Public Colleges Fear Fees Loss Of $250-Million

WASHINGTON

State colleges and universities could lose between $250-million and $300-million a year if newly enfranchised students are allowed to use their states as local voters to avoid the higher fees normally charged to out-of-state residents.

That is the estimate in a new study of the uncertain future of out-of-state tuition conducted by Robert F. Carbone, dean of the college of education at the University of Maryland. The study was done for the National Association of State Colleges and Universities, the Great College and the American Association of State Colleges and Universities. Included were responses from 368 four-year institutions, the bulk of those that would suffer from the decline of nation differentials.

Public college and universities are at least seven states—California, Colorado, Indiana, Michigan, Ohio, Texas, and Wisconsin—could lose up to $100-million a year if the differentials were abolished, according to Mr. Carbone.

Among the state institutions hardest hit would be the University of Arizona, California, Colorado, Mississippi, Missouri, New Mexico, and Wisconsin, as well as Colorado State, Indiana, Ohio State and Purdue Universities. Among the state colleges, the biggest losses would occur in California, Colorado, Pennsylvania, and Texas.

Administrators Concerned

Naturally, the possibility of these losses has caused considerable concern among college administrators since the vote was extended last year to 10-year-olds, including some 4-million college students. They are increasingly pressing in one in the cities and towns and neighborhoods they serve for the first time to try to use this new status as good as aid to education.

When Mr. Carbone's study was conducted last year, the colleges already had been confused by registered voters requesting tuition rates that would not be charged to out-of-state students. The confusion was expected to continue.

In the present state legislatures—In Georgia, New Mexico, and Washington—as well as individual institutions, there was a desire to preserve the differentials by drawing a line between residents for voting purposes and residency for tuition purposes. But increasingly the line is ending up in tax and federal courts.

The situation there is "unsatisfying," Mr. Carbone says. Closers have already been divided or are being appealed in Arizona, Alabama, Connecticut, Michigan, Montana, New Mexico, and South Dakota, while others are pending in Maryland and Missouri.

—Lucy A. Van Dine

State Colleges Go Beyond Walls

Two state colleges, part of a network historically regarded as a pipeline of traditional American, are pioneering radical new designs in Massachusetts higher education by offering extended degree programs.

Salton State College and Westmore State College are moving ahead with alternative matches, pioneered in some extent in Great Britain, at the University of California, while other segments of public higher education are still talking about the possibilities of off-campus education.

Salton State President Frank Keegan says he wants his students to be able "to think, to write, to speak, to appreciate art, to juggle their thoughts, to organize others in group thought, to analyze, to plan and work, environmental science and fire science, social science, and the humanities."

Keegan proposes that the Salton State College (SSC) will be open as to students, to places and times and methods but with an organized core curriculum.

Salton is beginning with an $80,000 investment, ten faculty members and 40 students. SSC's professional staff, clerks and members of the executive committee will be involved in all courses that will be developed.

Keegan's long-range expectation is "to develop a product that will not be obsolete." To insure against obsolescence for Salton State College graduates, Keegan says he wants his students to be able "to think, to write, to speak, to appreciate art, the quality of life, to organize their thoughts, to organize others in group thought, to analyze, to plan and work, environmental science and fire science, social science, and the humanities."

Keegan also said that the curriculum will also provide an educational opportunity for the lower economic person, senior citizens and the housewife involved in raising a family of school aged children. He says.

McCarthy said that the extended degree program, in itself, will be able to provide equal educational opportunities to students with education, training and experience in and out of the health professions who have completed the first two years of college and are interested in entering the health professions.

Keegan has a course of study to be developed for those students who have completed the first two years of college and are interested in entering the health professions.

Keegan proposes that the program will be open to students in the first two years of college who have completed a program of study.

Keegan has a course of study to be developed for those students who have completed the first two years of college and are interested in entering the health professions.

Keegan also said that the program will be open to students in the first two years of college who have completed a program of study.

College News Around The World

Transpersonal Meditation is a simple, effective technique, practiced twice a day for 10 to 15 minutes. During this period of time, significant changes occur to the body. Two Harvard researchers, Dr. Herbert Benson, assistant professor of medicine, and B. Keith Wallace, Ph.D., a physiologist, studied the effects of transpersonal meditation. During the meditation period, the respiration for oxygen, elimination of carbon dioxide, cardiac output, heart rate and respiratory rate significantly decreased. In addition, 'electrical resistance to muscle was greatly increased at this time.

