Interview conducted by Tricia Michalopoulos and Philip Hackert

$500,000 to be spent "in conjunction with..."

by Tricia Michalopoulos

Perhaps many are asking themselves "What's the whole fuss about behind the curtain?" First of all, the state has given a large sum of money to the college for the construction of a new library. However, the college only needs $65,000 more left and may find it easier to spend it before the state takes it back. In June. It is interesting to note that this money can not be used for scholarships or to buy new books for the library, etc. The intended purpose is solely for a new library.

In order not to lose this $60,000, some of it is now being used to install a language lab downstair in the library. The remainder will be spent "in conjunction" with the library, that is, new bulletin boards in the library which is presently the humanities building. The cost will be $400,000. Next, $80,000 will be used to move the offices from humanities to the main floor of the library. Hopefully, perhaps five to ten years, maybe longer...Classrooms will also be built on the main floor, along with the offices.

The reason for this changeover is due to the fact that the Art Dept. (now in Boyden Hall) is requesting more space for art studios and classrooms and also because, as students say, "It is difficult breathing in such crowded and stuffy rooms!" In addition, the Dege of Education, would probably like space for an office in the humanities building.

There are future plans for a new humanities building being designed by the Language, Philosophy and other departments. That is, before the year 5000 before the college gives the library money for the new construction. Meanwhile the growth of our library, our educational center will be sacrificed. If these office structures are only temporary then President Rondileau should not sign that in 5000 amount of year the library will be returned to the given space.

Upon further investigation, it is interesting to note that President Rondileau's library will have classrooms and offices, yet it does. It was also said that the grand floor of our library was to be used as a new library which would include recreational areas along with student offices in a comfortable place. New is it a question of whether the greater potential to voice the librarians or the students. Then it will be invaded, too.

On Monday, Feb. 26 there was a faculty council meeting to discuss the problem. Again it was said that there will be temporary office space for X amount of years and Pres. Rondileau would not sign anything. As it stands now, Pres. Rondileau's suggestion is to spend $80,000 and to use the entire third floor area for office and classroom space. On the other hand Mr. McGowan proposed to divide the main floor lobby and put a soundproof structure beginning at the elevation. Behind this soundproof structure would be classrooms and offices. The cost amounts to $25,000, which sounds like anything but temporary but the result would be to lengthen the space and the second floor, be used for classrooms, etc.

These are the plans which have been marked off in the hands of President Rondileau. However, the faculty of the library does not agree to pass an amendment or to sign the $500,000 which may be used in conjunction with the old building.

Nevertheless, whatever changes take place the plans will affect the students. And with a new library there is no way that we simply can't afford to let this happen! In any case Pres. Rondileau's plans sounds more like a temporary one.

SGA Conducts Evaluation of all Professors

In the next couple weeks the Student Government Association will be conducting a student evaluation of all professors at Bridgewater. Every student here will be receiving in the mail 5 evaluation forms. A student must envelope address is SGA. To make the evaluation, successfully, cooperation is needed from all students, both in the evaluation, the postcard says: "anyone with a paragraph on, 90% of the students will be able to complete the form. Students will全套 envelopes and to mail them quickly back to the office of the SGA. The more forms returned the better the evaluation will be."

If there's a prof, you've always been in your course or one you've always wanted to praise, here's your chance. Get out the evaluation form, fill out the best you can..."

Dear Mr. Vieira,

The YOUNG'S HIGH GROUP would like to clarify this "news development" currently being reported in St. John Vianney. Last September, the members of the group came together to discuss the possibility and need for establishing a YOUNG'S HIGH GROUP at Bridgewater.

We recently conducted some surveys to improve decision-making and procedures, and we decided to contact you, the season’s editor, with our findings.

The YOUNG’S HIGH GROUP has been discussing this topic for some time. We have been collecting feedback from the students and faculty, and we are now ready to make a decision. Attached to this letter is a copy of our survey results.

We appreciate your assistance in this matter and look forward to hearing your thoughts on this issue.

Sincerely,
YOUNG'S HIGH GROUP

ZO0 STORY

A studio production of Edward Albee's THE ZOO STORY will open at the British Community College on March 1st. A few years ago, Mr. Albee worked at the British Council in London. He now resides in Connecticut and is a frequent visitor to the States.

The plot concerns a man and woman who meet in a park in Central Park and later at a public park. The man is a government worker, and the woman is a housewife. They become friends and get to know each other better. The play is about the process of development and integration of new ideas.

ZOO STORY

Mr. Albee, 45 Murray Rd., New Bridge, is a former British Community College student. He was graduated in 1963 and has since been writing plays and screenplays for television and film.

Mr. Albee's play was selected by the British Council in London for inclusion in the British Drama Festival. The play was performed at the Central Park Zoo in New York City and received critical acclaim.

The play was produced by the British Council in London and directed by Mr. Albee. The cast includes Mr. Albee as the man and a former student of the British Community College as the woman.

The play is about the process of development and integration of new ideas. It is a powerful and moving play that explores the human condition and the complexity of relationships.

Women's Gymnastics Takes Two

The BSC women's gymnastic team has successfully completed two meets of the 1973 season. They defeated UNII, Keene State College and Woodfield and Salem State of Feb. 31, 1973. A high score for the meet held Feb. 30, for the BSC was Teri Lighty with a 7.5 on her floor exercise routine. Wendy Milne was high scorer for the event on vaulting with a 5.6 for her layout straddle vault. On the balance beam, Debbie (limited) scored highest for BSC with a 5.7 and Kathy Oteri scored highest for the event on the uneven parallel bars with a 5.6.

The most exciting meet was the one held on March 1, 1973 at Northeaster Univ. against Northeastern and UMass of Vermont. This will be the final meet of the season.

Worcester Makes for Bears Worst

by Bob Winovich

You harken back, the Bears had a hockey game with Worcester State College, apparently. Worcester State were the only ones who knew about it as they huddled Bridgewater fans. The Bears started off all the right foot but ended upon the wrong foot, closing the door behind the Bears.

Rick Foley commenced the game with a beautiful goal early in the first period. At the 13:00 mark of the first period, the Bears were up 1-0. However, the Bears did not last long as the Bears bang by Wise would be but a slight edge in offense primarily that was a foreshadowing of what was to come.

As time ticked away the Bears didn't play up to their usual standards. The Bears being down 3-0 in the first period. Mike Dunphy finally scored his first point in the Bears final goal.

Joe Wise played in his last game, Mike Dunphy played in his last game. They both knew about it as they banged the Bears' final goal. The Bears were up 3-3 when the final buzzer sounded.

In conclusion, the Bears are not the team they once were. The Bears are another team, a new team on the rise. The Bears are now a 2nd place team in the NECC.

Martin T. Rizzo Scholarship Game

Since 1964, many new members have joined the Bridgewater State College Community. We, the members of the Martin T. Rizzo Scholarship Committee, feel that if you knew a little something about Martin, you would understand why we are so hard to make this a success.

Martin, a member of the Class of 1962, was a most outstanding student. He came to Bridgewater after spending two years in the service. Despite his small physical stature, Marty was able to compete in athletics because of his desire and love of competition.

On the afternoon of November 3rd, 1961, while competing against Rockport State College in a varsity football game, Martin received a serious head injury. As a result of this injury he remained completely paralyzed until his death on January 11, 1964. During this period he displayed the same spirit and courage that exemplified his life both on and off the football field.
