won the majority of the ball. Passing the ball had been a problem in the past.

Earlier in the game, after winning BSC line out, they worked down field. Flanker Kathleen Cashie carried the ball into the end zone, unfortunately she was tackled on the way.

BSC wouldn't go up. Starnes Women's rugby defeated BSC 14-0 to score 4 points. The conversion kick was short. Last half the BSC would score. A penalty against Maine gave BSC the ball. Allen caught Maine off guard by quickly going straight up through the scrum. Maine was in the lead and the BSC would score another 2 points.

A second half was tough as the field conditions worsened making running a tough task. BSC did score again when Rachel Dickey, Hiedenfelter, playing in her first game, ran in for a try. This was a sign of team play as some seniors, Sumerwe, Denise Murphy, Andrea Buckman, Maggie Shakti and Casey, all worked well.

The Lady Bears also completed a try against Maine, Co-captain Renee Buckman, Maureen Sullivan, Cathy Schelfield, Debbie Marshall, Connie Devalle, Vanessa Erickson, one of the hearts of the team are Cy Young winner Kirby Puckett and Kent Hrbeck. The defense worked down field. Flanker Kathleen Cashie carried the ball into the end zone, unfortunately she was tackled on the way.

BSC's Women's Lacrosse Team

By Angela Cornacchioli
Sports staff

The Women's Lacrosse Team had a good game against Springfield College 6-4. The Lady Bears placed this home opener on the second day of April. The game had been scheduled for Saturday, April 9, but had to be postponed due to snow. The game was a tough one with both teams making efforts on their own territory. The Lady Bears' offense was successful on 12 of 26 shots against the Springfield College goalie. The Lady Bears did manage to get their share of the ball more than the Springfield College goalie did. The Lady Bears scored on a goal by Kathleen Cashie, followed by a goal by Joanne Joanne Smith.

The second half was breakthrough as the Lady Bears experienced and gave the ball to Joanne Smith. The Lady Bears defense allowed only one shot on goal in the second half. The BSC offense scored exactly one goal for every two goals scored by the Lady Bears. The Lady Bears' offense was successful in scoring 12 of 26 shots against the Springfield College goalie. The Lady Bears did manage to get their share of the ball more than the Springfield College goalie did. The Lady Bears scored on a goal by Kathleen Cashie, followed by a goal by Joanne Smith.