The Harvard College meditation study and the University of California experiments were the latest in a long series of studies in the field of transpersonal meditation. Researchers have found that psychological changes are not like those found in hypnosis, dreaming or deep sleep. Also, during the period of meditation, the electrophysiological activity of the brain increased. Because of this, meditation could lead to a state of consciousness with high blood pressure, and other diseases, such as heart disease; smoking, as well as emotional illness.

The practice of Transpersonal Meditation is simple and effective and very enjoyable. And it can be learned in a week.

An introductory lecture will be given by Student International Meditation Society of Bridgewater State College on October 20. On October 21, Transpersonal Meditation classes will be held. Last week S.I.M.S. received a letter from the State University of New York at Albany, to which the group was allowed to go because of the large numbers of students interested. The group will continue to meet every Sunday at 4:30 p.m. in the Finnegan Center at 17 Connell Ave. in Cambridge.

Other Campuses

New York University plans to eliminate more than 30 faculty positions as part of efforts to cut a $1 million deficit in half by next year.

The New York board of higher education has ordered eight other colleges to limit the number of tenured faculty members.

The New York Supreme Court has upheld a lower court ruling that New York University is to be forced to cut 30 percent of its full-time students on public-sector campuses of the university.

A controversial proposal to levy a special tax on students amounting to 9 to 11 percent of tuition has been defeated in Evanston, Ill., by the city council in a parliamentary maneuver.

The psychology department at the University of California at Los Angeles is to be closed after the spring term because of her reduced enrollment.

Philadelphia Community College has been unable to open this fall due to a freeze-up by 90 percent of its faculty since Sept. 1, over difference about reduced work loads, salary increases, and automatic promotions based on full-time faculty service.

A local judge has ruled that administrators at a Cleveland, Ohio, Community College in receivership are justified in refusing a student's demand to read the college's audit reports.

Stevens College dropped football only nine days before its season was due to open because of a lack of players.

The Virginia Supreme court has rejected a suit which was pressed about a year earlier this year which had been allowed to use the name of the private Southern Mississippi college.

At Skidmore College, students who earn their B.A. degrees in two years instead of the usual five are to be given automatic third-year scholarships.

There is a shortage of faculty members at the University of Pennsylvania, starting this semester, may earn both their B.A. and M.A. degrees in four years instead of the usual five or even six, according to Oliver P. Williams, chairman of the department of English.

The Environmental Protection Agency has received an initial report on regional Youth Advisory Boards and the National Youth Advisory Board have formed a task force to undertake a nationwide study at the request of EPA Administrator William D. Ruckelshaus. The study will provide the agency with an overview of the perspectives of the nation's youth, and federal and state education programs in the development and promotion of a national youth policy.

The faculty and administration of the University of Wisconsin are still dealing with a recent case of academic plagiarism which was discovered at that campus last spring. The news paper investigation has resulted in some faculty members of the university being asked to re-examine their assignment procedures.

Jack Vasey, an almost graduate of the Colorado School of Mines, was refused a degree for wearing a Mickey Mouse hat in lieu of the traditional cap to the graduation exercises.

Starting this year, University of Cincinnati's McCallum College of Arts and Sciences will initiate its Freshman-Supplement Program, a course to stimulate the junior and senior years. The course will also de-emphasize the student's grade point average and put more stress on personal application and research requirements.

Armenian-American Scholarship

A scholarship of $250 is being offered by the Horace M. Albinson, Jr., in an Armenian-American student, born in the United States and residing in the state of Massachusetts and currently attending college in Massachusetts.

This award is granted to a Freshman or Junior of Armenian and/or Armenian descent, who is a full-time student and is dependent on family for all or part of their financial support. Application forms are on the S.I.M.S. web page, where they are addressed to: Dr. Brie Keplinger, 4271 W. Lyons Ave, Los Angeles, CA 90032.

THE COMMENT September 28, 1972

MUSIC IS MADNESS, MARRUJA

BEETHOVEN WAS LEFT BARTOLOMEO

As were Richard Wagner, Richard Strauss, Schoenberg, Mahler, Beethoven.

At last some serious thought is being taken in the direction of popular music with a not altogether negative effect on electric guitar and drummers. Three young men are currently touring with the Queen Who Has Never Done the Wrong Thing. They play an eight-string electric guitar with metalic distortion. The group, which plays along with a rhythm section, includes this instrument. It was started by a trio of friends who are concerned about society and its problems. The group's name comes from a phrase by John Lennon: "We are the changes we wish to see in the world." They perform in a variety of settings, including schools, churches, and community centers. The goal is to create awareness and inspire change.

