SYMPONI SCORES POPULATION PROBLEMS

"Problems of Expanding Population" was the title of Symposium #1 in 1965. This Symposium sponsored by the Division of Natural Sciences and Mathematics addressed the issue of the Fuller-Hillman's theory of human population. The keynote speaker was Dr. Ray D. Currie. The Symposium was held on November 3rd, 1965.

Applications

Swamp Admissions

According to a news release from the college, the college is announcing the following applications for admission to State College at Bridgewater. Application deadline is November 15, 1965.

POLITICAL SCIENCE

The Political Science Department is seeking students interested in the field of political science. Applications may be obtained from the Department Chair.

CATHY FALCON

Filling The Void

By MAUREEN CONDON

It's midnight, Easter, in Athens, Greece. Up to the hilltop church and the house of dawn, the people carryi ng lighted candles are moving in a slow procession. Cathy Falon, Sophomore Elementary Education student from Blairstown, New Jersey, and with the procession of eight or so, shecedd her parents taker to see her to the st the moonlight, and in the rain.

On the homeward journey, Cathy and others are talking about the relationship of many Americans, living in Greece, to the native. Cathy says that the time of the "ugly American" who can't speak Greek, and even less could care less about Greek. Cathy's philosophical view of such situations is that the world is a huge, complicated machine. You can't step on it even if you try. If you try to step in it, you'll have pain. But if you want to make a world better, change yourself for the better.

Cathy thinks people are "too busy judging others that they don't have time to know themselves."

On the other hand, she says, "I've grown up, I've become a better person, a better student."

Men Escape Dorm Fire

A group of fraternity men forced the evacuation of approximately 78 men from the men's dorm during Homecoming Weekend.

The fire was described by Fire Chief George R. Sheeley and his men as starting in the attic, spreading quickly and reaching the floor of the men's dorm. At 1:00 a.m., the first fire alarm was sounded, summoning Fire Chief George R. Sheeley and his men to the scene. At approximately 1:15 a.m., the fire was brought under control, and the dormitory was declared safe for occupancy.

Dr. Burke, assistant professor of sociology, and Dr. John Grant, assistant in Business Administration, were quoted as saying that the fire was a result of carelessness and that all occupants of the dormitory should be held responsible.

Plymouth County Honors Former Dean

M. M. Pope, who was Dean of Women for over 20 years, celebrated his fiftieth year in the field of education last night at the State Teachers College, the currently holding position of Executive Secretary for the Massachusetts Teachers Association. The event marked the beginning of a lifetime membership in the Association by Pope, the starting silver Paul Ravenoe.

AsG at BSC

Y.O.U.

"AsG at B.S.C. -- Y.O.U."

AsG stands for "You, the students."

Dr. F. D. Clutter, director of ASG, called the meeting of the group to order, and asked the students to participate in a discussion of the meaning of student government.

The meeting was held in the Student Union Building, and was attended by approximately 30 students.

Menace to the Future: Population Problems

The problems of expanding population have been the subject of much discussion in recent years. The United Nations has established a commission to study the problem, and the commission has issued a report recommending various measures to be taken to control population growth.

The commission has recommended that the following measures be taken:

1. Education campaigns to promote the use of birth control methods
2. The development of family planning services
3. The introduction of birth control education in schools
4. The provision of abortion services
5. The provision of legal aid to those who need it

The commission has also recommended that governments take action to control immigration and emigration.

The commission has noted that the problems of expanding population are complex and require a coordinated approach by all governments.

BSC Collaborates With Six Colleges

The BSC Collaborates with Six Colleges program was established to promote cooperation and collaboration between the institutions involved.

The program involves a series of events and activities designed to facilitate the exchange of ideas and information between the institutions involved.

The program includes:

1. Joint research projects
2. Joint workshops and seminars
3. Joint conferences and symposiums
4. Joint publications
5. Joint faculty development programs

The program is a significant contribution to the advancement of knowledge and the promotion of excellence in education.

Dr. Perry, former president, addressed the first general meeting of the program. He stated that the purpose of the program is to provide a platform for the exchange of ideas and information between the institutions involved.

Dr. Perry also stated that the program will be an ongoing effort, and that the institutions involved will work together to make it a success.

Choral Performs At Dedication

The newly-organized Bridgewater State College Chorale, under the direction of Assistant Professor Dorothy Perry, performed for the first time at the November 3rd Center Dedication.

The chorale performed a variety of songs, including classical and contemporary pieces.

The chorale was well-received by the audience, and the performance was a success.
DEAN'S LIST

Dear Editor,

If the students determine the qualifications for the Dean's List, the name of the list should be changed, to "honesty, to the Students' List.

Barbara A. Chellis
Assistant Professor of English

Dear Mrs. Foley,

For the past three years, BSC has had a bright sunny day for Homecoming. But, how about the next one...the gay, exciting atmosphere??? At the hardest to give a good fight, the band's performance with such enthusiasm even though we were losing the game, but you were their supporter??? Why our band didn't even show up! A few students did try to raise some spirit by cheering while the cheerleaders, but it was difficult to get very much participation. Then it was halftime... and that is exactly how the fans felt during halftime, heroes of the many people watching out for the refreshment stand and selling the cold all the way back. That was about the most excitement the fans got. Again, the question is, "Where is our homecoming?" It was not the same game, so the reason they were shown was because of a transportation problem. What was then??? I lacked. Most colleges, even those smaller than BSC, have a band that is inactive, so they are, manage to show up at home Boilermaker's games, and that is exactly how the fans felt during halftime.

