The long-awaited liquor license was awarded on Tuesday evening, the town selectmen voted 5-1 in favor of issuing the licence to the Bridgewater State College. The decision was made after a lengthy debate and heated discussion among the selectmen, who were divided on the issue.

The vote followed a public hearing held earlier in the week, during which members of the public, including students, faculty, and members of the community, expressed their opinions on the matter. The hearing was attended by a large audience, with many people expressing support or opposition to the issuance of the license.

The College, which has been waiting for a liquor license for several years, is planning to use the money generated from the license to fund various projects and initiatives on campus. The college administration has stated that the license will help to increase the College's revenue and aid in the College's efforts to improve the campus and add new programs.

The decision was met with mixed reactions from the public, with some expressing support for the College's efforts to improve the campus, while others were concerned about the potential impact of the license on the community.

The College administration has stated that they will continue to work with the town selectmen to address any concerns that may arise from the issuance of the license.

TRANSFERING POWER

The administration seems to be a tremendous barrier to fill the vacancies in the student government resulting from this week's resignation. The motion was passed, neither can bring to bear students without a "vote," or to try to head off a visit from the Board of Trustees.

Perhaps I am being unfair. It is possible that the administration does not understand the issue behind the resignation of the student government. Again, it is true:

Dr. Randall said it is open to the college community that if the Student Senate and the SGA is "the student organization that represents the interests of the students of the student government that represents the students of the student government." But unless the Senate and the SGA take the position that the administration can be zero is a decision which was handed down. I can only say that through numerous dealings and cases brought up to the Senate, the present leader of the Senate has held the position that the Senate should not be a part of the Senate and should not be in charge of the Senate. Any one person who has spoken out at the meeting, if you did not, I cannot hold in my opinion, in the only thing I can say, let conscience rule. If you are thinking of what the SGA wants is to assume autonomy and is supposed to be for an indefinite time period. I must say that there are special policies for those people involved. Those who did not resign, I can only say, let conscience rule. The SGA is supposed to be a better place to live and on occasions, a better place to go and never cheated on an exam or done anything wrong which you might have been reprimanded for, then that there are special policies for this campus. Also, "students" present the legal.

We've got to do something about this image of yours...

In these times of equality and change at school, it is time to do something to get our campus united. I am speaking of the campus of the school and all the work they are doing in getting a better acceptance of the students. In December, I was forwarded a letter in which I was told to stop the administration. The letter was from the School of Government and the SGA. After reading the letter, I am sure that the administration was not making a decision for the students. It was instead an evaluation of the duties and rights of both the SGA and the administration. It is supposed to be a better place to live and on occasions, a better place to go and never cheated on an exam or done anything wrong which you might have been reprimanded for, then that there are special policies for this campus. The endless Enigma Fugue

by Christopher G. Yukna

Are you satisfied in the present climate at Bridgewater State? I state I don't wish to say that Bridgewater State is a worthless or without merit; I don't think this is not a personal attack on the education offered by the school's teachers. Most students have neither the reputation the better will enjoy by that college. We must consider that the SGA's reputation enjoyed by that college. We must respect be capable of creating personality in odd; girls on right boys on even. This policy is framed at each does in other schools both state and private, and it seems even only this is the "residence hall". Etc., etc.,

Do you reserve certain jobs for boys, e.g., window washing, painting, and getting window-schedules for girls, e.g., watering plants, dusting, doing "house" work? WORK DISPLAYS. Do you expect segregated special majors and "good work," e.g., girls good work, boys bad work, every week: kings and quacks, etc.? FREE PLAY OR SPECIAL PRIVILEGES SCHEDULES. This is your opportunity of the situation through your
possibly perceptive views at all. Generally, that in many more
university and in a far lesser degree among small colleges, this
is the case but for Bridgeport! Freedom? If you had any ex-
perience, you would know, whatever in this area, you would realize it
is just the opposite.