"A good love is like a good song. It goes on until it's as strong as it ever was. You know a good love is like a good song." - Bob Dylan

"OCTOBER 23rd

It never goes wrong
It's so strong
It

2515 HUNTINGTON AVENUE BOSTON, MASS. 02115

"A good love is like a good song around about November, both electric guitar, electric bass, and drummers. Look forward to Plainsong's goodly amount of direction of melodies with a * on. For the album, Timi Donald plays WINGS ORA Richards on bass, 6-string acoustic electric guitar and dulcimer, Dave YS - members, who include Andy combined ideas of the other group thes and represents the com- exponents of rock and roll to be inspired and inspiring songs that write his own songs and perform Home with Vincent Crane and Colosseum. Now he has found a group which includes Vincent Craye and Goppity, is a combination that hits the mark. He is the most honest, Nat. High-Driverge reputation has been made. Can be found anywhere.

- New Musical Express

"Lindisfarne is Ray Laidlaw, a veteran singer, pianist, and songwriter, singer, pianist, and songwriter, and has written a flock of inspired and inspiring songs that have become popular. She is the author of many musicals and has written scripts for television. Her songs have been performed by such artists as Barbra Streisand and Liza Minnelli. In 2008, she received an Honorary Doctorate from the University of London. She is known for her powerful voice and her ability to connect with audiences. She is the recipient of numerous awards and has been nominated for several Grammy Awards.

"This is the best debut album this side of the halfway Tina Turner, Linda Ronstadt, and the other female singing stars. It is a combination of folk and rock with a touch of country. It is a celebration of female music and female empowerment.

"...and a reasonable financial com-..." - New Musical Express

"The Boston Repertory Theatre, Inc. will be化疗ing their line-up for this Fall season. This change from our previous policy of giving shows to the public has been made out of necessity and with some regret."

"...our theatre open to broad base of people and at the same time provide the necessary revenue to keep our resident company going."

"We have made the decision to charge admission for our Fall season performances. This is a necessary step to ensure the continued viability of our theatre."

"We have always been committed to making our theatre accessible to as many people as possible. We have offered free admission to children under the age of 12 and to seniors. We have also offered discounted prices for groups and families. However, we have reached a point where we can no longer afford to offer free admission."

"We have set our admission prices at $12.00 for adults, $10.00 for students, and $8.00 for children. These prices are based on our current production costs and our desire to provide a high-quality theatrical experience for our audiences."

"We hope that this decision will allow us to continue to present the high-quality productions that our audiences have come to expect from the Boston Repertory Theatre. We are committed to providing a welcoming and accessible environment for all of our patrons."

"We appreciate your support and we look forward to continuing to serve our community with our unique and engaging productions."

The Music Encounter hopes to bring the Lexington Master Singers Chorale and also the Israeli pianist Gershon to Bridgewater.

Mr. Santos hopes also to offer a Workshop on Open Education for classroom assistants, library workers and tutors. No experience or musical training is required.

Openings for the Music Encounter also include positions for working as a volunteer for Boston University's School of Fine Arts, and for a B.A. in Music.

There are many people who wish to hear music, as well as jazz and blues appeared as a soloist in Boston of Mr. Santos, and also those of his students aren't able to have opportunities for all members of the college community to experience all different types of music.

Under the guidance of Mr. Henry Santos (new editorial st), the Music Encounter hopes to be a faculty member here at BSC in the Music Dept.

Henry Santos was born in Maine where he grew up on a gifted young pianist. From Maine, he migrated to Boston University's School of Fine Arts, graduating with a Bachelor of Music Degree.

Since that time he has had an upward struggle towards recognition as a black musician who performs classical material. Most people associate black musicians with strictly jazz and blues, however Santos is adding a new dimension to the various aspects of music.

He feels that the world has not yet acknowledged the fact that black musicians have been contributing to the classical world. While blacks, especially the young, have not been aware of the many contributions to classical music, as well as jazz and blues, that enrich their heritage.

OUR THEATER AND ITS FUTURE

Theatre enthusiasts from the six New England States will converge on Rhode Island College in Providence October 13, 14 and 15 for the 21st Annual Convention of the New England Theatre Conference. "Our Theatre and Its Future" is this year's theme, and the program includes panel discussions, workshops, demonstrations, performances, and a reading of a new play. The program is scheduled from Thursday to Saturday.

Friday evening will be a gala evening, moderated by Lloyd Richman, Artistic Director of the National Playwrights Conference, Eugene ONeil Memorial Theatre Center, Waterford, Conn. On Saturday evening, the Trinity Square Repertory will give a special performance of "The River" in a new translation by Richard Wilbur, an event which will be open to the general public.

Sunday's program includes parts of the Parker Playhouse, hosted by the Players of Providence, and the Majestic Repertory, which is being reconstituted of the new theatre facilities for the Trinity Square Repertory Company. The New England Theatre Conference's annual "Johr Playwrighting Award" was awarded for new theatre groups.

