Bulletin of Bridgewater State College
1974-75 CALENDAR OF THE GRADUATE SCHOOL

FALL TERM 1974

SEPTEMBER

3 Tuesday ........ General Faculty Meeting.
4 Wednesday .... Classes begin—Day Session.
5 Thursday ...... Late Registration—Day Session (1-3 pm).
6 Friday ........ Last day for receiving completed applications for October admission.
6, 7 Friday, Saturday Registration—Continuing Education.
9 Monday ....... Classes begin—Continuing Education.
10 Tuesday ...... All College Committee Meetings (11:00 am).
17 Tuesday ...... Fall Convocation (11:00 am).
24 Tuesday ...... Last day for changes in registration—Day Session.
27 Friday ....... Last day for filing for the November Comprehensive Examination.
28 Saturday .... Last day for changes in registration—Continuing Education.

OCTOBER

7 Monday ........ Orientation meeting for applicants for master's degree programs in elementary education, elementary school mathematics, guidance, reading, school administration, special education, and special education—learning disabilities (4:00 pm, Demonstration Room, Boyden Hall.)
14 Monday ....... Columbus Day—no classes.
15 Tuesday ...... Monday Class Schedule—Day Session.
25 Friday ....... First Quarter ends.
26 Saturday .... Graduate Record Examinations (Lecture Hall, Conant Science Building).
28 Monday ....... Veteran's Day—no classes.
29 Tuesday ...... Second Quarter begins.

NOVEMBER

1-30 ........ Comprehensive Examinations.
14 Thursday .... Advanced Day Session registration for Spring Term (1975) begins.
26 Tuesday .... Thanksgiving Recess—begins at close of classes.

DECEMBER

2 Monday .......... Classes resume.
2 Monday .......... Last day for filing Application for Degree for students who expect to receive the diploma in February.
12 Thursday ...... Fall Term examinations begin—Day Session.
13 Friday ........ Last day for filing Petition for Acceptance of Transfer Credit for students who anticipate the completion of degree work in May.
14 Saturday .... Graduate Record Examinations (Lecture Hall, Conant Science Building).
16 Monday ....... Advanced Continuing Education registration for Spring Term (1975) begins.
19 Thursday ...... Last day of Fall Term in Day Session and Continuing Education.
1974-75 CALENDAR OF THE GRADUATE SCHOOL

SPRING TERM 1975

JANUARY
6, 7 Monday, Tuesday . . . . . . . . Registration—Continuing Education.
13 Monday . . . . . . . . Classes begin—Continuing Education and Day Session.
14 Tuesday . . . . . . . . Late Registration—Day Session (1-3 pm).
31 Friday . . . . . . . . Last day for changes in registration—Day Session.

FEBRUARY
3 Monday . . . . . . . . Last day for changes in registration—Continuing Education.
14 Friday . . . . . . . . Last day for filing Application for Degree for May Commencement.
17 Monday . . . . . . . . Washington's birthday—no classes.
28 Friday . . . . . . . . Last day for filing for the April Comprehensive Examination.

MARCH
7 Friday . . . . . . . . Third Quarter ends.
10 Monday . . . . . . . . Fourth Quarter begins.
21 Friday . . . . . . . . Spring Recess begins at close of classes.
28 Friday . . . . . . . . Last day for receiving completed applications for May admission.

APRIL
1-30 . . . . . . . . Comprehensive Examinations.
7 Monday . . . . . . . . Classes resume.
21 Monday . . . . . . . . Patriot's Day—no classes.
22 Tuesday . . . . . . . . Orientation meeting for applicants for master's degree programs in elementary education, elementary school mathematics, guidance, reading, school administration, special education, and special education—learning disabilities (4:00 pm, Demonstration Room, Boyden Hall.)
26 Saturday . . . . . . . . Graduate Record Examinations (Lecture Hall, Conant Science Building).

MAY
1 Thursday . . . . . . . . Advanced Continuing Education registration for Summer Term Sessions I and II (1975) begins.
14 Wednesday . . . . . . . . Reading Day—Day Session.
15 Thursday . . . . . . . . Spring examinations begin—Day Session.
22 Thursday . . . . . . . . Spring Examinations end—Day Session.
22 Thursday . . . . . . . . Last day of Spring Term in Continuing Education.
23 Friday . . . . . . . . Last day for filing for the July Comprehensive Examination.
24, 25 Saturday, Sunday . . . . . . Commencement Weekend.
27, 28 Tuesday, Wednesday . . . . . . Continuing Education Registration for Summer Term Sessions I and II (1975) begins.
30 Friday . . . . . . . . Last day for filing Petition for Acceptance of Transfer Credit for students who anticipate the completion of degree work in August.

### 1974-75 Calendar of the Graduate School

#### Summer Term 1975

**June**
- **2** Monday: Summer Session I begins.
- **2** Monday: Last day for filing Application for Degree for students who expect to receive the diploma in August.
- **5** Thursday: Last day for changes in registration for Summer Session I.
- **21** Saturday: Graduate Record Examinations (Lecture Hall, Conant Science Building).

**July**
- **1-31** Comprehensive Examinations.
- **3** Thursday: Summer Session I ends.
- **7** Monday: Summer Session II begins.
- **10** Thursday: Last day for changes in registration for Summer Session II.

**August**
- **15** Friday: Summer Session II ends.
- **15** Friday: Last day for filing Petition for Acceptance of Transfer Credit for students who anticipate the completion of degree work in February, 1976.

This Bulletin is a guide for information and not a contract. The College reserves the right to change requirements for degrees, prerequisites, fees, scheduling, and related matters. All such changes are implemented in such a way that any new curricular requirements will work no hardship on a student who has entered under an earlier set of requirements.

Bridgewater State College shares the national tradition of providing high quality education supported in large part by the State. Serving qualified students throughout the Commonwealth and particularly those living in the southeastern area, the College is committed to encouraging the broad educational preparation which is essential for making a maximum contribution to profession, community, and nation, and for developing a sound personal life.

Bridgewater strives to provide an atmosphere of integrity, justice, and social concern and to develop within the student a self discipline which will be evident beyond the classroom. In addition to stimulating his intellectual curiosity, Bridgewater State College also provides the student with the opportunity to understand and appreciate the major contributions to man’s knowledge of himself and of the physical and social world in which he lives.

It is the stated policy of the Board of Trustees of State Colleges that in matters of college admissions, all individuals will be evaluated on their merits without respect to their race, color, creed, national origin, age, or sex, as prescribed in applicable federal and state law.

Bridgewater State College holds membership in the New England Association of Colleges and Secondary Schools and the New England Conference on Graduate Education, and is on the approved list of the American Chemical Society.

The College is located in the town of Bridgewater, a pleasant residential community located three miles from an expressway leading to major highways to New York, Boston, and Cape Cod. Motoring time to Boston is approximately forty-five minutes; to New York, four and one-half hours; and to Cape Cod, one hour; bus service to Boston is available.

ADMINISTRATIVE ORGANIZATION OF PROGRAMS

The College conducts a day session for full-time undergraduates and a limited number of graduate students, as well as afternoon and evening programs for full-time and part-time undergraduate and graduate students. The latter programs are for students who wish to take courses for self-improvement or certification, or for those who have been accepted in an undergraduate or graduate degree program.

Information relative to graduate degree programs may be obtained by writing or telephoning (697-8321 x 301) the Assistant to the Dean of the Graduate School.

DIVISION OF CONTINUING EDUCATION

The Division of Continuing Education schedules courses for undergraduate, graduate, and audit credit, as well as non-credit courses. Information and guidance relative to graduate degree programs are not given through this Division.
Most graduate students earn all of their credits in courses offered through the Division. Classes are conducted Monday through Thursday, afternoon and evening, during the fall and spring terms. Summer session classes are also scheduled by the Division of Continuing Education. It is essential that graduate students obtain the Division's brochure prior to each term (fall, spring, and summer). Information relative to course offerings, office hours, course registration, tuition and related matters will be found in this brochure.

Students are limited to a maximum of two courses (six-eight credits) during each summer session. It is strongly recommended that students who are employed on a full-time basis and are taking courses carrying graduate credit should enroll for a maximum of two courses or six credits during the fall and spring terms.

Fall and spring classes in the Division of Continuing Education are scheduled between the hours of 4:30 p.m. and 10:00 p.m., Monday through Thursday, and from 9:00 a.m. to 12:10 p.m. on Saturday. Each course meets once per week.

Summer school classes are scheduled by the Division of Continuing Education between the hours of 8:00 a.m. and 1:45 p.m., Monday through Friday, and from 7:00 p.m. to 10:00 p.m. on Monday, Wednesday and Thursday of each week. Morning courses meet five times per week and evening courses meet three times per week.

Students who have been admitted by the Graduate School to a master's degree program at Bridgewater State College may register for courses in advance by mail. Students who wish to register in advance should obtain a registration form for each course at the Division of Continuing Education Office. Changes in scheduling will be announced at registration or as soon thereafter as possible.

Courses marked G are strictly graduate courses, whereas those designated UG may be taken for either undergraduate or graduate credit. In order to enroll in a G course or to obtain graduate credit in a UG course, a student must hold a bachelor's degree from a four-year college and, at the time of registering for such a course, indicate on the registration form his intention of taking it for graduate credit. Courses marked U are strictly undergraduate courses, and may not be taken for graduate credit.

Successful completion of graduate courses does not obligate the Graduate School to accept a student in a graduate program.

ACADEMIC FACILITIES

Boyden Hall is located on the upper campus, between School and Grove Streets. It contains administrative and business offices, the Horace Mann Auditorium, classrooms, and offices for faculty members.

Burnell School is located on Grove Street, south of Boyden Hall. The school conducts classes from kindergarten through grade four. A number of students spend eight weeks observing and teaching classes at the Burnell School.

The Student Union Building: The $6 million Student Union Building, located
across a mall from the library facing the Marshall Conant Science Building, serves the varied social and cultural activities of the campus.

The Student Union complex includes a theater wing housing a 1450-seat auditorium equipped with stage equipment rivaling that of most professional theaters. There are dressing rooms, rehearsal rooms, a shop area, a costume room, television and radio studios, listening booths and offices and classrooms for the Speech and Theater Department.

The building also contains colorful lounge areas, conference rooms, a reception room that can accommodate 900 people, a snack bar and a formal dining room. The wing housing the 750-seat cafeteria also has a Student Government room, offices for the college newspaper, a hobby shop, rooms for various student organizations and game rooms. The Student Union building also is home to the campus F.M. station, WBIM, which broadcasts at 91.5.

The College Bookstore is located on the main floor of the Student Union building. The bookstore offers a complete textbook service, an extensive paperback presentation in a variety of subject matter, stationery and school supplies, gift and boutique items, photographic supplies and service, typewriter sales, rentals and service, clothing, art supplies and other items and services.

The Student Union presents a large number of interesting cultural and social programs and activities on a regular basis throughout the year, and also brings to the campus outstanding speakers and personalities to address the College Community.

The Marshall Conant Science Building: Modern equipment housed here for the use of students in the Division of Natural Sciences and Mathematics includes a Varian T-60 nuclear magnetic resonance spectrometer with computer of average transits in the Chemistry Department; the Norelco X-ray diffractometer with powder camera and Laue camera for Earth Sciences and Geography; an AEC-approved laboratory for nuclear physics; a Digital Equipment Corporation PDP-8/1 computer; meteorological equipment that includes a pyro-heliometer and a precision anemometer.

The Department of Biological Sciences is equipped with an Electron Microscope which has greatly enhanced the College's biological study and research capabilities.

The Department of Earth Sciences and Geography has a fully operational climatological and meteorological station on campus.

Kelley Gymnasium is located on Park Avenue, on the lower campus. It contains two gymnasia, an Olympic pool and other facilities for the Departments of Physical Education for Men and Women.

Maxwell Library, which moved into a new building in the Fall of 1971, seats 2,500 students. With a present collection of 140,000 books, it has space for 285,000 more. Additionally, it has a collection of 5,000 pamphlets and subscribes to 900 periodicals and 16 foreign and domestic daily newspapers. Available in the new building are copiers, microfilm and microfiche readers of all types. There are listening booths, a listening lounge and a specially equipped listening classroom. In addition to standard carrels, there are over 50 carrels with electronic dial access equipment. In the microfilm and microfiche holdings
General Information

are included a complete file of The New York Times, the 20,000-volume Library of American Civilization, and the Educational Resources Information Center Collection of over a million articles on education.

Stevens Greenhouse and Boyden Botanical Gardens are located on Park Avenue, on the lower campus between Pope Hall and the Conant Science Building. These facilities, which are managed by a horticulturist, are used by the Department of Biological Sciences for instruction and research.

STUDENT HOUSING

Undergraduate students are housed in the following residence halls: Great Hill, Durgin, Pope, Scott, Tillinghast, and Woodward.

At present, on-campus housing is not available for graduate students, but there are a number of approved off-campus houses for students who wish to pursue a full-time graduate program. Students interested in off-campus housing should write to the Office of Student Services.

RESIDENCE ASSISTANTSHIPS

A limited number of residence assistantships are available. These positions offer qualified graduate students, both male and female, an opportunity to gain experience in human relations, counseling, and administration. Appointments are for the academic year, September-June. Remuneration is in the form of room, board, and tuition. For further information, including qualifications and duties, write to:

Graduate Assistant Program
Division of Student Services
Bridgewater State College
Bridgewater, Massachusetts 02324

SCHOLARSHIPS AND FELLOWSHIPS

There are, at present, neither scholarships nor fellowships available to graduate students.

NATIONAL DIRECT STUDENT LOANS

Graduate students who have been accepted by the Graduate School and who are taking at least six credits of work per semester, are eligible to apply for a National Direct Student Loan. Such applications should be made through the Financial Aid Office in Boyden Hall.

Students applying for such loans must present a letter to the Financial Aid Officer from the Dean of the Graduate School, attesting to their accepted status, as well as proof of registration for the required number of hours.

Repayment of the loan at 3% interest begins nine months after graduation and may extend over a 10-year period.
VETERAN'S AFFAIRS
Those students eligible for educational benefits are:
Veterans of post-Korean conflict period and Vietnam era and service men who were released after January 31, 1955 and who fulfilled all the necessary requirements of the G.I. Bill.
Orphans, wives, and widows of veterans whose death or permanent total disabilities were service connected.
Wives and children of service men missing in action or prisoners of war, for more than 90 days.
For further information, contact Mr. Edward G. Elias, Veteran's Affairs Officer, Boyden Hall.

COUNSELING
Students may have problems and needs that require special forms of help or guidance. Among these are questions and concerns about their educational programs and academic achievement, housing, finances, health, social adjustment, part-time work, and placement.
To assist students in making adjustments, intelligent plans, and wise decisions, the College has provided professional staff services in the major areas of student needs.
The faculty-student relationship is the center of college counseling, for faculty are best qualified to guide the student in his academic and professional growth. Each graduate student works closely with a faculty adviser from whom he receives help and guidance in the pursuit of his graduate program. Additional guidance by a professional counselor may be arranged through the Office of Student Services.

RELIGIOUS GROUPS
In the neighborhood of the campus there are available various religious groups and churches, Catholic, Protestant, and Jewish with which interested students may affiliate. A listing of these may be obtained in the Office of Student Services.

HEALTH SERVICES
A hospital suite is located on the first floor of S. Elizabeth Pope Hall (telephone 697-8321 x 386). Nursing services are available to all students of the college at all times. A doctor is on duty Mondays, Wednesdays, and Fridays from 8:00 a.m. to 12:00 noon.

STUDENT BOOKSTORE
The Student Bookstore is located in the Student Union. The store has a drug and cosmetic rack, as well as supplies, souvenirs, textbooks, and leisure reading material. The Bookstore is open Monday through Thursday from 8:30 a.m.
General Information

to 5:00 p.m., except on Friday, 8:30 a.m. to 4:00 p.m. Summer schedule: Monday through Friday from 8:00 a.m. to 4:00 p.m.

Books may be paid for by cash or check. All checks should be made payable to College Stores Associates with the student's home address appearing on the check. The store purchases used textbooks at the end of each semester. Books may be returned to the store only if they are defective or if courses for which they have been ordered are cancelled. Returned books must be unmarked, in saleable condition, and accompanied by Bookstore sales receipt.

CHANGE OF NAME AND/OR ADDRESS
Students should notify the Office of the Graduate School immediately, by using the appropriate form, Change of Name and/or Address, of any change in name or address. Failure to do this may cause unfortunate complications and delays which inconvenience students. Forms are available at the Office of the Graduate School.

MOTOR VEHICLE REGULATIONS
Students should secure a copy of Traffic Control Regulations which contains regulations governing the use of motor vehicles. A parking decal must be affixed to the left window of all motor vehicles on campus. Regulations and decal are obtainable at registration or at Campus Police Headquarters after registration.

TEACHER CERTIFICATION
Teacher certification is the responsibility of the State Department of Education. All inquiries relative to certification should be addressed to the Director, Bureau of Teacher Certification and Placement, 192 Tremont Street, Boston, Massachusetts 02111.

PLACEMENT SERVICES
Placement services are available to graduate students seeking positions in the field of education through the Office of Teacher Preparation and Placement which is located in Tillinghast Hall. Position vacancies are posted on the placement bulletin boards and are filed in placement folders indexed on the basis of type of vacancy and geographical location. Interviews with prospective employers are initiated by candidates themselves.

Other job information and interviews are arranged through the Division of Student Services.

OTHER COLLEGE POLICIES
Information or additional information concerning such matters as smoking, bulletin boards, vending machines, messages and library services should be obtained at the time of registration.
As of January 1, 1974, 1,443 students were enrolled in graduate programs leading to a master's degree at Bridgewater State College. The Graduate School acts as a coordinating institution among the several departments engaged in graduate instruction. The Dean and the Graduate Council, together with administrators and faculty, work toward the maintenance of uniform standards for higher degrees.

The primary aim of the Graduate School is to produce graduates who are not only competent in their major field, but are also aware of their professional responsibilities. Another major goal is to foster research on the part of both faculty and students. Every graduate student is given the opportunity to engage in original investigation under the direction of a member of the faculty.

The Office of the Graduate School, which is located in Room 211 of the Conant Science Building, is open from 8:00 a.m. to 8:00 p.m., Monday through Thursday, and from 8:00 a.m. to 5:00 p.m. on Friday, throughout the year except for legal holidays. Evening hours (5:00 p.m. to 8:00 p.m.) will not be observed during the weeks that Continuing Education classes are not in session.

Appointments with the Assistant to the Dean may be made by telephoning 697-8321, x 301. Official notification of such matters as acceptance, grades, and results of all examinations will be released by letter only.

Persons interested in working toward a master's degree on either a full-time or part-time basis should obtain a current copy of the Graduate School Catalog. This Catalog is published in August of each year and may be obtained, together with appropriate application materials, at the Office of the Graduate School. Catalogs are bulk-mailed on a monthly basis to those who request them.

Students are strongly urged to familiarize themselves with the general policies and procedures outlined in the following pages of the Graduate School Catalog prior to enrolling in courses carrying graduate credit.

GRADUATE FACULTY

The Graduate Faculty is the academic policy-making body of the Graduate School subject to the review and approval of the Dean of the Graduate School, the Academic Dean, and the President. Academic policies which the Graduate Faculty recommends and which are approved respectively by the Dean of the Graduate School, the Academic Dean, and the President, are administered by the Dean of the Graduate School.

GRADUATE COUNCIL

The Graduate Council conducts the business of the Graduate Faculty and assists the Dean of the Graduate School in the execution of academic policy related to graduate study and associated research.
GENERAL POLICIES AND PROCEDURES

Students are responsible for all information given in the latest edition of the Catalog and also for any notices posted on the bulletin boards of the Graduate School, the Division of Continuing Education, the Library, and the academic departments.

No deviations from any graduate regulations are permissible unless they are approved by the Graduate Council and the Dean of the Graduate School.

DEADLINES

Students are reminded to consult the annual Calendar of the Graduate School for deadlines and dates relative to such matters as: admission, Graduate Record Examinations, examination requests, approval of transfer credit, and filing applications for degrees. This Calendar is printed on the inside front cover of this Catalog.

TIME LIMITS

All requirements for the degree must be completed within six years from the date of the student's acceptance. No graduate course offered for the degree may be more than six years old at the time degree requirements are completed.

REGISTRATION

Graduate work is offered through both the Division of Continuing Education and the Day Session on both a full-time and part-time basis. Those enrolled in a degree program, if they wish to maintain their status as a graduate student, are required to take a minimum of one course each calendar year. This is to ensure that our facilities are used efficiently and that students remain in contact with their fields and make progress in their degree programs. Graduate students who do not meet this minimum registration requirement must request permission from the Dean to reenter the Graduate School.

All students who have been accepted in a degree program and who plan to enroll in a course or courses offered through Continuing Education should pre-register by mail. A registration form for each course must be obtained from the Division of Continuing Education.

All students who plan to enroll in courses offered through the Day Session should contact the Graduate School Office for specific registration information well in advance of the beginning of the term. Only those courses listed in the Graduate School Catalog as carrying graduate credit may be taken in the Day Session for graduate credit.

Part-time graduate study is defined as being enrolled for less than 12 graduate and/or undergraduate credits in a given term in either the Day Session or Continuing Education. Full-time graduate study is defined as being enrolled for
The Graduate School

a total of 12 or more graduate and/or undergraduate credits in a given term in either the Day Session or Continuing Education.

Intention to enroll on a full-time basis through either the Day Session or Continuing Education must be reported to the Graduate School Office, at which time a form entitled **Request for Enrollment as a Full-Time Graduate Student** should be obtained. This form must be completed and approved by the Assistant to the Dean of the Graduate School prior to being submitted by the student at registration.

Ordinarily, no full-time graduate student should register for more than twelve undergraduate and/or graduate credits during the fall or spring term. No graduate student, either full-time or part-time, may register for more than two courses (6-8 credits) during the summer session. Any graduate student who earns more than the permitted number of credits allowed in a given term or summer session may not apply more than the permitted maximum number of credits toward the degree.

Students who complete courses at the Hyannis Summer Session should request the Director of the Session to forward transcripts to the Office of the Graduate School.

**TUITION AND FEES**

Tuition for Residents of Massachusetts

1. $150.00 per fall or spring term for full-time graduate students enrolled for a minimum of 12 graduate and/or undergraduate credits in the Day Session
2. $22.00 per credit for full-time graduate students enrolled for less than 12 graduate and/or undergraduate credits in the Day Session
3. $22.00 per credit for part-time and full-time graduate students enrolled for graduate and/or undergraduate credit in the Division of Continuing Education
4. $15.00 per audit credit for part-time and full-time graduate students auditing courses in the Division of Continuing Education

Tuition for Non-residents of Massachusetts

1. $300.00 per fall or spring term for full-time graduate students enrolled for a minimum of 12 graduate and/or undergraduate credits in the Day Session
2. $29.00 per credit for full-time graduate students enrolled for less than 12 graduate and/or undergraduate credits in the Day Session
3. $29.00 per credit for part-time and full-time graduate students enrolled for graduate and/or undergraduate credit in the Division of Continuing Education
4. $15.00 per audit credit for part-time and full-time graduate students auditing courses in the Division of Continuing Education
The Graduate School

Fees

1. $10.00 Registration (per semester)
2. $ 5.00 Library (per semester)
3. $ 5.00 Student Union Building (per semester)
4. $10.00 Laboratory courses in Biology, Chemical Sciences, Earth Sciences, and Physics
5. $ 5.00 Studio courses in Art and Music
6. $ 5.00 Laboratory courses in Instructional Media and Speech and Theatre
7. $ 5.00 per copy ($15.00 minimum) Thesis
8. $17.00 Commencement

Graduate students enrolled in courses in the Day Session will be required to pay fees ordinarily charged Day Session undergraduates.

Payment to Bridgewater State College for tuition and fees must be made in full by check or money order at the time of registration. Veterans should consult the Veterans' Coordinator concerning possible tuition waiver.

No degree will be conferred and no degree transcripts will be issued unless all tuition and fees have been paid in full.

Tuition and fees are subject to change at any time prior to registration.

DEPARTMENTAL PREREQUISITES

Departmental prerequisites may be required to ensure adequate preparation for graduate work in the area of concentration. Departmental prerequisites may be fulfilled after the applicant's acceptance by the Graduate School. Certain advanced courses require that students have completed certain prerequisites. Official enrollment in such courses require that a Prerequisite Statement form be filed with the instructor. This form may be obtained from the instructor at the first class meeting and should be completed and returned to the instructor at the second or third class meeting. Failure to do so may result in the loss of any credit earned in such courses.

GRADING SYSTEM

Graduate course achievement will be rated A (Excellent), B (Good), C (Poor but passing), F (Failure), WP (Withdrawn-Passing), WF (Withdrawn-Failing), INC (Incomplete), or AU (Audit). A student may change his registration from audit to credit or credit to audit status prior to the beginning of the fourth meeting of a class. A course in which part of the work is not completed for a valid reason will be recorded as INCOMPLETE, provided the student has arranged with the instructor before the end of the term to complete the assigned work within thirty calendar days following the official close of the term. An incomplete course must be completed within thirty calendar days following the official close of the term, or a grade of F will be recorded.
ACADEMIC DISMISSAL

Students who earn grades of C or below (including WF) in more than two graduate courses (i.e., any course in which the student enrolls for graduate credit after acceptance in a degree program) must withdraw from the program unless special permission to continue is recommended by the adviser, the Graduate Council, and the Dean of the Graduate School.

GRADUATE AND UNDERGRADUATE CREDIT

Course titles in this Catalog followed by a U indicate courses which may be taken for undergraduate credit only. Those titles followed by a G indicate courses which may be taken for graduate credit only. Those titles followed by a UG indicate courses which may be taken for either undergraduate or graduate credit. The level of credit earned in a course must be that designated by the student at the time of registration. Requests for credit level changes must be received prior to the beginning of the fourth meeting of a class. Ordinarily, a student who has not completed all requirements for the baccalaureate may not enroll in any course for graduate credit.

TRANSFER CREDIT

A student who has taken appropriate courses prior to acceptance by the Graduate School may request that up to fifteen graduate credits (including any credits earned in courses in which he is enrolled at the time of his acceptance) be accepted in partial fulfillment of degree requirements. These credits must have been earned in courses designated by the department as appropriate to the student's degree program and must receive the approval of the student's adviser. Approval is subject to the following conditions: 1) that not more than six of the fifteen credits being transferred are from an approved institution other than Bridgewater State College (with the single exception of the Massachusetts Maritime Academy, as explained below); and 2) that a grade of B or better has been earned in all courses completed prior to the student's acceptance by the Graduate School. A form entitled Petition for Acceptance of Transfer Credit should be obtained by the student from the Graduate School Office, signed by his adviser, and returned by the student to the Graduate School Office. If such credit is to be applied toward fulfillment of requirements for a master's degree, the student must submit the above form no later than the deadline indicated in the Calendar of the Graduate School. It should be noted that all transfer courses are subject to the regulation governing time limits. (No graduate course offered for the degree may be more than six years old when degree requirements are completed.)

After acceptance, a maximum of six graduate credits of grade B or better, taken at an approved graduate school other than Bridgewater State College, may be transferred if approved by the adviser. In no case, however, may more than a total of six appropriate credits be transferred from other graduate schools (with the single exception of the Massachusetts Maritime Academy, as
The Graduate School

explained below). Two transcripts of the courses taken off campus after acceptance must be sent directly to the Bridgewater State College Graduate School.

All courses to be used for degree credit must have the approval of the adviser and be recorded on the Record of Graduate Program.

BRIDGEWATER STATE COLLEGE—MASSACHUSETTS MARITIME ACADEMY CONSORTIUM

The Graduate School at Bridgewater State College and the Massachusetts Maritime Academy have entered into a consortial agreement which permits the transfer to Bridgewater master's degree programs of up to twelve appropriate graduate credits earned at the Academy. Students who have been accepted in a master's degree program at Bridgewater should obtain their adviser's approval of courses prior to registration. Students who anticipate applying for admission to a master's degree program should obtain course approval prior to registration from the appropriate departmental chairman at Bridgewater. Students who register in graduate courses at the Academy and who plan to request transfer of Maritime graduate credit to a Bridgewater degree program are subject to all academic standards and requirements contained in the catalog of the Graduate School of Bridgewater State College.

THESIS

All M.A. and M.S. students, and those M.Ed. and M.A.T. students who plan to submit a thesis, should obtain a copy of the brochure entitled The Master's Thesis from the Office of the Graduate School.

The major function of the thesis is to contribute to the student's scholarly development. In seeking approval of a thesis topic, the student is expected to convince those whose approval is required that the topic is significant and that execution of the work will further his educational growth. Each graduate student should confer with his adviser at the earliest opportunity relative to his thesis topic and outline. It is essential that the student work closely with his adviser in all matters related to the thesis.

The student's thesis committee is comprised of the student's adviser, the chairman of the department in which the student is concentrating, and one other faculty member appointed by the departmental chairman. (If the student's adviser is also the departmental chairman, he should appoint two faculty members to complete the committee's membership.) The committee is chaired by the student's adviser.

It is the responsibility of the student to obtain three copies of the form Approval of Thesis Topic and Outline and submit the completed copies (original and two carbons) to his adviser for approval by the members of the Thesis Committee. The forms may be obtained at the Office of the Graduate School. The student's advisor should retain the original copy of the completed form and should return the two carbon copies to the student. The student retains one copy for his records and submits the other to the Office of the Graduate School.
The form **Approval of Thesis Topic and Outline** must be completed and filed in the Office of the Graduate School not later than four months prior to the student's taking the Comprehensive Examination. If the student, with the approval of his adviser, changes his thesis topic, he must file revised copies of the above form in the Office of the Graduate School not later than two months prior to taking the Comprehensive Examination.

Students should refer to the course entitled **Research** which appears in this Catalog under their major department, as well as consult with their adviser relative to the matter of earning credit for research done in conjunction with a thesis.

Three unbound copies of the thesis must be deposited in the Office of the Graduate School at least one month prior to the completion of all other degree requirements. Each copy must contain an abstract of the thesis, with the abstract immediately following the title page of the thesis. The Office of the Graduate School arranges for the binding of theses.

**COMPREHENSIVE EXAMINATION**

While students are expected to make satisfactory progress in their course work, the accumulation of credit hours is not regarded as the sole index of a student's progress or as a guarantee that he will be granted a degree. Each student must give evidence that he can integrate information and ideas from the various areas in which he is studying. The principal instrument for measuring this achievement is the Comprehensive Examination. This examination may be written and/or oral, as determined by the student's department. It is based upon the area of concentration, as well as related fields, and may include work done on the thesis. A student who plans to take the Comprehensive Examination should file the form entitled **Examination Request.** This form should be completed and filed by the student in the Graduate Office no later than the deadline indicated in the Calendar of the Graduate School. This examination may not be taken prior to the last term of course work, and must be taken within one term after the completion of all remaining degree requirements.

A student who fails the Comprehensive Examination shall be given one further opportunity to take it after he has made substantial progress in whatever additional work may be prescribed by his adviser. The second Comprehensive Examination may not be taken prior to the next examination period indicated in the Calendar of the Graduate School. Those who take the Comprehensive Examination will be notified of the results by mail.

**COMMENCEMENT**

Students who plan to receive a master's degree in February, May, or August, should request the form **Application for Degree** from the Graduate Office. This form should be completed by the student and filed, together with the faculty adviser's signed copy of the candidate's **Record of Graduate Program,** in the Graduate School Office during the last term of degree work, and no later than the deadline indicated in the Calendar of the Graduate School. Failure to file
before the deadline will postpone degree conferral. A Commencement Fee of $17.00 is required at the time of filing this application. No degree will be conferred and no degree transcripts will be issued unless all tuition and fees have been paid in full.

Diplomas are awarded at the May Commencement and also during the months of February and August. Students who receive their diplomas in February or August, as well as those who complete their degree work in May, should plan to attend the May Commencement and wear appropriate academic regalia. Information relative to Commencement is mailed in early May.

In the event that a student does not receive his degree at the anticipated time, he must file a new Application for Degree form prior to the next applicable deadline indicated in the Calendar of the Graduate School.

Graduate Degree Programs

MASTER OF ARTS

Programs leading to the degree of Master of Arts are offered in the following areas:

Biology
Chemistry
English
History
Humanities

MASTER OF ARTS IN TEACHING

Programs leading to the degree of Master of Arts in Teaching are offered in the following areas:

Biology
Chemical Sciences
Creative Arts (art, music, speech and theatre)
Earth Sciences
English
Geography
History
Humanities (English, philosophy, modern foreign languages)
Mathematics
Modern Foreign Languages
Physical Sciences
Physics
Social Sciences (economics, history, political science)
Speech and Theatre
MASTER OF EDUCATION

Programs leading to the degree of Master of Education are offered in the following areas:
- Elementary Education
- Elementary School Mathematics
- Guidance
- Health Education
- Instructional Media
- Reading
- School Administration
- School Librarianship
- Special Education
- Special Education—Learning Disabilities

MASTER OF SCIENCE

A program leading to the degree of Master of Science is offered in the following area:
- Physical Education

Admission

APPLICATION

Students seeking admission to a program leading to a master's degree must hold a bachelor's degree from a four-year institution of acceptable standing. College seniors may be admitted on a conditional basis.

Applicants should specify the degree program (and also the area of concentration) when they request application forms. The Graduate School cannot send the appropriate application forms without this information. Any student who has filed material for admission to a given degree program or area of concentration and subsequently decides to apply for admission to another program or area of concentration must submit a written request as well as new application forms, new letters of reference appropriate to the proposed degree program, and advanced test scores of the Graduate Record Examination, if necessary. Such changes must be submitted prior to the deadline for receiving completed applications specified in the Calendar of the Graduate School.

All students seeking admission to a Master of Arts program, Master of Science program, and certain Master of Arts in Teaching and Master of Education programs (see departmental requirements) are required to have a formal interview with the chairman of the appropriate department prior to the deadline set in the Calendar of the Graduate School for completed applications. Voluntary interviews will be scheduled for those who elect to have them; applicants should contact the appropriate departments.

Applicants to the Graduate School should make certain that the following are on file in the Office of the Graduate School:
1. **A formal application**, in duplicate. Application forms may be obtained from the Graduate Office.

2. **Three letters of recommendation**, in duplicate, which indicate an estimate of the applicant's ability to pursue successfully a graduate program in his proposed field of concentration. For M.A.T. and M.Ed. applicants at least two letters must be from faculty who have taught the applicant at the collegiate level (undergraduate or graduate). The third letter may be from a school administrator under whom the applicant has taught. Any applicant who received the bachelor's degree more than five years prior to completing his application, may substitute other appropriate references if approved beforehand by the Graduate School. For M.A. and M.S. applicants at least two letters must be from persons who have taught the applicant in the appropriate area of concentration. The third M.A. letter may be from any faculty member who has taught the applicant at the collegiate level, while the third M.S. letter may be from any faculty member who has taught the applicant at the collegiate level or from a school administrator for whom the applicant has taught. Any applicant for either the M.A. or M.S. who received the bachelor's degree more than five years prior to completing his application, may substitute other appropriate references if approved beforehand by the Graduate School. Only recommendations submitted on this form and sent by the reference directly to the Graduate School will be accepted. Forms for recommendations are available at the Graduate Office.

