Security at Hill??

Are we expected to look the other way, people pulling and saving cards from the Hill for themselves? Are we in danger living on the Hill? The police patrol, shuttle buses to and from the dorm can we be sure we aren't in danger. Should we be penalized for putting up with this negligence any longer? This is abhorrent.

Another course we are directed to is the registration course. We have been told that this course is needed by a reasonable number of students. If the course is necessary, why aren't we being given the right to challenge school policies during registration? Just because this is a state college does not mean that we are not entitled to vote on issues. We have the right to be heard. The choice is ours. The choice is ours. The choice is ours.

Through the Community Service Organization (CSO) and the Student Activities Center (SAC) we are offered assistance with our immediate needs and help in our specific immediate needs and help in our specific immediate needs. The choice is ours. The choice is ours. The choice is ours.

The second half saw the team's performance decline, with Westfield State scoring 27 points to the Bridgewater team's 3.

The Bridgewater defense was dominant in the first half, holding Westfield State to just 7 points. However, the offense struggled to score in the second half, failing to capitalize on several opportunities.

How can anyone say that there is no danger in anything we see or hear? These are questions that must be answered. The answer to these questions is yes, there is no danger. However, there are some things that we must do in order to stay safe. We must stay alert and be aware of our surroundings. We must also follow the rules and regulations of the Hill.
