Bruises

By Sushmita Dutta

About the Artist

My name is Sushmita Dutta. I am 29 years old. I am currently working in PRADAN (Professional Assistance for Development Action), a civil society organisation which focuses on grassroots development with disadvantaged communities, specifically women. I have been working towards women's empowerment and have my own understanding and observations of women and their relationships with gender. I work in one of the most remote areas of Jharkhand, India and believe that women can learn to be bold, strong, and beautiful. I, myself being a woman, envision every woman flying high and believe that 'THEY CAN'.

Description

This piece of work has been painted on a 36" wide and 24" tall white board canvas with acrylic colors. The painting is titled 'Bruises'. Three women have been painted who have faced some form of violence that has left bruises on their skin, body, brain, and spirit.