3. **The results of the Aptitude Test of the Graduate Record Examination.** The applicant must arrange to have his scores sent from the Educational Testing Service directly to the Dean of the Graduate School. Photocopies of scores and scores submitted by the applicant are not acceptable. Application forms and information relative to the Graduate Record Examinations may be obtained from the Graduate Office. Since there is up to a six weeks delay between the test date and the receipt of scores, applicants should take the test well in advance of the Graduate School's deadline for receipt of completed applications. (See the Graduate School Calendar.) In addition, applicants applying for a Master of Arts program must submit the appropriate advanced test score. All applicants from countries where English is not an official language, must also submit scores on Educational Testing Service's Test of English as a Foreign Language (TOEFL) examination.

All students must submit the results of their Graduate Record Examinations. In addition, students may submit Miller Analogies Test scores. Information relative to the Miller Analogies Test may be obtained by contacting the Graduate Office at Bridgewater State College.

4. **Two copies of the official transcript of the applicant's undergraduate college record**, bearing the seal of the college. Applicants who have attended more than one undergraduate college, or who have completed course work beyond the bachelor's degree, should arrange to have dupli-
cate transcripts of all course work sent directly to the Dean of the Graduate School. All transcripts must be sent by the college registrar directly to the Dean of the Graduate School. Graduates of Bridgewater State College should request the College Registrar to send transcripts to the Graduate Office. Applicants currently enrolled in the Division of Continuing Education should request the Division to send their transcripts to the Graduate Office.

5. In addition to the above, there may be special departmental requirements relative to the application. Such requirements, if any, are to be found under the section entitled Departmental Requirements in this Catalog.

Applicants who have successfully completed graduate courses, as well as those who hold a degree(s) in addition to the baccalaureate, must fulfill all application requirements as set forth in this Catalog.

All correspondence and application material should be sent to the following address: Dean of Graduate School, Rm. S211, Science Building, Bridgewater State College, Bridgewater, Massachusetts 02324.

An application is not complete, and no applicant will be considered for admission, unless all of the above documents have been received by the Dean of the Graduate School (and an interview held if required) on or before the appropriate deadline indicated in the Calendar of the Graduate School. It is the obligation of the student to make certain that his application documents are received in time. One month prior to each deadline for admission a notice will be sent to applicants listing the documents which have not been received. Applicants will be notified when their application folders are complete. All transcripts and other documents submitted become the property of the Graduate School and will not be returned. Copies of transcripts and other documents will not be issued from the Graduate School Office.

Applicants should check the Calendar of the Graduate School relative to deadlines for submitting completed applications. Completed applications received after a deadline will be considered at the next admission date.

**ACTION BY THE DEPARTMENT**

The Dean of the Graduate School sends all completed applications to the academic department in which the applicant proposes to take his concentration. After reviewing these applications, departments make their recommendations to the Graduate Council.

**ACTION BY THE GRADUATE COUNCIL**

The Graduate Council meets in October and May of each year to consider completed applications. (There will be no admissions in January beginning with the Academic year 1973-1974).

The Council, after examining each applicant’s credentials and the academic department’s action, makes its recommendations to the Dean of the Graduate School. The Council may recommend:

1. That the applicant be admitted to the Graduate School on a clear basis.
Graduate students accepted with course deficiencies will be required to take prescribed undergraduate work without credit toward the degree.

2. That the applicant be admitted as a probationary student and that he be reconsidered for admission to the Graduate School after the satisfactory completion of twelve credits of graduate work approved by his adviser. A probationary student should file a form, Petition for Removal from Probationary Status, when he has completed twelve credits of graduate work, with a grade of B or better, which have been approved by his adviser.

3. That the applicant be admitted conditionally, pending the awarding of a baccalaureate. A college senior who is admitted to the program on a conditional basis should request his college to forward complete baccalaureate transcripts as soon as possible.

4. That the applicant not be admitted.

The successful completion of graduate courses prior to application shall not obligate the academic department or the Graduate Council to recommend an applicant for acceptance.

ACTION BY THE DEAN OF THE GRADUATE SCHOOL

PROGRAM ADVISER

The Dean, after reviewing the recommendations of the academic department and the Graduate Council, notifies the applicant of the action taken. If accepted, the student will be assigned an adviser at this time. The Graduate School also sends the student and his adviser copies of the form Record of Graduate Program. It is important that the student contact his adviser at the College and make an appointment for planning his program. The student should bring his copy of the Record of Graduate Program to every conference with his adviser. The adviser's copy is sent to the Graduate School when the student applies for his degree. Program planning conferences should be arranged well in advance of each term, e.g., in May for courses offered during the summer and fall terms and in November for courses offered during the spring term.

Conferences with advisers may be difficult to arrange during the holidays and vacations, in June prior to summer session registration, and between the close of summer session and registration for the fall term. During these times, all communication should be by mail or telephone.

CHANGES IN PROGRAM

Any request for a change in degree program must be made prior to the deadline for receiving completed applications as indicated in the Calendar of the Graduate School. A student wishing to change his program must: 1) petition the Graduate Council in writing, through the Dean of the Graduate School; 2) file a new application; 3) submit new references appropriate to the proposed pro-
gram; 4) submit any additional material appropriate to the new program; and 5) arrange for an interview, if required. Credits earned in one degree program may be transferred to another degree program with the approval of the new adviser.

WITHDRAWAL FROM PROGRAM
Students who decide to withdraw from a degree program should notify the Graduate School of their intentions in writing as soon as possible.

General Requirements for the Degree of Master of Arts

CREDITS AND THESIS
General requirements for the degree shall be a minimum of thirty approved graduate credits, including a thesis approved by the department. The thesis should include results or original research and give evidence of high scholarship. All credits must be derived from courses designated by the department as appropriate to the student’s degree program and must have the endorsement of the adviser. Credit may be earned in conjunction with the thesis. Unless otherwise indicated by the major department, a maximum of nine of the thirty approved graduate credits may be allowed for the thesis. Each student must enroll in the research course (-502) listed under his major department. Students should consult the section in this Catalog entitled Thesis and request the brochure entitled The Master’s Thesis from the Graduate School Office. Ordinarily, at least one-half of the degree credits must be earned in courses limited to graduate students. Such courses are designated in this Catalog by the letter G.

PRELIMINARY EXAMINATION
A Preliminary Examination is given during the semester following the successful completion of twelve credits (including transfer credits) of approved graduate work. This examination may be written and/or oral. Its purposes are: 1) to determine the degree of skill achieved in relating and integrating graduate work completed to date; 2) to ascertain the readiness of the student for additional graduate work; and 3) to enable the adviser to plan the remainder of the student’s program. The Graduate School will apprise the student of his performance on the Preliminary Examination. Unsatisfactory performance may require the student to take additional course work and a second examination. If the student fails to perform satisfactorily a second time, he will be dropped from the degree program.

FOREIGN LANGUAGE EXAMINATION
A reading knowledge of one foreign language, specified by the major department, is required. Each student should consult with his adviser relative to departmental language requirements and procedures for taking the examination. The foreign language requirement must be met at least two months prior to
taking the comprehensive examination. The results of this examination are submitted to the Graduate School by the adviser on the form entitled Examination Results.

COMPREHENSIVE EXAMINATION
All students are required to pass a comprehensive examination. (See the section of this Catalog entitled Comprehensive Examination.)

DEPARTMENTAL REQUIREMENTS
Students are required to complete satisfactorily all departmental requirements prescribed for their degree programs. Each department establishes its own departmental concentration. Students should thoroughly familiarize themselves with the material presented under their major department or departments, as well as that found in the sections of the Catalog entitled General Information and The Graduate School.

General Requirements for the Degree of Master of Arts in Teaching

CREDITS AND THESIS (OPTIONAL)
General requirements for the degree shall be a minimum of thirty approved graduate credits, unless otherwise indicated by the department. Students should consult the appropriate departmental section of this Catalog. Degree credits must be derived from courses designated by the department as appropriate to the student's degree program and must have the endorsement of the adviser. A thesis is optional in Master of Arts in Teaching programs. A maximum of six credits may be earned in conjunction with a thesis. The student's work should include results of original research and give evidence of high scholarship. Each student who elects to do a thesis should enroll in the research course (—502) listed under his major department. Students should consult the section of the Catalog entitled Thesis and request the brochure entitled The Master's Thesis from the Graduate School Office. Ordinarily, at least one-half of the degree credits must be earned in courses limited to graduate students. Such courses are designated in this Catalog by the letter G.

ELECTIVE COURSES
The degree of Master of Arts in Teaching for secondary school teachers is designed to meet the varied needs of graduate students. Emphasis is placed upon providing appropriate breadth and depth in the student's field of interest as well as in professional education. The balance between courses in professional education and the subject field is determined by the student's background.

Each student, in consultation with his advisers, elects courses which meet his professional needs. Ordinarily, at least 18 graduate credits should be elected from the academic area (and related areas) in which the student is concentrat-
ing. In addition, at least one course should be elected from each of the following areas of professional study:

RESEARCH METHODS AND FINDINGS
ED 500 Research and Evaluation G
ED 591 Research in the Classroom Teaching of Language Arts G
ED 592 Research in the Classroom Teaching of Social Sciences
ED 593 Research in the Classroom Teaching of Mathematics G
ED 594 Research in the Classroom Teaching of Science G

HUMANISTIC STUDIES
ED 382 Comparative Education UG
ED 383 International Education UG
ED 480 Philosophy of Education UG
ED 505 Historical Foundations of Education G
ED 580 Philosophical Foundations of Education G
ED 583 Directed Study in the Philosophy of Education G

BEHAVIORAL STUDIES
ED 520 Psychological Foundations of Education G
ED 523 Directed Study in Educational Psychology G
ED 590 Sociological Foundations of Education G

TEACHING THEORY
ED 312 Teaching Social Studies in the Secondary School UG
ED 314 Teaching English in the Secondary School UG
ED 316 Teaching Earth Science in the Secondary School UG
ED 317 Teaching Geography in the Secondary School UG
ED 319 Teaching Physical Science in the Secondary School
ED 320 Teaching Biology in the Secondary School UG
ED 322 Teaching Mathematics in the Secondary School UG
ED 324 Teaching Modern Foreign Language in the Secondary School UG
ED 325 Teaching Art in the Secondary School UG
ED 326 Teaching Speech in the Secondary School UG
ED 443 Secondary School Curriculum UG
ED 560 American Public School Today G
ED 571 Introduction to Theory and Understanding of Group Interaction G

At the time of acceptance students will be assigned an adviser from the academic area in which they are concentrating and an adviser from the Department of Secondary Education. All electives in professional education to be taken for degree credit must be approved by the student’s adviser in the Department of Secondary Education prior to registration. All electives in the academic area of concentration must be approved by the student’s adviser in that academic area
prior to registration. Students not yet accepted to an M.A.T. program should consult with the chairman of secondary education and the appropriate academic area for course selection approval.

TEACHING REQUIREMENT

All students enrolled in a program leading to the degree of Master of Arts in Teaching are required to fulfill the degree requirement of teaching experience. This requirement may be met, unless otherwise indicated in this Catalog under the department in which the student is concentrating, by one of the following procedures:

1. **Teaching Experience.** One full semester of successful classroom teaching experience at the appropriate level as a full-time employee in an accredited public or private school.

2. **Student Teaching.** A minimum of 6 credits of student teaching earned at an institution of acceptable standing prior to or after acceptance in a master's degree program at Bridgewater State College. This experience may have been at either the undergraduate or graduate level. Credits earned in conjunction with student teaching may not be used to meet the minimum graduate credit requirements for the degree.

Those who plan to student teach through Bridgewater State College after acceptance should familiarize themselves with and meet the prerequisites for the student teaching course most appropriate to their program, i.e., ED 490 Supervised Teaching in the Public Schools-Secondary U, or ED 491 Supervised Teaching in the Public Schools-Special Education U, or ED 492 Supervised Teaching in the Public Schools-Elementary U. (See the Departments of Secondary Education, Educational Services, or Elementary Education in this Catalog.) Students should request the Graduate School to certify their eligibility by letter to the Director of Teacher Preparation and Placement. An application form entitled Application for Off-Campus Student Teaching in the Public Schools should be obtained from the Office of the Director of Teacher Preparation and Placement. The student should complete the application and file it at the Registrar’s Office at least 90 days prior to the beginning of student teaching. The student must register for supervised teaching through the Registrar’s Office after his application for student teaching has been approved.

Those who plan to student teach through an institution of higher learning other than Bridgewater State College should consult with the Assistant to the Dean of the Graduate School concerning this matter.

3. **Certification:** The possession of a certificate appropriate to the student’s area of specialization issued by the Department of Education of the Commonwealth of Massachusetts.

CERTIFICATION REQUIREMENT

All students enrolled in a program leading to the degree of Master of Arts in
Teaching should work closely with their advisers to ensure that the certification requirements of the Commonwealth of Massachusetts in their area of specialization are met.

**COMPREHENSIVE EXAMINATION**

All students are required to pass a comprehensive examination. (See the section of this Catalog entitled Comprehensive Examination.)

**DEPARTMENTAL REQUIREMENTS**

Students are required to complete satisfactorily all departmental requirements prescribed for their degree programs. Each department establishes its own departmental concentration. Students should thoroughly familiarize themselves with the material presented under their major department or departments as well as with that found in the sections of the Catalog entitled General Information and The Graduate School.

**General Requirements for the Degree of Master of Education**

**CREDITS AND THESIS (OPTIONAL)**

General requirements for the degree shall be a minimum of thirty approved graduate credits, unless otherwise indicated by the department. Students should consult the appropriate departmental section of this Catalog. Degree credits must be derived from courses designated by the department as appropriate to the student's degree program and must have the endorsement of the adviser. A thesis is optional in most Master of Education programs. A maximum of six credits may be earned in conjunction with a thesis. The student's work should include results of original research and give evidence of high scholarship. Each student who elects to do a thesis should enroll in the research course (ED 502) listed under his major department. Students should consult the section of the Catalog entitled Thesis and request the brochure entitled The Master's Thesis from the Graduate School Office. Ordinarily, at least one-half of the degree credits must be earned in courses limited to graduate students. Such courses are designated in this Catalog by the letter G.

**REQUIRED COURSES**

All students enrolled in a program leading to the degree of Master of Education must complete the following courses:

- ED 500 Research and Evaluation
- ED 560 American Public School Today

In addition to the above, all students must complete at least one of the following courses. The course or courses elected from this group must be approved by the adviser and should be selected on the basis of their relationship to the students program as well as to certification requirements.

- ED 505 Historical Foundations of Education
ED 520 Psychological Foundations of Education
ED 580 Philosophical Foundations of Education
ED 590 Sociological Foundations of Education

ELECTIVE COURSES
All electives to be taken for degree credit must be approved by the student's adviser prior to registration.

TEACHING REQUIREMENT
All students enrolled in a program leading to the degree of Master of Education are required to fulfill the degree prerequisite of teaching experience. This requirement may be met, unless otherwise indicated in this Catalog under the department in which the student is concentrating, by one of the following procedures:

1. Teaching Experience. One full semester of successful classroom teaching experience at the appropriate level as a full-time employee in an accredited public or private school.

2. Student Teaching. A minimum of 6 credits of student teaching earned at an institution of acceptable standing prior to or after acceptance in a master's degree program at Bridgewater State College. This experience may have been at either the undergraduate or graduate level. Credits earned in conjunction with student teaching may not be used to meet the minimum graduate credit requirements for the degree.

Those who plan to student teach through Bridgewater State College after acceptance should familiarize themselves with and meet the prerequisites for the student teaching course most appropriate to their program, i.e., ED 490 Supervised Teaching in the Public Schools-Secondary U, or ED 491 Supervised Teaching in the Public Schools-Special Education U, or ED 492 Supervised Teaching in the Public Schools-Elementary U. (See the Departments of Secondary, Education, Educational Services, or Elementary Education in this Catalog.) Students should request the Graduate School to certify their eligibility by letter to the Director of Teacher Preparation and Placement. An application form entitled Application for Off-Campus Student Teaching in the Public Schools should be obtained from the Office of the Director of Teacher Preparation and Placement. The student should complete the application and file it at the Registrar's Office at least 90 days prior to the beginning of student teaching. The student must register for supervised teaching through the Registrar's Office after his application for student teaching has been approved.

Those who plan to student teach through an institution of higher learning other than Bridgewater State College should consult with the Assistant to the Dean of the Graduate School concerning this matter.

3. Certification: The possession of a certificate appropriate to the student's
area of specialization issued by the Department of Education of the Commonwealth of Massachusetts.

CERTIFICATION REQUIREMENT
All students enrolled in a program leading to the degree of Master of Education should work closely with their advisers to ensure that the certification requirements of the Commonwealth of Massachusetts in their area of specialization are met.

COMPREHENSIVE EXAMINATION
All students are required to pass a comprehensive examination. (See the section of this Catalog entitled Comprehensive Examination.)

DEPARTMENTAL REQUIREMENTS
Students are required to complete satisfactorily all departmental requirements prescribed for their degree programs. Each department establishes its own departmental concentration. Students should thoroughly familiarize themselves with the material presented under their major department or departments as well as with that found in the sections of the Catalog entitled General Information and The Graduate School.

General Requirements for the Degree of Master of Science
At present the degree of Master of Science is offered only in the field of Physical Education. For information regarding this degree, consult the requirements outlined in this Catalog under the Departments of Health and Physical Education for Men and Women.
DEPARTMENTAL REQUIREMENTS AND COURSE DESCRIPTIONS

Key to letter designations which follow course titles.
  U—Course may be taken for undergraduate credit only
  UG—Course may be taken for either undergraduate or graduate credit
  G—Course may be taken for graduate credit only

DIVISION OF THE BEHAVIORAL SCIENCES

DIRECTOR: PROFESSOR BROWN

Anthropology  Psychology  Sociology

The Division of the Behavioral Sciences offers a program leading to the degree of Master of Arts in Teaching with a concentration in behavioral sciences. This program is designed primarily for teachers and future teachers of behavioral sciences. Course work in urban, African and black studies may be included in the student's program.

The Division of Behavioral Sciences requires that all applicants for admission to its degree program be interviewed prior to being considered for admission. Please contact the Director.

In addition to meeting general degree requirements, the student must complete the concentration requirement by electing courses appropriate to his degree program. All courses must be approved by the adviser. Courses which may be taken are listed under the several departments within the Division of the Behavioral Sciences.

DEPARTMENT OF ANTHROPOLOGY

Acting Chairman: Professor Horner
Assistant Professors: Mueller, Stewart

The Department of Anthropology does not offer a program at the master's degree level at this time. Anthropology courses may be taken in a program leading
Department of Anthropology

to the degree of Master of Arts in Teaching with a concentration in the behavioral sciences. Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following undergraduate courses are prerequisites for certain graduate courses offered by the department. Additional undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

AN 201 General Anthropology U
3 credits

AN 202 Studies in Selected Cultures U
3 credits
Science of human behavior in different cultural contexts. Man's biological and cultural variability; human societies of the present and recent past around the world; dynamics of cultural change.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

AN 205 Culture Change UG
3 credits
Use of the inductive approach to examine the effect of culture on individuals and groups. Discussion and study of applied anthropological techniques used in planned programs to assist in adopting social change.

AN 207 Primitive Religion UG
3 credits
The origins and development of religion in society, myth, ritual, magic and religious specialists. Australian, African, American Indian, Near Eastern folk religion, and folk religion of the Negro in the new world. Prerequisite: permission of the Instructor.

AN 210 Introduction to Folklore UG
3 credits
The meaning and subdivisions of folklore: myth, folktale, proverb, riddles—analyses of story elements, are major folklore areas. Prerequisite: permission of the Instructor.

AN 301 Introduction to Physical Anthropology UG
3 credits
An introduction to the principles of Physical Anthropology as it relates to human evolution. Examination of present evidence, in an attempt to discover the origin of man. Such aspects of progress as homeostasis, primate radiation, body structure and posture, feeding ecology and behavior, evolution of the head and reproduction.

AN 302 Introduction to Archaeology UG
3 credits
Examination of field methods, systems of data recording, analytical methods, and their conceptual basis. Abstract theory closely integrated with specific case material. Laboratory exercises in application of artifact analysis.
AN 304  Personality and Culture UG  3 credits
A study of the interrelationships between individual and society, focusing on 1) major theories about the formation of personality by the surrounding structures, including Freudian theory and the Marxist concept of alienation; 2) a cross-cultural study of childhood; 3) adolescence in changing America; 4) several conceptions about the contemporary American personality as compared with personality structures in traditional society.

AN 306  Indians of North America UG  3 credits
A study of tribal cultures representative of most of the cultures areas Mexico, Canada, and the United States. Emphasis will be placed on the current state of Indians and on governmental policies and attitudes.

AN 307  Seminar: Urban Cultural Dynamics UG  3 credits
A study of poverty, urban renewal, and the experience of the ghetto, crime, family disintegration, problems of housing and transportation, and proposed solutions to the crisis of the inner city. Wherever possible emphasis will be upon Boston. Prerequisite: AN 201, or ES 353, or SO 306.

AN 310  Peoples and Cultures of Africa South of the Sahara UG  3 credits
A survey of present cultures of tropical and subtropical Africa, problems of colonialism, culturation, new nationalism and rapid social change.

AN 321  Comparative Social Structures UG  3 credits
A comparison of social structures of selected non-western societies. Stress is placed upon the meaning of society, structure, and methods of comparison.

AN 323  Theory of Culture UG  3 credits
A survey of early schools of cultural theory including Adolf Bastian, Lewis Morgan, Edward B. Tylor, the British Diffusionists, the German Historical-Diffusionist School, French Sociology, Functionalism, including Franz Boas and Malinowski. Current functional evolutionary theory.

AN 327  Seminar: Urban Centers in East and West Africa UG  3 credits
Major African cities and the culture of their hinterland focussing on cities like Nairobi, Kanipala, Kairo, Kumase, and Monrovia and the role these cities play in shaping the lives of people in the surrounding territories. After 1973, offered alternate years.

AN 328  Archaeology of North America UG  3 credits
Survey of some of the historic and prehistoric Indian cultures in North America.

AN 329  Economic Anthropology UG  3 credits
A study of the means of satisfying the needs of non-western non-industrialized and non-cash economies. Emphasis will be placed upon the concepts of wealth, ownership, capital and labor.

AN 402  Seminar on Field Methods UG  3 credits
Methods of field work for cultural anthropologists working in ongoing societies; design of field studies; techniques for collection and analysis of empirical data, experimental field projects.

AN 404  Seminar: Anthropology for Elementary Education UG  3 credits
Theory and techniques of teaching Anthropology to elementary students. Special course material in physical and cultural anthropology and prehistory and archaeology. Grades 1 thru 6. Prerequisite: AN 201.
AN 406 Archaeological Field Excavation, Survey and Research in Prehistoric Village sites in New England UG  3 credits
Intensive training in excavation techniques, recordation, analysis, and interpretation of archaeological materials. Offered during summer session only. Prerequisite: Permission of instructor.

AN 502 Research G  credit to be arranged
Original research undertaken by an individual in the field of anthropology. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

AN 503 Directed Study G  credit to be arranged
Directed study in the field of anthropology. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

DEPARTMENT OF PSYCHOLOGY

Chairman: Professor Stafford
Associate Professors: Greenwald, Hollis, Schippers, Scroggs
Assistant Professors: Chisholm, Fischer
Instructor: Lupton

The Department of Psychology does not offer a program at the master's degree level at this time. Psychology courses may be taken in a program leading to the degree of Master of Arts in Teaching with a concentration in the behavioral sciences. Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings
The following undergraduate courses are prerequisites for certain graduate courses offered by the department. Additional undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

PY 200 General Psychology U  3 credits
Basic psychological processes such as perceiving, learning, thinking, emotion, and motivation, as well as more complex areas such as personality, adjustment, and social influences on behavior; major conclusions and basic methods of study in the field.
PY 222  Psychology of Learning U  3 credits
The shaping of behavior, laboratory conditioning, reinforcement, approach and avoidance of a goal, discrimination and generalization of physical cues, animal learning experiments. Experimental approaches to the study of human behavior. Prerequisite: PY 200.

PY 223  Laboratory in Experimental Psychology U  3 credits
Practical experience in laboratory approach to the study of behavior. Considerable freedom for student to design his own experiments. Mainly oriented toward issues in learning and motivation: classical and operant conditioning, generalization and discrimination, extinction and transfer, goal-approach and avoidance, effect of drive on performance. Prerequisites PY 200 and PY 222.

PY 224  Child Growth and Development U  3 credits
Growth and development of the child from birth through pre-adolescence. Biological, psychological, and social factors as well as moral forces which influence child behavior. Prerequisite: PY 200.

PY 226  Adolescent Psychology U  3 credits
The major theories related to pre-adolescent and adolescent development. Physical, mental, moral, emotional, personality, and social aspects will be considered. Prerequisite: PY 200.

The following courses may be taken for graduate credits. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades, may be used in partial fulfillment of degree requirements.

PY 210  Applied Social Psychology UG  3 credits
Effective communication and better understanding of oneself; listening, persuasion, conflict resolution, goals, expectations, and self-confidence. Contemporary problems such as dissent, minority problems. Guest speakers when possible. This course may be taken for graduate credit with permission of the graduate adviser and instructor of the course. A project will be required.

PY 227  Psychology of Exceptional Children UG  3 credits
Emphasis will be on identification and understanding of the growth and development of exceptional children. Special techniques considered appropriate to the needs of such children will be treated. Emphasis will also be placed on the contribution the classroom teacher can make to the education and welfare of the mentally, emotionally, and physically handicapped child as well as the academically talented. Prerequisites: PY 200 and PY 224.

PY 228  Psychology of Mental Retardation UG  3 credits
Origins (genetic; organic; sensory, maternal, and cultural deprivation), manifestations, diagnostic aids, therapeutic and remedial techniques. Prerequisite: PY 200.

PY 230  Social Psychology UG  3 credits
The individual in social situations; attitude formation and change, culture and society, language and communication, leadership and group dynamics, personality, characteristics and interpersonal relationships. Classic studies in prejudice, brainwashing, competition, and small group behavior. Prerequisite: PY 200.

Theories of attitude change, including dissonance theory, balance theory, congruity theory, and assimilation and contrast theory. Prerequisites: PY 230 and MA 110.</td>
</tr>
<tr>
<td>PY 315</td>
<td>Psychological Theory UG</td>
<td>3</td>
<td>Fundamental assumptions underlying the psychological enterprise, and issues which are the subjects of continuing debate in the field—e.g., casualty, determinism, methodological approaches, the control of behavior conceptions of the nature of man. Prerequisite: at least four courses in Psychology.</td>
</tr>
<tr>
<td>PY 326</td>
<td>Seminar: Research Methods in the Behavioral Sciences UG</td>
<td>3</td>
<td>The strategies of scientific research (hypothesis formation, experimental design, statistical analysis, data interpretation) and the tactics of obtaining reliable information and minimizing error, e.g., survey methods, various kinds of interviews, individual difference measures, controlled laboratory conditions. Offered only to Senior majors in Psychology or another Behavioral Science. Prerequisites: MA 110 and at least 6 courses in Behavioral Science.</td>
</tr>
<tr>
<td>PY 342</td>
<td>Physiological Psychology UG</td>
<td>3</td>
<td>A general survey of the neural bases of behavior and current issues of physiological psychology. Topics include: instinctive behavior, biopsychological investigation of learning and motivation. Prerequisites: BI 102 and PY 200.</td>
</tr>
<tr>
<td>PY 343</td>
<td>Laboratory in Physiological Psychology UG</td>
<td>3</td>
<td>Skills in the laboratory technique used in biopsychology are developed. Topics include: animal neurosurgery, electro-physiological stimulation and recordings, and the effects of drugs upon behavior. Prerequisites: BI 102, PY 342 and permission of the instructor.</td>
</tr>
</tbody>
</table>
PY 351  Community Psychology and Mental Health UG  3 credits
Examination of principles, literature, and practices of community mental health work and preventive psychiatry. Therapeutic methods in individual, couple, family and group work considered, as well as the role of consultation and the community mental health center. Prerequisites: PY 300 and PY 231, or permission of the Department.

PY 502  Research G  credit to be arranged
Original research undertaken by an individual in the field of psychology. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

PY 503  Directed Study G  credit to be arranged
Directed study in the field of psychology. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

DEPARTMENT OF SOCIOLOGY

Chairman: Professor Brown
Professor: Greene
Associate Professors: Houston, Thomas
Instructor: Levin

The Department of Sociology does not offer a program at the master's degree level at this time. Sociology courses may be taken in a program leading to the degree of Master of Arts in Teaching with a concentration in the behavioral sciences. Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.
Department of Sociology

SP 204  Sociology of Religion UG  3 credits
Comparative study of religious systems and institutions, function and role of religion and
the church in society; professional status, history and relations of the clergy. Prerequisite:
SO 202, or permission of the Instructor.

SO 303  The Family UG  3 credits
The family as a social institution in terms of its historical and cultural development. Analysis
of psychological and social factors in contemporary family life. Prerequisite: SO 202,
or AN 201, or AN 202.

SO 304  Social Stratification UG  3 credits
Historical and contemporary examples of the range of stratification systems. Problems of
class and caste, conflicts. Trends in class system and social mobility, with special attention
given to similarities and differences of modern industrial societies. Prerequisite: SO
202, or AN 201, or AN 202.

SO 305  Sociology of Education UG  3 credits
Educative factors in the social process. Some attention will be given to preliterate cultures
and the functioning of the dominant institutions. Major emphasis on the relation of stratifi-
cation to education, and of education to horizontal and vertical mobility. Social class
and ethnic backgrounds will be examined for their relationship to the functioning of
schools. Recent, well-known empirical findings will be discussed. Prerequisite: SO 202, or
permission of the Instructor.

SO 306  Urban Sociology UG  3 credits
A sociological and ecological analysis of the city in terms of urban institutional and per-
sonality patterns, folkways and mores. Ecological process and structure. The city as cen-
ter of dominance over a trade area and hinterland. Prerequisite: SO 202, or ES 353, or AN
201, or AN 202.

SO 307  Urban Problems UG  3 credits
Poverty, intergroup conflict, breakdown in education, crime, delinquency and urban riots
will be examined. Special emphasis will be on new approaches in education in the city—
decentralization, community control, relevant curriculum. This course is especially
planned for students preparing for urban teaching. Experience in a problem area will be an
integral part of the course. Prerequisite: SO 202, or ES 353, or AN 201, or AN 202.

SO 309  Introduction to Social Welfare UG  3 credits
Institutional analysis of social welfare, social agencies. Sociological aspects of social
work as a profession. Prerequisite: SO 202.

SO 310  Indian Culture and Social Organization UG  3 credits
A descriptive and analytical examination of societies of the Indian subcontinent dealing
with their cultural histories, economic, social, political and religious institutions. Prob-
lems of cultural and social change. Prerequisite: SO 202, or AN 201, or AN 202.

SO 312  Urban Minority Relations UG  3 credits
A study of the relations between ethnic and racial groups in the United States, with par-
ticular attention to the Boston Irish, the Boston Italians, and the Negro-Americans. Con-
centration will be upon the Negro in America and the problems of identity. Prerequisite:
SO 202, or AN 201, or AN 202, or ES 353.
SO 314  Case Work Methods  UG  3 credits
Case work is based on recognition of internal psychological problems and external social causes of an individual's failure to function satisfactorily. Techniques of interviewing. Theoretical study of human behavior. Experience in social work agencies. Prerequisite: SO 309.

SO 316  Social Problems I: Non-conforming Behavior  UG  3 credits
This course will deal with contemporary problems which are reflected in the behavior of individuals but whose origins and causes lie outside of individuals. Topics treated will include drugs, dope-addiction, crime, juvenile delinquency, divorce and other family problems, mental illness and other health problems, social class, and selected social issues. Attention will be given to social factors regarded as major contributions to these problems. Prerequisite: SO 202.

SO 318  Social Problems II: Structural Discontinuities and Value Conflicts  UG  3 credits
A continuation of Social Problems I. Unemployment, mass poverty, problems of mass communication, world population growth, war, and other major problems involving total societal organizations. Problems will be treated from the standpoint of social change, resulting disorganization, and value conflict. Prerequisite: SO 202, SO 316, or permission of the Instructor.

SO 320  The Sociology of Underdevelopment  UG  3 credits
The study of the "Third World," its kinship, economic, religious, political and international roots, present functions and possible future consequences. Prerequisite: SO 202, or AN 201.

SO 322  Field Experience Internship in Urban Relations  UG  6 credits
Direct field-experience contacts on day to day basis with selected urban social problems, with low income families, and with social agencies that are serving the disadvantaged. Students will become familiar with selected socio-cultural experiences associated with poverty. Useful for those who plan to become teachers in inner-city schools, employees in social work agencies, and/or who intend employment in related community positions. Prerequisites: SO 202 and permission of the Instructor.

SO 326  Complex Organizations  UG  3 credits
This course will deal with the emergence, structure, function, and social significance of complex organizations. Emphasis will be placed upon the results of research in hospitals, schools, prisons, and military and industrial organizations. Some attention will be given to informal associations and organizational change. Prerequisite: SO 202, or permission of the Instructor.

SO 328  Criminology  UG  3 credits
This course will be concerned with theories of crime causation, and perspectives on administration, treatment, prevention, and prediction. Consideration will be given to the influence of social class and other factors in criminal behavior. Prerequisite: SO 202, or permission of the Instructor.

SO 400  Seminar: Social Theory  UG  3 credits
The history of social theory and selected topics in modern social theories, analysis of alternative conceptual approaches and their methodological requirements. For majors in Sociology or Behavioral Sciences. Prerequisite: SO 202, or permission of the Instructor.
Department of Sociology

SO 402 Seminar: Research Methods in Sociology UG 3 credits
Application of scientific methods to the analysis of social phenomena, methodological orientation in sociology, types of research procedure, nature of sociological variables. For majors in Sociology or Behavioral Sciences. Prerequisite: SO 202, or permission of the Instructor.

SO 411 Types of Asocial Personalities I UG 3 credits
Intended for the mature undergraduate or graduate student. It uses the clinical method of instruction, having available, live case material. Topics covered include the development of asocial personalities, especially the alcoholic, drug addict, anti-social retarded, and sexually deviated. Prerequisite: SO 280 (An Introduction to Sociological Analysis U).

SO 412 Types of Asocial Personalities II UG 3 credits
The intent and method is the same as in SO 411, Asocial Personalities I. The varieties of psychoses, assaultive epilepsies, and organic brain damages are considered. Current methods of detection and treatment are outlined. Prerequisite: SO 411 (Types of Asocial Personalities I UG)

SO 500 Curricular Materials G 3 credits
Social structure, basic human institutions, and analysis of social processes. The course presents new sociological publications designed especially for secondary school use by teams of sociologists representing the American Sociological Association.

SO 502 Research G credit to be arranged
Original research undertaken by an individual in the field of sociology. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

SO 503 Directed Study G credit to be arranged
Directed study in the field of sociology. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.
DIVISION OF THE CREATIVE ARTS

ACTING DIRECTOR: PROFESSOR RIDLON

Art       Music       Speech and Theatre

The Division of the Creative Arts offers a program leading to the degree of Master of Arts in Teaching with a concentration in creative arts. This program is designed for teachers and future teachers of creative arts. In addition to meeting general degree requirements, the student must complete the concentration requirement by electing courses appropriate to his degree program. All courses must be approved by the adviser. Courses which may be taken are listed under the several departments within the Division of the Creative Arts.

