Action by the Educator Licensure Office

All completed applications seeking licensure are sent to the Educator Licensure Office in the College of Education and Allied Studies. After reviewing these applications, decisions are given to the Graduate Admission Office.

Action by the College of Graduate Studies

The Graduate Admission Office, after reviewing the recommendations of the academic department and, if applicable, the Educator Licensure Office, notifies applicants of the action taken.

Transfer Credit

Transfer credit at the graduate level is defined by the College of Graduate Studies as appropriate graduate credit taken at an accredited institution other than Bridgewater State University prior to or after acceptance to a Bridgewater State University graduate program.

Prior to matriculation, students can enroll in up to 6 credits in programs with thirty nine or fewer credits. In programs requiring forty or more graduate credits, students may enroll in up to 9 graduate credits. This policy allows interested graduate students to sample a BSU academic program before making a full commitment to graduate study.

Students are encouraged to contact the appropriate graduate program coordinator of choice.

No more than six graduate credits, taken both prior to and after acceptance, can be transferred from other graduate schools. Students should make every attempt to enroll in Bridgewater State University graduate courses. These credits include any credits earned in courses in which students are enrolled at the time of acceptance. It does not include prerequisites. Program exceptions are noted in the appropriate department sections of this catalog.

Approval of transfer credit is subject to the following conditions: 1) that not more than six credits being transferred are from an accredited institution other than Bridgewater State University; 2) that a grade of "B" or better has been earned in all courses being transferred; 3) that courses being transferred have not been used to fulfill the requirements of another degree and 4) that graduate transfer credits may not be more than six years old at the time program requirements are completed.

All courses to be used as transfer credit in a graduate program must have the approval of the students' advisers and graduate program coordinators prior to submitting for final approval to the College of Graduate Studies. Transfer credits should be properly recorded on the students' Graduate Program Proposal forms. An official transcript of courses taken at another institution must be on file in the Graduate Admission Office.

Continuation or Interruption of Course Registration

Graduate students have 6 years to complete their degree programs. Should graduate students not enroll in courses during the fall or spring semesters, students will be considered inactive. If students are deemed inactive and wish to register for courses, they must complete a reinstatement form available at www.bridgew.edu/COGS/forms.cfm. This policy is designed to ensure appropriate academic advising and counseling for all graduate students enrolled in degree programs as well as non-degree students.
