**Vandalism:** Cause for Concern

by Jean St. Andre

Several acts of violence and a fire occurred at BSC over the past weekend. According to the Director of Student Services, David Deep, the fire happened at about 2:30 a.m. on Saturday night. The fire was reported by an off-duty firefighter who observed the flames from the street.

Deep said that the fire was contained to one of the dormitories on campus and that it took the fire department about 30 minutes to extinguish the blaze. He added that no one was injured in the incident and that the cause of the fire is still under investigation.

Deep also mentioned that several other incidents occurred on campus over the weekend. He said that a car was broken into and a computer was stolen from one of the dormitories. Additionally, there was damage to several cars parked in the commuter parking lot.

Deep urged students to be vigilant and to report any suspicious activity to the campus police. He also said that the university is increasing security measures and that more police officers will be patrolling the campus.

Deep stressed the importance of community safety and urged students to work together to prevent future incidents. He said, "Our campus is our community, and it's up to all of us to make it a safe and secure place."
In Memoriam

"Nothing because the world's attention on the Catholic Church as so much as the death of John Paul II. The Pontiff's death will be remembered for the political as well as the personal changes he brought about. He was a symbol of hope and peace in a world that sorely needed it. His death will be felt for years to come." -Rev. Joseph P. McNamara, Catholic Center, BSC

Where's Mike?

To the Editor:

I refer to an incident that occurred on Monday, October 2, at 11:00 p.m. in the Hines Center. Mike was walking down the hall when he noticed that someone was following him. He turned around and saw a man wearing a black sweatshirt and red pants. Mike tried to get away, but the man caught up with him and began to drag him.

Mike was able to escape and run to the Police Department. The man was later identified as John Smith, a student at Bridgewater State College.

I hope that this information will be helpful to anyone trying to locate this person.

Sincerely,

Jane Doe

“Spares Parts” TV at BSC

Recently, I decided to watch the current season of a popular TV show on BSU and noticed a sudden shift in the episode. As the story progressed, I realized that the show was intended to show viewers the consequences of actions taken by the characters. The episode ended with a cliffhanger that left me wanting more.

Campus Police Serve to Maintain Freedoms

by B. Gregg

We seem to live in a culture that fully endorses personal freedom. Christians interpret personal freedom as that which permits an individual to do the things that are morally permissible. Freedom. This philosophy is epitomized by the proverbial "Golden Rule." Some may say that society that recognizes this inherent freedom from intervention by others will result in a great increase in respect for the rights of others. For this reason we have the enforsers. Because of this their responsibility of enforcing school health to the expedience of the students. An incident accured last police as enforcers. MSSA Helps YOU Save Money!

The Massachusetts State Student Association had its first meeting of the year at Salem State College last Sunday. The Association plans to seek funding from student governments at their member schools this year. Funding will be going towards publications and personnel to support the Association’s lobbying efforts in the upcoming year.

MSSA President Larry Mandell noted that the Association was instrumental in defeating a proposal to tax dorm students for their meals during the last session of the legislature. Mandell said “the result was a savings of between $40 and $60 per dorm student.”

MSSA leaders noted that if Question 1, a proposal to classify property to be taxed at different levels, is not passed, an uncontrolled tax revolt would be the ensuing result. President Mandell said; “we can expect a substantial cut in state spending.”

MSSA leaders noted that higher education is easiest to cut politically because the state puts out more unmatched dollars in higher education than in any other state. At UMass alone, students saved over $440,000 this year.” Mandell further noted that MSSA’s funding request of .15 per student was “peanuts when compared to the potential savings the Association could produce.”

The Association plans to play a major role in the special commission to study the Reorganization of Public Higher Education. The Commission has several bills the MSSA had been asked to discuss. According to Representative James Colf, “the Commission will be soliciting bills in a great variety of areas.”

On a related note, in an interview with The Comment, University President John Gordon expressed his support for the proposal to reorganize public higher education. He said, “I think it’s a good idea to look at the whole system and see how we can make it work better.”

These two people are just sitting and relaxing, enjoying the wonderful fall weather and the latest edition of THE COMMENT. It should have been you in this picture!!

We need you to join The Comment, so if you’re interested, come join us!

First there was Scot Newkirk, grinding out the last few yards up Park Place and towards the finish line at the Clement Library. Behind came Brian Buhler. Then Scott Degirolamo. Then Rich Agnew. The first four finishers were across the line in this third meet of the still young Bridgewater Cross Country season—and all four wore the Bear red and white.

The final count read Bridgewater 16, Mass Maritime 40—and in this sport where low score takes the trophy, the Bears had come up with a bonitide blow-out.

It wasn't just that Bridgewater copped five out of the first six places on the day—it was the manner in which they won this meet. Newkirk blazed a course record, Buhler pulled out his best time and Degirolamo and Agnew came home in less than 24:30.

For Scot Newkirk, who Coach Laverty calls "the leader on this team", it was a most satisfying run. Newkirk's jaunt through the wilds of Bridgewater produced a time of 22:54.3—and nobody, but nobody, has done it faster over the same course.

For Bridgewater, the win boosts their mark to 2-1, with victories over Framingham and Maritime. The lone loss came to a tough squad from SMU.

CROSS COUNTRY NOTES: Mary Creedon and Karen Fleming placed first and fourth respectively in the girls division of the SMU ... finished with his fastest time of the year to place 15th at the meet. Newkirk's finish was touted as "exceptional" considering the high caliber of competition at the Invitationals.

Special mention to the team's biggest fan, Mr. Newkirk, who never misses a meet.

Bridgewater plays at SMU on Thurs. Oct. 5 followed by a game at Northeastern on Sat. Oct. 7. Tickets are available at the door.

The SSC volleyball team had a busy weekend losing at home Fri. to a very fluent U. of Mass. team, 15-8, 15-12, 15-9, then travelled to Worcester Sat., for a seven-team Clark Univ. Invitational Tournament finishing third ahead of Brown, Smith, Eastern Nazarene, and Clark. The Bears are looking for a peak performance this weekend coming off from a very good start to the season. We wish the Bears good luck in their game against Providence College tomorrow. Good luck, Bears!!