DEPARTMENT OF ART

Chairman: Associate Professor Smalley
Associate Professor: Tebbetts
Assistant Professors: Droge, Heller, Kendall
Instructor: Hausrath, Pulsifer

The Department of Art does not offer a program at the master's degree level at this time. Art courses may be taken in partial fulfillment of the creative arts concentration for the degree of Master of Arts in Teaching with a concentration in creative arts. Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

Please note that the course numbering which follows has been changed extensively for the 1974-75 Catalog.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

AR 120  Basic Design UG  3 credits
Studio exercises dealing with the fundamental elements and principles of design including color, shape, line, texture, balance and space and the organization of these elements in a work of art. Three two hour periods weekly.

AR 200  Understanding Arts UG  3 credits
The development of a framework for visual understanding and enjoyment. Art is approached from both an analytical and a theoretical point of view. Attention is focused on the social psychological and critical aspects of works of art. (Not offered 1974-75.)

</tbody>
</table>
AR 302 Greek and Roman Art UG 3 credits
Painting, sculpture, architecture and the minor arts. Historical antecedents and significant cultural influences in art.

AR 303 Medieval Art and Architecture UG 3 credits
A study of painting, architecture, sculpture and the minor arts produced in Europe from the time of early Christianity to the Renaissance. Special emphasis on stylistic and cultural influences.

AR 304 Renaissance Art and Architecture UG 3 credits
The development of the arts of architecture, painting, and sculpture in the Early and High Renaissance, with special emphasis on their interrelationships and their relation to the artistic theories and cultural ideals of the time.

AR 305 Baroque Art UG 3 credits
Mannerist and Baroque styles of the sixteenth through eighteenth centuries will be studied, with emphasis on their origins in Italy and development through Western Europe.

AR 307 Modern Art UG 3 credits
This course involves a study of painting, sculpture and architecture from Neo-Classicism to the present. Emphasis will be placed on major contemporary art movements.

AR 308 American Art and Architecture UG 3 credits
Major trends in painting, sculpture, and architecture in America, 1620 to present, including regional styles, folk art, and crafts.

AR 309 Arts of the Far East UG 3 credits
A selective review of major achievements in the arts of the Asiatic tradition, including those of India, Indonesia, China, Korea, and Japan. Comparison, when appropriate, with the arts of the West. (Not offered in 1974-1975.)

AR 310 Art and the Crafts in Special Education UG 3 credits
Art education theory and direct experience with a variety of materials and processes adapted to the needs of special education. Three two-hour periods weekly.

AR 311 Primitive Art UG 3 credits
Formal art properties and esthetic qualities of primitive art; the physical, psychological, and sociological backgrounds which brought this art into being.

AR 312 Interior Design UG 3 credits
Traditional and contemporary styles in furniture and interior design studied in illustrated lectures and field trips. Problems in selection and arrangement of home furnishings.

AR 320 Drawing I
Advanced projects will be planned according to the individual's style development and media preference. Three two-hour periods weekly. Prerequisite: AR 220 or consent of the Instructor.

AR 330 Painting II UG 3 credits
Advanced projects will be planned according to the individual's style of development. Three two-hour periods weekly. Prerequisite: AR 230 or consent of the Instructor.

AR 340 Sculpture II UG 3 credits
Advanced projects will be planned according to the individual's style, development and media preference. Three two hour periods weekly. Prerequisite: AR 240 or consent of the Instructor.

AR 350 Printmaking II UG 3 credits
Advanced projects planned according to the student's stylistic development and media preference. Three two hour periods weekly. Prerequisite: AR 250 or consent of the Instructor.
AR 360 Glassblowing II UG  3 credits
Further exploration of glassblowing. Emphasis on studio equipment, design, and advanced techniques. Three two-hour periods weekly. (Not offered in 1974-75.) Prerequisite: Consent of the Instructor.

AR 370 Clay and Glazes UG  3 credits
Advanced work in the chemistry and compounding of clay and glaze materials. Three two-hour periods weekly. Prerequisite: Consent of the Instructor.

AR 480 Advanced Jewelry Design  3 credits
Specialized techniques for the design and creation of jewelry in precious metals, and experimental construction techniques with these metals. Three two-hour periods weekly. Prerequisite: AR 280 or consent of the Instructor.

AR 502 Research G  credit to be arranged
Original research undertaken in the field of art. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

AR 503 Directed Study G  credit to be arranged
Directed study in the field of art. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

DEPARTMENT OF MUSIC

Chairman: Professor Falkner
Associate Professors: Ferry, Gannon
Assistant Professors: Davidovich, Johnstone, Liberles
Instructors: Asselin, Santos

Graduate students, who are candidates for the degree of Master of Arts in Teaching and who have elected creative arts as their area of concentration, may follow a course of studies in music or in combination with art and drama, if approved by the adviser. Additional information may be found under the Department of Secondary Education.

Course Offerings
The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the fac-
ulty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

MU 251 Choral Techniques UG 3 credits
Investigation and study of voice, problems, unison and part singing, children’s literature, solfeggio, melodic and rhythmic dictation. Prerequisite: MU 240 or permission of the Instructor.

MU 255 Music Materials for Elementary Teachers UG 3 credits
Included singing, use of instruments, listening, reading music and rhythmic activity. Prerequisite: MU 240 or permission of the Instructor.

MU 355 Creative Activities in Elementary School Music UG 3 credits
Practical experiences offered in free and directed rhythmic responses, use of melody, percussion and chording instruments, use of the piano and singing activities. Prerequisite: MU 240 and 255, or permission of the Instructor.

MU 363 Music of the Renaissance and Baroque Periods UG 3 credits
A study of vocal and instrumental, sacred and secular music through readings, lectures, listening and discussion of selected compositions representative of these two periods. Prerequisite: MU 160 or permission of the Instructor.

MU 364 Music of the Classical and Romantic Periods UG 3 credits
A study of vocal and instrumental music of these two periods through selected readings, lectures, listening and discussion. Prerequisite: MU 160 or permission of the Instructor.

MU 365 Music of the Contemporary Period UG 3 credits
A study of present day music and its relationship to the past, includes experimental and electronic developments; readings, lectures, listening and discussion. Prerequisite: MU 160 or permission of the Instructor.

MU 366 Music of the Opera UG 3 credits
A listener’s approach to opera with representative examples from Peri to present day composers. Words by composers from Germany, France, and Italy will be studied along with contributions from England and America. Prerequisite: MA 160 or permission of the Instructor.

MU 502 Research G credit to be arranged
Original research undertaken by an individual in the field of music. The student’s investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master’s degree program at Bridgewater State College and approval of topic and outline by the student’s adviser.

MU 503 Directed Study G credit to be arranged
Directed study in the field of music. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master’s degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student’s adviser.
DEPARTMENT OF SPEECH AND THEATRE

Chairman: Associate Professor Barnett
Professors: Dubin, Pitts
Associate Professor: Warye
Assistant Professors: Deetz, Dunne, Friedman, Levine
Instructors: Miskelly, Wuschke

The Department of Speech and Theatre offers a program leading to the degree of Master of Arts in Teaching with a concentration in speech and theatre. This program is designed primarily for teachers and future teachers of speech and theatre. In addition to meeting general degree requirements, the student must complete the departmental concentration requirement by electing courses appropriate to his degree program and approved by his adviser.

Speech and Theatre courses also may be taken in partial fulfillment of the creative arts concentration for the degree of Master of Arts in Teaching with a concentration in creative arts. Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following undergraduate courses are prerequisites for all graduate courses offered by the department. Additional undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

**ST 200  Oral Communication U**  3 credits
Examination of the practical and theoretical aspects of listening, conversation, discussion, interviewing, and public speaking.

**ST 370  Play Production U**  3 credits
This course is designed to treat the various aspects of school play production, ranging from classroom to all-school presentations on the elementary or high school level. It deals with such problems as selecting a play, casting, directing, lighting, costuming and designing, and building scenery. Practical work in the above activities will be required of all students.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

**ST 290  Speech Improvement in the Classroom U**  3 credits
An introduction to the problems of normal language and speech development in children. A study of the most common functional and organic communication disorders, with emphasis placed on identification and treatment of these problems in the classroom situation. Lectures, reading, research. Prerequisite: ST 200 or permission of the Instructor.
ST 291 Phonetics UG  3 credits
The primary emphasis of this course will be upon the study of the international Phonetic Alphabet, and its application to the sounds of the language. The factors of articulation, enunciation, and pronunciation will be noted along with drill work in connection with the sounds of acceptable speech. Further, stress will be placed upon an understanding of the vowels and consonants and upon modes of sound production. Prerequisite: ST 200.

ST 310 Oral Interpretation UG  3 credits
This course will offer opportunity for the study and practice of various styles of presentation in the oral interpretation of prose and poetry. A detailed evaluation and analysis of that material which is suitable for preparation and delivery to the class will be made. This course is especially recommended for those students with a definite interest in literature and humanities. Prerequisite: ST 200.

ST 330 Creative Dramatics UG  3 credits
Training and methodology in developing the child's creative faculties through the use of pantomime, dramatic play, role playing, and other techniques. Students will participate in classroom exercises, and work in laboratory sessions with children in order to put into practice the concepts of preparation and evaluation learned through class discussion and lecture. Prerequisite: ST 200 or permission of the Instructor.

ST 350 Public Speaking UG  3 credits
Intensive study, evaluation and analysis of speech preparation with frequent presentations of various speech types. Prerequisite: Permission of the Instructor.

ST 360 Group Discussions UG  3 credits
Principles of interpersonal communication in group situations with stress on participation, leadership and reasoning. Prerequisite: ST 200.

ST 380 Stagecraft UG  3 credits
This course will offer the opportunity for the study of the principles of stagecraft. Students will also receive practical experience in the design, construction, painting, rigging and handling of stage scenery. In addition, lighting the stage and prop construction will be studied to a limited degree. Practical work in all areas will be required on a laboratory basis. Prerequisite: ST 370.

ST 385 Stage Lighting UG  3 credits
Materials and techniques fundamental to historical and contemporary stage lighting, analysis of the principles of design as they relate to contemporary theatre execution. Prerequisite: Permission of the Instructor.

ST 390 Principles of Acting UG  3 credits
To develop an appreciation of and skill in the fundamentals of acting. Classroom exercises, improvisations, and scenes are aimed at providing the beginner with a basic technique which can be applied to the creation of any role. Prerequisite: ST 370.

ST 395 Principles of Directing UG  3 credits
To provide the basic knowledge and techniques the beginning director will need in order to interpret a play to an audience. Among the areas covered are play analysis, composition, movement, characterization, and rehearsal techniques. Prerequisite: ST 370.

ST 400 Creative Oral Techniques for Teaching UG  3 credits
In the advanced course the student is helped to assume leadership responsibilities in the development of both meaning and form in logical and creative modes of oral communication. The students learn to use the more complex areas of oral communication, i.e., role-playing, creative dramatics, story telling, interpretive reading and choral speaking to help him develop the total communicative process. Prerequisite: ST 200.
Department of Speech and Theatre

ST 410 Voice and Diction UG 3 credits
Analysis of each student's habits of respiration, phonation, and articulation; exercises designed to correct poor habits. Physics and physiology of the vocal mechanism. Training in perception, differentiation, and production of the standard sounds of good American speech. Prerequisite: ST 200 or permission of the Instructor.

ST 420 Children's Theatre UG 3 credits
This course is designed as a survey of the history and objectives of theatre for the child audience. It examines some of the special techniques of acting, directing, and producing plays for children. Attention is given to play selection and adaptation of children's literature for dramatic presentation. Students will direct scenes or "Cuttings" as part of their class work. Prerequisite: ST 370.

ST 430 Theatre History UG 3 credits
Trends in dramatic and theatrical developments throughout the world, from Greece to contemporary drama.

ST 452 Organizational Communication UG 3 credits
Analysis of communication problems in modern complex organizations, theory and practice. Prerequisite: ST 200 or permission of the Instructor.

ST 460 Discussion and Debate UG 3 credits
Through frequent practice and intensive study the student is trained in the principles and methods of communication as they apply to the group situation. The functional aspects of group membership, discussion, debate, logic, and leadership will be given particular attention. Prerequisite: ST 200.

ST 490 Speech Anatomy and Physiology UG 3 credits
Examination of the human hearing and vocal mechanisms involved in the speech act and their relationship to various speech disorders. Prerequisite: Permission of the Instructor.

ST 491 Communication Disorders I UG 3 credits
Study of normal speech and language development. Articulation, stuttering, and language disorders in children are discussed.

ST 493 Speech Reading and Auditory Training 3 credits
Habilitative and rehabilitative procedures for the deaf and hard of hearing with emphasis on auditory training, speech reading and speech conservation. Prerequisite: ST 410 or permission of the Instructor.

ST 502 Research G credit to be arranged
Original research undertaken by an individual in the field of speech and theatre. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

ST 503 Directed Study G credit to be arranged
Directed study in the field of speech and theatre. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.
Division of the Humanities

DIVISION OF THE HUMANITIES

DIRECTOR: PROFESSOR BOYLE

English  Modern Foreign Languages  Philosophy and Religious Studies

Master of Arts

The Division of the Humanities offers a program leading to the degree of Master of Arts in Humanities, which is designed to prepare qualified students for research, further graduate study, and teaching. An undergraduate major in one of the disciplines within the scope of the humanities is normally required for admission to this program. In addition to meeting general degree requirements, the student must complete courses appropriate to his degree program. The interdisciplinary program in humanities allows for flexibility in the student's choice of subjects. All courses must be approved by the adviser. Applicants must have an interview with the Director of the Division.

Master of Arts in Teaching

The Division of the Humanities also offers a program leading to the degree of Master of Arts in Teaching with a concentration in humanities. This program is designed for teachers and future teachers of humanities. In addition to meeting general degree requirements, the student must complete the concentration requirement by electing courses appropriate to his degree program. The interdisciplinary program in humanities allows for flexibility in the student's choice of subjects. All courses must be approved by the adviser.

RE 201 Comparative Religion UG  3 credits
An examination of the origins, development, and basic tenets of the major world religions from earliest times to the Moslem era, with particular emphasis on ancient Near Eastern religions. Judaism, Christianity, and Islam. Prerequisite: Permission of the Instructor.

RE 221 Introduction to the Old Testament UG  3 credits
Historical and cultural background; literature and interpretation of the Old Testament.

RE 222 Introduction to the New Testament UG  3 credits
Historical and cultural background; literature and interpretation of the New Testament.

RE 251 Religion in Contemporary America G  3 credits
The course will consider the organization, practices, and beliefs of current American religious organizations set in their historical and cultural perspectives. Roman Catholic, Eastern Orthodox, Jewish, and Protestant denominations will be included in the study. The role of the church in the modern American community will be assessed and recent trends within and without the church will be discussed. The study will include such recent theological topics as Honest-to-God, God Is Dead, the Theology of Hope, the Secular City, and the so-called Jesus movement. Prerequisite: Permission of the Instructor.
Department of English

RE 502 Research G  credit to be arranged
Original research undertaken by an individual in the field of Humanities. The student’s investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 9 credits for an M.A. and 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master’s degree program at Bridgewater State College and approval of topic and outline by the student’s adviser.

RE 503 Directed Study G  credit to be arranged
Directed study in the field of Humanities. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 6 credits for an M.A. and 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master’s degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student’s adviser.

DEPARTMENT OF ENGLISH

Chairman: Professor Ridlon
Professors: DeRocco, McGinnis, Sheinfeld
Associate Professors: Anderson, Guerin, Jarvis, Wood, Yokelson
Assistant Professors: Apsteln, Curley, DeLisle, Fanning, Johnson, Keener, Liggera, Nerney, Nickerson, Poule, Toback, Vadeboncoeur, Valiukenas
Instructors: Angell, Porter, Stanton

Master of Arts
The Department of English offers a program leading to the Master of Arts in English. An undergraduate major in English, with at least twenty-four hours of above average work in the discipline, is normally required for admission to this program.

In addition to meeting general degree requirements, the student must complete courses appropriate to his degree program, including the course called “Theory and Discipline of Literature.”

Applicants must have an interview with the Chairman of the Department. No application will be considered unless this requirement has been met.

Master of Arts in Teaching
The Department of English offers a program leading to the degree of Master of Arts in Teaching with a concentration in English. The program is designed primarily for teachers and future teachers of English. It also prepares students for further graduate work in English.

In addition to meeting general degree requirements, the student must complete the departmental concentration requirement by electing courses appropriate to his degree program.
Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

EN 101-102, or its equivalent, is a prerequisite for all courses.

EN 200  Advanced Composition UG  3 credits
Expository writing is taught through frequent practice, analysis of models, and criticism by instructor and students. Opportunity is available for the student to develop his writing in any specific area he chooses, but emphasis will be on satire, argument, critical analysis, exposition, and description. Some attention will be given to the major developments in English prose style since 1600.

EN 211, 212  Literary Classics of Western Civilization UG  3 credits each
Through classic examples of epic, myth, sacred history, parable, allegory, tragic and comic drama, philosophical dialogue, satire, lyric, and novel, the student will be introduced to the principal literary forms through which great writers, from ancient times to the twentieth century, have contributed to the religious, intellectual, moral, and esthetic traditions of Western culture.

EN 214  Classical Literature in Translation UG  3 credits
The course will study the important Greek and Roman writers including, among others, Homer, Sophocles, Plato, Euripides, Cicero, Horace, and Virgil. The focus will be on rediscovering the grandeur and glory of classical civilizations.

EN 215  Comparative Drama UG  3 credits
A study of plays of different periods dealing with the same mythological or historical themes. Included will be plays on the Oedipus theme, from Sophocles to Cocteau; plays about the House of Atreus, from Aeschylus to Sartre; plays about Antony and Cleopatra, from Shakespeare to Shaw; and plays about Joan of Arc, from Schiller to Anouilh. The larger purpose of the course will be to explore the freedom within limits of an artist who chooses to work with established plot materials.

EN 221, 222  Major English Writers UG  3 credits each
Representative works by the major English writers will be studied both formally and historically to develop an understanding of the genres, styles, and themes which characterize English imaginative and critical writing. The first semester will examine works from the Anglo-Saxon period to the eighteenth century; the second, works of the nineteenth and twentieth centuries.

EN 225  The Theme of Love UG  3 credits
Various literary treatments of the theme of love will be approached through such works as the following: Chaucer, Troilus and Criseyde; Donne, Poetry; Shakespeare, Romeo and Juliet, Antony and Cleopatra; Dryden, All for Love; Byron, Don Juan, Cantos I-IV; Bronte, Wuthering Heights; Browning, Poems; Henry James, The American or The Portrait of a Lady; Lawrence, Sons and Lovers; Hemingway, A Farewell to Arms.
EN 230 Creative Writing UG  3 credits
Fiction, non-fiction, verse, drama or any experimental forms may be taken by the student. Class discussions will center on the examination of both professional and student efforts. Frequent conferences will be held with individual students.

EN 231, 232 Major American Writers UG  3 credits each
Survey of American Literature from the Colonial beginnings to the present. Writers such as Franklin, Edwards, Irving, Poe, Hawthorne, Emerson, Whitman, Dickinson, Twain, James, Frost, Eliot, Faulkner, and Hemingway will be studied in their social and cultural contexts.

EN 235 The Short Novel UG  3 credits
Works selected from such writers as Conrad, James, Faulkner, Mann, Kafka, and Dostoievsky.

EN 238 The Short Story UG  3 credits
The primary focus in The Short Story will be on the examination of the relationship between form and content in several British, American and continental short stories. A secondary concern will center on the historical development of the genre.

EN 241, 242 Shakespeare UG  3 credits
Introduction to Shakespeare's plays set against the background of the times. Representative selections from the tragedies, comedies, and histories will be studied in detail.

EN 251 Literary Figures and Problems UG  3 credits
The course will provide the sophomore student with the opportunity to study particular literary figures and problems. The reading will offer an in depth approach to figures and problems, viewing them from a broad historical and critical perspective.

EN 252 Literary Types UG  3 credits
The course will approach literature by type, meaning 'type' to signify both genre and form. A semester's study might focus on biography and autobiography, the novel, the epic, comedy, tragedy, or satire. The reading will include diverse works representative of a particular type.

EN 261 Film Study: Introduction to the Art UG  3 credits
The course will provide the student with a critical evaluation of major American and foreign films and directors from the silent era to the present. The study will be directed toward developing in the student standards of critical awareness and esthetic appreciation. In addition to film viewing, there will be readings in film theory, interpretation, and criticism.

EN 262 Film Study: Literature into Film UG  3 credits
The course will focus on the way in which literature is adapted to film. Viewing and reading works in both media will be required.

EN 280 Journalism UG  3 credits
To develop skills in copyediting and proofreading with special emphasis given to objective news story writing. Some attention will be given to dramatic criticism and sports writing. The workshop approach will be used.

EN 301 Writing and the Teaching of Writing UG  3 credits
Writing, criticism, creativity. Student participation in criticism as a learning device and as a means to a reasonable load for the teacher. Objective is to improve the student's writing skill by the same techniques he can use in teaching the skill.

EN 305 History of the English Language UG  3 credits
Origins and development of English. Selected readings in Old and Middle English.
EN 309 Early American Literature UG 3 credits
The course will focus on selected readings from the colonial beginnings through James Fenimore Cooper.

EN 311 The Negro in U.S. Literature UG 3 credits
Autobiographies and fiction beginning chronologically with The Life of Frederick Douglass, with particular attention paid to Uncle Tom's Cabin, Native Son, and Invisible Man.

EN 312 Studies in Modern British Fiction UG 3 credits

EN 314 Medieval English Literature UG 3 credits
Selected readings in non-Chaucerian writing: Langland, Gower, romance, lyrics, drama. Four periods weekly each quarter.

EN 320 Chaucer UG 3 credits
Trollus and Criseyde and selected readings from the Canterbury Tales.

EN 321 The Age of Pope UG 3 credits
The literature of the neo-classical period, with emphasis on the works of Pope, Swift, Gay, Addison and Steele.

EN 322 The Age of Johnson UG 3 credits
The writings of several major literary figures, such as Johnson, Boswell, Fielding, Richardson, and others.

EN 323 Linguistics UG 3 credits
The generative-transformational theory of syntactic structures as applied to the English language. Selected readings on various aspects of linguistics.

EN 324 Linguistic History of the English Language UG 2 credits
Readings and linguistic analysis of Old Middle and Modern English. Four periods weekly for one quarter.

EN 329 Modern American Fiction UG 3 credits
The course will focus on short fiction and the novel between the two World Wars.

EN 330 Recent American Fiction UG 3 credits
The course will focus on American fiction since World War II.

EN 331 U.S. Literature in the Nineteenth Century UG 3 credits
Selected readings in C. G. Grow, Cooper, Hawthorne, Poe, Emerson, Thoreau, Whitman, and Dickinson.

EN 332 U.S. Literature in the Nineteenth Century UG 3 credits
The novels and tales of Melville, Twain, Hawthorne, and James.

EN 333 Realism and Naturalism in American Literature UG 3 credits
Studies in the fiction of Howells, James, Stephen Crane, Frank Norris, Theodore Dreiser, and in the twentieth-century extensions of realism in the novels of writers such as Sinclair Lewis, Sherwood Anderson, Dos Passos and Farrell. Attention will also be paid to the proselytizing criticism of the first generation of realists, notably James's Prefaces and Howells' essays.

EN 335 Elizabethan and Jacobean Drama UG 3 credits
Reading and discussion of a number of plays with attention to contemporary social developments as well as to the historical development of the English Play.
EN 340 Literature of the English Renaissance UG  3 credits
The non-dramatic literature of the Age of Shakespeare will include the reading of works by such writers as Sidney, Spenser, Nashe, Marlowe, and Drayton. Although the emphasis will be on textual analysis, the historical, social, and cultural background to the period will also be examined.

EN 341 Literature of the Continental Renaissance UG  3 credits
Selected works of Petrarch, Boccaccio, Machiavelli, Erasmus, Castiglione, Rabelais, Cellini, Montaigne, Cervantes, and Ronsard representing prevailing literary themes and techniques. Lectures and discussions on the art, history, philosophy, and music of the age will be offered by faculty in these disciplines.

EN 342 Shakespeare: Comedies and Histories UG  3 credits
Shakespeare: Comedies and Histories provides the student of Shakespeare with examples of Shakespeare's art in dominant Renaissance dramatic forms and with some of his recurring thematic concerns. In addition, study of the histories and comedies demonstrates Shakespeare's growth in the dramatic use of language. Plays for study will include the Comedy of Errors, Two Gentlemen of Verona, Much Ado about Nothing, As You Like It, Twelfth Night, Richard III, Richard II, 1 & 2 Henry IV, and Henry V.

EN 343 Shakespeare: Tragedies and Late Plays UG  3 credits
Shakespeare: Tragedies and Late Plays offers the student of Shakespeare studies in the various dimensions of the tragic visions of man. In addition, study of the Late Plays provides the student with examples of dramatic works that proceed beyond the tragic dimension. Selected plays will include Hamlet, King Lear, Othello, Macbeth, Anthony and Cleopatra, Measure for Measure, The Winter's Tale, and The Tempest.

EN 346 Southern Literary Renaissance UG  3 credits
Beginning with the Fugitives in the 1930's (Robert Penn Warren, Allen Tate, John Crowe Ransom, and Donald Davidson primarily) and their concern with the problem of the Southern writer's coming to grips with his identity as both a southerner and an artist, the focus will center on the writings of such contemporary figures as William Faulkner, Tennessee Williams, Katherine Anne Porter, Flannery O'Connor, Carson McCullers, Eudora Welty, and Peter Taylor.

EN 350 The Modern English Novel UG  3 credits
A selective survey of major contributors to the English novel from Joseph Conrad through the school of the "Angry Young Men." Major attention will be given to the analysis of specific texts.

EN 353 Modern European Drama UG  3 credits each
The Main forces in Modern European drama, starting with Ibsen.

EN 355 Modern American Drama UG  3 credits
Selected plays of dramatists from O'Neill to Albee.

EN 360, 361 The English Novel UG  3 credits
The development of the English novel, including the works of Defoe, Richardson, Fielding, Smollett, Sterne, Austin, and Scott in the first semester, and Dickens, the Brontes, Thackeray, Eliot, Trollope, Conrad, and Hardy in the second semester.

EN 365 Victorian Prose and Poetry UG  3 credits
The major emphasis will be placed upon the poetry of Tennyson, Browning, and Arnold, but the works of other 19th century poets such as Hopkins and Hardy will also be read and discussed. The essays of Carlyle, Arnold, Newman, Huxley, and others will also be studied.
EN 366  Tennyson, Arnold, Browning UG  3 credits  
These major nineteenth-century authors will be studied in some detail, with particular reference to the historical, social, and cultural milieu within which they wrote.

EN 367  English Literature of the Late Victorian and Edwardian Period UG  3 credits  
The major writers of the late nineteenth- and early twentieth-centuries will be examined from an aesthetic, social, and intellectual point of view.

EN 370  Seventeenth Century Literature UG  3 credits  
This course is an introduction to the prose and poetry of the Seventeenth Century in England, exclusive of Milton. Such writers as Donne, Jonson, Bacon, Burton, Browne, and Dryden will be examined, and various persistent elements, such as the classical influence, will be explored.

EN 380  Milton UG  3 credits  
Emphasis will be placed on the main poetical works of Milton: Paradise Lost, Paradise Regained, and Samson Agonistes. However, certain of the minor poetic works, as well as selected prose will be read also.

EN 383  Modern Irish Literature UG  3 credits  
Includes Irish writing from 1890 to the present, with special emphasis on the works of Yeats, Synge, O'Casey, Joyce, O'Connor, and O'Faolain.

EN 386  English Romantic Poets UG  3 credits  
The chief works of Wordsworth, Coleridge, Byron, Shelley, and Keats will be studied. Emphasis will be placed on textual analysis, but consideration will be given to historical background and to developments in philosophy and esthetic theory which have a direct bearing on Romantic poetry.

EN 387  British Commonwealth Literature UG  3 credits  
Literature of the British Commonwealth nations will be studied. In a given year the emphasis may be on Canadian, Australian, African, or Indian literature.

EN 390  History of Literary Criticism UG  3 credits  
The history of literary criticism from Aristotle to the present. Emphasis will be placed on those persistent esthetic, psychological, social, and cultural patterns which have helped shape the literature of our own age.

EN 391  Modern Literary Criticism UG  3 credits  
Several twentieth-century critical approaches to literary analysis, interpretation, and evaluation. Particular attention will be given to literary concepts derived from psychoanalysis, sociology, anthropology, semantics, philosophy, and theology. Such topics as existentialist criticism, the "new criticism," and the theory of myth and symbol will be considered.

EN 393  Modern British Poetry UG  3 credits  
The major British poets of the twentieth century with particular emphasis on the works of Hopkins, Yeats, Eliot and Thomas.

EN 394  Modern American Poetry UG  3 credits  
The major American poets of the twentieth century with particular emphasis on the works of Robinson, Frost, Williams and Stevens.

EN 395  Studies In Recent American Poetry  3 credits  
Intensive study of some of the major figures in American poetry of the past ten or fifteen years: Theodore Roethke, Robert Lowell, and John Berryman will certainly be included. Also, three or four poets to be selected from the following list: Richard Eberhart, Richard Wilbur, W. D. Snodgrass, W. S. Merwin, Sylvia Plath, James Wright, James Dickey, Randall, Jarrell, Gary Snyder.
Department of English

EN 397 Film Study: The Director's Art UG 3 credits
The course will offer an intensive study of the works of one or more directors who have significantly extended or added to film vocabulary.

EN 398 Film Study: Genres UG 3 credits
The course will focus on films that have contributed to the definition of such cinematic genres as the western, the gangster movie, the documentary, the light comedy, and others.

EN 400 Techniques of Literary Research UG 3 credits
Research procedures, with special reference to the materials and methods of literary study and publication. Various critical approaches to literature will be examined, and some evaluation of scholarly procedure will be made.

EN 420 English Education Seminar UG 3 credits
Limited in enrollment to seniors and graduate students contemplating secondary school teaching. The problems of English education in a rapidly changing social, cultural, and intellectual environment. Reports, small group discussions, and meetings with professionals in the field.

EN 494 Seminar UG 3 credits
The seminar will treat selected topics in literature and related areas of study.

EN 495 Seminar in English Literature UG 3 credits
This seminar, limited to seniors, honors candidates, and graduate students, will pursue in depth certain themes and authors in English literature, the topic changing from year to year.
EN 496 Seminar in American Literature UG 3 credits
This seminar, limited to seniors, honors candidates, and graduate students, will pursue in depth certain themes and authors in American literature, the topic changing from year to year.

EN 497 Seminar in World Literature UG 3 credits
This seminar, limited to seniors, honors candidates, and graduate students, will pursue in depth certain themes and authors in world literature, the topic changing from year to year.

EN 500 Theory and Discipline of English G 3 credits
This course, normally open only to graduate students, will examine the backgrounds to, and the techniques of scholarship, in the field of literature. Some acquaintance with critical approaches to literature, as well as comprehensive experience in the major genres and periods of English and American literature, will be assumed.

EN 502 Research G credit to be arranged
Original research undertaken by an individual in the field of English. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 9 credits for an M.A. and 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

EN 503 Directed Study G credit to be arranged
Directed study in the field of English. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 6 credits for an M.A. and 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

DEPARTMENT OF MODERN FOREIGN LANGUAGES

Chairlady: Assistant Professor Enos
Associate Professors: Arruda, Briggs, Giannini, Judah
Assistant Professors: Cotugno, Dawley, Padula, Reordan, Shapiro, Tijerina, Ward

The Department of Modern Foreign Languages offers a program leading to the degree of Master of Arts in Teaching with a concentration in modern foreign languages. This program is designed primarily for teachers and future teachers of foreign languages. It also prepares students for further graduate work in foreign languages. In addition to meeting general degree requirements, the student must complete the departmental concentration requirement by electing courses appropriate to his degree program and approved by his adviser. Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.
Department of Modern Foreign Languages

Course Offerings
The following undergraduate courses are prerequisites for certain graduate courses offered by the department. Additional undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

French
LF 101, 102 Elementary French U 3 credits
An introduction to written and spoken French. Limited to those students with no previous study of the French language.

LF 151, 152 Intermediate French U 3 credits each
A rapid review of French grammar with stress on essential grammatical points and the development of reading ability. Prerequisite: LF 102.

LF 181,182 Advanced French U 3 credits each
A concentration on more advanced aspects of the spoken and written French language. Oral practice through individual classroom participation. Prerequisite: LF 152 or its equivalent.

German
LG 101, 102 Elementary German U 3 credits each
An introduction to the study of the German language and culture. Emphasis on correct pronunciation and structure.

LG 151, 152 Intermediate German U 3 credits each
A systematic review of basic German grammar. Graded reading selections and an introduction to aspects of German culture. Prerequisite: LG 102.

LG 181, 182 Advanced German U 3 credits each
Introduction to a more advanced level of the literature. Representative German authors will be read and discussed. Prerequisite: LG 151, 152, or its equivalent.

Italian
LT 101, 102 Elementary Italian U 3 credits each
An aural-oral approach to the grammar of the Italian language. Emphasis is on the mastery of correct pronunciation and of fundamental grammatical points to ensure a basic oral, reading, and written command of the language.

LT 151, 152 Intermediate Italian U 3 credits each
A continuation of Elementary Italian, with stress on essential grammatical features, oral work, and reading and writing development in the language. Prerequisite: LT 102.

LT 181, 182 Advanced Italian U 3 credits each
A review of basic Italian grammar and presentation of more advanced structural elements. Stress on improvement of compositional and aural-oral skills. Varied cultural reading selections. Prerequisite: LT 151, 152, or its equivalent.
Portuguese

LP 101, 102  Elementary Portuguese U  3 credits each
An introduction to the basic skills of reading and writing, and the development of aural comprehension and correct oral pronunciation. Four periods weekly.

LP 151, 152  Intermediate Portuguese U  3 credits each
A review of basic grammar and pronunciation and a more advanced study of these two aspects of the language. Reading, writing, and oral proficiency will be stressed. Prerequisite: LP 102.

LP 181, 182  Advanced Portuguese U  3 credits each
Stress on improvement of compositional and aural-oral skills. Literary texts from Brazilian and Portuguese literatures. Prerequisite: LP 151, 152, or its equivalent.

Russian

LR 101, 102  Elementary Russian U  3 credits for each semester
Simultaneous development of the four fundamental language skills. Introduction to Slavic culture.

LR 151, 152  Intermediate Russian U  3 credits for each semester
Consolidation of elementary Russian through review of basic elements, plus written and oral self-expression based on detailed readings of selected texts. Introduction to Russian literature. Prerequisite: LR 102.

LR 181, 182  Advanced Russian UG  3 credits each
Progressive development of the student's language proficiency through reading of scientific and literary texts, oral practice and written compositions. Prerequisite: LR 151, 152, or its equivalent.

Spanish

LS 101, 102  Elementary Spanish U  3 credits each
An introduction to the essentials of Spanish pronunciation and grammar. Reading, writing, aural and oral proficiency will be stressed.

LS 151, 152  Intermediate Spanish U  3 credits each
A review of basic grammar and correct pronunciation to further an audio-oral command of the language. Aspects of Hispanic culture will be introduced. Prerequisite: LS 102.

LS 181, 182  Advanced Spanish U  3 credits each
A more detailed study of Spanish grammar. Vocabulary development, correct pronunciation, and improved audio-oral skills. Cultural readings from Hispanic world. Prerequisite: LS 151, 152, or its equivalent.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.
FL 502 Research G  credit to be arranged
Original research undertaken by an individual in the field of modern foreign languages. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

FL 503 Directed Study G  credit to be arranged
Directed study in the field of modern foreign languages. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

French

LF 201 French Literature of the Middle Ages UG  3 credits
A survey of representative works of the Middle Ages in modern French translation. Prerequisite: LF 181, 182, or its equivalent.

