Mr. Robert W. Rucker

It is with the utmost respect that the Class of 1961 dedicates the Alpha to Robert W. Rucker, a most devoted member of the teaching profession. We are grateful for his numerous years of educational service and his countless contributions to his field and the entire educational process. Inspired by his profound scholarship and constant professional manner, the Class of 1961 wishes him to realize its appreciation. May the sense of a successful career bring Mr. Rucker much satisfaction and happiness.
STAFF AND FOREWORD

"In my hands, I hold the future"

This year marks the end of an era in the annals of the growth of our college. More than that, however, this year marks a beginning, the start of what we hope will be a better future. The growth seen at Bridgewater State College this year far surpasses the growth of any single year previous. Whether this growth is put to use wisely depends on the future students. Since the ability of these students depends on us as the future teachers, we, therefore, hold in our hands the fate and destiny of this new era.

This is an important and ominous responsibility. It is towards this goal that we have been striving and shall continue to strive. We, the staff, hope you will enjoy your yearbook for its memories, but more than this, we hope you will look to it as an inspiration in the future.

As you peruse these pages of Alpha, your College Education will be awaiting its place at the entrance gate to History, to become for the world in general a mere footnote, but for you a significant record of four years filled to the Plimsoll line with its burden of joy, sorrow, success, failure: the materials that go into the making of a life.

It is my sincerest hope that this record will be for all a predominantly pleasant one, to the end that this copy of Alpha will be a happy monument to the past, a nostalgic direction post pointing to four years of sincere effort and honest fervor. It is sad to note that on Commencement Day you will meet together as a class for the last time. A thousand different purposes may call you to as many corners of our world, to distant places in which you will subsist, at least in part, on your capacity to recall the past.

Alpha, then, presents, almost in capsule form, a potpourri of happy far off things, like “magic casements” opening on

“The work of Fancy, or some happy tone
Of meditation, slipping in between
The beauty coming and the beauty gone.”

May it mean much to you as the years roll on to their end, for it is only too true as Dickens phrased it, “the days of girls and boys can never come back again.” My fervent wish for each of you is that the good and happy friendships of college days may persevere through the years ahead. Rest assured that your Alma Mater will be proud and happy to hear of your success and to know that you are carrying with you into your part of the world something of the Bridgewater spirit.

Bulletin Board Time—Motivation
CLASSMEN
Now we have our feet on the ground, and the years, where have they flown! Training seems to come before we know it and we have so many things to do.

The Touchdown Promenade. Football came just in time to give us a new theme. Why not a Record Hop? Everyone likes a change of pace.

The Junior Prom is just around the corner. How these weeks go by in planning. Can we ever get ready for a Carnival?

There just isn’t time to do all we’d like to do and before we know where we are . . . we’ll be SENIORS!

Sophomore year, and we’ve made it over the first hump.
Now is the time for revenge on the unsuspecting freshmen.
But we really can’t be mean. A capping party and dance when all the torture’s through.

We must keep our treasury growing. One way is sure, a cake sale. It may be slow but every little counts. Perhaps there will be time for a big dance—later. Everything takes so much planning and . . . finals are here again! They always seem to creep up on us.

The freshman year is always an exciting yet fearful year. What will my roommate be like? Am I going to pass my finals? Will this year ever end? How can I ever last through initiation? All these are ever present questions in the minds of freshmen. Most of our worries are unfounded, especially initiation which seems a horror in the process, but a pleasure in memory.

In the freshman year, one of the president’s major jobs is to start the treasury on its way. A Freshman Weekend is always a good idea, but the class must also think of original ways to earn money. Why not sell banners? Everyone should have a B.S.C. banner!

STUDENT GOVERNMENT

STUDENT COOPERATIVE ASSOCIATION

Each year the responsibilities of the four major officers increase with the growth of the student body. The President and the secretary attended the U.S.N.S.A. Congress at the University of Minnesota as an added effort to serve the college. This experience enabled S.C.A. to learn about issues on other campuses and to broaden the outlook of the Bridgewater campus. A governing council with elected student representatives from all classes attempts to solve common student problems, co-ordinate college activities and stimulate increased responsibility by the students in executing the power of unified government.
A large part of the enrollment of the college is made up of commuters. Their ruling body is the Day Student Council. All day students are urged to take an active part in Day Student Council, the organization designed expressly to promote co-operation among the commuting members of the student body.

The American way: hot dogs, apple pie and mother.

Another methods course?