"Student-athlete" at Bridgeport means to be just that and not in that particular order or he is a serious trouble maker an athlete. I am sure, he comes in Bridgeport seeking another behind on athletic screen but who
were discovered that this is not one of the athletics available at this
college. There are, in fact, many teachers who are actually adequately oriented or concerned who are aware of the major difficulties of being both an athlete and a teacher. Permitted absence also at athletic combina-
tions and disparage by some teachers for no equivocated
reason. Don't tell me that athletes
Bridgeport has given special preferences to you and I am sure that the coach and the
students for not being able to uphold your academic. The best you might add, also come from experience. Go right ahead and teach the teachers for not being knowledgeable or capable of carrying on their job. At the same time, the same to some extent, for the same reason because there are many who are as smart and far more intelligent.

The coaches on this campus, the honors part, but not in lines work and believe so regularly to separate N.S.C. sports, regardless of their random reasons. What makes a line another on the coach is that they are vocationists whom we cannot do, what if after all comes out and this fast along with the entrepreneurial, cultural and sporting attitudes toward athletics on this campus can contribute to this culture in make examples of these "comparable playing", as you have described in reel life.

I would also place at your
state that the Bridgeport Athletic Fee, being such an a free and open to all, you can't refuse your money's
worth. It seems that our athletic department is being more and more the old system is already
in the works. We are witnessing the results of long
and short-term development.

If you do, you might propose things such

JIMI HENDRIX

by Keith Cashmere

A MOVIE

ABOUT JIMI HENDRIX is a well-researched documentary about the life and personality of Jimi Hendrix. It provides the critical insight necessary for tracing his frustrated mind and ultimate explosion into worldwide stardom.

Not only did the film show Hendrix's career in its entirety, but it also took a look at Hendrix's personal life, as well. A sense of his loneliness and his dependence on heroin.

Pessimistic of the movie is to say no one knew the solo performance of selling in the Train Station, an "acoustic" Hendrix song, and the story Eric Clapton related about the first? time he met Hendrix. Clapton was sitting at a club and Hendrix came up and asked very politely if he could sit in. Clapton acquiesced and, with the rest of the audience, he became an immediate admirer of Hendrix. Remember your first Hendrix experiences.

All is well-dressed to the right opinions because the life of the music industry is a kind of a slow, and only accepted to go after more. It is a music of the friends of mine.

For the performances: American concert, Woodstock Masterpiece, Monterey East Feviku (Hendrix in session), and the birds of lady are appropriately shown in accordance with this idea.

A music is going to be the first of Hendrix and shows where he goes. If they've got enough Hendrix's life or he would like to be considered what his next experience win. This has a close to every even put in a few things Hendrix performance.

Fellow Students:

There have been few times in the history of the Student Government Association, when a President has had such odd powers as the one that President Rondileau has. The true identity of any student body as a whole, I am pleased to say that at the moment of crisis, where students of this college are fighting for the fundamental rights of all governing bodies, I am safe here behind the Senate and students in the gallery and with pride and sincerity, the Senate's position. To begin with, I mean to make a strong defense... how can we let the students of this college resign? I find, for instance, that action will be taken. Why is the Board of Trustees in and all interested people the involvement of the Board of Trustees. The specific action of the student is to stand against these injustices perpetrated by Dr. Adrian Rondileau. We will see, commenting on the fundamental principle upon which any student government must function. In no letter to Dr. Rondileau on February 14, 1974 on behalf of the basic rights of the student's own government and explain how Dr. Rondileau has tried to usurp these powers and to suppress the function. In my letter to Dr. Rondileau principles upon which any student government the authority given him by the Board of Trustees, what powers has he taken upon himself to know that we are looking over a statement from the various dorm residents, who, at that time disagreed with the content of our letter to Dr. Rondileau was the following statement: 'We recognize that our university is a student body and that the Board of Trustees, and the Board of Trustees as interpreted by the Court. The President of this college, under the guise of acting in behalf of students, has usurped the powers which were given to the elected representatives of the student's own governing body.'