LF 231 Eminent Realists and Naturalists in 19th century French Literature—in Translation UG  3 credits
A study of realism and naturalism (1850-1900), with special attention given to Flaubert, the Goncourts, Maupassant, Zola, and Huysmans.

LF 241 French Literature of the Absurd in Translation UG  3 credits
A study of French "absurd" literature in translation, from Flaubert's A Simple Heart to "anti-literature" of the "new" novel. Emphasis on theatre.

LF 252 Sixteenth Century French Literature UG  3 credits
A study of the poetry, prose, and theatre of the sixteenth century, noting the transition from the late Middle Ages through the Renaissance. Prerequisite: LF 201, or its equivalent.

LF 281 French Conversation and Civilization UG  3 credits
Improvement of oral expression and pronunciation. Assigned topics on aspects of French Civilization to build vocabulary and to apply structures learned. Prerequisite: LF 181, 182, or its equivalent.

LF 301 17th Century French Literature UG  3 credits
The principal historical events and representative authors and genres of France of the seventeenth century will be studied with the object of understanding Classicism as a literary movement. Prerequisite: LF 201, and 252, or their equivalent.

LF 352 18th Century French Literature UG  3 credits
The literary contributions of the Enlightenment and Encyclopedists to the French Revolution and pre-Romanticism. Prerequisite: LF 301, or permission of the Instructor.

LF 372 Advanced French Composition and Grammar UG  3 credits
A thorough study of French grammar to develop a written and oral command of the French language. Prerequisite: LF 181, 182, or its equivalent.
LF 381  Applied French Linguistics and Phonetics UG  3 credits
A linguistic approach to the sounds of the French language with emphasis on a mastery of the elements of correct standard pronunciation. Prerequisite: LF 181, 182, or its equivalent.

LF 401  19th Century French Literature UG  3 credits
Through representative works, the entire 19th century will be surveyed with special emphasis on principal literary movements; Romanticism, Realism, and Symbolism. Prerequisite: LF 201, 252, 301, 352, or their equivalent.

LF 451  20th Century French Literature UG  3 credits
Literary trends will be discussed and typical works of well known authors will be read for class work and individual reports. Barres, France, Gide, Proust, Claudel, Romaines, Sartre, Camus. Prerequisite: LF 201, 252, 301, 352, or their equivalent.

German

LG 191, 192  Scientific German UG  3 credits each
An introduction to the reading and translating of scientific material. Open to science majors as a substitution for LG 151, 152. Prerequisite: LG 102, or its equivalent.

LG 201, 202  Survey of German Literature UG  3 credits each
German literature from its earliest beginnings to the present day. Representative works of the principal literary periods will be read and discussed. Prerequisite: LG 181, 182, or its equivalent.

LG 282  German Conversation and Civilization UG  3 credits
Designed to develop further the student's command of spoken German. Discussion topics will center upon aspects of German civilization and culture. Prerequisite: LG 181, 182, or its equivalent.

LG 301, 302  Modern German Literature UG  3 credits each
Principal works and authors of contemporary German literature. Prerequisite: LG 201, 202, or its equivalent.

LG 310  The Modern German Novel in Translation UG  3 credits
The German novel since World War I with emphasis on works by Thomas Mann, Herman Hesse, Gunter Grass, Heinrich Boll.

LG 320  Contemporary German Drama in Translation UG  3 credits
Trends in twentieth century drama before and after World War II including works by Bertolt Brecht, Friedrich Durrenmatt, Peter Weiss, and others.

LG 330  Major German Writers in Translation UG  3 credits
Selected works by Major German Writers.

LG 340  The German Novella in Translation UG  3 credits
The novella as a literary genre and selected works by major writers.

LG 351  German Romanticism UG  3 credits
Pertinent authors and their representative works. Romanticism as a literary movement. Prerequisite: LG 201, 202, or its equivalent.

LG 382  Medieval German Literature UG  3 credits
The beginnings of German literature through principal works of the period. Prerequisite: LG 201, 202, or its equivalent.
Department of Modern Foreign Languages

LG 401 The Age of Goethe and Schiller UG 3 credits
The Storm and Stress Period and Classical Period of German literature, with a focus upon Goethe and Schiller as the leading representatives of these movements. Prerequisite: LG 201, 202, or its equivalent.

LG 451 German Drama, Prose and Poetry of the 19th Century UG 3 credits
Representative writers of the century will be read and discussed, with particular emphasis upon Grillparzer, Kleist, Keller and Storm. Prerequisite: LG 201, 202, or its equivalent.

Spanish

LS 201, 202 Survey of Spanish Literature UG 3 credits each
Major literary movements, works and authors of peninsular Spanish literature from earliest times to the present. Prerequisite: LS 181, 182, or its equivalent.

LS 251, 252 Survey of Spanish-American Literature UG 3 credits each
A representative study of the literature of the Colonial period, the Independence period, the eighteenth century Modernism, and the Contemporary period. Prerequisite: LS 181, 182, or its equivalent.

LS 281 Spanish Conversation and Phonetics UG 3 credits
Improvement of oral proficiency by a systematic study of the sounds of correct pronunciation. Prerequisite: LS 181, 182, or its equivalent.

LS 282 Spanish Composition and Civilization UG 3 credits
An introduction to the history, geography, social institutions, and culture of Spain. Development of compositional skills. Prerequisite: LS 181, 182, or its equivalent.

LS 301 The Golden Age of Spanish Literature UG 3 credits
A study of the poetry, prose and theatre from the second half of the sixteenth century to the Baroque period. Emphasis will be on the mystics, Gongora, Lope de Vega, Calderon, and Quevedo. Prerequisite: LS 201, 202, or its equivalent.

LS 351 Cervantes UG 3 credits
A study of the man and his works, with special emphasis on "Don Quixote." Prerequisite: LS 201, 202, or its equivalent.

LS 381 The Middle Ages UG 3 credits
The evolution of Spanish literature through the first half of the 16th Century: Romances, Poema del Cid, La Celestina, Lazarillo de Tormes, El libro de Buen Amor. Prerequisite: LS 291, 202, or its equivalent.

LS 401 19th Century Spanish Literature UG 3 credits
The Romantic and Realist Movements. Representative work of the novel, poetry, and drama. Caballero, Alarcón, Galdós, Clarín, Bazán, Ibáñez, Duque de Rivas, Gutiérrez, Espronceda, Larra. Prerequisite: LS 201, 202, or its equivalent.

LS 451 20th Century Spanish Literature UG 3 credits
The Spanish novel, essay, poetry and drama from the Generation of '98 to the present. Unamuno, Baroja, Azorín, Machado, Jiménez, Lorca, Casona, Cela. Prerequisite: LS 201, 202, or its equivalent.
DEPARTMENT OF PHILOSOPHY AND
RELIGIOUS STUDIES

Chairman: Assistant Professor Cheney,
Associate Professors: Boyle, Corkery, Joyal
Assistant Professors: Bergson, Sanders

The Department of Philosophy and Religious Studies does not offer a program at the master's degree level at this time. Philosophy courses may be taken in partial fulfillment of the course requirements for the degree of Master of Arts in Humanities, and in partial fulfillment of the course requirements for the degree of Master of Arts in Teaching with a concentration in humanities. Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

PL 401 Philosophy of Natural Science UG  3 credits
Inquiry into the conceptual foundations of natural science, including topics of induction, causation and determinism, natural law, theoretical explanation, and concept formation. Prerequisite: completion of two philosophy courses or permission of the Instructor.

PL 403 Philosophy and the Arts UG  3 credits
Inquiry into recurrent philosophical themes in literature and the fine arts, accompanied by an introduction to the fundamental problems of aesthetics. Prerequisite: completion of two philosophy courses or permission of the Instructor.

L 410 Existentialism UG  3 credits
A critical study of the existentialist movement in philosophy, concentrating on the concepts of human existence, anxiety, freedom decision, introduction to phenomenology. Reading from Keirkegaard, Heidegger, Sartre, Jaspers, Camus. Prerequisite: completion of two philosophy courses or permission of the Instructor.

PL 450 Philosophy Seminar UG  3 credits
Study of a particular philosopher and/or selected philosophical problems. Topics vary, course may be repeated. Limited enrollment, admission only by consent of Instructor.

PL 502 Research G  credit to be arranged
Original research undertaken by an individual in the field of philosophy. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisite: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

65
PL 503 Directed Study G  credit to be arranged
Directed study in the field of philosophy. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master’s degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student’s adviser.
Department of Biological Sciences

DIVISION OF NATURAL SCIENCES
AND MATHEMATICS

DIRECTOR: DEAN HILFERTY

Biological Sciences  Chemical Sciences  Earth Sciences & Geography
Mathematics              Physics

DEPARTMENT OF BIOLOGICAL SCIENCES

Chairman: Professor Howe
Commonwealth Professor: Hilferty
Professors: Brennan, Cirino, Mish, Morin, Wall
Associate Professor: Hewitson
Assistant Professors: Jahoda, Muckenthaler, Schaefer

Master of Arts*
The Department of Biological Sciences offers a program leading to the degree of Master of Arts in Biology, which is designed to prepare qualified students for research, further graduate study and teaching. An undergraduate major in biology, or its equivalent, is normally required for admission to this program. The student should have satisfactorily completed at least one semester of general botany and one semester of general zoology (or two semesters of a general biology course) as well as at least two semesters of calculus, organic chemistry and general physics.

In addition to meeting general degree requirements the student must complete courses appropriate to his degree program, as determined in consultation with his adviser.

Master of Arts in Teaching*
The Department also offers a program leading to the degree of Master of Arts in Teaching with a concentration in biology. This program is designed for teachers and future teachers of biology. It also prepares students for further graduate work in biology.

* All applicants for graduate work in the Department of Biological Sciences must have an interview with the Chairman of the Department. Applicants for the M.A. degree will also be required to have interviews with faculty who may later direct thesis preparation and research. These interviews will be established by the Chairman during his meeting with the applicant. All interviews must be completed prior to the appropriate deadline for completed applications set in the Calendar of the Graduate School in accordance with the dates for the submission of applications to the Graduate School.

67
In addition to meeting general degree requirements, the student must complete the departmental concentration requirement by electing courses appropriate to his degree program, as determined in consultation with his adviser.

Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following undergraduate courses are prerequisites for certain graduate courses offered by the department. Additional undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

**Bl 101 Introduction to the Biological Sciences I U** 3 credits
The botanical aspects of biology with emphasis on the structure and function of cells, tissues, organs, and the plant body; together with a general survey of the plant kingdom. Such topics as photosynthesis, water relations, respiration, growth, reproduction, heredity, disease, and evolution are included. Bl 101-102 are coordinated so that various concepts common to plants and animals are taught in one semester or the other and not duplicated. Students are expected to complete both semesters.

**Bl 102 Introduction to the Biological Sciences II U** 3 credits
The zoological aspects of biology with emphasis on such topics as: the nature of science and scientific thinking; the structure and physiology of cells, tissues, organs, and organ-systems; embryogeny; heredity; ecological and phylogenetic interrelationships; and a general survey of the animal kingdom. Bl 101-102 constitute a coordinated course in general biology, and students are expected to complete both courses. Bl 102 may be taken before Bl 101.

**Bl 102-104 Principles of General Biology U** 3 credits
A detailed study of biological processes and principles at the cellular and organismal levels, including such topics as the chemical basis of life, structure and function of plants and animals, development, ecology, and evolution. Primarily for science majors.

**Bl 103-104 Principles of General Biology U** 3 credits
The major concepts of biology and fundamental principles which underlie phenomena of life. Consideration given to plant and animal growth, survival, reproduction, change, adaptation, integration and utilization of environmental resources, and to man's role in the biosphere. Primarily for non-science majors.

**Bl 107-108 Concepts of Biology U** 3 credits
A concept-oriented study of biology through an investigative approach in the classroom and the laboratory. A questioning attitude and creative thinking about natural phenomena are encouraged and demonstrated through the use of activities involving familiar living organisms. Primarily for Elementary and Special Education Majors.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.
BI 227 Introduction to Animal Behavior UG  3 credits
An introduction to the study of animal behavior, primarily from the ethological view but
including contributions from other disciplines to achieve a synthesis of theory regarding
the behavior of animals. Topics to be covered include social behavior, display and ritualized
behavior, aggression, appetitive and consummatory behavior, fixed action patterns,
homing and migration, circadian and other rhythms, learned and innate elements of be-
havior, and animal communications. Prerequisites: BI 101-102 or equivalent, or permis-
sion of Instructor. (A course in Physiology is recommended.)

BI 281 Invertebrate Zoology UG  3 credits
The biology of invertebrates from a phylogenetic standpoint with emphasis on: taxonomy,
morphology, histology, physiology, development, and natural history. Representatives of
the principal classes of each phylum are studied. Prerequisite: BI 101-102 or equivalent,
or permission of the Instructor.

BI 282 Comparative Chordate Anatomy UG  3 credits
An ontogenetic and phylogenetic survey is made of chordate gross anatomy, supple-
mented by laboratory dissections of representative species. Emphasis is placed on
ecomorphology and the changes in chordate structure and biology that comprise their
evolution, with an analysis of the significance of these changes in light of our modern
knowledge of evolution. Prerequisite: BI 101-102 or equivalent, or permission of the Instructor.

BI 283 Field Natural History UG  3 credits
The identification of local plants and animals with emphasis on the natural history of
common animals, dominant biotic communities of Southeastern Massachusetts, general
morphology and taxonomy of organisms, and techniques of collecting, preserving, and
identification. Prerequisite: BI 101-102 or equivalent, or permission of the Instructor.

BI 284 Plant Morphology UG  3 credits
A survey of the plant kingdom from the Monera through the Angiosperms with emphasis
on evolutionary adaptations associated with each group and phylogenetic relationships
between the divisions as reflected in present day classification systems. Prerequisite: BI
101-102 or equivalent, or consent of the Instructor.

BI 300 Biochemistry UG  3 credits
A study is made of the functions, chemical transformations, and attendant energy
changes associated with basic biological phenomena. Prerequisites: BI 101-102 or equiv-
alent, CH 131-132, and MA 103-104, or permission of the Instructor.

BI 312 Heredity and Human Endeavor UG  3 credits
The principles of genetics which are important to an understanding of the hereditary
mechanism in man. Individual differences in relation to gene-environment interaction and
the role of heredity in education, governance, and society. Primarily an elective course for
non-science majors. Prerequisite: BI 101-102 or equivalent, or permission of the instructor.

BI 381 General and Comparative Physiology UG  3 credits
Physiological principles concerned in irritability, contraction, circulation, gas exchange,
excretion, and hormonal regulation. Prerequisites: BI 101-102, CH 131-132, PH 181-182,
MA 103-104, or permission of the Instructor.

<tr>
<td>BI 427</td>
<td>Cytology UG</td>
<td>UG</td>
<td>3</td>
<td>Cellular morphology and organization including descriptions of major intracellular processes and the functional significance of cellular structures. Prerequisite: BI 101-102 or equivalent, or permission of the Instructor.</td>
<td>BI 101-102 or equivalent, or permission of the Instructor.</td>
</tr>
</tbody>
</table>
BI 430 Biological Electron Microscopy UG 3 credits
An introduction to the techniques of tissue preparation including fixation, dehydration and embedment procedures, followed by sectioning and staining. Practical use of the electron microscope to observe and record images of specimens and photographic darkroom techniques necessary to prepare acceptable electron micrographs. Prerequisites: BI 427 or permission of Instructor.

BI 481 Sensory Physiology UG 3 credits
Discussion on the structure and function of human sensory receptors; vision, hearing, touch, smell, taste, muscle receptors and autonomic system receptors. Prerequisites: BI 101-102 or equivalent.

BI 485 Seminar on Human Sexual Reproduction UG 3 credits
Sperm and egg production; fertilization; embryology of foetus; development and physiology of the foetus; hormones in reproduction (sexual cycles, pregnancy and lactation); sexual behavior and artificial controls of reproduction. Prerequisites: BI 101-102 or equivalent.

BI 502 Research G credit to be arranged
Original research undertaken by an individual in the field of biology. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 9 credits for an M.A. and 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of the topic and outline by the student's adviser.

BI 503 Directed Study G credit to be arranged
Directed study in the field of biology. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 6 credits for an M.A. and 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

BI 506 Experimental Morphology of Angiosperms G 3 credits
The growth and development of flowering plants as revealed by experimental modification of their environment, including an investigation of the basic molecular processes involved in genetic control of plant development and their interaction with hormonal mechanisms and environmental influences. Prerequisites: BI 292, BI 393, BI 397, or permission of the Instructor.

BI 507 Comparative Morphology of the Vascular Plants G 3 credits
The vascular plants from the psilopsids to the angiosperms using classical and contemporary data for the evaluation of phylogenetic and phenetic relationships. Prerequisites: BI 292, BI 397, BI 404, BI 427, or permission of the Instructor.

BI 508 Taxonomy of Spermatophytes G 3 credits
A survey of the seed plants: their structure, taxonomy, phylogeny, and ecological importance. Prerequisites: BI 283, BI 507, or permission of the Instructor.
BI 520 Developmental Genetics G 3 credits
An examination of current knowledge of the genetic basis of developmental processes. Mechanisms of expression of genetic information during the early stages of development will be discussed. Differential gene function as the basis of differentiation will be considered along with genetic control mechanisms, genetic interaction at different levels and regulation of gene function. Prerequisites: BI 101-102, BI 393, CH 131-132, or permission of the Instructor.

BI 523 Neurophysiology I G 3 credits
The physiology of the peripheral nervous systems, receptors, and muscles, considered in both vertebrates and invertebrates. Prerequisite: BI 381, or permission of the Instructor.

BI 524 Neurophysiology II G 3 credits
The central nervous system of invertebrates and vertebrates. Anatomical, physiological, and biochemical aspects. When appropriate, some behavioral studies will be considered. Prerequisite: BI 381, or permission of the Instructor. BI 523 need not precede BI 524.

BI 525 Mammalogy G 3 credits
The classification, distribution, life histories, techniques of collection and preservation, ecology, and ethology of mammals. Prerequisite: BI 282 or permission of the Instructor.

BI 526 Microbial Physiology G 3 credits
An advanced study of bacteria and fungi emphasizing their nutrition, growth, death, and chemical activities. Laboratory work will demonstrate some research methods of microbial physiology and illustrate some representative physiological systems. Prerequisites: BI 300, BI 395, CH 344, or permission of the Instructor.

BI 527 Comparative Ethology G 3 credits
Behavioral adaptations of animals to their environments and way of life. Introduction of the objective analysis of behavior patterns and use of patterns in clarifying evolutionary relationships. Prerequisites: BI 282, BI 381 or BI 385, or permission of the Instructor.

BI 530 Entomology G 3 credits
A study of the biology and control of insects with emphasis on the taxonomy of the orders and major families. Formation of an identified insect collection is required. Prerequisite: BI 101-102, or permission of the Instructor.

DEPARTMENT OF CHEMICAL SCIENCES

Chairman: Professor Chipman
Professor: Daley
Associate Professors: Marganlan, Souza
Assistant Professors: Pagano, Sumner

Master of Arts

The Department of Chemical Sciences offers a program leading to the degree of Master of Arts in Chemistry, which is designed to prepare qualified students for research, further graduate study and teaching. An undergraduate major in chemistry, or its equivalent, is normally required for admission to this program. Applicants must have satisfactorily completed the following courses: one semester of differential calculus, one semester of integral calculus, two semesters
of calculus based physics, two semesters of general chemistry with laboratory, one semester of analytical chemistry, two semesters of organic chemistry and two semesters of physical chemistry. Other laboratory courses in chemistry are desirable.

Applicants must have an interview with the Chairman of the Department. No application will be considered unless this requirement has been met.

In addition to meeting general degree requirements, the student must complete at least 30 graduate credits in chemistry which shall include at least six semester hours of thesis credit (CH 502).

Each graduate student must satisfactorily complete the following core curriculum or present evidence that it has been successfully completed.

CH 450 Instrumental Analysis
CH 597 Advanced Physical Chemistry I
CH 598 Advanced Physical Chemistry II
CH 591 Advanced Organic Chemistry I
CH 592 Advanced Organic Chemistry II
CH 444 Advanced Inorganic Chemistry

A reading knowledge of German or Russian is required for the degree. All courses must be approved by the adviser. Departmental offerings are listed below.

Master of Arts in Teaching

The Department of Chemical Sciences offers programs leading to the degree of Master of Arts in Teaching with a concentration in chemistry or in physical science. These programs are designed primarily for teachers and future teachers of chemistry.

In addition to meeting general degree requirements, the student must complete the departmental concentration requirement by electing courses appropriate to his degree program and approved by his adviser.

Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following undergraduate courses are prerequisites for certain graduate courses offered by the department. Additional undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

CH 131, 132 General Chemistry with Qualitative Analysis I-II U 3 credits for each semester
The elements and their compounds, with emphasis on structure and its relation to properties. CH 131 is prerequisite to CH 132. Two lecture periods and one two-hour laboratory period weekly.
Department of Chemical Sciences

CH 141, 142 Inorganic Chemistry with Quantitative Analysis I-II U 4 credits for each semester
Theoretical inorganic chemistry with emphasis on mass-energy relationships in terms of structure and physical laws. Laboratory work emphasizes quantitative techniques. CH 141 is prerequisite to CH 142. Three lecture periods and one four-hour laboratory period weekly.

CH 200 Survey of Chemistry U 3 credits
The fundamental laws of chemistry are studied together with their application to elements and compounds, reactions and properties. Two lecture periods and one two-hour laboratory period weekly.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

CH 241 Inorganic Quantitative Analysis UG 4 credits
The classical and modern methods for the volumetric and gravimetric determination of elements and groups. Prerequisite: CH 132 or CH 142.

CH 242 Intermediate Inorganic Chemistry UG 3 credits
The descriptive chemistry, as well as synthesis and reactions, of nontransitional elements and their compounds are studied systematically. Correlations of structure and properties are explained on the basis of modern theories. Prerequisite: CH 132, or CH 142.

CH 250 Instrumentation UG 3 credits
The physical chemistry basic to modern analytical instrumentation will be discussed as the basis for the study of instrumental analysis. Lecture and laboratory. Prerequisite: CH 132 or permission of the Instructor.

CH 252 Recent Developments in Inorganic Chemistry UG 3 credits
Current topics, such as ligand field theory of coordination complexes, molecular orbital theory, stereochemistry, crystallography, rare-earth elements, nonaqueous solvents, spectroscopy, and kinetics of inorganic reactions will be treated, according to the interests of the students. Prerequisite: CH 132.

CH 280 Physical Chemistry for the Life Sciences UG 3 credits
A study of the laws governing the physical and chemical behavior of compounds of primary interest to students in the Life Science fields. Particular application will be made to the thermodynamics, kinetics and equilibria involved in compounds of biological interest. Prerequisite: CH 131.

CH 290 Environmental Chemistry UG 3 credits
A study of the chemical aspects of such environmentally important problems as air and water pollution, solid waste disposal, thermal pollution, wastewater treatment, environmental antagonists, mercury pollution, the internal combustion engine, or other topics of current interest. Laboratory work will be concerned with techniques for detecting, monitoring and controlling environmental phenomena. Emphasis will be placed on the use of analytical techniques in determining ecological parameters. Lecture, laboratory and assigned special projects in the field. Prerequisite: CH 132.
CH 343, 344  Organic Chemistry I-II UG  4 credits each
A survey will be made of the chemistry of organic compounds from the points of view of synthesis, structure and reactions, including some study of the mechanisms of organic reactions. Prerequisites: CH 132, or CH 142 and permission of the Instructor.

CH 381, 382  Physical Chemistry I-II UG  4 credits each
The laws governing the physical and chemical behavior of compounds. Prerequisites: CH 132 and MA 210. CH 381 is a prerequisite for CH 382.

CH 390  Research Problems in Chemistry UG  credit and hours to be arranged
Special projects for advanced students desiring individual instruction in the methods of chemical research. Prerequisite: permission of the department.

CH 440  Advanced Organic Chemistry G  3 credits
Selected topics in organic chemistry such as physical organic chemistry, mechanisms, alicyclic and heterocyclic or advanced synthetic methods. Prerequisite: CH 343, 344 and permission of the Instructor.

CH 441, 442  Qualitative Organic Analysis I-II UG  3 credits for each semester
The reactions of organic compounds with emphasis on reactions of importance for classification and identification. Laboratory work involves the identification of both simple compounds and mixtures. Prerequisite: CH 344.

CH 444  Advanced Inorganic Chemistry UG  3 credits
The topics of group theory, stereochemistry, ligand field theory, molecular orbital theory, synthesis and kinetics of reactions as applied to transition metal elements will be treated in detail. CH 382 may be taken concurrently. Prerequisite: CH 382.

CH 450  Instrumental Analysis UG  3 credits
Theory and practical application of instrumental methods are applied to chemical analysis. The course will include pH measurements, electrodeposition, potentiometry and spectroscopy. Prerequisites: CH 381 and CH 382. CH 382 may be taken concurrently.

CH 461, 462  General Biochemistry I-II UG  3 credits for each semester
A survey will be made of the chemical components of living matter and the major processes of cellular metabolism. Prerequisites: CH 344, and permission of the Instructor.

CH 480  Special Topics in Physical Chemistry G  3 credits
Topics of an advanced nature in physical chemistry will be selected, with an emphasis on recent developments in the field. Possible topics: N.M.R., E.S.R., elementary quantum mechanics, statistical thermodynamics. Prerequisites: CH 382 and permission of the Instructor.

CH 481, 482  Modern Structural Chemistry I-II G  3 credits each semester
The structural approach, based on the concept of electron pairing in molecular orbitals, will be applied to inorganic and, to a lesser extent, organic chemistry. Topics to be covered will include: electronic structure and chemical bonding, spectroscopy, acid-base chemistry, stereochemistry, equilibrium, elementary thermodynamics, electrochemistry and modern nuclear chemistry. Prerequisite: permission of the Instructor.

CH 502  Research G  credit to be arranged
Original research undertaken by an individual in the field of chemistry. The student’s investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 9 credits for an M.A. and 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master’s degree program at Bridgewater State College and approval of topic and outline by the student’s adviser.
Department of Chemical Sciences

CH 503  Directed Study G  credit to be arranged
Directed study in the field of chemistry. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 6 credits for an M.A. and 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

CH 581  Structural Organic Chemistry G  3 credits
Organic Chemistry from a structural viewpoint. Topics to be studied will include the following: elementary molecular orbital theory, the structure and charge distribution of functional groups, structure proof by physical and chemical methods, infra-red, ultraviolet and nuclear magnetic resonance spectroscopy; mass spectrometry, stereochemistry, resonance, inductive effects, and steric effects. Practical experience with IR, UV, NMR, and mass spectra, and the determination of the structure of an organic molecule will be a part of the laboratory. Prerequisite: CH 132 or 142 or 481 or 585.

CH 582  Biochemistry G  3 credits
Chemical components of living matter and of the major processes of cellular metabolism, including the fundamental chemical characteristics of biological compounds and enzymatic reactions. Prerequisite: CH 462.

CH 583  Dynamic Organic Chemistry G  3 credits
Modern organic chemistry from a mechanistic viewpoint. Topics to be studied will include the following: The kinetics of organic reactions, determination of the mechanisms of organic reactions, addition reactions, elimination reactions, substitution reactions, molecular rearrangements, the reaction of carbonium ions, carbanions and free radicals, photochemistry and the conservation of orbital symmetry. Prerequisite: CH 132 or 142 or 481 or 585.

CH 584  Survey of Biochemical Reactions G  3 credits
Biochemical reactions from a mechanistic viewpoint. Emphasis will be placed on the study of the mechanism of reactions that are important in biochemical systems. Topics to be studied will include: the role of inorganic ions in biochemistry, mechanism of enzyme action, oxidative phosphorylation and electron transport, biogenetic schemes, and the transfer of genetic information. Prerequisite: CH 462.

CH 585  Atomic and Molecular Structure G  3 credits
A modern approach to atomic and molecular structure will be developed and applied to selected cases from inorganic and organic chemistry. Topics to be covered will include the following: atomic structure, the molecular orbital approach to molecular structure, antibonding orbitals, introductory ligand field theory, geometrical and optical isomerism, conformational analysis, correlation of structure and reactivity, and the conservation of orbital symmetry. Prerequisite: permission of the Instructor.

CH 587-588  Modern Chemistry I, II G  3 credits each semester
An introduction to recent developments in chemistry. Topics to be covered will be chosen from the following areas: atomic structure, bonding, spectroscopy, acid-base chemistry, stereochemistry, kinetics, equilibrium, elementary thermodynamics, electrochemistry and nuclear chemistry. Environmental aspects of topics will be developed and the laboratory will be concerned with analysis for environmentally important parameters. Prerequisite: permission of the Instructor.
CH 591  Advanced Organic Chemistry I, Structure G  3 credits
Instrumental techniques of organic structure determination such as infra-red, ultraviolet and proton magnetic resonance spectroscopy and methods of separation and identification. Classic examples of modern structure proofs will be considered in detail. Students will conduct a literature search on the structure of an organic molecule and present a short seminar on this structure proof. Practical experience with IR, UV, NMR and gas chromatography of the structure of an unknown organic molecule. Prerequisite: CH 344.

CH 592  Advanced Organic Chemistry II, Mechanism and Synthesis G  3 credits
A one-semester course in advanced organic chemistry designed for participants who have some background in elementary organic chemistry. Topics to be considered will include recent developments in the mechanism of organic reactions and organic synthesis. Special topics may include valence tautomerism, biogenetic synthesis, photochemistry, cycloaddition reactions and the Woodward-Hoffman rules for the conservation of orbital symmetry. Prerequisites: CH 344 and 591, or permission of the Instructor.

CH 597  Advanced Physical Chemistry I, Chemical Thermodynamics and Statistical Thermodynamics G  3 credits
The zeroeth, first and second laws of thermodynamics, entropy and free energy functions, probability and the thermodynamic functions from a statistical consideration, the partition function. Prerequisite: CH 382.

CH 598  Advanced Physical Chemistry II, Atomic and Molecular Structure and Kinetics G  3 credits
An introduction to quantum chemistry, rotational and vibrational energy levels, first, second and third order reactions, the Arrhenius Equation and energy of activation, consecutive reactions, collision and transition state theories. Prerequisite: CH 382.

DEPARTMENT OF EARTH SCIENCES AND GEOGRAPHY

Chairman: Professor Maier
Professors: Boutilier, I. Furlong, Maciewicz
Associate Professor: Enright
Assistant Professors: Blackford, Dillman, M. Furlong, Stewart
Instructor: Hoekzema

The Department of Earth Sciences and Geography offers programs leading to the degree of Master of Arts in Teaching with a concentration in either earth sciences or geography. These programs are designed primarily for teachers and future teachers of earth sciences and geography. They also prepare students for further work in either earth sciences or geography.

In addition to meeting general degree requirements, the student must complete the departmental concentration requirement by electing courses appropriate to his degree program. Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Ordinarily, Comprehensive Examinations are given by the Department during the months of November and April only. Special arrangements must be made prior to June by the student with his adviser, if the student wishes to take the Comprehensive Examination during July.
Course Offerings

The following undergraduate courses are prerequisites for certain graduate courses offered by the department. Additional undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

ES 181  Physical Geology U  3 credits
The constitution of the earth and the processes acting on and within it. Field trips. May be followed by either ES 182 or ES 192. Two lecture periods and one two-hour laboratory period weekly.

ES 182  Physical Geography U  3 credits
Selected elements of man's environment such as the atmosphere, climate, soils, and vegetation. Man's role in altering these elements. Field trips. Two lecture periods and one two-hour laboratory period weekly.

ES 200  Survey of Geography U  3 credits
Man-land relationships and the interaction of man with his total environment, including its landforms, atmosphere, climate, vegetation, and soils. Designed especially for students working for a B.S. degree in Elementary Education. Two lecture periods and one two-hour laboratory period weekly.

ES 261, 262  World Regional Geography U  3 credits for each semester
Geographical context of current social, economic and political problems in Europe, the U.S.S.R., the Orient, the Middle East, the Pacific World, Africa, Latin America, and Anglo-America. Geographical features characteristic of each country and their relationship to a functioning political and economic unit. Either semester may be taken independently.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

ES 107  Management and Preservation of Natural Environment UG  3 credits
This course is devoted to a detailed examination of the occurrence, exploitation and conservation of natural resources, including minerals, soils, water, forests, grasslands, fisheries, wildlife, recreation areas and scenery. Public and private conservation policy is examined against current technical and philosophical developments. Emphasis is placed on conservation in the United States. Prerequisite: Permission of the Instructor.

ES 192  Historical Geology UG  3 credits
The origin and evolution of the earth and the life upon it. Prerequisite: ES 181.

ES 194  Environmental Geology UG  3 credits
Waste disposal, slope stability, shoreline and hydrologic problems, seismic and permafrost conditions and other topics as they pertain to the geologic environment in selected physiographic provinces of North America will be studied.
ES 196  Geography of Environmental Problems I  UG  3 credits
Interaction between man and his physical environment through the analysis of selected problems in population ecology, atmospheric pollution and climatic change, water resource characteristics and distribution, soil contamination and erosion, and perception of environmental hazards for human settlement such as hurricanes, drought, floodplains, coastal erosion, earthquakes, and landslides.

ES 210  War/Peace  UG  3 credits
An introduction to open-ended research and discussion to discover non-lethal resolution of conflicts between groups of human beings in a finite world.

ES 252  Geography of Anglo-America  UG  3 credits
A description and analysis of the relationships between relevant physical and cultural features of regions in the United States and Canada. Prerequisite: ES 181, ES 182, or ES 200.

ES 301  Astronomy I  UG  3 credits
A study of the earth, moon, planet, sun, and other stars and galaxies. Emphasis is placed on such topics as the new findings of radio astronomy and the uses of earth satellites. Day and evening observations. Prerequisite: MA 103-104 or permission of the Instructor.

ES 302  Astronomy II  UG  3 credits
Stars, galaxies, stellar evolution, instrumentation, and cosmology. Day and evening observations. Prerequisite: MA 103-104 or permission of the Instructor.

ES 303  Meterology  UG  3 credits
An analysis of weather elements, atmospheric circulation, fronts and the instruments that measure and record these phenomena. Prerequisite: ES 182 or ES 200 or permission of the Instructor.

ES 304  Climatology  UG  3 credits
Climatic elements and climatic controls and their application to the analysis of climatic regions of the world. Prerequisite: ES 303.

ES 305  Introduction to Oceanography I  UG  3 credits
Survey of marine life forms and of the chemistry of seawater. Prerequisite: BI 101, BI 102, or permission of the instructor.

ES 306  Introduction to Oceanography II  UG  3 credits
Ocean water temperature, circulation, salinity, instruments and methods of investigation. Prerequisite: MA 101, 102, or 103 and MA 104 or permission of the instructor.

ES 315  Cartography  UG  3 credits
Graphic presentation of geographic data, and the latest techniques of map construction.

ES 353  Urban Geography  UG  3 credits
Geographic aspects of the city, including location, function, land use patterns, and tributary areas, will be analyzed. Prerequisite: permission of the instructor.

