Tinsley begins presidency July 1

By Bryan Hayes

The Board of Trustees is pleased to appoint Dr. Adrian Tinsley as the tenth President of Bridgewater State College," stated Carol Pur, Chairman of the Board of Trustees. Tinsley has accepted the nomination and will assume the presidency on July 1, when her term of office as a member of the Board of Trustees in New Jersey. Tinsley has attended the college numerous times since her acceptance in January, most recently during the completion of the 150 Academic Calendar, by the Academic Planning Committee. She stated that "Bridgewater State College has a very bright future." and says to those at the college in Michigan, Currently, Tinsley is the Executive Vice President and Provost of Glenmore State College. She will not, however, assume the presidency at BSC until the July 1 deadline. She is committed to Glenmore until that time.

Tinsley not only becomes the tenth president of the college, but also the first woman president in 150 years. Tinsley will follow in the footsteps of Dr. Arthur Clarke Boyd, Jr., Dr. Zenos Scott, Dr. John Kelly, Dr. Clement C. Maxwell, Dr. Nicholas Tillinghast, Dr. Marshall Clark Boyden, Jr., Dr. Zenos Scott, Dr. John Kelly, Dr. Clement C. Maxwell, Dr. Nicholas Tillinghast, Dr. Marshall Clark Boyden, Jr., Dr. Adrian Tinsley, and Dr. Gerard Indelicato.

Tinsley has been scheduled for the October 14-16, the official day and day of the ceremony has yet to be determined by the Board of Trustees. Currently, Tinsley is the Executive Vice President and Provost of Glenmore State College. She will not, however, assume the presidency at BSC until the July 1 deadline. She is committed to Glenmore until that time.

This college is long on tradition... and there are keen and enthusiastic students, along with a brilliant faculty at this institution." —Dr. Adrian Tinsley

Andersen discusses his role as Student Trustee

By David Flannery

During the Student Government Association's election, Greg Anderson was chosen to be the new student member trustee on the Board of Trustees. Anderson is currently a member of the Student Senate and the Student Activities Council. He is a senior majoring in Business Administration and hopes to attend law school after college.

Andrews also plans to run for the senator position. He said, "I've already been in touch with F. Scott Scott. I also plan to meet with the current trustees, introduce myself, and ask what questions they are thinking of."

This, in tum, makes him feel like he is good touch with the students of BSC saying "I want the student's experience to be open." Anderson also plans to meet with the current trustees, introduce himself, and ask what questions they are thinking of. To be in touch with F. Scott. He also hopes that he will like to see at some other meetings for student to talk with him.

In preparation of taking over as student trustee, Anderson already attended a mandala line of many questions when necessary and make sure that the faculty is particularly clear for all student and undergraduate students. "I want to be a voice for the students," he said, "and to clarify questions for the entire student body.

Because he speaks for the student body, Anderson realizes that even as a member, "I am still a college student and I have problems and understand an issue. In fact, if I don't, if students want change or more information, or if they want to be maintained, I want the trustees to know that." Anderson, a Resident Advisor at DeSoto Hall, says that he feels he is good touch with the students of BSC saying "I want the student's experience to be open." Anderson also plans to meet with the current trustees, introduce himself, and ask what questions they are thinking of. To be in touch with F. Scott. He also hopes that he will like to see at some other meetings for student to talk with him.

The new residence halls, shown here under construction, will be opened this fall, allowing over 600 students to move in and live. Seen here is "the A" (South) building, and its soon to be landscaped courtyard.

Clarification
Dear Reader:

This is to clarify for any mischaracterizations caused by our publication on the Amity McNeil story which appeared in The Comment on Thursday, May 18.

Amity McNeil, an Alumnus of the Bridgewater State College, has been found guilty of the charges of kidnaping a minor and false imprisonment.

The action of the court will be fully explained in the pages of The Comment in the coming weeks.

Sincerely,

The Comment
AIDS.\n
Are you interested or involved in an irrational relationship? If so, the Indiana University Magazine is for you. It is addressed to students, alumni, and friends of Indiana University. The next issue of the magazine will be published in 1989.

As a staff member, I would like to express my thanks to everyone who has helped make this issue possible. Without their support and cooperation, this magazine would not be possible.

I hope you enjoy the articles and features in this issue.

Best regards,

Clariaption

Dear Reader:

This is to clarify an opinion editorial that appeared in The Comment, on June 1989. The article was written by the author, and the title of the article was "Living with AIDS: A Personal Story." The author's name is not provided, but it is assumed to be Caitlin Andrews.

The Comment is a student-run newspaper that publishes articles on a variety of topics, including health, lifestyle, and social issues. The newspaper is published weekly and is distributed to all students, staff, and faculty of Indiana University. It is a valuable resource for students who are interested in staying informed about current events and issues affecting their community.

