Dr. Moore Leaves BSC

Chairman of the Anthropology Department and Divisional Director of Behavioral Sciences, will be leaving BSC this Sunday to return to his home in Providence, R.I., after consultation with next year’s Freshmen and the DEPARTMENT for replacement.

Health and Physical Education

Dr. Moore began his career by studying engineering at the University of Minnesota in the early 1950’s. After a career in the military, he returned to Minnesota and earned a master’s degree in anthropology. He later earned a Ph.D. in anthropology from the University of Minnesota.

During World War II, Dr. Moore served in the Pacific, where he spent over two years as a pilot and a maintenance engineer in the South Pacific. He also served as a maintenance engineer in the Philippines.

After the war, Dr. Moore returned to the University of Minnesota and earned a Ph.D. in anthropology. He then became an assistant professor in the Anthropology Department.

In 1952, Dr. Moore was appointed Chairman of the Anthropology Department at BSC. During his tenure, he initiated many changes in the curriculum and improved the quality of instruction.

In 1962, Dr. Moore was appointed Dean of the School of Humanities and Social Sciences. He served in this position until his retirement in 1972.

During his tenure as Dean, Dr. Moore oversaw the expansion of the School of Humanities and Social Sciences and the development of new programs in anthropology and sociology.

In 1972, Dr. Moore was named the first Director of Behavioral Sciences at BSC. He served in this position until his retirement in 1980.

Dr. Moore is survived by his wife, Shirley, and three children. He will be missed by many faculty and students at BSC.

Possible Men’s Phys- Ed Major

The possibility of a Men’s Phys- Ed major at BSC has recently been suggested by students. Notices on various bulletin boards have announced a meeting for interested students. The meeting is open to all, in order to discuss the feasibility of offering a major in physical education.

Question 1: WILL THERE BE A PHYSICS-ED MAJOR?
Answer: At this time, there is no plan to offer a major in physical education. However, the possibility of creating a minor in physical education is being considered.

Question 2: WHO HAS ESPECIALLY REQUESTED THIS MAJOR?
Answer: The suggestion came from students interested in pursuing a career in physical education. They have requested that the administration consider offering a major in this field.

President Rondileau Asks for Student Opinion on New Calendar

What would students think of a new academic calendar? Next week, students will have the opportunity to voice their thoughts concerning the new academic calendar proposed by the college administration.

The college administration decided to consider the possibility of implementing a new calendar in order to better align the academic year with the curriculum deadlines when it was introduced by the university.

During the next academic year, students will have the opportunity to comment on the proposed calendar. The college administration is interested in hearing the opinions of students in order to make informed decisions about the future of the college calendar.

Mozart's Magic Flute

An annual production of the Music Department's highest level of theatrical and musical production, Music for the Performing Arts, "The Magic Flute" will be presented in the Maria Callas' style. The opera takes place in the 18th century and is based on the libretto by Lorenzo da Ponte and the music by Wolfgang Amadeus Mozart. The opera was first performed in 1791 and has since become one of the most popular and frequently performed operas of the classical repertoire.

The opera tells the story of the young Prince Tamino, who is sent on a quest by his father, the Emperor, to rescue the fair maiden Pamina, who has been kidnapped by the evil spirits of the forest. Along the way, Tamino meets a variety of characters, including the comic figure Papageno, the messenger Monostatos, and the wise magician Sarastro. Through their adventures, Tamino learns important lessons about love, honor, and the virtues of truth and justice.

The opera is known for its beautiful arias, ensembles, and choruses, as well as its intricate stage directions and elaborate costumes. The production will feature a cast of talented singers, a highly trained orchestra, and an elaborate set designed to bring the fantastical world of the opera to life on stage.

The Magic Flute will be performed in the School's newly renovated concert hall, with state-of-the-art lighting and sound systems. The production will be directed by Mr. John Smith, with musical direction by Mr. Michael Jones, and set design by Mr. John Doe. The opera will be presented in both English and German, with English supertitles provided for those who prefer to follow along with the story in English.

OVERSEAS EMPLOYMENT

Job opportunities in Europe this summer are plentiful and of great interest to students of German, as construction work continues in many countries. The building of the Eifel Bridge in Luxembourg, the new Parliament building in Luxembourg, and the renovation of German churches are just a few examples of the construction projects that are in progress. This summer, graduates from the BSC's School of Engineering may find employment on these projects. The Eifel Bridge in Luxembourg is one of the largest construction projects in Europe, and its completion is expected to bring new life to the city of Luxembourg. The new Parliament building in Luxembourg is being constructed to accommodate the growing population of the city. The renovation of German churches is a project that has been ongoing for several years, and it is expected to be completed in the near future.

In addition to construction work, there are many other opportunities for students in Europe. Many European companies are looking for students to work in their offices, and there are opportunities for students to work in the tourism industry. In the tourism industry, students can work as tour guides, hotel managers, or restaurant managers. These jobs require a good knowledge of the language and culture of the country in which they are working.

If you are interested in working in Europe this summer, please contact the Office of Overseas Employment for more information.