ES 362  Economic Geography  UG  3 credits
Simple models and frameworks of the various ways in which man organized his economic activity. Problems of spatial structure, arrangements and patterns of economic activity. Prerequisite: permission of the instructor.

ES 363  Field Methods in Economic Geography  UG  3 credits
The testing of theories and concepts of economic location in the local area. Prerequisite: ES 362.
Department of Earth Sciences and Geography

ES 372 Mineralogy UG 4 credits
Geometrical and X-ray crystallography followed by the determinative mineralogy of ore and rock-forming minerals. Two lecture periods and two two-hour laboratory periods weekly. Prerequisite: ES 181 and CH 132.

ES 373 Optical Mineralogy UG 3 credits
Principles of optical crystallography. Measurement of optical constants with the polarizing microscope. One lecture period and two two-hour laboratory periods weekly. Prerequisite: ES 372.

ES 374 Optical Petrology UG 3 credits
Systematic study of rocks and rock-forming minerals with emphasis upon the use of the polarizing microscope. Interpretation of mineral assemblages, texture and structures, problems of petrogenesis. One lecture period and two two-hour laboratory periods weekly. Prerequisite: ES 373.

ES 410 Urban Land Use Mapping UG 3 credits
The process of mapping urban land uses will be studied with emphasis placed on field work. A total of 90 contact hours working in the field and in urban planning office is required of all students taking this course. Prerequisite: ES 353.

ES 411 Energy and Environment UG 3 credits
This course is concerned with energy problems and energy resources. The study will include sources of supply, consumption patterns as well as the environmental effects of energy developments and utilization.

ES 461 Geography of Africa UG 3 credits
The physical and cultural features of the African continent with special reference to the emerged political and regional patterns. Prerequisite: ES 182 or permission of Instructor.

ES 462 Geology of North America UG 3 credits
The physiographic provinces of North America will be studied in terms of their geomorphology and structural relationships. Prerequisite: ES 181.

ES 463 Petrology UG 3 credits
Megascopic and microscopic classification of rocks and an introduction to petrogenesis. Prerequisite: ES 181, CH 131-132, ES 372 or permission of the Instructor.

ES 464 Economic Geology UG 3 credits
Geochemical and physical processes that produce metallic and non-metallic mineral deposits. Prerequisite: ES 181.

ES 465 Economic Geology II UG 3 credits
Study of selected major metallic and non-metallic deposits, energy sources and hydrologic reserves. Methods of extraction and the resulting environmental impact. Two lecture periods and one two-hour laboratory period weekly.

ES 475 Paleontology UG 3 credits
A survey of the fossil record stressing the most important invertebrate and vertebrate phyla and their environmental relationships. Two lecture periods and one two-hour laboratory period weekly. Prerequisite: ES 181, 192, or consent of the Instructor.

ES 476 Paleoenvionmental Reconstruction UG 3 credits
Introduction to modern concepts and principles in sedimentology, paleoecology, and correlation: lithostratigraphic and biostratigraphic classification and interpretation of depositional and organic environments. Two lecture periods and one two-hour laboratory period weekly. Prerequisites: ES 181, 192 or permission of the Instructor.
ES 483 Structural Geology UG 3 credits
Analysis and origin of rock structures. Prerequisite: ES 181.

ES 484 Geomorphology UG 3 credits
Relationships between gradational and tectonic forces and the resulting surface configuration of the earth. Prerequisite: ES 181, and ES 182.

ES 490 Field Methods in Geology UG 3 credits
Collection, processing and interpretation of field data developed by geologic mapping. Presentation of geologic reports involving maps, cross-sections and sample data. One lecture period and two two-hour laboratory periods weekly. Prerequisites: ES 181, 192 or permission of the instructor.

ES 500 Planning the Urban Environment G 3 credits
Philosophy and problems of urban and regional planning.

ES 502 Research G credit to be arranged
Original research undertaken by an individual in the field of earth science or geography. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

ES 503 Directed Study G credit to be arranged
Directed study in the field of earth science or geography. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

ES 504 Geography of USSR G 3 credits
The geography of environment, resources and population are studied in relation to history and the present economic and social system of the Soviet Union. Prerequisite: ES 200 and ES 252, or ES 181 and ES 182, and permission of the Instructor.

ES 513, 514 Field Methods in Earth Science G 3 credits per semester
The development by participants of inquiry oriented field investigations for use by local school systems. Background lectures in field mapping techniques and regional geology. Open only to NSF participants.

DEPARTMENT OF MATHEMATICS

Chairman: Professor Abramson
Associate Professors: Bent, Chiccarelli, D'Alarcao, Lemos, Mailoux, Mekokian, Sethares
Assistant Professors: Gleason, Lambiase, Moore, Quindley, Scalisi, Simpson, Sutherland

The Department of Mathematics offers a program leading to the degree of Master of Arts in Teaching with a concentration in mathematics. This program is
Department of Mathematics
designed primarily for teachers and future teachers of mathematics. It also pre­pares students for further graduate work in mathematics. Admission to the graduate program requires a minimum of eighteen credits of undergraduate mathematics or the approval of the Chairman of the Department. In addition to meeting general degree requirements, the student must complete the departmental concentration requirement by electing courses appropriate to his degree program. Students should receive approval from their adviser or from the Chairman of the Department for those courses requiring permission of the department.

A minimum of 18 graduate credits in mathematics is required for the degree.

Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings
The following undergraduate courses are prerequisites for certain graduate courses offered by the department. Additional undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

MA 103, 104 Mathematical Analysis I-II U 3 credits for each semester
Sets, algebraic functions and their graphs, topics from algebra, trigonometric functions and analytic geometry of the line and conic sections, differentiation and integration of algebraic functions and their applications. Required of all freshman candidates for a degree in Biology or Earth Science.

MA 105 Topics in Mathematics (formerly College Mathematics I) U 3 credits
Topics to be selected from: Elementary logic, number theory, geometry, algebra and finite mathematics. Recommended for liberal arts majors.

MA 106 Fundamentals of Mathematics (formerly College Mathematics II) U 3 credits
Linear and quadratic equations, functions and their graphs, trigonometry, analytic geometry of the straight line and conic sections. Mathematics elective for non-science majors.

MA 110 Elementary Statistics U 3 credits
Variance, covariance, linear correlation, general regression lines, introduction to sampling theory; and the following distributions: normal, t, chi-square and F. Required of all candidates for a degree in Health and Physical Education or the behavioral sciences.

MA 111 Elementary Statistics II U 3 credits
A continuation of the topics in MA 110 with emphasis on experimental design. Prerequisite: MA 110 or permission of the Department.

MA 190 Computer Programming U 3 credits
For non-science majors. The computer as a calculator, stored programs, encoding, solution of simple arithmetic and algebraic problems. Prerequisite: MA 105 or permission of the department.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites
in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

MA 210 Calculus I UG  3 credits
Inequalities, relations, functions, limits, and continuity, the differentiation of algebraic functions, with applications to geometry, maxima and minima. Credits earned in this course may not be used in partial fulfillment of requirements for the degree of Master of Education in Secondary Education with a concentration in mathematics.

MA 211 Calculus II UG  3 credits
Continuation of Calculus I. The definite integral, differentiation and integration of the trigonometric and exponential functions, methods of integration, applications. Credits earned in this course may not be used in partial fulfillment of requirements for the degree of Master of Education in Secondary Education with a concentration in mathematics. Prerequisite: MA 210 or equivalent.

MA 212 Calculus III UG  3 credits
Continuation of Calculus II. Methods of integration and applications, partial differentiation, infinite series, multiple integration, applications. Prerequisite: MA 211 or equivalent.

MA 290 Computer Programming I UG  3 credits
Development of algorithms and programs. Solution to several numeric and non-numeric problems using BASIC programming language. Computer organization and software. Historical survey of computers, languages and applications. Prerequisite: MA 104 or MA 211 or permission of the Department.

MA 292 Computer Science II UG  3 credits
Survey of computer languages. Exposition of characteristics which make these languages appropriate for particular classes of problems. Solution of numerical problems using the FORTRAN language. Computer structure, machine language, digital representation of data, symbolic coding for the PDP-8/I. Prerequisite: MA 290.

MA 301 Abstract Algebra I UG  3 credits
Introduction to the theory of rings, integral domains and fields through a study of integers, rational numbers, real numbers, complex numbers and polynomials; elementary group theory. Prerequisite: MA 211.

MA 303 Number Theory UG  3 credits
Development of the number system, the Euclidean Algorithm and its consequences, theory of congruences, number-theoretic functions, Diophantine equations, quadratic residues. Prerequisite: permission of the department.

MA 304 Higher Geometry UG  3 credits
Axiomatic systems, finite geometries, introduction to synthetic and analytic projective geometry, affine geometry, non-Euclidean geometry. Prerequisite: permission of the department.

MA 307 Linear Algebra I UG  3 credits
Vectors and analytic geometry of space, vector spaces, systems of linear equations, determinants, linear transformations, and matrices. Prerequisite: MA 211.

MA 316 Differential Equations UG  3 credits
Ordinary differential equations of first and second order, linear differential equations with constant coefficients, the Laplace transform, applications. Prerequisite: MA 212 or equivalent.
MA 317 Sequences and Series UG 3 credits
Elementary point-set theory, Heine-Borel theorem, Cauchy sequences, convergence tests for infinite series, absolute convergence, power series, Taylor series and Fourier series. Prerequisite: MA 212 or equivalent.

MA 323 Introduction to Linear Algebra UG 3 credits
Matrices, determinants, vectors, systems of linear equations. Prerequisite: MA 105 or MA 106 or MA 352 or permission of the Department.

MA 325 Foundations of Geometry UG 3 credits
A study of axiomatic systems, finite geometries, axiomatic Euclidean geometry, various non-Euclidean geometries, Klein's Erlangen program, transformation groups, invariant properties. Prerequisite: permission of the department.

MA 326 Projective Geometry UG 3 credits
The principle of duality, perspectivity, projectivity, harmonic sets, cross ratio, transformation groups, projective theory of conics. Prerequisite: permission of the department.

MA 351 Modern Mathematics for Elementary School Teachers I UG 3 credits
Modern mathematics for teachers of grades 4, 5, 6. A study of base positional notation and arithmetic of different bases, elementary set theory and logic, the real number system and its subsystems.

MA 352 Modern Mathematics for Elementary School Teachers II UG 3 credits
Modern mathematics for teachers who have successfully completed the Level I course or its equivalent. A continuation of the study of the number systems of arithmetic and their applications to algebra and informal geometry. Prerequisite: MA 351.

MA 353 Modern Algebra for Elementary School Teachers UG 3 credits
The integers, integral domains, and topics from number theory, equivalence relations and congruences; real numbers, complex numbers, and fields; polynomials, group theory. Prerequisite: MA 352 or equivalent.

MA 354 Modern Geometry for Elementary School Teachers UG 3 credits
Plane geometric figures, curves and surfaces, congruence, measures, coordinate geometry, parallelism and similarity, non-Euclidean geometries. Prerequisite: MA 352 or equivalent.

MA 401 Advanced Calculus I UG 3 credits
Fundamental theorems on limits and continuity, properties of derivatives, theory of integration. Prerequisite: MA 212 or equivalent.

MA 402 Advanced Calculus II UG 3 credits
Functions of several variables, partial derivatives, multiple integrals, sequences and series. Prerequisite: MA 401 or permission of the Department.

MA 403 Probability Theory UG 3 credits
Permutations and combinations, calculus of probabilities, discrete and continuous random variables, expectation, elementary probability distributions, methods of estimation, sample spaces. Prerequisite: MA 212 or equivalent.

MA 406 Theory of Sets and Elementary Logic UG 3 credits
Truth tables, rules of inference, method of proof, the algebra of sets, graphs of functions, and cardinal numbers. Prerequisite: MA 211 or permission of the department.

MA 408 History of Mathematics UG 3 credits
The development of elementary mathematics from ancient to modern times. Prerequisite: permission of the department.

Department of Mathematics

MA 502 Research G  credit to be arranged
Original research undertaken by an individual in the field of mathematics. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

MA 503 Directed Study G  credit to be arranged
Directed study in the field of mathematics. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

MA 507 Topology G  3 credits
Elements of point set topology, closed sets and open sets in metric spaces, continuous mappings, connection, separation theorems, and compactness. Prerequisite: MA 212 and MA 301 or equivalent.

MA 510 Group Theory G  3 credits
Groups, subgroups, homomorphisms, normal subgroups and quotient groups, generators, normal structure and the Jordan-Holden theorem, direct products of groups. Prerequisite: MA 301 or equivalent.

MA 511 Ring Theory G  3 credits
Examples of rings, ideals and homomorphisms, the Jacobson radical, direct sums, Boolean rings, rings with chain conditions. Prerequisite: MA 301 or equivalent.

MA 518 Topics in Analysis G  3 credits
Heine-Borel Theorem, Bolzano-Weiersstrass Theorem, topology of the real line, sequences of functions, uniformly continuous functions. Prerequisite: Advanced Calculus I or permission of the Department.

MA 520 Real Analysis G  3 credits
Sets and functions, sequences and series, metric spaces, Weierstrass Approximation Theorem, Riemann and Lebesgue integrals, Fourier Series. Prerequisite: MA 401.

MA 549 Foundations of Mathematics G  3 credits
A rigorous development of number systems. Peano axioms and natural numbers. Integers and rational numbers by means of ordered pairs. Cauchy sequences and real numbers. Complete ordered fields. Prerequisite: permission of the department.

DEPARTMENT OF PHYSICS

Chairman: Professor Calusdian
Professors: Palubinskas, Weygand
Associate Professors: Blanchard, Harris

The Department of Physics offers programs leading to the degree of Master of Arts in Teaching with a concentration in either physics or physical sciences.
These programs are designed primarily for teachers and future teachers of physics or physical sciences. They also prepare students for further graduate work in either physics or physical sciences.

In addition to meeting general degree requirements, the student must complete the departmental concentration requirement by electing courses appropriate to his degree program.

Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following undergraduate courses are prerequisites for certain graduate courses offered by the department. Additional undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

**PH 181 Elements of Physics I U** 3 credits
Principles of mechanics, heat and sound. Two lecture periods and one two-hour laboratory period weekly.

**PH 182 Elements of Physics II U** 3 credits
Principles of electricity, magnetism, optics and modern physics. Two lecture periods and one two-hour laboratory weekly. Prerequisite: PH 181.

**PH 200 Survey of Physics U** 3 credits
Elements of mechanics, heat, electricity, magnetism, optics and modern physics. Two lecture periods and one two-hour laboratory weekly.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

**PH 243 General Physics I UG** 4 credits
Calculus based study of mechanics and heat. Three lecture periods and one three-hour laboratory weekly. Prerequisite: MA 102.

**PH 244 General Physics II UG** 4 credits
Calculus based study of electricity, magnetism and light. Three lecture periods and one three-hour laboratory weekly. Prerequisite: PH 243.

**PH 371 Biophysics, Macroscopic Aspects UG** 3 credits
The structure, function, and control of the skeletal, muscular, nervous, blood-vascular and other body systems of the human being on the macroscopic or large-system level. Prerequisite: permission of the Instructor.

**PH 372 Biophysics, Microscopic Aspects UG** 3 credits
The structure, function, and control of the human body on the microscopic or molecular level. May be taken independently of PH 371. Prerequisite: permission of the Instructor.
PH 381 Thermal Physics UG 3 credits
Thermodynamics; kinetic theory; and statistical mechanics. Prerequisite: PH 243, PH 244.

PH 385 Optics UG 4 credits
Study of geometrical and physical optics. Prerequisite: PH 244.

PH 388 Electricity and Magnetism UG 4 credits
Electrostatic and magnetic theory, direct and alternating current circuits, introduction to Maxwell's equations and radiation. Prerequisite: PH 243, PH 244.

PH 389 Mechanics UG 3 credits
Vector treatment of forces, torques; dynamics of particles and rigid bodies; work and energy; momentum; small oscillation theory; Lagrangian and Hamiltonian formulation of dynamics. Prerequisite: PH 243.

PH 392 Electronics UG 4 credits
Study of electron tubes, semiconductors, and electronic circuits. Prerequisite: PH 244.

PH 393 Special Topics in Modern Physics UG 3 credits
Topics to be chosen from among the areas of the theory of relativity, quantum mechanics, solid state and nuclear physics. Prerequisite: PH 387 or its equivalent.

PH 402 Quantum Mechanics UG 3 credits
Wave nature of matter; the Schrödinger equation; application of the Schrödinger equation to the electron, the hydrogen atom, multi-electron atoms and radiation. Prerequisite: PH 403.

PH 403 Mathematical Physics UG 3 credits
Vector analysis; matrices; linear differential equations; Sturm-Liouville theory; Fourier series; orthogonal functions; Laplace transform. Prerequisite: PH 243, PH 244, MA 103.

PH 405 Nuclear Physics UG 3 credits
Nuclear Forces, Nuclear Models, Nuclear Reactions, Radioactivity, and Elementary Particles. Prerequisite: PH 243.

PH 502 Research G credit to be arranged
Original research undertaken by an individual in the field of physics. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

PH 503 Directed Study G credit to be arranged
Directed study in the field of physics. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.
Department of Physics

PH 583  Physics of the Atom G  3 credits
A study of the atomic view of matter and radiation. Topics included are: the kinetic theory of gases, theory of the electron, Bohr's theory of the atom, many electron atoms, theory of molecules and spectra, and the theory of relativity. Prerequisite: permission of the Instructor.

PH 584  Physics of the Nucleus and Elementary Particles G  3 credits
A study of the nucleus and relationship of the elementary particles. The topics included are: nuclear structure, radioactivity, nuclear reactions, nuclear accelerators, conservation laws, symmetry and invariance principles, unified view of the elementary particles, and cosmic rays. Prerequisite: permission of the Instructor.

PH 585  Physics of the Solid State G  3 credits
A unified treatment of the basic models used to describe solid state phenomena. Topics included are: crystal structure; electric, magnetic, and thermal properties of matter; transport properties of metals and semi-conductors; band theory; super conductivity. Prerequisite: permission of the Instructor.

PH 587  Radiation Physics I G  3 credits
Wave propagation and the electromagnetic spectrum, interference, diffraction, polarization, coherence theory, electromagnetic theory. Prerequisite: permission of the Instructor.

PH 588  Radiation Physics II G  3 credits
Blackbody radiation, photo-electric effect, the Bohr Model of the Atom and Atomic Spectra, the Schrodinger equation and applications to radiation problems. Prerequisite: permission of the Instructor.

PH 589  Physics of the Solar System G  3 credits
Physical properties and motion of the members of the Solar System and interplanetary medium. Prerequisite: permission of the Instructor.

PH 590  Astrophysics and Cosmology G  3 credits
Physical properties of the stars, stellar evolution, galaxies and the structure and history of the universe. Prerequisite: permission of the Instructor.

PH 591  The Theory of Relativity G  3 credits
Historical background of the Special Theory of Relativity, the Lorentz Transformation, the Space-Time Continuum, applications to mechanics and electrodynamics, Mach's principle, equivalence principle, the general theory of relativity and applications to Cosmology. Prerequisite: PH 244.

PH 594  Special Topics in Junior High Science I G  6 credits
An introduction to the Junior High School science programs developed by the Princeton Project and by the Educational Research Council of America. Lectures, laboratory work, model classes, and field trips will be included in this course. Prerequisite: permission of the Instructor.

PH 595  Special Topics in Junior High Science II G  3 credits
A continuation of the course Ph 594 in which the Princeton Project and the Educational Research Council's Junior High science programs are studied and evaluated. Prerequisite: PH 594.
DIVISION OF PROFESSIONAL EDUCATION

DIRECTOR: PROFESSOR HARPER

Educational Services
Elementary Education
Health & Physical Education for Men
Health & Physical Education for Women

Instructional Media
Library Science
Secondary Education

DEPARTMENT OF EDUCATIONAL SERVICES

Acting Chairman: Professor Deasy
Professor: DiNardo
Associate Professor: DeLeo, King
Assistant Professors: Ash, Baldrate, Bizinkauskas, Fanning, M. Jones, Prescott, Roberts, Rossi, Worden
Instructor: Deckers

The Department of Educational Services offers programs leading to the degree of Master of Education in the following fields:

- Guidance
- Reading
- School Administration
- Special Education
- Special Education—Learning Disabilities

Students who have questions concerning any of the above programs, should consult with the appropriate program coordinator. Program coordinators are listed as members of degree program committees which appear on the following pages.

Orientation Meetings for Applicants

One meeting has been scheduled in October and one in April for those who may be interested in any of the degree programs outlined below. Potential applicants should plan to attend one of these meetings prior to the completion of all admission requirements. After each session, individual interviews will be scheduled for those who are required to have interviews as well as for those who elect to have them. Please consult the Calendar of the Graduate School for the time and place of these meetings.

Course Offerings

ED 490 Supervised Teaching in the Public Schools-Secondary, ED 491 Supervised Teaching in the Public Schools-Special Education, and ED 492 Supervised Teaching in the Public Schools-Elementary are available for undergraduate credit for those who need to complete student teaching. Additional
undergraduate prerequisites in other departments may be required. No graduate credits may be earned in these courses.

The courses listed below and under the degree program committees which appear on the following pages may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

ED 502 Research G credit to be arranged
Original research undertaken by an individual in the field of educational services. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.Ed. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

ED 503 Directed Study G credit to be arranged
Directed study in the field of educational services. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.Ed. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

Guidance and Measurement Committee
Assistant Professors: Ash, Fanning, M. Jones, McGuirk, Worden, ZuWallack (coordinator)
Staff: Gaines, Pettipas, Plotner

Master of Education in Guidance
The Master of Education in Guidance is designed for present and future counselors and guidance directors. A minimum of thirty-six approved graduate credits is required in this degree program. Only those who, by the end of their program, are certified to teach in the public schools of Massachusetts will be eligible to receive the degree. Prior to acceptance some applicants may be called in for an interview with the Guidance and Measurement Committee.

The student must satisfactorily complete:

1. General degree requirements: ED 500, ED 560, and either ED 520 or ED 590. (9 credits)
2. Departmental Requirements: ED 430, ED 530, ED 532, ED 533, and either ED 534 or ED 536. (15 credits)
3. Departmental concentration electives (12 or more credits)
The latter is met through the election of courses appropriate to the degree program and approved by the student's adviser.

ED 420 Educational Measurement UG 3 credits
Procedures for developing and evaluating classroom teacher-made tests and a survey of standardized testing practices used in the K-12 program. Emphasis will be placed on the student's intended area and/or level of concentration. Credits earned in this course may not be used in partial fulfillment of credit requirements for any program leading to the degree of Master of Education. Prerequisite: PY 200.

ED 430 Principles and Practices in Guidance UG 3 credits
The philosophy and historical development of the guidance movement: the need for guidance; the nature of guidance services in the schools for today; the personnel, facilities, and procedures involved; and the role of the classroom teacher in guidance. Prerequisite: PY 200.

ED 500 Research and Evaluation G 3 credits
The completion of a term research study is the main objective of this course which is designed to serve the beginning graduate student. To that end, it will stress the nature of, and criteria for, evaluating research. The necessary library techniques and resources for selecting and delimiting problems, appraisal of related research literature and documentation, organization and format of a research study will be explored in depth. Concepts in descriptive statistics will also be reviewed. Prerequisite: ED 420, or satisfactory completion of an examination in the area of measurement.

ED 522 Measurement of Intelligence—Binet G 3 credits
Training for administration, scoring and interpretation of the Binet Intelligence Scale. A test kit is a necessity. Prerequisite: PY 200 and ED 420.

ED 524 Measurement of Intelligence—Wais, Wisc & WPPSI G 3 credits
Training for administration, scoring and interpretation of the Wechsler Intelligence Scales. Test kits are necessary. Prerequisite: PY 200 and ED 420.

ED 530 Counseling Theory and Practice G 3 credits
Emphasis will be placed on the principles of counseling and the application of the basic techniques to the counseling process. The roles of both guidance personnel and teachers will be stressed. Case studies will be used and situational problems discussed. Prerequisite: ED 430.

ED 531 Organization and Administration of Guidance Programs G 3 credits
Procedures for creating and operating a program of guidance services in the public school including basic principles and practices and how guidance services and activities can be adapted, organized, and administered. The course will give special attention to immediate NDEA Act applications. Prerequisite: ED 430.

ED 532 Practicum in Guidance and Counseling G 3 credits
A supervised counseling experience extending approximately one semester. Students participating in the practicum will be placed according to their area of concentration—elementary or secondary school guidance. Prerequisite: Permission of student's adviser or program coordinator.
ED 533 Psychological Measurement: Group Procedures G 3 credits
Introduction of the school counselor to the basic principles of group psychological testing and the most commonly used instruments for assessing intelligence, achievement, aptitude, interest and personality. Prerequisite: ED 420, ED 430, and MA 110 or successful completion of C.L.E.P. statistics examination.

ED 534 Occupational and Educational Information G 3 credits
This course is offered for teachers and counselors as a study in the methods of presenting occupational and educational information in formal guidance programs and in units on vocations in subject matter classes. Consideration will be given to an evaluation of materials and techniques in terms of practical use. Materials of educational information will be considered and collected. The student will begin an individual library of educational information and will construct a 10-lesson unit of educational information to be placed in a subject matter class. Other assignments will explore individual situations and include recommendations in the light of acceptable methods. Prerequisite: ED 430.

ED 535 Principles and Practices in Placement G 3 credits
Emphasis will be placed on two areas:
1. A review of career development theory.
2. Internal and external placement programs and techniques. Prerequisite: ED 430.

ED 536 Elementary School Guidance G 3 credits
The psychological, sociological and educational deficiencies which contribute to pupil problems in the elementary school. Emphasis on the nature and techniques of counseling and supporting group process used by elementary guidance personnel and teachers in identification, assessment, prevention and referral. Prerequisite: ED 430.

ED 537 Seminar in Counseling G 3 credits
Designed to help the student reach a greater understanding of himself as a counselor. The course will provide for an in depth exploration of a variety of approaches to counseling. Original readings from a number of theorists will be required. Included will be the works of Freud, Rogers, Perls, Ellis, Glasser, Berne, and Frankl. Prerequisite: ED 530 or permission of the Instructor.

Reading Services Committee
Professor: Deasy (Coordinator)
Assistant Professors: Bizinkauskas, Rossi
Instructor: Deckers

Master of Education in Reading
The Master of Education in Reading is designed for present and future curriculum specialists in reading and language, reading consultants, reading supervisors, and teachers of remedial reading. It is planned for experienced teachers, and only those who have completed one year of successful full-time classroom teaching in an accredited school will be considered for admission to the program. Applicants must file the form Certificate of Teaching.

The student must satisfactorily complete:
1. General degree requirements (9 credits)
2. ED 540, ED 541, ED 542, ED 543, ED 544 (15 credits)
3. Departmental concentration electives (6 or more credits)
   The latter is met through the election of courses appropriate to the degree program and approved by the student’s adviser.

ED 331 Developmental Reading in the Secondary School UG 3 credits
The techniques used to develop reading skills in the secondary school, evaluation of the modern reading materials available, a study of techniques used to analyze students' reading needs and a survey of administration of reading programs in the secondary school with implications for teachers as well as administrators. Prerequisite: PY 200.

ED 336 Teaching Reading in Special Education UG 3 credits
Basic reading principles and skills, appropriate correctional and remedial techniques and materials for the child with limited ability. Audiovisual materials, phonics and the clinical approach to teaching will be stressed. Prerequisite: PY 200.

ED 540 Improving Reading Instruction G 3 credits
A consideration of how the teaching of reading can be improved through a thorough analysis of pupils' instructional needs, differentiated instruction in all essential skills, and a planned program to encourage voluntary reading. Current approaches and reading materials will be examined. The implications of differences among pupils in language and perceptual development, cognitive development and learning rate, and attitudes and values will be discussed. Prerequisite: ED 330, ED 331, or equivalent basic course in the teaching of reading.

ED 541 Diagnosis and Correction of Reading Difficulties I UG 3 credits
Designed to prepare both elementary and secondary remedial reading teachers. Part I of this course will emphasize the identification of specific instructional needs, development of remedial plans, and provision of highly motivated instruction to overcome indicated weaknesses. Prerequisite: ED 540 or permission of the Instructor.

ED 542 Diagnosis and Correction of Reading Difficulties II G 3 credits
In Part II, attention will be focused on formal diagnostic procedures, theories of causation, and problems encountered in organizing and administering remedial programs. Prerequisite: ED 541 or permission of the Instructor.

ED 543 Effective Reading Programs G 3 credits
Current and evolving practices and programs in the teaching of reading. Teachers, reading specialists and administrators will be helped to develop practical plans for insuring that their own reading programs successfully meet the needs of all their students. Prerequisite: 9 graduate credits in reading or permission of the instructor.

ED 544 Seminar in Reading G 3 credits
Application of research methods and findings to the improvement of all aspects of reading and language instruction. Each student will make an extensive study of a significant problem related to the teaching of oral expression, written expression, reading, spelling or handwriting. Prerequisite: 18 credits toward the M.Ed. in Reading with a minimum of 9 credits in reading, or permission of the Instructor.

ED 545 Clinical Practicum in Remedial Reading G 3 or 6 credits
A limited number of qualified students will be given opportunity for practice work in intensive remedial instruction. Prerequisite: permission of the Instructor. Applications for this practicum should be made in advance.
Department of Educational Services

School Administration Committee
Professors: Adamson, Harper
Associate Professors: Baker (Coordinator), Kelley
Assistant Professors: J. Jones, Menice
Staff: Meaney, Sharples, Walsh

Master of Education in School Administration

This program is designed to prepare students for the following positions in school administration:
Superintendent
Curriculum Director, Supervisor, or Director of Instructional Resources
Business Manager
Director of Pupil Personnel Services
Elementary Principal
Secondary Principal
Department Chairman
Director of Health and Physical Education
Director of Student Activities
Director of Vocational Education

A minimum of thirty-six approved graduate credits is required in this degree program.

In addition to meeting general degree requirements, the student must satisfactorily complete ED 510 and a concentration in one of the above areas. It should be understood that those who anticipate preparing for some of these positions, such as superintendent, should plan to do graduate work beyond the master's degree.

Prior to acceptance, all applicants must complete a school administration questionnaire and have an interview with the Educational Services Department. Applicant will be apprised of the time and place of this interview by the Graduate School. In addition, applicants are encouraged at the time of application to plan to register for the coming offering of ED 510 Seminar on Education Leadership for the Future (SELF). Only those who have completed one year of successful full-time teaching in an accredited school will be considered for admission to this program. Applicants must file the form Certificate of Teaching. Applicants who plan to prepare for administrative positions at the elementary school level must have fulfilled the teaching requirement at the elementary school level, and those who plan to prepare for administrative positions at the secondary school level must have fulfilled the teaching requirement at the secondary school level.

ED 510 Seminar on Education Leadership for the Future G 4 credits
Designed to provide for individual self-appraisal, institutional assessment, and professional development planning. Offered as a series of six bi-weekly sessions using Friday evenings and Saturday mornings. Provides information on educational leadership and management concepts, situations, problems; provides an introduction to faculty and program; offers counselling assistance for career planning.
ED 560  The American Public School Today G  3 credits
A survey of the principles of school organization and administration: program, pupil services, personnel, plant and equipment, and public relations. Emphasis is on common practice, issues and trends. Experience in staff participation through the use of the administrative process in class work and projects both individual and group. A core course for all M.Ed. programs and a prerequisite for courses in school administration. Prerequisite: ED 380, or ED 382, or ED 480, or permission of the Instructor.

ED 561  Elementary School Administration G  3 credits
The application of the general principles of school administration to the specific problems of the elementary school. Emphasis on the areas of elementary program, plant, services, pupil control and accounting, personnel and public relations. Prerequisite: ED 450 and ED 560.

ED 562  Secondary School Administration G  3 credits
The application of the general principles of school administration to the specific problems of the secondary school. Emphasis on the areas of secondary program, pupil administration, plant and facilities, personnel and public relations. Prerequisite: ED 443 and ED 560.

ED 563  Personnel Administration in Public Schools G  3 credits
The nature, development, and importance of personnel administration and the general principles, preparation and procedures for its implementation. Special topics will include selection, orientation, assignment, supervision, rating and the establishment of the type of morale essential for the most effective teaching-learning atmosphere. Prerequisite: ED 560.

ED 564  Public School Supervision G  3 credits
The philosophy and function of supervision and the roles of the various staff members responsible for supervision in a modern public school. Prerequisite: ED 560.

ED 565  School Finance and Business Administration G  3 credits
The financial support for public schools from local, state, and federal governments. School budgets, accounting, and purchasing procedures, distribution of supplies and services, transportation, food service, management and maintenance of the school plant. Prerequisite: ED 560.

ED 566  School Plant Planning and Administration G  3 credits
For the specialist in school administration who may ultimately go on to school district administration as an assistant superintendent, business manager, director of buildings and grounds of superintendent. In depth coordination of the many factors involved in planning, construction, maintaining and administering the modern school plant. Prerequisite: ED 560.

ED 567  Administration of the School Activity Program G  3 credits
The nature and function of student activities, the management of the activity program (with an administrative emphasis) and an analysis of the types of student activities. Prerequisite: ED 210, or ED 443, or ED 560.

ED 568  Seminar in Problems of School Administration G  3 credits
Study and analysis of current problems and issues in elementary and secondary school administration. Student solutions to these problems will be presented to the class as a whole. Class members are to purchase appropriate class material. Prerequisite: Twenty-four (24) credit hours must be completed toward the Master's Degree in School Administration including five other Administration courses. Consent of major adviser is also necessary.

</tbody>
</table>
**ED 577 Educational Planning**  
3 credits  
Familiarization with the processes for translating national, state, or local policy into an operable organizational plan. Development of schemata for evaluating existing systems and for the planning of educational innovation and reform, orientation of situational factors involved in the development and presentation of alternative choices in the conduct of educational systems. Actual case studies including some in Chile, Spain, Jordan, and Korea will form the basis for class activity. Prerequisite: ED 560.

**ED 578 Curriculum Improvement**  
3 credits  
Principles of curriculum improvement will be developed through the critical analysis of practices found in public schools. Prerequisite: ED 450, or ED 443, or permission of instructor.

**Special Education Committee**

Associate Professors: DeLeo (Coordinator—Special Education),  
King (Coordinator—Learning Disabilities)  
Assistant Professors: Ash, Prescott

**Master of Education in Special Education**

The Master of Education in Special Education is designed for teachers and future teachers of handicapped children and exceptional children. The student may concentrate in work related to the mentally retarded, physically handicapped, or emotionally disturbed.

The student must satisfactorily complete:

1. General degree requirements. (9 credits)
2. ED 410, ED 411, and PY 228. (9 credits)
3. Departmental concentration electives. (12 or more credits)

The latter is met through the selection of courses appropriate to the degree program and approved by the student's adviser.

**Master of Education in Special Education—Learning Disabilities**

The Master of Education in Learning Disabilities is designed for experienced teachers and completion of one year of successful teaching in an accredited school is highly recommended.

The student must satisfactorily complete:

1. General degree requirements. (9 credits)
2. ED 515, ED 516, ED 517, ED 518, and ED 524. (18 credits)
3. Departmental concentration electives. (3 or more credits)

The latter is met through the selection of courses appropriate to the degree program and approved by the student's adviser.