The Comment strives to provide accurate and objective reporting, and it encourages open dialogue and respectful debate on important issues. It is a platform for students to share their perspectives and engage in meaningful conversations with their peers and the broader community.

In conclusion, The Comment is an essential resource for students and the community at large. It provides a forum for sharing ideas and opinions, and it promotes a spirit of inquiry and critical thinking. The newspaper is a testament to the vibrant and diverse intellectual life of Indiana University.

Sincerely,

The Comment
Thursday, June 1, 1989
By John R. Burns, III

With the completion of our final issue for the 1988-89 year, the annual orientation time, as we The Comment complete the paper's 62rd year of publication.

Times have not always been easy. There have been triumphs, and there have been tribulations. The paper has survived staff shortages, lack of funding, even a World War. In past years we have borrowed under six, soon to be seven, college presidents, and it has witnessed the growth of the institution from a "State Normal School," to a "State Teachers' College," to a "State College." It has received numerous awards for typography, design and editing, and it has faced, and overcome, several special-interest groups over the years.

Founded in 1927 by "Clara B. Bridgewater Normal School," the paper's original goals were set forth in the first issue by staff writer Lucille Benson: They included "planning" or writing for "Normal Offering," the literary magazine/weekly that was then on campus. "It was to serve as a bulletin of school events, in which each class better acquainted with its schools interests of other classes," and gaining experience in the field of journalism.

Benson wrote. (Indelicato, as well as the events of) writing for Reports on and by each of the MassPIRG have drawn hundreds of letters from the paper's readers. Christmas, Homecoming, Orientation, and the 1989 centennial, when the editors felt that something was too important to wait. Other features have included Christmas, Homecoming, Heritage Day, and Orientation issues, as well as the now-familiar MassPIRG Campus pages, in which we made back to the staff of dedicated staff, as well as new members who contribute to the paper. At some time, the paper has grown physically, as well. Originally one to two pages per issue, this interest saw The Comment average two pages each week, including our "Far Side," and have grown to more than 5,000 students in 1956, to over 5,000 today.

Where the college, or The Comment, will go from here is anybody's guess, but with the help of dedicated staff, as well as new members like you and me, the college is sure to be, if not the best in the country, then certainly the best in the world.

We hope that our paper will be just as important to you as it is to us, to the students, and to the administration. It is our hope that the college will continue to be successful...

"We hope that our paper will be just as important to the students, to the college, and to the administration. It is our hope that the college will continue to be successful..."
n this world, everyone has their own unique way of looking at a day. Sometimes it's good to look and see what it's like through the eyes of others. For example, children have a view of the world that is like no other.

On Wednesday, April 25, 1989, members of the Burnell School Photography Club set out to capture, on film, what they viewed during a day in their life, to share with others.

The Photography Club consists of children from grades three through six, who enjoy taking photographs as well as printing their own work. They learn from Mr. Richard Gopen. In this club, they are supplied with school cameras, if needed, so everyone has an opportunity to join and to experience the fun. These photographs are small samples of their picture-taking and printing talents. They also have photographs on display in the Burnell School Library for everyone to enjoy. So enjoy what you see, and think... has it really changed that much?

8:35 a.m. Burnell students look forward to another day of school.

9:50 a.m. Brian Alves and Jillian Bozza in Ms. Wood's grade 5-6 class are working on their wax mandalas in art class.

10:40 a.m. “Where is that card?” asks Melissa Owens (behind library desk) when she tries to help fellow 4th grader, Melissa Ricci.

Psychology Club is fully organized and looking towards future opportunities

Contributed by Michelle Sarino
President

The Psychology Club has spent the past few years organizing, so that next year the club has a lot of things planned. During the past year, we have had a speaker from the Career Planning and Placement Office talk with us about job opportunities. We also plan to go on tours and learn about internships and job opportunities.

The Psychology Club also sponsored an Industrial/Professional Career Night with the Career Planning Office. We visited the career planning offices and learned about internships and job opportunities. Career Night with the Career Planning Office was held on April 15th at 4:30 p.m. in the Student Center.

The Psychology Club is open to all students interested in psychology. The club meets every Tuesday at 4:30 p.m. in the Student Center.

Communications Club

The Communications Club will be holding a raffle, which will be held at 4:00 p.m. on Thursday, June 1st, at the Student Center. The raffle will be held in honor of our outgoing president, John Smith. We are also planning to hold a several talks and workshops to help students improve their communication skills.

TKE prepares for next semester’s events

Contributed by Larry Hubach President

TUA Kappa Epsilons Fraternity would like to welcome that in a very similar way that our terms in the fall of ’89. TKA is looking at qualified new members to actively participate in the making of the strongest fraternity at Bridgewater State College.

