LETTERS

TOM HICKEY

SEeks OFFICE

Students: Through this letter I am announcing my candidacy for the office of President of the Student Government Association. In all fairness to you, I am informing you of my candidacy in this office and the platform to which I propose to run. If you feel I will implement this platform through the approval of the S.G.A. Senate.

Qualifications: I've been involved in several organizations in which I was either elected or assigned to leading positions. These include: Student Senate, Chapter Chair (Kappa Sigma), S.G.A. Senate, and Departmental Representative. I am the student representative to the high school, and I am also a member of the transitional committee to the Student Senate, which I expect to be a major part of the student body's requirements.

The health facilities at present are below what they could be. I would like to see them moved to a larger building with more facilities. This would cost a large sum of money, and it is my hope that the student body will vote in favor of this. A larger building would allow room for a larger student body to be housed.

I would also like to see the recreation center expanded. It is a valuable resource for students and the community. I believe that a larger recreation center would be beneficial to both the student body and the community.

The establishment of a non-legislative judiciary would be a valuable addition to the student body. This would allow for a more efficient and fair judicial system. I believe that a non-legislative judiciary would be more effective in resolving disputes.

I would also like to see the establishment of a lower court in each dorm. This would allow for a more efficient and fair judicial system. I believe that a lower court would be more effective in resolving disputes.

In conclusion, I believe that the student body should elect me to the office of President of the Student Government Association. Thank you.

GREG HALL

I am a candidate for the office of S.G.A. President. I have the experience needed for this position, and I believe I am the right person for the job. I have been a member of the Student Senate for two years, and I have served as the President of the Student Senate for one year. I believe that I am the right person for the job, and I would be honored to serve as President of the Student Government Association.

The S.G.A. Senate has been weakened by the continued presence of the S.G.A. President. I believe that the S.G.A. Senate should be reformed, and I would like to see the S.G.A. Senate be reformed. I believe that the S.G.A. Senate should have more power and should be more active.

Thank you.

NEW SCHOLARSHIPS ARE AVAILABLE IMMEDIATELY.

THEY COVER TUITION AND RELATED COSTS AND PROVIDE AN ANNUAL INCOME OF $5,300 AS WELL.

If a steady salary of $400 a month and paid tuition will enable you to become a professional, training the scheduled requirements may be a costly task. Available by the United States Department of Health, Education, and Welfare, is the Federal Student Loan (FFL) Program. The program is designed to provide financial assistance to students who are enrolled in college programs leading to an associate degree or higher.

A student must first apply for aid through his or her college or university. The college or university will then review the student's financial need and determine the amount of aid that can be awarded. The student must then agree to the terms of the loan and sign a promissory note. The student will then receive a certificate of eligibility.

Once the certificate of eligibility has been issued, the student can apply for a loan. The student will need to provide the lender with the certificate of eligibility and any other information that may be required. The lender will then review the student's loan application and determine whether to approve the loan.

If the loan is approved, the lender will issue the student a loan check or credit. The student will then use the loan proceeds to pay tuition and related costs.

I am taking this opportunity to announce my candidacy for the office of S.G.A. President. With at least four candidates for this office, it is important for the student body to have a choice at all. The student body should be aware of the choices that will be facing it in the next two weeks.

Presently, I am a Justice on the Student Senate, and I will continue to be a Justice. I believe that the S.G.A. Senate should continue to serve as a legislative body. There was a carillon concert later on this evening, in the gym, that was quite wonderful, I will say. It was a great success, I think.

The audience was enthusiastic, and the performers were excellent.

These are offered in hopes that they will preserve your sanity during the coming months, whenever you may feel the need to reach for them. I, dry-humpered, just pluck up these songs and ring one out. If they don't take your mind off all the fish and clean, they probably will make you sick and feel like eating vegetables.