**ED 410 Introduction to Special Education**  
UG 3 credits  
A survey of all phases of special education emphasizing the program for mentally and physically handicapped children, for emotionally disturbed children, and for academically talented. The slow learner and the perceptually handicapped will receive consideration. Prerequisite: PY 200.
ED 411 Methods and Materials in Special Education UG 3 credits
Special emphasis will be placed on philosophy, general and specific aims, identification and classification, curriculum development, and the planning, developing, and guiding of pupil experiences in the educational program for retarded children. Prerequisite: ED 410.

ED 412 Organization and Administration of Special Education UG 3 credits
A comprehensive study of the psychological diagnosis, the personnel, the curriculum, the facilities, the complete pupil services in an effective Special Education program. Prerequisite: ED 410.

ED 413 Industrial Arts in Special Education UG 3 credits
The planning procedure, the necessary equipment, and the required techniques needed to implement both craft and industrial arts programs and to improve motor coordinative skills. Prerequisite: ED 410.

ED 414 Domestic Arts in Special Education UG 3 credits
Procedures for teaching practical domestic knowledge such as home management, cooking, sewing, appearance, home nursing, child care and budgeting. Prerequisite: ED 410.

ED 415 Methods and Materials for the Academically Talented UG 3 credits
Emphasis on the identification and placement of gifted pupils in our schools and the related program, enrichment activities, creative development, method and materials, modified curriculum, administration, motivation and treatment of underachievement. Prerequisite: PY 200.

ED 416 Teaching the Slow Learner UG 3 credits
Emphasis is placed upon identification curriculum, methods of instruction, proper social and vocational adjustment, and concrete presentation of all academic activity for this type of pupil. Prerequisite: ED 410.

ED 417 Teaching Emotionally Disturbed Children UG 3 credits
Classroom facilities including carrels, learning experiences, administrative functions, educational materials and the administration of the program will be emphasized. Prerequisite: PY 200 and ED 410.

ED 418 Etiology, Dynamics and Treatment of Emotionally Disturbed Children UG 3 credits
The causes, characteristics, behavioral aspects and accepted syndromes for identification will be emphasized as well as the psychiatric procedures involved. Prerequisite: PY 200 and ED 410.

ED 419 Occupational Training Programs in Special Education UG 3 credits
Workstudy programs for mentally retarded students will be carefully studied for the purpose of the most effective work/vocational placement and follow-up to insure gainful employment. Legal information and labor rights will be presented. Prerequisite: PY 200 and ED 410.

ED 422 The Trainable Mentally Retarded UG 3 credits
The complete responsibility of the school, the community and the residential school in regard to identification, training, physical facilities, and instructional techniques will receive consideration. Prerequisite: PY 200 and ED 410.

ED 425 Educational Procedures in Special Education UG 3 credits
A review of the educational procedures and curricula in all areas of exceptionality. Increased emphasis will be placed on identification, classification, placement, and the appropriate teaching procedures for each type.
ED 426 Workshop in Special Education UG 3 credits
The practical aspects of special education techniques will be brought into focus through the use of off-campus facilities. In cooperation with area communities, research will be carried out to find methods and techniques for improving the effectiveness of special education programs.

ED 427 Guidance in Special Education UG 3 credits
The complete diagnostic process, understanding of case summary, educational guidance throughout the school attendance, and vocational guidance. Prerequisite: PY 200 and ED 410.

ED 428 Rehabilitation and Special Education UG 3 credits
Review of all of the procedures and processes of helping the mentally retarded, the physically handicapped, the emotionally disturbed, and the multi-handicapped through the medium of rehabilitation services. Prerequisite: PY 200 and ED 410.

ED 429 Teaching the Physically Handicapped UG 3 credits
A comprehensive treatment of the education, therapy, and guidance of physically handicapped children within the schools with a thorough understanding of their adjustment problems. Prerequisite: ED 410.

ED 491 Supervised Teaching in the Public Schools-Special Education U 6 credits
Continuous supervised experiences under regular special class conditions will be provided. Experience will be gained in different teaching techniques, individual differences, and classroom management. Supervision by the cooperating teacher and the college supervisor should culminate in the assumption of at least one week of full-time responsibility. Prerequisite: 24 graduate credits of approved degree work or permission of the Director of the Division of Professional Education.

ED 513 Seminar in Special Education G 3 credits
A careful research to help determine changes in this field so that improved services and techniques might be realized. Prerequisite: At least 24 credits toward the M.Ed. in Special Education.

ED 515 Teacher Orientation to Learning Disabilities G 3 credits
Acquaint in-service teachers with current statistics concerning children with learning disabilities and encourage appreciation of the spectrum of difficulties these children have. Diagnosis and evaluation, will be studied in conjunction with the fields of perceptual handicaps, physiology, neurology, and psychology. Prerequisite: PY 200, ED 330, and ED 410.

ED 516 Development of Visual and Perceptual Skills in Young Children G 3 credits
Development of vision as part of a sensory-action system with stress on the interaction between the functional and clinical aspects of vision care in the growing child. Considerable time devoted to the recognition of perceptual skills and classroom problems involved in learning and learning difficulties. Prerequisite: ED 515 or permission of the instructor.

ED 517 Development of Thought and Language in Young Children G 3 credits
Basic principles of child growth and development. Language development in the whole child will be complemented and supplemented with a concentration on language disorders, testing and remediation. Prerequisite: ED 515 or permission of the Instructor.

ED 518 Workshop in Learning Disabilities G 6 credits
Structuring of materials based on methodology in teaching perceptually handicapped children, and the experimental tutoring with children previously diagnosed by clinics or recommended upon completion of the SPED forms. Prerequisite: ED 515 or permission of the Instructor.
Department of Educational Services

ED 519  Interpretation of Diagnostic Techniques  G  3 credits
Methods of differential diagnosis in learning disabilities with emphasis on interpretation of standardized test instruments and the development of profiles of learning style. Prerequisite: ED 420.

ED 555  Seminar in Learning Disabilities  G  3 credits
An examination of administration, evaluation, and remediation of learning disabilities. Selected issues will be studied, such as clinical case studies, auditory-language problems, screening devices (both pre-school and on-going), behavior modification, etc. Opportunities will be given to all students to pursue a learning disabilities topic of their own interest. Prerequisite: 9 graduate hours in learning disabilities or permission of the Instructor.

ED 556  Supervised Teaching of the Learning Disabled  G  3 credits
Supervised teaching (or tutoring) in a program for learning disabled. Prerequisite: ED 515.
DEPARTMENT OF ELEMENTARY EDUCATION

Chairman: Associate Professor Dickinson
Professors: Daniel, Maccurdy
Associate Professor: Wood
Assistant Professors: Draheim, Kranyik, Phillips, Ronning, Thornell
Instructor: Wolpert

Orientation Meetings for Applicants

One meeting has been scheduled in October and one in April for those who may be interested in either of the degree programs outlined below. Potential applicants should plan to attend one of these meetings prior to the completion of all admission requirements. At the close of each session, individual interviews will be scheduled for those who elect to have them. Please consult the Calendar of the Graduate School for the time and place of these meetings.

Master of Education in Elementary Education

The Department of Elementary Education offers a program leading to the degree of Master of Education in Elementary Education. This program is designed for teachers and future teachers of grades kindergarten through six. It is flexible enough to meet the needs of those with a background in the liberal arts as well as those who have an undergraduate major in elementary education.

In addition to meeting general degree requirements, the student must satisfactorily complete ED 450 and ED 554 as well as the departmental concentration requirement. The latter is met through the election of courses appropriate to the degree program.

Master of Education in Elementary School Mathematics

The Department in conjunction with the Department of Mathematics offers a program leading to the degree of Master of Education in Elementary School Mathematics. This program is designed for teachers and future teachers of elementary mathematics. All candidates for the degree shall be required to take a minimum of 18 semester hours in content courses in mathematics as a combined total of undergraduate and graduate courses. At least 6 of these semester hours must be taken at the graduate level (MA 353 and MA 354). A designated member of the Mathematics Department will advise each degree applicant upon entry into the program with regard to the mathematics courses which he should take. Degree candidates who have not had at least 6 semester hours of introductory modern mathematics must take MA 351 and/or MA 352 (Modern Mathematics for Elementary School Teachers I and II). It should be noted that these two courses may not be offered as credit towards the minimum of 30 credits required for the degree.

In addition to meeting general degree requirements, the student must satisfactorily complete: ED 350, ED 351, ED 550, MA 353 and MA 354 as well as the departmental concentration requirement. The latter is met through electing education and/or mathematics courses appropriate to the degree program.
Course Offerings

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

ED 330 Teaching of Reading in the Elementary School UG 3 credits
A consideration of how reading instruction is initiated, how basic reading abilities are developed, and how growth in voluntary reading is encouraged. The essentials of an effective developmental reading program will be examined with attention to organizing reading groups and evaluating progress. Prerequisite: PY 200.

ED 340 Methods and Materials in Elementary Language Arts UG 3 credits
Stress on the new language-focused approach to English and the modern concepts of English grammar and usage. Creative strategies and ideas in teaching the skills and abilities of listening, speaking, and writing. Prerequisite: PY 200.

ED 350 Methods and Materials in Elementary Mathematics UG 3 credits
Acquaintance with the purpose and content of the contemporary elementary school mathematics curriculum. A wide variety of effective teaching procedures and instructional materials designed to meet the varying abilities within the elementary school classroom. Prerequisite: PY 200 and MA 107.

ED 351 Improving Mathematical Instruction in the Elementary School UG 3 credits
Appraisal of current mathematics programs, evaluation of individual pupils with a class, consideration of current instructional procedures and materials designed to provide for individual differences. Prerequisite: ED 350.

ED 360 Methods and Materials in Elementary Music UG 3 credits
The music program in the elementary grades including objectives, curriculum, personnel, pupil characteristics, meeting of individual differences, rhythmic activities, music reading and listening, creative teaching and general procedures, equipment and materials.

ED 362 Methods and Materials in Elementary Art UG 3 credits
The objectives of art education, role of the classroom teacher, developmental stages in the creative growth of children; materials, processes, tools and teaching procedures which will foster this growth at the various grade levels; correlation of art with other subject fields; and evaluation of student progress.

ED 370 Kindergarten Theory and Methods UG 3 credits
The philosophy of modern kindergarten education including exploration of emerging theories and new approaches. Developmental characteristics and learning styles of the young child are studied and related to initial school experiences designed to foster maximum growth. Curriculum methods and materials are examined and evaluated. Opportunities will be provided to observe the kindergarten child in the classroom. Prerequisite: PY 200.
ED 371  The Nursery School UG  3 credits
Current emphasis on the schooling of young children in a nursery school setting is the direction of this course. The psychological, physical, and emotional norms of this age group are explored. Current materials available to the teacher are examined. Recommended for those interested in the very young-nursery school and kindergarten teachers. Prerequisite: PY 200.

ED 450  Elementary School Curriculum UG  3 credits
Roles of the administrator, the teacher, the parent and the child in the development of the changing curriculum in the elementary school. Use of action research, in-service training, innovations for curriculum improvement, school organizations, team teaching, the non-graded school, individualized instruction, the revaluation of objectives, and democratic values. Prerequisite: PY 200.

ED 452  Methods and Materials in Elementary Education UG  3 credits
Effective ways of vitalizing the teaching-learning process through teacher-pupil planning, participation and evaluation. Emphasis on creative teaching and the individualized approach. Resource persons, lectures, reports, discussions and displays of materials will be used. Prerequisite: PY 200.

ED 454  Drug Education for the Elementary School Teacher UG  3 credits
Prevention of drug abuse in the chief purpose of the course. How to acquaint elementary teachers with the causes and cure of the problem. A review of current methods and materials in drug education will be featured.

ED 460  Methods and Materials in Elementary Science UG  3 credits
Goals of elementary school science instruction and the methods of attaining them through "newer" science programs, problem-solving, experimentation, and varied instructional media are examined. Prerequisite: PY 200.

ED 462  Science and Social Studies Methods and Materials in Elementary Schools UG  3 credits
The goals of scientific inquiry and responsible citizenship. The establishment of objectives and the selection of appropriate methods, materials, and techniques of planning to meet these objectives. Current trends in the teaching of both science and social studies. Innovative ideas found in the newer programs. Prerequisite: PY 200.

ED 470  Methods and Materials in Elementary Social Studies UG  3 credits
Emphasis is placed on current trends including objectives, curriculum, creative pupil-teacher planning, teaching techniques involving extensive use of instructional media and study tours of New England. Prerequisite: PY 200.

ED 474  Methods and Materials in Primary Education UG  3 credits
Emphasis on insight into ways of teaching Primary-Grade children, taking into consideration the basic philosophy of their education and promoting an understanding that each child is a unique individual. Stress on effective organization and management, what to teach, how to teach, the importance of skill development, the necessity for drill, and the use of practical creative techniques. Prerequisite: PY 200.

ED 492  Supervised Teaching in the Public Schools-Elementary U  6 credits
Supervised experiences in classroom activities. Experience is gained in: teaching techniques, individual differences, and classroom management. Students are expected to carry a teaching load that averages 50% of the classroom teacher's assignment. Prerequisite: 21 graduate credits of approved degree work or permission of the Director of the Division of Professional Education.
ED 502 Research G  credit to be arranged
Original research undertaken by an individual in the field of elementary education. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.Ed. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

ED 503 Directed Study G  credit to be arranged
Directed study in the field of elementary education. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.Ed. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

ED 550 Practicum in the Elementary School Mathematics Program G  3-6 credits
Students accepted will pursue an individualized program of advanced study and research, focused on a substantive topic pertaining to the elementary school mathematics program, and eventuating in an acceptable documented report. Periodic meetings will be scheduled by the Instructor. Each student's program must be approved by the Instructor and the department chairman. Prerequisite: completion of, or enrollment in, all other required courses in the degree program.

ED 551 Discovering Science—A Survey of Current Elementary School Science Programs G  3 credits

ED 554 Seminar in Elementary Education G  3 credits
An integration of formal study, current research and personal experience. Each student will make an extensive study of a significant problem in elementary teaching. Prerequisite: 21 approved G credits with a minimum of 12 credits in elementary education.

DEPARTMENTS OF HEALTH AND PHYSICAL EDUCATION

Men's Department
Chairman: Associate Professor Lehmann
Associate Professors: Gurney, Knudson, Swenson
Assistant Professors: Braun, Lewis, Mazzaferro
Instructor: Yeskewicz

Women's Department
Chairlady: Professor Comeau
Professor: Thornburg
Associate Professor: Phillips, Tufts
Assistant Professors: Coakley, Gross, Hogg, Huber, Krasinski, Schopp, Smith, Trimble, Wells
Departments of Health and Physical Education

Instructors: Hurst, Rugen, Wolfram

Master of Education in Health Education

This program is designed for persons interested in health education. Course prerequisites for admission to the degree program are: health education—6 credits; psychology—6 credits; philosophy of education—3 credits. In addition to meeting general degree requirements, the student must satisfactorily complete: either HE 507 Survey of Current Literature and Research in Health Education or HE 502 Research (Thesis in Health Education).

The remainder of the student's program (which is subject to the approval of the adviser) may be selected according to the interest and need of the student. All electives should be appropriate to the degree program.

Master of Science in Physical Education

This program is designed to prepare qualified students for teaching, research, and further graduate study in physical education. It is based upon a foundation in physical education, and endeavors to explore new areas in the field, as well as to expand upon those areas previously studied at the undergraduate level.

An undergraduate major in physical education is required for admission to the program.

Applicants must have an interview with the Chairman of the Department. No application will be considered unless this requirement has been met.

All students must satisfactorily complete a minimum of thirty graduate credits, approved by the adviser, a written and/or oral comprehensive examination, and a thesis.

Course Offerings

HE 471 Nutrition Education UG 3 credits
Nutrition, and its relation to cultural patterns, dental health, and total health and fitness, weight control, and purchasing and preparation of food.

HE 474 Community Health Education UG 3 credits
The history and development of public health programs, the relationships of health departments—local, state, and federal—public and private agencies, and the school health program. Problems and principles of the community health programs based on local needs. Designed for classroom teachers, health specialists, and others interested in community health.

HE 475 Theoretical Basis of Health Instruction UG 3 credits
Investigation and student utilization of new and innovative teaching techniques. Philosophy and content of health instruction is considered. Learning theories, behavior modification theories, and decision making exercises will be explored and practiced. Prerequisite: 6 hours in health content.

HE 477 Environmental Health UG 3 credits
Study of selected environmental influences, and how they affect health. Proposal and action orientated suggestions for bringing about change. Understanding pressure tactics, political influences, resistive forces and strategies for dealing with them. Exploration of legal structure, geographical difficulties, priority establishment and safety tolerances.
Departments of Health and Physical Education

HE 478 Consumer Health UG  3 credits
Course designed to help people make informed decisions regarding their best use of health products and services. Topics to be covered include health insurance, life insurance, credit buying, quacks, patent medicines, fad diets, food buying, criteria for selecting health services. Identifying subtleties in advertising and understanding the misconceptions concerning health.

HE 479 Health Problems UG  3 credits
Current health problems relating to the school and community will be presented. Topics will be based on needs and interests of class participants. The school's responsibility for education in these areas will be discussed. Prerequisite: 6 credits in health.

HE 502 Research G credit to be arranged
Original research undertaken by an individual in the field of health education. The student's investigations will ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.Ed. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a program leading to the degree of Master of Education in Health Education and approval of topic and outline by the student's adviser and the department chairman.

HE 503 Directed Study G Credit to be arranged
Directed study in the field of health education. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.Ed. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a program leading to the degree of Master of Education in Health Education and completion of at least 15 graduate credits approved by the student's adviser.

HE 507 Survey of Current Literature and Research in Health Education G  3 credits
This course will enable students to more critically consider recent research and current opinions of those leaders in the field who write about health education. Article writing and reviewing will be encouraged and aided. Journals in sociology, psychology, paramedical education as well as health will be considered. This course will also aid in selecting and defining a thesis topic. Prerequisite: a minimum of 15 credit hours in the Master of Education in Health Education degree program.

HE 508 Health Crisis Intervention G  3 credits
Dealing with mental, emotional and social health problems of the individual, the family and society. Exploration of suicide education, death education and psychosomatic illness. Investigation and practice of techniques of aiding potential suicide, tripping drug user, chronic alcoholic, obese, neurotic, promiscuous, geriatric problems and health care availability. Course will consider agency roles in these areas. Prerequisite: 6 hours in health.

HE 510 Family Life and Sex Education G  3 credits
Professional preparation for teachers of family life and sex education. Analyzing the role of the school and its relationship to the community. Determining curriculum, overcoming administrative and parental objections, dealing with specific problems of school age youth such as birth control, venereal disease, psychological and social aspects of sexuality.
HE 511 Evaluation of School Health Programs G 3 credits
Study of the total school health program. Construction and application of an instrument to determine extent of program. School visitations are included. Prerequisite: 12 hours in health.

HE 512 Humanistic Approach to Drug Education G 3 credits
A humanistic approach to drug education with emphasis on: available resources; educational modalities, effecting curriculum change; the communication process; attitudes and values; and teaching methods. Lecturers will include experts from the field of drug education.

HE 513 Cultural Approaches to Health Education G 3 credits
Anthropological, sociological, psychological and physiological factors related to health behavior of sub-cultured groups. Concerns health knowledge, attitudes, values and behavioral practice of various religious and ethnic groups. Prerequisite: 3 hours in sociology.

PE 439 Analysis and Application of Teacher Behavior UG 3 credits
Analysis of verbal and non-verbal teaching behavior through direct observation techniques with focus on the teaching of health and physical education. Course will include specific categories of teaching behavior and styles of teaching, review of the literature related to teaching effectiveness, direct observation of teaching and micro-teaching.

PE 440 Scientific Bases of Coaching UG 3 credits
Examination of the physiological considerations and mechanical principles in coaching both individual and team sports. Emphasis will be on training and the improvement of skill.

PE 470 Sociology of Sport UG 3 credits
Examination and analysis of the types of forces at work in American society and how they relate to sports. Among the topics to be included are the influences of our cultural heritage, philosophy of education, politics, religion, economy, mass media, and internationalism. Lectures, readings, class discussions, and written assignments will be directed toward enhancing the individual’s understanding of the values of sport in our society yesterday, today, and tomorrow. Prerequisite: 3 credits in sociology.

PE 471 Current Issues in Physical Education UG 3 credits
Study of trends and forces in education as they effect physical education: expansion of knowledge, philosophy, purposes, content, and relevance, as well as the implications for curriculum, higher education, and research in physical education. Prerequisite: 6 credits in physical education.

PE 472 Measurement and Evaluation in Physical Education UG 3 credits
The construction and use of written tests, skill tests, and other measurement devices in physical education; methods of administration and use of data. Prerequisite: MA 110 or its equivalent.

PE 473 Foundations of Physical Education UG 3 credits
Scientific foundations of physical education; the objectives and how they are best achieved; the philosophy of physical education as a part of total education; the relationship of physical education to health, recreation, camping, and outdoor education. For students lacking an undergraduate major in physical education. Prerequisite: permission of the Instructor.
Departments of Health and Physical Education

PE 474 Teaching and Calling the Modern Square Dance UG 3 credits
Make-up and place of modern square dance in the physical education curriculum. Basics included in the modern square dance will be presented in progression. The techniques of teaching will be emphasized as students are taught to perform these fundamentals. The method of learning to call individual basics will be stressed and emphasis placed on the mechanics and function of each.

PE 475 Organization of Girls’ Intramural and Extramural Activities UG 3 credits
The construction of a balanced program of cocurricular activities based upon sound educational objectives implemented with the current standards and guidelines established for the junior and senior high school girl.

PE 476 Physical Education for the Elementary Classroom Teacher UG 3 credits
Physical education activities and skills throughout the elementary grades. Emphasis will be on preparation and teaching techniques for the classroom teacher, specialist, and supervisor. A laboratory experience will be a required part of the course.

PE 477 Introduction to Recreation UG 3 credits
The history of recreation from colonial days to the present. Particular emphasis is placed on the cultural views and their relationship to recreation. The various types of recreation presently seen and the impact of leisure time on the future will also be discussed.

PE 478 Programs in Recreation UG 3 credits
The fundamental aspects of program planning in recreation. The programs of various agencies, both public and private, will be discussed. Items given special attention are: Senior Citizens Programs, Physically and Mentally Retarded Programs and Pre-primary Programs.

PE 479 Problems in Physical Education and Athletics UG 3 credits
The recognition, discussion, and systematic analysis of controversial issues and problems. Topics studied are: optimum use of facilities, ethical practices, finance relationships with non-school programs, interscholastic athletic competition below high school level, youth fitness, crowd control, injury prevention, program evaluation, and community organization for health, physical education, and recreation.

PE 480 Care and Prevention of Athletic Injuries UG 3 credits
Methods of prevention, correction, care and treatment of athletic injuries. Training and conditioning programs will be studied. Class time will be devoted to lectures, discussions, and practical work. Taping and use of physical therapy equipment will be covered in the course.

PE 481 Organization and Administration of School Athletics UG 3 credits
Athletic policies and regulations on the local and state levels, administrative plans, contest management, the purchase and care of equipment, athletic awards, finance and budget, athletic facilities, scheduling, public relations, the intramural program, and trends in interscholastic athletics.

PE 482 Public Relations in Physical Education UG 3 credits
The study of a public relations philosophy, as well as specific and practical techniques. Planning and preparation of annual reports, speeches, brochures, displays, demonstrations and press releases. Course projects are planned to help upgrade the public relations programs in the departments and schools represented.

PE 483 Current Trends in Dance and Sport UG 3 credits
Advanced techniques and methods of teaching selected sports, gymnastics, and dance. Strategy in game play and competitive gymnastics will be included. Both theoretical and practical experiences provided.
Departments of Health and Physical Education

PE 484 Physical Education for Exceptional Children UG  3 credits
Adaptation of physical education activities to meet the varying needs of exceptional children. Nearby schools and institutions provide opportunities for practical experience.

PE 500 Techniques of Research in Physical Education G  3 credits
Methods and techniques of research and their application to physical education with emphasis on problem selection and construction of a research project. Prerequisite: statistics and 12 credits in physical education.

PE 502 Research G  credit to be arranged
Original research undertaken by an individual in the field of physical education. The student’s investigations will culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.S. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a program leading to the degree of Master of Science in Physical Education, approval of topic and outline by the student’s adviser and the department chairman, and PE 500.

PE 503 Directed Study G  credit to be arranged
Directed study in the field of physical education. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.S. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a program leading to the degree of Master of Science in Physical Education and completion of at least 15 graduate credits approved by the student’s adviser.

PE 505 Interdisciplinary Foundations of Physical Education G  3 credits
Analysis and synthesis of biological, sociological, and psychological aspects of man with specific application to teaching and research in physical education. Prerequisites: 3 credits in each of the following: sociology, psychology, and physiology.

PE 506 Philosophy and Principles of Physical Education G  3 credits
Philosophical inquiry into the discipline of physical education including a study of trends and forces in education as they affect the field. Prerequisite: 6 credits in physical education.

PE 507 The Child and His Movement Behavior G  3 credits
Current concepts and trends related to movement experiences of children with emphasis on developmental movement, and learning. Prerequisite: 12 credits in physical education or permission of the Instructor.

PE 508 Motor Learning G  3 credits
Integration of biological and psychological concepts in the acquisition of motor skills including environmental conditions, developmental factors and learning theories. Prerequisite: 3 credits in psychology.

PE 509 Mechanical Analysis of Movement G  3 credits
Scientific principles applied to human motion with emphasis on the analysis of human movement for the purpose of improving teaching and coaching techniques. Prerequisite: a course in physics or kinesiology.

PE 510 Concepts of Curriculum Development G  3 credits
Current educational trends and theories relative to physical education and the development of curricular models, with a focus on the needs of today’s society. Prerequisite: 9 credits in physical education or permission of the Instructor.
Department of Instructional Media

PE 511  Professional Literature of Physical Education  G  3 credits
Survey and evaluation of literature in the field. Prerequisite: permission of the Instructor.

PE 512  Administration of Physical Education  G  3 credits
Application of administrative principles to the physical education program. Prerequisite: 12 credits in physical education or permission of the Instructor.

DEPARTMENT OF INSTRUCTIONAL MEDIA

Chairman: Professor Rosen
Associate Professor: Lander
Assistant Professor: Ward
Instructor: Caine

The Department of Instructional Media offers a program leading to the degree of Master of Education in Instructional Media. This program is designed for present and future media specialists.

The following is a departmental undergraduate course prerequisite which may be fulfilled after admission: ED 443 or ED 450. Credits earned in this course may not be counted toward the thirty graduate credits required for the degree.

In addition to meeting general degree requirements, the student must satisfactorily complete: IM 310, IM 452, IM 456, IM 460, IM 464, and IM 553 as well as the department concentration requirement. The latter is met through the election of a course appropriate to the degree program.

Course Offerings

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

IM 310  Audiovisual Methods and Materials  UG  3 credits
Introduction to instructional media and technology. Instruction in and application of still pictures, slides, filmstrips, recordings, radio, television, three-dimensional materials, field trips, flannel boards, chalk boards, and specialized teaching machines. Sources of teaching aids and supplementary materials accompanies laboratory procedures. Three periods weekly. Prerequisite: permission of the Instructor.

IM 311  Audiovisual Methods and Materials for Special Education  UG  3 credits
Same as IM 310 with guided research applicable to all areas of Special Education.

IM 412  Communication Theory  UG  3 credits
The course is designed to give the student experience in putting various communications principles into effect in the development of messages designed to solve particular instructional problems. The last half of the course will be primarily student oriented. Each student will be required to design a minimessage based on at least one principle cited in the course. Prerequisite: IM 310 or IM 311 or permission of the Instructor.
IM 420 Advanced Audiovisual Techniques UG  3 credits
Directed study course. Development of a course of study in the student's field of concentration coordinated with instructional media and technology. Prerequisite: IM 310 or IM 311.

IM 424 Seminar in Instructional Media UG credits to be arranged
Systematic review of literature and research, techniques, and technology in instructional media. Reports for group discussion and analysis. Prerequisite: IM 420, IM 452 IM 456, and IM 460.

IM 452 Science of Photography in Education UG  3 credits
Basic philosophy, educational planning, and the techniques of preparation of photographic instructional materials. Preparation of color and black and white slides, stills, filmstrips, transparencies for overhead projection. Emphasis upon photography and darkroom techniques. Prerequisite: IM 310 or IM 311, or permission of the Instructor.

IM 454 Script Writing Techniques for Radio and Television UG  3 credits
This course is designed to give the student skills in writing for Radio and TV. Developing a sense of the dramatic and the understanding of the science of human psychology will also be studied. Prerequisite: IM 420, IM 452, and IM 456.

IM 456 Radio and TV Studio Operation and Control UG  3 credits
The student will learn all of the technical data necessary to direct TV programs and to operate a radio station. The student will be prepared to take the examination for 1st, 2nd, or 3rd class license. Prerequisite: IM 310 or IM 311, IM 452, and IM 460.

IM 457 Advanced Photography Techniques UG  3 credits
Advanced theory of photography and the preparation of projected photographic materials: slides, stills, filmstrips, motion pictures, and overhead transparencies. Advanced techniques of darkroom usage and salon printing. Prerequisite: IM 452.

IM 458 Radio and TV Production UG  3 credits
Designed to make the student proficient in the production of radio and TV programming, with stress upon being able to make, obtain, and set up necessary props, backgrounds, trick camera shots and sound effects. Prerequisite: IM 310 or IM 311, IM 452, IM 453, IM 456, and IM 460.

IM 460 Graphics for Instructional Media UG  3 credits
Instruction in graphic arts pertaining to new technology in education. Mechanical and hand lettering and lay-out. Preparation of materials by color-lift, thermofax, and tecnifax techniques. Basics for photocopying including 2" x 2" slides. Prerequisite: IM 452 or consent of Instructor.

IM 464 Management of an Instructional Media Department UG  3 credits
All phases of operating an Instructional Media Department: budgeting, purchasing, staffing, services, analysis of materials and equipment. Prerequisite: IM 310 or IM 311, IM 452, IM 453, IM 456, and IM 460.

IM 466 Cinematography I UG  3 credits
Basic production of 8mm, super 8 and 16mm motion picture films. Basic techniques involved in the production of motion picture films used in education. Prerequisite: IM 452. Not offered in 1974-75.

IM 468 Advanced Cinematography UG  3-6 credits
Advanced techniques of film production in all of its technical phases, including production, design, editing and sound synchronization for motion pictures in education. Prerequisite: IM 452, IM 466. Not offered in 1974-75.
IM 502 Research G  credit to be arranged
Original research undertaken by an individual in the field of instructional media. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum of 6 credits for an M.Ed. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

IM 503 Directed Study G  credit to be arranged
Directed study in the field of instructional media. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.Ed. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

IM 553 School Public Relations G  3 credits
The necessity for a well-informed public to foster good school public relations. All necessary media will be discussed: radio, television, newspapers, magazines, school publications, teacher-parent and administrator-teacher-parent relationships. Prerequisite: permission of the Instructor.

DEPARTMENT OF LIBRARY SCIENCE

Chairlady: Associate Professor Bouchard
Assistant Professor: Oakley
Instructors: Lee, Neubauer

The Department of Library Science offers a program leading to the degree of Master of Education in School Librarianship. This program is designed primarily for school librarians; many of the courses, however, are of value to educators outside of the library profession.

In addition to meeting general requirements, students must satisfactorily complete or have satisfactorily completed prior to acceptance the following courses: LI 310-320, LI 370, LI 430, LI 440, and LI 595.

At least one of the remaining electives must be selected from Library Science courses offered for graduate credit only.

Course Offerings

The following courses may be taken for graduate credit. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.
LI 310  Children's Literature UG  3 credits
Reading interests of children from pre-school years through the elementary grades with emphasis on the contribution that reading can make toward the process of growing up; criteria for evaluation and analysis of children’s books; types of books available today, considered in terms of the needs, interests, and abilities of children. Topics covered are history of literature for children; illustrators; folk-tales; myths; modern fanciful tales; fiction; poetry; books in special fields, such as history, science, travel.

LI 320  Literature for Young Adults UG  3 credits
Survey of literature for the adolescent, designed for junior and senior high school teachers and librarians, including a brief history of the development of this literature, evaluation of publishers, and psychology of the adolescent reader.

LI 370  Reference Materials and Their Use UG  3 credits
Outlines appropriate procedures in various disciplines. Search exercises give practical application of techniques using all the resources of the library.

LI 430  School Library Administration UG  3 credits
Principles and practices in school library administration and service; the role of the library in the school's educational program; pupil instruction in library use; the planning and equipping of the library; and other aspects of library organization. Prerequisite: LI 370, LI 440.

LI 440  Organization of Library Materials UG  3 credits
Emphasis is on the Dewey Decimal classification and Sears Subject headings. Some time is given to the general processing of books. Prerequisite: LI 450, or permission of the Instructor.

LI 450  An Introduction to the Library UG  3 credits
Introduces teachers, administrators, and beginning librarians to the role of the library in education and the expanded services needed to meet the new methods of teaching.

LI 451  Storytelling UG  3 credits
Examination of the literary sources, experience in selection and presentation of stories, and techniques in cultivating appreciation of literature in children from kindergarten through grade 8.

LI 452  Selection of Library Materials UG  3 credits
Criteria and policies in selection for reader interest and curriculum enrichment, with emphasis on practical applications and appraisal of bibliographic aids and current review practices.

LI 453, 454  Film Study for Librarians UG  3 credits for each semester
History, development, and screen conventions in the library program objectives of the school and community. Emphasis on acquiring analytic and evaluative skills and upon assessing emotional responses. LI 453 Beginnings of the film to 1921. LI 454 The “silent period” completed and the era of the sound film introduced up to the present day.

LI 464  Use and Organization of Non-print Materials UG  3 credits
Survey of the standards and innovations in school media programs and exposure and proficiency in the use and organization of non-print materials currently used in libraries. Prerequisite: IM 310, LI 440, or permission of the Instructor.
LI 502  Research G  credit to be arranged
Original research undertaken by an individual in the field of library science. The student’s investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.Ed. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master’s degree program at Bridgewater State College and approval of topic and outline by the student’s adviser.

LI 503  Directed Study G  credit to be arranged
Directed study in the field of library science. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 4 credits for an M.Ed. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master’s degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student’s adviser.

LI 548  Advanced Cataloguing and Classification G  3 credits
Gives primary consideration to the Library of Congress classification and subject headings. Some attention will be given to non-book materials. Prerequisite: LI 440.

LI 553  The History of Libraries G  3 credits
Form and function of the library as an institution in social and intellectual settings. Included are classical, medieval, and scholarly libraries, the development of modern public and academic libraries, and the school library movement, particularly in Massachusetts.

LI 555  Literature of Science and Technology G  3 credits
A continuation of LI 370. Background, trends, and bibliographic control of the natural and physical sciences, including pure and applied. Prerequisite: LI 370.

LI 556  Literature of the Humanities G  3 credits
A continuation of LI 370. Background, trends, and bibliographic control in literature, the arts, philosophy, and religion. Prerequisite: LI 370.

LI 557  Literature of the Social Sciences G  3 credits
A continuation of LI 370. Background, trends, and bibliographic control in history, political science, education, and the behavioral sciences, including organizations, periodicals, and government publications. Prerequisite: LI 370.

LI 566  Systems Approach to Libraries G  3 credits
Survey of developments in information retrieval and other library applications of modern procedures in acquisition, circulation, management, and periodical control. Prerequisite: LI 455 or permission of the Instructor.

