For most of us, the game is over. INTERIM has said it all. Our four years at BSC have been just a brief interim in our lives. We've just been playing a game — ups and downs, wins and losses. We've kept score through credits, aiming for enough to earn the big prize — the diploma. With such a large number of players, we expect many winners; unfortunately, there are always losers. Now that the awarding of prizes is over, all we have is a piece of paper saying that we played the game and won. Most of us have no regrets; some would play the game differently if they could go back to start.

The purpose of INTERIM is to record the highlights of the game. When you reread this book in years to come, if you smile, we've accomplished our purpose. We've had good times playing the game, hence this is a happy book.

You wouldn't have this book in your hands right now if it weren't for the few tireless players who made up my staff. They deserve the credit for compiling the best yearbook BSC has ever seen. My thanks goes to John Heller, without whose guidance we never would have gotten off the ground. We were also fortunate to have the helpful advice of John Levis of Taylor Publishing Company. My special thanks and love go to my husband, Jim, who spent more time with his camera, photographing everything in sight, than he spent with me. Without his pictures, we could not have put this book together.

The only thing left to say to the class of 1972 is —

Enjoy life.