The BSC Band

FILLING THE VOID

(Continued from page 1)

Cathy believes, "A lot of people are afraid to think. They just don't have the time to explore their minds. That's why people like Bob Dylan, have to be there for us. Cathy -"wishes anyone who can speak, take the stage. When the roof is covering above you, and you realize that you are on stage doing it, it's spec-tacular!"

"I'm not aware of many things," says Cathy, "but once I start planning, I, a sixth grader, produced a third grade class show, I've learned I would be better."

Library employees Nancy Rich and Gerald Dowling display The Clement C. Maxwell Library's stamping machine. The machine is used for locating books.

Library employees Nancy Rich and Gerald Dowling display The Clement C. Maxwell Library's stamping machine. The machine is used for locating books.

The Third Circle

The Earth Sciences majors and dogs are responsible for all executions on campus.

On October 21 it was a switch, the bomb scare was in Woodward, and the false alarm was in the science building.

Proper identification must be shown to prevent esteeming books. If Dr. Diersohn does not check on close attendance, he will not let a man rush in with the ticking dog. How many bookends are in this room?

Will it be at the next symptom; it is caused and removed with the greatest percentage of students will vacate.

Ledy Bird Johnson ordered a fence post around low book on the highway beautification program. When the College Band solicits, be a good chap and assist, the Katrina parties are beginning so that even the state police want to come.

On Friday, October 29, the girls tempted their imaginations to behold the boys in all their West Virginia finery. Justin D. Prowse, the group leaders discussed the possibilities of being bus-boys and孙bers.

The college plans for a week where Dusty, Lyn Baldwin, Nancy Botelho, Carol Bory, Henry F. DeCarli, Julius Fajer, Marcia Johnson, Lisa McCurdy, Robert Magee, Claudia Marchand, Constance McManus, Susan Morris, John Murray, Cameron Park, Susan Raskin, William Scherken, John Smith, Paul Smith, Saturday Night, Patricia Tobin, Ean- gley.

Ms. Hiltz, Rehfeld, former President of the College, was elected to the possibility of evaluation of faculty, as the person best ex- pressed the concerns.

The Function of Education

Dr. Mark C. Ebersole, vice presi-
dent for Academic Affairs, has- ted and evaluated.

Dr. Charles Lewis, President of the University, recently announced that the University will undertake an important curriculum experi-

ment which is my earnest desire that every student of the college feels that the qualifying standards for the Dean's List are fair and understandable, and if anytime they think otherwise, I would welcome any suggestion which they feel would alleviate the problem.

In accordance with this philosophy at the last college Community Re-
lations Council Meeting on Wednes-
day, October 27, I stand for help from the students in rewriting the basis of the Dean's List. It was agreed that a committee from the SCA, working with Donald Keye, would be the leader of the Honor Society, constitute such a committee, charged with the responsibility of rewriting the basis. The program is being undertaken because the committee recognizes the problem of maintaining the quality of all students, the need to keep the standards of education, both of which is increased by the necessity of the many people with musical talent.

COMPASS PLAYERS

Audience

Fracture

Playwriting to a few capacity audi-
ence, Harvey Miller, Phyllis Hildreth and Bill Povoa of the Compass Im-
provisational Theatre, directed the student performance in Horace Mann Auditorium on Saturday, November 20, and Tuesday, November 23, at 8:00 p.m. Ticket prices were $1.00 and $1.50 for adults and children.

The Function of Education

"A learning play without a lesson"

"A learning play without a lesson"

Under the new program, it is expected that every student will be able to perform in different capacities. In the case of growing numbers of students and their students, the function of the discipline is to be mastered rather than on the course to be completed. According to Dr. Diersohn, students in a given course vary greatly in their people of mastery at the end of the course.

The program will be developed by the students who will be the ones to perform in different capacities.

The program will be developed by the students who will be the ones to perform in different capacities.

**SPEAKING OF SPORTS**

**.500 Season for Harrirers**

by KEVIN FARRELL

The Bears Cross-Country team wound up its most successful season in its four-year history last Saturday. Competing in the New England State College Cross-Country Championship at Franklin Park in Boston, Bridgewater, entered a minimum number of men and receiving no coaching during the season, placed on the top five.

Capt. Bob Davd, finishing ninth against a strong and experienced field of competitors, received a trophy for his fine performance. Boston State’s Meagher and Segel placed first and second respectively. Meagher's time for the 4.1 mile course was 21:22. The Boston State squad won the championship for the second year in succession. Success here should also be attributed to the excellent coaching Boston's team has received from Mr. Sprague of Arlington.

Finishing with a 4-1 record, BSC missed breaking the .500 mark by losing a 5 point decision to Assumption College on October 23rd. Despite the fact that the team had no coach this year, Capt. Davd and his squad formally wish to thank Mr. Swenson, Mr. Lehmann, and Mr. Carr for their help in completing the schedule. Special recognition goes to Bob Berrwood, who has been a mainstay in track and cross country for his 4 years at BSC.

Last year’s season record of 23-38 was enhanced this season, when Paterson of Nichols College rounded the course in 22:18.