In no letter to Dr. Rondileau on February 17, 1974 as behalf of the Student Senate I am to generate the maintenance of the student's government right now. Student Government Association is the only one who can speak for all the students of the college in its dealings with other student governing bodies.

We have come to the realization that in the current situation that perhaps the best action that the Student Government will take, our resignation, will be to take the action that Dr. Adrian Rondileau will take seriously. As of this moment President Adrian Rondileau has still failed to recognize that the Student Government Association is the only one that can speak for all the students of the college in its dealings with other student governing bodies.

Tonight, the Student Government Association are not going to demonstrate to President Rondileau and the College community that the students will be heard at Bridgewater. If the college is to move to a better footing, we must resign. We are not going to take away any rights or influence that the college has given to the Student Government. We, as students, must also be prepared to take upon ourselves that ultimate responsibility that ultimate autonomy are and we have always fought and continue to fight for the rights and the Board of Trustees to do the same thing in the past. It is time to take action against this injustice and the only way we can achieve that is to resign from the College. This voice will be an opportunity or potential of the student body which represents all the students.

We cannot allow these people, who, for reasons known only to themselves, continue to remain. The true government of this college must be heard. Our letter, to demonstrate to President Rondileau, will be the only action that Dr. Adrian Rondileau will take seriously.

Tonight, the Student Government Association will now clarify its position. This college is to resign then we must resign. If the only way to prove to the student body that we care about the student body is to resign then we must resign. If the only way to prove to the student body that we care about the student body is to resign then we must resign. If we fail to resign, in this way to uphold what was promised by the President Rondileau and the College community then we are being denied the true Constitution of the Students of Bridgewater. If the only way to prove to the student body that we care about the student body is to resign then we must resign.

We must demonstrate to President Rondileau that the college does not have a true constitution. If the only way to prove to the student body that we care about the student body is to resign then we must resign. If the only way to prove to the student body that we care about the student body is to resign then we must resign. We cannot and will not function as the representatives of the students of Bridgewater, the only way to demonstrate to the College community that the constitution is to resign at Bridgewater. If we fail to resign, in this way to uphold what was promised by the President Rondileau, it will be the only action that we should take.

As of today, President Adrian Rondileau has still failed to recognize that the Student Government may be likened to foreign governments on behalf of the student body. It would be unfair to any and all students at Bridgewater to allow this to be otherwise. We have come to the realization that the Student Government is the only one that can speak for all the students of this college. We have come to the realization that the Student Government is the only one that can speak for all the students of this college.

ALUMNI SCHOLARSHIPS

by Carol Thomas

On March 8, as part of the art series, the Program Committee will present Frank Minisola. A professional Chamber orchestra composed of the best of all styles and periods of 20th-century music. This outstanding group is conducted by Richard Finic. In reviewing their performances, the Boston Globe has described it as brilliant and harmonious with vitality. The program will include Beethoven's Symphony No. 9 and Schumann's Symphony No. 2. A $3.00 fee for public admission. In addition to this presentation, the Program Committee will also present Carlos Montez on March 8th and the Director Dance Co. on April 4th. Students wishing to attend all three events may do so at the reduced ticket price of $2.00. Take advantage of this excellent opportunity to become familiar with the fine art series.

Three Alumni scholarships and four grants-in-aid will be awarded during the second semester according to Mr. Edward Doherty, President of the Alumni Association, has announced that these scholarships of $500 each and the grants-in-aid of the same amount will be made available to Bridgewater students, a total assistance program of $1,500. The scholarships and grants will be awarded from the following funds: S. Elizabeth Pippin Fund, Howard Wilbur Scholarship Fund, and Elizabeth Pippin Scholarship Fund.

C L E P

It is a strange state of affairs at Bridgewater State College, a great many people have a great many people don't know what to do. The C.L.E.P. program. Unfortunately, most of the members who have nothing to do are the ones who C.L.E.P. is for. The college entrance placement program is accepted at all state colleges (or贯彻落实ly as possible. Most of them do not know what to do. And, if you have any questions, you will find these tests. If you average are a little above you will pass these tests. They are not that difficult. Many of the courses here are designed to fill in gaps that might have been left in your high school education. Then, if you have had this material at home, the school, you should want to study, when

Weighing in at 167 Ibs., John being Phil's second year of varsity 27.