Along with being the newest fraternity on campus, TKA, in addition to the largest national fraternity in the world with over 300 chapters in the U.S. and Canada, TUA Kappa Epsilon has over 75,000 brothers. Alumnae include: Ronald Reagan, John F. Kennedy, Elvis Presley and Senator Ted Kennedy.

Fraternities and Sororities

Membership in TKA is open to all men who meet the qualifications of the fraternity. We are looking for men who are willing to work hard, be involved in campus activities, and support each other.

The TKE chapter at Bridgewater State College has over 200 members. We are looking for new members to join our brotherhood. We offer opportunities to participate in community service, intramural sports, and social events.

Gamma Phi Beta National Sorority

What is a sorority? As an incoming freshman or transfer student, you may be wondering about sorority membership. A sorority is a group of girls who share a common bond and friendship. Each girl pledges into the sorority, and in the end becomes a sister.

Gamma Phi Beta is a National Sorority located at Bridgewater State College. We are a group of women who are dedicated to making our campus a better place. We are always looking for new members to join us.

Gamma Phi Beta at Bridgewater State College has over 100 members. We are looking for new members to join our sorority. We offer opportunities to participate in community service, intramural sports, and social events.

Theta Chi

Would like to thank all Greek members and organizations at Bridgewater State College for all their support in making Theta Chi a national chapter.

They are the future of our nation's political landscape. They are the leaders of tomorrow. They are the ones who will shape our world for years to come. They are the ones who will make the decisions that will affect us all.

Do you want to be a part of this? Do you want to be a part of something bigger than yourself? Do you want to be a part of Theta Chi? If so, come and join us. We will show you what it's all about.

Theta Chi at Bridgewater State College has over 150 members. We are looking for new members to join our fraternity. We offer opportunities to participate in community service, intramural sports, and social events.

Attention Incoming Freshmen

Contributed by Ron Dumont, Rush Chairman

Congratulations on your high school graduation and on your decision to attend Bridgewater State College. With four years of experience and opportunity awaiting you here at Bridgewater, there are undoubtedly many questions running through your mind.

One question with which we at Sigma Chi can help you is whether or not to join a fraternity. The best way for you to make such a decision is to become acquainted with the leaders of our chapter and to learn about the fraternity system here, at Bridgewater. Our aim is to let you see what fraternities really are, what they stand for, and how fraternities can help you.

We will be looking for you over the next couple of days to answer any questions you may have about the college or in particular about fraternity life. If you have any questions between now and the beginning of school, please feel free to contact me at (508) 697-6419.

Again, congratulations on your acceptance into Bridgewater State. We are looking forward to meeting and assisting you in any way possible. We'll see you in the fall.

What Sigma Chi is and what it stands for as a fraternity

There are 210 active campus chapters of Sigma Chi across the continent. Sigma Chi is a leader in collegiate education with a 1934 charter as a member of the Panhelmenic Federation. Sigma Chi is also active in providing scholarships and awards to all members and chapters.

The overall goal of Sigma Chi is to maintain and enhance a chapter program and operate with the highest standards of excellence in all areas of our chapter. The Sigma Chi is a chapter that is actively involved in community service and is an integral part of the local community.

If you would like more information about Sigma Chi, please fill out this form and give it to Ron, Doug, or Jeff. We look forward to hearing from you.
Attention Incoming Freshmen

Contributed by Ron Dumont, Rush Chairman

Congratulations on your high school graduation and on your decision to attend Bridgewater State College. With four years of experience and opportunity awaiting you here at Bridgewater, there are undoubtedly many questions running through your mind.

One question with which we at Sigma Chi can help you is whether or not to join a fraternity. The best way for you to make such a decision is to become acquainted with the leaders of our chapter and to learn about the fraternity systems here, at Bridgewater. Our aim is to let you see what fraternities really are, what they stand for, and how fraternities can help you.

We will be looking for you over the next couple of days to answer any questions you may have about the college or in particular about fraternity life. If you have any questions between now and the beginning of school, please feel free to contact me at (508) 667-6619. Again, congratulations on your acceptance into Bridgewater State. We are looking forward to meeting and assisting you in any way possible. We'll see you in the fall.

Sigma Chi Wants YOU!

Mom's glad son chose Sigma Chi

The mother of a Sigma Chi fraternity undergraduate wrote the following letter to the fraternity in 1984:

"I would like to say how pleased I am that my son chose to become a Sigma Chi. He insisted that I read your pledge manual, and I was delighted to learn about your ideals. I gave you a boy; you are giving me back a man. I know the Sigma Chi experience has helped him to grow and mature in an honorable manner. I thank you for the influence you have been on him and his brother Sigs. They are all impressive young men and will always be welcome in our home.

What Sigma Chi is and what it stands for as a fraternity

There are 210 active campus chapters of Sigma Chi across the continent. Sigma Chi is a leader in maintaining and enhancing a strong and very positive reputation in which all members and chapters have confidence.