LI 569  The Book Arts G  3 credits
Traces the development of the written word from the earliest alphabet to today’s computerized publishing. The history, art, and science of the book include field study of book production; manuscripts; rare books and bindings; and award winning books.

LI 576  Research Problems in Library Literature G  3 credits
Is designed for special projects for advanced students desiring individual instruction in the methods of library research. Prerequisite: permission of the Department.
LI 590 Seminar on School Librarianship G 3 credits
Intended as a culminating exercise in administrative school librarianship. It will include study and analysis of current problems and issues in elementary and secondary school library administration. Students will seek solutions to these through reading and research. Results will be presented to class. Prerequisite: a minimum of fifteen elective credit hours toward the Master of Education in School Librarianship, and consent of the adviser.

LI 595 Professional Practicum G 3 or 6 credits
Involves observation and participation in all important aspects of school library administration, including selection and organization of materials; reference and bibliographic services, and techniques of teaching library use. This course must be pursued at a school library approved by the Library Science Department at Bridgewater and may only be waived if the student has had considerable experience as a school librarian in a situation acceptable to the Department. Prerequisite: completion of, or enrollment in, all other required courses in the degree program.

DEPARTMENT OF SECONDARY EDUCATION

Acting Chairman: Associate Professor Fitzgibbons
Professor: Meler
Associate Professors: Baker, Englund, Kelley, Mogilnicki
Assistant Professors: Goldman, J. Jones, McGuirk, ZuWallack

The Department of Secondary Education, in conjunction with most of the academic departments, offers a program leading to the degree of Master of Arts in Teaching with a concentration in an academic area. This program permits a student to take all of his electives in the area of concentration or to distribute his electives between the area of concentration and professional education. All electives must be approved, in advance, by the adviser. Those interested in this degree program should consult the appropriate academic department for further information. Departmental offerings are listed below.

ED 210 Principles of Secondary Education UG 3 credits
The influence of the school and of society upon each other and upon the student are studied. New educational developments are related to the school and its problems. The students actively study school problems in their setting by completing relevant environmental experiences on location. Problems common to most schools are studied. These include: goals and objectives, history and philosophy, organization, administration, curriculum, law, management, individual differences, discipline, guidance and evaluation. Students are asked to gain meaningful experiences through observing, assisting, or tutoring activities within the secondary school environment. Prerequisite: PY 200.

Secondary Education 3 credits each
ED 312 Teaching Social Studies in the Secondary School UG
ED 314 Teaching English in the Secondary School UG
ED 316 Teaching Earth Science in the Secondary School UG
ED 317 Teaching Geography in the Secondary School UG
Department of Secondary Education

ED 319 Teaching Physical Science in the Secondary School UG
ED 320 Teaching Biology in the Secondary School UG
ED 322 Teaching Mathematics in the Secondary School UG
ED 324 Teaching Modern Foreign Language in the Secondary School UG
ED 325 Teaching Art in the Secondary School UG
ED 326 Teaching Speech in the Secondary School UG

The above courses are comparable in purpose and design, differing as application is made to a particular subject field. The main emphasis will be on the establishing of objectives, the choosing of appropriate content, procedures, materials, and the techniques of planning necessary to accomplish the objectives. Other topics will include classroom organization and management, meeting of individual differences, evaluation and reporting of progress, and recent developments in methodology and subject matter. Prerequisite: PY 200.

ED 382 Comparative Education UG 3 credits
The organization and operation of systems of education in promoting contemporary national and international goals. Specific case studies of educational development in nations in various regions of the world will be undertaken. Education ideas and practices in other nations, both Eastern and Western, will be reviewed in terms of their impact on, and application in, the United States.

ED 383 International Education UG 3 credits
An introduction to the role of education in the interaction of the peoples and cultures of various nations. Activities of such entities as OAS, UNESCO, OECD, etc., engaged in fostering international exchange of education concepts, leaders and programs will be reviewed. Major contemporary trends and international issues in education will be identified and analyzed.

ED 402 Team Teaching UG 3 credits
Emphasis will be placed on the nature, objectives, and development of the team teaching idea, its organization, team makeup, planning and instruction; student grouping and scheduling; facilities, materials, and equipment; instruction and adaptation to existing conditions; the ungraded school; and team teaching and the community. Prerequisite: PY 200.

ED 403 Professional Ethics UG 3 credits
Ethical principles upon which the Education Profession is based, those standards which should guide professional service in a moral not legal sense. Emphasis will include: criteria of a profession as applied to teaching; responsibility and privileges of the profession; codes of ethics—nature, formation, interpretation, application, and enforcement; professional organizations—purpose, organization and achievements; relation of the professional role to private life; and interpretation of specific current situations including those suggested by class members. Prerequisite: ED 480.

ED 404 Fundamentals of Data Processing UG 3 credits
Introduction to the theory and methodology of electronic data processing. Development of the history and classification of computers. Examination of machine and symbolic languages, storage methods, peripheral equipment and numbering systems. Emphasis on the role of the computer in the educational systems of today. Prerequisite: MA 110.

ED 405 Teaching Basic Driver Education UG 3 credits
Basic knowledge and skills in teaching Driver Education. Emphasis will be placed on human characteristics of the driver, classroom techniques and driving skills. Acceptable for certification. Prerequisite: PY 200.
ED 440 Methods and Materials in Secondary Education UG 3 credits
Emphasis will be placed on the analysis of the problems of the modern secondary school. Topics will include: the learning process; establishing of objectives; classroom organization and management; meeting individual differences; evaluation; correlation between subject matter fields; and recent developments in methodology and subject matter. Primarily for those interested in gaining certification, undergraduates with no teaching experience, and teachers who have been away from the classroom for many years. Prerequisite: PY 200.

ED 443 Secondary School Curriculum UG 3 credits
Purposes of the modern secondary school and the curriculum needed to implement them: historical origins, modern development, and future possibilities. Stress is laid on the manner in which the curriculum is built, behavioral objectives, visits to resource centers, assisting in curriculum construction, and methods of curriculum evaluation.

ED 480 Philosophy of Education UG 3 credits
Thinking critically and imaginatively about education from the viewpoint of philosophy. Emphasis is placed on understanding the philosophical presuppositions underlying educational practices and policies.

ED 490 Supervised Teaching in the Public Schools-Secondary U 6 credits
Students are assigned to appropriate student teaching stations where they work in an approved situation under an experienced supervising teacher. This is a practical experience for one quarter in a public school where student teachers are functioning as professional teachers. A college supervisor visits to assist the student teacher. Seminars may be held to exchange experiences. Students are expected to carry a minimum responsible teaching load equal to 50% of the regular classroom teacher’s assignment. Full time for one quarter. Prerequisite: 24 graduate credits of approved degree work of permission of the Director of the Division of Professional Education.

ED 505 Historical Foundations of Education G 3 credits
Historical persons, events and movements which have built man's educational establishment from antiquity to current developments in the American school scene. Prerequisite: ED 480.

ED 520 Psychological Foundations of Education G 3 credits
A systematic exploration of the various psychological principles related to teaching and application of these principles in specific classroom situations. Special emphasis on social psychology, dynamics in interpersonal relationships and group processes, motivation, and discipline theory. Prerequisite: PY 200 and one of the following: PY 222, PY 224, or PY 226.

ED 523 Directed Study in Educational Psychology G credit to be arranged
Directed study in the field of educational psychology. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

ED 580 Philosophical Foundations of Education G 3 credits
A critical and intensive analysis of selected concepts and beliefs which function as the basis of recent philosophies of education and their relation to current educational practices and policies. Readings from recent philosophers of education. Prerequisite: ED 480.
ED 583 Directed Study in the Philosophy of Education G 3 credits
Directed study in the field of philosophy of education. Designed for individuals who desire to study selected topics in this field. Variable credit, and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

ED 590 Sociological Foundations of Education G 3 credits
A critical examination of the effects of various social institutions, groups, and situations on educational policy and content. Prerequisite: SO 202 or permission of the Instructor.

ED 591 Research in Classroom Teaching of Language Arts G 3 credits
Designed to introduce the student to the fundamentals of educational research methodology and to develop an understanding of current research findings in the area of Language Arts. Achievement of these goals to be demonstrated by the completion of a research project in the student's area of interest. Prerequisite: Graduate standing.

ED 592 Research in Classroom Teaching of Social Sciences G 3 credits
Designed to introduce the student to the fundamentals of educational research methodology and to develop an understanding of current research findings in the area of Social Sciences. Achievement of these goals to be demonstrated by the completion of a research project in the student's area of interest. Prerequisite: Graduate standing.

ED 593 Research in Classroom Teaching of Mathematics G 3 credits
Designed to introduce the students to the fundamentals of educational research methodology and to develop an understanding of current research findings in the area of Mathematics. Achievement of these goals to be demonstrated by the completion of a research project in the student's area of interest. Prerequisite: Graduate standing.

ED 594 Research in Classroom Teaching of Science G 3 credits
Designed to introduce the student to the fundamentals of educational research methodology and to develop an understanding of current research findings in the area of Science. Achievement of these goals to be demonstrated by the completion of a research project in the student's area of interest. Prerequisite: Graduate standing.
DIVISION OF SOCIAL SCIENCES

DIRECTOR: PROFESSOR FIORE

Economics                          History                          Political Science

DEPARTMENT OF ECONOMICS

Acting Chairman: Professor Bates
Assistant Professor: Antoniotti

The Department of Economics does not offer a program leading to the master's degree at this time. Economics courses may be taken in partial fulfillment of requirements for the degree of Master of Arts in Teaching with a concentration in the social sciences, if approved by the adviser. Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

EC 320 Comparative Economic Systems UG 3 credits
A study of philosophical and structural foundations of capitalism and democratic socialism. Emphasis is placed on a comparison of the American economy to the economics of England, France, Germany, Sweden, and Japan.

EC 420 Principles of Investment UG 3 credits
Introduction to mechanics of stock market and analysis of various investment media for individual investment portfolios. Prerequisite: EC 400.

EC 502 Research G credit to be arranged
Original research undertaken by an individual in the field of economics. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.
EC 503 Directed Study  
Credit to be arranged

Directed study in the field of economics. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the students adviser.

DEPARTMENT OF HISTORY

Chairman: Professor Fiore
Commonwealth Professor: Melville
Professors: Bates, Cole, Herrick, Husek, Keay, Rotstein, Spence
Associate Professors: Doiron, Lythgoe, Olen, Wolff
Assistant Professors: Christensen, Culver, Nowak, O'Connell, Myers, Silvia, Stonehouse, Turner

Master of Arts

The Department of History offers a program leading to the degree of Master of Arts in History, which is designed to prepare qualified students for research, further graduate study and teaching. An undergraduate major in history, or its equivalent, is normally required for admission to this program.

In addition to meeting general degree requirements, the student must complete courses appropriate to his degree program.

Applicants must have an interview with the Chairman of the Department. No application will be considered unless this requirement has been met.

Master of Arts in Teaching

The Department also offers a program leading to the degree of Master of Arts in Teaching with a concentration in history. This program is designed for teachers and future teachers of history and social science teachers. It also prepares students for further graduate work in history.

In addition to meeting general degree requirements, the student must complete the departmental concentration requirement by electing courses appropriate to his degree program.

Additional Information regarding the degree may be found in this Catalog under the Department of Secondary Education.

Course Offerings

The following undergraduate courses are prerequisites for certain graduate courses offered by the department. No graduate credits may be earned in these courses.
HI 111 Western Civilization to 1715 U  3 credits
A historical survey of developments which have molded our culture from ancient times down to the establishment of absolutism.

HI 112 Western Civilization since 1715 U  3 credits
Continuation of the survey begun in HI 111 down to contemporary times. Prerequisite: HI 111.

HI 221 United States and Constitutions to 1865 U  3 credits
Development of the nation from the age of exploration to the end of the Civil War.

HI 222 United States History since 1865 U  3 credits
Continues the study begun in HI 221 down to the present.

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

HI 315 Nineteenth Century Europe UG  3 credits
From the Congress of Vienna to the First World War. Prerequisite: HI 112.

HI 316 Twentieth Century Europe UG  3 credits
Particular focus on the background, development and effects of the two world wars. Prerequisite: HI 112.

HI 317 British Political History Since 1603 UG  3 credits
England and her empire to 1815 with stress on parallel developments in American history, including economic and social factors. Prerequisite: HI 112.

HI 318 British Empire and Commonwealth UG  3 credits
Political development to the present with emphasis on the rise and fall of the Second Empire. Prerequisite: HI 112.

HI 321 Topics in Recent American History UG  3 credits
The isolationism and boom of the 1920's, the New Deal, World War Two, and the postwar period.

HI 325 American Labor History UG  3 credits
The pre-industrial and industrial periods. Emphasis on the reciprocal relationships of workingmen, Negroes, immigrants and urbanization and industrialization. Prerequisite: HI 221-222.

HI 326 The American West UG  3 credits
Including the Westward Movement, emphasizing the distinguishing character of the region in its economic, social, political, and intellectual life. Asst. Prof. Lythgoe. Prerequisite: HI 221-222.

HI 327 The American South UG  3 credits
Sectionalism; its causes and consequences; factors which made the South distinctive; emphasis on race relations, the Civil War and Reconstruction, agrarianism, industrialization. Prerequisites: HI 221-222.
HI 333 Spanish America: The Colonial Period UG 3 credits
Indigenous peoples of the area; exploration and conquest, institutional development of
the empire to the revolts against Spain in the nineteenth century. Prerequisite: HI 112.

HI 334 Spanish America: The National Period UG 3 credits
From the revolutions against Spain to the present. Concentration on Mexico and two or
three other states. Prerequisite: HI 112.

HI 343 The Ancient World: Near East and Greece UG 3 credits
From prehistoric times to the Hellenistic Empires. Prerequisite: HI 112.

HI 344 The Ancient World: Rome UG 3 credits
From its beginnings to the barbaric invasions. Prerequisite: HI 112.

HI 353 Historiography UG 3 credits
Writings of major historians; evaluation through professional journals and book reviews.
Limited to fifteen. Students are expected to elect HI 354.

HI 354 Study and Writing of History UG 3 credits
The techniques of historical research and preparation of papers requiring such tech­
niques. Analysis and evaluation of source materials will be stressed. Prerequisite: HI 353.

HI 357 History of Canada UG 3 credits
The political, social, and economic history of Canada from the seventeenth century to the
present.

HI 411 History of Russia UG 4.5 credits
The early period as background of modern Russia. Emphasis on internal and foreign
developments which resulted in the Soviet state. 3 periods weekly for one and one-half
semesters. Prerequisite: HI 112.

HI 413 Contemporary Affairs UG 3 credits
National and international problems, using magazines, newspapers, telecasts and recent
books. Political, economic, social and scientific developments. Prerequisite: HI 112.

HI 415 Modern Russia to 1917 UG 3 credits
Political, social, and economic factors in the history of Russia from the end of the fifteenth
century to the Revolution will be considered. Prerequisite: HI 112.

HI 416 History of the U.S.S.R. UG 3 credits
The political, social, intellectual, and diplomatic development of Russia will be consid­
ered. Prerequisite: HI 415 and a survey course in European history.

HI 419 Intellectual History of Modern Europe UG 3 credits
From the Renaissance to the present. Prerequisite: HI 112.

HI 421 History of Massachusetts UG 3 credits
From the days of the Pilgrims and Puritans to the present. In the modern period emphasis
is on social, economic, and constitutional history. Prerequisites: HI 221-222.

HI 423 Social and Intellectual History of the U.S. to 1870 UG 3 credits
Economic, social, and cultural development to the end of the Civil War. Prerequisites: HI
221-222.

HI 424 Social and Intellectual History of the U.S., 1870-1920 UG 3 credits
Economic, social, and cultural development from the end of the Civil War to the end of
World War I. Prerequisites: HI 221-222.
HI 425  Social and Intellectual History of the United States to 1914 UG  4.5 credits
The economic, social, and cultural developments to the eve of the First World War, with
emphasis on the transformation from an agricultural to an industrial society. 3 periods
weekly for one and one-half semesters.

HI 426  History of the American City UG  3 credits
Political, architectural, economic, social, cultural, and population factors in the growth
and development of American cities since colonial times. Prerequisite: HI 221-222.

HI 427  American Immigration History UG  3 credits
Patterns of migration to the United States with particular emphasis on the nineteenth and
twentieth centuries. Prerequisite: HI 221-222.

HI 428  American Economic History UG  3 credits
Economic development of the United States with particular emphasis on the period of
industrial development. Prerequisite: HI 221-222.

HI 430  Europe in the Middle Ages UG  3 credits
From the fall of Rome to the Renaissance. Prerequisite: HI 112.

HI 432  Modern European Imperialism UG  3 credits
Africa and Asia considered as contrasting phases of European expansion in the nine­
teenth and twentieth centuries. Prerequisite: HI 112.

HI 433  Africa Since 1800 UG  3 credits
The impact of Islamic and European cultures on the peoples of Africa; creation of colonial
empires. Prerequisite: HI 112.

HI 434  The French Revolution and the Napoleonic Era UG  3 credits
France from the Old Regime to the end of the First Empire. Prerequisite: HI 112.

HI 436  The Renaissance and the Reformation UG  3 credits
Western Europe from the decline of feudal institutions to the emergence of the modern
state system, with emphasis on cultural and intellectual affairs. Prerequisite: HI 112.

HI 437  Modern France UG  3 credits
From the Revolution of 1789 to the present. Prerequisite: HI 112.

HI 441  American Negro History UG  3 credits
From the colonial period to the present. Prerequisites: HI 221-222.

HI 452  Seminar in History UG  3 credits
A seminar in United States, European, or Latin American history. The number of students
in each one is limited. Prerequisite: Admission is subject to the consent of the Depart­
mental Chairman and the Instructor.

HI 455  Nationalism in Central and Southern Europe UG  2 credits
The aspirations of subject peoples and present day tensions; the nineteenth and twentieth
centuries. 4 periods weekly for one quarter.

HI 456  History of Brazil UG  2 credits
4 periods weekly for one quarter.

HI 457  Historical Museum Management UG  2 credits
4 periods weekly for one quarter.

HI 461  History of East Asia UG  4.5 credits
Emphasis on China and Japan in the nineteenth century. 3 periods weekly for one and
one-half semesters.
Department of History

HI 463 History of East Asia UG 3 credits
Emphasis on China and Japan in the nineteenth and twentieth centuries. Prerequisite: HI 112.

HI 476 American Social and Intellectual History, 1914 to the Present UG 3 credits
Economic, social, and cultural developments since 1914, with emphasis on the transformation of American life through such forces as technology, population trends, and the mass-production and mass-consumption economy.

HI 478 Constitutional History of the United States UG 3 credits
Historical development of the U.S. Constitution.

HI 481 United States Foreign Relations to 1900 UG 3 credits
From the American Revolution to 1900. Prerequisites: HI 221-222.

HI 482 United States Foreign Relations since 1900 UG 3 credits
Prerequisites: HI 221-222.

HI 483 United States History: Progressive Era UG 3 credits
The rise of the Progressive movement in American history to the early 1920's as reflected in politics, government, and the social and intellectual life of the era. Prerequisites: HI 221-222.

HI 484 Recent American History UG 3 credits
Development of the modern America through the isolationism and boom of the 1920's, the Great Depression, the New Deal, World War II, and the role of the United States in the post-war world will be considered. Prerequisites: HI 221-222.

HI 485 United States History: The Civil War UG 3 credits
Background and causes of the Civil War, the military and naval aspects, Civil War music, art, and literature, diplomacy of the Civil War, the home front in the war, the plans for reconstruction, and military reconstruction. Lectures will be supplemented by slides, motion pictures, and recordings. Prerequisites: HI 221-222.

HI 487 The American Revolution 1763-1787 UG 3 credits
Background and causes of the American Revolution, the military, social, political, and diplomatic aspects of the Revolution. The government under the Articles of Confederation, and the problems engendered by the attainment of political independence. Prerequisites: HI 221-222.

HI 488 United States History: The Colonial Period 1607-1763 UG 3 credits
The settlement and growth of the English colonies in America, England's colonial policies, economic and institutional development in the provincial period, the wars with the Indians, the rivalry with the French in America. Prerequisites: HI 221-222.

HI 489 United States History: The Early National Period UG 3 credits
The course of United States history from the establishment of the republic to the election of Andrew Jackson will be studied. Prerequisites: HI 221-222.

HI 490 Jacksonian Democracy and the Coming of the Civil War UG 3 credits
The election of Andrew Jackson and the "rise of the common man," the Whig-Democrat rivalry, the Texas question, Manifest Destiny, the rise of abolitionism, the events leading to the outbreak of the Civil War. Prerequisites: HI 221-222.

HI 491 English History to 1603 UG 3 credits
From Roman times to the accession of the Stuart dynasty. Prerequisite: HI 112.

HI 493 United States History 1865-1900 UG 3 credits
Prerequisites: HI 221-222.
HI 494  Modern German History UG  3 credits
From the reign of Frederick the Great to the end of World War II. Prerequisite: HI 112.

HI 501  Seminar in Historical Methodology G  3 credits
The basic methods of historical research and historical writing and the proper use of primary and secondary sources, bibliography; documentation, and annotation will be studied. Varieties, analysis and evaluation of source materials and construction of narrative will be considered. Prerequisite: Acceptance in a master's degree program at Bridgewater State College.

HI 502  Research G  credits to be arranged
Original research undertaken by an individual in the field of history. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive to a maximum total of 9 credits for an M.A. and 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

HI 503  Directed Study G  credit to be arranged
Directed study in the field of history. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 6 credits for an M.A. and 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

HI 505  History of American Sciences G  3 credits
The role of science, leading American scientists, and the formation of major scientific organizations and government scientific agencies in American history. Prerequisites: HI 221-222.

HI 521  Pilgrim Heritage Seminar G  3 credits
The Pilgrims in their economic, social, and religious setting. Admission only with the consent of the instructor.

DEPARTMENT OF POLITICAL SCIENCE

Chairman: Professor Larson
Professor: Adamson
Assistant Professor: Clifford
Instructor: Kryzanek

The Department of Political Science does not offer a program leading to the master's degree at this time. Political science courses may be taken in partial fulfillment of requirements for the degree of Master of Arts in Teaching with a concentration in the social sciences or in partial fulfillment of requirements for the degree of Master of Arts in Teaching with a concentration in history, if approved by the adviser.

Additional information regarding the degree may be found in this Catalog under the Department of Secondary Education.
Course Offerings

The following courses may be taken for graduate credit. Certain of these courses may be required as course prerequisites, and credit earned in them may not be counted toward meeting the minimum degree requirements of thirty graduate credits. In addition, the department may require course prerequisites in other departments. When a course is approved for degree credit by the faculty adviser, credits earned with acceptable grades may be used in partial fulfillment of degree requirements.

PO 271  Western Political Thought: Plato to the present UG  3 credits
Political ideas of major thinkers from ancient times to the modern era.

PO 272  American Government: The Federal System UG  3 credits
The constitutional authority, organization, activities, and political processes of the national government.

PO 273  U.S. and Massachusetts Constitutions  audit credit only
Structure of government and rights and responsibilities according to Federal and Commonwealth constitutions.

PO 371  Comparative Government UG  3 credits
Political behavior and governmental systems in Great Britain, West Germany, France, and the Soviet Union. Prerequisite: permission of the department.

PO 372  Legislative Process and Procedure UG  3 credits
The role of legislatures in modern American government, federal and state; the relationship of the voter and of apportionment to lawmaking; the two-party system and its impact on the lawmaking process; the committee system and seniority; and constitutional limitations on legislatures. Prerequisites: PO 272 and PO 377.

PO 373  Political Theory—Ancient and Medieval UG  3 credits
Western political thought from Plato to Sir Thomas More. Emphasis upon the basic concepts and persistent questions of political theory and their relevance to contemporary problems through systematic analysis of major works. Prerequisite: permission of the department.

PO 374  Political Thought: Modern and Contemporary UG  3 credits
The ideas of major political thinkers in the era of the modern nation-state. Prerequisite: permission of the department.

PO 375  Political Parties UG  3 credits
The historical development of the American party system, and contemporary aspects of its functioning, at the national, state, and local level. Prerequisites: PO 272, PO 377, or permission of the department.

PO 376  Municipal Government UG  3 credits
Intensive study of selected problems of structure, organization, and powers of local government; intergovernmental relationships; administrative and personnel management; special emphasis on local government in Massachusetts. Prerequisite: permission of the department.

PO 377  American Government: State and Local Government UG  3 credits
Government and politics with emphasis on Massachusetts affairs. Prerequisite: PO 272, or permission of the department.
PO 379 Introduction to Public Administration UG 3 credits
The relationship of the administrative branch of government to other branches, in the making and implementation of public policy; theories of government organization for efficient administration; problems of budgeting, personnel, merit systems, types of agency organization, popular control over the bureaucracy, etc. Prerequisites: PO 272, PO 377, or permission of the department.

PO 471 International Relations UG 3 credits
The patterns of inter-state relations and international organizations, the development of international law, and the factors motivating the behavior of nations. Prerequisites: PO 272, PO 371, or permission of the department.

PO 472 American Constitutional Development UG 3 credits
Principles and concepts of the U.S. Constitution, as revealed in leading court decisions: judicial review, federalism, separation of powers, implied powers, due process of law, equal protection, and contract clause. Prerequisite: permission of the department.

PO 473 International Law and Organization UG 3 credits
The evolution of international law and organization from early beginnings to the United Nations system, the principles of international law and organization, their integration, and the effect of international politics thereon; the theoretical and practical aspects of the international legal process; the structure, functions and procedures of the United Nations. Prerequisite: permission of the department.

PO 502 Research G credit to be arranged
Original research undertaken by an individual in the field of political science. The student's investigations ordinarily culminate in a thesis. Variable credit, and repetitive up to a maximum total of 6 credits for an M.A.T. Grades will be given. Students who wish to enroll in Research should obtain the form Approval of Thesis Topic and Outline at the Graduate School Office well in advance of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and approval of topic and outline by the student's adviser.

PO 503 Directed Study G credit to be arranged
Directed study in the field of political science. Designed for individuals who desire to study selected topics in this field. Variable credit and repetitive up to a total of 4 credits for an M.A.T. Grades will be given. Students who wish to enroll in Directed Study should obtain the form Request for Directed Study at the Graduate School Office well in advance of registration. The completed form should be filed with the Division of Continuing Education at the time of registration. Prerequisites: Acceptance in a master's degree program at Bridgewater State College and completion of at least 15 graduate credits approved by the student's adviser.

M.A. (Michigan State University)

RICHARD FRANK CALUSDIAN*
Professor of Physics and Chairman of the Department of Physics
B.A. (Harvard University)
M.S. (University of New Hampshire)
Ph.D. (Boston University)

*Appointed to the Graduate Faculty, March 18, 1974.
**Appointed to the Graduate Faculty, March 18, 1974. Resigned, April 2, 1974.
DAVID ROSS CHENEY*
Assistant Professor of Philosophy and
Chairman of the Department of
Philosophy and Religious Studies
B.A. (Arizona State University)
Ph.D. (University of Miami)

JOSEPH BIGGI CHICCArelli
Associate Professor of Mathematics,
Director of the Division of
Continuing Education and Dean of
Administration
B.S., M.A. (Boston College)

WILMON BLACKMAR CHIPMAN*
Professor of Chemistry and Chairman
of the Department of Chemical
Sciences
B.A. (Harvard University)
A.M. (Dartmouth College)
Ph.D. (University of Illinois)

DRAKE COLIN CHISHOLM*
Assistant Professor of Psychology
B.A., M.A., Ph.D. (University of
Massachusetts)

DUANE LEE CHRISTENSEN*
Assistant Professor of History
B.S. (Massachusetts Institute of
Technology)
M.Div. (American Baptist Seminary of
the West)
Th.D. (Harvard University)

ELIZABETH FAHEY CIRINO*
Professor of Zoology
B.S. (Bridgewater State College)
A.M., Ph.D. (Boston University)

GUY CHANDLER CLIFFORD
Assistant Professor of Political
Science
B.S. (Tufts College)
M.A. (University of Massachusetts)

ANN OLDHAM COAKLEY
Assistant Professor of Physical
Education
B.S. (Boston University)
M.Ed. (University of North Carolina)

WILLIAM ROSWELL COLE
Professor of History
A.B. (University of Massachusetts)
M.A., Ph.D. (Boston University)

CATHERINE EVELYN COMEAU*
Professor of Physical Education
and Chairlady of the
Department of Health and Physical
Education for Women
B.S. (Boston University)
M.A. (Columbia University)
Ed.D. (Boston University)

JOSEPH JOHN CORKERY
Associate Professor of Philosophy
A.B., A.M. (Boston College)

ANTHONY CHARLES COTUGNO
Assistant Professor of Spanish
B.S. (Northeastern University)
M.Ed. (Boston State College)
M.A. (Boston College)

DAVID MALLORY CULVER*
Assistant Professor of History
A.B. (Colgate University)
M.A., Ph.D. (Boston University)

THOMAS MICHAEL CURLEY*
Assistant Professor of English
A.B. (Boston College)
M.A., Ph.D. (Harvard University)

HUGO TRIGO D'ALARCAO*
Associate Professor of Mathematics
B.A., M.A. (University of Nebraska)
Ph.D. (Pennsylvania State University)

HENRY OWEN DALEY, JR.*
Professor of Chemistry
B.S. (Bridgewater State College)
Ph.D. (Boston College)

*Appointed to the Graduate Faculty, March 18, 1974.
ROBERT ALPHONSE DANIEL*
Professor of Education
A.B. (Howard University)
M.A. (State University of Iowa)
Ed.D. (Pennsylvania State University)

THEODORE CHARLES DAVIDOVICH
Assistant Professor of Music
B.A. (San Jose State College)
M.M. (New England Conservatory of Music)
D.M.A. (Stanford University)

ROBERT DALE DAWLEY
Assistant Professor of French
B.A. (St. Lawrence University)
M.A. (Middlebury College)

JOHN PETER DEASY
Professor of Education and Acting Chairman of the Department of Educational Services
A.B. (Providence College)
Ed.M., Ed.D. (Boston University)

JUDITH ANN DECKERS
Instructor in Education
B.S. (Worcester State College)
M.Ed. (Boston University)

DAVID PAUL DEEP
Instructor in Health and Physical Education and Dean of Men
B.S. (University of Bridgeport)
M.S. (Springfield College)

STANLEY ALBERT DEETZ*
Assistant Professor of Speech and Theatre
B.S. (Manchester College)
M.A., Ph.D. (Ohio University)

ANTHONY VINCENT DELEO*
Associate Professor of Education
A.B., M.A. (Boston University)
M.Ed. (Bridgewater State College)

HAROLD FRANCIS DELISLE
Assistant Professor of English
B.S. (Bridgewater State College)
M.A. (Boston College)

JOSEPH DE ROCCO*
Professor of English
A.B., M.A., Ph.D. (Columbia University)

WAYNE F. DICKINSON*
Associate Professor of Education, Chairman of the Department of Elementary Education
B.S., M.S. (State University of New York, Oswego)
Ed.D. (Syracuse University)

ROBERT JOHN DILLMAN
Assistant Professor of Earth Sciences
B.A. (State University of New York at New Paltz)
M.A. (Pennsylvania State University)

VINCENT JAMES DI NARDO
Professor of Education, Dean of Undergraduate Studies and of Special Programs, and Director of Hyannis Summer Session
B.S. (Bridgewater State College)
Ed.M., Ed.D. (Boston University)

GERALD JOSEPH DOIRON*
Associate Professor of History
B.A. (University of Maine)
M.A. (University of Rhode Island)
Ph.D. (Boston University)

DIANA DRAHEIM*
Assistant Professor of Education
A.B. (College of the Holy Names)
M.S. (California State College)
D.Ed. (Boston University)

JOHN JONES DROEGE
Assistant Professor of Art
B.S., M.A., M.A.T., M.F.A. (Notre Dame University)

*Appointed to the Graduate Faculty, March 18, 1974.
KARIN VAN LISSEL DUBIN*
Professor of Speech and Theatre
A.B. (Parsons College)
M.A. (University of Chicago)
M.A. (University of Michigan)
Ph.D. (Columbia University)

LEE ANNE DUNNE
Assistant Professor of Speech and Theatre
B.S. (Northwestern University)
M.A. (Hunter College)

WARREN DAVID ENGLUND*
Associate Professor of Education
B.A. (Simpson College)
M.S. in Ed. (Drake University)

JACQUELINE CAROL ENOS*
Assistant Professor of French and Chairlady of the Department of Modern Foreign Languages
B.A. (University of Massachusetts)
M.A. (Radcliffe College)
Ph.D. (Harvard University)

KENNETH WARREN FALKNER*
Professor of Music and Chairman of the Department of Music
B.Mus.Ed. (Westminster College)
M.A. (University of Connecticut)
Ph.D. (University of Iowa)

CHARLES FREDERICK FANNING*
Assistant Professor of English
A.B., M.A.T. (Harvard University)
M.A., Ph.D. (University of Pennsylvania)

HENRY JOSEPH FANNING, JR.*
Assistant Professor of Education and Director of Admissions
B.S. (Boston College)
M.Ed. (Bridgewater State College)
Ed.D. (Clark University)

DOROTHY ROSE FERRY*
Associate Professor of Music
B.Mus., M.Mus.Ed. (Boston University)

JORDAN DOMINIC FIORE*
Professor of History, Chairman of the Department of History, and Director of the Division of Social Sciences
B.S. (Bridgewater State College)
A.M., Ph.D. (Boston University)

MARGARET ELEANOR FISCHER*
Assistant Professor of Psychology
B.S. (Seton Hall University)
M.A. (California State University, San Diego)
Ph.D. (University of Washington)

ROBERT EDWARD FITZGIBBONS*
Associate Professor of Education and Acting Chairman of the Department of Secondary Education
A.B. (Tufts University)
Ed.M. (Temple University)
Ph.D. (Boston University)

ROBERT FRIEDMAN
Assistant Professor of Speech and Theatre
B.A., M.A. (Brooklyn College)

IRA ELLSWORTH FURLONG*
Professor of Geology
A.B., M.A., Ph.D. (Boston University)

Marilyn Hayden Furlong
Assistant Professor of Geography
B.S. (Bridgewater State College)
M.A. (Clark University)

VINCENT HAROLD GANNON
Associate Professor of Music
B.S. (Boston University)
A.M.T. (Harvard University)

JOSEPH MATTHEW GIANNINI
Associate Professor of Modern Foreign Languages
A.B., A.M. (Boston University)

*Appointed to the Graduate Faculty, March 18, 1974.
WALTER JOSEPH GLEASON
Assistant Professor of Mathematics
B.S. (Boston State College)
M.A. (Boston College)

BURTON DAVID GOLDMAN
Assistant Professor of Education
B.S., M.Ed. (Bridgewater State College)

MAUDE CLAY LITTLE GREENE
Professor of Sociology
A.B., M.A. (University of Alabama)
Ph.D. (University of Virginia)

HERBERT JEROME GREENWALD*
Associate Professor of Psychology
B.S., B.A., M.A. (Columbia University)
M.S. (Long Island University)
Ph.D. (Columbia University)

REGINA MARY GROSS
Assistant Professor of Physical Education
B.S. (Boston University)
M.A. (Columbia University)

MARGARET FRANCES GUERIN
Associate Professor of English
B.S. (Bridgewater State College)
A.B., A.M. (Boston University)

HENRY JOHN GURNEY*
Associate Professor of Health and Physical Education
B.S. (Boston University)
M.S., H.S.D. (Indiana University)