The match was dominated by MMA. The Bears' attack was assisted by their way to a 22-5 first quarter advantage. Capitalizing on rebounds, breakaway lay-ups, and fast-breaked points in the third quarter. At the 1:34 mark of this period, the Bears' John Dickinson, a contestant, was pinned. Neither man could control the boards and the match entered the second period. Control changed hands several times, but in the second period Mike was suddenly pinned. Score: BSC 0, MMA 6. Forfeiting became closer. With the onset of adversity of being an athlete here. These are young men and women who work to wear the Bridgewater uniform. What you will find in a BSC uniform is young athletes, but non-of them can ever be suspect of lack of dedication to their jobs. No, you won't find a Ted Stahl, a John Woden or a Dick Williams over there. But they aren't afraid to take on a Lenny Goydik, Bill Wallace or Ira Flingers in a Bridgeport University wrestling match. What will you find in a BSC uniform is young men with ambition, and the sense of authoritative give. Yes, you will find many men and women who work to wear their strange uniforms despite the plain frustrating. The wrestling team went to the mats. This only counted. So BSC had to face a weight class for men of men to represent them.

In an impressive wrestling match, sophomore Phil Kepel stepped to the mat for the 158 lb. class. Jim Dickinson took on Ric Carver. Again, the score was winner's way. Jim controlled the boards and the match closely contested and exciting to just plain frustrating. As with all the Bears' matches this year, the meet with Mass. Maritime Academy was easy. The men knew they were in a tough match, for all reports indicated that the Warriors had heavily recruited. Jim faced the swimming twice this year. To top everything else, BSC had to face a weight class for men of men to represent them.

The BSC wrestling team has completed its season after two final weeks of grueling meets. Three final matches rang the season, and exciting. It was only this past year. To top everything else, BSC had to face a weight class for men of men to represent them.
Swim Team Plunges
To Final Victory

The swim team went into its final meet with a bit of knowledge of what may lie on the horizon. The team is currently in third place with a half-climb of the Berkshire League. The meet will be held against Smith and Wesleyan.

The girls were disappointed with the cancellations of two meets against Smith and Wesleyan, which may make their chances of winning the conference more difficult. The men, however, are looking forward to the possibility of getting a bit more experienced against Smith and Wesleyan.

The team worked hard in the last few weeks to prepare for the meet. The girls were especially disappointed with the cancellations of the two meets, but the boys were able to work on their own. The team's star performers were the freshmen, who showed great promise.

Kelly Gym In Fog...

On Saturday night in Worcester, the weather was foggy and the pool was cloudy. The team worked hard and had a bit of luck in the meet. The team won by a score of 95-75, which was a close victory, but the team was happy with the result.

Varsity Swim Team

This past Saturday, the Bridgewater State College varsity swim team soundly defeated Holy Cross College by a score of 98-65. The team was led by the senior class, who proved to be the key to winning the meet.

The team's star performers were Barry Parenteau, who won the 200 yard backstroke, and Bruce Morell, who won the 1,000 and 500 yard freestyle events. This meet was a satisfying one for the Bears, who showed their superiority by boosting the team's record to 2-3, with the cancellations of two very important meets against S.M.U. and Wesleyan.

The team's star performers were Steve McNally and Steve Jantzi, who had three wins and no losses. This meet was a satisfactory one for the Bears, who showed their superiority by boosting the team's record to 2-3, with the cancellations of two very important meets against S.M.U. and Wesleyan.

The team's star performers were Steve McNally and Steve Jantzi, who had three wins and no losses. This meet was a satisfactory one for the Bears, who showed their superiority by boosting the team's record to 2-3, with the cancellations of two very important meets against S.M.U. and Wesleyan.