Pledging Sigma Chi is a process of learning, inspiration, and achievement, not of hazing, degrading, or humiliating activities. While each pledge must demonstrate his ability and willingness to be a responsible member to qualify for initiation, Sigma Chi is accomplished only in a positive and constructive manner.

Sigma Chi is a leader in maintaining and enhancing a strong and very positive reputation in which all members and chapters have confidence.

Fraternity, as of June, 1989, located in 44 states in the United States and four provinces in Canada, making it an international fraternity. Since its founding in 1855 at Miami University in Ohio, the fraternity has initiated more than 200,000 men, of whom 156,000 student and alumni members are living in all parts of the world. There are also 132 active alumni chapters all across the continent. Sigma Chi is a leader in maintaining and enhancing a strong and very positive reputation in which all members and chapters have confidence.

The overall goal of Sigma Chi is to maintain and enhance a strong and very positive reputation in which all members and chapters have confidence. -Visits and consultation with chapter programs and operations by trained alumni and Headquarters staff consultants.

- Memberships in Sigma Chi are open to men of all races, backgrounds, and affiliations.

-Numerous chapter and individual scholarinship incentive awards and cash prices in many chapters, in addition to the scholarship grants and discounts available to all members and chapters across the continent.

If you would like more information about Sigma Chi, please fill out this form and give it to Ron, Doug, or Jeff. We look forward to hearing from you.
Tinsley begins presidency July 1

This College is long on tradition... and there are keen and enthusiastic students, along with a brilliant faculty at this institution."

—Dr. Adrian Tinsley

Tinsley has been scheduled for the weekend of October 14-15. The official day and start of the college has yet to be determined by the Board of Trustees. Currently, Tinsley is the Executive Vice President and Provost of1 Glenwood State College. She will not, however, assume the President of Boston 1 until the July 1. Dr. Tinsley was in residence at Glenwood until that time.

Tinsley not only becomes the ninth president of the college, but also the first woman president of the institution. Within 150 years history, Tinsley will follow in the footsteps of Dr. Arthur Clarke Boylston, Dr. Arthur Clarke Boylston Jr., Dr. Jesse Scott, Dr. John Kelly, Dr. Carmen C. Moseley, Dr. Nicholas Tiltingham, Dr. Marshall Com- mon, Dr. Adrian Reischman, and Dr. Gerald Hendricks.

Andersen discusses his role as Student Trustee

By David Flanner

During the Student Government Association's elections, George Andersen was chosen to be the student trustee over Maria Medrano, in a vote of 608-307. Andersen will take office next week, as he is sworn in for the current term, F. Scott Long, leaves his position July 1.

Now that Andersen has won the election, he faces the task of having to work with the other trustees and to be as part of the board as any other member since he attends all board meetings and helps to make decisions. In fact, makes his voice an important one as it represents the student voice.

But being honest, the election, Andersen says, "I'm very excited. In the past week or so, I've been overwhelmed by the response of the people." He also thanks all those who voted for him and those who voted for him, because, in his words, "that what makes it competitive."

Andersen says he has no position within the board and is under- standing that fact, in fact, the voice of the students. Andersen says "my main concern is for the students." He also adds that he will ask many questions when necessary and make sure that pro- posals are clear for all students. "I won't be- line to ask questions," he said, "and it's clear that students are the entire student body." Because he speaks for the school body, Andersen makes clear that he is as a member, "I am still a college student and I wasn't trained I understand an issue, but, in fact, I don't. If students want change or status quo to be maintained, I want the means to know that.

Andersen, a Resident Assistant at Shea Durgin Hall, says that he feels that he is in good touch with the students of ISC saying "living on campus in a dormitory gives me an advantage and an opportunity to spend a lot of time with students." His words, "I don't plan to jump the committee chair, but talk to students, understand, and ask what students are thinking." To be in even more touch, he says he would like to set up some more times for students to talk with him.

In preparation of taking over as student trustee, Andersen already received information from student unions, Carole Plian, and has also received several formal communications from the office of information, including agenda for future meetings. On top of this, he says, "I have been in touch with F. Scott to get an overview of his experiences." His first meeting as student trustee will be on July 12.

Residence Halls will open in fall

Six hundred more students will be housed in new buildings

By John R. Rums, III

Nearly a full year after construction began, the hall at Great Hill, the newest addition to Bridgeport State College's housing options, will be opened.

The newly completed ten-mi- domes, currently referred to as "Building A" and "Building B", will be available for the occupancy "convinent, and the field of new buildings". In the existing dormitories, there is also new seating arrangements for the existing residents. Other aspects of the design include included new, comfortable furniture, and the ability to furnish much like any other dorm, with a bed, chest, etc. The Comment