RAY GRANT HARPER*
Professor of Education and Director of the Division of Professional Education
B.S.Ed. (Drake University)
M.A., Ph.D. (University of Iowa)

ERWIN DAVID HARRIS*
Associate Professor of Physics
B.S. (Massachusetts Institute of Technology)
M.S., Ph.D. (Carnegie Institute of Technology)

JOAN W. HAUSRATH
Instructor in Art
B.S., M.F.A. (Bowling Green State University)
M.A. (Ohio State University)

JOHN HELLER
Assistant Professor of Art
B.F.A., M.F.A. (Pratt Institute)

JANE HERRICK
Professor of History
A.B. (College of St. Teresa)
M.A., Ph.D. (The Catholic University of America)

WALTER MILTON HEWITSON*
Associate Professor of Biology
A.B. (Miami University)
M.S. (Cornell University)
Ph.D. (Washington University)

FRANK JOSEPH HILFERTY*
Commonwealth Professor of Botany, Director of the Division of Natural Sciences and Mathematics, and Dean of the Graduate School
B.S. (Bridgewater State College)
Ph.D. (Cornell University)

ROBERT BURNEY HOEKZEMA
Instructor in Earth Sciences
B.A. (Alaska Methodist University)
A.M. (Boston University)

VIRGINIA LEE HOGG
Assistant Professor of Physical Education
B.S., M.Ed. (Bridgewater State College)

ELIZABETH HOLLIS
Associate Professor of Psychology
B.S. (Boston University)
M.A. (Columbia University)

GEORGE ROLAND HORNER*
Professor of Anthropology, and Acting Chairman of the Department of Anthropology
B.Sc. (Wheaton College)

*Appointed to the Graduate Faculty, March 18, 1974.
IAN HAVILAND JOHNSTONE  
Assistant Professor of Music  
Bachelor of Music (Mount Allison University)  
Mus. M. (University of Redlands)  
A.Mus. Doc. (University of Oregon)  

JOHN WILLIAM JONES  
Assistant Professor of Education and  
Associate Director of the Division of  
Continuing Education  
B.S., M.Ed. (Bridgewater State College)  
M.S. (Syracuse University)  

MARTHA DRINKWATER JONES  
Assistant Professor of Education and  
Assistant to the Dean of Women  
B.S. (Bridgewater State College)  
M.Ed. (Tufts University)  

ACHILLE ADRIEN JOYAL*  
Associate Professor of Philosophy  
A.B. (St. Mary's University)  
A.M. (New York University)  

WAYNE MAURICE JUDAH*  
Associate Professor of French  
A.B., M.A., Ph.D. (Indiana University)  

DONALD LUNDEEN KEAY  
Professor of History  
B.S. (Bridgewater State College)  
M.A.T. (Harvard University)  
Ph.D. (Boston University)  

ULYSSES GRANT KEENER*  
Assistant Professor of English  
B.A. (Columbia College)  
M.A., Ph.D. (Columbia University)  

PAUL FRANCIS KELLEY*  
Associate Professor of Education  
B.S., M.Ed. (Bridgewater State College)  

WILLIAM LOWELL KENDALL  
Assistant Professor of Art  
B.S. (University of Minnesota)  
M.S., M.F.A. (University of Wisconsin)  

*Appointed to the Graduate Faculty, March 18, 1974.
ISABELLE BRAGG KING
Associate Professor of Education
B.S., M.Ed. (Bridgewater State College)
Ph.D. (Boston College)

THOMAS ALLAN KNUDSON*
Associate Professor of Physical Education
B.S. (Wisconsin State College, La Crosse)
M.S., D.P.E. (Springfield College)

MARGERY ANN KRANYIK*
Assistant Professor of Education
B.S., M.S. (Western Connecticut State College)
Ed.D. (Boston University)

SHIRLEY JANE KRASINSKI
Assistant Professor of Physical Education
B.S. (University of Connecticut)
M.S. (University of Massachusetts)

MICHAEL JOHN KRYZANEK
Instructor in Political Science
B.A. (Marquette University)
M.A. (University of Massachusetts)

FRANCIS JAMES LAMBIASE
Assistant Professor of Mathematics
A.B. (Stonehill College)
M.S. (Clarkson College of Technology)

ALAN LANDER*
Associate Professor of Instructional Media
B.S., M.Ed. (Bridgewater State College)
Ed.D. (Boston University)

ROBERT NELSON LARSON*
Professor of Political Science and Chairman of the Department of Political Science
A.B. (Columbia University)
A.M. (Tufts University)
A.M., Ph.D. (Boston University)

OLIVE LEE
Instructor in Library Science
A.B. (Radcliffe College)
B.S. in L.S. (University of North Carolina)

HARRY AUGUST LEHMANN*
Associate Professor of Physical Education and Chairman of the Department of Health and Physical Education for Men
B.S., M.Ed. (Springfield College)

ROBERT ELWOOD LEMOS
Associate Professor of Mathematics
B.S. (Bridgewater State College)
Ed.M. (Harvard University)

WILLIAM CHARLES LEVIN
Instructor of Sociology
B.S., M.S. (Boston University)

STEPHEN MARK LEVINE
Assistant Professor of Speech and Theatre
B.A. (Moravian College)
M.A. (University of Denver)

GEORGE THOMAS LEWIS*
Assistant Professor of Health and Physical Education
B.S. (West Chester State College)
M.S. (Ohio University)
Ed.D. (Temple University)

JACOB LIBERLES
Assistant Professor of Music
B.S. (Lowell State College)
M.A. (Bennington College)

JOSEPH JOHN LIGGERA*
Assistant Professor of English
B.A. (New York University)
M.A., PH.D. (Tufts University)

CHESTER GEORGE LUPTON
Instructor in Psychology
B.A. (Harper College)
M.A. (Brown University)

*Appointed to the Graduate Faculty, March 18, 1974.
DENNIS LEO LYTHGOE*  
Associate Professor of History  
B.A., M.A., Ph.D. (University of Utah)

ROBERT DOUGLAS MAC CURDY*  
Professor of Education  
B.S. (University of Massachusetts)  
M.S. (Michigan State University)  
Ed.D. (Boston University)  

AGRIPPINA ANNE MACEWICZ*  
Professor of Earth Sciences and Geography  
B.S. (Worcester State College)  
M.A., Ph.D. (Clark University)

EMANUEL MAIER  
Professor of Geography and Chairman of the Department of Earth Sciences and Geography  
A.B., M.E.S. (City College of New York)  
Ph.D. (New York University)

HENRY MYRON MAILLOUX  
Associate Professor of Mathematics  
B.S. (Fordham University)  
M.A. (Columbia University)  

MICHAEL MAKOKIAN  
Associate Professor of Mathematics  
B.A. (Rhode Island College)  
M.A. (Rutgers University)  

SANDRA JOYCE MALLOY  
Instructor in Psychology  
B.A. (University of Massachusetts)  
Ed.M. (Harvard University)

VAHÉ MARDIROS MARGANIAN*  
Associate Professor of Chemistry  
B.S. (San Francisco State College)  
M.S., Ph.D. (Clemson University)

PETER MAZZAFERRO  
Assistant Professor of Physical Education  
B.A. (Centre College)  
M.Ed. (Springfield College)

CHARLES F. MC GINNIS*  
Professor of English  
A.B. (Tufts University)  
M.A. (Boston College)  
Ph.D. (Columbia University)

OWEN THOMAS MC GOWAN  
(ranking) Librarian  
A.B. (Maryknoll College)  
M.S. in L.S. (The Catholic University of America)

LEO JOSEPH McGUIRK*  
Assistant Professor of Education  
B.A. (University of Massachusetts)  
M.Ed. (Bridgewater State College)  
Ph.D. (Boston College)

FREDERICK AUGUSTUS MEIER*  
Professor of Education  
B.S., M.S. (Boston College)  
D.H.S. (Indiana University)

ANNABELLE MC CONNELL MELVILLE*  
Commonwealth Professor of History  
A.B., M.A. (State University of New York at Albany)  
Ph.D. (The Catholic University of America)

LAWRENCE BRONISLAW MISH*  
Professor of Botany  
A.B. (University of Connecticut)  
A.M., Ph.D. (Harvard University)

SUSAN JANE MISKELLY  
Instructor in Speech and Theatre  
B.A. (Towson State College)  
M.A. (Bowling Green State University)

ROBERT LEON MOGILNICKI*  
Associate Professor of Education  
B.Mus. (New England Conservatory of Music)  
M.Mus., Ed. D. (Boston University)

THOMAS EUGENE MOORE  
Assistant Professor of Mathematics  
A.B. (Stonehill College)  
M.S. (University of Notre Dame)

*Appointed to the Graduate Faculty, March 18, 1974.
WALTER ARTHUR MORIN*  
Professor of Zoology  
A.B. (Merrimack College)  
M.S. (Boston College)  
Ph.D. (Clark University)  

FLORIAN AUGUST MUCKENTHALER*  
Assistant Professor of Biology  
B.S. (Spring Hill College)  
Ph.D. (The Catholic University of America)  

JAMES WILLIAM MUELLER*  
Assistant Professor of Anthropology  
A.B. (Rutgers University)  
M.A., Ph.D. (University of Arizona)  

JOHN FORDYCE MYERS  
Assistant Professor of History  
A.B. (Bates College)  
A.M. (Boston University)  

JAMES KERON NERNEY  
Assistant Professor of English  
A.B. (University of Notre Dame)  
M.A. (Boston College)  

RICHARD ARTHUR NEUBAUER  
Instructor in Library Science  
B.S. (Clarion State College)  
M.L.S. (State University of New York at Geneseo)  

CHARLE COLLINS NICKERSON*  
Assistant Professor of English  
A.B. (Harvard College)  
B.Litt., D.Phil. (Oxford University)  

CHESTER MICHAEL NOWAK*  
Assistant Professor of History  
A.B., M.A., Ph.D. (Boston University)  

ADELINE DUPUY OAKLEY  
Assistant Professor of Library Science  
B.S. (Bridgewater State College)  
M.L.S. (Simmons College)  

LUCILLE O'CONNELL*  
Assistant Professor of History  
B.A. (Brooklyn College)  
Ph.D. (New York University)  

ARTHUR CARLISLE OIEN*  
Associate Professor of History  
B.A. (Concordia College)  
M.A., (University of Minnesota)  

LENORA MARIE PADULA  
Assistant Professor of Modern Foreign Languages  
B.A. (Emmanuel College)  
M.A. (Boston College)  
M.A. (Middlebury College)  

JOSEPH MICHAEL PAGANO  
Assistant Professor of Chemistry  
B.S. (Massachusetts Institute of Technology)  
M.S. (Boston College)  

FELIX STANLEY PALUBINSKAS*  
Professor of Physics  
S.B. (Massachusetts Institute of Technology)  
A.M.T. (Harvard University)  
Ph.D. (Iowa State University)  
M.D. (Tufts University)  

PATRICIA ANN PHILLIPS*  
Associate Professor of Health and Physical Education  
B.S. (Bridgewater State College)  
M.Ed., Ed.D. (Boston University)  

WAYNE RICHARD PHILLIPS*  
Assistant Professor of Education  
B.S. (Bridgewater State College)  
M.A. (University of Connecticut)  
Ed.D. (Boston University)  

WILLIS NORMAN PITTS*  
Professor of Speech and Theatre  
A.B. (Talladega College)  
A.M., Ph.D. (University of Michigan)  

JOHN HEFFRON PORTER  
Instructor in English  
B.S., M.A. (Columbia University)  

LOIS E. POULE  
Assistant Professor of English  
A.B. (Emmanuel College)  
M.A. (Indiana University)  

*Appointed to the Graduate Faculty, March 18, 1974.
PAUL WILLIS PRESCOTT
Assistant Professor of Education
B.S. (University of Maine, Gorham)
M.Ed. (Boston University)

DOROTHY MAY PULSIFER
Instructor in Art
B.S., M.Ed. (University of Massachusetts)

RICHARD WAYNE QUINDLEY
Assistant Professor of Mathematics
A.B., M.S. (Northeastern University)

CHRISTIANA POLLAK REORDAN
Assistant Professor of Modern Foreign Languages
B.S. (University of Munich)
M.A. (Fordham University)

HAROLD GUY RIDLON*
Professor of English, Chairman of the Department of English, and Acting Director of the Division of Creative Arts
B.A. (Tufts University)
M.A., Ph.D. (Harvard University)

BONNIE BETH ROBERTS*
Assistant Professor of Education
A.B. (Indiana University)
M.Ed., Ph.D. (Oklahoma University)

ROLF ONDECK RONNING*
Assistant Professor of Education
B.A. (St. Lawrence University)
M.S. (State University of New York at Plattsburg)
M.S., Ed.D. (State University of New York at Albany)

HENRY ROSEN*
Professor of Instructional Media, Chairman of the Department of Instructional Media, and Director of Media Services
A.B. (Dartmouth College)
A.M., Ed.D. (Boston University)

RONALD KENNETH ROSSI
Assistant Professor of Education
B.S., Ed.M., Ed.D. (Boston University)

MAURICE ROTSTEIN
Professor of History
B.S. (City College of New York)
M.A., Ph.D. (New York University)

MARJORIE ATWOOD RUGEN
Instructor in Physical Education
B.S. (Boston University)
M.A. (New York University)

STEVEN MATTHEW SANDERS
Assistant Professor of Philosophy
A.B., M.A. (University of Miami)

HENRY JOSEPH SANTOS
Instructor in Music
B.Mus. (Boston University)

IGNATIUS PHILIP SCALISI
Assistant Professor of Mathematics
B.S., M.S. (Northeastern University)

HAROLD PAUL SCHAEFER, JR.*
Assistant Professor of Biology
B.A., Ph.D. (University of Connecticut)

LOUIS SCHIPPERS*
Associate Professor of Psychology
B.A. (Phillips University)
M.Div. (Texas Christian University)
Ph.D. (Boston University)

HAZEL LA ROCHELLE SCHOPP
Assistant Professor of Physical Education
B.S. (Hyannis State Teachers College)
M.Ed. (Bridgewater State College)

JAMES RUDOLPH SCROGGS*
Associate Professor of Psychology
A.B. (Northeastern University)
B.D. (Harvard Divinity School)
Ph.D. (Boston University)

*Appointed to the Graduate Faculty, March 18, 1974.
GEORGE COSTAS SETHARES*  
Associate Professor of Mathematics  
B.Mus. (Boston University)  
M.A. (University of Massachusetts)  
Ph.D. (Harvard University)  

MARY CINGOLANI SHAPIRO  
Assistant Professor of French  
B.S. (Bridgewater State College)  
M.A. in Ed. (DePaul University)  

ELLEN MARIE SHEA  
Professor of Education, Dean of Students, and Dean of Women  
B.S. (Bridgewater State College)  
M.Ed. (Boston University)  
Ph. D. (University of Connecticut)  

SAMUEL NORMAN SHEINFELD*  
Professor of English  
A.B., Ed.M., Ed.D. (Harvard University)  

PHILIP THOMAS SILVIA, JR.*  
Assistant Professor of History  
B.A. (Providence College)  
M.A., Ph.D. (Fordham University)  

DONALD CLAYTON SIMPSON  
Assistant Professor of Mathematics  
B.Ed. (Keene State College)  
M.S. (Clarkson College of Technology)  
M.A. (Rutgers State University)  

STEPHEN FRANCIS SMALLEY*  
Associate Professor of Art and Chairman of the Department of Art  
B.S. (Massachusetts College of Art)  
M.Ed. (Boston State College)  
D.Ed. (Pennsylvania State University)  

JOHANNE MARIE SMITH  
Assistant Professor of Physical Education for Women  
B.S. (East Stroudsburg State College)  
M.A. (University of Illinois)  

MARGARET BORDEN SOUZA  
Associate Professor of Chemistry  
B.S. (Bridgewater State College)  
M.S. (Boston College)  

BENJAMIN ARTHUR SPENCE*  
Professor of History  
B.S. (Bridgewater State College)  
M.S., Ph.D. (University of Wisconsin)  

RICHARD ELTON STAFFORD*  
Professor of Psychology and Chairman of the Department of Psychology  
M.A. (University of Chicago)  
A.M., Ph.D. (Princeton University)  

JUDITH MC NUTT STANTON  
Instructor in English  
B.A., M.A. (University of Maine)  

REED FRANCIS STEWART  
Assistant Professor of Anthropology and Geography  
B.A. (Amherst College)  
M.A. (Clark University)  

JEAN FRANCES STONEHOUSE  
Assistant Professor of History  
B.A. (Bridgewater State College)  
M.A. (Boston University)  

KENNETH SUMNER*  
Assistant Professor of Chemistry  
B.S. (Union College)  
Ph.D. (State University of New York, Upstate Medical Center)  

ROBERT FRANCIS SUTHERLAND  
Assistant Professor of Mathematics  
A.B. (Stonehill College)  
M.S. (University of Missouri at Kansas City)  

EDWARD CARL SWENSON  
Associate Professor of Physical Education and Director of Athletics  
B.S. (Boston College)  
M.Ed. (Boston University)  

*Appointed to the Graduate Faculty, March 18, 1974.
DORIS EMMA TEBBETTS
Associate Professor of Art
B.S. (Massachusetts College of Art)
M.A. (University of Minnesota)

ABRAHAM VAZHAYIL THOMAS*
Associate Professor of Sociology
B.A., M.A. (University of Madras, India)
S.T.M. (Union Theological Seminary)
Th.D. (Boston University)

MARY LOU THORNBURG*
Professor of Health and Physical Education
B.S. (Wisconsin State University at La Crosse)
M.S. (University of North Carolina at Greensboro)
Ph.D. (University of Iowa)

GERALD JOSEPH THORNELL
Assistant Professor of Education
B.A. (Curry College)
M.S. (Central Connecticut College)

SERVANDO TIJERINA
Assistant Professor of Modern Foreign Languages
B.A. (University of Texas)
M.A. (Stanford University)

PHYLLIS BROOKS TOBACK*
Assistant Professor of English
A.B. (Barnard College)
M.A., Ph.D. (New York University)

RICHARD THOMAS TRIMBLE
Assistant Professor of Health and Physical Education
Ed.B. (University of Buffalo)
Ed.M. (State University of New York at Buffalo)

SHARON ANNE TUFTS*
Assistant Professor of Health and Physical Education
B.S. (Bridgewater State College)
M.S.P.E. (University of North Carolina)
Ph.D. (University of Iowa)

THOMAS REED TURNER*
Assistant Professor of History
A.B., A.M., Ph.D. (Boston University)

PAULA MARION VADEBONCOEUR
Assistant Professor of English
A.B. (Merrimack College)
M.A. (Boston College)

DELIJA JOANA VALIUKENAS*
Assistant Professor of English
B.A. (Hunter College)
Ph.D. (Brown University)

WILLIAM JAMES WALL, JR.*
Professor of Zoology
B.S., M.S. (University of Massachusetts)
Ph.D. (University of California)

BARBARA HEIDELAUF WARD
Assistant Professor of Modern Foreign Languages
A.B. (Oberlin College)
M.Ed. (Rutgers University)

ROBERT FRANCIS WARD
Assistant Professor of Instructional Media
B.S. (Bridgewater State College)
Ed.M. (Boston University)

RICHARD JONATHAN WARYE*
Associate Professor of Speech and Theatre
B.S., M.A., Ph.D. (Ohio State University)

CORA MILLER WELLS
Assistant Professor of Health and Physical Education
A.B., M.S. (University of West Virginia)

*Appointed to the Graduate Faculty, March 18, 1974.
GEORGE ALEXANDER WEYGAND*  
Professor of Physics  
B.S., M.Ed. (Bridgewater State College)  
Ed.D. (Harvard University)  

ALFRED YOUNG WOLFF, JR. *  
Associate Professor of History  
A.B. (College of William and Mary)  
M.A., Ph.D. (University of Virginia)  

CAROL ANN WOLFGRAM  
Instructor in Physical Education  
B.S. (University of Wisconsin, La Crosse)  
A.M. (Colorado State College)  

CHARLES THOMAS WOLPERT  
Instructor in Education  
B.S. (Mount Union College)  
M.A. (University of New Hampshire)  

CLIFFORD ARTHUR WOOD*  
Associate Professor of English  
B.S. (Bridgewater State College)  
M.A.T. (Brown University)  
Ed.D. (Harvard University)  

DOROTHY SHERMAN WOOD  
Associate Professor of Education  
B.S. (Bridgewater State College)  
M.Ed. (Boston University)  

VINCENT JAMES WORDEN  
Assistant Professor of Education  
B.S. (Worcester State College)  
Ed.M. (Loyola College)  

JOANNE WUSCHKE  
Instructor in Speech and Theatre  
B.S., Ed.M. (Boston University)  

JOSEPH ANTHONY YESKEWICZ  
Instructor in Health and Physical Education for Men  
B.S. (Springfield College)  
M.Ed. (University of Massachusetts)  

JOSEPH BERNARD YOKELSON*  
Associate Professor of English  
B.A. (Brooklyn College)  
M.A., Ph.D. (Brown University)  

RAYMOND JOHN ZUWALLACK  
Assistant Professor of Education  
B.S. (University of Connecticut)  
M.S. (Southern Connecticut State College)  

*Appointed to the Graduate Faculty, March 18, 1974.
BURNELL SCHOOL FACULTY

RICHARD MITCHELL MENICE
Assistant Professor of Education and Acting Principal
B.S. (Bridgewater State College)
M.Ed. (Northeastern University)

ELLEN BOLIN RUCKER
Instructor in Education
B.S. (Hyannis State Teachers College)
M.Ed. (Bridgewater State College)

MARIAN CLAIRE DOYLE
Assistant Professor of Education
B.S., M.S. (State University of New York, College at Potsdam)

MARJORIE MCMASTER TEITELBAUM
Instructor in Education
A.B. (Wellesley College)
M.Ed. (Bridgewater State College)

MARY CARROLL DOYLE
Assistant Professor of Education
B.S., M.Ed. (Bridgewater State College)

ELIZABETH MAYNARD HIGGINS
Instructor in Education
B.S. (Bridgewater State College)
M.Ed. (Boston University)

MARGARET THERESE JOYCE
Assistant Professor of Education
B.S., M.Ed. (Bridgewater State College)

MARGARET MARY MC GRATH
Instructor in Education
B.A., M.S. (Hunter College)

MARIAN EMMA NELSON
Instructor in Education
B.S., M.Ed. (Bridgewater State College)

BARRABAR LOUISE PAISNER
Instructor in Education
B.A. (Wheaton College)
M.Ed. (Boston College)

BARBARA FREEMAN POE'SEPP
Assistant Professor of Education
B.S., M.Ed. (Bridgewater State College)

EMERITUS FACULTY

JOSEPH IRVING ARNOLD
Professor of Sociology. 1922-1952
A.B. (Centre College)
A.M. (Columbia University)
Ph.D. (Harvard University)

MARYISABEL CALDWELL
Assistant Professor of Health and Physical Education for Women
1930-1967
B.S. (University of Wisconsin)
M.A. (New York University)

STANLEY LUTHER CLEMENT
Professor of Education, Chairman of the Department of Educational Services, Acting Chairman of the Department of Secondary Education and Director of the Division of Professional Education
1957-1973
B.S. (Colby College)
M.Ed. (University of Maine)
Ed.D. (Boston University)
Emeritus Faculty

MARY MONICA CROWLEY
Assistant Professor of Art, 1941-1959
B.S. in Ed. (Massachusetts School of Art)
M.S. in Ed. (University of Massachusetts)

RUTH DAVIS
Instructor and Principal, Martha M. Burnell School, 1911-1939
Instructor in Ed., and Director of Training. 1939-1953
Bridgewater Normal School 1908
B.S. in Ed., A.M. (Boston University)

ARMAND EUGENE DESAUTELS
Instructor in French. 1965-1973
B.L. (Lavel University)
B.A. (Bernard's College)
M.A. (Assumption College)

GEORGE HENRY DURGIN
Associate Professor of Mathematics and Chairman of the Department of Mathematics. 1926-1964
A.B. (Harvard College)
Ed.M. (Harvard University)

RALPH SANBORN FELLOWS
Associate Professor of Geology 1963-1972
A.B. (Tufts University)
M.A., Ph.D. (Boston University)

EDITH HARRIET BRADFORD FROST
Assistant Professor of French 1919-1955
A.B. (Tufts University)
A.M. (Middlebury College)

RUTH MARY GAMSON
Associate Professor of Education, Martha M. Burnell School 1952-1973
B.S., M.Ed. (Bridgewater State College)

ELLA IRENE GRAVES
Associate Professor of Biology 1930-1960
A.B. (Elmira College)
A.M. (Columbia University)

MARJORIE ELIZABETH HAYWARD
Associate Professor of Music 1956-1972
B.Mus. (New England Conservatory of Music)
M.Ed. (Bridgewater State College)

PAUL HUFFINGTON
Professor of Earth Sciences and Chairman of the Department of Earth Sciences and Geography 1929-1963
B.Ed. (Illinois State Normal University)
M.A. (Clark University)

HELEN LOUISE HULSMAN
Associate Professor of Education, Martha M. Burnell School 1948-1967
B.S. (Bridgewater State College)
Ed.M. (Boston University)

VIRGINIA CARVILLE JOKI
Associate Professor of English 1959-1972
A.B. (Radcliffe College)
M.A. (University of Wisconsin)

TIMOTHY LEONARD KELLY
Professor of Physical Science and Chairman of the Department of Physical Science. 1942-1965
B.A., M.S. (College of the Holy Cross)
M.A. (Columbia University)

EVELYN RUTH LINDQUIST
Instructor in Education and Principal, Martha M. Burnell School 1934-1957
Associate Professor of Education 1957-1970
B.S. (Bridgewater State College)
M.Ed. (Boston University)

KATHERINE FRANCES LOMAX
Assistant Professor of English 1959-1970
B.A. (Brown University)
M.A. (Boston College)
IVA VIOLA LUTZ  
Professor of Psychology, Director of the Division of Continuing Studies  
1930-1971  
B.S., A.M. (Columbia University)  
WALTER LLOYD MAYO  
Associate Professor of Music and Chairman of the Department of Music. 1954-1967  
A.B. (Boston College)  
M.Mus.Ed. (Boston University)  
CHARLES BURTON McMULLEN  
Professor of Education, Dean of Studies. 1944-1965  
B.S., A.M. (Columbia University)  
JOSEPH GRAESSLE MOORE  
Professor of Anthropology, Chairman of the Department of Anthropology, and Director of the Division of Behavioral Sciences. 1967-1972  
B.A. (Hamline University)  
B.D. (Seabury-Western College)

BALFOUR STIRLING TYNDALL  
Commonwealth Associate Professor of Education. 1935-1964  
A.B. (University of Maine)  
Ed.M. (Harvard University)  
CORA MAY VINING  
Associate Professor of Library Science. 1958-1972  
B.S. (Bridgewater State College)  
A.M. (Boston University)  
B.S. (Simmons College)
VISITING LECTURERS 1973-1974

BARBARA PHILLIPA AALTO
Visiting Lecturer in Education
A.A. (Bates College)
M.A. (Boston University)
Ph.D. (University of Minnesota)

CHARLES J. AFTOSMES
Visiting Lecturer in Education
A.A., B.S. (Boston University)
Ed.M. (Salem State College)

LAWRENCE ANDERSON
Visiting Lecturer in Education
B.S. (Bridgewater State College)
M.Ed. (Northeastern University)

RICHARD C. BENTON
Visiting Lecturer in Chemistry
B.S., M.Ed. (Bridgewater State College)

LEO BERGERON
Visiting Lecturer in Education
A.B. (Merrimack College)
M.Ed. (Boston College)
C.A.G.S. (Boston University)

RAY BRADY
Visiting Lecturer in Astronomy
B.S. (North Carolina State University at Raleigh)
M.A. (Brandeis)

PAMELA CARLIN
Visiting Lecturer in Education
B.S. (Bridgewater State College)
M.Ed. (Bridgewater State College)

EDWARD KIRKOR CASABIAN, JR.
Visiting Lecturer in Education
A.B. (Tufts University)
M.Ed. (Boston State College)
C.A.G.S. (Boston University)

JOSEPH CHASE
Visiting Lecturer in Earth Sciences
Ph.D. (Brown University)

STERLING IRWIN COLTEN
Visiting Lecturer in Education
B.S., Ed.M., Ed.D. (Boston University)

ARTHUR CONWAY
Visiting Lecturer in Education
A.B. (Boston College)
M.Ed. (Boston University)
C.A.G.S. (Harvard University)

JOHN COOPER
Visiting Lecturer in Education
B.S. (Norwich University)
M.Ed. (Bridgewater State College)

LAWRENCE CORNELL
Visiting Lecturer in Education
B.S. (University of Massachusetts)
M.Ed. (Bridgewater State College)

DAVID M. CUCINOTTA
Visiting Lecturer in Education
B.S. (West Virginia Wesleyan College)
M.Ed. (Bridgewater State College)
Ed.D. (Boston University)

ROBERT DANIELE
Visiting Lecturer in Psychology
B.A. (University, El Paso)
M.Ed. (Bridgewater State College)

JAMES MARTIN DONOVAN
Visiting Lecturer in Library Science
B.A., M.A. (Boston College)

LOUIS B. DOVNER
Visiting Lecturer in Education
B.S. (Tufts University)
M.Ed. (Bridgewater State College)
Ed.D. (University of Massachusetts)

ROBERT DOYLE
Visiting Lecturer in Education
B.A. (Stonehill College)
M.Ed. (Bridgewater State College)

ROBERT EMMETT DRISCOLL
Visiting Lecturer in Education
B.S. (Bridgewater State College)
M.Ed. (Boston College)

JUDITH IRENE ELMS
Visiting Lecturer in Education
B.S., C.A.G.S. (Gordon College)
MARTHA CATHERINE ENGLER  
Visiting Lecturer in Library Science

PETER ESTERS  
Visiting Lecturer in Education  
B.S. (Bridgewater State College)  
M.Ed. (Northeastern University)

PAUL FINNEGAN  
Visiting Lecturer in Education  
B.S. (Boston College)  
M.Ed. (Bridgewater State College)

HARRISON SEARS FISK  
Visiting Lecturer in Library Science  
B.A., M.S. (Boston University)

B.S. (Xavier University)  
M.Ed. (Bridgewater State College)

CHARLES WILLIAM GAUGHAN  
Visiting Lecturer in Sociology  
A.B. (Harvard University)  
M.Ed. (Boston University)  
M.S.S.W. (Tufts University)

JAMES GILLESPIE  
Visiting Lecturer in Education  
B.S. (Boston State College)  
M.Ed. (Boston College)

ARTHUR C. GILLIS  
Visiting Lecturer in Library Science  
B.A. (College of the Holy Cross)  
M.L.S. (Simmons College)  
M.Ed. (Boston University)

DAVID STANLEY GOODENOUGH  
Visiting Lecturer in Education  
B.S. (University of Connecticut)  
M.S., Ph.D. (Purdue University)

RICHARD EVARISTE GRAY  
Visiting Lecturer in Education  
B.S. (Salem State College)  
M.Ed. (Fitchburg State College)

SUZANNE GRAY  
Visiting Lecturer in Library Science  
B.S., M.L.S. (Simmons College)

JAMES HANLEY  
Visiting Lecturer in English  
B.S. (Bridgewater State College)  
M.A. (Northeastern University)

JAMES RICHARD HAYDEN  
Visiting Lecturer in Education  
A.B., M.A. (Boston College)  
E.D. (Boston University)

HENRY HOBAICA  
Visiting Lecturer in Education  
B.S. (Boston University)  
M.Ed. Framingham State College)

WILLISTON HOLBERT  
Visiting Lecturer in Education  
A.B. (Gordon College)  
M.Ed. (Bridgewater State College)

MARY JO HORNBER  
Visiting Lecturer in Anthropology  
B.A. (Northeastern University)  
M.A. (University of Edinburgh)

STEPHEN JANSSEN  
Visiting Lecturer in Education  
B.S. (Southeastern Massachusetts University)  
M.Ed. (Bridgewater State College)

DANIEL PETER KULICK  
Visiting Lecturer in Education  
A.B. (Stonehill College)  
M.Ed. (Boston College)
ELMER LADOUCEUR  
Visiting Lecturer in Education  
B.S. (University of Rhode Island)  
M.Ed. (Bridgewater State College)  

THOMAS LAGRASTA  
Visiting Lecturer in Education  
B.S. (Boston College)  
M.Ed. (Boston State College)  

LAWRENCE GEORGE LAMBROS  
Visiting Lecturer in Education  
B.S. (Bridgewater State College)  
M.Ed. (Boston University)  

FRANCESCA LAVECCHIO  
Visiting Lecturer in Psychology  
B.A., M.S. (University of Rhode Island)  

BARRY LEWIS  
Visiting Lecturer in Education  
B.S. (Boston University)  
M.Ed. (Suffolk University)  

RICHARD LOCKHART  
Visiting Lecturer in Geography  
B.S. (Massachusetts Institute of Technology)  
M.A. (Clark University)  

JOHN LUCAS  
Visiting Lecturer in Modern Foreign Languages  
B.A. (Bowling Green Southern University)  
M.A. (Boston University)  
M.A. (Middlebury College)  

WILLIAM RONALD MACDOUGALL  
Visiting Lecturer in Education  
B.S. (Boston College)  
M.Ed. (Boston State College)  

EDWARD MACLEOD  
Visiting Lecturer in Modern Foreign Languages  
B.A. (Boston College)  
M.A. (Boston University)  

M. JANE MANTHORNE  
Visiting Lecturer in Library Science

The College is located just east of Central Square in Bridgewater at the junction of Routes 18, 28 and 104, approximately 30 miles south of Boston.
DIRECTIONS FOR CORRESPONDENCE

The general address for all correspondence is: Bridgewater State College, Bridgewater, Massachusetts 02324, telephone 617-697-8321. In order to avoid delay, correspondents are requested to note the following directions when requesting information and materials from the College.

Requests for:

Undergraduate catalogues should be addressed to the Director of Admissions.

Graduate catalogues should be addressed to the Office of the Graduate School.

Continuing Education brochures should be addressed to the Division of Continuing Education.

Transcripts

Students who hold a bachelor's and/or a master's degree from this college should write to the Registrar.

Students who have not completed their bachelor's degree should write to the Registrar for a transcript of courses taken through the Day Session, and to the Director of Continuing Education for a transcript of courses taken through the Division of Continuing Education.

Students who have not completed their master's degree at Bridgewater State College, should write to the Director of Continuing Education for a transcript of courses taken.

There is a charge of $1.00 per transcript.

Inquiries concerning:

Employment, health services, housing, loans, and scholarships, should be addressed to the Director of Student Services.

The Summer Session at Bridgewater State College should be addressed to the Director of Continuing Education.

The Summer Session at Hyannis should be addressed to the Director of the Hyannis Summer Session.

The Graduate School should be addressed to the Dean of the Graduate School.

Placement and student teaching should be addressed to the Director of Teacher Preparation and Placement.

Continuing Education should be addressed to the Director of Continuing Education.

Financial Aid should be addressed to the Financial Aid Officer.

Alumni Affairs should be addressed to the Executive Secretary of the Alumni Association.

Academic employment should be addressed to the chairperson of the appropriate department.

Non-academic employment should be addressed to the Assistant to the President.

Teacher Certification should be addressed to the Director of Teacher Certification, Department of Education, 182 Tremont Street, Boston, Massachusetts 02111.

Matters not covered above, and correspondence bearing upon the general interests of the College, should be addressed to the President.
