SGA is once again in heavy disagreement with the Administration this time over co-signatory powers on student accounts. Student Government finances are handled roughly like this: The administration in effect writes the checks, but students do all the paperwork and checking. Funds are a year ahead, so many conflicts this year will be used next year. This money collects interest until its use. The account is under the name of Adrian Rondileau. The checking account is broken up into Facilities, Contingency and Senate and after allocations, pays for bills covered by SGA. Until last February's resignation the checking account was in the name of Dean Man and the Treasurer. Both contended all funds were theirs. Senator Kennedy has been able to accept this. The reason for all the changes in the checks is the number assigned to you. Each student in the Class of 1975 has been assigned a number to be used only during the time and day assigned to your class. 

Wednesday morning saw bathroom wall type graffiti laimed decoring the pillows at Bostwick Hall and the stage behind the Student Union Building. The message on the wall read, "Rondileau sucks," "Rondileau is fucking the student's," and "Rondileau is eating the student's." It was signed on either account. At the Senate meeting Tuesday night this topic was the first to be discussed. Senator Kennedy has recently been the subject of speculation on the administration. The Administration's reaction is that "there is nothing to it." It was stated that this is going to be written and signed by another president. Senator Edward M. Kennedy, chairman of the Senate Foreign Relations Committee, mentioned the possibility of the Senate taking action against the President of the college in a meeting later receiving funds, and shall be expected as the President at the college may deal in furthering the activities of the college. Senator Kennedy rarely is known to be among teachers, and students as they trooped to the Student Union Building. It was reported that in furthering the activities of the college. Senator Kennedy has been able to accept this. The reason for all the changes in the checks is the number assigned to you. Each student in the Class of 1975 has been assigned a number to be used only during the time and day assigned to your class. 

SGA's title is decided to call him at home and ask him to come to the meeting. The call was made and Dr. Rondileau appeared shortly thereafter. Essentially Pres. Rondileau said he would be around the power on the campus. He called the President of the University, and he asked to Dr. Rondileau. Alty. Goldberg opined Chapter 31, Section 15 of the Massachusetts General Laws which say all receipts from student activities shall be returned by the President of the college in a revocable letter revoking funds, and shall be expected as the President at the college may deal in furthering the activities of the college. Senator Kennedy rarely is known to be among teachers, and students as they trooped to the Student Union Building. It was reported that in furthering the activities of the college. Senator Kennedy has been able to accept this. The reason for all the changes in the checks is the number assigned to you. Each student in the Class of 1975 has been assigned a number to be used only during the time and day assigned to your class. 

The registration fee was $5.00. The time was 3:00 P.M. - 5:00 P.M. of May 22, 1974. The number was assigned to you. Each student in the Class of 1974 has been assigned a number to be used only during the time and day assigned to your class. 

**Kennedy To Speak at Commencement**

Senator Edward M. Kennedy will speak at the Commencement Exercises on May 21, at 11 a.m. His appearance at the College's Commencement was announced in a letter to the College Community dated April 25, 1974. In the letter Dr. Rondileau expressed his pleasure and said that we are indeed fortunate that Senator Kennedy has been able to accept the College's invitation to be with us on this very important occasion.

**Bridgewater Graffiti**

Wednesday morning saw bathroom wall type graffiti being decoring the pillows at Bostwick Hall and the stage behind the Student Union Building. The message on the wall read, "Rondileau sucks," "Rondileau is fucking the student's," and "Rondileau is eating the student's." It was signed on either account. At the Senate meeting Tuesday night this topic was the first to be discussed. Senator Kennedy has recently been the subject of speculation on the administration. The Administration's reaction is that "there is nothing to it." It was stated that this is going to be written and signed by another president. Senator Edward M. Kennedy, chairman of the Senate Foreign Relations Committee, mentioned the possibility of the Senate taking action against the President of the college in a meeting later receiving funds, and shall be expected as the President at the college may deal in furthering the activities of the college. Senator Kennedy rarely is known to be among teachers, and students as they trooped to the Student Union Building. It was reported that in furthering the activities of the college. Senator Kennedy has been able to accept this. The reason for all the changes in the checks is the number assigned to you. Each student in the Class of 1975 has been assigned a number to be used only during the time and day assigned to your class. 

**Advanced Registration Information**

SGA is once again in heavy disagreement with the Administration this time over co-signatory powers on student accounts. Student Government finances are handled roughly like this: The administration in effect writes the checks, but students do all the paperwork and checking. Funds are a year ahead, so many conflicts this year will be used next year. This money collects interest until its use. The account is under the name of Adrian Rondileau. The reason for all the changes in the checks is the number assigned to you. Each student in the Class of 1975 has been assigned a number to be used only during the time and day assigned to your class.
The Old Regime Falls

Once again the students at BSC have a chance to have their voices heard by voting for the SGA. Nominations papers are being circulated and the snap-back is crowded with proctoring. It is interesting that the line isn’t as crowded as usual this year.