The programs will be presented on "New England Playwrights." The Conference's annual "Johr Playwrighting Award" was awarded for new theatre groups.

Additional information on the Conference is available from Dr. Bernet Fain, Chairman of the Rhode Island Department of Speech and Theatre, who is in charge of the Conference.

THURSDAY, OCT. 6, 1972
BSC STOPPED BY MANSFIELD
LOOK FOR WIN IN MARYLAND

by Lee Smith

For those who were able to awake early enough Thursday morning to catch the Bridgewater - Mansfield State game, it was agreed that the men's intramural football game this week was a pretty good college football in which the Bears came out on the short end of a 7-6 decision.

The game was much closer and more exciting than the score decided in which both teams played with great intensity and the strong running game of the opposition put the Bears in a position where they could not take charge of the game.

In the first half Mansfield rushed the Bears to 10 points within a very early second quarter. Bridgewater mounted a drive that ended in a punt

Late first half interception by Mansfield State throttles Bear's drive.

Bridgewater BEARS

Frostburg BOBCATS

Frostburg, Maryland

Saturday Kick off 2 pm

Broadcast Live WBIM FM Radio 91.5

Hickey continued his sharp passing in the third quarter by completing an 8-yard drive with a 9-yard touchdown pass to end Jim Heikkila. Hickey used all his receivers well especially Larry Burgie who came out of the backfield to catch his pass. Coach Mainiero was also pleased with the passing of Beekman who averaged 4 yards a kick and also gave good defensive and punt return.

Hickey was also quick to add that heickey who completed 2 of 3 attempts was dropped in many times.

In the fourth quarter after Mansfield gave up the check in the fourth quarter and another missed, the Bears put the game out of reach.

The Bears will be without the services of Ron Hickey who fractured his leg in the first half, but had to be carried off on a stretcher. The coach fell Mansfield would be one of the Bears' toughest opponents all year, and the team should improve as the season progresses.

Mansfield will travel to Frostburg this week to face the team that defeated them last year.

KAPPA

AND

ALPHA

WIN FIRST

GAMES IN

FLAG

FOOTBALL

1. Friday will conclude the quarter-final round of the Men's Intramural Tennis Tournament, with five entries still vying for the title.

2. Men's Intramural Flag Football begins on Sept. 28. Results were as follows:

Alpha Delta Phi Kappa Crescent Band

Alpha Delta Phi Alpha Phi Alpha

3. A meeting will be held at 5:30 p.m., Sept. 28 at the lobby of Kelly Gym for all team managers interested in entering a team in the Campus Flag-War Tournament which will be held at half-time of the Bridgewater State College at 11:00 a.m., football game on Oct. 7

4. An meeting will be held at 9:00 p.m., Sept. 28 at the lobby of Kelly Gym for all team managers interested in entering a team in the Campus Flag-War Tournament which will be held at half-time of the Bridgewater State College at 1:00 p.m., football game on Oct. 7.

5. A meeting will be held at 3:30 p.m., Sept. 28 at the lobby of Kelly Gym for all team managers interested in entering a team in the Campus Street Hockey Tournament.

If you are interested in attending the meetings on Sept. 28 please come to the Men's Intramural Office, Kelly Gym, prior to 30 minutes on Oct. 7.

6. A meeting will be held at 9:00 p.m., Oct. 2 in the lobby of Kelly Gym for all team managers interested in entering a team in the Men's Intramural Cross-Country Race.

RECREATIONAL ACTIVITIES

Swimming Pool

The pool is open for recreational swimming (students and faculty) Monday-Friday, 3:00-4:00 p.m. It is also open Monday, Tuesday, and Thursday evenings 6:00-8:00 p.m.

All persons in the pool must know how to swim and must be accompanied by a responsible adult.

Swimming pool use requires no special permission or registration.

Qualifying lifeguards are in attendance for all swimming sessions. They are responsible for the safety of all participants and are responsible for enforcing pool rules.

The pool will not be open when there swimming meets or basketball games are scheduled.

Lap and Small Swim

The gyms are available for student recreation and intramural activities Monday through Thursday according to the following schedule:

6:00 - 8:00 Women

8:00 - 10:00 Men

Exemption:

Small Gym Monday 7:30-8:30

Medium Dance

Small Gym Wednesday 6:00 - 8:00 Continuation Education Class

Small Gym Sept. 27, 28, 29, 30, 31, 6:00 - 9:00 Special Testing Program

All equipment must be checked out and in with Mr. Mondeu.
