Senior Party Controversy

The Senior Class sponsored a most controversial party at the Bridgewater. Planned as a "59 Days to Sell Out" party, it was to be held for a smashing success with the majority of Senior officers and Junior volunteers at the door.

The party could not have been more embarrassing, aggravating and disappointing for the majority of those who attended, conversely resulting in a disappointing evening for the admittance. Two situations existed: tickets were used at the door, and the party was sold out, many forged tickets were used, making a profit under the name of Senior Class. The problems of those who did make it to school are already well remembered.

As far as the lecture in the library given by DiCaro, "DiCaro Visits BSC," the students must be turned in by any student willing to listen. Attorney General, and more.

I have a bill in the Massachusetts legislature that would save you between 500 and 1,000 dollars a year. I am also engaged in an important public relations issue.

The bill would create an educational fund for students in the Massachusetts system who have participated in a public relations campaign. It is important to understand that the bill has been introduced to address these issues.

SGA - The student government Association. Where are they? Who is their function? What does SGA do? Do they have a SGA? What are the SGA's aims? What do they do for us?

The SGA is a student governing body. It has the title of council to discuss club budgets and other club issues. The SGA is comprised of two SGA members and one student government association (SGA) member. The SGA is sponsored by the student government association.

I don't know much about the SGA, all I know is that it is a student council that meets constantly. I believe that the SGA is a better council than the student council because it is not a council for students, it is for students.

I know that the SGA members are elected, they are not there to help the students. I believe that the SGA is more of a student council than a student government association.
