Student Government Debates Military Recruitment, Aid To Negroes

In an unusually active and productive SCA Council meeting held on Thursday, April 19, the student body, and those on campus, were treated to an unusual scene by the participation of President Rondileau. The discussion that took place was of such import in recent years, BSC's student government has issued a series of statements in a number of areas. [New York Times, 05/04/67]

President Rondileau informed the Council that he had been approached with a petition circulated among the students and faculty of the college on March 28th, requesting that he take appropriate action to prevent the presence of military recruiters on campus. Dr. Rondileau also announced that an ad hoc committee of 10 students and faculty members had been appointed to study the question of military recruitment at the State Colleges.

In order to consider some of the implications involved in the requested action, the Council proceeded to pass the following resolution 12-3:

The Student Cooperative Association Council, with the intention of maintaining the freedom of discussion, which is a democratic right, and in order to allow for evaluation on campus, the Council directs the members of such groups to each other to operate on campus.

In conclusion, it was pointed out the service by

Campus Guidelines for Protests and Demonstrations

The SCA Council, by recommendation of a committee, chaired by Jack Van Dusen, with members of the SCA Council, including Donna Dadey, Gerard Killroy, and Robert Smith, have reviewed and approved the following guidelines and forward them to the student body and the faculty for their information and approval.

1. All students of the community, and all groups or individuals conducting activities on the college campus, are required to submit a plan of purpose of spending or demonstrating to the SCA Council. The Council shall give its approval.

2. The student groups sponsoring the activity shall conform to the determination of the College Administration in regard to maintaining an acceptable environment for its members and campus visitors, the rights of the public and the university, the safety of the students and the public, and the protection of the property of the university.

3. The officers of the organization or committee in charge of the activity shall maintain proper order at all times. It is the responsibility of the institution in the case of demonstrations to have a plan of procedure which is acceptable to the local authorities.

4. The student groups must have the permission of the SCA Council and the college administrators before they may be permitted to use the college property for their activities.

5. Any students who fail to abide by the guidelines will be subject to disciplinary action by the SCA Council and the College Administration.

6. The SCA Council reserves the right to deny the use of college property to any group or individual who violates these guidelines.

Get Your ID's!

All members of the present Sophomore and Junior classes will have identification cards processed for the 1968-1969 academic year on May 1-3, Please report within one hour after the lecture-hall in the Science Building at your earliest convenience on the 15th of the above date. The cards will be collected at the time of the lecture. All students enrolled in the college are required to obtain identification cards processed by the SCA Council. The fee for the card is $1.00. The cards will be returned to the student at the time of the lecture. The fee for the card is $1.00. The cards will be returned to the student at the time of the lecture.

The Boat Goes On As BSC

On May 2 and 3, the Chorale Society of B.S.C. made a tour of western Mass. The tour included the Festival, Pittsfield, and the First Field High School on Thursday morning. At the Festival, the Chorale made its first appearance of the season at the Mary Loufest, with a performance of Greenshield's "The Choral Society"

The tour continued on Saturday afternoon at Tumers Field High School and at the Festival, with a performance of "The Choral Society". The Chorale also performed at the Choral Festival, with a program of songs and spirituals. A special African Choral group performed at the festival and the group was also sung at the annual Spring Concert. Some of the students were singing in foreign languages, including French, Spanish, and Italian.

Silk-Screen Demo Sponsored by VA Club

On Monday evening, May 10th, the VA Club sponsored a lecture-demonstration of the silk-screening process. Mr. Wood, a member of the Massachusetts College of Art and the American Society of Artists, was present. He is also a Professor at the Rhode Island School of Design. Mr. Wood is a member of the American Society of Artists and the American Group of Artists. He is also a member of the American Society of Artists and the American Group of Artists. Mr. Wood is also a member of the American Society of Artists and the American Group of Artists.

During the discussion, it was pointed out that this person is usually de­

Trustees' Resolution on Athletic Fee

"Upon recommendation of the Ad Hoy Committee on Athletics and student body, the Trustees passed the following resolution, 10-1-10. This will be effective upon the conclusion of the Board of Trustees meetings, the Trustees voted to levy a new fee in line with the partnership concept.

Teach On Drugs Goes Up In Smoke

While most of B.S.C.'s troubles were blowing joints in the gray areas behind the Library, the BSC Committee on Drug Abuse presented a Teach On Drugs Goes Up In Smoke at the Library on Tuesday afternoon, May 23rd.

Dr. Glass, head of the Taunton State Hospital, was the speaker. The audience consisted of all students and staff members of the college at the time of the presentation. The program included a discussion of the effects of drugs and the dangers of drug use. The program was followed by a question and answer period, during which Dr. Glass answered questions from the audience.

Following this, Dr. Glass came down to earth again and gave a detailed explanation of the effects of the use of drugs.

The second speaker of the afternoon was Dr. Glass. He stated that this person is usually de­

The chorus was absent, the program (12) was warrant transfer recognition and perhaps even a slight reversal.

A Senseless Fee

The recently imposed $3.50 Athletic Fee which the Board of Trustees has benevolently dropped in the laps of the students of the state colleges has poised up a whole host of striking problems in college government on a multi-structure level.

(1) Strange as it may seem at state-supported institutions (and unlike the University), the initiative of this fee is to make all athletics entirely student supported. Nevertheless, at no time during the considerations of the Trustees’ Ad Hoc Committee on Athletics since last Sept., was student opinion of any kind elicited. This is neither fair nor in line with democratic procedures.

(2) The university feature of the fee completely fails to take into account the greatly differing needs for funds and activities at the equally diverse institutions. Every college being different, each college needs different amounts of funds—and infinitely different methods of administering them.

(3) Although the Board of Trustees has seen fit to enormously increase the funds available to operate Athletic programs more than doubled in the case of Bridgewater, no regard has been shown to the Legislature’s request to increase funds for facilities and personnel so that these student funds can be used. Is it really positively feasible that such an effort be made? Have the Trustees done so? We think not.

All put together, there is something enormously wrong and oversimplified about the Trustees’ action in this matter. It does not consider the individual needs of the colleges, which, in the case of Bridgewater at least, are physically unable to utilize such enormous funds. It does not consider the fact that costly athletic programs are, by their nature, usually sports for men and that a blanket fee taxes a college system of which overwhelming majority are women for programs in which they may participate are physically unable to utilize such enormous funds. It does not consider the method which the Board employs particularly rankles. Already paying to pay of years past and present have been willing to pay for athletic expansion.

Resolution of May 5th that of that long-awaited facility, such an increase as that now in effect seems rather easy course to slap a fee on students who have little recourse but to place ring orders should pay $5 an...