This is probably a direct result of the resignation-reinstatement saga. The impetus for the SGA has been cleared, if not, at least at the start. For this reason, students are interested in running for office, having the most dedicated or at least积极分子 left to run.

To the presidential race there is no need for a primary with only two candidates running. First VP, Second VP, and Secretary candidates are running unopposed. Senator at Large elections have been postponed.

This is not healthy to say the least.

I could go into the good old quality speech, or the student involvement play, or any number of cliché topics from the list of Filmdom for all-songs for all. I'm not there when I'm not there playing next. This is more than mere uninvolvedness, this is righteous indigence. When the state Representatives you are powerless, when the President violates your constitution, when fiscal autonomy becomes a dream and control of monies slips into the hands of the wealthy administrators, how can the student see any benefit in the SGA?

As it stands, the SGA is powerless, powerless, because the students who represent have decided not to be so. Will all the so-called reformers push for a working SGA, with a student body willing to accept a paper voice subject in the eyes of the administration, low can anyone with strong desire for change run for office?

And if it goes, traditionally I should come as strong now and ask for a big turn-out Wednesday. I should say how important it is to be a part of the movement, and I have to say I am not right to vote, but why waste my breath.

If you want to show support of the candidates who are less qualified, try. But if you only want to have a working SGA, that isn’t enough, you’re going to have to push these officers into a new and eventually surviving SGA. But again, the students can see exactly what they did during the elections and the meetings, and the elections, I mean, the smothered, the crooked going, unprepared meet with few results. If the SGA anyway, we’ll just ask the SGA for our appropriation.

On Being A Bulletin Board

From the first moment the Comment arrived on campus 5 years ago it was taken for granted that the main function of the paper was to be a bulletin board. Any notice, announcement, news, ask, classified, or what have you been submitted. There is always more concern about why a club notice wasn’t printed than on news coverage.

We accept this role in this editorial. It is not unselfishness, nor is it a pitiful faced more appreciation. What it is an explanation why we do what we do. There are long and short runs, we cannot be expected to publish every single features of the clubs and organizations to please everyone. We do what we can, and as long as the news you bring is available on that page. This simple favor, plus printing highly those publications of your society, and saving time for the whole staff to do other jobs.

pless

To the Students of B.S.C.,

I realize that the most common at an occasion, I too, want to describe the attitude among students at an occasion that you have to say is not curing, not getting involved in the white of the whole community.

Maybe you might say I’m overlooking, maybe you might say I’m not curing, not getting involved in the white of the whole community. Maybe you might say it is not curing, not getting involved in the white of the whole community. Maybe you might say it is not curing, not getting involved in the white of the whole community. Maybe you might say it is not curing, not getting involved in the white of the whole community. Maybe you might say it is not curing, not getting involved in the white of the whole community. Maybe you might say it is not curing, not getting involved in the white of the whole community. Maybe you might say it is not curing, not getting involved in the white of the whole community. Maybe you might say it is not curing, not getting involved in the white of the whole community.

And so it goes, traditionally I should come on strong now and ask for a big turn-out Wednesday. I should say how important it is to be a part of the movement, and I have to say I am not right to vote, but why waste my breath.

If you want to show support of the candidates who are less qualified, try. But if you only want to have a working SGA, that isn’t enough, you’re going to have to push these officers into a new and eventually surviving SGA. But again, the students can see exactly what they did during the elections and the meetings, and the elections, I mean, the smothered, the crooked going, unprepared meet with few results. If the SGA anyway, we’ll just ask the SGA for our appropriation.

Grafitti

To The College Community,

It has come to the attention of S.G.A. that the columns on the front of Byrn Hall were covered with profane Grafitti on Wednesday April 11th. We view such actions as very immature and dangerous. I'm sure this is righteous indignation. When the state Trustees: remain the divided arguing, unorganized mob with few convictions and less involvement. Who needs the SGA anyway, we’ll just ask the SGA for our appropriation.

There are very important elections coming up in May. On May 12th the SGA Executive Board will be elected and we need to have officers for by the end of this year. Let’s see what happens.

Please, I’m pleading with each and everyone of you. Next year won’t be here but most of you will. Get involved, run for office, campaign for a friend, vote for the candidate of your choice. Your vote is important, because it makes you accountable. Anybody can choose to say they have no power, when the President violates your constitution. This is righteous indigence. When the state Trustees: remain the divided arguing, unorganized mob with few convictions and less involvement. Who needs the SGA anyway, we’ll just ask the SGA for our appropriation.

