On September 9, 1965, in Delano, California the workers launched their strike against grape growers. They struck for their rights to a fair wage and unions. Labor Relations Act which provides for representation elections has been stomped on. Now under the National Labor Relations Act which provides for recognition or nonrecognition votes, the growers are allowed to ignore the union vote. The reason that the strike has begun with grape pickers is because the farm workers have shown that they will continue to fight for their rights to a fair wage and unions. They struck for their rights to have a recognized union and collective bargaining. Farm workers have been excluded from the National Labor Relations Act which provides for representation elections. Now under the National Labor Relations Act, farm workers seeking to belong to labor unions have gone on strike more than 300 times. Yet every time they have been successful in winning the election. But in the leadership of Coaa Chavez, director of the United Farm Workers Organizing Committee, the workers are once again to fight for their rights.

The terms they seek are ones that the average non-agricultural worker takes for granted. They include rest periods, toilets and drinking water, health insurance, grievance procedures and rest periods for the storing times of the day. Yet, despite strict state laws and the workers' own agreements with themselves, the growers continue to violate these laws.

In 1965, the UFW conducted a labor lawsuit devised by Willard Wirtz which allowed the growers to force workers to sign affidavits that they had been informed that the admission was false. However, and was disbanded. Now for the trouble at home. More recently the National CORE stated that the U.S. takeover of the Philippines was responsible for the trouble at home. More recently, Mr. Chavez was criticized for saying that all violence in the U.S. if Blacks in the U.S. as a result of the violence in Vietnam.

When asked for a solution to the problem in America, Mr. Worthy stated that: 1. There is a tremendous success. The problems of the Philippines were responsible for the trouble at home. In Response To Your Kind Invitation

In the November 13th issue of the COMMENT, the editor of the Women’s Dorm Council kindly extended an invitation to the staff of the COMMENT to attend one of their meetings. Although they are somewhat in error to assume that we are not regulars of the women’s dorms, we are only too happy to accept their generous invitation. Therefore, we would like to let the women of the Women’s Dorm Council know that we have accepted their kind invitation.

If you have any questions or concerns about this matter, please feel free to contact us. We would be more than happy to answer any questions you may have. Thank you again for your kind invitation.

"The construction incorporates a so-called "house" plan in which the high school was subdivided into four separate "houses". Each house will essentially be a high school in itself since all four buildings will have a mixture of freshmen, sophomores, juniors, seniors and, as well as a faculty to carry out the educational services of the same teachers and students."

"Not all subjects will be taught in separate buildings as evidenced by the many things that we have to pay for the price of it. With rising costs quite likely, it is going to be an exceedingly large pill to swallow."

They walked onto the stage and the crowd went wild. Big Brother and the Holding Company delivered the sound as Janis Joplin appeared stunting the audience with a scanty, black dress, and with her long brown hair almost completely concealing her face, she was both Joan of Arc and Healer Prynne, glowing with an air of haunting mystique.

She grabbed the microphone and her soul as she opened her performance with "Take a Little Piece of My Heart," the rasping, lathy voice that had already stunned the audience immovable in its seats. But Janis never stopped moving. Her body contoured itself into every possible suggestive position, while her volcanic voice soared "Wow, cause it makes you feel good." And it made you feel good, for the entire audience and never destroy the trance of the audience. After each solo Ridge Area rocked with tremendous applause, followed by Janis, the fantastic electronic rock of Big Brother and the Holding Company.

For 45 beautiful minutes, Janis Joplin captured my mind. It was no ordinary concert, but more a tantalizing experience. Her voice had the power to vibrate your soul and make your body shiver with the passion and intensity of all she said, and what she had before was more than enough.

When you walked out of the Arena on Monday evening, there was only one word to describe the performance - WOW! Some performers may get on stage and just sing, but Janis Joplin gave every member of the audience a piece of herself. "I tried today my mind is at a loss for words to describe Janis Joplin. It was a great, emotional WOW!"
**BEARS STACK UP RECORD SEASON**

The Bears took a seven point lead in the first period and were ahead as they exchanged the ball twice with no team able to pose a serious threat. The defensive came up with an offside infraction. The first score was set up by a long pass to Stella. LeFaver made it 21-7. There the defense held and the bears almost scored again until their march was stopped on the nine yard line, the second half new Bears scoreless. They made the big 2nd down conversion.

**HARRIERS BOIL IN SEASON FINALE**

The BSC cross country team was blowing a surprising 6-8 record going into the last meet of the regular season. There were high hopes of a win for each team, but those hopes were short-lived. The season finale was a quadrangular meet against SMTI, Harrington, and Assumption Colleges. The Bears placed 5th, 3rd, and 1st, respectively. The other runners also ran well, with Cat, Bruce Nelson finishing 11th, 6th, 3rd. Other runners also ran well, with Cat, Bruce Nelson finishing 11th, 6th, 3rd. The extramural contest with the Valley Boys is decided on the day of the race. The Bears scored 70. The other teams like U MASS, Norwich, and Assumption Colleges. **INTRAMURAL CHAMPIONSHIP**

The tag football season is coming to a close and the Valley Boys seem to be the sure-winners with only their Nov. 16 game with the Great Hill Bears and the championship. The unanswered unknown and unlooked and unlooked Valley Bears are certainly the favorites in this game against the Valley Boys and the coming games. The BSC Bears after losing their first game were killed off by the Valley Boys. The BSC Bears are still alive and have a little hope of their goal. The extramural contest with the Valley Boys is decided on the day of the race. The Bears scored 70. The other teams like U MASS, Norwich, and Assumption Colleges. Nine runners shattered