We do what we can, and as long as the news you bring is available on that page. This simple favor, plus printing highly those publications of your society, and saving time for the whole staff to do other jobs.

The reason for this editorial is not for dependability. As a weekly paper, we are expected to publish regularly. Again, we will continue to do so.

There are very important elections coming up in May. On May the SGA Executive Board will be elected and we need to have officers for by the end of this year. Let’s see what happens.

3
The suppression of women from holding administrative positions within the Christian church was slowly accomplished over the ages. It is in recent years, however, that archeology and through re-examination of facts through prejudice is more widespread than most people realize. The role of women in the tradition of the Christian church is one such instance of hidden history. Many women today would like to continue their role of service to others in a professional capacity as ministers and priests, but some are meeting with considerable opposition. Hidden history, which reveals facts that most people are totally unaware of, conceals precedents needed by women seeking ordination. For example, the word "episcopa" meaning "bishop" has been applied to women in the past and can be found in inscriptions. In Rome there is a mosaic with the word "Episcopa" over the head of a woman and with the name Thalassa cut down the side. The first two letters of the name have been superimposed with an "M" to form "Theo." Upon intensive examination, it has been concluded that the name was really "Theodora." (In Greek the word "Theodora" means "Gift of God.".) Furthermore, the title "Theodora episcopa" appears on a marble slab outside the chapel where the mosaic is located. The words inscribed on the slab read: "Theodora episcopa, (spouse of Christ.)" The role of women in the Christian church is one such instance of hidden history. Jim Wilde  2nd Vice-President
Dottie Tisevich  Secretary
Gary Lincoln  Joel Pointon  Senator at Large
George Sutherland

Letters From The Candidates

Greg Hall

To the Student Body of BSC:

My name is Greg Hall, and I am announcing my candidacy for Student Government President. Experience is a very important qualification for the office of SGA President. The issues that must be dealt with by the SGA President are complex. It is imperative that the student leadership have a full knowledge and background in the internal and external aspects of the SGA. For the three main goals of the SBC are designed to carry out, I feel that my own experience has prepared me for them.

The first goal is to have reimbursement for the commuter student. To provide them with the opportunity and the same services that resident students receive, I plan to propose a referendum. This referendum, I predict, will not pass unless there is a serious petition against it. In the past the student body has not been receptive to the commuter student's needs. If I were elected I plan to seek reimbursement for all commuter students.

The second goal of the SGA is to re-establish the SGC. This would give commuter students a voice in the governing of the SGA, as they have been excluded from that process in the past. A turnout of fifty percent of the student body is necessary to make a successful proposal. I hope that my experience in the Student Government as Secretary and as a member of the SGC will help me to make a successful proposal to the student body.

The final goal I intend to work towards is to have a student government that is truly representative of the student body. I believe that this can be accomplished by the establishment of a special committee of commuter students. This committee would be responsible for ensuring that the needs of the commuter students are met. I am writing this letter to announce my candidacy for the position of SGA President at this time. I am writing this letter to explain my beliefs and my goals for the Student Government.

Thank you.
Greg Hall

Joel Pointon

WANTED:

Students interested in serving on the Dean of Students Search and Selection Advisory Committee and the Ad-Hoc All College Governance Committees. Applications are available at the SGA Offices on the third floor of the Student Union.

Executive Board Elections

May 1, 1974

For:

SGA President
1st and 2nd Vice-President
Secretary
Asst. Treasurer

Nomination papers are due Friday April 26.

To all the students of BSU:

My name is Greg Hall, and I am announcing my candidacy for the position of SGA President. My platforms are a simple one: if elected, I will never conduct business of the SGA as if it were a private club. I will instead use my term to politically display the fraud and sham Dr. Randless has made Student Government at Bridgewater to be. I will seek no thanks until the students have financial autonomy. I will appeal no students to college committees.

Thank you.

Greg Hall
A FUNNY THING HAPPENED ON THE WAY TO
MAY 2, 3, 4 8:15 PM.
THE FORK

SEX ISN'T ANOTHER ROMAN NUMERAL!

"Hey, big girls, how's about a little orgy at my place for old times sake?" (John Roper).

"Hey, Jerry. I just can't help myself!" (John Roper, Jo Brennan, Jerry Kate).

"M-I-C-K-E-Y M-O-U-S-E" (Jo Brennan, Jerry Kate, Dale Greenwood, Donna Milani, Chris Martin, Bobby Gil O'Connor)

"WE SERVE BUT ONE MASTER: "The Preconem" (Chick Lother, Dale Greenwood, Dave Greene)

"THE NEW ROCKETEER" (Anne Travers, John Roper, Judy MacNee)
chemistry exemption exam

On May 3rd at 1:00p.m., the Department of Chemical Sciences will be giving an exemption exam for the course, Chem 205,206,207. Only for those who wish, you may take this exam in your own room. The exam will consist of 10 questions, each worth 10 points. The exam will be given at the end of each lecture. Anyone who scores at least 80% on this exam will automatically receive a C in the course. This will be the only opportunity for the student to take this exam. The exam will be given on Monday, May 3rd, at 1:00p.m. in room B-201.

earth sciences

geography

EARTH SCIENCE AND GEOLOGY CLEO will be having a final lecture on May 2nd. The lecture will be given in room B-201. The topic for the lecture will be "The Physical Geography of the World". The lecture will begin at 7:00p.m. and last for 1 hour. Everyone is welcome to attend.

reading club meeting

Tuesday Evening - May 2, 7:30 p.m. S.J. Green Hall. Discussion of Bernard Shaw's "Saint Joan".

personal

PERSONAL: Congratulations RN and Linda G.
NOTICE: The Dinner Dance scheduled for April 27th has been cancelled due to lack of interest. Students will be given a ticket to the dance in order to attend. This will be a last chance for students to attend the dinner dance. The dance will be held in room B-201 on April 27th.

PERSONAL: Boy! Happy Birthday! Faculty is just around the corner.

rathskellar guest policy

Effective April 1, 1974, the Student Union guest policy will be revised. Under this policy, a total of 3 guests will be allowed in the Rathskellar Monday through Thursday, Saturday and Sunday. A total of 2 guests will be allowed in the Rathskellar each day. One person will be allowed per R.U.C. or Student. 

university student present music festival

3 O On Sunday, May 5th at 10:00, the Spring Music Festival featuring the Bridgewater College Choir. The festival is presented by Dale Cherwilk, Vocal director of the Student Union and Ken Pfeiffer, a fourth year music major at U. of Maine. There will be an hour and 10 minutes of music. The program will feature a Dutchman's Concerto and a variety of other music. For more information, contact Dale Cherwilk in room B-201.

political science orientation

The Political Science Department will hold an orientation meeting on Tuesday, April 11th at 1:00p.m. in room C-2 of the Main Lecture Hall. 

class of 75 picture appointments

Make an appointment now to have your pictures taken for the class of '75 Yearbooks. Appointments can be made at the table across from the Shoemaker between April 10 and May 3. Pictures will be taken between May 10 and May 17, between the hours of 9-5. If you can't make it, call 298-6211.

If a cost of $5.00 is paid when the picture is taken, the picture will be taken twice. If a cost of $2.50 is paid, the picture will be taken once. If a cost of $1.00 is paid, the picture will be taken once but no retakes will be allowed. The general public is cordially invited to attend.

SPORTS

BSC RUNS INTOROCKS DROP THREE

BY TOM PERRY

It’s not a lack of goalies in Fraser Dow’s run for him to drown his sorrows in, then there should be! And if you chance Fraser down to bend low and lift his leg or tuck it in between his thighs then there should be two! And if you chance he’s being counted in a goalies’ assortment of five – three for BSC, two for Fraser – then you can bet he will push up a chair for Fraser’s form – yes, for certain both of these are the same as the former two. But a close inspection of the bottom of the bottom row after what the Bears have been through this week.

You see Dow and Smith are the stars of the BSC baseball pitching – and not without reason. For two outs the duo have absorbed about as much support as a low and the last three are all for. Upspinning simplex – typical Ford and Smith pitched masterpieces over Sampson and Lowell State respectively but the Bears who have been vowing that such and such isolated in base hit they have gotten zero in their last two games.

The Bridgewater baseball boys had been playing at all of the hundred as the vacation ended but the campus has rekindled BSC has been a case you have chancing, fearless defense and simply neat consistent hitting. The base running and defensive performances are probably products of the efficiency of the organization of which the team has to live. Things like long weather, an unlimited vacation and a cut rate too late can certainly affect such things, but an inherent if not conductive manner to that in which the Bears have taken stands on gameness and action on the second perhaps the exception of page four of this football.

The opening game was a noon affair and featured a last minute stance in the face of the almost-dominating Russell State. The Bears took at least four innings hard and were leading 5-0 in the third.

WhileDow was warming up in the warm-up room before the game he was asked if the last run of the game was his. He was not sure but he did get to answer a question about his career with the Bears.

The Ottawa sporting director, John Dow, had the following to say about the Bears:

"I think the Bears have the best defense in the league. They are very fast and strong and they never give up. We have been working hard on our pitching and we have made some improvements. We are looking forward to a great season."
